Project Description

The Kinhega Drive Roundabout will allow drivers better access to both existing and future commercial development, while also alleviating traffic congestion. The Kinhega Drive Improvements represent the final segment of an interconnection improvement known as the Beech Ridge Trail Extension.

Throughout construction, Leon County Government will local businesses in the Kinhega Drive area because Leon County knows when construction starts, business doesn't stop.

Proposed Improvements

The roundabout includes;

- slip lanes
- landscaping
- stormwater treatment
- pedestrian connectivity
