## **Project Description**

The Woodside Heights subdivision will benefit from a partially state grant-funded septic-to-sewer conversion project. Leon County has been investing millions of dollars in the Primary Springs Protection Zone to help improve water quality by transitioning hundreds of septic tanks to central sewer.

## [Project Website](#)

## **Proposed Improvements**

- Construction of central sanitary sewer collection system;
- Construction of sanitary sewage lift station and associated force main;
- Connection of residences and businesses to collection system;
- Abandonment of septic tanks.
