

# Emergency Information Portal

When a disaster strikes, it is often difficult for people to know where to turn for the latest news and information. However, residents of Leon County now have the Emergency Information Portal, which can be found at [www.leoncountyfl.gov/ei](http://www.leoncountyfl.gov/ei), or by clicking on “Emergency Events” at the top of the County’s main website.

The portal offers a wide array of information about weather disasters and other emergency events and how to prepare for them, including useful tips on preparing and protecting citizens in the event natural or man-made disasters occur in Leon County.

On the left-hand navigation panel, there are links to resources for preparation, response and recovery information, such as the status of available shelters, sandbag locations, road closures, local office and school closings, health advisories and volunteer information.

Localized information such as rain gauges and how to create individual hurricane plans is also included. The portal is regularly updated with weather alerts, active events and other information valuable in an emergency.

For more information during a natural or man-made disaster, please contact Emergency Management directly at **(850) 488-5921**. For specific information on preparing for hurricane season and weather-related events, please visit [www.HaveAHurricanePlan.com](http://www.HaveAHurricanePlan.com)

## Did You Know

Citizens can register to receive emergency alerts on their mobile devices to stay informed of road closures, sandbag locations, evacuation routes and shelter openings by signing up at [www.leoncountyfl.gov/special/esubscribe](http://www.leoncountyfl.gov/special/esubscribe).

## Emergency Information Portal [www.leoncountyfl.gov/ei](http://www.leoncountyfl.gov/ei)
