RAINY WEATHER MEANS MORE MOSQUITOES

Drain & Cover!

Leon County and the Florida Department of Health in Leon County remind you to please drain and cover to help reduce mosquitoes.

With summer showers, we encourage you to take the necessary precautions to reduce the amount of contact with mosquitoes. The best way to prevent mosquito-borne diseases is to stop mosquitoes from living and multiplying around your home or business.

Protect yourself and your family with these easy steps:

- Drain standing water to stop mosquitoes from multiplying.
- Cover your skin with clothing and use EPA approved mosquito repellent.
- Cover doors and windows with screens to keep mosquitoes out.

If you have further questions or want an informational handout, visit: www.FloridaHealth.gov or call Leon County Mosquito Control at (850) 606-1400
