Leon County Recognizes Community Preparedness & Resilience in Face of Irma

Leon County Government, in coordination with the City of Tallahassee, Leon County Sheriff's Office, and many nonprofit partners throughout the community, would like to thank citizens and agencies for being prepared and resilient in the face of Hurricane Irma. An historic Atlantic storm that brought nearly eight hours of tropical-storm-force winds to Leon County and gusts of up to 54 miles per hour, Hurricane Irma made the community prepare, act, and recover. Leon County, along with many partners, distributed more than 100,000 sand bags, cleared many downed trees, and stayed in constant communication during the disaster while sheltering 3,000 evacuees and local residents with the American Red Cross.

Debris Removal Operations Continue

Following Irma's sustained high winds, debris removal crews are working to collect all storm-related debris from unincorporated Leon County. Crews will not stop until all debris is collected, and to assist residents with yard debris collection, the Solid Waste Management Facility and rural waste sites will remain free of charge through **Sunday, October 8.**

To view your collection zones and schedules, visit LeonCountyFL.gov/ei or call Leon County Solid Waste at (850) 606-1800. Online you can also find an informative debris separation and collection guide.
