Visit www.LeonWorksJrApprentice.com for more information or to submit an application.

LEON COUNTY CLEAN WATER AND YOU WATER SCHOOL

Join us for Leon County's Clean Water and You Water School on **Friday, Oct. 26, from 8:30 a.m. to 4:30 p.m.** Throughout the day, citizens will learn about our local waterways and how to make small personal changes to protect local lakes, sinks and streams.

Leon County's Clean Water and You School features a variety of sessions ranging from Leon County's water quality report, tips for septic tank maintenance and upgrades, Florida Friendly Landscaping Principles and a guided tour of Pedrick Pond Park and Anita L. Davis Preserve at Lake Henrietta. Lunch will be provided.

When our waterways become polluted, it can endanger wildlife, make our drinking water unsafe, and threaten the waters where we swim and fish. Our water is precious, so it's important to keep it clean.

For more information and to register, visit: www.LeonCountyFL.gov/CleanWater

This cooperative project has been funded in part by the United States Environmental Protection Agency and has been developed to advise our community on water quality impacts to surface and groundwater due to nonpoint source pollution and septic tanks.
