LEON COUNTY, FLORIDA

REGULAR MEETING
AGENDA

Monday, September 15, 2025
3:00 p.m.

Judge Augustus D. Aikens, Jr. Courthouse, County Commission Chambers, Fifth Floor
301 South Monroe Street Tallahassee, FL 32301

COUNTY COMMISSIONERS

Brian Welch, Chairman
District 4

Christian Caban, Vice Chairman District 2	Carolyn D. Cummings At-Large I	Nick Maddox At-Large II
Rick Minor District 3	David T. O'Keefe District 5	Bill Proctor District 1

Vincent S. Long
County Administrator

Chasity H. O'Steen
County Attorney

The Leon County Commission typically holds regular meetings on the second Tuesday of each month and workshops are held on the fourth Tuesday of the month. Regularly scheduled meetings are held at 3:00 p.m. and workshops are held at 1:00 p.m. A tentative schedule of meetings and workshops is attached to this agenda as a "Public Notice." Commission meeting agendas and minutes are available on the County Home Page at: **www.leoncountyfl.gov**. The media and the public can access the meeting in real time on Comcast channel 16, the Leon County Florida channel on Roku, the County's Facebook page, YouTube channel, Twitter and web site.

Please be advised that if a person decides to appeal any decision made by the Board of County Commissioners with respect to any matter considered at this meeting or hearing, such person will need a record of these proceedings, and for this purpose, such person may need to ensure that verbatim record of the proceeding is made, which record includes the testimony and evidence upon which the appeal is to be based. The County does not provide or prepare such record (Section 286.0105, Florida Statutes).

In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons needing a special accommodation to participate in this proceeding should contact, on behalf of the Chairman, Mathieu Cavell at Judge Augustus D. Aikens, Jr. Courthouse, 301 South Monroe Street, Tallahassee, Florida 32301 or CMR@leoncountyfl.gov, by written request at least 48 hours prior to the proceeding. Telephone: (850) 606-5300, 1-800-955-8771 (TTY), 1-800-955-8770 (Voice), or 711 via Florida Relay Service. Accommodation Request Forms are available on the website **www.leoncountyfl.gov/ADA**.

Board of County Commissioners
Leon County, Florida
Agenda
Regular Public Meeting
Monday, September 15, 2025, 3:00 p.m.

Judge Augustus D. Aikens, Jr. Leon County Courthouse, Commission Chambers, 5th Floor
301 S. Monroe Street Tallahassee, Florida 32301

The media and the public can access the meeting in real time on Comcast channel 16, the Leon County Florida channel on Roku, the County's Facebook page, YouTube channel, Twitter and County web site.

Citizens wishing to provide input on any item(s) on the published agenda (or a non-agenda subject) for the meeting may share public comment by using one of the following options:

- In-person at the meeting; or
- Register to provide comments using communications media technology during the meeting through the registration form using the following link https://www2.leoncountyfl.gov/coadmin/agenda/

Citizens wishing to provide virtual comment must register by 8:00 p.m. on the day before the meeting to provide County staff sufficient time to provide instructions to citizens for comment during the meeting. Anyone needing assistance with registration may contact County Administration at 850-606-5300.

Please note that Board of County Commissioners Policy 01-05, Article IX., Section E., titled "Addressing the Commission", and Article IX., Section F., entitled "Decorum", shall remain in full force and effect.

Citizens to be Heard on CONSENT and Non-Agendaed Items

- None

CONSENT

- None

General Business

1. **Consideration of Rate Adjustments to the Five-Year Fire Rescue Assessments and Fees**
   (County Administrator / Office of Management & Budget)

   County Administrator Long introduced this item that sought Board consideration of rate adjustments to the five-year fire rescue assessments and fees to provide sufficient funding, based on expenditure increases identified by the City of Tallahassee (the "City") and reviewed by a professional third-party consultant, for fire rescue services in the unincorporated area of Leon County for the remainder of the five-year study period (FY 2028). He provided a brief presentation of this special meeting. He mentioned the June 17, 2025, Budget Workshop would provide a more complete fiscal overview as the Legislative Session should have concluded by that time. He began by listing the Federal outlook that has an impact on the County budget. He discussed the Legislative session and the impacts on Leon County, such as unfunded mandates. He mentioned Leon County is one of the most reliant counties on Property Taxes. He provided a brief overview of the fire assessment fees. He noted that the City has required that they raise the fire services fee to cover increased costs. He detailed the purposes of the funding method and the purpose of such fees. He mentioned the fee rates are for 5 years, expiring in 2028. He stated the fee rates were determined by the City's estimated expenditures for a 5-year period and the current fee levels are not enough to cover the remaining 3 years based on their identified additional costs. He stated the fee would need to increase by 22% for all properties for the remaining 3 years to meet demand and increased costs. He stated that if the Board doesn't approve the increase, there are mechanisms available to come to a resolution. He provided the following options:

1. *Direct the County Administrator to prepare an updated Rate Resolution to adopt the fire rescue assessments and fire rescue services fees at the July 8, 2025 meeting, based on all of the expenditure increases identified by the City and the assessable rates provided in the consultant study.*
2. *As required by Section 197.3632(4)(a) and (b), Florida Statutes, authorize mailing of first-class notices to property owners regarding proposed changes to the fire rescue assessments and authorize scheduling a Public Hearing on July 8, 2025, to impose the updated assessments and to place the assessments on the tax bill if applicable.*
3. *Direct the County Administrator to amend the Fire Rescue Services Interlocal Agreement with the City of Tallahassee to reflect the fire rescue assessments and fire rescue services fees approved by the Board and authorize the Chairman to execute the updated agreement, subject to legal review by the County Attorney.*

Or

4. *Direct the County Administrator, in consultation with the County Attorney, to initiate the formal conflict resolution process to address inflationary cost increases for expenditures contemplated in the 2023 Fire Assessment Study and other new costs identified by the City that were not included in the five-year study as follows:*
    - *The County agrees to the City's use of Fire Services Reserve Funds to support increased personnel costs resulting from the latest collective bargaining agreement, at the current staffing levels.*
    - *The County does not agree to additional personnel cost increases due to any future labor renegotiations within the current five-year study period.*
    - *The County disputes the new expenditures associated with enhancing TFD's ISO rating, which were not contemplated in the five-year study.*
    - *The County disputes the 2023 debt refinancing payments, which were not contemplated in the five-year study.*
    - *The County requests the City to explore all options to reduce the increased costs of construction and staffing for Fire Station #17 and Fire Station #15, which are both contemplated in the five-year study period.*
5. *Board direction.*

Public Speakers:

- John Gibby, 4887 Gum Road, Tallahassee, FL 32304. Discussed that pollution has been found at Fire Station #4 on Appleyard. He provided them with a letter from DEP regarding pollution.
- Chief Brian Caroll, Miccosukee Volunteer Fire Rescue, 13800 Moccasin Gap Road, Tallahassee, FL 32309. Stated his biggest concern was County ISO. He inquired how this fee increase will improve effectiveness and if they will reduce the county score, which is currently a 3x.

Commissioner Maddox moved, seconded by Commissioner Minor, to waive the rules in order to have discussions prior to making a motion.

The motion carried 7-0.

- Commissioner Maddox shared he would like to offer a compromise motion to see if they can work out the differences with the City prior to initiating a formal conflict resolution process. He believed that they would avoid unnecessary additional conflict and anguish, not only with their colleagues in the City, but in the community. He stated that he believed the Board is unanimous in the position not to raise fees on residents in the middle of the five-year fee. He reiterated that what has been heard today from staff, every five years, the City, County, and an outside consultant engage in a highly thorough process to develop a five-year fee to cover the City's anticipated costs for the next five years and based on this process, the County Commission adopted the rate that they currently have. He noted that none of the fees are retained by the County and that it all goes to the City.

  Commissioner Maddox moved, seconded by Commissioner Minor, to approve Options #1, #2, and #3 <u>as amended</u>: to impose and collect the fire services assessment rate increase based on the additional costs identified by the City, excluding all costs related to ISO ratings and that there will be no more increases in the remaining 3 years of the current five-year term. This motion also authorizes the use of the fire services reserves fund to pay for increased costs in FY 2025.

- Commissioner Proctor stated that what brings them here is option #4. He suggested not acquiescing to the City. He inquired about the fire service fee imposed in the unincorporated area.
  - Roshaunda Bradley, Director of the Office of Management and Budget (OMB), stated roughly $11.5 million in the unincorporated area.
  - Commissioner Proctor asked the amount that the City is transferring from its total collection of fire services to its general fund.
  - Mrs. Bradley stated about $11 million.

- Commissioner Proctor stated that money is being taken from people living in the unincorporated areas and goes to the City's general fund.

- Mrs. Bradley stated that approximately $450,000 goes to the Volunteer Fire Department.

- Commissioner Proctor remarked that the volunteer firefighters get only roughly $450,000 out of the $11 million. He noted Station 17 has been all talk and no walk for about 9 years. He stated he will not support anything because there is still no fire station on the Southside. He stated the fee should be tied in part to the services needed. He stated they need a better overview of the $11 million. He stated it is their responsibility to save people's money. He shared that he is disappointed with the consultant's report.

  Commission Proctor moved, seconded by Vice-Chairman Caban, for a substitute motion for approval of Option #4.

- Commissioner Minor inquired how the $8.5 million would improve the Counties' ISO ratings.

- County Administrator Long stated they're using an estimate of what they believe it would take in terms of improved personnel and equipment to get them from a three to a two; the $8.5 million represents an estimate.

- Ken Morris, Assistant County Administrator, stated they didn't have any data from the City or the County on that issue.

- Commissioner Minor stated there is a partnership with the City to better the community and save money for residents in the unincorporated area. He noted that some unexpected increases are understandable, but some were not required for the operation of the Fire Department during the five-year period. He mentioned the City increased the ISO rating investment and decided to spend $8.5 million. He mentioned the ISO request for $8.5 million was initiated after the five-year agreement was made and adopted by both the City and the County, and now they're asking them to pay for it. He stated he does not know if the benefit is going to help unincorporated residents and that there's no guarantee of getting an ISO rating of 2. He stated that he supports the original motion on the table. He remarked that they need to stand up for the unincorporated residents of Leon County.

- Chairman Welch sought clarification on the current motion on the table.

- Commissioner Maddox stated they want to remove the ISO rating investment of $8.5 million, and if the City does not agree to their terms they send over, they will go to dispute resolution.

- Commissioner Cummings asked for the annual amount if they removed the ISO rating investment part.

- Mrs. Bradley stated that for zone 2, it will be $38.

- Commissioner Cummings asked County Attorney O'Steen if they chose to go with the conflict resolution route, what would be the course of action.

- County Attorney O'Steen stated this is a contractual dispute resolution process because they are both parties to the agreement, and they have a dispute. The City wants to increase the rates by a certain amount, if the County Commission does not agree, then no increase can occur. The increase cannot be unilateral. Both parties must agree. So that would initiate the dispute resolution process, which includes, but is not necessarily limited to, mediation. It's staff level, then County Administrator and City Manager level, then mediation. And if you reach an impasse in mediation, it goes to binding arbitration.

- Commissioner Cummings asked for the standard of proof from the County's standpoint so that the arbitrator and mediator can decide.

- County Attorney O'Steen stated there's no breach at this point, there's just a disagreement about what is the appropriate amount, if any, to increase the rates, that would be the scope of any negotiations and non-binding mediation to try to get the parties to agree. If that doesn't happen, the City lays out its case for the arbitrator, the County lays out its case for the arbitrator, and the arbitrator issues a determination and an award.

- Commissioner Cummings asked again for the standard of proof because it looks like all the cards would be on the table for the City going into arbitration, and the County will be the losing party.

- County Attorney O'Steen stated these are policy determinations, the consultant only determines what's assessable, she doesn't make determinations about policy, whether it's appropriate that they did this mid-cycle, whether it's necessary for the operation of the fire stations or anything like that. All the consultant does is plug in the numbers given to her by the City and come up with a rate. That's according to the methodology; that's all that the report does. So, they would be arguing, as staff have articulated here, and it is in the agenda items that these were, in part, not anticipated, and they're not appropriate for a mid-cycle rate change. That's what they would argue and put before the arbitrator. Will they prevail over that? There's no guarantee, but that's what they are looking at.

- Commissioner Cummings stated she is just evaluating the strengths and weaknesses of the County's position.

- Commissioner O'Keefe inquired if initiating the dispute resolution process would prevent them from continuing to cooperate and trying to negotiate with the City or is it just a structure and timeline to resolve the disagreements.

- County Attorney O'Steen stated that the process is all about negotiating and trying to reach a mutually acceptable resolution.

- County Administrator Long added that, if they trigger the conflict resolution process today, which has a very specific timeline and steps in the process, then they will follow at that point.

- Commissioner O'Keefe asked if they do not enter the process and try to negotiate outside of it, is there a time limit?

- County Attorney O'Steen replied no, but they have the issue of using the uniform method of collecting assessments, so they are required to have a public hearing no later than September 15th to adopt a rate to put on everyone's tax bill for the upcoming fiscal year.

- Commissioner O'Keefe asked if that is a legal obligation on their part.

- County Attorney O'Steen stated no.

- Commissioner O'Keefe shared his concern about not starting the agreed-upon process that they signed on to in the agreement. He asked if Commissioner Maddox's motion was to go, where they advised to work with the City, but don't trigger the dispute resolution process now, and if negotiation fails, would they already have the approval to go to dispute resolution, or would they have to come back for a vote?

- County Attorney O'Steen stated it's her understanding that they would present the proposal to the City for them to consider at the June meeting. If they agree to that, then they would codify that in an amendment to the existing agreement, but if they do not agree to that in all substantive respects, it would trigger the dispute resolution process.

- Commissioner O'Keefe asked if they entered the dispute today, could they still accept what they are proposing at their meeting.

- County Attorney O'Steen stated yes, it would come back to the Board for consideration, and if it was timely at the June meeting.

- County Administrator Long added that it wouldn't be formally presented to them for their consideration because they will be engaged in the process.

- Commissioner O'Keefe asked if they were to vote to send notices of an increase today, would they actually be adopting the increase.

- County Attorney O'Steen stated no, the Board must hold a public hearing and would have to include the proposed amount to charge, and they could not exceed that amount at the public hearing. They can always lower the amount, but it can't be increased over what's put in the notice.

- Commissioner O'Keefe asked what made the costs unforeseeable two years ago.

- County Administrator Long stated they acknowledge that the City had not completed their collective bargaining agreement during the development of the five-year phase. Other things that were not known would include the construction costs, at the time they utilized an estimate from 2023, and the City has identified increased cost estimates based on construction documents with respect to Station 17, which they now have, and they do not have on 15 yet; that's still an unknown number. He also mentioned new costs were not contemplated in the agreement, which include the ISO and the debt refinancing. They were not known to the County or to the consultant in the development of the current five-year fee.

- Commissioner O'Keefe asked if construction costs have doubled.

- Mr. Morris stated that the 2023 estimate was what the City previously had. However, they didn't have the final construction documents, so they had a $17 million estimate for Fire Station 17. Now that they have the construction documents finalized, they're about to update it, and the cost estimate has doubled for that station.

- Commissioner O'Keefe asked if they had any input on the bid.

- Mr. Morris stated they discussed opportunities for delays, but the City is ready to move forward, at least with Fire Station 17. Fire Station 15 appears to be about a year away, if not more.

- Commissioner O'Keefe inquired what would prevent this from happening again.

- County Attorney O'Steen stated that under the original motion, it would be codified in the agreement. They could come back and ask, no matter what they put into an agreement, there is no guarantee that they will not come back again.

- Commissioner O'Keefe inquired if they could include a letter or wording to citizens as to why there may be a potential fee increase.

- County Attorney O'Steen stated yes, they can include it in the first-class notices to provide context for why there is a potential proposed rate increase.

- Commissioner O'Keefe shared his discontent with the five-year agreement. He stated they shouldn't absorb new costs without clear input or control. He mentioned that he understands the desire to avoid unnecessary conflict and supports working fully with the City, but did not want to give up a process of mediation and arbitration, as is outlined in the agreement. He stated he supports Commissioner Proctor's substitute amendment and inquired about adding a friendly amendment to notify County residents of the proposed increase, explaining that it is due to a request from the City.

- Commissioner Proctor rejected Commissioner O'Keefe's friendly amendment. He stated they should not notify County residents about a tax increase that the City is forcing them to do. He stated that he would go to arbitration, then send a letter to the public, noting that they got punished for standing up for County residents. He asked County Attorney O'Steen for clarification on arbitration.

- County Attorney O'Steen stated that if they concede that the cost associated with the renegotiated or new union agreements is permissible, the reserve fund doesn't get them through the entire five-year period, it will get them through this year, because they already have a deficit for those costs. It will get them through FY 2026. They would still have to have an increase in the rates in the years 2027 and 2028 just to cover that portion of the cost.

- Commissioner Proctor stated they should not trigger County citizens with a letter of increase. He inquired why the consultant is not bonded or insured, and why it has to fall on the County. He stated they should have more pride and dignity.

- Commissioner O'Keefe clarified to Commissioner Proctor that Option #4 states that they accept and fund the increase in personnel costs, but it does not say they are not approving any increase in costs. He shared he is uncomfortable getting behind and not giving themselves the opportunity to do a minimum of protection for a smaller modified amount of fee increase. He asked for the deadline to send a notice for a fee increase.

- County Attorney O'Steen stated they will have to hold a public hearing by September 15th; the notices will have to go out at least 20 days before that.

- Commissioner O'Keefe asked for the possibility of a resolution through the process in time to know what increase would be needed for August 15th.

- County Attorney O'Steen stated they could try to accelerate it and get through mediation prior to August 22nd, which is the last drop-dead date they could send that 20-day mailed notice before they would have to hold a public hearing on the very last day, which is September 15th.

- Commissioner Maddox asked why they are talking about sending out notices now.

- County Attorney O'Steen stated that if they are going to move to increase the rate for FY 2026 above what is currently being charged, they will have to provide the first-class mail notice to everybody.

- Mrs. Bradley stated that Options #1 through #3 accept all of the costs, excluding ISO, which means they are accepting the costs also for fire stations 17 and 15. The reserves are not sufficient to cover those increases; they would still have to increase the rates.

- County Administrator Long stated the cost, excluding the ISO, would take the increase down approximately $10 a month, which would be the minimum they would do because there are other components like exploring additional alternatives on construction, which could drive that cost lower. He clarified Option #4; the interlocal agreement requires the aggrieved party, which is the County, to put forward a good-faith resolution to the issue. Part of the good-faith resolution in 4A through B would be to accept certain things and dispute certain things even though they increase.

- Vice-Chairman Caban shared his discontent with the current situation. He stated this is essentially a tax increase for the residents in the unincorporated areas who cannot vote for City elected officials. He inquired who would own the new fire stations that are being built.

- Mr. Morris stated the City of Tallahassee.

- Vice-Chairman Caban inquired about taking the two proposed fire stations and paying for them through the BluePrint Intergovernmental Agency. He asked for the breakdown of the fire stations.

- Mrs. Bradley stated that according to the City's latest documents, there's an additional $17 million for fire station number 17, which is bringing the total to $34 million to fully construct. For fire station number 15, they don't believe those costs are final yet. Right now, there's a $10 million estimate for that expansion. The total cost of that amount will be $44 million.

- Vice-Chairman Caban mentioned they should not be increasing the fire services fee while they have a billion dollars in BluePrint money.

- Commissioner Proctor inquired if they could add to the list of voted upon projects to include fire stations.

- County Attorney O'Steen stated she cannot give any advice about BluePrint because the IA Board has Susan Dawson as their attorney, and because she does not have the answer to that.

- Commissioner Maddox stated this is not a good idea because there is no guarantee that when it gets to BluePrint, they will have the outcome they want.

- County Administrator Long clarified that any amendment to the interlocal agreement would have to be approved by both the City and the County.

- Vice-Chairman Caban stated this would be in line with other BluePrint projects and would at least be worth the conversation.

- Chairman Welch stated he agrees with everyone about this situation being frustrating and wants everyone to understand that they don't run the City of Tallahassee Fire Department. They do not set their priorities or their budget. He added that the County Commission simply passes the fee for service along to residents in the unincorporated area and does not have control over what they charge or how they want to charge it. He acknowledged Commissioner Proctor's comment about having a duty to protect their constituents and fight for them. He asked for clarification on Commissioner Maddox's motion.

- County Attorney O'Steen explained that Commissioner Maddox's motion is different because the Board will agree to increase all costs except for the ISO. Option #4 is only agreeing to use the fire service's reserve funds to support the increased personnel based on the latest collective bargaining agreement. Under his motion, they would not dispute the 2023 debt refinancing payments, and they would agree to the increased cost of construction and staffing of Fire Station 17 and Fire Station 15.

- County Administrator Long stated that there would be no additional increases within the existing term, including a potential renegotiation of labor in 2027, and it is important to note that, even with Commissioner Maddox's motion, the City may very well not agree, and they may end up going to a conflict resolution process.

- Chairman Welch stated that Commissioner Maddox's idea is valiant, and he is inclined to support his motion, even though the City might reject it. He also acknowledged Vice-Chairman Caban's idea, but that is something that should have been considered in the past when the City was projecting these costs. He stated the timing for moving the costs to BluePrint is not appropriate at this time. He reiterated that he is frustrated with this situation and wants people to know that this is the City's Fire Department they are running, and they are asking the Board to pass this fee to their constituents.

- Commissioner Cummings suggested that they raise this issue at their next BluePrint meeting. She inquired about citizens in the unincorporated areas and the costs they would bear.

- County Administrator Long stated in Option #4, which would lead to the initiation of the conflict resolution process, that they would agree to use the fire reserve to support the increased costs from the latest collective bargaining agreement at the current staffing level, and they do not agree to any additional labor renegotiation during this period. If they are successful, they would avoid $8.5 million over the next three years. Under that scenario, they would dispute the debt refinancing, and then they would request the consideration to reduce the cost associated with the fire stations. It would depend on how this is arbitrated to determine what cost savings would be, they would have to make assumptions based on which of these would be successful. He believes Commissioner Maddox's motion is definitive.

- Commissioner Cummings inquired about the additional proposed FTEs for the new fire station.

- Mr. Morris stated under Option #4, they would seek to look for a delay in the staffing and the construction of those fire stations, which has been done in the past with Fire Station 16.

- Commissioner Maddox asked the consultant how she came up with the estimate and the methodology she used.

- The consultant stated it was based on what the City predicted the numbers to look like. She used what the City provided to her, and she did not determine if they are reasonable or not. Regarding the methodology, she stated they didn't use the entire fire department budget; they only used the assessable portion. She took their budget to determine what is assessable and then what portion gets funded by the government, what portion gets funded by zone one and zone two, then broke down the rates within zone one and zone two to each category, residential, and then with the tiers and the non-residential.

- Commissioner Maddox inquired about the construction piece on Option #4.

- Mr. Morris stated their efforts will be to delay under 4E.

- Commissioner Maddox stated there will be some kind of increase regardless of whether it is going to arbitration or not. He inquired when the City is scheduled to go back and negotiate with the Firefighters Association, and the end of the five-year period.

- County Administrator Long stated negotiations are scheduled for the year 2027, and the five-year agreement ends in the year 2028.

- Commissioner Maddox stated he wanted everyone to think logically and send something reasonable back to the City. He commented that by waiting on Stations 15 and 17 for a few years, the odds are that the costs will increase even more. He stated he will vote against the substitute motion and support his original motion. He asked County Attorney O'Steen for clarification about lowering the amount but not exceeding the proposed amount.

- County Attorney O'Steen explained that if they go through the entire dispute resolution process, and they will end up with an arbitration award that exceeds the amount the Board approved in the public hearing, the County would have to tack the additional amount on next year and go back and assess it after the fact to collect the balance.

- Commissioner Maddox asked how they would be affected when talking about construction.

- County Attorney O'Steen stated that staff would have to run the numbers with the consultant to back out those costs associated with just the construction and come back with a revised rate number.

- Commissioner Maddox asked County Attorney O'Steen to describe the difference between a fee and a tax.

- County Attorney O'Steen replied that for non-governmental entities this is an assessment, there is a special test that they can only charge a property commensurate with the benefit received by that particular property, which is why there are different categories. A tax is entirely different legally.

- Commissioner Maddox stated his desire is to negotiate with the City before going to mediation. If they go to mediation and arbitration, everything is in the arbitrator's hands, and it's uncertain what that arbitrator may come back with.

- Commissioner Minor asked if they would send out another notice for FY 2027 letting citizens know about increased fees if Commissioner Maddox's motion prevailed.

- The consultant stated that because it is too expensive to send out letters every year, she suggested adding in the letter that they anticipate having a certain amount of increased fees, and in future years, they can go up to another rate without further notice, then they would be back on track, only noticing newly affected properties.

- Commissioner Minor confirmed that only one first-class notice will be sent out projecting for the next three years. He stated he supports Commissioner Maddox's motion. He

believed it is the wise thing to do, and they should always try to compromise before they start getting into conflict resolution. He believed the City would accept the motion because it is better than going into conflict resolution.

- Vice-Chairman Caban stated he is not concerned about being collegial when it comes to forcefully imposing fees on their residents. He suggested including the friendly amendment to the City, voting in June, calling for a special meeting, and concluding it by July 1st. He withdrew his second from Commissioner Proctor's substitute motion. He stated he will vote no on the original motion because he cannot vote on a fee without exhausting all options.

  Commissioner Proctor's motion died for lack of a second.

- Commissioner Proctor stated the City has been hostile towards the fire department. He commented that the fire department endorsed the wrong candidate for mayor because he does not care about them. He noted that he cannot support Commissioner Maddox's motion because he's looking out for citizens' pockets. He inquired about why they can't add language to increase pay for firefighters.

- County Administrator Long stated he will advise the board immediately upon the City's action on June 11th.

  Commissioner Maddox moved, seconded by Commissioner Minor, for approval of Options #1, #2, and #3, as amended:

  Option #1: Direct the County Administrator to prepare an updated Rate Resolution to adopt the fire rescue assessments and fire rescue services fees at the July 8, 2025 meeting, based on all of the expenditure increases identified by the City and the assessable rates provided in the consultant study.

  Option #2: As required by Section 197.3632(4)(a) and (b), Florida Statutes, authorize mailing of first-class notices to property owners regarding proposed changes to the fire rescue assessments and authorize scheduling a Public Hearing on July 8, 2025, to impose the updated assessments and to place the assessments on the tax bill if applicable.

  Option #3: Direct the County Administrator to amend the Fire Rescue Services Interlocal Agreement with the City of Tallahassee to reflect the fire rescue assessments and fire rescue services fees approved by the Board, including language explicitly restricting any additional increases to the fire services assessment and fees within the current five-year study period, and authorize the Chairman to execute the updated agreement, subject to legal review by the County Attorney.

  The motion carried 4-3 (Commissioner Proctor, Commissioner O'Keefe, and Vice-Chairman Caban opposed).

2. **Consideration of Solid Waste Assessment Rate Study**
   (County Administrator / Office of Management & Budget)

   County Administrator Long induced this item. He stated that consistent with the County's fiscal policies and multiyear fiscal planning to reduce and eliminate general revenue subsidies for County enterprise programs, this item sought Board acceptance of the Solid Waste Assessment Rate Study Report and approval to implement a phased increase of the solid waste assessment over the next five years in unincorporated Leon County to support solid waste disposal services. Additionally, this item sought Board approval of the updated

Solid Waste Tipping Fee Resolution to establish tipping fee disposal rates at Solid Waste facilities for Fiscal Year (FY) 2026.

Public Speakers:

- John Gibby, 4887 Gum Road, Tallahassee, FL 32304, commented on the lack of time afforded to the public to allow for meaningful discussion on this rate study. He inquired if decisions are being made out of the public eye. He added that before raising the rates in Leon County, the Board should consider whether the public has the overall view.

Commissioner Minor moved, seconded by Chairman Welch, for approval of Option #5: Approve the updated Transfer Station Tipping Fee resolution, subject to legal review by the County Attorney; and

Option #6: Maintain the general revenue subsidy to the solid waste enterprise fund.

- Commissioner Minor stated that the State legislature could have a huge impact on local government revenues this year or next, which is why it is clever to take this measure so they will have more room to be able to fund essential services. He inquired how severe the implications would be if they passed option #6.
    - County Administrative Long stated the Board must consider that every decision they make on the budget has an impact on the available options.

- Commissioner Minor stated he wanted to show residents in the unincorporated areas that they have their backs and that they are doing everything they can to make it easier for them.

- Commissioner O'Keefe remarked that he believed this is the right thing to do considering what they voted on in the previous agenda item. He believed that this is not the year to impose additional fees.

- Commissioner Cummings stated they are all sensitive to raising fees and that she supports the motion not to raise fees this year. She praised staff for their report and how sensitive they were towards unincorporated residents.

- Commissioner Proctor remarked that it feels like they didn't support residents when they bowed down to the City and agreed to their fees. He inquired how long this agreement has been in place.
    - County Administrator Long replied since 1994.

- Commissioner Proctor sought clarification on whether they had workshops on Gum Road.
    - County Administrator Long stated that a lot of things have happened over the last 30 years, including the closure of the landfill, except for the amount of the fee increasing.
- Commissioner Proctor stated that they have denied themselves for 31 years, and for all those years, they have tried to offset the difference. He noted they are not allowing the City to feel any discomfort, but when the County is suffering, they suffer alone.

- Commissioner Maddox noted that Leon County is the lowest of 10 counties in terms of fees. He stated they are approximately $100 or less than what they should be recommending.

Commissioner Maddox moved, seconded by Commissioner Cummings, for a substitute motion for staff recommendation Options #3, #4, and #5.

Option #3: Direct staff to prepare an updated Rate Resolution to adopt the Solid Waste non-ad valorem assessment, as presented in Scenario #3, at the July 8, 2025 Public Hearing;

Option #4: Accept the Solid Waste Assessment Rate Study Report (Attachment #1) and, as required by Section 197.3632(4)(a) and (b), Florida Statutes, authorize the mailing of first-class notices to property owners regarding proposed changes to the Solid Waste non-ad valorem assessment and authorize scheduling a Public Hearing on July 8, 2025, to impose the updated assessment; and

Option #5: Approve the updated Transfer Station Tipping Fee Resolution (Attachment #2), subject to legal review by the County Attorney.

- Commissioner Proctor stated they have balanced their budget for many years, knowing they are running a deficit in the area. He shared that it's difficult to support someone else and not support themselves. He mentioned he is willing to support Commissioner Maddox's motion.

- Vice-Chairman Caban shared his frustration with this meeting and having to vote to increase the cost of living for residents in Leon County. He stated he did not support the substitute motion.

- Chairman Welch commented that Commissioner Minor and Commissioner Maddox are both right. He mentioned that this will need to be addressed at some point. He commented that this will be the first increase in 31 years, and that is something to be proud of. He commented that the fire services fee has put them in a tough spot and that they should hold until next year.

- Commissioner Maddox withdrew his motion. He stated that someday they will have to deal with this issue, and it will happen soon.

- Commissioner Minor praised all the points of his colleagues, and he agrees that this is not the best financial management practice. He commented that they have been paying the subsidy since the early 2000s. He agreed that they will need to deal with the issue someday, but not this year, until they find out how much the fire service increase will be.

- Commissioner Proctor asked for the cost of giving a 5% increase to County employees.

- Mrs. Bradley stated last year's increase was 5%, which is approximately $2.5 million. She confirmed to Commissioner Proctor that they are paying $3.8 million for the subsidy.

- Commissioner Proctor asked for a 5% increase for their employees.

- County Administrator Long stated that the amount will be considered for the Board's balancing at the June 17th Workshop meeting.

The original motion carried 7-0.

Commissioner O'Keefe moved, seconded by Commissioner Minor, to approve a proclamation recognizing June 2025 as Pride Month.

The motion carried 7-0.

Commissioner Proctor moved, seconded by Commissioner Cummings, for an agenda item to create a citizen councils board in each district.

The motion carried 7-0.

Vice-Chair Caban moved, seconded by Commissioner O'Keefe, to adjourn the meeting.

The motion carried 7-0.

RECEIPT AND FILE

- None

ADJOURN

There being no further business to come before the Board, the meeting was adjourned at 6:10 p.m.

DRAFT

BOARD OF COUNTY COMMISSIONERS
LEON COUNTY, FLORIDA
REGULAR MEETING
June 10, 2025

The Board of County Commissioners of Leon County, Florida, met in regular session at 3:00 p.m. with Chairman Brian Welch presiding. Present were Vice-Chairman Christian Caban and Commissioners David T. O'Keefe, Nick Maddox, Carolyn Cummings, Bill Proctor, and Rick Minor. Also present were County Administrator Vincent S. Long, County Attorney Chasity H. O'Steen, and Clerk's to the Board Beryl H. Wood and Daniel J. Antonaccio.

Chairman Welch called the meeting to order at 3:00 p.m.

INVOCATION AND PLEDGE OF ALLEGIANCE

The Invocation was provided by Zach Meredith from City Church.

The Pledge of Allegiance was provided by Chairman Brian Welch.

AWARDS AND PRESENTATIONS

- Proclamation Recognizing June 2025 as Pride Month
  - Commissioner O'Keefe presented a proclamation in honor of June 2025 as Pride Month.
  - Lauren Kelly-Manders, Grants Manager for Equality Florida, introduced the dedicated team advocating for LGBTQ rights in Florida and expressed her gratitude to the Commissioners and the Tallahassee/Leon County community for their ongoing support.
  - Commissioner Minor acknowledged that Leon County has a long history of supporting the LGBTQ community and reaffirmed support in continuing that tradition.

- ADDED – Chairman Proclamation Recognizing Big Bend Cares 40th Anniversary
  - Chairman Welch presented a proclamation for Big Bend Cares 40th Anniversary.
  - Rob Renzi, CEO of Big Bend Cares, shared that it has been his honor to serve as CEO for the past 20 years. He praised the staff, emphasizing that none of the success would have been possible without their dedication and support.
  - Commissioner O'Keefe expressed his appreciation to Mr. Renzi, and the entire staff for their impactful work, and fondly reflected on his first interaction with the Big Bend Cares team.

- Proclamation Recognizing Attorney Sean Pittman and the Success of his Book titled "Disaffected"
  - Commissioner Maddox presented the proclamation to Attorney Sean Pittman and congratulated him on the success of his book.
  - Attorney Sean Pittman expressed his gratitude to the Board for honoring him with the proclamation. He shared that his daughters were the inspiration behind writing his book, and he acknowledged his wife for her unwavering support throughout the process. He highlighted key themes from *Disaffected*, emphasizing the importance of understanding why many people choose not to vote. He stressed that truly listening to

these perspectives is essential for meaningful civic engagement. In closing, he encouraged everyone to pick up a copy of his book, *Disaffected*.

- Commissioner Minor expressed his enthusiasm about reading *Disaffected* and congratulated Attorney Pittman on the success of his book.
- Commissioner Cummings congratulated Attorney Pittman on the success of his book and took a moment to acknowledge his family. She thanked him for his willingness to speak out on important civic issues and for contributing to meaningful public discourse.
- Commissioner Proctor extended his congratulations to the Pittman family, recognizing the achievement as a true joint effort and a testament to their shared dedication and support.
- Vice-Chairman Caban reflected on his past collaborations with Attorney Pittman, expressing gratitude for his dedication and hard work. He described Pittman as a true inspiration and commended his continued commitment to making a difference.
- Chairman Welch echoed the sentiments shared by his colleagues and spoke to the important themes presented in Attorney Pittman's book. As a high school teacher, he noted the deep importance of civic engagement. He thanked Attorney Pittman for his dedication to this critical work and offered his heartfelt congratulations on the success of his book.

CITIZENS TO BE HEARD ON CONSENT AND NON-AGENDAED ITEMS

Public Comment:

- John Gibby, 4887 Gum Rd, spoke on Agenda Item #5 (Removed), shared that he owns property within the Lake Munson watershed, adjacent to the Capital Circle maintenance area and across from the County's solid waste transfer station. He expressed concern that parts of this area have been neglected for years, and that litter from the County's solid waste facility is polluting both his property and Munson Slough. He urged the Board to ensure these issues are addressed before moving forward with reauthorizing the agreement with the City.

CONSENT

Commissioner Minor moved, seconded by Commissioner Cummings, to approve the Consent Agenda, except for Item #5, which was removed, and Item #11, which was pulled for discussion.

The motion carried 7-0.

1. Minutes: April 8, 2025, Regular Meeting

The Board approved Option #1: Approve the minutes of the April 8, 2025, Regular Meeting.

2. Payment of Bills and Vouchers

The Board approved Option #1: Approve the payment of bills and vouchers submitted for June 10, 2025, and the pre-approval of payment of bills and vouchers for the period of June 11, 2025, through July 7, 2025.

3. Public Safety Coordinating Council Fiscal Year 2025 Funding Recommendation

The Board approved Option #1: Approve the Public Safety Coordinating Council's recommendation to utilize the FY 2025 Diversionary Program funds for the Reentry Housing Assistance Program in the amount of $100,000.

Option #2: Approve entering a First Amended Agreement with the Leon County Sheriff's Office and authorize the County Administrator to execute all associated documents, and any amendments thereto, subject to legal review by the County Attorney.

4. Community Development Block Grant for Housing Rehabilitation Activities

The Board approved Option #1: Accept the Florida Department of Commerce's Small Cities Community Development Block Grant in the amount of $750,000 and authorize the County Administrator to execute all documents associated with receiving the grant, including any amendments thereto, subject to legal review by the County Attorney.

Option #2: Approve the Resolution and Budget Amendment realizing the FFY 2023 Small Cities Community Development Block Grant funding in the amount of $750,000 for housing rehabilitation activities.

Option #3: Adopt the Resolution to approve the proposed revisions to the Leon County Community Development Block Grant Housing Assistance Plan.

Option #4: Adopt the new proposed Enabling Resolution for the Community Development Block Grant Citizens Advisory Task Force.

5. REMOVED - Interlocal Agreement for the Maintenance of Landscaping on Portions of Capital Circle Southwest and Capital Circle Southeast

The Board approved Option #1: Approve the Interlocal Agreement with the City of Tallahassee for the maintenance of landscaping on portions of Capital Circle Southwest and Capital Circle Southeast, and authorize the County Administrator to execute the Agreement, subject to legal review by the County Attorney.

6. Ratification of Two Hazard Mitigation Grant Program Applications for the Public Works Administration Building Hardening Project and the Veterans Memorial Bridge Replacement Project

The Board approved Option #1: Ratify the submission of two Florida Division of Emergency Management Hazard Mitigation Grant Program applications for the May 10th Tornadoes, $1.5 million for Public Works Administration Hardening and $3.825 million for the Veterans Memorial Bridge Replacement Projects.

7. Approval of the 2025 Update to the Local Mitigation Strategy and Approval of Amended Bylaws

The Board approved Option #1: Adopt by Resolution the 2025 Update to the Tallahassee-Leon County Local Mitigation Strategy and approve the amended LMS Steering Committee bylaws.

8. Authorization to Submit a U.S. Department of Transportation Safe Streets and Roads for All Grant Application for North Monroe Street Safety Improvements

The Board approved Option #1: Authorize the submission of an application for the U.S. Department of Transportation Safe Streets and Roads for All grant for design and construction of North Monroe Street Safety Improvements.

Procurements:

9. Authorization to Replace the Public Safety Complex Data Center In-Row Cooling Units

The Board approved Option #1: Authorize the execution of a purchase order to Critical Components of Atlanta, Inc. in the amount of $316,091, for replacement of the in-row cooling units of the PSC data center and authorize the County Administrator to execute any subsequent agreements and amendments thereto, subject to legal review by the County Attorney.

Status Reports:

10. 2024 Concurrency Management Annual Report

The Board approved Option #1: Accept the 2024 Concurrency Management Annual Report.

11. PULLED - Status Report on the Woodville Aquaculture Facility

The Board approved Option #1: Accept the Status Report on the Woodville Aquaculture Facility.

12. May 2025 Quarterly Economic Dashboard Report

The Board approved Option #1: Accept the May 2025 Quarterly Economic Dashboard Report.

13. Status Report on Leon County's Ongoing Efforts to Reduce and Prevent Pedestrian, Bicycle, and Traffic Crashes in Leon County

The Board approved Option #1: Accept the status report on Leon County's Ongoing Efforts to Reduce and Prevent Pedestrian, Bicycle, and Traffic Crashes in Leon County.

Option #2: Direct staff to allocate $210,000 in the proposed Fiscal Year 2026 Intersection and Safety Improvements capital improvement budget for the purpose of leveraging the Florida Department of Transportation's $1.1 million in construction funding for improvements at the intersection of Woodville Highway and Natural Bridge Road, which will include the installation of a traffic signal and the addition of a northbound left-turn lane.

CONSENT ITEMS PULLED FOR DISCUSSION

Item #11. Status Report on the Woodville Aquaculture Facility

County Administrator Long introduced this item. As requested by the Board, this item provided a status report on development activity related to the Woodville Aquaculture Facility, an 18-acre property on Woodville Highway initially proposed for an aquaculture operation.

Vice-Chairman Caban moved, seconded by Commissioner Cummings for approval of Option #1: as amended: Accept the Status Report on the Woodville Aquaculture Facility and bring back an agenda item to determine the feasibility of potential public uses for the subject property and the owner's interest in the potential sale of the property.

Public Speaker:

- Verna Brock, 866 Woodville Highway, addressed concerns about the Woodville Aquaculture facility, noting that the site has become an eyesore for the community. She urged the Board to act promptly to address and resolve the issue.

- Vice-Chairman Caban began his remarks by expressing strong support for agriculture's role in the community, as well as the importance of protecting private property rights. However, he stressed that with those rights comes the responsibility to properly maintain and care for one's property. He pointed out that construction on the Woodville Aquaculture project has been inactive since 2022, and noted that portions of the property have lost their agricultural protection designation. He cited serious safety concerns about the site's close proximity to J. Lewis Hall Sr. Park, a popular gathering place for children and families. In response, he asked the County Administrator to inquire whether the property owner would be interested in selling and to explore any potential public uses for the site. If the owner is not interested in selling, he requested that the issue be brought back to the Board as an agenda item, including a range of alternative options for consideration.

- Commissioner O'Keefe echoed Vice-Chairman Caban's comments, referring to the site as a nuisance. He sought clarification on the standard code compliance process and how it would apply to a property of this nature.
  - County Administrator Long affirmed that Vice-Chairman Caban's description of the property was accurate and acknowledged its complex history. He noted that while some portions of the property fall under an agricultural exemption, others are regulated through a certificate with the Department of Agriculture. He added that enforcement actions could begin in certain areas of the property in the near future, once a complaint is received, given that the County's code compliance process is complaint driven.
  - County Attorney O'Steen confirmed that Leon County operates under a complaint-driven code enforcement system. She noted that the certificate for the aquaculture operation on the property is set to expire at the end of June, meaning the statutory protections it provides—covering approximately six acres—will no longer apply. She stated that beginning July 1, if a complaint is received, the County will have full code enforcement authority over those areas, and the matter will proceed through the standard enforcement process outlined in the Board's code.

- Vice-Chairman Caban stated that his office intends to file a formal complaint, which will initiate the code enforcement process.

- Commissioner O'Keefe requested clarification on the code enforcement process and how it might impact the property. He stated that he could not support the motion in its current form until the code enforcement route had been pursued. However, he noted that if that process fails to address the public safety concerns, he would then be supportive of bringing the item back to the Board with potential actions for consideration.

- Commissioner Proctor expressed his enthusiasm that progress is being made on the property. He inquired about the method being pursued—whether the property will be acquired through eminent domain or via a purchase agreement with the owner.
  - County Attorney O'Steen responded by clarifying the motion on the floor, which directs County Administration to explore potential public uses for the property and to initiate outreach to the owner regarding a possible sale. She noted that the intent of the

motion appears to be an assessment of whether there are viable public uses for the property. She then turned to Vice-Chairman Caban to confirm whether that interpretation of his motion was accurate.

- Vice-Chairman Caban stated that his motion was exploratory in nature, intended to grant the County Administrator broad discretion to engage with the property owner. If the owner is not interested in selling, the matter would return to the Board as an agenda item outlining potential courses of action. He emphasized that the purpose of the motion is primarily to gather information.

- Commissioner Proctor commented on the property's classification by the State as aquaculture, noting that this designation significantly limits the County's ability to intervene or make changes to the property. He questioned the appropriateness of the County involving itself in matters under State jurisdiction and challenged the County's authority to interfere with or second-guess the State's classification.
    - County Attorney O'Steen explained that the property had previously applied for and received a certificate from the Department of Agriculture for an aquaculture operation, which was later renewed. However, she noted that the certificate is set to expire at the end of June, at which point the aquaculture certification will lapse. Additionally, the agricultural land classification for the approximately six acres in question has not been in effect since 2022. As a result, the property no longer falls under the protections of the Florida Right to Farm Act.

- Commissioner Proctor stated that he would like to explore the potential purchase of the property by the County as a means of securing it. He questioned what, if anything would prevent the County from taking similar action with regard to the Washington Square property, which he also characterized as an eyesore. Furthermore, he inquired whether commissioners are allowed to file citizen complaints themselves, referencing an earlier remark by Vice-Chairman Caban indicating that his office plans to file a complaint concerning this Woodville property.
    - County Attorney O'Steen responded that anyone, including County Commissioners acting in their individual capacity, is permitted to file a complaint. She clarified that the statute prohibits anonymous complaints—meaning the complainant must provide their name and information when submitting a complaint.

- Vice-Chairman Caban reiterated his concern that the issue extends beyond a mere nuisance and poses a genuine safety risk, once again highlighting the property's proximity to J. Lewis Hall Sr. Park.

- Commissioner Minor expressed his support for the motion as presented. However, he shared concerns about the possibility of Leon County purchasing the property, noting that such action could potentially open the floodgates for similar property acquisition throughout the county. He added that, because the motion is exploratory and focused on gathering information, he is comfortable supporting it and looks forward to the matter returning for further discussion.

- Commissioner Cummings remarked that the exploratory nature of the motion has the potential to yield valuable insights. She noted that the County's jurisdiction could potentially begin as early as June 30, once the certificate expires. She acknowledged that, until the agenda item returns, any discussion about potential County actions will remain

speculative. She concluded by expressing that she looked forward to the agenda item returning with all the relevant information needed for prudent decision-making.

- Chairman Welch stated that he intended to support the motion, describing it as both well-received and well-timed.

The motion carried 5-2 (Commissioner Proctor and Commissioner O'Keefe opposed).

GENERAL BUSINESS

14. Status Update on the 2026 World Athletics Cross Country Championships at Apalachee Regional Park

County Administrator Long introduced this item. He noted they are seven months away. This item sought Board acceptance of a status update for the 2026 World Athletics Cross Country Championships (WXC) being hosted at Apalachee Regional Park on January 10, 2026.

- Kerri Post, Director of Tourism Development, provided an update on the ongoing preparations for the 2026 World Athletics Cross Country Championships, scheduled to take place at Apalachee Regional Park on January 10, 2026. She shared that the event is expected to attract over 550 elite athletes from more than 60 countries, along with an estimated 10,000 spectators, generating a projected $4.5 million in direct economic impact for the community. She highlighted Leon County's bold and inspiring vision for the event: *"Welcoming the World to Florida!"* She introduced the event's co-chairs, Taylor Wheaton and Amanda Heidecker, along with other members of County staff who are playing vital roles in the planning process. She outlined the critical groundwork that has been laid to ensure the event's success, including the formation of 10 core planning teams that serve as the foundation of the organizing committee. The course design, she explained, will reflect Florida's unique natural character through six immersive, themed events: Capitol Start, Theme-Park Rollercoaster, Coastline Sand, Beach Water, Wildlife Log, and Forest Mud. She also highlighted the event schedule, which will feature five official championship races broadcast globally by NBC to more than 70 countries. She noted marketing efforts are well underway, with a strong focus on sponsorships and volunteer engagement—already drawing over 500 volunteers. She emphasized that sustainability is a core value of the event, with planning guided by the Athletics for a Better World (ABW) Standard, aimed at reducing carbon emissions and promoting environmentally responsible practices. In conclusion, she affirmed that all facets of the event remain on schedule, with every key operational milestone met as the team works toward delivering a world-class championship experience.

- Commissioner Minor commended Ms. Post and her team for the tremendous effort that has gone into organizing the Cross Country Championship event. He inquired about the fun run, asking whether families would be allowed to participate together. He also asked about the number of volunteers involved and whether the current count is sufficient to support the event.
    - Ms. Post responded by highlighting several fun run categories, including one specifically for participants of all ages. Regarding volunteers, she mentioned they're in great shape with over 500 signed up — and even have a waiting list.

- Commissioner Proctor expressed his enthusiasm for the upcoming cross country championship event. He joked about possibly participating in the fun run himself. He also

inquired whether any nighttime events are planned downtown for the athletes and mentioned the Tourism Development Council (TDC).

- Vice-Chairman Caban stated that, as a member of the Downtown Improvement Authority (DIA), this event presented valuable opportunities to collaborate with the DIA in showcasing downtown Tallahassee/Leon County. He suggested organizing a kickoff event at Cascades Park as an example.
    - Ms. Post responded that the event already includes a large welcome dinner at the Champions Club, along with several other planned activities. She expressed interest in exploring additional opportunities for events in Downtown Tallahassee. While noting that the Cross Country Championship schedule is fairly structured, she pointed out that there is flexibility for activities before and after the main event.

- Commissioner Cummings congratulated Ms. Post and her team for the outstanding work they are doing in preparing and planning for the Cross Country event. She recalled Ms. Post's exceptional leadership during the Bicentennial celebration. She praised the creativity behind the six-course concept and concluded by reiterating her excitement for January 2026.

- Commissioner Maddox expressed gratitude to Ms. Post and her team for the excellent work they're doing. He highlighted the remarkable talent being developed and recognized within Leon County. He noted that Apalachee Regional Park has been a true gem since its inception, with the community's investments paying off many times over. He also shared his desire to explore opportunities across the county for additional sports facilities.

- Commissioner O'Keefe commented on the mountain bike trails and the exciting potential to host the World Mountain Bike Championships once the trails are completed. He congratulated Ms. Post and her team for their hard work and dedication in planning the Cross Country Championships.
    - Ms. Post responded that while Leon County does host some regional mountain biking events, the primary challenge is the lack of significant elevation needed to support National and International-level competitions. However, she noted that they are actively pursuing opportunities to expand mountain biking in the area.

- Chairman Welch expressed his gratitude to Ms. Post and her team for their dedication to the event. He highlighted the extraordinary running community in Leon County and commended the Commission's ongoing commitment to supporting it through strategic investments. He also praised Commissioner Proctor and Vice-Chairman Caban for their thoughtful suggestions to further showcase downtown Tallahassee. He concluded by commenting he looks forward to attending the event and once again thanked Ms. Post and her team for their outstanding efforts.

Commissioner Maddox moved, seconded by Commissioner Cummings, for approval of Option #1: Accept the status update for the 2026 World Athletics Cross Country Championships being hosted at Apalachee Regional Park on January 10, 2026.

The motion carried 7-0.

15. Status Report Regarding Washington Square and the Restoration of County Rights-of-Way

County Attorney O'Steen introduced this item. As requested at the April 8, 2025, meeting, this item provided the Board with an update regarding the restoration of the public roads and rights-of-way impacted by the Washington Square project, to include the estimated cost for the County and legal options to pursue against the developer and owner.

Commissioner O'Keefe moved, seconded by Commissioner Minor, for approval of Options #1 and #2: Option #1: Accept the status report regarding Washington Square and the restoration of County Rights-of-Way.

Option #2: Authorize staff to enter into an agreement with the Owner and Developer to memorialize the Owner's and Developer's agreement to restore the County Rights of-Way, and authorize the County Attorney's Office to pursue all legal remedies available at law and equity against the Owner and Developer, should those negotiations fail or the Owner and Developer fail to perform.

- Commissioner O'Keefe thanked County Administrator Long and County Attorney O'Steen for their extensive work on this issue. He then inquired about the expected timeline for removing the barriers and beginning road restoration.
    - County Attorney O'Steen responded that a very short deadline would be imposed and noted that Public Works has indicated the road restoration could be completed within 60 days. She added that if the developer fails to meet their obligation by the deadline, the County will proceed with litigation as directed by the Board.
- A discussion occurred between Commissioner O'Keefe and County Attorney O'Steen.
- Commissioner O'Keefe explained his support for staff recommendation on this item, stating that he believed it represents the most efficient and expedient approach to restoring the rights-of-way thereby ensuring the safety of county streets.
- Chairman Welch shared that he would support the motion and thanked Commissioner O'Keefe for his leadership on this issue.

The motion carried 7-0.

16. Lake Munson Action Plan and Post-Drawdown Status Update

County Administrator Long introduced this item. This item provided a status update on the implementation and ongoing efforts related to the Lake Munson Action Plan, as approved by the Board at the October 11, 2022, meeting, and modified at the March 21, 2023, meeting. As directed by the Board at the April 9, 2024, meeting, this Action Plan update is provided one year after the conclusion of the drawdown.

- Ms. Anna Padilla, Stormwater Management Coordinator, provided a one-year status update. She presented the Board with a comprehensive update on Lake Munson, emphasizing progress made under the Lake Munson Action Plan. Her presentation highlighted several key components of the plan, including:
    - Drawdown & Enhanced Monitoring
    - Ongoing and Planned Basin Investments

- Long-Term Lake Management Strategies

She highlighted the notable achievements resulting from the implementation of the plan, including:

- Benefits of the Drawdown
- Control of Invasive Exotic Species
- Re-establishment of Native Aquatic Vegetation
- Increased Abundance of Wildlife
- Ongoing Ecosystem Improvements

Each of these accomplishments was supported by a detailed analysis and observed outcomes, demonstrating tangible progress. She also noted the recent sightings of a pair of snail kites on Lake Munson; this species is typically found in South Florida. Looking ahead, she outlined the Next Steps in the plan, which include:

- Continuation of the Post-Drawdown Water Quality Study
- Ongoing Management of Invasive Vegetation
- Exploration of Innovative Environmental Technologies
- Coordination with State Agency Partners, the Scientific Advisory Committee (SAC), and other stakeholders

She concluded with a set of recommendations:

- Continued Implementation of the Board-approved Action Plan
- Scheduling the Next Status Update for June 2026

Public Comment:

- John Gibby, 4887 Gum Rd, addressed the Board with comments regarding the ongoing efforts at Lake Munson, accompanied by a visual picture to illustrate the long-time problems. He acknowledged the numerous actions the County has already undertaken to restore and improve the lake's condition. However, he emphasized that it may take decades of sustained effort to fully restore the lake's health and ecological balance. He concluded by imploring the Board not to forget about Lake Munson.
- Max Epstein, 1001 San Luis Rd., expressed his desire for the Board to convene a workshop involving all partner agencies working on Lake Munson water quality improvement. He commented that the information received from State agencies often conflicts with what is communicated by the County, creating confusion and inconsistency. He highlighted recent data on nutrient levels in Munson Slough, noting that some concentrations are now higher than they have been in the past six or seven years. He concluded reiterating his request that a workshop be scheduled to address these issues and facilitate more transparent collaboration moving forward.
- Linda Rivers, 5312 Trinidad Drive, emphasized the importance of unified action, stressing that everyone needs to be on the same page when it comes to addressing the longstanding issues affecting Lake Munson. She pointed out that the lake has

suffered from more than 50 years of neglect and described the deteriorating living conditions in the surrounding areas, including persistent foul odors and concerning reports of cancer clusters. Echoing the remarks made by Mr. Epstein, she urged the Board to schedule a workshop that includes citizen involvement so that the community can play an active role in developing solutions.

- Anita Davis, 111 E. Paul Russell Rd, reflected on her long-standing connection to Lake Munson, sharing the meaningful memories she has made there over the years. She expressed deep concern over the lake's current condition, describing the decline as both heartbreaking and unacceptable. She urged the Board to stop delaying action and to confront the issues head-on, commenting that it is time to take meaningful, immediate steps toward restoring the lake.

Commissioner Proctor moved, seconded by Commissioner O'Keefe, for approval of Option #1: as amended: Accept the Lake Munson Action Plan and Post-Drawdown status update and host a workshop.

- Commissioner Proctor referenced the discussions held last year regarding Lake Munson and emphasized the need for follow-through. He stated that citizens deserve the opportunity to meet with County staff and agency partners to voice their concerns directly. He stressed that community voices are vital to the process and should be heard in a transparent setting—specifically through a workshop that allows for citizen participation and engagement.

- Commissioner Maddox acknowledged the longstanding nature of Lake Munson's issues and observed that any workshop will likely center on the question of whether or not to pursue dredging. He stressed that the current action plan was developed based on industry best practices and shaped through input from State agencies, partner organizations, and local stakeholders. He recognized the compromises that were necessary to finalize the 2022 Action Plan, which he described as a long-term strategy intended to unfold over many years. He underscored that the Board is actively working to restore a body of water that has suffered extensive degradation over the past several decades. He inquired whether there have been any updates or changes in the reasoning behind why dredging was not originally recommended. He concluded his remarks by expressing concern about holding a workshop on this topic, noting that for some, the underlying motivation is a push to dredge the lake—despite staff indicating that dredging may not be the most effective approach to improving water quality.
  - Ms. Padilla confirmed that the Action Plan was developed collaboratively with a group of stakeholders and agency partners, guided by industry best practices. She outlined key reasons why dredging was not recommended, citing the potential for significant habitat disruption and the risk of opening a sinkhole. She also emphasized the ongoing discussions with State agency partners and other stakeholders, noting that coordination and communication remain active and frequent.

- Vice-Chairman Caban began by inquiring about the most recent algal bloom occurrence on Lake Munson. He then shifted the discussion to current nutrient levels in the lake, noting that the trend lines are improving and moving in a positive direction. He also inquired about ongoing communications with state agency partners and other stakeholders involved in the lake's restoration. He went on to discuss the financial investments that have been made specifically for Lake Munson, comparing it to funding allocated to other lakes across the county. Based on data and updates provided by staff, he remarked that the efforts to

restore Lake Munson appear to be effective and that the lake is clearly trending in the right direction. He cautioned against dredging, expressing concern that such an action could potentially cause more harm than good. He provided an overview of the various initiatives the county has undertaken to address the lake's condition, including the drawdown project, monthly water chemistry testing, and point-source contaminant monitoring. He also acknowledged the criticisms raised by residents, emphasizing that his office takes these issues very seriously. In conclusion, he stated that he would not support holding a workshop on the matter, as he believes the current course of action is working and that Lake Munson is moving in a positive direction.

  - Ms. Padilla responded by confirming that the last algal bloom on Lake Munson occurred in the summer of 2022. She highlighted the consistent and ongoing communication between the County and its State agency partners, as well as other key stakeholders involved in the lake's restoration efforts. She also addressed the long-term investments the County has made in support of Lake Munson's recovery, emphasizing that these efforts span several years and reflect a sustained commitment to improving the lake's overall health and water quality.

- Commissioner O'Keefe expressed his appreciation to staff and Ms. Padilla for their efforts, acknowledging the significant time and financial resources dedicated to addressing this matter. He highlighted the concerns brought forward by residents, including persistent odors, skin rashes, and reports of pets becoming ill. Emphasizing that public health is a top priority, he stressed the importance of taking residents' health complaints seriously. He inquired whether the Department of Health (DOH) is currently tracking the health issues being reported by community members and if any investigations are underway to examine these claims.

  - County Administrator Long responded by stating that any confirmed evidence of health impacts would be shared openly. He noted that the DOH had previously reviewed residents' concerns and the issues were promptly addressed, but nothing significant resulted from those investigations.

- Commissioner O'Keefe concurred with his colleagues that resolving these issues will require time and continued effort. He emphasized that any workshop he would support should focus on educating the public about the actions being taken, rather than revisiting or altering the current approach. Additionally, he requested clarification on the discrepancies between staff-reported findings and the concerns voiced by residents and environmental groups.

  - County Administrator Long responded by noting the frequency at which the Board received updates in the past and how that can invite similar input from the public. He emphasized the strong coordination and valuable feedback received from various groups throughout the process. In closing, he urged the Board to embrace the commitments and efforts they've made to improve Lake Munson.

- Commissioner O'Keefe concluded by reiterating his appreciation for staff's work on this issue and acknowledged the progress and successes achieved thus far. He stated that his goal for a potential workshop would be to bring all involved parties together in one room, creating an opportunity for open, transparent dialogue. He stressed the importance of allowing the public to witness these discussions and hear a full exchange of concerns, ideas, and perspectives.

- Commissioner Proctor expressed that he does not associate the issue of dredging with discrimination or diversity, equity, and inclusion (DEI), emphasizing that citizens' concerns should be heard openly and without restriction. He raised the issue of raw sewage entering Lake Munson when the gates are left open, questioning why this factor hasn't been given more attention. He also suggested that climate change could be contributing to the lake's ongoing problems. He pointed out that the Southside often feels overlooked when it comes to government services and support. He remarked that he doesn't understand the reluctance around holding a workshop to bring all involved parties together for open conversation. Shifting topics, he thanked County Administrator Long for the memo regarding the installation of lights along Crawfordville Road. He concluded by addressing the residents who spoke during the meeting, acknowledging their feelings of being ignored and affirming the importance of their voices.

- Commissioner Maddox mentioned that, in a traditional workshop setting, citizens do not have the opportunity to speak. Therefore, if the goal is to facilitate a sit-down conversation between residents and State agency representatives, a workshop may not be the appropriate format. He questioned whether there might be a more effective approach—one that allows for direct engagement between citizens and all relevant stakeholders—stating his belief that this type of dialogue is what the community is truly seeking.

- Commissioner Cummings began by thanking staff for their comprehensive analysis of the past year's progress related to the Lake Munson drawdown. She also expressed her appreciation to members of the Lake Munson community for their continued engagement and for repeatedly taking the time to share their perspectives. She recalled that this same group had requested a workshop/meeting last year, but the proposal did not pass. At that time, the Board agreed to allow the action plan to move forward and to evaluate the results of the drawdown before making further decisions. She noted that they now have those results—and they are promising. Phosphorus levels have decreased, and sediment conditions have improved, indicating a positive direction. She went on to say that, in her time on the Board, she does not recall ever having a meeting that included both their State agency partners and staff specifically focused on Lake Munson. She concluded by stating she would welcome a meeting that brings together citizens, the Florida Fish and Wildlife Conservation Commission (FWC), Department of Environmental Protection (DEP), and staff to discuss the current status of Lake Munson and the path forward.
    - Ms. Padilla responded that in 2022, meetings were held involving the DEP, the FWC, County staff, and citizens as part of the development of the Lake Munson Action Plan.

- Commissioner Cummings expressed that if a workshop is held, she wants it to foster open dialogue — including whether dredging is an appropriate course of action. She highlighted the positive outcomes resulting from the recent drawdown, while acknowledging that the cleanup process will take time. She stated she has no objection to a meeting that brings together citizens, FWC, DEP, and staff to ensure all the facts are thoroughly presented. She concluded by affirming her support for Commissioner Proctor's motion.

- Commissioner O'Keefe proposed a friendly amendment to Commissioner Proctor's motion, requesting that a representative from Friends of Lake Munson be included in the workshop to ensure their perspectives are represented.

- Commissioner Proctor inquired whether holding a town hall might be a more suitable format to encourage broader citizen input and engagement.

- Discussion occurred among the Board regarding an appropriate format for a meeting.

Vice-Chairman Caban moved, seconded by Commissioner Minor for a Substitute motion to approve Option #1 as amended: Accept the Lake Munson Action Plan and Post-Drawdown status update and host a townhall meeting at the Woodville Community Center where citizens can submit input and feedback on this subject using speaker cards, similar to the recent townhall meetings held at this location.

The motion failed 3-4 (Commissioner Maddox, Commissioner Cummings, Commissioner O'Keefe, and Commissioner Proctor opposed).

Commissioner Proctor moved, seconded by Commissioner O'Keefe, for approval of Option #1 as amended: Accept the Lake Munson Action Plan and Post-Drawdown status update and host a townhall-style meeting to provide a summary of the Lake Munson Post-Drawdown status update, and invite partner agencies and interested citizens to participate.

The motion carried 6-1 (Chairman Welch opposed).

17. Full Board Appointments to the Architectural Review Board, the Board of Adjustment and Appeals, the CareerSource Capital Region Board, the Joint City/County Bicycling Workgroup, and the Planning Commission

County Administrator Long introduced this item. This item sought the full Board's consideration of the appointment of citizens to the Architectural Review Board, the Board of Adjustment and Appeals, the CareerSource Capital Region Board, the Joint City/County Bicycling Workgroup, and the Planning Commission.

Commissioner Minor moved, seconded by Commissioner Cummings, for approval of Options #1, #2, #3, #4, and #5: Option #1: Appoint one eligible citizen, Pierce Withers, to the Architectural Review Board for a three-year term ending June 30, 2028.

Option #2: Appoint two eligible citizens, James Pfeiffer and Charles Friedrich, to the Board of Adjustment and Appeals for three-year terms ending June 30, 2028.

Option #3: Appoint two citizens, Martina McDowell and Erin Gillespie, to the CareerSource Capital Region Board for four-year terms ending June 30, 2029.

Option #4: Appoint one citizen, Alan Patrick Amidon, to the Joint City/County Bicycling Workgroup for the remainder of a three-year term ending December 31, 2026.

Option #5: Appoint one eligible citizen, Rebecca O'Hara, to the Planning Commission for a three-year term ending June 30, 2028.

The motion carried 7-0.

SCHEDULED PUBLIC HEARINGS, 6:00 P.M.

- **None**

CITIZENS TO BE HEARD ON NON-AGENDAED ITEMS

- Max Epstein, 1001 San Luis Road, discussed the desire to build more trails and acquire more property in Leon County. He mentioned that funding is available through the Florida Forever Program for land acquisition and urged the Board to pursue these funds annually. He concluded by thanking the Board for their earlier vote in support of holding a town hall-style meeting to discuss Lake Munson.

COMMENTS/DISCUSSION ITEMS

County Attorney O'Steen:

- None

County Administrator Long:

- Reminded the Board of their upcoming Budget Workshop scheduled for Tuesday, June 17, 2025, at 9:00 a.m., and shared relevant details and information regarding the agenda for the workshop. He commented that staff fully understand the Board's direction regarding the Lake Munson item and is actively working to implement their objectives.

COMMISSIONER DISCUSSION ITEMS

Commissioner Proctor:

- Thanked Vice-Chairman Caban and his aide, Allie, for co-hosting the Hurricane Preparedness event, which distributed supplies to Leon County residents.
- Mentioned that the Henry Hill Emancipation Day celebration was well attended and a huge success.
- Inquired about his request for a 5% pay increase for county employees.
- Thanked staff for working with the State of Florida to secure streetlights on Crawfordville Highway all the way to Capital Circle.
- Raised concerns about loitering and requested an agenda item providing options for the County to address commercial and residential loitering.

  Commissioner Proctor moved, seconded by Commissioner Cummings, requesting an agenda item providing options for the County to address commercial and residential loitering.

  The motion carried 6-1 (Commissioner O'Keefe opposed).

- Followed up on his earlier request regarding the establishment of a Citizens' Council for each Commission district.
- Expressed his sincere appreciation to his fellow Commissioners, highlighting the "family-like dynamic" that defines their working relationship. He also conveyed his heartfelt gratitude and deep affection for the residents of District 1.

Commissioner Minor:

- Thanked Charles Wu and his dedicated team, as well as to his fellow Commissioners, for their collective efforts in completing the application for the Safe Streets for All Program funding.
- Noted the recent demolition of the former Barnacle Bill's building on North Monroe Street. He commented positively on the potential for new development on the site, highlighting that a Coffee shop has already submitted a permit for construction.
- Wished everyone a Happy Father's Day.

Commissioner O'Keefe:

- Requested a proclamation recognizing July 2025 as Disability Pride Month.

  Commissioner O'Keefe moved, seconded by Commissioner Maddox requesting a Proclamation recognizing July as Disability Pride Month to be received by the Family Café Organization.

  The motion carried 7-0.

- Thanked staff for their diligent work on the pedestrian safety improvements outlined in Agenda Item #13.
- Shared his appreciation with staff for providing a thorough explanation of the Florida Forever Program. He noted they are all interested in procuring land.

Commissioner Cummings:

- Requested a proclamation for an upcoming Conference centered on empowering women to learn more about their health and improve their quality of life.

  Commissioner Cummings moved, seconded by Commissioner Maddox, requesting a Proclamation for the Yellow Uterus Conference to empower women to improve their health and quality of life to be presented off-site.

  The motion carried 7-0.

- Expressed her heartfelt appreciation to staff, County Administrator Long, County Attorney O'Steen, and her fellow Commissioners for their continued dedication, professionalism, and genuine concern for the well-being of the citizens they serve.
- Wished Happy Father's Day to all fathers.

Commissioner Maddox:

- Requested a proclamation recognizing Ms. Sue Dick, President and CEO of the Greater Tallahassee Chamber of Commerce for 30 years of service.

  Commissioner Maddox moved, seconded by Vice-Chairman Caban requesting a Proclamation for Ms. Sue Dick, President and CEO of the Greater Tallahassee Chamber of Commerce for 30 years of service to be presented by the Chairman at the upcoming Chamber Conference.

  The motion carried 7-0.

- Requested two proclamations recognizing the 2025 TaxWatch Principal Leadership Award Winners Carmen Conner and Dr. Benny Bolden, Jr.

  Commissioner Maddox moved, seconded by Vice-Chairman Caban requesting two Proclamations recognizing the 2025 TaxWatch Principal Leadership Award Winners Carmen Conner and Dr. Benny Bolden, Jr.

  The motion carried 7-0.

- Requested a proclamation recognizing Maurice Stokes, Principal of John G. Riley Elementary School as one of the recipients of the 2025 Florida Department of Education Principal Achievement Award for Outstanding Leadership

  Commissioner Maddox moved, seconded by Commissioner O'Keefe requesting a Proclamation recognizing Maurice Stokes as one of the recipients of the 2025 Florida Department of Education Principal Achievement Award for Outstanding Leadership.

  The motion carried 7-0.

- Requested a proclamation recognizing Dr. Adrian Peters, Founder of The Achieve Academy, celebrating the first graduating class of students from the school which is a multi-age, multi-grade, skill-based academy for students with learning challenges. All four students in their first graduating class are going to a secondary education facility.

  Commissioner Maddox moved, seconded by Commissioner O'Keefe requesting a Proclamation recognizing Dr. Adriane Peters, Founder of The Achieve Academy, and the first graduating class of students from the school.

  The motion carried 7-0.

- Requested a proclamation recognizing Ashley Scott, Founder of Oxford Learning Academy, celebrating their fifth anniversary.

  Commissioner Maddox moved, seconded by Chairman Welch requesting a Proclamation recognizing Ashley Scott, Founder of Oxford Learning Academy, celebrating the fifth anniversary of the school.

  The motion carried 7-0.

- Expressed his appreciation to all involved in the ongoing discussions regarding Lake Munson. He specifically commended Vice-Chairman Caban for his dedicated efforts and leadership on the issue.

Vice Chairman Caban:

- Applauded Commissioner Proctor and his aid Rayshell for the Hurricane preparedness event held the previous weekend.
- Requested a proclamation recognizing Angelo and Kim Crowell for their efforts in raising $35,000 for a local nonprofit organization, First Tee Tallahassee.

  Vice-Chairman Caban moved, seconded by Commissioner Maddox requesting a Proclamation for Angelo and Kim Crowell, for raising $35,000 for First Tee Tallahassee.

  The motion carried 7-0.

- Requested a proclamation recognizing FSU Police Officer, Cody Poppell, who engaged and took down the shooter on FSU's Campus on April 17, 2025.

  Vice-Chairman Caban moved, seconded by Commissioner Maddox requesting a Proclamation recognizing FSU Police Officer Cody Poppell, for his heroism during the FSU shooting.

  The motion carried 7-0.

- Commented on the efforts by residents along Williams Landing Road, who are actively gathering the required signatures to petition the County for the installation of speed bumps and other traffic calming measures. He requested a status update on the County's Traffic Calming Program Policy, specifically regarding the 75% petition threshold required for the implementation of traffic calming devices on County-maintained roadways.

  Vice-Chairman Caban moved, seconded by Commissioner Maddox requesting a status report on the County's Traffic Calming Policy and 75% petition threshold for the installation of traffic calming devices on County roads.

  The motion carried 7-0.

- Expressed his gratitude to staff, the Commissioners, and the Florida Department of Transportation (FDOT) for their efforts related to Item #13. He emphasized the significance of the project for the Woodville community, noting that it represents a critical step forward in enhancing pedestrian safety.

Chairman Welch:

- Thanked Chief Abrams and the EMS staff for the "Press the Chest" event that was held recently.
- Wished his daughters a Happy Birthday.

RECEIPT AND FILE:

- Capital Region Community Development District Minutes from January 9, 2025.

ADJOURN:

There being no further business to come before the Board, the meeting was adjourned at 6:49 p.m.

BOARD OF COUNTY COMMISSIONERS
LEON COUNTY, FLORIDA
BUDGET WORKSHOP
June 17, 2025

The Leon County Board of County Commissioners met for a Budget Workshop on Tuesday, June 17, 2025, at 3:00 p.m. in Chambers with Chairman Brian Welch presiding. Present were Vice-Chairman Christian Caban, Commissioners David T. O'Keefe, Bill Proctor, Rick Minor, and Nick Maddox. Also present were County Administrator Vincent S. Long, County Attorney Chasity H. O'Steen, and Clerk's to the Board Beryl H. Wood and Daniel Antonaccio.

Facilitators(s):

- Ken Morris, Assistant County Administrator
- Shington Lamy, Assistant County Administrator
- Nawfal Ezzagaghi, Assistant County Administrator
- Roshaunda Bradley, Director, Office of Management and Budget
- Nicki Hatch, Assistant to the County Administrator for Legislative and Strategic Initiatives

Chairman Welch called the meeting to order at 3:00 p.m. and welcomed everyone to the Budget Workshop.

County Administrator's Overview

County Administrator Long introduced the Budget Workshop. He thanked the Board for their guidance through this budget process. This budget discussion item sought Board guidance on the development of the FY 2026 Preliminary Budget.

He highlighted:

- This is the 14th consecutive year with no change to the millage rate.
- The County remains in a strong financial position due to long-standing fiscal responsibility.
- No two budgets are the same; each presents unique challenges.
- In recent years, the July workshop has not been needed because the Board provides clear direction in June.

FY 2026 Preliminary Budget Highlights:

- Balanced budget totaling $403,967,176 which is a 6.9%, or $26,080,183, increase from FY 2025.
- Nearly half of this increase ($12.7 million) is associated with increases in public safety funding for the Sheriff and Emergency Medical Services (EMS);
- 7.65% increase in taxable property values, resulting in an additional $15.3 million;
- 14th consecutive year with no increase in the Countywide millage rate;
- No increase in stormwater or solid waste special assessments;
- No new County Government positions requiring additional general revenue;

- 10 new planned EMS employees to address increased call volumes within current EMS MSTU funding;
- Maintain high quality provision of essential services to citizens;
- Address inflationary increases to provide the current level of service;
- Fund public safety and statutory obligations of Constitutional and Judicial Officers;
- Fund Medicaid increase;
- Offset $1 million decrease in state shared revenues;
- Support Board strategic initiatives related to homelessness and affordable housing by providing funding for an additional LCSO HOST deputy and establishing a new program to invest in the development of rental units for low-income households;
- Balance the budget with no general revenue fund balance, while maintaining reserves;
- Address capital improvement needs to maintain the County's core infrastructure; and
- Provide adequate funding to support County personnel costs.

Item 1. Fiscal Year 2026 Preliminary Budget Workshop

Assistant County Administrator Ken Morris commented on the preliminary budget. He provided an economic and legislative outlook.

Economic & Legislative Outlook

- Continued economic uncertainty
  - Ongoing inflationary pressures
  - State and local governments have exhausted ARPA funding
  - Shifting tariff policies
  - Federal spending cuts recurring) to agencies, programs and grants
  - Immigration reform, chilling effect on Florida industry sectors
  - Annual growth in property tax revenues slowly returning to normal
  - Whispers of the "R" word, recession

Economic & Legislative Outlook

- Legislative budget negotiations concluded Friday evening
  - Added $750 million to the state's rainy-day fund
  - $23 million increase for Florida State Guard due to FEMA uncertainty
- Leon County appropriations included in the Legislature's budget
  - Crawfordville Rd: $2 million to accelerate road widening project
  - Lake Munson Slough Embankments $800,000
  - Leon Works: $25,000
- 2025 Legislative Impacts
  - Avoided most significant impacts ($100 million)

        - No new property tax reform initiatives adopted in 2025
        - FY 2026 will be the first year the County budget is impacted by the 2024 constitutional amendments approved by voters ($300,000)
    - Relocation of telecommunications equipment ($300,000)
    - State shared revenue decline ($1 million)
    - Mandatory payments for Medicaid, Baker/Marchman, DJJ, etc. ($743,000)
    - New: Repealed business rent tax ($565,000)
- House Select Committee on Property Taxes
    - 37 House members to convene through 2025 and provide a final report to the Speaker of the House
    - The Speaker provided initiatives for the Select Committee to consider:
        - Require every local government to hold a referendum on the elimination of property taxes on homestead properties
        - Constitutional amendment to authorize Legislature to increase to increase the homestead exemption by general law.
        - Constitutional amendment to create new Homestead Exemptions: $500,000 for everyone, $1 million for seniors ($78 million impact on the County)
    - 17 Constitutional Amendments on Property Taxes since 2006 - 9 of the last 10 general election ballots
    - Expect another property tax measure on the ballot in 2026
    - Early meetings have focused on 'revenue diversification' and 'reliance on property taxes'

Roshaunda Bradley, Budget Director, shared that they approach FY 2026 the same as they have in previous years. She discussed the process, including cost avoidance and savings. Her team has discovered over $600,000 in cost savings. She shared the budget would go up by $16,581,860 from last year. In addition, she shared the following:

Cost Avoidance & Savings

- Deliberate approach occurs throughout the year
- Not only during the formal budget process
- Specific & targeted practices: LEAD's Listening Sessions, I² (squared), Leverage Partners
- Employees are continuously empowered to seek and implement cost saving measures
- Occurs prior to seeking any new taxes, fees, and positions
    - Current year savings of $3.4 million
    - Cumulative savings since 2013: $79 million
- General Revenue and Expense Changes
- Comparative County Information
- Support for Strategic Initiatives
- Budget Process Next Steps

Staff Recommendation:

Option #1: Accept the overview of the FY 2026 Preliminary Budget.

Option #2: Approve the advance funding of capital projects in FY 2025 as reflected in the Resolution and Budget Amendment.

Option #3: Authorize the County Administrator to submit an application for the State FY 2025-2026 Florida Department of Environmental Protection Water Quality Improvement.

Grant to construct the second phase of the Woodville Sewer Project.

Option #4: Approve the Emergency Medical Service Fee Resolution.

Option #5: Approve the District Medical Examiner Fees Schedule.

Option #6: Accept the FY 2025 annual status report and recommendations on the Sidewalk Program implementation.

Option #7: Accept the status report on the FY 2022 – FY 2026 Strategic Plan.

Option #8: Authorize the County Administrator to engage a professional consultant to assess the County's revenue structure and available alternative revenue sources consistent with Florida Statutes.

- Chairman Welch expressed his appreciation to the staff and County Administrator Long for their outstanding work on the budget.

Commissioner O'Keefe moved, seconded by Commissioner Cummings, for Options #1 – #8.

Commissioner Maddox rescued himself from voting on Option #1 because of his employment and asked Commissioner O'Keefe if he would amend his motion.

Commissioner O'Keefe amended his motion to Options #2 – #8. It was seconded by Commissioner Cummings.

- Commissioner O'Keefe commended staff for their excellent work on the budget and voiced his support for its adoption.

- Commissioners O'Keefe, Cummings, Proctor, and Minor commended staff's work and fiscal responsibility.

- Commissioner Maddox acknowledged the contributions of previous staff in consistently producing excellent and responsible budgets each year. He expressed his appreciation for Ms. Bradley and her team, noting they were well taught and prepared. He commended the balanced budget and remarked on the difficult decisions ahead due to factors beyond their control at the state level. He also emphasized the importance of sustainability, noting that grants can disappear without self-sufficient funding models such as annual giving programs.

- County Administrator Long commented on the enterprise funds, noting that their stability is a result of conservative financial practices. He added that these funds are supplemented with general revenue support.

- Commissioner Maddox commented on the functions of revenue and emphasized the need to prepare constituents and neighbors for how the County will address the $500,000 shortfall.

He raised questions about how to diversify revenue sources and to what extent the state has impacted enterprise funds.

- County Administrator Long stated that they have extended and deferred expenses as much as possible, but acknowledged that this remains a significant challenge.

- Commissioner Maddox commented on the need to shift costs and explore ways to diversify revenue, including legislative appropriations.

- County Administrator Long noted they remain hopeful and acknowledged Vice-Chairman Caban for bringing on an additional lobbying team, which has proven to be beneficial.

- Chairman Welch provided clarity regarding efforts to streamline the permitting process.

- County Administrator Long commented on the 50/50 governmental review process, explaining that without it, homeowners and business owners would have to bear the full cost of permitting.

- Commissioner Proctor commented on the solid figures provided by the Property Appraiser.

- Ms. Bradley noted that the numbers can vary from year to year, citing a decrease last year.

- Commissioner Proctor highlighted that this marks the 14th consecutive year the millage rate has remained unchanged and emphasized the importance of communicating that to Leon County residents.

- Nicki Hatch, Assistant to the County Administrator for Legislative and Strategic Initiatives, reported a projected 16% increase in Medicaid costs, equating to $600,000 over last year.

- Commissioner Proctor emphasized the importance of ensuring citizens understand the budget process. He discussed the potential need to increase the millage rate to meet community needs.

- Chairman Welch commented that the report would highlight the direct impacts and expressed his support for being transparent with the public about the challenges faced.

- Vice-Chairman Caban praised staff's work, referenced how other counties use sales tax revenue, and emphasized allocating funds to improve residents' quality of life. He identified the need for two additional fire stations, noted economic changes since the 2014 report, and requested that the Board revisit its needs list and explore all funding avenues.

- Commissioner Cummings stressed creative thinking and supported hiring a consultant to review the budget, noting a potential benefit in considering a millage rate increase if warranted.

- Commissioner Proctor suggested the consultant could explore the potential consolidation of City and County governments to streamline operations and reduce costs. He also inquired about the flexibility of the Blueprint fund and commented on the fire service budget over the past three years.

    - County Attorney O'Steen clarified that Blueprint funds are constrained and can only be used for specific, pre-approved projects that are voter-approved.

- Commissioner Proctor also raised the idea of including an escape clause in any agreements related to the consultant or broader budget planning efforts. He emphasized the importance of maintaining flexibility in long-term commitments to ensure the County can adjust course if necessary.

- Vice-Chairman Caban commented on the use of infrastructure dollars for building fire stations.

    - County Administrator Long confirmed that such funding is an allowable use under current guidelines, including fire service fees.

- Vice-Chairman Caban also requested engaging a forensic accountant to review fire service finances for transparency.

- Commissioner Minor clarified that no one is proposing a millage rate increase this year or next year. He stated that they want the professional consultant to present well-developed, viable options for consideration.

- Commissioner Maddox inquired whether staff would bring forward an agenda item outlining the specific objectives for the consultant.

    - County Administrator Long responded that staff already has clear direction based on the discussion.

- Commissioner Maddox discussed the addition of the consultant, requesting that they be mindful of identifying both aggressive and less aggressive fee structures. He further commented on the Blueprint program, cautioning against relying on those funds for needs beyond their intended scope.

- Commissioner O'Keefe emphasized understanding the County's main revenue sources to make informed budget decisions.

- Commissioner Proctor expressed concerns about the fire services fee, stating that the Board did not formally agree to those fees.

Commissioner O'Keefe moved, seconded by Commissioner Cummings, to approve Options #2 – #8.

Option #2: Approve the advance funding of capital projects in FY 2025 as reflected in the Resolution and Budget Amendment.

Option #3: Authorize the County Administrator to submit an application for the State FY 2025-2026 Florida Department of Environmental Protection Water Quality Improvement Grant to construct the second phase of the Woodville Sewer Project.

Option #4: Approve the Emergency Medical Service Fee Resolution.

Option #5: Approve the District Medical Examiner Fees Schedule.

Option #6: Accept the FY 2025 annual status report and recommendations on the Sidewalk Program implementation.

Option #7: Accept the status report on the FY 2022 – FY 2026 Strategic Plan.

Option #8: Authorize the County Administrator to engage a professional consultant to assess the County's revenue structure and available alternative revenue sources consistent with Florida Statutes.

In addition, this item seeks any other direction the Board wishes to provide in the development of the FY 2026 Preliminary Budget.

The motion carried 7- 0.

Commissioner Cummings moved, seconded by Commissioner O'Keefe, for approval of Option #1: Accept the overview of the FY 2026 Preliminary Budget.

The motion carried 6-0 (Commissioner Maddox recused).

Item 2. Leon County Sheriff's Office FY 2026 Budget Request

County Administrator Long stated this budget discussion item seeks Board consideration of the Leon County Sheriff's Office FY 2026 budget. As requested by the Board, this item also provided information on the Sheriff's plan to enhance the services provided through the Homeless Outreach Street Team Unit to address the needs of women and girls experiencing homelessness in partnership with local providers and stakeholders. This item also provided an update on the Board's strategic initiative to reduce graffiti and litter in coordination with the Leon County Sheriff and State Attorney's Office.

Sheriff's Office staff provided an update, and Ken Morris presented the proposed FY 2026 budget via PowerPoint. The key points included:

- Total budget request: $124,651,485.
- Represents 65% of the estimated growth in property tax revenue.
- 42% of the budget is allocated to operating the Detention Facility.
- 79% of the Sheriff's budget is personnel costs.
- Highlighted detention alternative programs.
- Noted the current 94-to-1 deputy-to-inmate ratio, emphasizing the need to reduce it by half.

Commissioner Maddox moved, seconded by Commissioner Cummings to approve Option #1: Approve the Leon County Sheriff's proposed FY 2026 Budget as presented.

- Commissioner Proctor thanked the Sheriff's Office for their work but disagreed with the assertion that the jail facility has 25 years of life remaining. He referenced his recent visit to the jail, raising concerns about staffing levels and the high deputy-to-inmate ratio. He stressed the need to reexamine the county's mental health approach and questioned how $10 million in funding has been invested, particularly regarding officer training following the George Floyd incident and in serving a diverse community.

- Undersheriff Ron Cave noted the strong relationship with the County. He addressed high vacancy rates and recruitment efforts, including part-time hiring and salary increases. He also discussed diversion programs, mental health challenges among detainees, and the low percentage of citizen interactions resulting in arrest.

- Dr. Argatha Gilmore, Chief of Staff, explained that training protocols are data-driven, particularly in de-escalation practices. She stressed the importance of community engagement and cultural sensitivity.

- Commissioner Proctor referenced recent incidents in Los Angeles involving a sheriff's office, asking about inter-agency relationships in Florida.

    - Dr. Gilmore provided background on the incident and emphasized leadership and cultural sensitivity in policing.

- Commissioner Maddox discussed staffing ratio issues.

    - Undersheriff Cave noted the facility was designed for a 1-to-45 ratio, but increased capacity has altered this balance.

- Commissioner Maddox thanked the Sheriff's Office for diversion programs, discussed deputy salaries, and asked about jail capacity, incarceration rates, and mental health data.

    - Undersheriff Cave stated that, with the recent salary increases, the Sheriff's Office is now very competitive with state-level agencies. He also discussed the key differences between county and state correctional facilities.

- Commissioner Maddox inquired about the current capacity of the detention center and how the current incarceration rates compare to previous years. He also asked about the population with mental health issues, specifically seeking data on the percentage of detainees facing mental health challenges.

    - Undersheriff Cave responded that approximately 60% of detainees face mental health challenges. He also discussed the role of Medicaid in addressing those needs.

- Commissioner O'Keefe thanked the Sheriff's Office for maintaining a strong working relationship and upholding a high standard of transparency. He inquired about the proposed 9% budget increase and how it compares to sheriff's office budgets across the state.

    - Undersheriff Cave responded that the increase is in line with budget trends seen in other counties, reflecting similar needs and operational demands statewide.

    - County Administrator Long commented that the County works to carefully manage budget increases, balancing public safety needs with overall fiscal responsibility.

- Commissioner O'Keefe inquired about any additional needs or priorities that were not included in the current budget proposal.

- Commissioner O'Keefe commented that he is happy to support the increase to get more deputies in pods, recalling his recent visit to the jail.

- Commissioner Cummings thanked staff, County Administrator Long, Mr. Morris, and Ms. Bradley for their work in preparing the budget. She emphasized that she would not want to compromise public safety by altering the carefully crafted sheriff's budget. She also inquired about recent citizen interactions and whether they involved recidivism cases.

- Commissioner Cummings expressed support for the proposed pay increase, emphasizing the importance of remaining competitive. She also inquired about measures to ensure the safety of children in schools, in light of recent school shootings.

  - Undersheriff Cave stated that they have one of the oldest relationships with the Leon County Public Schools. He noted that two years ago, they started placing two deputies in schools and highlighted the benefits that have resulted from this initiative.

- Commissioner Cummings commented on the request for four new deputies and asked whether it was driven by increases in crime.
  - Undersheriff Cave responded that it is driven by population growth and the impact that comes with that.

- Commissioner Cummings commented on the request for one new HOST deputy to work specifically with homeless women and girls and address the issues they face. She expressed her desire to hire a HOST deputy for this purpose.
  - Undersheriff Cave responded that they do address the needs of vulnerable populations and noted that this position has a focus on homeless women and children, working in collaboration with their partners.

- Commissioner Cummings stated they would eventually like a report detailing the progress being made in addressing homeless women and girls.
  - Undersheriff Cave stated that it would be possible.

- Commissioner Cumming shared she would be supporting the sheriff's budget.

- Vice-Chairman Caban thanked the Sheriff for the relationship between his office and the County. He commented on their efforts to address illegal gambling in District 2 and stated that increased visibility on Pensacola Street and Highway 20 would be appreciated. He also inquired about the original funding for the Leon County Detention Center.
  - County Administrator Long responded that the project was funded through sales tax revenues.

- Vice-Chairman Caban inquired whether most of the interactions occur within City limits or outside.
  - Undersheriff Cave responded that he would have to get the official numbers, but most arrests happen in City limits.

- Vice-Chairman Caban stated that he appreciated all the work they do and believed they are being fiscally responsible.

- Commissioner Proctor inquired about the status of the re-entry program.
  - Undersheriff Cave stated that the re-entry program is making a positive difference.

- Commissioner Proctor requested an update on the inmate tablets and their removal.
  - Undersheriff Cave clarified that the restriction on electronic tablet access applies only to inmates in administrative custody.

- Commissioner Proctor thanked the Sheriff's Department for all their hard work and commented on the anti-DEI posture of the state of Florida.

- Commissioner Cummings recalled her visits to the detention center over the years in connection with her clients and praised the deputies for their professionalism.

- Chairman Welch noted the extensive budget preparation process and emphasized public understanding of how revenue growth supports Sheriff's Office services. He cautioned that future budgets may face tighter constraints due to potential state legislative action.

The motion carried 7-0.

Item 3. Consideration of Affordable Housing Gap Financing Funding

County Administrator Long shared, as requested by the Board at the January 28, 2025, meeting, this item presented for Board consideration the utilization of general revenue for gap financing of affordable housing projects for very low-income and extremely low-income households. The item also acknowledged the Blueprint Intergovernmental Agency's recent action to provide economic development funding for this purpose and sought Board approval of proposed revisions to the County's State Housing Initiative Partnership Local Housing Assistance Plan to better position the County's existing Rental Development Program to address the affordable housing need of rental housing development projects with gap financing.

Commissioner Maddox moved, seconded by Vice-Chairman Caban, to approve Options #1 and #2. Option #1: Approve the annual allocation of $250,000 in general revenue for gap financing of affordable housing projects for very low- and extremely low-income households.

Option #2: Adopt the Resolution approving revisions to the Leon County State Housing Initiative Partnership Local Housing Assistance Plan for the Rental Development Program.

- Commissioner Maddox recognized those from Capital Area Justice Ministry (CAJM) in the audience and thanked them for working with the Board on this item. He inquired whether SHIP dollars will be available in the future.
  - Assistant County Administrator Shington Lamy responded yes.
- Commissioner O'Keefe thanked staff and CAJM for all their efforts and teamwork.
- Commissioner Minor thanked County staff for their hard work as well as CAJM for their communications over the past few years.
- Vice-Chairman Caban commended staff and Commissioner Maddox for their hard work, noting that Leon County is taking the lead on affordable housing.
- Commissioner Cummings echoed the comments of her colleagues, thanking staff and CAJM. She mentioned this shows the community's commitment to addressing affordable housing.
- Commissioner Maddox reflected on the evolution of the proposal and thanked CAJM for their flexibility throughout the process. He noted that this proposal could serve as a model for other counties to emulate.
- Chairman Welch praised the members of CAJM for their advocacy and their determination. He commended them for being flexible. He also thanked Commissioner O'Keefe for his advocacy.

The motion carried 6- 0 (Commissioner Proctor out of Chambers).

Item 4. Annual Personnel Increases and Disaster Pay Adjustments

County Administrator Long reported that, as requested at the May 27, 2025, Special Meeting, this item provided an analysis of including a 5% cost-of-living adjustment (COLA) for all Leon County and Constitutional employees for FY 2026. Consistent with Board direction at the May 13, 2025, meeting, the item also recommended disaster pay and personnel policy updates to align with FEMA best practices and maximize the County's reimbursement for federally declared disasters.

Commissioner Minor moved, seconded by Commissioner O'Keefe, to approve Options #2 and #3 as amended:

Option #2: Direct staff to bring back the recommended revisions to the Leon County Personnel Policies and Procedures, Section V, Subsection 5.14 – Emergency Guidelines for Compensation, Work Hours, and Work Assignments to match FEMA best practices and maximize the County's reimbursement for federally declared disasters.

Option #3: Approve a 0-5% performance pay increase with an average of 3% for all Leon County Government and Constitutional Officer employees in the FY 2026 Preliminary Budget; and:

To include red lined employees, as along as the County average stays at 3% and include a 5% across-the-board pay increase if the PAO values are greater than anticipated.

Discussion occurred among the Board.

- Commissioner Minor commented on the last three years. Inquired about the standard of personnel increases over the past few years.
    - County Administrator Long responded that Option #3 has been the standard and explained its process

- Commissioner Minor stated it makes sense to return to the policy from four years ago, stressing the importance of performance-based evaluations as a way to reward employees who excel.

- Commissioner O'Keefe noted this would revert to the standard policy, adding that it offers savings while still providing employee increases. He also referenced covering a state-imposed deficit.

- Commissioner Cummings inquired whether Option #3 means some employees might not receive raises. She offered a friendly amendment to include red-lined employees.

- County Administrator Long explained the definition of red-lined employees and noted the flexibility this policy would provide.

- Commissioner Minor stated he would accept Commissioner Cummings's friendly amendment.

- Commissioner Maddox inquired if all employees are paid above standard wage.

- Commissioner Proctor discussed the concept of "merit" and expressed concerns about potential bias in merit-based raises. He pointed to the Sheriff's budget increases and

suggested the County could find $1.4 million for a 5% across-the-board raise. He requested that if PAO values exceed projections, Option #1 be brought back to the Board.

- County Administrator Long responded that he and the County Attorney would be subjected to the same policy.

Commissioner Proctor moved, seconded by Commissioner Cummings, for a substitute motion for Option #1, with the caveat that this option comes back at the July meeting when they get the numbers from the PAO.

- Commissioner Maddox stated the motion could be changed at ratification.
- County Administrator Long stated that this decision is a policy decision of the board. Stating that this is more than just a budget balancing act.
- Commissioner Maddox stated he preferred Options #2 and #3 and began to instruct staff.
- Commissioner Minor and Commissioner O'Keefe both stated they could not support the substitute motion, noting that adjustments could be considered in July if funding becomes available.
- Vice-Chairman Caban expressed conditional support for the substitute motion if staff returned in July with a balanced budget that did not rely on general fund allocations.
- Commissioner Cummings emphasized the value of County employees and asked whether the budget would remain balanced with the raises.
    - County Administrator Long responded that the 5% increase is already included in the preliminary budget, which remains balanced.
- Commissioner Cummings noted that the budget was balanced until the state legislature released its budget, which resulted in an approximately $500,000 shortfall in the county's budget. She stated that the current budget remains balanced, including the 5% raise, and emphasized the meaningful impact this raise would have on county employees.
- Chairman Welch opposed using reserves to balance the budget, calling it poor public policy. He described a 5% across-the-board increase as fiscally irresponsible given current uncertainties and stated he could not support the substitute motion.
- Commissioner Maddox suggested reducing the increase to 2–3% and revisiting the 5% once PAO numbers are known, requesting Commissioner Proctor revert to his original friendly amendment.
- Commissioner Proctor withdrew his substitute motion, and Commissioner Cummings withdrew her second.
- They returned to Commissioner's Minor original motion.

Commissioner Minor moved, seconded by Commissioner O'Keefe, to approve Options #2 and #3 as amended: Option #2: Direct staff to bring back the recommended revisions to the Leon County Personnel Policies and Procedures, Section V, Subsection 5.14 – Emergency Guidelines for Compensation, Work Hours, and Work Assignments to match FEMA best practices and maximize the County's reimbursement for federally declared disasters.

Option #3: Direct the County Administrator to provide an option for 5% raises for County and Constitutional Officer employees for Board consideration at the July 8, 2025, Board of County Commissioners Meeting, contingent upon final property values provided by the Property Appraiser on July 1, 2025, to include, at the supervisor's discretion, employees who are at the top of their respective pay scale.

The motion carried 6-1 (Chairman Welch opposed).

Item 5. Establishing the Maximum Millage Rate for the FY 2026 Tentative Budget

County Administrator Long stated that pursuant to Florida Statutes, the Board is required to establish the maximum millage rates for utilization in the Truth in Millage (TRIM) process.

Commissioner O'Keefe moved, seconded by Commissioner Cummings, to approve Options #1 – 2: Option #1: Establish the maximum countywide millage rate for FY 2026 at 8.3144; and

Option #2: Establish the maximum Emergency Medical Services (EMS) Municipal Services Taxing Unit (MSTU) for FY 2026 at 0.75 mills.

The motion carried 5-1 (Commissioner Maddox out of Chambers and Vice-Chairman Caban opposed).

Adjourn:

There being no further business to come before the Board, the workshop was adjourned at 1:24 p.m.

Lead Staff / Project Team:	Shawnya Hernandez, Management Analyst

Statement of Issue:

This item requests Board approval of the payment of bills and vouchers submitted for September 15, 2025, and pre-approval of payment of bills and vouchers for the period of September 16, 2025, through October 13, 2025.

Fiscal Impact:

This item has a fiscal impact. All funds authorized for the issuance of these checks have been budgeted.

Staff Recommendation:

Option #1: Approve the payment of bills and vouchers submitted for September 15, 2025, and the pre-approval of payment of bills and vouchers for the period of September 16, 2025, through October 13, 2025.

Report and Discussion

Background:

The Office of Management and Budget (OMB) reviews the bills and vouchers printout, submitted for approval during the September 15th meeting, the morning of Friday, September 12, 2025. If, for any reason, any of these bills are not recommended for approval, OMB will notify the Board.

Analysis:

Since the next regular meeting is scheduled for October 14, 2025, it is advisable for the Board to pre-approve payment of the County's bills for September 16, 2025, through October 13, 2025, so that vendors and service providers will not experience hardship because of delays in payment. In the event the Board meeting is cancelled, the payment of bills/vouchers will be approved until the next scheduled meeting. OMB will continue to review the printouts prior to payment; if for any reason OMB questions payment, then payment will be withheld until an inquiry is made and satisfied, or until the next scheduled Board meeting. Copies of the bills/vouchers printout will be available in OMB for review.

Options:

1. Approve the payment of bills and vouchers submitted for September 15, 2025, and the pre-approval of payment of bills and vouchers for the period of September 16, 2025, through October 13, 2025.
2. Do not approve the payment of bills and vouchers submitted for September 15, 2025, and the pre-approval of payment of bills and vouchers for the period of September 16, 2025, through October 13, 2025.
3. Board direction.

Recommendation:

Option #1

Leon County
Board of County Commissioners

Notes for Agenda Item #3

Leon County Board of County Commissioners

Agenda Item #3

September 15, 2025

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Commissioner Appointments to the Housing Finance Authority of Leon County and the Tallahassee-Leon County Commission on the Status of Women & Girls

Review and Approval:	Vincent S. Long, County Administrator
Department / Division Review:	Ken Morris, Assistant County Administrator
Lead Staff / Project Team:	Lisa Davis, Agenda Coordinator

Statement of Issue:

This item seeks Board approval to ratify Commissioners' appointments of citizens to the Housing Finance Authority of Leon County and the Tallahassee-Leon County Commission on the Status of Women & Girls.

Fiscal Impact:

This item has no fiscal impact.

Staff Recommendation:

Option #1: Ratify Commissioner Minor's reappointment of Andrew Gay to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.

Option #2: Ratify Commissioner Maddox's reappointment of Jeffrey Sharkey to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.

Option #3: Ratify Commissioner Proctor's reappointment of Gail Milon to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.

Option #4: Ratify Commissioner Maddox's reappointment of Dr. Michelle Gayle to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.

Option #5: Ratify Commissioner Welch's reappointment of Caroline Pryor to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.

Option #6: Ratify Commissioner O'Keefe's appointment of Melanie Williams to the Tallahassee-Leon County Commission on the Status of Women & Girls for the remainder of a two-year term ending on September 30, 2026.

Option #7: Ratify Commissioner Cummings' appointment of Dr. Linda Groomes to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.

Report and Discussion

Background:

Pursuant to Policy No. 03-15, "Board-Appointed Citizen Committees", a consent item is presented to fill vacancies for individual Commissioner appointment of citizens to Authorities, Boards, Committees, and Councils.

Analysis:

Housing Finance Authority of Leon County (HFA)

Purpose: Encourages investment by private enterprise and stimulates construction and rehabilitation of housing through use of public financing. The Authority is authorized to issue and sell bonds, but first must seek approval of the Board of County Commissioners.

Composition: The HFA is comprised of seven citizen members, with each County Commissioner making one appointment. No less than four members should be knowledgeable in one of the following fields: labor, finance, or commerce. Due to the necessity to have some board members knowledgeable in certain fields, board members may serve consecutive terms with no limitation on their number of terms or reappointment per an amendment to the HFA bylaws dated August 19, 2021.

Certificate: Pursuant to Section 159.605(1), Florida Statutes, a certificate of appointment or reappointment of any member of the Housing Finance Authority shall be filed with the Clerk of the Circuit Court, and the certificate shall be conclusive evidence of the due and proper appointment of the member. The County Attorney's Office recommends the Chairman execute a Certificate of Appointment for each appointed member (Attachments #4, #5, and #6).

Diversity of Current Membership:

Total Seats	Vacant Seats	Gender	Race
7	0	Male – 5 Female – 2	White – 6 Black – 1

Vacancies: The terms for HFA members Gail Milon, Jeffrey Sharkey, and Andrew Gay are due to expire on September 30, 2025. All three members are eligible for reappointment. The Commissioners have reviewed the eligible applications and have selected the applicants listed in Table #1 for their respective appointments.

The remainder of this page intentionally left blank

Table #1: Housing Finance Authority of Leon County

Vacancy *Status*	**Term Expiration**	**Eligible Applicant Application Attachment #**	**Gender – Race**	**Recommended Action**
Andrew Gay *served 3 terms* *Seeking Reappointment*	9/30/2025	1. Andrew Gay	Male – White	Ratify Commissioner Minor's reappointment for a four-year term ending September 30, 2029.
Jeffrey Sharkey *served 4 terms* *Seeking Reappointment*	9/30/2025	2. Jeffrey Sharkey	Male – White	Ratify Commissioner Maddox's reappointment for a four-year term ending September 30, 2029.
Gail Milon *served 4 terms* *Seeking Reappointment*	9/30/2025	3. Gail Milon	Female – Black	Ratify Commissioner Proctor's reappointment for a four-year term ending September 30, 2029.

Tallahassee-Leon County Commission on the Status of Women & Girls (CSWG)

Purpose: The CSWG provides input and recommendations on approaches with which to address issues affecting the women and girls in Tallahassee and Leon County. The Committee's goal is promoting awareness on issues that affect women and girls in the community, including but not limited to discrimination, disparate experiences of diverse women and girls, employment, education, services, health, economic security, access to justice, freedom from violence and more.

Composition: The CSWG has 21 members:

- Seven members appointed by the Board of County Commissioners with each County Commissioner having one appointment;
- seven members appointed by the City Commission; and
- seven members appointed by the CSWG and ratified by the Board of County Commissioners and the City Commission.

Members serve two-year terms, expiring September 30. Members can serve no more than three consecutive full terms.

Diversity of Current Membership:

Total Seats	**Vacant Seats**	**Gender**	**Race**
21	2	Female – 19 Male – 0	Black – 11 White – 4 Hispanic – 1 Not Available – 3

Vacancies: The terms of CSWG members Michelle Gayle and Caroline Pryor are set to expire on September 30, 2025, with both members eligible for and seeking reappointment. Applications and attendance records for Michelle Gayle and Caroline Pryor are included as Attachments #7 and #8, respectively.

CSWG member Natasha Sutherland submitted her resignation effective June 30, 2025. She is the District 5 appointee and her term was set to expire on September 30, 2026. CSWG member Ashley Rogers submitted her resignation effective July 31, 2025. She is the At-Large I appointee and her term was set to expire on September 30, 2025. The Commissioners have reviewed the eligible applications and have selected their respective appointees as listed in Table #2.

Table #2. Tallahassee-Leon County Commission on the Status of Women & Girls

Vacancy *Status*	**Term Expiration**	**Eligible Applicants** **Application Attachment #**	**Gender – Race**	**Recommended Action**
Dr. Michelle Gayle *served 2 terms Seeking reappointment*	9/30/2025	7. Dr. Michelle Gayle	Female – Black	Ratify Commissioner Maddox's reappointment for a two-year term expiring on September 30, 2027.
Caroline Pryor *served 1 full and 1 partial term Seeking reappointment*	9/30/2025	8. Caroline Pryor	Female – Black	Ratify Commissioner Welch's reappointment for a two-year term expiring on September 30, 2027.
Natasha Sutherland *served 1 partial term Resigned*	9/30/2026	9. Melanie Williams	Female – Black	Ratify Commissioner O'Keefe's appointment for the remainder of a two-year term expiring on September 30, 2026.
Ashley Rogers *served 1 partial term Resigned*	9/30/2025	10. Dr. Linda Groomes	Female – Black	Ratify Commissioner Cummings' appointment for a two-year term expiring on September 30, 2027.

There are 18 additional applications which were considered by Commissioners and are included as Attachment #11.

Options:

1. Ratify Commissioner Minor's reappointment of Andrew Gay to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.
2. Ratify Commissioner Maddox's reappointment of Jeffrey Sharkey to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.
3. Ratify Commissioner Proctor's reappointment of Gail Milon to the Housing Finance Authority of Leon County for a four-year term ending September 30, 2029.
4. Ratify Commissioner Maddox's reappointment of Dr. Michelle Gayle to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.
5. Ratify Commissioner Welch's reappointment of Caroline Pryor to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.
6. Ratify Commissioner O'Keefe's appointment of Melanie Williams to the Tallahassee-Leon County Commission on the Status of Women & Girls for the remainder of a two-year term ending on September 30, 2026.
7. Ratify Commissioner Cummings' appointment of Dr. Linda Groomes to the Tallahassee-Leon County Commission on the Status of Women & Girls for a two-year term ending on September 30, 2027.
8. Board direction.

Recommendation:

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *Yes*

If yes, on what Committee(s) are you a member? *Leon County Housing HFA*

Have you served on any previous Leon County committees?* *Yes*

If Yes, on what Committee(s) have you served? *Leon County HFA*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members may not be an officer or employee of the County.

Are you an officer or employee of Leon County? *No*

No less than four members shall be knowledgeable in one of the following fields. Please indicate your area of expertise.

- [ ] Labor
- [x] Finance

Please explain: *I am a CPA in public accounting*

- [ ] Commerce

Members on this Authority must file a Financial Disclosure Form #1 from the Florida Commission on Ethics, per State Statute 112.3145. Financial Disclosure Information - Ethics

Are you willing to file a Financial Disclosure Form? *Yes*

All statements and information provided in this application are true to the best of my knowledge.

Capitol Alliance Group

DR. JEFFREY SHARKEY
AFFORDABLE & WORKFORCE HOUSING CONSULTANT

Dr. Jeffrey Sharkey is **President and CEO** of the **Capitol Alliance Group, Inc**. (CAG), one of Florida's top government relations' firms with extensive experience in strategic issues' management, legislative and state agency policy analysis, and government relations advocacy for a diverse list of private and public-sector clients. He is widely known and respected for his extensive knowledge of the legislative process, in particular the finance and tax and appropriations processes. With over three decades of government relations, public affairs, and business consulting, he has built a network of trusted relationships throughout the highest levels of state government.

The firm has a wide variety of private and public sector clients for whom they consult, but a major focus for 3 decades has been his commitment to affordable and workforce housing policy ang programs.

Dr. Sharkey has decades of experience working with the state legislature, the Florida Housing Finance Corporation (FHFC), local governments, and special districts, as well as private and non-profit developers, to create innovative policies, programs, and strategies for successful development of sustainable workforce affordable housing communities. They work closely with profit and non-profit developers to assist them in securing 9% and 4% low-income housing tax credits as well multifamily revenue bonds and SAIL funding from FHFC.

Dr Sharkey was deeply involved in the creation and passage of every iteration of the Florida Legislature's ***Live Local Act*** since 2022, which helped to provide innovative incentives and dramatically expand multiyear financing for workforce and affordable housing. He is recognized as an expert on this legislation and the other affordable and workforce housing laws in Florida.

The firm has been recognized for its active involvement in creating and interpreting affordable housing policies and program at the state level and advising housing developers and community organizations on the best strategies to acquire multilevel funding to achieve their dreams of building workforce affordable housing. In addition, the firm has worked on the development of sustainable communities and energy efficient homes and neighborhoods, focusing on energy green building practices, energy efficiency audits, and the use of renewable energy technologies in affordable housing.

The firm has an exceptional understanding of major policies and programs, as well as close working relationships with senior leadership, at the Florida Housing Finance Corporation, U.S. Housing and Urban Development Agency, the Department of Economic Opportunity, the Florida Legislature and Governor's office and practical knowledge of

their many funding programs for both rental and ownership affordable and workforce housing. In addition, CAG has been a consultant for dozens of local governments, housing agencies, community redevelopment agencies and others involved in sustainable affordable housing communities. The firm has a proven track record in providing successful financing and development strategies for workforce affordable housing throughout Florida and the Southeastern United States.

Dr. Sharkey has been professionally involved in the development of affordable housing and workforce housing in every area of Florida, from Key West to Pensacola. He has a strong understanding of the unique characteristics of the housing products, resident demographics, building requirements, financing components, and local government regulatory requirements of the housing markets in Florida.

Dr. Sharkey is considered one of Florida's leading consultants for developers of affordable and workforce housing, and has professional experience as an affordable housing developer, project consultant and policy expert on housing issues for the Florida Legislature, League of Cities and Florida Association of Counties. He has represented and consulted with all of the LIHTC housing developers in Florida, has been the lead advocate on state housing policy and housing trust fund issues, and was instrumental in creating the **Live Local Act** as well as other legislation and has been successful in guiding developers and local governments in their successful application for funding of these programs.

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

My resume is not updated. My Financial Empowerment is a new business I have established to address the financial literacy requirements for Leon County and the surrounding areas high schoool graduation requirements.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *Yes*

If yes, on what Committee(s) are you a member? *Housing Finance Authority of Leon County*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members may not be an officer or employee of the County.

Are you an officer or employee of Leon County? *No*

No less than four members shall be knowledgeable in one of the following fields. Please indicate your area of expertise.

- [ ] Labor
- [x] Finance

  Please explain: *I've worked in the area of accounting and finance for over forty years, currently working as a financial consultant.*
- [ ] Commerce

Members on this Authority must file a Financial Disclosure Form #1 from the Florida Commission on Ethics, per State Statute 112.3145. Financial Disclosure Information - Ethics

Are you willing to file a Financial Disclosure Form? *Yes*

All statements and information provided in this application are true to the best of my knowledge.

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *Yes*

If yes, on what Committee(s) are you a member? *Tallahassee-Leon County CSWG*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: *Mrs. Caroline Pryor*

The application was electronically sent: 7/21/2025 9:43:51 AM

PROFILE

I am driven by a passion for program excellence, an ability to adapt to complex environments, and a talent for effective stakeholder communication. My extensive experience and proven abilities make me an ideal candidate for roles that demand strategic thinking, program management expertise, and a dedication to achieving successful outcomes.

WORK EXPERIENCE

PROJECT MANAGER

CUMMINS CEDERBERG, INC. JANUARY 2024- PRESENT

- Monitor project progress, identify potential risks and issues, and implement proactive solutions to mitigate them.
- Implement project management best practices, methodologies, and tools to optimize project delivery efficiency and effectiveness.
- Develop comprehensive project plans, including scope definition, resource allocation, timelines, and risk management strategies.
- Serve as a point of contact for grant management, addressing client concerns, and ensuring client satisfaction throughout the project lifecycle.

MANAGING ASSOCIATE

HAGERTY CONSULTING, INC. FEBRUARY 2022- DECEMBER 2023

- Co-facilitate the implementation and execution of application lifecycles for joint FEMA/HUD funded projects.
- Author State Action Plans to facilitate fund allocation and program justification, ensuring efficient resource utilization.
- Provide technical assistance to clients, enhancing compliance and reporting processes for improved program outcomes.
- Monitor progress for over 100 projects totaling $5 million, proactively identifying and resolving outstanding issues to ensure project success.

MITIGATION PROGRAM MANAGER

FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY MARCH 2021-FEBRUARY 2022

- Managed a portfolio of over $633 million across three grant programs for the State of Florida's CDBG-Mitigation Program, overseeing 100+ grants and promoting resiliency efforts.
- Led a team of 9 employees in the role of Mitigation Manager, ensuring the effective delivery of programs and activities while communicating updates to leadership and providing valuable feedback on progress and potential obstacles.
- Engaged in the formulation of rubrics, standards, and program updates for prospective applicants, awardees, and subrecipients within the CDBG-Mitigation Infrastructure programs, emphasizing compliance standards and potential pitfalls to ensure the timely disbursement of funds.
- Coordinated with agency partners and awardees, completing quarterly reporting and action plan updates as necessary to meet federal compliance measures, while maintaining program awareness to support successful implementation standards for leadership.

EXPERTISE

- Strategic Planning
- Program Delivery
- Project Management
- Technical Assistance
- Program Execution
- CDBG-DR Action Plans

WORK EXPERIENCE

MITIGATION PROGRAM ANALYST

FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY SEPTEMBER 2019-MARCH 2021

- Proactively informed stakeholders about grant funding opportunities by organizing and conducting informative webinars and community meetings.
- Demonstrated strong strategic thinking by devising and implementing communication strategies to promote program transparency.
- Utilized a systematic approach to evaluate and determine funding allocation awardees, helping to identify and support projects with the highest potential for impact.
- Maintained vigilant oversight of program progress, ensuring that funds were expended efficiently and in accordance with established timelines.

ENGLISH TEACHING ASSISTANT

THE FULBRIGHT PROGRAM SEPTEMBER 2018-JUNE 2019

- Taught English courses in American culture, Reading Comprehension, and Mass Media, promoting language proficiency and cultural awareness.
- Acted as a cultural liaison, facilitating cross-cultural exchanges and mutual understanding between the United States and the local community.
- Presented at educational and cultural conferences, contributing thought leadership on educational systems and cultural differences.
- Coordinated monthly events as the English Resource Center Coordinator, creating a vibrant and supportive English-learning environment.

STAFF ASSISTANT

FLORIDA DEPARTMENT OF REVENUE AUGUST 2015-MAY 2018

- Managed procurement operations by purchasing essential supplies for the Technology Management team through MyFloridaMarketPlace, utilizing state-issued P Cards.
- Maintained financial accuracy by diligently reconciling P Card and T Card charges in the FLAIR system.
- Streamlined IT support operations by promptly assigning IT requests to the Technology Management team.

REVENUE SPECIALIST

FLORIDA DEPARTMENT OF REVENUE MARCH 2015-AUGUST 2015

- Ensured the accuracy of employer records by meticulously processing updates using the online CAMS system.
- Exemplified a commitment to excellent customer service by consistently adhering to the Department of Revenue's ethics policies.
- Proactively managed cases by diligently following up to ensure the prompt issuance of income withholding orders.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: Mrs. Melanie M Andrade Williams

The application was electronically sent: 8/22/2025 10:59:31 AM

Melanie Andrade Williams

Tallahassee, FL 32312 • 8509999059 • melaniewilliams.mmw@gmail.com

Summary

Persistent leader with a strong desire to drive and advance organizations, aiming to create a lasting impact on healthcare equity in Florida. Expertise in strategic planning, problem-solving, and effective communication, with a deep understanding of Florida's political and legislative landscape, project management, and team leadership. Collaborative and possessing a relentless work ethic.

Work History

Policy Director, 07/2025 to Current
Florida Health Justice Project – Tallahassee, FL

- Champion innovative solutions to complex problems, driving positive change within the organization.
- Lead the development and execution of FHJP's annual policy priorities and advocacy campaigns to positively impact over 1 million Floridians in the healthcare coverage gap.
- Cultivate and maintain relationships with policymakers, agency officials, and legislative staff in Tallahassee and Washington, D.C.
- Represent FHJP in coalitions, policy roundtables, and public forums
- Partner with FHJP attorneys, communications staff, and contractors to align advocacy with litigation and narrative strategy
- Collaborate on the creation of fact sheets, op-eds, advocacy toolkits, and legislative summaries

Principal Strategist, 09/2020 to Current
MWRD Consulting – Tallahassee, FL

- Create comprehensive community engagement, outreach, and strategic campaign goals, strategies, and plans.
- Examine resource utilization and identify opportunities to streamline processes, reduce waste, and save money through improved program operations.
- Establish and maintain partnerships with community organizations to promote education and awareness programs.
- Engage in professional networking to maintain strong relationships with lawmakers, community stakeholders, and communications and media professionals to drive partnerships and effective dissemination of mass communications.

Legislative Associate, 01/2025 to 06/2025
Equal Ground – Tallahassee, FL
● Developed and implemented strategies to support or oppose key legislation aligned with the organization's mission.
● Monitored and analyzed legislation, committee meetings, and policy developments.
● Planned and executed Equal Ground Day at the Capitol, including securing venues/vendors, coordinating meetings with legislators and partners, and managing logistics.

Policy Consultant, 12/2024 to 06/2025
Southern Birth Justice Network – Florida
• Advocate for maternal and fetal health through a holistic lens focused on reproductive justice, to shape public policy in alignment with organizational goals.
• Collaborate with community stakeholders and lawmakers to develop strategies for effective policy implementation.
• Analyze and interpret data to inform policy recommendations.
• Represent the organization in public forums, meetings and events, at the state and local level, to promote reproductive and birth justice policy initiatives.

Florida Black Vote Director, 07/2024 to 11/2024
Harris for President – Tallahassee, FL

- Developed strategy and programs for effective constituent engagement by providing strategic support to senior leadership to engage with various constituency partner groups in key regions of the state.
- Supported the political department around opportunities for growth and development in its diversity-focused initiatives.
- Tracked the demographic landscape(s) related to electoral and issue organizing; monitored demographic and political trends; and prepared background materials and other documents as necessary.

Legislative Manager, 01/2022 to 05/2024
Planned Parenthood Of South, East & North Florida – Tallahassee, FL

- Managed budgets effectively, and facilitated successful cross-functional collaborations for the completion of key projects, fostering strong working relationships among team members.
- Influenced government and public policy decision-making by providing expert advice and data-driven recommendations.
- Collaborated with coalition partners statewide to develop strategic plans, meeting agendas and to facilitate meetings and activities.

Customer Accounts Specialist, 10/2015 to 08/2020
City Of Tallahassee – Tallahassee, FL

• Developed and managed a comprehensive feedback system to gather insights from customers, employees, and stakeholders, leading to data-driven improvements in customer support services and internal processes.
• Facilitated cross-functional collaboration between customer support, IT, and operations departments to streamline processes and enhance service delivery for the City of Tallahassee.
• Analyzed customer feedback data to identify trends and opportunities for process improvements, ultimately increasing customer satisfaction levels and loyalty.

Organizer, 03/2015 to 05/2015
Faith In Florida – Tallahassee, FL

- Worked to develop grassroots campaign infrastructure and recruit volunteers and leaders.
- Strategized and executed volunteer training program for statewide issue-based petition campaign.
- Recruited over a dozen volunteers to engage community members on pertinent issues.
- Managed interns and volunteers to help reach daily campaign goals and metrics.
- Collaborated with coalition partners statewide to implement an effective political campaign.

Co-Founder, 08/2012 to 04/2015
Dream Defenders – Tallahassee, FL

- Developed a state-wide human rights organization, organizing college students and community stakeholders to engage in the political process during legislative sessions, election cycles and throughout the year.
- Represented the organization in high level dialogue with key elected officials on major public policy and campaign initiatives.
- Developed and implemented strategic partnerships with other social justice organizations, advocacy groups, and community leaders to amplify the impact and reach of Dream Defenders' initiatives.
- Collaborated with a statewide team to lead development and training opportunities for constituents.

Field Organizer, 08/2014 to 11/2014
Florida Democratic Party – Tallahassee, FL

- Advised a Congressional campaign on policy, communications, and constituent relations strategies.
- Recruited trained, and managed a team of volunteers, resulting in increased campaign outreach and impact.
- Organized town hall meetings featuring the candidate, fostering direct dialogue between voters and the campaign team.

- Provided timely updates to campaign headquarters on progress towards goals, enabling informed decision making.

Campus Organizer, 03/2014 to 05/2014
Florida AFL-CIO – Tallahassee, FL

- Designed and implemented messaging, voter contact and grassroots strategies for a successful state legislative strategy.
- Increased membership in the Working Families Lobby Corps initiative through effective recruitment strategies and targeted outreach efforts.
- Assisted in crafting persuasive policy positions that resonated with a wide range of constituents.
- Established productive partnerships with community organizations and interest groups, fostering long-term support for political candidates or causes.

Dr. Linda Groomes

Author, Consultant, Trainer, Coach

Linda Groomes Consulting, LLC
groomeslinda@gmail.com
480-531-3980

Dr. Linda Groomes, President & CEO of Linda Groomes Consulting, is a seasoned veteran specializing in DEI consulting, organization development and executive coaching. She has demonstrated her leadership skills in the public, private and nonprofit sectors during her tenure at Hallmark Cards, LGC Enterprises, City of Scottsdale and Achieving My Purpose.

Linda was the Founder and CEO of Achieving My Purpose, a nonprofit organization whose mission was to help women of color create life plans that led to fulfilling careers, healthy personal lives, and rewarding relationships while providing meaningful contributions to their communities. Through 10 years of supporting young women, ages 18-30, actualizing their true purpose, AMP offered services to over 700 women, empowering them through leadership programs, mentoring and coaching.

Linda operated her own business, LGC Enterprises, for over 30 years. Under her leadership, LGC established itself as an international management consulting firm specializing in diversity and organizational development with clients throughout the United States. She has developed strategies for major corporations, educational institutions, government entities, and nonprofit organizations. She has conducted training in numerous countries including the United Kingdom, Germany, Japan and Italy. Clients include Arizona School of the Arts, Nonprofit Lifecycle Institute, NCAA, Anti-Defamation League, Department of Defense, Florida Department of Law Enforcement, National Association of Insurance Commissioners (NAIC), Valley of the Sun United Way, Valley of the Sun YMCA, to name a few.

At the City of Scottsdale, Linda was an Economic Development Specialist where she coordinated and developed programs which enhanced and promoted economic development within Scottsdale, Arizona. Prior to that assignment, she provided strategic consulting, organizational development and training for employees of the City.

Linda directed Hallmark Cards' diversity efforts for over eight years where she was responsible for directing and executing corporate programs including hiring and development of women and people of color, identifying and advising minority retailers in the personal communication business, coordinating the supplier diversity program, and community relations. Prior to this assignment, Linda directed financial analyses and budget planning for the Sales Division.

She is a certified coach, consultant and trainer. Dr. Groomes completed her Ph.D in Psychology at Grand Canyon University, holds an MBA in Finance from Indiana University, a BS in Mathematics from Florida State University and a Certificate of Continuing Education from The Tuck School of Business Executive Program.

Dr. Groomes is the author of a book, "Lessons to Share with the Daughter I Never Had". She also wrote an article on the relevance of diversity for America West in-flight magazine.

STRATEGIC COMMUNICATIONS EXECUTIVE ■ TRANSFORMATIVE STORYTELLER

Strategic communications executive with 17+ years of expertise orchestrating policy narratives, stakeholder engagement strategies, and cross-functional government relations initiatives. Demonstrated excellence in translating complex regulatory frameworks into compelling communications that drive policy adoption and stakeholder alignment. Adept at navigating federal, state, and local government environments while building high-performing teams that consistently exceed performance targets. Recognized with multiple U.S. Department of Transportation Secretary's Awards for communications leadership.

STRATEGIC CAPABILITIES: Policy & Regulatory Communications ■ Government Relations (Federal/State/Local) ■ Cross-Functional Leadership ■ Crisis Communications & Rapid Response ■ Strategic Narrative Development ■ Public Policy Advocacy ■ Stakeholder Engagement ■ Brand Management ■ Contract Administration ■ Digital Communications ■ Team Development ■ Budget Oversight

CAREER HIGHLIGHTS

Marketing and Outreach Program Manager, Office of Technical Services ■ April 2020 – Present
FEDERAL HIGHWAY ADMINISTRATION (US DOT) ■ Tallahassee, FL
Federal agency responsible for administering $60+ billion in national transportation programs and policy initiatives.

Lead nationwide communications strategy for federal transportation initiatives, directing 51 teams across all states and territories. Supervise cross-functional marketing team of 8 specialists, including senior communications experts, graphic designers, instructional designers, and multimedia professionals. Manage federal contracts through the full lifecycle, including pre-award, execution, and closeout.

Strategic Leadership & Policy Communications

- **Direct comprehensive national stakeholder engagement strategy** by leading 51 state-based teams, driving consistent messaging and policy implementation across diverse geographic and political environments.
- **Transformed innovation recognition program** by developing targeted outreach campaigns that increased nationwide participation from 10 to 86 submissions within two years, creating a sustainable pipeline for transportation technology advancement.
- **Established data-driven performance assessment framework** through creation of "Driving Innovation Forward" report, improving program participation from 50% to 100% across all 51 training centers.

Government Relations & Stakeholder Management

- **Expanded adoption of workforce development initiative from 6 to 43 states** through strategic government relations approach, public policy advocacy, and development of a comprehensive implementation playbook.
- **Orchestrated systematic growth of subscriber database from 9,000 to 104,000** through targeted stakeholder engagement initiatives, significantly expanding reach of policy communications.
- **Serve as lead government relations strategist,** collaborating with federal, state, and local partners to advance national initiatives and drive policy implementation across jurisdictional boundaries.

Innovative Communications Leadership

- **Pioneered agency's first mobile application development** by securing executive approval, coordinating a cross-functional implementation team, and generating 12,000+ downloads in the first quarter of launch.
- **Developed a comprehensive brand management framework,** ensuring consistent messaging and visual identity across all communications channels, significantly enhancing recognition among stakeholders.
- **Lead multi-channel communications strategy** including website management, social media campaigns, press releases, quarterly newsletter distribution to 100,000+ subscribers, and development of two industry magazines.

Marketing and Communications Specialist, Florida Division ■ Sep 2007 – Apr 2020
FEDERAL HIGHWAY ADMINISTRATION (US DOT) ■ Tallahassee, FL
Led Florida state specific and national communications, marketing, and strategic planning initiatives. Served as media liaison and coordinated legislative inquiries for projects of national significance.

Policy Implementation & Stakeholder Engagement

- **Accelerated nationwide adoption of automated traffic signal technology** from 12 to 26+ states through comprehensive communications strategy and targeted stakeholder outreach.
- **Served as key policy communications strategist** for risk-based federal aid program delivery, ensuring consistent messaging and stakeholder understanding across complex regulatory frameworks.
- **Led Division's annual strategic planning process,** including program assessments, risk evaluation, and performance measurement, establishing a framework that improved program execution efficiency.

Trinette D. Ballard ■ 423-227-5402 ■ triball106@gmail.com

Crisis Communications & Multi-Stakeholder Leadership

- **Led crisis communications during multiple natural disasters** as part of the Federal Emergency Response Team, receiving two U.S. DOT Secretary's Awards for excellence in emergency communications.
- **Coordinated high-profile legislative inquiries and briefings** for Congress and senior officials on transportation initiatives of national significance, ensuring consistent messaging on complex policy matters.

Cross-Functional National Leadership

- **Established African American Leaders in Transportation employee resource group** and grew membership to 300+ participants across multiple federal transportation agencies, earning the Administrator's Award for Diversity and Inclusion.
- **Developed national 'playbook' for workforce development,** serving as catalyst for agency's Workforce Development Partnership initiative, addressing critical skilled worker shortages in transportation sector.
- **Created and implemented comprehensive marketing campaigns** to increase brand awareness, collaborating with internal teams including public affairs, finance, planning, engineering, and legal.

Public Relations Manager ■ **CHATTANOOGA ZOO** ■ Chattanooga, TN ■ Jan 2003 – Dec 2006
Premier zoological facility focused on conservation, education, and family engagement.

Directed comprehensive public relations strategy for growing zoological facility. Managed media relations, publicity campaigns, and community outreach initiatives.

- **Secured national television coverage** by developing and pitching a proposal to Animal Planet Network, generating a significant attendance increase for the new Red Panda exhibit.
- **Led publicity campaigns for major fundraising events** including "Spirits in the Wild," "Boo at the Zoo," and "Banana Ball," maximizing community participation and donation revenue.

Communications Manager ■ **CITY OF CHATTANOOGA** ■ Chattanooga, TN ■ Feb 2000 – Sep 2005
Municipal government serving 180,000+ residents with comprehensive urban services.

Led "Outdoor Chattanooga" marketing initiative through extensive stakeholder engagement, establishing branding that later contributed to National Park City designation.

Television News Producer ■ **WRCB TV-3 (NBC AFFILIATE)** ■ Chattanooga, TN ■ Jan 1994 – Feb 2000
Leading television news broadcaster in the Chattanooga metropolitan market.

Transformed ratings performance by restructuring news lineup and implementing quality control processes, elevating newscast from distant second to **#1 Nielsen rating** position within 6 months.

EDUCATION

Juris Master, Legal Risk Management, Contracting and Compliance ■ Florida St. University College of Law ■ Tallahassee, FL, 2024
Recipient of Congressional Black Caucus Scholarship (2022) | Academic Achievement Award for Highest Honors (4.2 GPA)
Inducted into Omicron Delta Kappa professional leadership organization (Legacy Member)

Master of Public Administration ■ University of Tennessee at Chattanooga ■ Chattanooga, TN
Recipient of Outstanding Graduate Student Award | Awarded Housing and Urban Development Fellowship

Bachelor of Arts in Journalism ■ University of Tennessee at Chattanooga ■ Chattanooga, TN

Professional Certification, Public Performance Management ■ Rutgers University

CERTIFICATIONS & PROFESSIONAL AFFILIATIONS

Federal Contracting Officer's Representative (COR) – Federal Acquisition Institute ■ **National Association of Government Communicators –** Awards Committee Judge (2009–Present) ■ **Conference of Minority Transportation Officials** ■ **Tallahassee Parks and Recreation Advisory Board –** Board Member and Vice Chair (3-year term).
Delta Sigma Theta Sorority, Inc's Academy – Mentor to Middle School girls.

HONORS & AWARDS

Outstanding Performance Award (2024, 2021, 2018) ■ Administrator's Award for Diversity and Inclusion (2024, 2021, 2019, 2018, 2017) ■ Administrator's Team Award for National Mental Health Initiative (2022) ■ Administrator's Award for Workforce Development Program (2019) ■ Program Management Analyst of the Year Award (2018) ■ U.S. DOT Secretary's Award – Federal Emergency Response Team, Hurricane Irma (2018) ■ U.S. DOT Secretary's Award – Federal Emergency Response Team, Hurricane Matthew (2017) ■ FHWA Corporate Award – Every Day Counts Team (2017)

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

I'm very much interested in the position on the Citizen Committee for the status of women and girls in the Tallahassee community. To provide ideas, new approaches for the increase of supportive services. With the numerous contributable abilites that I possess, in this position, I will help create and build on already established support services within the community for women and girls within the Tallahassee Community.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

- Administered program evaluations to participants for the purpose of gauging the effectiveness of the events.
- Created campus-wide campaigns for issues affecting the female student body through the production of promotional and media materials.
- Marketed programs on campus by posting event correspondence on social media outlets and posting flyers on campus.

REFERENCES AVAILABLE UPON REQUEST

LEON COUNTY GOVERNMENT
PUBLIC RECORDS EXEMPTION REQUEST

Florida law allows eligible persons and their employing agencies to request in writing that a non-employing agency maintain as exempt from public disclosure certain identification and/or location information contained in records within the agency's custody. If an employing agency is requesting for the employee, add agency name, and requester's name and title to the signature line.

NOTE: The officer, employee, justice, judge, other person *entitled* to the exemption, or employing agency of the designated employee, must submit this written and notarized request directly to the public records custodian for the agency to maintain the exemption for the records in its custody. Under Florida law, for certain exemptions this request must state under oath the statutory basis for the individual's exemption request and confirm the individual's status as a party eligible for exempt status. For records in the custody of the Leon County Board of County Commissioners and County Commission Departments, please return this completed form or a written notarized request directly to: Leon County Attorney's Office, Attn: Legal Records Manager, Leon County Courthouse, 301 S. Monroe Street, Ste. 202, Tallahassee, FL 32301 or by email to BOCCPublicRecordsRequests@leoncountyfl.gov. To have an exemption maintained in the records in the custody of any other agency, please contact that agency directly for information on how to make a written request.

If your spouse and/or children are subject to your exemption (not applicable for victim of battery, abuse, harassment, or stalking or for participant in address confidentiality program), please check here ☐ and attach a page with the name, date of birth, and relationship of each to assist in identifying each person in any public records within the custody of the County.

I hereby request exemption maintenance by the County based on the following category/categories for which I qualify (Check appropriate box):

Department(s) known to possess records (if applicable): County Admin - Committee Application

Check all that apply:

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: *Ms. Keitia France*

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

The Tallahassee-Leon County Commission on the Status of Women & Girls is a position that interests me. I've had the opportunity to meet and interact with a lot of women from various walks of life thanks to my desire and tenacity. I've discovered that I'm more than just a hair expert and strategist; I've also served as a sounding board, confidante, encourager, motivator, and safe haven for others. My background in marketing, dealing with women, and resolving disputes has given me the tools I need to succeed. I have a strong desire to use cutting-edge tactics and data to promote collaboration and diversity. I am aware of how crucial a productive, knowledgeable, and varied team is to success, and there is no other group of business experts I would want to collaborate with than those in charge of the women and girls projects in Leon County. I am confident that I would be a valuable addition to the team because I am 36 years old, have experience in a variety of industries, and have been self-employed for many years. I sincerely appreciate your attention and time.

20 hours per week

PROGRAM MANAGEMENT: Planned, managed, and evaluated the public health grants and contracts funded by Florida Blue Foundation. Reviewed and approved grant proposals and evaluated public health programs/projects to ensure that deliverables are met. Offered technical assistance and feedback to grantees regarding success and challenges related to grant deliverables. Collaborated with leadership and grantees to collect and interpret program data to demonstrate measurable program/project outcomes in the Tallahassee community.

COMMUNITY ENGAGEMENT: Maximized engagement with public & private sector stakeholders and local community-based organizations to identify best practices and implementation of policies, local health and wellness programs, and youth leadership initiatives to reduce and prevent childhood obesity and food insecurity.

KEY ACCOMPLISHMENTS

- Maintained regulatory compliance at 100% by facilitating grant management processes and preparing quarterly reports as per guidelines.
- Served as a planning team member and led a Childhood Obesity Prevention Initiative on a $2M grant.
- Offered grant administration and management support to 60 grantees.
- Engaged and collaborated with public and private organizations in developing diverse partnerships that addressed childhood obesity and reduced food insecurity by 7%.
- Planned and coordinated community outreach events, training, and workshops that inspired 150,000+ children and families to increase physical activity and adopt healthy eating habits.

ADDITIONAL WORK HISTORY

GRADUATE RESEARCH ASSISTANT
Florida A & M University | Tallahassee, FL | 2016-2021

- Functioned with leadership teams to engage both public and private organizations in developing diverse partnerships to address childhood obesity and food insecurity.
- Scheduled qualitative interviews with study participants
- Collected projected data and transcribed qualitative interviews
- Conducted search or review of existing literature and data related to childhood obesity and food insecurity
- Supported project staff in literature reviews, planning, and data compilation
- Presented summaries and research findings

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: Ms. Robbya Reneea Green-Weir

The application was electronically sent: 6/2/2025 9:32:05 AM

PROFILE

Award-winning academician, researcher, and program director offering 30+ years in the health administration industry, 20 years teaching at undergraduate and graduate levels for both public and private institutions, and 10 years providing professional healthcare consulting to businesses, nonprofits and organizations. Recognized for delivering innovative, engaging, memorable, and impactful experiential learning; dedicated to impacting generation of future leaders. Researcher whose projects center on equity in healthcare delivery and outcomes – committed to marginalized, underserved populations. History of engaging nonprofits, faith-based organizations, government, healthcare systems, and the corporate community.

- Healthcare Administration
- Healthcare Program Management
- Program Planning & Development
- Community Health Programs
- Strategic Planning & Marketing
- Project Management
- Academic Research & Evaluation
- Corporate Partnerships
- Graduate & Undergraduate Teaching
- Administrative Leadership
- Curriculum Development
- Experiential Learning
- Student Advising
- Student Professional Development
- Grant Applications
- Proposal Development
- Diversity Management
- Organizational Change

HIGHLIGHTS

☑ Proven performance in **administrative leadership**, having contributed to winning CHAME accreditation, a 1st for an HBCU at the graduate level; and participated on faculty team for AUPHA recertification.

☑ Drive **program development and management** to create and serve a healthy community. Implemented $1M Journey To Wellness initiative, engaging 17 community partners and 21 churches in health education programs. Steered launch of Healthcare For The Homeless program, in partnership with Detroit Agency on Aging and AARP.

☑ Certified in **diversity management**. Implemented all-encompassing diversity initiatives impacting an entire health system. Collaborated with President/CEO, and Chief Diversity Officer to incorporate diversity into policies and programming. Instrumentally contributed to Henry Ford Health System winning its 1st Diversity, Inc. award.

EXPERIENCE IN ACADEMIA

FLORIDA AGRICULTURE & MECHANICAL UNIVERSITY (FLORIDA A&M) | Tallahassee, FL **2018 to Present**

Only public, historically Black land-grant university in FL; 3rd-largest historically Black university in US, serving 10,000 students.

Assistant Professor, Division of Health Care Management: Provide direct classroom instruction in undergraduate and graduate health care management courses: Strategic Planning & Marketing, Quality Improvement, Case Analysis, Human Resources, Organizational Theory, and Capstone. Lead students in experiential learning. Hold 1:1 sessions with students every week.

- Created quality improvement lab assignment for students to formulate detailed quality improvement proposals impacting a process or procedure in their workplace.
- Enhanced professional development activities for students, by raising number and caliber of professional speakers visiting campus and identifying high-impact professional networking events.
- Integrally contributed to faculty team that achieved CAHME accreditation, garnering the only such accreditation nationwide, constituting a 1st for an HBCU at the graduate level.
- Participate on faculty team for AUPHA recertification, by writing 13 of the 26 sections of recertification document and collaborating with division director to ensure other faculty are writing their assigned sections.

Undergraduate Program Coordinator **2019**
Graduate Program Coordinator **2023**
Hand-selected for this administrative leadership role, largely due to 30+ years of experience in the field. In addition to teaching at undergraduate and graduate levels, provided academic and administrative guidance to students in Health Services Administration and seamless BS to MS program. Integrally guided strategic planning for accreditation, regulatory, and instructional components of program, and formulate program policy and procedure.

Graduate Admissions Coordinator **2023**
Review Master in Health Administration applications and select applicants for panel interviews according to Program criteria. Oversee the scoring process from faculty. Notify applicants of acceptance into the Program. Manage new MHA student onboarding.

SERVICE

University

- University committees including Big Bend-FAMU-FSU IPE, Oversight Committee; and Pharmacy IPE. Title IX and Student Conduct hearing panels. Volunteered at the COVID testing site with members of the Student Health Care Management Association and FAMU Developmental Research School. Facilitation a Ghana art donation to Meek Eaton Black Archives.
- School of Allied Health Sciences committees including Curriculum, International Planning, Research/Scholarship Productivity, Social, Grievance, Recruitment, Faculty Orientation, and Search Committee for Divisions of Health Science and Health Care Management. As a member of the International Planning committee I collaborated with an Andrew W. Mellon Foundation-funded partnership between African Studies Center at Michigan State University and the Stellenbosch University Museum at Stellenbosch University to provide international opportunities to The Division of Health Care Management undergraduate and graduate students during COVID.
- Division of Health Care Management Committees Serve as Faculty Adviser to the undergraduate Student Health Care Management Association, Graduate Student Association in Health Administration, and Epsilon Phi Delta Honor Society; Mentorship Program Coordinator, and Chair the Graduate Student Academic Progression for the MHA Program.

Community

- Statistical Applications
- HCS380 - Healthcare Financial Accounting
- HCS 451 - Healthcare Quality Management & Outcomes Analysis
- Health Law & Ethics

EXPERIENCE IN HEALTH ADMINISTRATION

HENRY FORD HEALTH SYSTEM | Detroit, MI **1993 to 2010**

Not-for-profit integrated healthcare system providing acute, specialty, primary, and preventive care services to 3.3 million patients annually. With 31,600 employees, among the largest and most diverse employers in metro Detroit. $8.5M net revenue.

Director of Community Engagement (2009 to 2010): Advanced to this role to strategically guide 30+ nonprofits, faith-based organizations, local government, healthcare systems, health-related industries, and academia throughout the community in initiatives to create, support, and serve a healthy community. Innovated programming that advanced the primary goal while positioning Henry Ford as responsible corporate citizen.

- Designed, developed, and implemented $1M Journey to Wellness initiative, engaging 17 community partners and 21 churches in health education programs related to Henry Ford's core health care services.
  - Structured 9-week program to assess individuals' health goals and presented education addressing top diseases and conditions avoidable yet prevalent in African-American community.
  - Culminated with health fair inviting participants to have nutrition, stress management, and cardiovascular risk factors evaluated, and celebrated those who had improved towards their health goals
  - Journey To Wellness was featured at the 2006 International Coaching Federation Annual Conference, St. Louis, MO. Program also Received the Henry Ford Health System Focus on People award, 2005.

Director of Organization & Community Partnerships (2004 to 2009): In Office of System Diversity, conceptualized, planned, and executed all-encompassing diversity initiatives. Collaborated with President, CEO, and Chief Diversity Officer to incorporate diversity into policies and programming. Communicated with leaders regarding their vision for how their specific diversity needs realized would actually manifest in the organization. Scope also encompassed leading task force on organizational change. Also, cultivated corporate-community partnerships to marshal and leverage community resources.

- Directed task force in 1st-of-its-kind initiative for Henry Ford to collect race, ethnicity, primary language, and religion data, deepening organizational knowledge regarding the population being served.
  - Piloted project and leveraged data for future development of relevant health care programs and services, and optimize clinical provider mix to reflect the community.
  - Partnered with IT and HR to establish infrastructure to effectively track data, providing transparency to director-level decision makers across the health care system, and improving both the employee and patient experience.
- Instrumentally contributed to Henry Ford winning its 1st Diversity, Inc. award, in recognition of the health care system's initiatives impacting diversity, equity, and inclusion.
- Orchestrated system-wide fundraising initiative in which 200+ employees participated with UNCF to raise more than $44K to support 39 HBCUs.
- Provided technical assistance to church pastor within Progressive Baptist Church convention who had vision to provide health care services to community.
  - Completed community assessment, identified 5 church partners, and outlined criteria to purchase building for health care center.
  - Designed healthcare model for their site to serve residents in depressed area of east side of Detroit.

Research Associate Supervisor (2002 to 2004): Coordinated research leading to grant awards of nearly $42M. Oversaw 6 research staff and students, which involved developing production schedules, monitoring data collection and entry, defining QA guidelines, and verifying product delivery.

- Directed innovative $5M project to coordinate 13 school-based health systems, allowing them to bill for services.
- Integrally contributed to establishing Healthcare for The Homeless program, building collaborative relationships with Voices of Detroit to establish medical home for indigent individuals who otherwise sought ER treatment.
  - Formulated hospital's charity care policy.
  - Strengthened referral relationships with Cabrini Clinic and local health department.
  - Henry Ford also launched another medical center on the east side of Detroit, to relieve pressure on the ER.
  - Program also provided for evaluation of health care safety net systems to support Federally Qualified Health centers (FQHC).
- Orchestrated Perceptions of Chest Pain Differ by Race project that evolved ER triage processes for African- Americans presenting gastro complications, which could be indicative of cardiac arrest.
  - Led medical residents and nursing students in research initiative to understand why African-American heart attack patients experienced poorer health care outcomes.
  - Translated research findings into operations. Conferred with ER clinicians and hospital leadership, and presented the data to inform their decision making on how to optimally modify triage practices to reduce negative outcomes.

Senior Project Coordinator (1993 to 2002): Directed medical residents and nursing students conducting comprehensive national and local research studies on diverse populations, with the primary objective of providing leadership with ethnic group

data to support data-driven strategies to improve healthcare system performance. Interfaced with 3 advisory panels (Hawaii, New Mexico, and US) comprised of community leaders and technical experts.

- Formulated Minority Report Card specifying 5-year historical data indicating African-American patients' treatment outcomes for asthma, diabetes, and prostate cancer.
- Research into Health Alliance Plan (HAP) HEDIS rates by race noted disparities, which led to implementing program to improve breast cancer screening rates for African-American women. HAP subsequently garnered NCQA Quality Assurance Award.

EDUCATION

Ph.D., Educational Leadership | Eastern Michigan University 2019
Graduate Certificate, Community Medicine Research and Evaluation | Wayne State University 2000
Master of Science, Health Services Administration | Central Michigan University 1986
Bachelor of Science, Speech Therapy & Audiology | University of Michigan 1978

Certificate, Social Problems with Human-centered Integrative Design | Stanford University 2023
Association of College and University Educators (ACUE) 2022
National Center for Faculty Development and Diversity (NCFDD) 2022
Certification, Diversity Management | Cornell University 2009
Multicultural Leadership Series | New Detroit, Inc. 2007

COMMUNITY PROJECTS

DETROIT FAMILY CAREGIVERS' PROJECT | Detroit, MI **Mar 2021 to Present**

Integrally contributed to privately-funded $230K Caregiving, Healing & Living Well program, a multi-phase project to train and support 100 culturally-competent church congregants from across Detroit religious community to serve as liaisons, advocates, and resources for caregiver health and wellbeing. Comprehensive program features training, workshops, and materials for participants. Structured focus group process for Institutional Review Board. Cultivated partnerships with Detroit Agency on Aging and AARP.

ASCENSION HEALTH SYSTEM | Detroit, MI **2010 to 2012**

Integrally led design and implementation of $2M Enterprising Health initiative, a business accelerator and competition for social entrepreneurs, featuring innovative solutions to improve health in Detroit and surrounding communities. Initiative garnered 200 participants across 48 businesses; 13 were selected for proof-of-concept funding; 4 were selected for development funding. Merited award from Crain's Detroit Business.

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *Yes*

If Yes, on what Committee(s) have you served? *Code Enforcement Board*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: *Ms. Kim Grippa*

The application was electronically sent: 3/11/2024 10:19:03 AM

KIMBERLY A. GRIPPA

www.linkedin.com/in/kim-grippa-b0561a19 | kimgrippalaw@gmail.com | (386) 871–2973

Attorney and mediator with extensive experience in negotiating, drafting, and managing contracts in the private, public, and nonprofit sectors. Skilled manager with demonstrated success in operational efficiency, project management, and building relationships with cross-functional teams to drive business growth.

EXPERIENCE

KIMBERLY GRIPPA, PLLC, Tallahassee, FL — May 2023 — present
Attorney/Mediator — January 2020 – February 2022
Provide advisory, mediation, and legal services to corporate clients in the insurance, transportation, and food manufacturing industries.

- Serve as outside general counsel to RYZE Claim Solutions, a multi–state corporation that provides claims management and insurance adjusting services
- Draft employment contracts, responses to requests for proposal, commercial leases, vendor services agreements, nondisclosure and noncompete agreements, and settlement agreements
- Advise senior executives on employee hiring, termination, and disciplinary matters as well as state and federal regulatory matters
- Oversee litigation and arbitration on breach of contract and employment discrimination claims

INSTITUTE FOR NONPROFIT INNOVATION & EXCELLENCE, Tallahassee, FL
Management Consultant — August 2023 – December 2023
Advised Board of Directors on capacity building strategies and managed existing training contracts and government grants.
Executive Director — February 2022 – April 2023
Managed all operational aspects of membership organization with a mission to strengthen the capacity and impact of the nonprofit sector through education, collaboration, and advocacy.

- Secured an unprecedented amount of contract training dollars in my first year
- Negotiated, drafted, and managed government contracts and grants
- Selected by the Children's Services Council through a competitive Invitation to Negotiate process to design and implement customized Technical Assistance Plans for a pool of five hundred plus potential funding applicants
- Exceeded membership enrollment goals by sixteen percent
- Developed a strategic plan and budget and handled all accounting, human resource, marketing, and legal functions

SHINE NOW, INC., Tallahassee, FL
President & Founder — August 2019 — March 2024
Leveraged combined business and legal expertise to found and foster growth of a nonprofit organization dedicated to identifying key issues and implementing solutions in the form of advocacy, education, and empowerment initiatives to surmount the barriers that hinder the success of women in the workforce.

- Guided the start–up through an extensive advance planning stage to select a name, incorporate, secure 501(c)(3) tax exempt status, create a brand image, develop an online presence, and gain optimal public exposure by strategically timing the launch for the first day of International Women's Week
- Spearheaded a campaign to recruit and select members to form an inclusive Board of Directors committed to championing workplace equity for women in all segments of our society
- Designed a survey on LinkedIn to identify constituent needs, compile data, auto–tabulate input, and welcome participants as partners in charting strategic direction
- Implemented mentoring initiatives to meet this need identified by women in the LinkedIn survey

DAYTONA STATE COLLEGE (DSC), Daytona Beach, FL — July 2010 — June 2019
Senior Professor (2015-2019)
Department Chair, School of Business Administration (2015-2018)
Lead Instructor, Business Law (2010-2019)

Selected through a competitive interview process to manage one of DSC's largest academic programs as Department Chair. Shaped this new leadership position created as part of an organizational restructuring that merged one Associate Vice President and two Department Chair positions into a centralized authority holding administrative responsibility for seventeen four–year degree, two–year degree, and certificate programs.

- Received the Moving the Needle Award (Fall 2017) in recognition of leading the most successful department in retention and enrollment initiatives
- Assessed personnel needs and defined job criteria to optimize quality in recruiting, interviewing, hiring, evaluating, and developing full–time faculty, adjunct faculty, staff members, and student employees
- Conducted Institutional Program Reviews, Annual Assessments of Student Learning, and Academic Unit Reviews to measure outcomes and improve performance
- Worked with senior staff to prepare Annual Plans, Five–Year Plans, Recruitment Plans, and Marketing Plans with methods to measure progress toward goals
- Collaborated across disciplines by serving on college-wide committees including the Technology Advisory Board, Teaching and Learning Committee, General Education Committee, and the Healthcare Task Force
- Presented at an international conference on "Disciplinary Boundaries and Skill Development in the Digital Classroom"
- Served as Lead Instructor for the Business Law curriculum and taught courses in the bachelor's degree program

DAYTONA STATE COLLEGE, Daytona Beach, FL June 2009— June 2010
Legal Counsel

- Successfully renegotiated and drafted all contracts pertaining to the college's self-insured health insurance plan
- Drafted academic affiliation agreements and contracts for vendor services
- Advised the Board of Trustees on parliamentary procedure, the Sunshine Law, and development of campus facilities

COLLEGE OF LAW, FLORIDA STATE UNIVERSITY, Tallahassee, FL Academic Years 2001, 2002, and 2004
Faculty Member – Legal Writing & Research

DEPARTMENT OF STATE, STATE OF FLORIDA, Tallahassee, FL January 1999 — July 2001

JUNIOR LEAGUE OF TALLAHASSEE EXPERIENCE

June 2021 - Present

Management Team Assistant — June 2023 - Present

- Represented the Junior League of Tallahassee at the Organizational Development Institute (ODI) hosted by AJLI in November 2023.
- Collects monthly committee and council reports for the Management Team.
- Assists to maintain and monitor the JLT Annual Plan and provide updates to the Board of Directors.
- Develops an agenda for monthly Management Team meetings with the Executive Vice President.
- Creates birthday notes for all members of the Junior League of Tallahassee on behalf of the Management Team.
- Writes thank you notes to community partners and members on behalf of the Management Team.
- Assists the Board of Directors as necessary while the President's Assistant is on maternity leave.
- Co-developed the 2024 Golf Classic Sponsorship packet.
- Completes other duties as assigned by the Executive Vice President.

At-Large Representative 3, Board of Directors — May 2022 - May 2023

- Served as the liaison and spokesperson between the Board of Directors and New Members.
- Planned and executed three events focused on engaging members who joined during the COVID-19 pandemic.
- Developed a new chair leadership structure with other members of the Board of Directors.
- Increased membership knowledge of Annual and Strategic Plans.

Member, Ways and Means Committee — September 2021 - May 2022

- Reviewed Junior League materials on Digital Cheetah to ensure alignment with Diversity, Equity, Inclusion, and Belonging initiatives.

Member, Diversity Equity and Inclusion Committee — September 2021 - May 2022

- Contributed to Diversity, Equity, Inclusion, and Belonging Certificate planning.
- Participated in Growth Club training sessions.

ADDITIONAL VOLUNTEER EXPERIENCE

Gamma Phi Beta, Beta Mu Chapter

- Chapter Advisor — March 2022 - Present
  - Mentors and coaches executive board officers by leading educational conversations that prepare them to embrace the roles and responsibilities of leadership and develop in Gamma Phi Beta's member competencies.
  - Advises the executive board in planning and implementing the assigned programs in compliance with International Gamma Phi Beta guidelines and expectations as outlined in the Collegiate Operations Manual (COM) and chapter officer resources.
  - Encourage and reinforce chapter and officer success on a consistent basis by reading monthly officer reports and following up to determine best solutions and praise accomplishments.
  - Contributes to and fosters open communication throughout the chapter and facilitates resolutions by using strong conflict resolution skills and coaching collegiate members to do the same.
  - Hold the chapter accountable to setting and working toward goals that promote improved chapter operations or culture and completing the chapter operations expectations as outlined in Order of the Crescent.
  - Ensures officers understand and adhere to all International Gamma Phi Beta Policies and Procedures.
  - Engage in ongoing training and development by reviewing the resources outlined in the chapter advisor training curriculum, actively participating in quarterly regional chapter advisor training calls and attending REAL Leadership events, when applicable.
  - Recruit and appoint alumnae to the advisory board using available recruitment and update advisory board roster on Beta Base when an advisor assumes or resigns from an advisory board role.
  - Oversee the training and development of new advisory board members by ensuring they complete all assigned Fidelity online lessons and complementary training conversations with you and share and review all position-specific resources.

Journal of Women and Gender in Higher Education

- New Professional and Graduate Student Review Board — October 2023 - Present
  - Reviews 3-4 research articles annually that center on the gender-based experiences of students, faculty, and staff.

WORK EXPERIENCE

Academic Program Manager January 2023 - Present
Florida State University, College of Social Work

- Manages the College of Social Work (CSW) doctoral program including advising current and prospective students.
- Monitors academic progress of all Ph.D. students, including providing support to provisional admits and students on academic probation to ensure academic success
- Analyzes data for the college's internal and external evaluation needs.
- Develops and implements marketing and recruitment strategies for the CSW doctoral program.
- Researches and interprets department, college, and University policies to answer questions and aid in problem resolution.
- Facilitates registrar operations for the College of Social Work's Doctoral program.
- Partner with a variety of support service offices of Florida State University to connect students to the appropriate resources.

Development Coordinator October 2021 - January 2023
Florida State University, College of Education

- Coordinated the College of Education student scholarship program, including financial oversight and accounting of each foundation fund as it related to the scholarship program.
- Communicated with faculty committees on scholarship requirements and deadlines. Serves as a guide for faculty and students using the FS4U scholarship system.
- Facilitated event logistics for development events including, but not limited to, the annual scholarship breakfast, Distinguished Alumni Awards program, and the bi-annual Dean's Circle board meeting.
- Developed annual giving challenges including "Dual of the Schools," FSU's Great Give, and additional spark.fsu.edu campaigns.
- Analyzed and synthesized data from the Florida State University Foundation for development team meetings.
- Engaged with alumni through Project ElevatED, which included contacting school districts, producing mailing lists, and packing and mailing ElevatED materials to working teachers.
- Advised the Student Leadership Council (SLC), oversaw the SLC budget, and facilitated SLC meetings and events.

University Housing Conduct and Care Graduate Intern January 2021 - April 2021
Florida State University, University Housing

- Heard 2+ conduct cases per week as an individual Hearing Officer.
- Advised the 14-member Residential Conduct Board (RCB) once a week.
- Served as a member of the 9-person Conduct and Care workgroup, which plans and executes events which focus on improving the residential student experience and the Housing professional staff experience.
- Created RCB training and recruitment materials.

Advisor Training and Development Graduate Assistant August 2020 – April 2021
Florida State University, Advising First

- Facilitated conversations with students to declare a major and pick a career path.
- Managed a roster of 50 students using Student Central and Campus Connect.
- Identified at-risk students and highlighted opportunities and resources for academic improvement.
- Designed an advanced advisor training course on Canvas including information on inclusive advising, good versus great advising, and career advising.
- Researched trends and issues related to student support, referral resources, and information processing at a large decentralized Primarily White Institution (PWI).

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

PROFESSIONAL EXPERIENCE

Grants Manager March 2022- Present
Center for Disaster Philanthropy, Remote from Tallahassee, Florida

- Serve as the primary administrator for CDP's grantmaking system, Blackbaud Grantmaking (BBGM), managing system updates, integration with other tools, and providing technical support and training for all users.
- Oversee and optimize grantmaking workflows, ensuring data integrity, compliance, and effective collaboration across program, finance, and other departments to maintain accurate grants records and procedures.
- Contribute to organization-wide data analysis and reporting on grantee outcomes, support cross-functional needs, and stay informed about best practices in grants management.

Program and Projects Manager January 2020 – March 2022
Volunteer Generation Fund Manager December 2014 – January 2020
Volunteer Florida, Tallahassee, FL

- Manage and distribute 700K+ in federal grants; the Volunteer Generation Fund, by providing technical assistance, training, and monitoring to 24 sub grantees across Florida, to ensure high quality performance.
- Worked to increase number of organizations receiving Volunteer Generation Funds, from 15 to 24 in three years, expanding skills-based volunteerism.
- Conduct quality assurance reviews to provide assessment and identify technical assistance needs of sub grantees
- Assists in the development and implementation of requests for proposals and applications for federally funded programs and projects.
- Build and manage Blackbaud Grantmaking, an on-line grant management system and DocuSign, an online contracts management system used by all office programs.

Volunteer and Community Outreach Coordinator July 2013 –December 2014
William R. Butler Center for Service and Leadership, University of Miami, Coral Gables, FL

- Coordinated office volunteer programs and special events such as volunteer workshops, volunteer fairs, six University-wide days of service, and other related programs and events to educate students about volunteerism and leadership.
- Recruited, established, and maintained meaningful relationships with community organizations and the University of Miami through developing stronger volunteer opportunities, on-campus networking events, and management of database through OrgSync.com.
- Advised 20 student leadership and service organizations, advocacy groups, programming boards and steering committees affiliated with the Center that coordinate programs including Big Brothers Big Sisters, Habitat for Humanity, and Kids and Culture.
- Supervised and evaluated 5 student staff in office setting, developing goals and plans with student employees to maximize performance.
- Provided office support to the Assistant Director and Director for special projects and campus wide-wide programming efforts.

Community Partner and Volunteer Service Coordinator July 2012 – July 2013
William R. Butler Center for Service and Leadership Florida Campus Compact/AmeriCorps VISTA Volunteer, Coral Gables, FL

- Created Non-Profit Leadership Series, a year-long leadership series consisting of monthly meetings and development sessions for 25 current AmeriCorps VISTA members.
- Collaborated with university departments on various programs related to non-profit management and careers.
- Instrumental in the implementation and coordination of OrgSync on campus (an on-line engagement community).

- Educated university students on poverty and access to education issues through student organizations, programing boards, and office events.

Community Health Development Worker
U.S. Peace Corps, Burkina Faso, West Africa October 2008 – January 2012

- Organized regular health workshops and awareness-raising activities such as theatre presentations on health concerns including HIV/AIDS nutrition, malaria, family planning, and hygiene.
- Conducted 12-day nutrition-training program and follow-up with 10 mothers of malnourished children, focusing on preparation of enriched baby food using locally available resources. At six month follow up 9 children successfully gained weight, bringing them out of malnutrition range.
- Increased youth empowerment for 200+ school-aged children through tutoring and extracurricular activities such as weekly training on health, hygiene, life skills, and sports.
- Planned and managed trainings for 50 incoming volunteers in cross-cultural integration, health technical training, and community needs assessment.
- Developed and communicated monthly schedule of activities and supervision to 15 associations in region
- Organized capacity building activities for organization to realize extent of its capabilities.

EDUCATION

Master of Science in Education, (M.S. Ed)
Community and Social Change, University of Miami, Coral Gables, FL December 2013

Bachelor of Art, (BA)
Political Science and International Studies, University of Southern Indiana, Evansville, IN May 2008

Please attach your resume, if one is available.

I moved to Tallahassee in 1996 and earned a degree in Marketing from Florida State University in 1999. In 2008, I became the owner of The Palace Saloon and have remained actively involved in the local community, supporting a variety of charitable organizations.

Most recently, I was appointed to the Board of First Tee of Tallahassee, an organization dedicated to empowering youth through the game of golf and life skills development. In addition, I mentor young women pursuing careers in the hospitality industry, as well as those exploring opportunities in other professional fields, helping them build meaningful connections and navigate their career paths.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: Ms. Briana J Parlor

Duties and Responsibilities:

- Answering inbound calls to Division of Medical Quality Assurance in a courteous and professional manner, assesses callers' inquiry and provides accurate information in accordance with Department policy and procedures as well as Florida Statutes and Florida Administrative Code. Responsibilities include but are not limited to providing general licensing status information and disseminating licensing information and requirements to customers.
- Responds to telephonic inquiries regarding all healthcare licensing matters or requirements, continuing education requirements and fees. Independently research and handle technical issues to determine avenues and eligibility for registration, certification, or licensure.
- **Project Management Team Member:** Participant in the Medical Quality Assurance Project Management Team where I provide different ideas to the team that would be a beneficial asset to the Customer Contact Center Team. Establishing important methods that would be in the best interest of the Customer Contact Center Team would help implement providing great customer service to applicants and licensed health-care practitioners in many ways and other additional things. Such as: Creating an online chatting system that will be suitable for customers who have questions about the different healthcare practitioner's licenses that is available and associated with the Department Of Health.
  Provide additional instructions to assist with password resets, the process of completing a license renewal application & license application. Respond to licensure refund inquiries and explained the initial process of obtaining a licensure refund. Provide additional assistance and instructions with the process of adding a healthcare practitioner license to the Medical Quality Assurance Online Services Portal Account through the initial three-step process of procedure. Assist with Duplicate License Request inquiries for the license healthcare practitioners to request a duplicate copy of their healthcare practitioner license.
- Respond to Change of Address inquiries and provide additional instructions on how to complete the online request. Provide additional assistance to customer's inquiries in reference to Online License Verification Requests. Answer specific questions about how to submit a payment for a license renewal or license application through the online services portal account. Answer important inquiries in reference to unlinking a license from the online services account. Provide clarifications of successful healthcare practitioner license renewals being renewed in the Medical Quality Assurance Online License Verification Database for accuracy. Serves as Pilot for all Regulatory Specialist 1 in the Customer Contact Center.
- Report any technical issues to the supervisors in reference to the online systems. Review and verify each health-care practitioner's Continued Education Hours through the Continued Education Broker for compliance and accuracy. Explained to the healthcare practitioners the status of their Continued Education Hours such as: Pending Continued Education Hours that are needed to be completed for the upcoming renewals.

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: Mrs. Genleah Star Swain

The application was electronically sent: 6/6/2024 1:53:58 PM

Resume Uploaded? Yes

If no resume is available, in the space below briefly describe or list the following: any previous experience on other Committees; your educational background; your skills and experience you could contribute to a Committee; any of your professional licenses and/or designations and indicate how long you have held them and whether they are effective in Leon County; any charitable or community activities in which you participate; and reasons for your choice of the Committee indicated on this Application. Please attach your resume, if one is available.

(COMMITTEE QUESTIONNAIRE)

IMPORTANT LEGAL REQUIREMENTS FOR COMMITTEE/BOARD/AUTHORITY MEMBERSHIP

Citizen participation is important in developing Leon County's programs and policies, and in providing quality public services to the community. We appreciate your interest in serving on a committee and would like to bring a few items to your attention. As a member of a committee/board/authority, you will be obligated to follow any applicable laws regarding government-in-the-sunshine, code of ethics for public officers, and public records disclosure.

The consequences for violating these applicable laws include criminal penalties, civil fines, and the voiding of any committee/board/authority action and of any subsequent action by the Board of County Commissioners. In order to be familiar with these laws and to assist you in answering the following questions, please take a few minutes to complete the mandatory orientation. Your application will not be deemed complete until you have completed the orientation.

Have you completed the Applicant Orientation for membership on Citizen Committees, Board & Authorities?* *Yes*

Are you currently serving on a County Advisory Committee or other Committee/Authority/Board?* *No*

Have you served on any previous Leon County committees?* *No*

Are you willing to complete a financial disclosure form if applicable?* *Yes*

Do you know of any circumstances that would result in you having to abstain from voting on a Committee/Board/Authority due to voting conflicts? (Not applicable to Focus Groups)* *No*

Are you or your employer, or your spouse or child or their employers, currently doing business with Leon County?* *Yes*

If yes, please explain *Domi Education rents a Leon County Building*

Are you or your employer, or your spouse or child or their employers, currently doing business with the Committee/Board/Authority to which you are applying for membership?* *No*

Do you currently have any employment or contractual relationship that would create a continuing or frequently recurring conflict with regard to your participation on a Committee/Board/Authority? (i.e. would you have frequent or reoccurring voting conflicts?)* *No*

Do you foresee participating in any competitive bid process for Leon County business during your time serving on this committee/board/authority?* *No*

Do you foresee participating in any competitive bid process involving business with the Committee/Board/Authority to which you are applying, during your time serving on that entity?* *No*

Is your personal information exempt from public records disclosure in accordance with FS 119.071(2)(j)1 or FS 119.071(4)? *No*

Members on this committee must be a resident of Leon County.

All statements and information provided in this application are true to the best of my knowledge.

Signature: *Mrs. Kara Holbert*

The application was electronically sent: 8/12/2025 3:09:45 PM

EDUCATION

FLAGLER COLLEGE

Bachelor of Arts in Business Administration, 2008

ABOUT ME

A highly motivated professional with a strong skill set in customer and client support, grant writing, communications, and management with a passion for storytelling, design, and usability in the digital space.

WORK EXPERIENCE

EXECUTIVE DIRECTOR

Domi Station (2020-Present)

Lead Domi Station's strategic direction and daily operations to support entrepreneurs and grow a thriving startup ecosystem. Collaborate with board members, staff, and community partners to align around mission-driven goals. Champion the needs of entrepreneurs while building and sustaining relationships with funders, sponsors, and local stakeholders.

Key responsibilities include:

- Representing Domi publicly and communicating its mission effectively across diverse audiences
- Driving organizational sustainability through adaptive strategic planning and measurable goal-setting
- Cultivating new partnerships and securing grant funding and corporate sponsorships to support programs and operations
- Overseeing fiscal management, including budget preparation, compliance, and reporting
- Supervising staff and interns while fostering a positive, values-aligned workplace culture
- Designing and executing events that strengthen the entrepreneurial community

PRODUCT MANAGER

Rating Dynamics (2013-2018)

Led user experience research, product development initiatives, and operational support for a SaaS platform focused on improving customer engagement. Balanced strategic planning with hands-on execution across multiple departments to ensure smooth delivery and user satisfaction.

Key responsibilities included:

- Conducting UX research and design to guide product improvements based on user needs
- Managing project workflows and timelines to ensure timely delivery of product enhancements
- Generating leads, managing customer contracts, and supporting client onboarding
- Overseeing feature rollouts—from planning and testing to training and support
- Providing high-level customer service and training for new features
- Developing and executing marketing strategies including press releases, video content, web and blog updates, and third-party collaborations
- Managing general office operations, HR processes, and internal team support

SOCIAL COMMERCE AREA MANAGER

Gannet (2011-2013)

Led user experience research, product development initiatives, and operational support for a SaaS platform focused on improving customer engagement. Balanced strategic planning with hands-on execution across multiple departments to ensure smooth delivery and user satisfaction.

Key responsibilities included:

- Conducting UX research and design to guide product improvements based on user needs
- Managing project workflows and timelines to ensure timely delivery of product enhancements
- Generating leads, managing customer contracts, and supporting client onboarding
- Overseeing feature rollouts—from planning and testing to training and support
- Providing high-level customer service and training for new features
- Developing and executing marketing strategies including press releases, video content, web and blog updates, and third-party collaborations
- Managing general office operations, HR processes, and internal team support

ADVERTISING TRAFFIC COORDINATOR

Rowland Publishing (2008-2011)

Started as a college intern and advanced into a full-time Traffic Coordinator role, supporting the end-to-end production process for print advertising across multiple publications. Served as a key liaison between clients, designers, and sales teams to ensure that advertising content met both creative expectations and contractual obligations.

Key responsibilities included:

- Coordinated pre-production workflows to align client vision, design execution, and sales commitments
- Managed post-production tasks, including accurate billing and client reporting
- Supported magazine layout planning to maintain the optimal ad-to-editorial ratio for strong visual impact
- Provided backup support for front desk operations and accounting functions as needed
- Contributed to a collaborative, deadline-driven environment within a dynamic publishing team

Leon County
Board of County Commissioners

Notes for Agenda Item #4

Leon County Board of County Commissioners

Agenda Item #4

September 15, 2025

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Proposed Public Notice 2026 Tentative Board Meeting Schedule, Proposed 2026 Travel Schedule, and Proposed Revisions to Board Policy No. 03-16, "Holidays", and No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners"

Review and Approval:	Vincent S. Long, County Administrator
Department / Division Review:	Ken Morris, Assistant County Administrator
Lead Staff / Project Team:	Lisa Davis, Agenda Coordinator

Statement of Issue:

This item seeks approval of the proposed 2026 Tentative Board Meeting Schedule and proposed 2026 Travel Schedule, including the authorization of travel for the Commissioners, County Administrator, and County Attorney to the scheduled events. Also presented for Board approval are proposed revisions to Board Policy No. 03-16, "Holidays", and Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners."

Fiscal Impact:

This item has no fiscal impact.

Staff Recommendation:

Option #1: Adopt the proposed Leon County Board of County Commissioners' Public Notice of the 2026 Tentative Board Meeting Schedule (Attachment #1).

Option #2: Approve the proposed 2026 Travel Schedule (Table #1), and authorize travel for the Commissioners, County Administrator, and County Attorney to the scheduled events.

Option #3: Approve the proposed revisions to Board Policy No. 03-16, "Holidays" (Attachment #10).

Option #4: Approve the proposed revisions to Board Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners" (Attachment #11).

Report and Discussion

Background:

This item seeks approval of the proposed 2026 Tentative Board Meeting Schedule and proposed 2026 Travel Schedule, including the authorization of travel for the Commissioners, County Administrator, and County Attorney, to the scheduled events. Also presented for Board approval are proposed revisions to Board Policy No. 03-16, "Holidays", and No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners."

Annually, the Board makes available a tentative schedule of all workshops, meetings, and public hearings for the entire calendar year. The Public Notice of the Tentative Board Meeting Schedule also includes, in its outline, a list of conferences, education and training sessions, and events that the Commissioners may attend. The schedule is updated as part of each meeting agenda for the regularly scheduled Board meetings.

The County Travel Policy (Policy No. 09-1) requires Commissioners to have their travel approved in advance by the Board, whenever possible, via an agenda item at a regularly scheduled meeting. Each year, the Board approves an annual Travel Schedule to provide advance authorization for Commissioners to attend each of the listed events (Table #1). The purpose of this annual Travel Schedule is to expedite the approval of routine travel requests for events that are normally attended by Commissioners each year, based on the Commissioner's available travel budget.

The current process for approving the Board's annual Travel Schedule was the result of a previous audit which culminated in a series of recommendations and revisions to the County's Travel Policy. Significantly, the audit report included a recommendation to:

> *"clarify the process for travel approval and reimbursement for those not under the County Administrator's direct span of control, including County Commissioners and their aides..."*

Similarly, in an effort to streamline the travel approval process for appointed officials, it is recommended the Board include the County Administrator and County Attorney in its approval of the 2026 Travel Schedule (Table #1) to represent the County at these events and support Commissioners in attendance.

Proposed revisions to Board Policy No. 03-16, "Holidays", and No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners", are proposed to enable the County to be responsive to changes to the state holiday calendar and to better reflect the Board's current practices and procedures for the Commissioner installation meetings held in November each year.

Analysis:

Board Policy No. 18-2, "Meeting Dates for Board of County Commissioners", states that the Board shall annually adopt a meeting calendar that will generally schedule regular commission meetings, excluding holidays or other conflicts as determined by the Board. If there is not sufficient or timely business to come before the Board for any previously scheduled meeting, the County Administrator may recommend for the Chairperson to cancel or reschedule a meeting. The Board's proposed meeting and public hearing schedule is as follows: regular meetings generally to be held the 2nd Tuesday of the month at 3:00 p.m., public hearings generally to be held the 2nd Tuesday of the month at 6:00 p.m., and workshops generally to be held the 4th Tuesday of the month at 1:00 p.m.

The proposed Public Notice of the 2026 Tentative Board Meeting Schedule is included as Attachment #1. In drafting the proposed Public Notice of the 2026 Tentative Board Meeting Schedule and calendar, staff reviewed and considered the following:

- 2026 calendar with generally observed holidays (Attachment #2);
- 2025-2026 Leon County Schools Calendar (Attachment #3);
- Florida Association of Counties (FAC) 2026 Conferences (Attachment #4);
- National Association of Counties (NACo) 2026 Conferences (Attachment #5);
- International City/County Management Association (ICMA) 2026 Annual Conference (Attachment #6);
- Greater Tallahassee Chamber of Commerce Annual Conference scheduled for August 13-16, 2026 (Attachment #7);
- Leon County's 2026 Holiday Schedule per Policy No. 03-16 (Attachment #8); and
- Blueprint Intergovernmental Agency 2026 tentative meeting schedule (Attachment #9).

Based on a review of the listed 2026 calendars/schedules, and consistent with previous year's schedules, the following is a proposed tentative 2026 Board meeting and workshop schedule:

- January 2026 – Board Retreat on January 26 and Regular Meeting on January 27.
- February 2026 – Regular Meeting on February 10.
- March 2026 – Regular Meeting on March 10 and Board Workshop on March 24.
- April 2026 – Regular Meeting on April 14, and Budget Workshop on April 28.
- May 2026 – Regular Meeting on May 12.
- June 2026 – Regular Meeting on June 9, and preliminary Budget Workshop on June 16. It is recommended that the Workshop be held on the 3rd Tuesday (16th) instead of the 4th Tuesday (23rd), since the Florida Association of Counties Annual Conference is being held June 23 – 26, 2026.

- July 2026 – Regular Meeting and the Budget Workshop (if necessary) on July 14.
- August 2026 –Public Hearing related to CCRC Charter Amendments on August 17.
- September 2026 – Regular Meeting and first Budget Adoption Public Hearing on September 8, and Legislative Priorities Workshop along with the second Budget Adoption Public Hearing on September 22. Florida Statutes guide regular Board meeting dates for the County's budget adoption public hearings. The School Board's budget public hearings have not been set for September 2026. If the School Board's final budget adoption hearing date conflicts with the County's calendar, staff will bring back recommendations for rescheduling its regular and budget adoption hearings for alternate dates.
- October 2026 – Regular Meeting on October 13 and Board Workshop on October 27.
- November 2026 – Board reorganization and Regular Meeting on November 17. No workshop is scheduled for the 4th Tuesday due to the holidays.
- December 2026 – Regular Meeting on December 8. No workshop is scheduled for the 4th Tuesday due to the holidays.

The proposed Public Notice for the 2026 Tentative Board Meeting Schedule includes a calendar outline, consistent with previous years, that lists conferences, education and training sessions, and events, as indicated in Table #1 and included as the Travel Schedule. In an effort to streamline and provide additional consistency in the travel approval process, it is recommended that the County Administrator and County Attorney pre-approved travel be included in the 2026 Travel Schedule below.

The remainder of this page intentionally left blank

Table #1. Leon County Board of County Commissioners' 2026 Travel Schedule

Date (2026)	Conference	Location
February 21 – 24 *Sat. – Tues.*	National Association of Counties (NACo) Legislative Conference	Washington D.C.
April 18 *Saturday*	Honor Flight Tallahassee	Washington D.C.
June 23 – 26 *Tues. – Fri.*	Florida Association of Counties (FAC) Annual Conference & Educational Exposition	Orlando, FL
July 17 – 20 *Fri. – Mon.*	NACo Annual Conference	New Orleans, LA
July 18 – 22 *Sat. – Wed.*	National Association for the Advancement of Colored People (NAACP) National Convention	Chicago, IL
July TBD	National Urban League Annual Conference	TBD
August 13 – 16 *Thur. – Sun.*	Greater Tallahassee Chamber of Commerce Annual Conference	Fernandina Beach, FL
September TBD	FAC Innovation & Policy Conference	TBD
September TBD	Congressional Black Caucus Annual Legislative Conference	Washington, D.C.
October TBD	National Organization of Black County Officials (NOBCO) Annual Economic Development Conference	TBD
October 17 – 21 *Sat. – Wed.*	International City/County Management Association (ICMA) Annual Conference	Long Beach, CA
December 2 – 4 *Wed. – Fri.*	FAC Legislative Conference	Ponte Vedra Beach, FL

All Florida Association of Counties (FAC) related events and National Association of Counties (NACo) related events not listed on the Schedule will be considered pre-approved for travel.

This item seeks Board approval of the proposed 2026 Tentative Board Meeting Schedule and the proposed 2026 Travel Schedule for the Board, County Administrator, and County Attorney, including the authorization of travel to the scheduled events (Options #1 and #2) subject to their respective travel budget.

If adopted, the 2026 Tentative Meeting schedule will be included in each Board meeting agenda and will also be posted on the Board's Calendar, which is available on the County's website.

Proposed revisions to Board Policy No. 03-16, "Holidays" (Attachment #10), recommends inclusion of language to allow closure of Leon County offices by the County Administrator, upon consultation with the Chairperson, on occasions when State of Florida government offices are closed at the direction of the Governor.

Proposed revisions to Board Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners" (Attachment #11), are intended to better reflect the Board's current practices regarding installation meetings taking place at the beginning of the regularly scheduled Board meeting during the month of November.

Options:

1. Adopt the proposed Leon County Board of County Commissioners' Public Notice of the 2026 Tentative Board Meeting Schedule (Attachment #1).
2. Approve the proposed 2026 Travel Schedule (Table #1), and authorize travel for the Commissioners, County Administrator, and County Attorney to the scheduled events.
3. Approve the proposed revisions to Board Policy No. 03-16, "Holidays" (Attachment #11).
4. Approve the proposed revisions to Board Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners" (Attachment #12).
5. Do not adopt the proposed Leon County Board of County Commissioners' Public Notice of the 2026 Tentative Board Meeting Schedule (Attachment #1).
6. Do not approve the proposed 2026 Travel Schedule (Table #1), and do not authorize travel for the Commissioners, County Administrator, and County Attorney to the scheduled events.
7. Do not approve the proposed revisions to Board Policy No. 03-16, "Holidays" .
8. Do not approve the proposed updates to Board Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners".
9. Board direction.

Recommendation:

Options #1, #2, #3, and #4

Save the Date

Florida Association of Counties provides many opportunities for county officials to gain valuable knowledge and compare experiences with other officials from across the state.

ANNUAL CONFERENCE & EDUCATIONAL EXHIBITION

For more than 90 years, the Florida Association of Counties has held an annual conference. This is the largest FAC event each year and offers an opportunity for hundreds of commissioners and county staff from across the state to come together for continuing education and critical networking. In addition to the educational sessions, this event also includes a 100+ booth educational exhibition – with exhibitors from around the country sharing cost saving tools and products with counties.

Future Annual Conference Dates

- June 23-26, 2026 (Hilton Orlando – Orange County)
- June 22-25, 2027 (Hilton Orlando – Orange County)

INNOVATION & POLICY CONFERENCE

2026 – Date TBD

The Innovation & Policy Conference will showcase county innovative programs and projects around the state; deliver new educational opportunities for county commissioners and staff; and launch fresh, research based leadership training for FAC members. In addition, this Summit is designed to facilitate discussion on the many policy issues facing counties, debate new and old issues and begin to narrow down the policies for a final vote before the end of the year.

LEGISLATIVE CONFERENCE

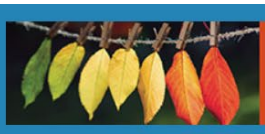
The FAC Legislative Conference is the final opportunity for the membership and Legislative Policy Committees to meet and voice their opinion on the policies FAC lobbies during the legislative session. On the final day, commissioners vote and adopt the final FAC policies.

Future Legislative Conference Dates

- December 2-4, 2026 (Sawgrass Marriott – St. Johns County)

LEGISLATIVE DAY

January 21, 2026



FSU Turnbull Conference Center (Leon County)

Each year during the height of the Legislative Session, FAC hosts our legislative day in Leon County. Commissioners and staff are encouraged to come to Tallahassee to assist in the lobbying efforts to protect home rule and prevent unfunded mandates. The day begins with a legislative briefing and the afternoon is spent lobbying local delegations; a reception honoring the Legislature will be held that evening.

Future Conference Dates

Board of County Commissioners
Leon County, Florida
Policy No. 03-16

Title:	Holidays
Date Adopted:	~~May 11, 2021~~September 15, 2025
Effective Date:	~~October 1, 2021~~September 15, 2025
Reference:	N/A
Policy Superseded:	Policy No. 02-10, "Holidays," adopted October 8, 2002; Policy No. 03-16, "Holidays," adopted October 14, 2003; revised September 29, 2020; revised October 1, 2021

It shall be the policy of the Board of County Commissioners of Leon County, Florida, that Policy 03-16, "Holidays," adopted by the Board of County Commissioners on ~~September 2~~October 1~~9~~, 202~~0~~1, is hereby amended, and a revised policy is adopted in its place, to wit:

This policy establishes a permanent Holiday Schedule for all Leon County employees. Beginning ~~October 1, 2021~~September 15, 2025, and until such time as the Holiday Policy is amended, the County shall observe the following holidays:

New Year's Day*
Birthday of Martin Luther King, Jr. (third Monday in January)
Memorial Day (last Monday in May)
Emancipation Day (May 20th)
Independence Day
Labor Day, (first Monday in September)
Election Day (first Tuesday after the first Monday in November in even-numbered years)
Veteran's Day
Thanksgiving Day
Friday after Thanksgiving
Christmas Day*

If any of these holidays fall on Saturday, the preceding Friday shall be observed as a holiday. When these holidays fall on Sunday, the following Monday shall be observed as a holiday. (*If the New Years or Christmas Holiday falls on a Thursday, the following Friday shall be observed as a holiday. If the New Years or Christmas Holiday falls on a Tuesday, the preceding Monday shall be observed as a holiday).

On occasions when State of Florida government offices are closed by direction of the Governor, the County Administrator, in consultation with the Chair, may elect to close Leon County offices.

2.03

The holidays identified in the Holiday Schedule will remain constant each year unless a formal request for change is made by the Board, Constitutional Officers or County Administration.

In accordance with Leon County Human Resources Policies and Procedures, Section 7.06, Leon County employees, except for O.P.S. employees, will accrue twenty-four (24) hours of Personal Days annually.

The Holiday Schedule for each year will be distributed by the Office of Human Resources to all Board employees and Constitutional Officers by November 1st~~st~~ of the preceding year.

1.08

Board of County Commissioners
Leon County, Florida

Policy No. 98-7

Title:	Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners
Date Adopted:	~~October 29, 2013~~September 15, 2025
Effective Date:	~~October 29, 2013~~September 15, 2025
Reference:	Ch. 100.041, F.S.; Article II, Sec. 5, Florida Constitution
Policy Superseded:	Policy No. 96-10, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners" adopted 6/11/96; Policy No. 98-7, "Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners" adopted October 13, 1998; revised October 10, 2006; revised October 27, 2009; revised October 29, 2013

It shall be the policy of the Board of County Commissioners of Leon County, Florida, that Policy No. 98-7, "Reorganization of the Board of County Commissioners," adopted by the Board of County Commissioners on October 2~~7~~9, 20~~09~~13, is hereby repealed and superseded, and a revised policy is hereby adopted in its place, to wit:

Reorganization of the Board of County Commissioners

Reorganization of the Board of County Commissioners shall be conducted during the ~~last~~ regularly scheduled Board meeting in November of each year to elect a chairman and vice-chairman. However, during years when newly elected commissioners are installed, the reorganization of the board shall occur on the second Tuesday following the general election.

The reorganization shall be coordinated by the outgoing chairman and/or his or her designee. The outgoing chairman shall give a state-of-the-county address prior to turning the gavel over to the Chief Judge, Clerk of Court for the Second Judicial Circuit, or other official selected by the outgoing chairman, to preside over the election of the chairman and vice chairman. Following the election, the presiding official shall administer the following oath to the incoming chairman:

> *I, (name), do solemnly swear (or affirm) that I will well and faithfully execute the duties of the office of Chairman of the Leon County Board of County Commissioners to the best of my ability, so help me God."*

Acceptance remarks by the newly sworn chairman, and recognitions, may be made prior to proceeding with the conduct of the regularly scheduled business of the Board.

Reorganization of the Board of County Commissioners and Installation of Newly Elected Commissioners Policy No. 98-7 **1.08**

Installation of Newly Elected Commissioners

In accordance with Ch. 100.041, F.S., newly elected County Commissioners shall be installed the second Tuesday following the general election. Such installation shall take place ~~during a specially called~~at the beginning of the regularly scheduled meeting of the Board in November ~~for the sole purpose of swearing in the newly elected commissioners~~.

The installation of newly elected County Commissioners, and the coordination of a swearing-in ceremony, shall be the responsibility of the Chairman of the Board and/or his or her designee. The Chief Judge and/or the Clerk of Court for the Second Judicial Circuit may be invited to preside over the ceremony and to administer the oath of office as prescribed in the Constitution of the State of Florida, Article II, Section 5, "Public Officers." The oath prescribed is as follows:

> *I do solemnly swear (or affirm) that I will support, protect and defend the Constitution and Government of the United States and of the State of Florida; that I am duly qualified to hold office under the Constitution of the State; and that I will well and faithfully perform the duties of the office of County Commissioner on which I am now about to enter, so help me God.*

Community and Media Relations

The Director of Community and Media Relations shall maintain suggested procedures for such ceremonies and provide counsel to the Chairman/designee in coordinating the inaugural and reorganization ceremonies. In addition, the Director of Community and Media Relations will ensure required and appropriate protocols and public notice of these ceremonies.

Leon County
Board of County Commissioners

Notes for Agenda Item #5

Leon County Board of County Commissioners

Agenda Item #5

September 15, 2025

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Acceptance of Florida Department of Law Enforcement and United States Department of Agriculture Forest Service Grants for the Leon County Sheriff's Office and Approval of the Sheriff's Request for Utilization of Law Enforcement Trust Fund Assets

Review and Approval:	Vincent S. Long, County Administrator
Department / Division Review:	Ken Morris, Assistant County Administrator Roshaunda Bradley, Director, Office of Management & Budget
Lead Staff / Project Team:	Brandy Furbee, Budget Manager Eryn Calabro, Principal Budget and Grants Coordinator

Statement of Issue:

This item seeks Board acceptance of three grants totaling $145,496 on behalf of the Leon County Sheriff's Office (LCSO) for law enforcement technology, to fund hot spot policing in high crime areas, and to enhance patrol activities on National Forest Service lands in Leon County; and, as requested by the Sheriff, approval to withdraw $143,449 from the Law Enforcement Trust Fund to support various crime prevention activities and programs.

Fiscal Impact:

This item has a fiscal impact. This item realizes three grants totaling $145,496 on behalf of LCSO. As fiscal agent, the County must authorize LCSO to realize and spend the $145,496 in direct grant funding from the Florida Department of Law Enforcement and the U.S. Department of Agriculture. Additionally, adequate funding is available in the Law Enforcement Trust Fund to support the Sheriff's request. As of August 26, 2025, the fund has a balance of $225,998.

Staff Recommendation:

Option #1: Authorize the Leon County Sheriff's Office to realize and spend $11,819 from the Florida Department of Law Enforcement Pass-through Justice Assistance Grant (Attachment #1).

Option #2: Authorize the Leon County Sheriff's Office to realize and spend $33,677 from the Florida Department of Law Enforcement Pass-through Project Safe Neighborhoods Grant (Attachment #2).

Option #3: Authorize the Leon County Sheriff's Office to realize and spend $100,000 from the United States Department of Agriculture (USDA), Forest Service, National Forests Service in Florida, to enhance patrol activities on National Forest Service lands in Leon County (Attachment #3).

Option #4: Approve the transfer of $143,449 from the Law Enforcement Trust Fund to the Sheriff's Office General Operating budget to support various crime prevention activities and programs.

Report and Discussion

Background:

This item seeks Board acceptance of three grants totaling $145,496 on behalf of the Leon County Sheriff's Office (LCSO) for law enforcement technology, to fund hot spot policing in high crime areas, and to enhance patrol activities on National Forest Service lands in Leon County; and, as requested by the Sheriff, approval to withdraw $143,449 from the Law Enforcement Trust Fund to support various crime prevention activities and programs.

State of Florida, Florida Department of Law Enforcement (FDLE) Pass-through Edward Byrne Memorial Justice Assistance Grant (JAG)

On April 2, 2025, the County was notified that FDLE had approved the JAG grant application in the amount of $11,819 on behalf of the Sheriff to purchase GeoShield computer software. The computer software will allow LCSO to deploy resources more effectively and assist investigators in quickly identifying suspects (Attachment #1).

Florida Department of Law Enforcement (FDLE) Pass-through Project Safe Neighborhoods Grant

On July 14, 2025, LCSO was notified of the grant award by the FDLE of pass-through funding from the U.S. Department of Justice, Project Safe Neighborhood Grant, in the amount of $33,677 to fund hot spot policing in high crime areas, reducing violence and criminal activity within Leon County (Attachment #2).

The United States Department of Agriculture (USDA), Forest Service, National Forests Service in Florida

On June 16, 2025, LCSO received a fully executed agreement with the USDA, National Forests in Florida, in the amount of $100,000 to enhance LCSO patrol activities in the Apalachicola National Forest (Attachment #3).

Law Enforcement Trust Fund

Florida law addresses the disposition of liens and forfeited property and allows for the establishment of a special law enforcement trust fund that defines the conditions under which a Board of County Commissioners can allow proceeds from such a fund to be expended. Section 932.7055(4)-(5), Florida Statutes, provides for disposition of liens and forfeited property as follows:

- The proceeds from the sale of forfeited property shall be disbursed in the following priority: (a) payment of the balance due on any lien preserved by the court in the forfeiture proceedings, (b) payment of the cost incurred by the seizing agency in connection with the storage, maintenance, security, and forfeiture of such property, and (c) payment of court costs incurred in the forfeiture proceeding.

- If the seizing agency is a county or municipal agency (i.e., LCSO), the remaining proceeds shall be deposited in a special law enforcement trust fund established by the Board of County Commissioners or the governing body of the municipality. Such proceeds and interest earned shall be used for school resource officers, crime prevention, safe neighborhood, drug abuse education and prevention programs, or for other law enforcement purposes, which include defraying the cost of protracted or complex investigations, providing additional equipment or expertise, purchasing automated external defibrillators for use in law enforcement vehicles, and providing matching funds to obtain federal grants. The proceeds and interest may not be used to meet normal operating expenses of the law enforcement agency.

LCSO is typically awarded funds through its participation on local or state task force cases where cash, vehicles, or other property has been seized during the commission of a felony. During court proceedings, the judge awards the cash or proceeds from the sale of property to LCSO. These funds are sent to the County for deposit in the Law Enforcement Trust Fund. Section 932.7055(5)(b), Florida Statutes, provides the Sheriff's Office the discretion to determine which program(s) will receive the designated proceeds. The funds may be expended upon request by the Sheriff to the Board of County Commissioners, accompanied by a written certification that the request complies with the provisions of section 932.7055(5), Florida Statutes (Attachment #4).

Analysis:

State of Florida, Florida Department of Law Enforcement Pass-through Edward Byrne Memorial Justice Assistance Grant

For more than 15 years, the U.S. Department of Justice (DOJ) has awarded JAG funding to Leon County to support a range of criminal justice program areas including law enforcement, crime prevention, and education and mental health programs. Generally, these funds are awarded through two categories:

- The JAG-Countywide program (JAGC), which is administered by the Florida Department of Law Enforcement (FDLE) and provides an allocation directly to each Florida county; and
- The JAG-Direct program (JAGD), which is administered by DOJ and awards funds directly to states, territories, and eligible units of local government.

In 2024, the County applied for FDLE's JAGD Program on behalf of LCSO since eligible applicants were limited to units of local government, such as cities and counties. The JAG funds will be used to purchase the GeoShield software which will allow LCSO to proactively detect crimes in progress and crimes that have just occurred. This solution connects and aggregates data in real-time from disparate sources such as agency data, live video feeds, and social media. It also equips officers and crime analysts with actionable intelligence. The software will also enhance the LCSO's ability to interact with the Capital Region Real Time Crime Center and other agencies such as the Tallahassee Police Department, Florida State University Police Department, and the Tallahassee State College Police Department.

The Florida Department of Law Enforcement Pass-through Project Safe Neighborhoods

The U.S. DOJ, Project Safe Neighborhoods, Northern District of Florida, has made available $33,677 in grant funding through the FDLE. The grant funds are designated to be used for policing hot spots in high crime areas, reducing violence and criminal activity within Leon County. The grant will reimburse LCSO for personnel costs for assigned deputies.

FY 2025 United States Department of Agriculture (USDA), Forest Service, National Forests Service in Florida, Cooperative Law Enforcement Agreement

The USDA, National Forests in Florida, Cooperative Law Enforcement funding will be used to reimburse the costs for an assigned deputy sheriff to conduct vehicle and foot patrols in the Apalachicola National Forest with specific attention given to Blue Sink, Sam Allen Pond, a dispersed camping area, and other Government owned properties and areas of concentrated public use. Particular attention will be given on federally recognized summer weekends (Memorial Day, Independence Day, and Labor Day). The assigned deputy will visit these sites as often as possible. Funds will also be used to purchase equipment needed for assigned duties.

To facilitate the awarding of these grant funds, the County must authorize LCSO to realize and spend the $145,496 in direct grant funding from the USDA and FDLE.

Law Enforcement Trust Fund

Sheriff Walt McNeil has requested a draw of $143,449 from the Law Enforcement Trust Fund to support various crime prevention activities and programs including Dream Builders, a youth and child development program. The Sheriff has certified that the expenses are allowable and comply with section 932.7055, Florida Statutes.

As of August 26, 2025, a balance of $225,998 is available in the Law Enforcement Trust Fund. If approved, the funds will be disbursed directly from the trust fund.

Division/Department

Agenda Item No:
Agenda Item Date:

Approved By: **Motion** ☐

JustGrants Application: 14277006 **Grant Award # 15PBJA-24-GG-05210-JAGX**

AGREEMENT

This Agreement is entered into this 2 day of April, 2025 ("Effective Date"), by and between the City of Tallahassee, a Florida municipal corporation, hereinafter referred to as the CITY, Leon County, Florida, a charter county and political subdivision of the State of Florida, hereafter referred to as the COUNTY, and the Leon County Sheriff's Office, hereinafter referred to as LCSO, collectively referred to as "Parties".

WHEREAS, the CITY and COUNTY have applied for and were awarded an Edward Byrne Memorial Justice Assistance Grant directly from the Department of Justice (DOJ) hereinafter referred to as JAG, and Grant Award Number 15PBJA-24-GG-05210-JAGX ("2024 JAG") was authorized and funding, through September 30, 2027, was approved by the United States DOJ per CFDA #16.738; and

WHEREAS, the CITY and COUNTY, following JAG program requirements, have approved the allocation of the approved grant award in the amount of $103,637; and

WHEREAS, on November 6, 2024, the CITY approved CITY funding in the amount of $11,818, and a commitment to sub-award $80,000 to DISC Village, Inc. and $11,819 to the Leon County Sheriff's Office, and

WHEREAS, the CITY and COUNTY find that the division of responsibilities for the performance of this Agreement is in the best interests of both parties and that the division of costs fairly compensates each party.

NOW, THEREFORE, for valuable consideration and mutual promises between the parties hereto, it is agreed as follows:

1. Program Coordination and Funding Allocation

The CITY agrees to act as the administrative agency for the 2024 JAG. In this capacity, the CITY will receive all funding from the U.S. Department of Justice related to this grant and be responsible for completing and submitting all financial and performance reports required by the JAG program.

In recognition of the CITY's agreement to act as the 2024 JAG administrative agency, both the CITY and the COUNTY agree that all interest earnings generated through the 2024 JAG award will be allocated to the CITY.

Funds awarded pursuant to JAG Grant Award Number 15PBJA-24-GG-05210-JAGX will be allocated as follows:

PROGRAM	FEDERAL FUNDING
DISC Village, Inc.	
Juvenile Assessment Center Booking Unit	$80,000
City of Tallahassee	
Law Enforcement Equipment	$11,818
Leon County	
Law Enforcement Equipment	$11,819
Total	**$103,637**

Funds awarded pursuant to JAG Grant Award Number 15PBJA-24-GG-05210-JAGX will be expended in accordance with Department of Justice approval of budgeted items. The Parties are prohibited from encumbering or expending any grant funds prior to DOJ approval of this Agreement and the clearance of Grant Award Number 15PBJA-24-GG-05210-JAGX Special Condition #66.

2. **Time of Performance**

This Agreement will be effective upon the Effective Date first written above through September 30, 2027, or until all funds are expended under this grant award, whichever occurs first.

3. **Amount and Method of Payment**

The CITY agrees to establish an interest-bearing trust fund for the deposit of JAG funds and will ensure that funds from any award under the JAG are not commingled with funds from any other source.

The CITY agrees to reimburse LCSO the sum of $11,819. The CITY agrees to reimburse LCSO within twenty (20) working days after receipt of a reimbursement request. LCSO shall submit all reimbursement requests to the Tallahassee Police Department no later than ninety (90) calendar days prior to the end of this Agreement. Said requests shall contain a detailed description of each line-item expenditure incurred during the Agreement's Time of Performance, shall be accompanied by supporting documentation, and shall be signed by the appropriate authorized representative.

The CITY reserves the right to deny approval of a reimbursement request, or any portion thereof, if the request is inconsistent with the type of expenditure listed in Paragraph 1, Program Coordination and Funding Allocation, if documentation in support of the expenditure is insufficient, or if the amount requested exceeds the amount of funds budgeted.

4. **Special Conditions**

In accordance with the provisions of Grant Award Number 15PBJA-24-GG-05210-JAGX, the CITY, the COUNTY, and LCSO shall comply with all terms, conditions, and procedures of any special condition(s) included as part of the grant award, as required by the U.S. Department of Justice and the JAG program. The terms, conditions, and procedures included as part of

Grant Award Number 15PBJA-24-GG-05210-JAGX are hereby incorporated and made part of this Agreement (see Attachment A).

5. Records and Reporting

The CITY shall be required to maintain books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all amounts received and expended by the CITY. The CITY's records shall be subject to review by the U.S. Department of Justice as stipulated in the provisions of the JAG grant award.

The COUNTY and LCSO shall maintain books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all amounts received and expended by them under this Agreement. Records referred to in the preceding sentence shall be subject to inspection by the CITY, or its designee, at all reasonable times. The COUNTY and LCSO shall preserve and make the above-referenced records available to the CITY, if requested, for a minimum of five (5) years following the closure of the CITY's most recent audit report of JAG funds received or expended pursuant to Grant Award Number 15PBJA-24-GG-05210-JAGX.

LCSO shall include a programmatic report with each reimbursement request. The programmatic reports shall reflect the progress made during the reporting period toward accomplishing the goals outlined in Paragraph 1 of this Agreement.

The CITY shall submit programmatic and financial reports to the U.S. Department of Justice in accordance with JAG grant provisions.

6. Audit Requirements

The parties shall be subject to audit requirements per the grant awarded by the U.S. Department of Justice subsequent to Grant Award Number 15PBJA-24-GG-05210-JAGX.

If the COUNTY or LCSO expend less than $750,000 in a fiscal year from CITY awards, it is exempt from CITY audit requirements for that year. If the COUNTY or LCSO expends $750,000 or more in a fiscal year from CITY awards, or if the County or LCSO expends more than $1,000,000 in Federal awards (from all sources including pass-through subawards), an independent public accountant shall be employed to conduct a financial compliance audit of its records. In addition to the above, the COUNTY and LCSO shall, provide the Tallahassee Police Department and the City Inspector General, for their review, a copy of any audit received as a result of the COUNTY's or LCSO's policy; 2 C.F.R Part 200, subpart F; or Section 215.97, Florida Statues, relating to the expenditure of state awards under the Florida Single Audit Act. Such audits shall include or be accompanied by any applicable audit management letter issued and all applicable responses to the auditor's findings and recommendations. All audit reports shall be submitted to the Tallahassee Police Department and the City Inspector General within 30 days of receipt of each issued report.

The CITY reserves the right to conduct a financial or program audit of all records related to this Agreement. An audit by the CITY, as referenced above, may encompass an examination of all financial transactions related to the funds received from the CITY, all accounts and reports, as well as an evaluation of compliance with the terms and conditions of this Agreement.

7. **Non-Discrimination**

The Parties agrees they will not discriminate on the basis of race, color, creed, national origin, sex, sexual orientation, gender identification, age, marital status, handicap or any legally protected class and that it will comply with all applicable federal, state, or local laws, rules, and regulations.

8. **Public Records**

The Parties acknowledge that they are governmental entities subject to the Florida Public Records Law, as governed by Chapter 119, Florida Statutes. In accordance with Section 119.0701, Florida Statutes, the following provision is included in this agreement:

IF THE PARTIES HAVE QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THEIR DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, THEY SHOULD CONTACT THEIR AGENCY'S CUSTODIAN OF PUBLIC RECORDS OR CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT CITY OF TALLAHASSEE, TREASURER-CLERK'S OFFICE, RECORDS DIVISION, CITY HALL, 300 SOUTH ADAMS STREET, TALLAHASSEE, FLORIDA 32301 (850) 891-8130, RECORDS@TALGOV.COM

9. **Amendments**

The CITY, the COUNTY, and LCSO may desire adjustments to the scope of work or services to be provided under Grant Award Number 15PBJA-24-GG-05210-JAGX. Such adjustments shall be submitted in writing and signed by the appropriate authorized representative. When the adjustment to the scope of work or services to be provided under Grant Award Number 15PBJA-24-GG-05210-JAGX requires the approval of the Department of Justice, the CITY, as the administrative agency for Grant Award Number 15PBJA-24-GG-05210-JAGX, shall submit such requests for approval to the Department of Justice and notify the COUNTY and LCSO of its decision.

The CITY, the COUNTY, and LCSO may desire adjustments in the allocation of funding provided under this Agreement. Decreases in funding which are mutually agreed upon and less than 10% of the allocated amount to the requesting agency shall require a written release of funding submitted in writing, and signed by the appropriate authorized representative, to the CITY, as the administrative agency. The written release of funding shall be incorporated as

an addendum to this Agreement and the CITY shall reallocate the funding in accordance with the terms and conditions of Grant Award Number 15PBJA-24-GG-05210-JAGX.

Adjustments greater than 10% of the allocated amount to the requesting agency shall require an amendment to this Agreement and may require the approval of the Department of Justice. When adjustments to the allocation of funding provided under Grant Award Number 15PBJA-24-GG-05210-JAGX require the approval of the Department of Justice, the CITY, as the administrative agency for Grant Award Number 15PBJA-24-GG-05210-JAGX, shall submit such requests for approval to the Department of Justice and notify the COUNTY and LCSO of its decision.

10. Termination

This Agreement may not be terminated by any party after it has been submitted to the U.S. Department of Justice as part of JAG Grant Award Number 15PBJA-24-GG-05210-JAGX.

11. Assignment and Binding Effect

The Parties shall not assign, transfer, or otherwise convey any interest in this Agreement without the prior written consent of all parties to this Agreement. The CITY, the COUNTY, and LCSO each bind itself and its partners, successors, legal representatives, and assigns to such other party, in respect to all covenants of this Agreement.

12. Attorney Fees

Nothing in this Agreement shall be construed to deny any party the right to seek any remedies that may be available to that party, at law or in equity, including but not limited to awards of court costs and attorney fees, in order to enforce the terms of this Agreement or to recover damages as a result of a breach of this Agreement.

13. Indemnification

To the extent permitted by law, each party hereto agrees that it shall be solely responsible for the negligent and wrongful acts of its employees, officers and agents. However, nothing shall constitute a waiver by any party of its sovereign immunity and the limitations set forth in Section 768.28, Florida Statutes. The liability of the parties, as set forth in this paragraph, is intended to be consistent with limitations of state law, including the state's waiver of sovereign immunity pursuant to Section 768.28, Florida Statutes, and no obligation imposed hereby shall be deemed to alter said waiver or to extend the liability of the parties beyond such limits.

JustGrants Application: 14277006 **Grant Award # 15PBJA-24-GG-05210-JAGX**

IN WITNESS THEREOF, the CITY, the COUNTY, and LCSO have executed this Agreement upon the Effective Date written above.

Grant Award # 15PBJA-24-GG-05210-JAGX

Department of Justice (DOJ)

Office of Justice Programs

Bureau of Justice Assistance

Washington, D.C. 20531

Name and Address of Recipient:	CITY OF TALLAHASSEE 300 S ADAMS ST
City, State and Zip:	TALLAHASSEE, FL 32301
Recipient UEI:	HS3PRJ2R6X93

Project Title: Continuation and Improvement of Law Enforcement Services	**Award Number:** 15PBJA-24-GG-05210-JAGX
Solicitation Title: BJA FY 24 Edward Byrne Memorial Justice Assistance Grant (JAG) Program - Local Solicitation	
Federal Award Amount: $103,637.00	**Federal Award Date:** 12/5/24
Awarding Agency:	Office of Justice Programs Bureau of Justice Assistance
Funding Instrument Type:	Grant
Opportunity Category: O **Assistance Listing:** 16.738 - Edward Byrne Memorial Justice Assistance Grant Program	
Project Period Start Date: 10/1/23	**Project Period End Date:** 9/30/27
Budget Period Start Date: 10/1/23	**Budget Period End Date:** 9/30/27

Project Description:

The City of Tallahassee and Leon County propose to support the continuation and improvement of law enforcement services. Grant funds will promote greater public safety, augment proactive solutions, and utilize advanced technology to formulate prevention, response, and resolution proposals. Expected outcomes from the purchase of equipment and supplies include enhanced investigative capabilities, increased officer and public safety, rapid identification of unknown persons, development of comprehensive, collaborative intelligence, and increased data storage efficiency, accessibility, and portability. Subrecipient activities include continued booking services for all arrested juveniles. Grant activities will benefit those who live and work within Leon County and all law enforcement agencies who utilize the juvenile booking services.

Award Letter

December 5, 2024

Dear Christian Doolin,

On behalf of Attorney General Merrick B. Garland, it is my pleasure to inform you the Office of Justice Programs (OJP) has approved the application submitted by CITY OF TALLAHASSEE for an award under the funding opportunity entitled 2024 BJA FY 24 Edward Byrne Memorial Justice Assistance Grant (JAG) Program - Local Solicitation. The approved award amount is $103,637.
Review the Award Instrument below carefully and familiarize yourself with all conditions and requirements before accepting your award. The Award Instrument includes the Award Offer (Award Information, Project Information, Financial Information, and Award Conditions) and Award Acceptance. For COPS Office and OVW funding the Award Offer also includes any Other Award Documents.

Please note that award requirements include not only the conditions and limitations set forth in the Award Offer, but also compliance with assurances and certifications that relate to conduct during the period of performance for the award. These requirements encompass financial, administrative, and programmatic matters, as well as other important matters (e.g., specific restrictions on use of funds). Therefore, all key staff should receive the award conditions, the assurances and certifications, and the application as approved by OJP, so that they understand the award requirements. Information on all pertinent award requirements also must be provided to any subrecipient of the award.

Should you accept the award and then fail to comply with an award requirement, DOJ will pursue appropriate remedies for non-compliance, which may include termination of the award and/or a requirement to repay award funds.

Prior to accepting the award, your Entity Administrator must assign a Financial Manager, Grant Award Administrator, and Authorized Representative(s) in the Justice Grants System (JustGrants). The Entity Administrator will need to ensure the assigned Authorized Representative(s) is current and has the legal authority to accept awards and bind the entity to the award terms and conditions. To accept the award, the Authorized Representative(s) must accept all parts of the Award Offer in the Justice Grants System (JustGrants), including by executing the required declaration and certification, within 45 days from the award date.

To access your funds, you will need to enroll in the Automated Standard Application for Payments (ASAP) system, if you haven't already completed the enrollment process in ASAP. The Entity Administrator should have already received an email from ASAP to initiate this process.

Congratulations, and we look forward to working with you.

Brent J. Cohen
Acting Assistant Attorney General

Office for Civil Rights Notice for All Recipients

The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) enforces federal civil rights laws and other provisions that prohibit discrimination by recipients of federal financial assistance from OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW).

Several civil rights laws, including Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973, require recipients of federal financial assistance (recipients) to give assurances that they will comply with those laws. Taken together, these and other civil rights laws prohibit recipients from discriminating in the provision of services and employment because of race, color, national origin, religion, disability, and sex or from discriminating in the provision of services on the bases of age.

Some recipients of DOJ financial assistance have additional obligations to comply with other applicable nondiscrimination provisions like the Omnibus Crime Control and Safe Streets Act of 1968, which prohibits discrimination on the basis of religion in addition to race, color, national origin, and sex. Recipients may also have related requirements regarding the development and implementation of equal employment opportunity programs.

OCR provides technical assistance, training, and other resources to help recipients comply with civil rights obligations. Further, OCR administratively enforces civil rights laws and nondiscrimination provisions by investigating DOJ recipients that are the subject of discrimination complaints. In addition, OCR conducts compliance reviews of DOJ recipients based on regulatory criteria. These investigations and compliance reviews permit OCR to evaluate whether DOJ recipients are providing services to the public and engaging in employment practices in a nondiscriminatory manner.

For more information about OCR, your civil rights and nondiscrimination responsibilities, how to notify your employees or beneficiaries of their civil rights protections and responsibilities and how to file a complaint, as well as technical assistance, training, and other resources, please visit www.ojp.gov/program/civil-rights-office/outreach. If you would like OCR to assist you in fulfilling your civil rights or nondiscrimination responsibilities, please contact us at askOCR@ojp.usdoj.gov or www.ojp.gov/program/civil-rights-office/about#ocr-contacts.

Memorandum Regarding NEPA

NEPA Letter Type

OJP - Ongoing NEPA Compliance Incorporated into Further Developmental Stages

NEPA Letter

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system, some of which could have environmental impacts. All recipients of JAG funding must assist BJA in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a subgrantee or third party.? Accordingly,?prior to obligating?funds for any of the specified activities, the grantee must first determine if any of the specified activities will be?funded by the grant.

The specified activities requiring environmental analysis are:

a. New construction;

b. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

c.? A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;

d.? Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and

e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

Complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. Further, for programs relating to methamphetamine laboratory operations, the preparation of a detailed Mitigation Plan will be required. For more information about Mitigation Plan requirements, please see https://www.bja.gov/Funding/nepa.html.

Financial Information

This award is offered subject to the conditions or limitations set forth in the Award Information, Project Information, Financial Information, and Award Conditions.

[ ] *I have read and understand the information presented in this section of the Federal Award Instrument.*

Award Conditions

This award is offered subject to the conditions or limitations set forth in the Award Information, Project Information, Financial Information, and Award Conditions.

Condition 1
Meaningful access requirement for individuals with limited English proficiency

The recipient, and any subrecipient at any tier, must take reasonable steps to ensure that individuals with limited English proficiency (LEP) have meaningful access to their programs and activities to comply with Title VI of the Civil Rights Act of 1964 (Title VI), which prohibits discrimination on the basis of national origin, including discrimination against individuals with LEP. Such steps may require providing language assistance services, such as interpretation or

translation services. The Department of Justice guidance on compliance with this requirement may be found at "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (67 Fed. Reg. 41455-41472) (https://www.federalregister.gov/d/02-15207) and is incorporated by reference here.

Condition 2
Compliance with general appropriations-law restrictions on the use of federal funds (FY 2024)
The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions that may be set out in applicable appropriations acts are indicated at https://ojp.gov/funding/Explore/FY24AppropriationsRestrictions.htm, and are incorporated by reference here.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Condition 3
Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38.

Among other things, 28 C.F.R. Part 38 states that recipients may not use direct Federal financial assistance from the Department to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. In addition, Part 38 states that a faith-based organization that participates a Department of Justice funded program retains its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law.

Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 CFR Part 38, Appendix C, sections (1) through (4). A sample written notice may be found at https://www.ojp.gov/program/civil-rights-office/partnerships-faith-based-and-other-neighborhood-organizations.

In certain instances, a faith-based or religious organization may be able to take religion into account when making hiring decisions, provided it satisfies certain requirements. For more information, please see https://www.ojp.gov/funding/explore/legaloverview2024/civilrightsrequirements.

Condition 4
Requirements of the award; remedies for non-compliance or for materially false statements

The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Any such exceptions regarding enforcement, including any such exceptions made during the period of performance, are (or will be during the period of performance) set out through the Office of Justice Programs ("OJP") webpage entitled "Legal Notices: Special circumstances as to particular award conditions" (ojp.gov/funding/Explore/LegalNotices-AwardReqts.htm), and incorporated by reference into the award.

By signing and accepting this award on behalf of the recipient, the authorized recipient official accepts all material

requirements of the award, and specifically adopts, as if personally executed by the authorized recipient official, all assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance.

Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period -- may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

Condition 5
Effect of failure to address audit issues

The recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

Condition 6
Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this award from OJP.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at https://ojp.gov/funding/Part200UniformRequirements.htm.

Record retention and access: Records pertinent to the award that the recipient (and any subrecipient ("subgrantee") at any tier) must retain -- typically for a period of 3 years from the date of submission of the final expenditure report (SF 425), unless a different retention period applies -- and to which the recipient (and any subrecipient ("subgrantee") at any tier) must provide access, include performance measurement information, in addition to the financial records, supporting documents, statistical records, and other pertinent records indicated at 2 C.F.R. 200.334.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

Condition 7
Reporting potential fraud, waste, and abuse, and similar misconduct

The recipient, and any subrecipients ("subgrantees") at any tier, must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, subrecipient, contractor, subcontractor, or other person has, in connection with funds under this award-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

Potential fraud, waste, abuse, or misconduct involving or relating to funds under this award should be reported to the OIG by--(1) online submission accessible via the OIG webpage at https://oig.justice.gov/hotline/contact-grants.htm (select "Submit Report Online"); (2) mail directed to: U.S. Department of Justice, Office of the Inspector General, Investigations Division, ATTN: Grantee Reporting, 950 Pennsylvania Ave., NW, Washington, DC 20530; and/or (3) by facsimile directed to the DOJ OIG Investigations Division (Attn: Grantee Reporting) at (202) 616-9881 (fax).

Additional information is available from the DOJ OIG website at https://oig.justice.gov/hotline.

Condition 8
Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

Condition 9
Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "DOJ Grants Financial Guide").

Condition 10
Requirement for data on performance and effectiveness under the award

The recipient must collect and maintain data that measure the performance and effectiveness of work under this award. The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws.

Condition 11
Compliance with DOJ Grants Financial Guide

References to the DOJ Grants Financial Guide are to the DOJ Grants Financial Guide as posted on the OJP website (currently, the "DOJ Grants Financial Guide" available at https://ojp.gov/financialguide/DOJ/index.htm), including any updated version that may be posted during the period of performance. The recipient agrees to comply with the DOJ Grants Financial Guide.

Condition 12
Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 42

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

Among other items, 28 C.F.R. § 42.106(d), 28 C.F.R. § 42.405(c), and 28 C.F.R. § 42.505(f) contain notice requirements that covered recipients must follow regarding the dissemination of information regarding federal nondiscrimination requirements.

Condition 13
Determination of suitability to interact with participating minors

SCOPE. This condition applies to this award if it is indicated -- in the application for the award (as approved by DOJ)(or in the application for any subaward, at any tier), the DOJ funding announcement (solicitation), or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by the recipient, or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP web site at https://ojp.gov/funding/Explore/Interact-Minors.htm (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

Condition 14
Requirement to disclose whether recipient is designated "high risk" by a federal grant-making agency outside of DOJ

If the recipient is designated "high risk" by a federal grant-making agency outside of DOJ, currently or at any time during the course of the period of performance under this award, the recipient must disclose that fact and certain related information to OJP by email at OJP.ComplianceReporting@ojp.usdoj.gov. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient. The recipient's disclosure must include the following: 1. The federal awarding agency that currently designates the recipient high risk, 2. The date the recipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

Condition 15
Employment eligibility verification for hiring under the award

1. The recipient (and any subrecipient at any tier) must--

A. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. 1324a(a)(1).

B. Notify all persons associated with the recipient (or any subrecipient) who are or will be involved in activities under this award of both--

(1) this award requirement for verification of employment eligibility, and

(2) the associated provisions in 8 U.S.C. 1324a(a)(1) that, generally speaking, make it unlawful, in the United States, to hire (or recruit for employment) certain aliens.

C. Provide training (to the extent necessary) to those persons required by this condition to be notified of the award requirement for employment eligibility verification and of the associated provisions of 8 U.S.C. 1324a(a)(1).

D. As part of the recordkeeping for the award (including pursuant to the Part 200 Uniform Requirements), maintain records of all employment eligibility verifications pertinent to compliance with this award condition in accordance with Form I-9 record retention requirements, as well as records of all pertinent notifications and trainings.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for

the reasonable, necessary, and allocable costs (if any) of actions designed to ensure compliance with this condition.

4. Rules of construction

A. Staff involved in the hiring process

For purposes of this condition, persons "who are or will be involved in activities under this award" specifically includes (without limitation) any and all recipient (or any subrecipient) officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.

B. Employment eligibility confirmation with E-Verify

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the recipient (or any subrecipient) may choose to participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Nonconfirmation" or a "Final Nonconfirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

C. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands.

D. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, or any person or other entity, to violate any federal law, including any applicable civil rights or nondiscrimination law.

E. Nothing in this condition, including in paragraph 4.B., shall be understood to relieve any recipient, any subrecipient at any tier, or any person or other entity, of any obligation otherwise imposed by law, including 8 U.S.C. 1324a(a)(1).

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

Questions about the meaning or scope of this condition should be directed to OJP, before award acceptance.

Condition 16
Encouragement of policies to ban text messaging while driving

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

Condition 17
Reclassification of various statutory provisions to a new Title 34 of the United States Code

On September 1, 2017, various statutory provisions previously codified elsewhere in the U.S. Code were editorially reclassified (that is, moved and renumbered) to a new Title 34, entitled "Crime Control and Law Enforcement." The reclassification encompassed a number of statutory provisions pertinent to OJP awards (that is, OJP grants and cooperative agreements), including many provisions previously codified in Title 42 of the U.S. Code.

Effective as of September 1, 2017, any reference in this award document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in award conditions, references set out in material incorporated by reference through award conditions, and references set out in other award requirements.

Condition 18
Restrictions and certifications regarding non-disclosure agreements and related matters

No recipient or subrecipient ("subgrantee") under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the recipient--

a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the recipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

Condition 19
OJP Training Guiding Principles

Any training or training materials that the recipient -- or any subrecipient ("subgrantee") at any tier -- develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at https://www.ojp.gov/funding/implement/training-guiding-principles-grantees-and-subgrantees.

Condition 20
Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed $250,000

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, $250,000). This condition applies to agreements that -- for purposes of

federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed $250,000)), and are incorporated by reference here.

Condition 21
Requirement to report potentially duplicative funding

If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by the DOJ awarding agency, must seek a budget-modification or change-of-project-scope Grant Award Modification (GAM) to eliminate any inappropriate duplication of funding.

Condition 22
Required training for Grant Award Administrator and Financial Manager

The Grant Award Administrator and all Financial Managers for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after January 1, 2021, will satisfy this condition.

In the event that either the Grant Award Administrator or a Financial Manager for this award changes during the period of performance, the new Grant Award Administrator or Financial Manager must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after the date the Entity Administrator enters updated Grant Award Administrator or Financial Manager information in JustGrants. Successful completion of such a training on or after January 1, 2021, will satisfy this condition.

A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at https://onlinegfmt.training.ojp.gov/. All trainings that satisfy this condition include a session on grant fraud prevention and detection.

The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

Condition 23
Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees)

The recipient (and any subrecipient at any tier) must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The recipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the recipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

Condition 24
Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and

OJP authority to terminate award)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

Condition 25
Potential imposition of additional requirements

The recipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the recipient is designated as "high-risk" for purposes of the DOJ high-risk grantee list.

Condition 26
Requirement to report actual or imminent breach of personally identifiable information (PII)

The recipient (and any "subrecipient" at any tier) must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it (or a subrecipient) -- (1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "Personally Identifiable Information (PII)" (2 CFR 200.1) within the scope of an OJP grant-funded program or activity, or (2) uses or operates a "Federal information system" (OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to an OJP Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

Condition 27
Requirements related to System for Award Management and Universal Identifier Requirements

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at https://www.sam.gov/. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at https://ojp.gov/funding/Explore/SAM.htm (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

Condition 28
Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards

Consistent with Executive Order 14074, "Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety," OJP has prohibited the use of federal funds under this award for purchases or transfers of specified equipment by law enforcement agencies. In addition, OJP requires the recipient, and any subrecipient ("subgrantee") at any tier, to put in place specified controls prior to using federal funds under this award to acquire or transfer any property identified on the "controlled equipment" list. The details of the requirement are posted on the OJP web site at https://www.ojp.gov/funding/explore/prohibited-and-controlled-equipment (Award condition:

Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards), and are incorporated by reference here.

Condition 29
Restrictions on "lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Condition 30
All subawards ("subgrants") must have specific federal authorization

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at https://ojp.gov/funding/Explore/SubawardAuthorization.htm (Award condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

Condition 31
Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 54

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 54, which relates to nondiscrimination on the basis of sex in certain "education programs."

Among other items, 28 C.F.R. § 54.140 contains notice requirements that covered recipients must follow regarding the dissemination of information regarding federal nondiscrimination requirements.

Condition 32
The recipient understands that, in accepting this award, the Authorized Representative declares and certifies, among other things, that he or she possesses the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accepts (or adopts) all material requirements that relate to conduct throughout the period of performance under this award. The recipient further understands, and agrees, that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

Condition 33
Verification and updating of recipient contact information

The recipient must verify its Grant Award Administrator, Financial Manager, and Authorized Representative contact information in JustGrants, including telephone number and e-mail address. If any information is incorrect or has

changed, the award recipient's Entity Administrator must make changes to contact information through DIAMD. Instructions on how to update contact information in JustGrants can be found at https://justicegrants.usdoj.gov/training/training-entity-management.

Condition 34
FFATA reporting: Subawards and executive compensation

The recipient must comply with applicable requirements to report first-tier subawards ("subgrants") of $30,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients (first-tier "subgrantees") of award funds. The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the OJP web site at https://ojp.gov/funding/Explore/FFATA.htm (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here.

This condition, including its reporting requirement, does not apply to-- (1) an award of less than $30,000, or (2) an award made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

Condition 35
Body-worn cameras, policies and procedures

In accepting this award, the recipient agrees not to use award funds for purchases of body-worn cameras or related expenses for any agency unless that agency has policies and procedures in place that reinforce appropriate agency Use of Force policies and training and address technology usage, evidence acquisition, data storage and retention, as well as privacy issues, accountability and discipline.

Condition 36
Body armor - compliance with NIJ standards and other requirements

Ballistic-resistant and stab-resistant body armor purchased with award funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the body armor has been tested and found to comply with applicable National Institute of Justice ballistic or stab standards, and is listed on the NIJ Compliant Body Armor Model List. In addition, ballistic-resistant and stab-resistant body armor purchased must be made in the United States and must be uniquely fitted, as set forth in 34 U.S.C. 10202(c)(1)(A). The latest NIJ standard information and the NIJ Compliant Body Armor List may be found by following the links located on the NIJ Body Armor page: https://nij.ojp.gov/topics/equipment-and-technology/body-armor. In addition, if recipient uses funds under this award to purchase body armor, the recipient is strongly encouraged to have a "mandatory wear" policy in effect. There are no requirements regarding the nature of the policy other than it be a mandatory wear policy for all uniformed officers while on duty.

Condition 37
The recipient agrees to comply with OJP grant monitoring guidelines, protocols, and procedures, and to cooperate with BJA and OCFO on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide to BJA and OCFO all documentation necessary to complete monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set by BJA and OCFO for providing the requested documents. Failure to cooperate with BJA's/OCFO's grant monitoring activities may result in sanctions affecting the recipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the recipient's access to grant funds; referral to the Office of the Inspector General for audit review; designation of the recipient as a DOJ High Risk grantee; or termination of an award(s).

Condition 38
Any written, visual, or audio publications funded in whole or in part under this award, with the exception of press releases, shall contain the following statements: "This project was supported by Grant No. <AWARD_NUMBER> awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official

position or policies of the U.S. Department of Justice." The current edition of the DOJ Grants Financial Guide provides guidance on allowable printing and publication activities.

Condition 39
Any Web site that is funded in whole or in part under this award must include the following statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service: "This Web site is funded in whole or in part through a grant from the Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)." The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

Condition 40
Confidentiality of data

The recipient (and any subrecipient at any tier) must comply with all confidentiality requirements of 34 U.S.C. 10231 and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. The recipient further agrees, as a condition of award approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, 28 C.F.R. 22.23.

Condition 41
The recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.

Condition 42
Protection of human research subjects

The recipient (and any subrecipient at any tier) must comply with the requirements of 28 C.F.R. Part 46 and all OJP policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

Condition 43
Justification of consultant rate

Approval of this award does not indicate approval of any consultant rate in excess of $650 per day. A detailed justification must be submitted to and approved by the OJP program office prior to obligation or expenditure of such funds.

Condition 44
The recipient agrees that no funds under this grant award (including via subcontract or subaward, at any tier) may be used for unmanned aircraft systems (UAS), which includes unmanned aircraft vehicles (UAV), or for any accompanying accessories to support UAS.

Condition 45
Compliance with 28 C.F.R. Part 23

With respect to any information technology system funded or supported by funds under this award, the recipient (and any subrecipient at any tier) must comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if OJP determines this regulation to be applicable. Should OJP determine 28 C.F.R. Part 23 to be applicable, OJP may, at its discretion, perform audits of the system, as per the regulation. Should any violation of 28 C.F.R. Part 23 occur, the recipient may be fined as per 34 U.S.C. 10231(c)-(d). The recipient may not satisfy such a fine with federal funds.

Condition 46
Justice Information Sharing

Information sharing projects funded under this award must comply with DOJ's Global Justice Information Sharing Initiative (Global) guidelines. The recipient (and any subrecipient at any tier) must conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at: https:/ / it.ojp.gov/ gsp_grantcondition. The recipient (and any subrecipient at any tier) must document planned approaches to information sharing and describe compliance with the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

Condition 47
Required monitoring of subawards

The recipient must monitor subawards under this award in accordance with all applicable statutes, regulations, award conditions, and the DOJ Grants Financial Guide, and must include the applicable conditions of this award in any subaward. Among other things, the recipient is responsible for oversight of subrecipient spending and monitoring of specific outcomes and benefits attributable to use of award funds by subrecipients. The recipient agrees to submit, upon request, documentation of its policies and procedures for monitoring of subawards under this award.

Condition 48
In accepting this award, the recipient agrees that grant funds cannot be used for Facial Recognition Technology (FRT) unless the recipient has policies and procedures in place to ensure that the FRT will be utilized in an appropriate and responsible manner that promotes public safety, and protects privacy, civil rights, and civil liberties and complies with all applicable provisions of the U.S. Constitution, including the Fourth Amendment's protection against unreasonable searches and seizures and the First Amendment's freedom of association and speech, as well as other laws and regulations. Recipients utilizing funds for FRT must make such policies and procedures available to DOJ upon request.

Condition 49
Avoidance of duplication of networks

To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the recipient can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

Condition 50
Law enforcement task forces - required training

Within 120 days of award acceptance, each current member of a law enforcement task force funded with award funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, must complete required online (internet-based) task force training. Additionally, all future task force members must complete this training once during the period of performance for this award, or once every four years if multiple OJP awards include this requirement.

The required training is available free of charge online through the BJA-funded Center for Task Force Integrity and Leadership (www.ctfli.org). The training addresses task force effectiveness, as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability. If award funds are used to support a task force, the recipient must compile and maintain a task force personnel roster, along with course completion certificates.

Additional information regarding the training is available through BJA's web site and the Center for Task Force Integrity and Leadership (www.ctfli.org).

Condition 51
Compliance with National Environmental Policy Act and related statutes

Upon request, the recipient (and any subrecipient at any tier) must assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these award funds, either directly by the recipient or by a subrecipient. Accordingly, the recipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the award, the recipient agrees to contact BJA.

The recipient understands that this condition applies to new activities as set out below, whether or not they are being specifically funded with these award funds. That is, as long as the activity is being conducted by the recipient, a subrecipient, or any third party, and the activity needs to be undertaken in order to use these award funds, this condition must first be met. The activities covered by this condition are:

a. New construction;

b. Minor renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;

d. Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and

e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The recipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. The recipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed at https://bja.gov/Funding/nepa.html, for programs relating to methamphetamine laboratory operations.

Application of This Condition to Recipient's Existing Programs or Activities: For any of the recipient's or its subrecipients' existing programs or activities that will be funded by these award funds, the recipient, upon specific request from BJA, agrees to cooperate with BJA in any preparation by BJA of a national or program environmental assessment of that funded program or activity.

Condition 52
Establishment of trust fund

If award funds are being drawn down in advance, the recipient (or a subrecipient, with respect to a subaward) is required to establish a trust fund account. Recipients (and subrecipients) must maintain advance payments of federal awards in interest-bearing accounts, unless regulatory exclusions apply (2 C.F.R. 200.305(b)(8)). The trust fund, including any interest, may not be used to pay debts or expenses incurred by other activities beyond the scope of the Edward Byrne Memorial Justice Assistance Grant Program (JAG). The recipient also agrees to obligate the award funds in the trust fund (including any interest earned) during the period of performance for the award and expend within 90 days thereafter. Any unobligated or unexpended funds, including interest earned, must be returned to OJP at the time of closeout.

Condition 53
All State and Local JAG recipients must submit quarterly Federal Financial Reports (SF-425). Additionally, State JAG and Local JAG Category Two ($25K or more) must submit semi-annual performance reports through JustGrants and Local JAG Category One (Less than $25K) must submit annual performance reports through JustGrants. Consistent with the Department's responsibilities under the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, the recipient must provide data that measure the results of its work. The recipient must submit quarterly performance metrics reports through BJA's Performance Measurement Tool (PMT) website: https://bjapmt.ojp.gov/. For more detailed information on reporting and other JAG requirements, refer to the JAG reporting

requirements webpage (https://bjapmt.ojp.gov/help/jagdocs.html). Failure to submit required JAG reports by established deadlines may result in the freezing of grant funds and future High Risk designation.

Condition 54
Required data on law enforcement agency training

Any law enforcement agency receiving direct or sub-awarded funding from this JAG award must submit quarterly accountability metrics data related to training that officers have received on the use of force, racial and ethnic bias, de-escalation of conflict, and constructive engagement with the public.

Condition 55
Authorization to obligate (federal) award funds to reimburse certain project costs incurred on or after October 1, 2022

The recipient may obligate (federal) award funds only after the recipient makes a valid acceptance of the award. As of the first day of the period of performance for the award (October 1, 2022), however, the recipient may choose to incur project costs using non-federal funds, but any such project costs are incurred at the recipient's risk until, at a minimum-- (1) the recipient makes a valid acceptance of the award, and (2) all applicable withholding conditions are removed by OJP (via an Award Condition Modification (ACM)). (A withholding condition is a condition in the award document that precludes the recipient from obligating, expending, or drawing down all or a portion of the award funds until the condition is removed.)

Except to the extent (if any) that an award condition expressly precludes reimbursement of project costs incurred "at-risk," if and when the recipient makes a valid acceptance of this award and OJP removes each applicable withholding condition through an Award Condition Modification (ACM), the recipient is authorized to obligate (federal) award funds to reimburse itself for project costs incurred "at-risk" earlier during the period of performance (such as project costs incurred prior to award acceptance or prior to removal of an applicable withholding condition), provided that those project costs otherwise are allowable costs under the award.

Condition 56
If award funds are used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System ("CODIS," the DNA database operated by the FBI) by a government DNA laboratory with access to CODIS. With the exception of Forensic Genetic Genealogy, no profiles generated under this award may be entered or uploaded into any non-governmental DNA database without prior express written approval from BJA. Award funds may not be used for the purchase of DNA equipment and supplies unless the resulting DNA profiles may be accepted for entry into CODIS. Booking agencies should work with their state CODIS agency to ensure all requirements are met for participation in Rapid DNA (see National Rapid DNA Booking Operational Procedures Manual).

Condition 57
Recipients utilizing award funds for forensic genealogy testing must adhere to the United States Department of Justice Interim Policy Forensic Genealogical DNA Analysis and Searching (https://www.justice.gov/olp/page/file/1204386/download), and must collect and report the metrics identified in Section IX of that document to BJA.

Condition 58
Submission of eligible records relevant to the National Instant Background Check System

Consonant with federal statutes that pertain to firearms and background checks -- including 18 U.S.C. 922 and 34 U.S.C. ch. 409 -- if the recipient (or any subrecipient at any tier) uses this award to fund (in whole or in part) a specific project or program (such as a law enforcement, prosecution, or court program) that results in any court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the National Instant Background Check System (NICS), or that has as one of its purposes the establishment or improvement of records systems that contain any court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the NICS, the recipient (or subrecipient, if applicable) must ensure that all such court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the NICS are promptly made available to the NICS or to the "State" repository/database that is electronically available to (and accessed by) the NICS, and -- when appropriate -- promptly must update, correct, modify, or remove such NICS-relevant "eligible records".

In the event of minor and transitory non-compliance, the recipient may submit evidence to demonstrate diligent monitoring of compliance with this condition (including subrecipient compliance). DOJ will give great weight to any such evidence in any express written determination regarding this condition.

Condition 59
Prohibition on use of award funds for match under BVP program

JAG funds may not be used as the 50% match for purposes of the DOJ Bulletproof Vest Partnership (BVP) program.

Condition 60
Extreme risk protection programs funded by JAG must include, at a minimum: pre-deprivation and post-deprivation due process rights that prevent any violation or infringement of the Constitution of the United States, including but not limited to the Bill of Rights, and the substantive or procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the States, and as interpreted by State courts and United States courts (including the Supreme Court of the United States). Such programs must include, at the appropriate phase to prevent any violation of constitutional rights, at minimum, notice, the right to an in-person hearing, an unbiased adjudicator, the right to know opposing evidence, the right to present evidence, and the right to confront adverse witnesses; the right to be represented by counsel at no expense to the government; pre-deprivation and post-deprivation heightened evidentiary standards and proof which mean not less than the protections afforded to a similarly situated litigant in Federal court or promulgated by the State's evidentiary body, and sufficient to ensure the full protections of the Constitution of the United States, including but not limited to the Bill of Rights, and the substantive and procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the States, and as interpreted by State courts and United States courts (including the Supreme Court of the United States). The heightened evidentiary standards and proof under such programs must, at all appropriate phases to prevent any violation of any constitutional right, at minimum, prevent reliance upon evidence that is unsworn or unaffirmed, irrelevant, based on inadmissible hearsay, unreliable, vague, speculative, and lacking a foundation; and penalties for abuse of the program.

Condition 61
Expenditures prohibited without waiver

No funds under this award may be expended on the purchase of items prohibited by the JAG program statute, unless, as set forth at 34 U.S.C. 10152, the BJA Director certifies that extraordinary and exigent circumstances exist, making such expenditures essential to the maintenance of public safety and good order.

Condition 62
Exceptions regarding Prohibited and Controlled Equipment under OJP awards

Notwithstanding any provision to the contrary in the other terms and conditions of this award, including in the condition regarding "Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards," the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to Other LEAs" and the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to NON-LEAs" do not apply to this award.

Condition 63
Use of program income

Program income (as defined in the Part 200 Uniform Requirements) must be used in accordance with the provisions of the Part 200 Uniform Requirements. Program income earnings and expenditures both must be reported on the quarterly Federal Financial Report, SF 425.

Condition 64
Initial period of performance; requests for extension.

The recipient understands that for award amounts of less than $25,000 under JAG (Category 1), the initial period of performance of the award is two years. The recipient further understands that any requests for an extension of the

period of performance for an award of less than $25,000 will be approved automatically for up to a total of two additional years, pursuant to 34 U.S.C. 10152(f) and in accordance with the program solicitation associated with this award.

Any request for an extension of the period of performance beyond a four-year award period will require approval, and the approval (if any) will be at the discretion of the Director of BJA.

Condition 65
Withholding of funds for Required certification from the chief executive of the applicant government

The recipient may not expend or draw down any award funds until the recipient submits the required "Certifications and Assurances by the Chief Executive of the Applicant Government," properly-executed (as determined by OJP), and an Award Condition Modification has been issued to remove this condition.

Condition 66
Withholding of funds for Memorandum of Understanding

The recipient may not expend or draw down any award funds until OJP has reviewed and approved the Memorandum of Understanding (MOU), and an Award Condition Modification has been issued to remove this condition.

[ ] *I have read and understand the information presented in this section of the Federal Award Instrument.*

Award Acceptance

Declaration and Certification to the U.S. Department of Justice as to Acceptance

By checking the declaration and certification box below, I--

A. Declare to the U.S. Department of Justice (DOJ), under penalty of perjury, that I have authority to make this declaration and certification on behalf of the applicant.

B. Certify to DOJ, under penalty of perjury, on behalf of myself and the applicant, to the best of my knowledge and belief, that the following are true as of the date of this award acceptance: (1) I have conducted or there was conducted (including by applicant's legal counsel as appropriate and made available to me) a diligent review of all terms and conditions of, and all supporting materials submitted in connection with, this award, including any assurances and certifications (including anything submitted in connection therewith by a person on behalf of the applicant before, after, or at the time of the application submission and any materials that accompany this acceptance and certification); and (2) I have the legal authority to accept this award on behalf of the applicant.

C. Accept this award on behalf of the applicant.

D. Declare the following to DOJ, under penalty of perjury, on behalf of myself and the applicant: (1) I understand that, in taking (or not taking) any action pursuant to this declaration and certification, DOJ will rely upon this declaration and certification as a material representation; and (2) I understand that any materially false, fictitious, or fraudulent information or statement in this declaration and certification (or concealment or omission of a material fact as to either) may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271-10273), and also may subject me and the applicant to civil penalties and administrative remedies under the federal False Claims Act (including under 31 U.S.C. §§ 3729-3730 and/or §§ 3801-3812) or otherwise.

AWARD AGREEMENT

Recipient: Leon County Sheriff's Office

Recipient SAM UEI: Q9YESJ1UNA89

Award Number: 6P001

Award Period: 10/01/2025 – 09/30/2026

Award Title: 6P001 - Leon County Sheriff's Office

Federal Funds: $33,677.00

Matching Funds: $0.00

Total Funds: $33,677.00

CFDA: 16.609

Federal Award Number: 15PBJA-23-GG-02445-GUNP

Federal Program: Project Safe Neighborhoods - Northern District of FL (PSN)

Federal Awarding Agency: U.S. Department of Justice (USDOJ)

Pass-through Entity: Florida Department of Law Enforcement (FDLE)

Research & Development: No

Indirect Cost: No

An award agreement is entered into by and between the Florida Department of Law Enforcement (herein referred to as "FDLE" or "Department") and the Leon County Sheriff's Office (herein referred to as "Recipient");

WHEREAS, the Department has the authority pursuant to Florida law and does hereby agree to provide federal financial assistance to the Recipient in accordance with the terms and conditions set forth in the award agreement, and

WHEREAS, the Department has available funds resulting from the federal award listed above, and

WHEREAS, the Recipient and the Department have each affirmed they have read and understood the agreement in its entirety and the Recipient has provided an executed agreement to the Department.

SCHEDULE OF APPENDICES

Appendix A – Scope of Work
Appendix B – Deliverables
Appendix C – Approved Budget
Appendix D – Award Contacts
Appendix E – Special Conditions
Appendix F – Standard Conditions

PERFORMANCE REPORTING

The Recipient shall provide **Quarterly Performance Reports** to the Department attesting to the progress towards deliverables. Performance Reports are due no later than 15 days after the end of each reporting period.

For example: If the monthly reporting period is July 1-31, the Performance Report is due August 15th; if the quarterly reporting period is January 1 – March 31, the Performance Report is due by April 15th.

The Recipient shall respond to the metrics in the electronic grant management system. Information provided by the Recipient will be used by the Department to compile reports on project progress and metrics to the U.S. Department of Justice.

Supporting documentation for performance must be maintained by Recipient and made available upon request for monitoring purposes. Examples of supporting documentation include but are not limited to timesheets, activity reports, meeting notices, delivery documents, public announcements, rosters, presentations, database statistics, etc.

Failure to submit performance reports by the deadline will result in a withholding of funds until performance reports are received.

FINANCIAL REPORTING

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature. The Department will administer and disburse funds under this agreement in accordance with ss. 215.97, 215.971, 215.981 and 215.985, F.S.

This is a cost reimbursement agreement. The Department will reimburse the Recipient for allowable expenditures included in the approved budget **(Appendix B)** incurred during each reporting period. The Recipient shall provide **Quarterly Payment Requests** to the Department attesting to expenditures made during the reporting period. These reports are due no later than 30 days after the end of each reporting period. For example: If the monthly reporting period is July 1-31, the Payment Request is due August 30th; if the quarterly reporting period is January 1 – March 31, the Payment Request is due by April 30th.

Using the electronic grant management system to record expenses, Payment Requests must clearly identify the dates of services, a description of the specific contract deliverables provided during the reporting period, the quantity provided, and the payment amount. All Payment Requests are reviewed and may be audited to the satisfaction of the Department. The Department's determination of acceptable expenditures shall be conclusive.

The final Payment Request shall be submitted to the Department no more than 60 days after the end date of the award. Any payment due under the terms of this agreement may be withheld until performance of services, all reports due are received, and necessary adjustments have been approved by the Department.

The Recipient must maintain original supporting documentation for all funds expended and received under this agreement in sufficient detail for proper pre- and post-audit and to verify work performed was in accordance with the deliverable(s). Payment shall be contingent upon the Department's grant manager receiving and accepting the invoice and the associated supporting documentation. Supporting documentation includes, but is not limited to: quotes, procurement documents, purchase orders, original receipts, invoices, canceled checks or EFT records, bank statements, etc. The state's Chief Financial Officer (CFO) reserves the right to require further documentation on an as needed basis.

Failure to comply with these provisions shall result in forfeiture of reimbursement.

Award Signatures

In witness whereof, the parties affirm they each have read and agree to the conditions set forth in **Appendix C and Appendix D** of this agreement, have read and understand the agreement in its entirety and have executed this agreement by their duly authorized officers on the date, month and year set out below.

Modifications to this page, including strikeovers, whiteout, etc. are not permitted.

Appendix A - Scope of Work

Award Number:	6P001
Recipient:	Leon County Sheriff's Office
Award Title:	6P001 - Leon County Sheriff's Office
Award Period:	10/01/2025 - 09/30/2026

Problem Identification

The Leon County Sheriff's Office (LCSO) has established a community-wide effort to reduce gun violence by identifying violent crimes and prosecuting offenders in federal court - a complex process that requires a thorough investigation, and collaboration between multijurisdictional law enforcement agencies and prosecutors.

Throughout Leon County, there are some hotspots involving drug trafficking, robbery, gun, and related crimes. By partnering with Florida State University's College of Criminology and Criminal Justice's Center for Criminology and Public Policy, research and analysis reveals that although these hotspots make up just over half of the overall population, they account for 91% of all homicides. Proposed key strategies include collaborating with other law enforcement agencies, collecting data and sharing technology resources like the National Integrated Ballistic Information Network (NIBIN) and other firearm related investigations. The greatest asset LCSO continues to call upon is the dedication of its' sworn law enforcement personnel, and having sufficient staffing hours available to follow up on these findings continues to be a challenge.

Scope of Work

The Leon County Sheriff's Office will use grant funds to support overtime and fringe cost for sworn law enforcement personnel to pursue the critical areas of gang enforcement, intervention, and prevention. These focal points are essential in bolstering existing efforts to reduce criminal activity in high-high crime areas - or areas frequented by high risk-individuals. The support of these goals will allow law enforcement to conduct hot spot policing in high crime areas, reducing gang related violence and criminal activity within Leon County.

Appendix B - Deliverables

Award Number:	6P001
Recipient:	Leon County Sheriff's Office
Award Title:	6P001 - Leon County Sheriff's Office
Award Period:	10/01/2025 - 09/30/2026

Total payments for all deliverables will not exceed the maximum grant award amount.

Deliverable 1	Recipient will use federal grant funds to pay overtime and fringe for sworn staff
Minimum Performance Criteria:	Completion of progress with at least one activity described in the Scope of Work. Documentation includes an attestation of activities or services rendered through the submission of the payment request.
Financial Consequences:	This is a cost reimbursement deliverable. Only allowable activities completed as attested through the submission of the payment request will be eligible for payment.
Deliverable Price:	Total payments for this deliverable will be approximately $33,677.00

Appendix C - Approved Budget

Award Number:	6P001		
Recipient:	Leon County Sheriff's Office		
Award Title:	6P001 - Leon County Sheriff's Office		
Award Period:	10/01/2025-09/30/2026		
Award Amount:	$33,677.00	$0.00	$33,677.00
	Grant Funded	Match	Total

Standard Budget Terms

All items, quantities, and/or prices below are estimates based on the information available at the time of application.

The item(s) listed below may include additional individually priced, operationally necessary accessories, components, and/or peripherals and may be categorized as a "kit", "bundle", "system" etc.

Award funds may be used to pay for any applicable shipping, freight, and/or installation costs.

Award funds will NOT be used to pay for extended warranties, service agreements, contracts, etc., covering any periods that extend beyond the award end date. Funds may be prorated for services within the award period.

Any costs that exceed the award allocation will be the responsibility of the Recipient.

A. Personnel

Item Name	Description	Grant Funded	Match	Total
Overtime for sworn staff	This funding is requested to support overtime costs and related expenses for sworn law enforcement personnel engaged in the critical areas of gang enforcement and community engagement. - 3 Deputy Sheriffs @ approximately * $52.51/hr * 4 hours per biweekly period * 26 biweekly periods = $16,384 - 1 Sergeant (LE) @ approximately * $74/hr * 3.5 hours per biweekly period * 26 biweekly periods = $6,734 Grand Total $23,118	$23,118.00	$0.00	$23,118.00
		A. Personnel Subtotal:		**$23,118.00**

B. Fringe Benefits

Item Name	Description	Grant Funded	Match	Total
Fringe Benefits on Overtime - Sworn Staff	Fringe benefits on overtime consist of the statutory retirement contribution rate, FICA tax contributions, and workers' compensation. Retirement (Special Risk): 35.19% FICA: 7.65% Workers' Comp: 2.83% Total: 45.67% - Deputy Sheriff personnel total: $16,384 *	$10,559.00	$0.00	$10,559.00

45.67% = $7,483
- Sergeant personnel total: $6,734 * 45.67% = $3,076

B. Fringe Benefits Subtotal:	**$10,559.00**

Appendix E: Special Conditions

Award Number:	6P001
Recipient:	Leon County Sheriff's Office
Award Title:	6P001 - Leon County Sheriff's Office
Award Period:	10/01/2025 - 09/30/2026

In addition to the attached standard conditions, the above-referenced grant project is subject to the special conditions set forth below.

S0053	At the time of application, the recipient's procurement policy does not appear to comply with all federal procurement requirements outlined in the Office of Management and Budget (OMB) Uniform Requirements, 2 CFR 200.318-320 (see Subaward Management Questionnaire (SMQ) section VIII). Documentation of compliance with these requirements must be in accordance with the standards identified in OMB's Uniform Requirements and must be maintained and provided to the Office of Criminal Justice Grants at monitoring.
S0057	At the time of application, it was noted the Recipient's EEO Certification (EEOC) will expire on August 2, 2025. In order to prevent delays in payment, the Recipient must provide an updated EEOC to the Office of Criminal Justice Grants prior to the expiration date.
S0058	At the time of application, the Recipient indicated their organization is required to create and maintain an EEO Plan. The Recipient must submit their Utilization Report provide a copy to the Office of Criminal Justice Grants at monitoring.
S0087	A project risk assessment completed at the time of application review determined this project is LOW-RISK. However, the project requests funds for salaries, overtime, and/or fringe benefits. Full backup documentation for salaries, overtime, and fringe benefit expenditures must accompany the first and last payment requests submitted to OCJG for approval. Backup documentation related to all other expenditures must be maintained and made available to OCJG upon request. Documentation may include, but is not limited to: procurement records (including quotes, competitive solicitations/bids, etc.), purchase orders, packing slips, delivery/receivable documents, invoices, proof of payment, timesheets, paystubs, activity logs, client activity logs, participant sign in sheets, billing documentation, travel vouchers etc.

Appendix F – FY2023 Award Standard Conditions

The Florida Department of Law Enforcement (FDLE), Office of Criminal Justice Grants (OCJG) serves as the State Administering Agency (SAA) for various federal award programs awarded through the U.S. Department of Justice (DOJ), Office of Justice Programs (OJP). FDLE has been assigned as the certified Fiscal Agent for the Project Safe Neighborhoods awards by the U.S. Attorney. OCJG awards funds to eligible applicants and requires compliance with the agreement and Standard Conditions upon signed acceptance of the award.

The Department will only reimburse recipients for authorized activities specified in the agreement. Failure to comply with provisions of this agreement, or failure to perform award activities as specified, will result in required corrective action including but not limited to financial consequences, project costs being disallowed, withholding of federal funds and/or termination of the project.

GENERAL REQUIREMENTS

All recipients must comply with the financial and administrative requirements set forth in the following:

Current edition of the U.S. Department of Justice (DOJ) Grants Financial Guide

Section 215.985, Fla. Stat., Transparency in government spending
Section 216.181(6), Fla. Stat., Approved budgets for operations and fixed capital outlay

DEFINITIONS

Award agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal awarding agency or

pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Disallowed costs means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. See also the definitions of *capital assets, computing devices, general purpose equipment, information technology systems, special purpose equipment,* and *supplies* in 2 C.F.R. § 200.1.

Fiscal Agent refers to the agency responsible for the administration of the Project Safe Neighborhoods (PSN) award programs. FDLE has been assigned as the certified Fiscal Agent for PSN awards.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements. Improper payment also includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation in 48 CFR Subpart 2.1 (Definitions). It is $10,000 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each award (regardless of the period of performance of the awards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each award in excess of $25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity is a non-Federal entity that provides an award to a recipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Performance goal means a target level of performance expressed as a tangible, measurable objective, against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate. In some instances (e.g., discretionary research awards), this may be limited to the requirement to submit technical performance reports (to be evaluated in accordance with agency policy).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §§ 200.211 Information contained in a Federal award paragraph (b)(5) and 200.332 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information (PII) means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security numbers; passport numbers; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do not reflect the actions a prudent person would take in the circumstances.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of Micro-purchase, 2 C.F.R. § 200.67).

Subaward is an award provided by a pass-through entity to a recipient for the recipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual who is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Recipient means a non-Federal entity that receives an award from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program.

Supplies means all tangible personal property other than those described in § 200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See also §§ 200.20 Computing devices and 200.33 Equipment.

For PSN: Task Forces are established by each USAO to collaborate with a PSN team of federal, state, local, and tribal (where applicable) law enforcement and other community members to implement a strategic plan for investigating, prosecuting, and preventing violent crime.

SECTION I: TERMS AND CONDITIONS

1.0 **Payment Contingent on Appropriation and Available Funds** - The State of Florida's obligation to pay under this agreement is contingent upon an annual appropriation by the Florida Legislature. Furthermore, the obligation of the State of Florida to reimburse recipients for incurred costs is subject to available federal funds.

2.0 **Commencement of Project** - If a project is not operational within 60 days of the original start date of the award period or the date of award activation (whichever is later), the recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date.

If a project is not operational within 90 days of the original start date of the award period or the date of award activation (whichever is later), the recipient must submit a second statement to the Department explaining the implementation delay.

Upon receipt of the ninety (90) day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, unilaterally terminate this agreement and re-obligate award funds to other Department approved projects. The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written adjustment to this agreement.

3.0 Supplanting - The recipient agrees that funds received under this award will not be used to supplant state or local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for award activities.

4.0 Non-Procurement, Debarment and Suspension - The recipient agrees to comply with Executive Order 12549, Debarment and Suspension and 2 C.F.R. § 180, "OMB Guidelines To Agencies On Governmentwide Debarment And Suspension (Non-procurement)". These procedures require the recipient to certify it shall not enter into any lower tiered covered transaction with a person who is debarred, suspended, declared ineligible or is voluntarily excluded from participating in this covered transaction, unless authorized by the Department. If the award is $100,000 or more, the sub recipient and implementing agency certify that they and their principals:

1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;

2) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (a)(ii) of the "Lobbying, Debarment and Drug Free Workplace" certification; and

4) Have not within a three-year period preceding this application had one or more public transactions (federal, state, or local) terminated for cause or default.

5.0 Federal Restrictions on Lobbying - In general, as a matter of federal law, federal funds may not be used by any recipient or subrecipient at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. § 1913.

Another federal law generally prohibits federal funds from being used by any recipient or subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal award or cooperative agreement, subaward, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. § 1352.

6.0 State Restrictions on Lobbying - In addition to the provisions contained above, the expenditure of funds for the purpose of lobbying the legislature or a state agency is prohibited under this agreement.

7.0 Additional Restrictions on Lobbying - The recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the Office of Justice Programs.

8.0 "Pay–to–Stay" - Funds from this award may not be used to operate a "pay-to-stay" program in any local jail. Furthermore, no funds may be given to local jails that operate "pay-to-stay" programs. "Local jail", as referenced in this condition, means an adult facility or detention center owned and/or operated by city, county, or municipality. It does not include juvenile detention centers. "Pay-to-stay" programs as referenced in this condition, means a program by which extraordinary services, amenities and/or accommodations, not otherwise available to the general inmate population, may be provided, based upon an offender's apparent ability to pay, such that disparate conditions of confinement are created for the same or similar offenders within a jurisdiction.

9.0 The Coastal Barrier Resources Act - The recipient will comply and assure the compliance of all contractors with the provisions of the Coastal Barrier Resources Act (P.L. No. 97-348) dated October 18, 1982 (16 USC 3501 et seq.) which prohibits the expenditure of most new federal funds within the units of the Coastal Barrier Resources System.

10.0 Background Check - Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Section 435, Florida Statutes shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile records checks through the Florida Department of Law Enforcement, and federal criminal records checks through the Federal Bureau of Investigation, and may include local criminal records checks through local law enforcement agencies. Such background investigations shall be conducted at the expense of the employing agency or employee.

11.0 Confidentiality of Data - The recipient (or subrecipient at any tier) must comply with all confidentiality requirements of 34 U.S.C. § 10231 and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. The recipient further agrees, as a condition of award approval, to submit a Privacy Certificate in accordance with the requirements of 28 C.F.R. Part 22 and, in particular, 28 C.F.R. 22.23. Privacy Certification forms must be signed by the recipient chief official or an individual with formal, written signature authority for the chief official.

12.0 Conferences and Inspection of Work - Conferences may be held at the request of any party to this agreement. At any time, a representative of the Department, of the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right of visiting the project site to monitor, inspect and assess work performed under this agreement.

13.0 Insurance for Real Property and Equipment - The recipient must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with Federal funds as provided to property owned by the non-Federal entity.

14.0 Flood Disaster Protection Act - The subrecipient will comply with Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, requiring that the purchase of flood insurance in communities where such insurance is available as a condition of the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified as an area having special flood hazards.

15.0 General Appropriations Restrictions - The recipient must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes as set forth in the Consolidated Appropriations Act, 2018.

16.0 Immigration and Nationality Act - No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324(a), Section 274(A) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274(A) of the INA. Such violation by the recipient of the employment provisions contained in Section 274(A) of the INA shall be grounds for unilateral cancellation of this contract by the Department.

17.0 For NCHIP & NARIP: Enhancement of Security - If funds are used for enhancing security, the recipient must:

1) Have an adequate process to assess the impact of any enhancement of a school security measure that is undertaken on the incidence of crime in the geographic area where the enhancement is undertaken.

2) Conduct such an assessment with respect to each such enhancement; and submit to the Department the aforementioned assessment in its Final Program Report.

18.0 **Personally Identifiable Information Breaches** - The recipient (or subrecipient at any tier) must have written procedures in place to respond in the event of actual or imminent "breach" (OMB M-17-12) if it: 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "personally identifiable information (PII)" within the scope of an OJP award-funded program or activity, or 2) uses or operates a "federal information system" (OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to FDLE's Office of Criminal Justice Grants for subsequent reporting to the OJP Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

19.0 **Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards** - Consistent with Executive Order 14074, "Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety," OJP has prohibited the use of federal funds under this award for purchases or transfers of specified equipment by law enforcement agencies. In addition, OJP requires the recipient, and any subrecipient ("subgrantee") at any tier, to put in place specified controls prior to using federal funds under this award to acquire or transfer any property identified on the "controlled equipment" list. The details of the requirement are posted on the OJP web site at https://www.ojp.gov/funding/explore/prohibited-and-controlled-equipment, and are incorporated by reference here.

20.0 **Exceptions regarding Prohibited and Controlled Equipment under OJP awards** - Notwithstanding any provision to the contrary in the other terms and conditions of this award, including in the condition regarding "Compliance with restrictions on the use of federal funds-- prohibited and controlled equipment under OJP awards," the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to Other LEAs" and the requirements for the "Transfer/Sale of Award-Funded Controlled Equipment to NON-LEAs" do not apply to this award.

SECTION II: CIVIL RIGHTS REQUIREMENTS

1.0 **Participant Notification of Non-discrimination** - FDLE does not discriminate on the basis of race, color, religion, national origin, sex, disability or age in the delivery of services, benefits or in employment.

2.0 **Title VI of the Civil Rights Act of 1964** - The recipient, or subrecipient at any tier, must comply with Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, and the DOJ implementing regulations, 28 C.F.R. pt. 42, subpts. C & D, which prohibits discrimination in federally assisted programs based on race, color, and national origin in the delivery of services.

3.0 **Equal Employment Opportunity Program (EEOP)** – The recipient and/or implementing agency must comply with all applicable requirements in 28 C.F.R. § 42, Subpart E, including preparing a Verification Form within 120 days from the initial award date and annually thereafter, and preparing an EEO Plan if required.

Recipients are required to use the Office for Civil Rights EEO Reporting Tool to satisfy this condition (https://ojp.gov/about/ocr/eeop.htm).

4.0 **Title IX of the Education Amendments of 1972** - If the recipient operates an education program or activity, the recipient must comply with all applicable requirements of 20 U.S.C. § 1681, and the DOJ implementing regulation at 28 C.F.R. § 54, which prohibits discrimination in federally assisted education programs based on sex both in employment and in the delivery of services.

5.0 **Partnerships with Faith-Based and other Neighborhood Organizations** - The recipient or subrecipient at any tier, must comply with all applicable requirements of 28 C.F.R. § 38, "Partnerships with Faith-Based and other Neighborhood Organizations", specifically including the provision for written notice to current or prospective program beneficiaries.

6.0 **Title II of the Americans with Disabilities Act of 1990** - Recipients who are public entities must comply with the requirements of the Americans with Disabilities Act (ADA), 42 U.S.C. § 12132, and

the DOJ implementing regulation at 28 C.F.R. pt. 35, which prohibits discrimination on the basis of disability both in employment and in the delivery of services, including provision to provide reasonable accommodations.

7.0 **Section 504 of the Rehabilitation Act of 1973** - Recipients must comply with all provisions of 28 U.S.C. § 794, and the DOJ implementing regulation at 28 C.F.R. pt. 42, subpt. G, which prohibits discrimination in federally assisted programs on the basis of disability in both employment and the delivery of services.

8.0 **Age Discrimination Act of 1975** - Recipients must comply with all requirements of 42 U.S.C. § 6102, and the DOJ implementing regulation at 28 C.F.R. pt. 42, subpt. I, which prohibits discrimination based on age in the delivery of services in federally assisted programs.

9.0 **Omnibus Crime Control and Safe Streets Act of 1968 –** Recipients must comply with all provisions of 34 U.S.C. § 10228(c), and the DOJ implementing regulations at 28 C.F.R. pt. 42, subpts. D & E, which prohibits discrimination in programs funded under the statute on the basis of race, color, national origin, sex, and religion, both in employment and in the delivery of services.

10.0 **Limited English Proficiency (LEP)** - In accordance with Department of Justice Guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with LEP. FDLE strongly advises recipients to have a written LEP Language Access Plan. For more information visit www.lep.gov.

11.0 **Finding of Discrimination** - In the event a federal or state court or federal or state administrative agency makes, after a due process hearing, a finding of discrimination on the grounds of race, color, religion, national origin, sex, or disability against a recipient of funds, the recipient will forward a copy of the finding to FDLE and to the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice.

12.0 **Filing a Complaint** - If an employee, applicant, or client of a recipient has a discrimination complaint against the recipient, they may file a complaint with the recipient, with FDLE, or with the Office for Civil Rights.

Discrimination complaints may be submitted to FDLE at Office of the Inspector General, Post Office Box 1489, Tallahassee, Florida 32302-1489, or online at info@fdle.state.fl.us. Any discrimination complaints filed with FDLE will be reviewed by FDLE's Inspector General and referred to the Office for Civil Rights, the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission, based on the nature of the complaint.
Discrimination complaints may also be submitted to the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, 810 7th Street, Northwest, Washington, D.C. 20531, or at https://www.ojp.gov/program/civil-rights-office/filing-civil-rights-complaint.

For additional information on procedures for filing discrimination complaints, please visit https://www.fdle.state.fl.us/FDLE-Grants/Office-of-Criminal-Justice-Grants/Contact-Us.

13.0 **Retaliation** - In accordance with federal civil rights laws, the recipient shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.

14.0 **Non-discrimination Contract Requirements** - Recipients must include comprehensive Civil Rights nondiscrimination provisions in all contracts funded by the recipient.

15.0 **Pass-through Requirements** - Recipients are responsible for the compliance of contractors and other entities to whom they pass-through funds including compliance with all Civil Rights requirements. These additional tier subrecipients must be made aware that their employees, applicants, or clients may file a discrimination complaint with the recipient, with FDLE, or with the USDOJ Office for Civil Rights and provided the contact information.

16.0 **Civil Rights Training Requirements** - In accordance with Office of Justice Programs (OJP) requirements, the grant manager of the recipient entity responsible for managing awards from FDLE Office of Criminal Justice Grants, will be required to complete a two part Civil Rights Training and maintain copies of the training certificates within their award files to be provided upon request at monitoring.

SECTION III: FINANCIAL REQUIREMENTS AND RESPONSIBILTY

1.0 **Fiscal Control and Fund Accounting Procedures** - All expenditures and cost accounting of funds shall conform to the DOJ Grants Financial Guide and 2 C.F.R. § 200 as applicable, in their entirety.

Recipients are required to establish and maintain adequate accounting systems and financial records and to accurately account for funds awarded to them. Financial management systems must be able to record and report on the receipt, obligation, and expenditure of award funds. Systems must also be able to accommodate a fund and account structure to separately track receipts, expenditures, assets, and liabilities for awards, programs, and additional tiered subrecipients. The awarded funds may or may not be an interest-bearing account, but any earned interest must be accounted for as program income and used for program purposes before the federal award period end date. Any unexpended interest remaining at the end of the federal award period must be refunded to the Office of Criminal Justice Grants for transmittal to DOJ.

2.0 **Match** - The value or amount of any "non-federal share," "match," or cost-sharing contribution incorporated into the approved budget is part of the "project cost" for purposes of the 2 C.F.R. § 200 Uniform Requirements, and is subject to audit. In general, the rules and restrictions that apply to award funds from federal sources also apply to funds in the approved budget that are provided as "match" or through "cost sharing."

SECTION IV: AWARD MANAGEMENT AND REPORTING REQUIREMENTS

1.0 **Obligation of Funds** - Award funds shall not be obligated prior to the start date, or subsequent to the end date, of the award. Only project costs incurred on or after the effective date, and on or prior to the termination date of the recipient's project are eligible for reimbursement.

2.0 **Use of Funds** - Federal funds may only be used for the purposes in the recipient's approved award agreement.

3.0 **Advance Funding** - Advance funding may be provided to a recipient upon a written request to the Department.

4.0 **Performance Reporting** - The recipient shall submit Monthly or Quarterly Project performance achievements and performance questionnaires to the Department, within fifteen (15) days after the end of the reporting period. Performance reporting must clearly articulate the activities that occurred within the reporting period, including descriptions of major accomplishments, milestones achieved, and/or barriers or delays encountered. Additional information may be required if necessary to comply with federal reporting requirements. Performance achievements and performance questionnaires that are not complete, accurate, and timely may result in sanctions, as specified in Section IV, Award Management and Reporting Requirements.

5.0 **Financial Consequences for Failure to Perform** - In accordance with Section 215.971, Florida Statutes, payments for state and federal financial assistance must be directly related to the scope of work and meet the minimum level of performance for successful completion. If the recipient fails to meet the minimum level of service or performance identified in this agreement, the Department will apply financial consequences commensurate with the deficiency. Financial consequences may include but are not limited to withholding payments or reimbursement until the deficiency is resolved, tendering only partial payment/reimbursement, imposition of other financial consequences according to the Standard Conditions as applicable, and/or termination of contract and requisition of goods or services from an alternate source. Any payment made in reliance on recipient's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due to the Department as a refund.

6.0 Award Amendments - Recipients must submit an award amendment through the electronic grant management system for major substantive changes such as changes in project activities or scope of the project, target populations, service providers, implementation schedules, and designs or research plans set forth in the approved agreement and for any budget changes that affect a cost category that was not included in the original budget. Amendments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

Under no circumstances can transfers of funds increase the total budgeted award.

Retroactive (after-the-fact) approval of project adjustments or items not currently in the approved award will only be considered under extenuating circumstances. Recipients who incur costs prior to approval of requested adjustments do so at the risk of the items being ineligible for reimbursement under the award.

All requests for changes, including requests for project period extensions, must be submitted in the electronic grant management system no later than thirty (30) days prior to award expiration date.

7.0 Financial Expenditures and Reporting - The recipient shall close the expense reporting period either on a Monthly or Quarterly basis. For any reporting period the recipient is seeking reimbursement, a payment request must also be submitted in the grant management system. Closing of the reporting period and Payment Requests are due thirty (30) days after the end of the reporting period with the exception of the final reporting period.

All project expenditures for reimbursement of recipient costs shall be submitted on the Project Expenditure Report Forms prescribed and provided by the Office of Criminal Justice Grants (OCJG) through the electronic grant management system.

All Project Expenditure Reports shall be submitted in sufficient detail for proper pre-audit and post-audit.

All reports must relate financial data to performance accomplishments.

An expenditure report is not required when no reimbursement is being requested; however, recipients should close the associated reporting period in the electronic grant management system.

Before the "final" Payment Request will be processed, the recipient must submit to the Department all outstanding Performance Achievements and must have satisfied all withholding, special, and monitoring conditions. Failure to comply with the above provisions shall result in forfeiture of reimbursement.

8.0 Project Income (PGI) - All income generated as a direct result of a project shall be deemed program income. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (i.e., law enforcement entity).

The recipient shall submit a PGI Earnings and Expenditures form in the electronic grant management system as soon as PGI is earned or expended. Prior to expending funds, the recipient shall submit a PGI Spending Request form for OCJG approval. All PGI expenditures must directly relate to the project being funded and must be allowable under the federal award.

Additionally, any unexpended PGI remaining at the end of the federal award period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

9.0 Recipient Integrity and Performance Matters - Requirement to report information on certain civil, criminal, and administrative proceedings to OCJG, SAM and FAPIIS.

The recipient must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either

this award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, recipients of OJP awards are required to report information about such proceedings, through the federal System for Award Management ("SAM"), to the designated federal integrity and performance system ("FAPIIS").

10.0 **Verification and updating of Recipient Grant Manager contact information** - The recipient must verify its Recipient Grant Manager (GM) contact information in AmpliFund, including telephone number and e-mail address, is current and correct. If any information is incorrect or has changed, an authorized user of the recipient must make changes to the GM information in AmpliFund and provide the GM's contact information to the OCJG grant manager within thirty days of the change.

SECTION V: MONITORING AND AUDITS

1.0 **Access to Records** - The Florida Department of Law Enforcement, the Auditor General of the State of Florida, the U.S. Department of Justice, the U.S. Comptroller General or any of their duly authorized representatives, shall have access to books, documents, papers and records of the recipient and contractors for the purpose of audit and examination according to the Financial Guide. At any time, a representative of the Department, the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right to visit the project site to monitor, inspect and assess work performed under this agreement.

The Department reserves the right to unilaterally terminate this agreement if the recipient or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of Chapter 119, Florida Statutes, unless specifically exempted and/or made confidential by operation of Chapter 119, Florida Statutes, and made or received by the recipient or its contractor in conjunction with this agreement.

The recipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

2.0 **Assessments and Evaluations** - The recipient agrees to participate in a data collection process measuring program outputs and outcomes as outlined by the Office of Justice Programs. The recipient agrees to cooperate with any assessments, national evaluation efforts, and/or information or data collection requests related to activities under this award.

3.0 **Monitoring** - The recipient agrees to comply with FDLE's award monitoring guidelines, protocols, and procedures; and to cooperate with FDLE on all award monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. Failure to cooperate with award monitoring activities may result in sanctions affecting the recipient's award, including, but not limited to: withholding and/or other restrictions on the recipient's access to funds, referral to the Office of the Inspector General for audit review, designation of the recipient as a FDLE High Risk grantee, or termination of award(s).

4.0 **Property Management** - The recipient shall establish and administer a system to protect, preserve, use, maintain and dispose of any property furnished to it by the Department or purchased pursuant to this agreement according to federal property management standards set forth in the DOJ Grants Financial Guide and 2 C.F.R. § 200.313. This obligation continues as long as the recipient retains the property, notwithstanding expiration of this agreement.

5.0 **Award Closeout** - Award Closeout will be initiated by the Department after the final payment request has been processed. The final payment request must be submitted within sixty (60) days of the end date of the award. All performance achievements and performance questionnaires must be completed before the award can be closed.

6.0 **High Risk Recipients** - If a recipient is designated "high risk" by a federal award-making agency,

currently or at any time during the course of the period of performance under this award, the recipient must disclose that fact and certain related information to FDLE's OCJG. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient. The recipient's disclosure must include the following: 1. The federal awarding agency that currently designates the recipient high risk, 2. The date the recipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

7.0 **Imposition of Additional Requirements** - The recipient agrees to comply with any additional requirements that may be imposed by OCJG during the period of performance for this award if the recipient is designated as "high-risk" for purposes of the DOJ high-risk list.

8.0 **Retention of Records** - The recipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. The recipient shall comply with State of Florida General Records Schedule GS1-SL for State and Local Government Agencies: https://files.floridados.gov/media/706717/gs1-sl-june-2023.pdf.

9.0 **Disputes and Appeals** - The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The recipient's right to appeal the Department's decision is contained in Chapter 120, Florida Statutes, and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, Florida Statutes.

10.0 **Failure to Address Audit Issues** - The recipient understands and agrees that FDLE's OCJG may withhold award funds, or may impose award conditions or other related requirements, if (as determined by OCJG) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the 2 C.F.R. § 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews.

11.0 **Single Annual Audit** - Recipients that expend $1,000,000 or more in a year in total federal award funding shall have a single audit or program-specific audit conducted for that year. The audit shall be performed in accordance with the OMB 2 C.F.R. § 200 Subpart F – Audit Requirements and other applicable federal law. The contract for this agreement shall be identified in the Schedule of Federal Financial Assistance in the subject audit. The contract shall be identified as federal funds passed through the Florida Department of Law Enforcement and include the contract number, CFDA number, award amount, contract period, funds received and disbursed. When applicable, the recipient shall submit an annual financial audit that meets the requirements of 2 C.F.R. § 200 Subpart F, "Audit Requirements" Section 215.97, Florida Statutes, "Florida Single Audit Act" and Rules of the Auditor General, Chapter 10.550, and Chapter 10.650, "Local Governmental Entity Audits" and "Florida Single Audit Act Audits Nonprofit and For-Profit Organizations."

A complete audit report that covers any portion of the effective dates of this agreement must be performed and submitted to the Federal Audit Clearinghouse within the earlier of thirty (30) calendar days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Submissions must include required elements described in Appendix X to 2 C.F.R. § 200 on the specified Data Collection Form (Form SF-SAC).

Records shall be made available upon request for a period of five (5) years from the date the audit report is issued, unless extended in writing by the Department.

Recipients that expend less than $1,000,000 in federal awards during a fiscal year are exempt from the Single Audit Act audit requirements for that fiscal year. In this case, written notification, in the form of the "Certification of Audit Exemption" form, shall be provided to the Department by the Chief Financial Officer,

or designee, that the recipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.

SECTION VI: AWARD PROCUREMENT AND COST PRINCIPLES

1.0 **Procurement Procedures** - Recipients must have written procedures for procurement transactions. Procedures must conform to applicable Federal law and the standards in 2 C.F.R. §§ 200.318-326.

This condition applies to agreements that OCJG considers to be a procurement "contract", and not a second-tier award.

The details of the advance approval requirement to use a noncompetitive approach in a procurement contract under this award are posed on the OJP website at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm.

Additional information on Federal purchasing guidelines can be found in the Guide to Procurements Under DOJ Grants and Cooperative agreements at https://www.ojp.gov/doj-guide-to-procurement-procedures.

2.0 **Cost Analysis** - A cost analysis must be performed by the recipient if the cost or price is at or above the $35,000 acquisition threshold and the contract was awarded non-competitively in accordance with Section 216.3475, Florida Statutes. The recipient must maintain records to support the cost analysis, which includes a detailed budget, documented review of individual cost elements for allowability, reasonableness, and necessity. See also: Reference Guide for State Expenditures.

3.0 **Allowable Costs** - Allowance for costs incurred under the award shall be determined according to the general principles and standards for selected cost items set forth in the DOJ Grants Financial Guide and 2 C.F.R. Part 200, Subpart E, "Cost Principles".

4.0 **Unallowable Costs** - Payments made for costs determined to be unallowable by either the Federal awarding agency, or the Department, either as direct or indirect costs, must be refunded (including interest) to FDLE and the Federal Government in accordance with instructions that determined the costs are unallowable unless state or Federal statute or regulation directs otherwise. See also 2 C.F.R. §§ 200.300-309.

5.0 **Unmanned Aircraft Systems (UAS)** - The recipient agrees that no funds under this award (including via subcontract or subaward, at any tier) may be used for unmanned aircraft systems (UAS), which includes unmanned aircraft vehicles (UAV), or for any accompanying accessories to support UAS.

6.0 **Facial Recognition Technology (FRT)** - In accepting this award, the recipient agrees that grant funds cannot be used for Facial Recognition Technology (FRT) unless the recipient has policies and procedures in place to ensure that the FRT will be utilized in an appropriate and responsible manner that promotes public safety, and protects privacy, civil rights, and civil liberties and complies with all applicable provisions of the U.S. Constitution, including the Fourth Amendment's protection against unreasonable searches and seizures and the First Amendment's freedom of association and speech, as well as other laws and regulations. Recipients utilizing funds for FRT must make such policies and procedures available to DOJ upon request.

7.0 **Body Armor** - Certification of body armor "mandatory wear" policies, and compliance with NIJ standards If recipient uses funds under this award to purchase body armor, the recipient must submit a signed certification that each law enforcement agency receiving body armor purchased with funds from this award has a written "mandatory wear" policy in effect. The recipient must keep signed certifications on file for any subrecipients planning to utilize funds from this award for ballistic-resistant and stab-resistant body armor purchases. This policy must be in place for at least all uniformed officers before any funds from this award may be used by an agency for body armor. There are no requirements regarding the nature of the policy other than it be a mandatory wear policy for all uniformed officers while on duty. **For PSN,** if recipient uses funds under this award to purchase body armor, the recipient is strongly encouraged to have a "mandatory wear" policy in effect. There are no requirements regarding the nature

of the policy other than it be a mandatory wear policy for all uniformed officers while on duty.

Ballistic-resistant and stab-resistant body armor purchased with award funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the body armor has been tested and found to comply with applicable National Institute of Justice ballistic or stab standards, and is listed on the NIJ Compliant Body Armor Model List. In addition, ballistic-resistant and stab-resistant body armor purchased must be made in the United States and must be uniquely fitted, as set forth in 34 U.S.C. 10202(c)(1)(A). The latest NIJ standard information and the NIJ Compliant Body Armor List may be found by following the links located on the NIJ Body Armor page: https://nij.ojp.gov/topics/equipment-and-technology/body-armor.

8.0 **Indirect Cost Rate** - A recipient that is eligible to use the "de minimis" indirect cost rate described in 2 C.F.R. § 200.414(f), and elects to do so, must advise OCJG in writing of both its eligibility and its election, and must comply with all associated requirements in the 2 C.F.R. § 200 and Appendix VII.

9.0 **Sole Source** - If the project requires a non-competitive purchase from a sole source, the recipient must complete the Sole Source Justification for Services and Equipment Form and submit to OCJG upon application for pre-approval. If the recipient is a state agency and the cost meets or exceeds $250,000, the recipient must also receive approval from the Florida Department of Management Services (DMS) (See § 287.057(5), Fla. Stat.). Additional details on the sole source requirement can be found at 2 C.F.R. § 200 and the DOJ Grants Financial Guide.

10.0 **Personnel Services** - Recipients may use award funds for eligible personnel services including salaries, wages, and fringe benefits, including overtime in accordance with the DOJ Grants Financial Guide Section 3.9 - Compensation for Personal Services, consistent with the principles set out in 2 C.F.R. § 200, Subpart E and those permitted in the federal program's authorizing legislation. Recipient employees should be compensated with overtime payments for work performed in excess of the established work week and in accordance with the recipient's written compensation and pay plan.

Documentation - Charges for salaries, wages, and fringe benefits must be supported by a system of internal controls providing reasonable assurance that charges are accurate, allowable, and properly allocated. Documentation supporting charges must be incorporated into the official records of the organization.

Charges made to the Personnel Budget Category must reasonably reflect the total time and activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies. Where award recipients work on multiple award programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.

Federal funds may not be used to pay cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. An award recipient may compensate an employee at a higher rate, provided the amount in excess of the compensation limitation is not paid with federal funds.

11.0 **Contractual Services** - The recipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts as described in 2 C.F.R. § 200.318, General procurement.

Requirements for Contractors of Recipients - The recipient assures the compliance of all contractors with the applicable provisions of Title I of the Omnibus Crime Control and Safe Streets Act of 1968, as amended 34 U.S.C. § 10101 et seq.; the provisions of the current edition of the DOJ Grants Financial Guide (https://www.ojp.gov/doj-financial-guide-2022); and all other applicable federal and state laws, orders, circulars, or regulations. The recipient must pass-through all requirements and conditions applicable to the federal award to any subcontract. The term "contractor" is used rather than the term "vendor" and means an entity that receives a contract as defined in 2 C.F.R. § 200.22, the nature of the contractual relationship determines the type of agreement.

Approval of Consultant Contracts - Compensation for individual consultant services must be reasonable and consistent with that paid for similar services in the marketplace. The Federal awarding agency and pass-through entity must review and approve in writing all consultant contracts prior to employment of a consultant when the individual compensation rate exceeds $650 (excluding travel and subsistence costs) per eight-hour day, or $81.25 per hour. A detailed justification must be submitted to and approved by FDLE, who will coordinate written approval of the Federal awarding agency, prior to recipient obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide Section 3.6 Consultant Rates and applicable state statutes. The Department's approval of the recipient agreement does not constitute approval of individual consultant contracts or rates. If consultants are hired through a competitive bidding process (not sole source), the $650 threshold does not apply.

12.0 **FFATA Reporting Requirements** - Recipients that enter into awards of $30,000 or more should review the Federal Funding Accountability and Transparency Act of 2006 (FFATA), website for additional reporting requirements at https://ojp.gov/funding/Explore/FFATA.htm.

13.0 **Travel and Training** - The cost of all travel shall be reimbursed according to the recipient's written travel policy. If the recipient does not have a written travel policy, cost of all travel will be reimbursed according to State of Florida Travel Guidelines Section 112.061, Florida Statutes. Any foreign travel must obtain prior written approval from the Federal awarding agency and pass-through entity.

14.0 **Expenses Related to Conferences, Meetings, Trainings, and Other Events** - Award funds requested for meetings, retreats, seminars, symposia, events, and group training activities and related expenses must receive written pre-approval from the Federal awarding agency and pass-through entity and comply with all provisions in 2 C.F.R. § 200.432 and DOJ Grants Financial Guide Section 3.10; Conference Approval, Planning, and Reporting. Award applications requesting approval for meeting, training, conference, or other event costs must include a completed Conference & Events Submission Form for approval prior to obligating award funds for these purposes.

15.0 **Training and Training Materials** - Any training or training materials that has been developed or delivered with award funding under this award must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at www.ojp.gov/funding/ojptrainingguidingprinciples.htm.

16.0 **Publications, Media, Websites, and Patents Ownership of Data and Creative Material** - Ownership of material, discoveries, inventions, and results developed, produced, or discovered subordinate to this agreement is governed by the terms of the DOJ Grants Financial Guide and 2 C.F.R. 200.315.

Written, Visual, or Audio Publications - Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular direct cost objective, it should be allocated as indirect costs. Publication includes writing, editing, and preparing the illustrated material (including videos and electronic mediums).

Recipients must request pre-approval in writing for page charges for professional journal publications. All publication materials must comply with provisions in 2 C.F.R. § 200.461 and DOJ Grants Financial Guide, Section 3.9; Allowable Costs – Publication.

Recipients must submit for review and approval one (1) copy of any written materials to be published, including web-based materials and website content, to be paid under this award at least thirty (30) days prior to the targeted dissemination date.

Any written, visual, or audio publications funded in whole or in part under this award, with the exception of press releases, must contain the following statements identifying the federal award:

*"This project was supported by **[Federal Award Number]** awarded by the **[Bureau of Justice Assistance/Bureau of Justice Statistics]**. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for*

Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice."

Websites - Any Web site that is funded in whole or in part under this award must include the following statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service:

"This Web site is funded in whole or in part through a grant from the Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)."

The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

Patents - Recipients are subject to applicable regulations governing patents and inventions, including government wide regulations issued by the Department of Commerce (37 C.F.R. § 401 and 2 C.F.R. § 200.315(c)).

Recipients must promptly and fully report to FDLE and the Federal awarding agency if any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored under this award.

17.0 For NCHIP & NICS: Purchase of Automated Fingerprint Identification System (AFIS) - AFIS equipment purchased under this award must conform to the American National Standards Institute (ANSI) Standard, "Data Format for the Interchange of Fingerprint, Facial & Other Biometric Information" (ANSI/NIST-ITL 1-2007 PART 1) and any other applicable standards set forth by the Federal Bureau of Investigation (FBI).

18.0 Information Technology Projects

Criminal Intelligence Systems - The recipient agrees that any information technology system funded or supported by the Office of Justice Programs funds will comply with 28 C.F.R. § 23, Criminal Intelligence Systems Operating Policies, if the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. § 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. § 23.20(g). Should any violation of 28 C.F.R. § 23 occur, the recipient may be fined as per 34 U.S.C. § 10231. The recipient may not satisfy such a fine with federal funds.

The recipient understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the recipient agrees that these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

State IT Point of Contact - The recipient must ensure that the State IT Point of Contact receives written notification regarding any information technology project funded by this award during the obligation and expenditures period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these award funds. In addition, the recipient must maintain an administrative file documenting the meeting of this requirement. For a list of State IT Points of Contact, go to https://it.ojp.gov/technology-contacts.

The State IT Point of Contact will ensure the recipient's project follows a statewide comprehensive strategy for information sharing systems that improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole.

Interstate Connectivity - To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the recipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

19.0 **Interoperable Communications Guidance** - Recipients using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at https://www.cisa.gov/sites/default/files/2023-04/fy23_safecom_guidance.pdf.

Recipients interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The recipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the recipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Recipients must provide a listing of all communications equipment purchased with award funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

20.0 **Global Standards Package** - In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the recipient to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular award. Recipient shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at https://it.ojp.gov/gsp. Recipient shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

21.0 **Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment** - In accordance with the requirements as set out in 2 C.F.R. § 200.216, recipients are prohibited from obligating or expending award funds to:

1) Procure or obtain;
2) Extend or renew a contract to procure or obtain;
3) Enter into a contract to procure or obtain equipment, services, or systems that use telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, produced by Huawei Technologies Company or ZTE Corporation (or a subsidiary or affiliate of such entities).

22.0 **Unreasonable Restrictions on Competition** - This condition applies with respect to any procurement of property or services funded (in whole or in part) by this award, by the recipient (or subrecipient at any tier), and regardless of the dollar amount of the purchase or acquisition, the method of procurement, or the nature of any legal instrument used. The provisions of this condition must be among those included in any subaward (at any tier).

1) Consistent with the (DOJ) Part 200 Uniform Requirements -- including as set out at 2 C.F.R. 200.300 and 200.319(a) – Recipient (or subrecipient at any tier) may (in any procurement transaction) discriminate against any person or entity on the basis of such person or entity's status as an "associate of the federal government" (or on the basis of such person or entity's status as a parent,

affiliate, or subsidiary of such an associate), except as expressly set out in 2 C.F.R. 200.319(a) or as specifically authorized by USDOJ.

2) Monitoring of compliance with the requirements of this condition will be conducted by FDLE.
3) The term "associate of the federal government" means any person or entity engaged or employed (in the past or at present) by or on behalf of the federal government -- as an employee, contractor or subcontractor (at any tier), award recipient or -subrecipient (at any tier), agent, or otherwise -- in undertaking any work, project, or activity for or on behalf of (or in providing goods or services to or on behalf of) the federal government, and includes any applicant for such employment or engagement, and any person or entity committed by legal instrument to undertake any such work, project, or activity (or to provide such goods or services) in future.
4) Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, or any person or other entity, to violate any federal law, including any applicable civil rights or nondiscrimination law.

23.0 Non-Disclosure Agreements - No recipient or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

24.0 Whistleblower Protections - An employee of a recipient (at any tier) must not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (a)(2) of 41 U.S.C. 4712 information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

The recipient and subrecipient must inform their employees in writing of employee whistleblower rights and protections under 41 U.S.C. 4712.

25.0 Confidential Funds and Confidential Funds Certificate - A signed certification that the Project Director or Implementing Agency Chief Official has read, understands, and agrees to abide by all conditions for confidential funds outlined in Section 3.12 of the DOJ Grants Financial Guide is required for all projects that involve confidential funds. The signed certification must be submitted at the time of award application. Confidential Funds certifications must be signed by the recipient Chief Official or an individual with formal, written signature authority for the Chief Official.

Prior to the reimbursement of expenditures for confidential funds, the recipient must compile and maintain a CI Funds Tracking Sheet to record all disbursements under the award. The completed form must be submitted with the payment request for OCJG review.

26.0 For JAG: Task Force Training Requirement - The recipient agrees that within 120 days of award, each current member of a law enforcement task force funded with these funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, will complete required online (internet-based) task force training. The training can be accessed https://www.centf.org/CTFLI/.

All current and new task force members are required to complete this training once during the life of the award, or once every four years if multiple awards include this requirement. This training addresses task force effectiveness as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability.

When FDLE awards funds to support a task force, the recipient must compile and maintain a task force personnel roster along with course completion certificates.

27.0 For NCHIP & NARIP: Protective Order Systems - Any system developed with funds awarded under this cooperative agreement will be designed to permit interface with the National Protective Order file maintained by the FBI.

SECTION VII: ADDITIONAL REQUIREMENTS

1.0 **Environmental Protection Agency's (EPA) list of Violating Facilities** - The recipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

2.0 **National Environmental Policy Act (NEPA)** - The recipient agrees to assist FDLE in complying with the NEPA, the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of award funds by the recipient. This applies to the following new activities whether or not they are being specifically funded with these award funds. That is, it applies as long as the activity is being conducted by the recipient or any third party and the activity needs to be undertaken in order to use these award funds. Accordingly, the recipient agrees to first determine if any of the following activities will be funded by the award, prior to obligating funds for any of these purposes.

If it is determined that any of the following activities will be funded by the award, the recipient agrees to contact FDLE OCJG.

1) New construction;
2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
3) A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
4) Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments; and
5) Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The recipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The recipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at https://www.bja.gov/Funding/nepa.html, for programs relating to methamphetamine laboratory operations.

3.0 **National Historic Preservation Act** - The recipient will assist the Department (if necessary) in assuring compliance with section 106 of the National Historic Preservation Act of 1966 (54 U.S.C. § 300.101 et seq.), Ex. Order 11593 (identification and protection of historic properties), the Archeological and Historical Preservation Act of 1974 (54 U.S.C. 312501-312508) and the National Environmental Policy Act of 1969 (43 C.F.R. 46).

4.0 **Human Research Subjects** - The recipient agrees to comply with the requirements of 28 C.F.R. § 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

5.0 **Disclosures**

Conflict of Interest – Recipients (at any tier) must establish safeguards to prohibit employees, officers, agents, and board members from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Recipients must disclose in writing any potential conflict of interest to FDLE (the non-federal pass-through entity).

No employee, officer, agency, or board member may solicit nor accept gratuities, favors, or anything of monetary value from providers/contractors.

Violations of Criminal Law - The recipient must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the award.

6.0 **Uniform Relocation Assistance and Real Property Acquisitions Act** - The recipient will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs.

7.0 **Limitations on Government Employees Financed by Federal Assistance** - The recipient will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7321-26, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

8.0 **Funds to Association of Community Organizations for Reform Now (ACORN) Unallowable** - Recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or award to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.

9.0 **Text Messaging While Driving** - Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), and Section 316.305, Florida Statutes., the recipient is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

10.0 **DNA Testing of Evidentiary Materials and Upload of DNA Profiles to a Database** - If award funds are used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), by a government DNA lab with access to CODIS. With the exception of Forensic Genetic Genealogy, no profiles generated with award funding may be entered into any other non-governmental DNA database without prior express written approval from BJA. Award funds may not be used for the purchase of DNA equipment and supplies unless the resulting DNA profiles may be accepted for entry into CODIS. Booking agencies should work with their state CODIS agency to ensure all requirements are met for participation in Rapid DNA (see National Rapid DNA Booking Operational Procedures Manual).

11.0 **Forensic Genealogy Testing** - Recipients utilizing award funds for forensic genealogy testing must adhere to the United States Department of Justice Interim Policy Forensic Genealogical DNA Analysis and Searching and must collect and report the metrics identified in Section IX of the document to the Bureau of Justice Assistance. For more information, visit https://www.justice.gov/olp/page/file/1204386/download.

12.0 **Environmental Requirements and Energy** - For awards in excess of $100,000, the recipient must comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C § 85), section 508 of the Clean Water Act (33 U.S.C. § 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 C.F.R. § 1 seq.). The recipient must comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871), if any.

13.0 **Other Federal Funds** - The recipient agrees that if it currently has an open award of federal funds or if it receives an award of federal funds other than this award, and those awards have been, are being, or are to be used, in whole or in part, for one or more of the identical cost items for which funds are being provided under this award, the recipient will promptly notify, in writing the grant manager for this award, and, if so requested by OCJG seek a budget modification or change of project scope amendment to eliminate any inappropriate duplication of funding.

14.0 **Trafficking in Persons** - The recipient must comply with applicable requirements pertaining to prohibited conduct relating to the trafficking of persons, whether on the part of recipients, recipients or individuals defined as "employees" of the recipient. The details of the recipient and recipient obligations related to prohibited conduct related to trafficking in persons are incorporated by reference and posted at https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm.

15.0 **Requirement of the Award; Remedies for Non-Compliance or for Materially False Statements** - Any materially false, fictitious, or fraudulent statement to the Department related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001, 1621, and/or 34 U.S.C. § 10272), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or unenforceable; such provision shall be deemed severable from this award.

16.0 **Employment Eligibility Verification for Hiring Under This Award** - The recipient must ensure that as part of the hiring process for any position that is or will be funded (in whole or in part) with award funds, the employment eligibility of the individual being hired is properly verified in accordance with the provisions of 8 U.S.C. 1324a(a)(1) and (2).

1) All persons who are or will be involved in activities under this award must be made aware of the requirement for verification of employment eligibility, and associated provisions of 8 U.S.C. 1324a(a)(1) and (2) that make it unlawful in the United States to hire (or recruit for employment) certain aliens.
2) The recipient must provide training (to the extent necessary) to those persons required by this condition to be notified of the requirement for employment eligibility verification and the associated provisions of 8 U.S.C. 1324a(a)(1) and (2).
3) As part of the recordkeeping requirements of this award, the recipient must maintain records of all employment eligibility verifications pertinent to compliance with this condition and in accordance with I-9 record retention requirements, as well as pertinent records of notifications and trainings.
4) Monitoring of compliance with the requirements of this condition will be conducted by FDLE.
5) Persons who are or will be involved in activities under this award includes any and all recipient officials or other staff who are or will be involved in the hiring process with respect to an award funded position under this award.
6) For the purposes of satisfying this condition, the recipient may choose to participate in, and use E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient entity uses E-Verify to confirm employment eligibility for each position funded through this award.
7) Nothing in this condition shall be understood to authorize or require any recipient, or any person or other entity, to violate federal law, including any applicable civil rights or nondiscrimination law.
8) Nothing in this condition, including paragraph vi., shall be understood to relieve any recipient, or any person or other entity, of any obligation otherwise imposed by law, including 8 U.S.C. 1324a(a)(1) and (2).

17.0 **Determination of Suitability to Interact with Minors** - This condition applies if it is indicated in the application for award (at any tier) that a purpose of some or all of the activities to be carried out under the award is to benefit a set of individuals under 18 years of age.

The recipient (or subrecipient at any tier), must make determinations of suitability before certain individuals may interact with participating minors. The requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP website at https://ojp.gov/funding/Explore/Interact-Minors.htm.

18.0 **Restrictions and Certifications Regarding Non-Disclosure Agreements and Related Matters** - No recipient under this award, or entity that receives a procurement contract with funds under this award,

may require an employee to sign an internal confidentiality agreement that prohibits the reporting of waste, fraud, or abuse to an investigative or law enforcement representative authorized to receive such information.

The foregoing is not intended, to contravene requirements applicable to classified information. In accepting this award, the recipient:

1) Has not required internal confidentiality agreements or statements from employees or contractors that currently prohibit reporting waste, fraud, or abuse;
2) Certifies that, if it learns that it is or has been requiring its employees or contractors to execute agreements that prohibit reporting of waste, fraud, or abuse, it will immediately stop any further obligations of award funds, will provide prompt written notification to OCJG, and will resume such obligations only if expressly authorized to do so by OCJG.
3) Will comply with requirements of 5 U.S.C. §§ 1501-08 and 7321-26, which limit certain political activities of state or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

19.0 Safe Policing and Law Enforcement - Recipients that are state, local, college or university law enforcement agencies must be in compliance with the safe policing certification requirement outlined in Executive Order 13929. For detailed information on this certification requirement, see https://cops.usdoj.gov/SafePolicingEO.

20.0 For JAG: Extreme Risk Protection Programs - Recipients using funds for Extreme Risk Protection programs must include, at a minimum: pre-deprivation and post-deprivation due process rights that prevent any violation or infringement of the Constitution of the United States, including but not limited to the Bill of Rights, and the substantive or procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the States, and as interpreted by State courts and United States courts (including the Supreme Court of the United States). Such programs must include, at the appropriate phase to prevent any violation of constitutional rights, at minimum, notice, the right to an in-person hearing, an unbiased adjudicator, the right to know opposing evidence, the right to present evidence, and the right to confront adverse witnesses; the right to be represented by counsel at no expense to the government; pre-deprivation and post-deprivation heightened evidentiary standards and proof which mean not less than the protections afforded to a similarly situated litigant in Federal court or promulgated by the State's evidentiary body, and sufficient to ensure the full protections of the Constitution of the United States, including but not limited to the Bill of Rights, and the substantive and procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the States, and as interpreted by State courts and United States courts (including the Supreme Court of the United States). The heightened evidentiary standards and proof under such programs must, at all appropriate phases to prevent any violation of any constitutional right, at minimum, prevent reliance upon evidence that is unsworn or unaffirmed, irrelevant, based on inadmissible hearsay, unreliable, vague, speculative, and lacking a foundation; and penalties for abuse of the program.

21.0 For RSAT: State Alcohol and Drug Abuse Agency - The recipient will coordinate the design and implementation of treatment programs with the State alcohol and drug abuse agency or any appropriate local alcohol and drug abuse agency, especially when there is an opportunity to coordinate with initiatives funded through the Justice Assistance Grant (JAG) program.

22.0 For RSAT: Drug Testing - The recipient will implement or continue to require urinalysis or other proven reliable forms of testing of individuals in correctional residential substance abuse treatment programs. Such testing shall include individuals released from residential substance abuse treatment programs who remain in the custody of the State.

23.0 For RSAT: Opioid Abuse and Reduction - The recipient understands and agrees that, to the extent that substance abuse treatment and related services are funded by this award, they will include needed treatment and services to address opioid abuse and reduction.

24.0 For RSAT: Data Collection - The recipient agrees that award funds may be used to pay for data collection, analysis, and report preparation only if that activity is associated with federal reporting requirements. Other data collection, analysis, and evaluation activities are not allowable uses of award funds.

25.0 For RSAT: Recipient understands and agrees that strategic planning activities funded by this award must include planning on how to address individuals with co-occurring mental health and opioid use disorders.

26.0 For PSN: Coordination with U.S. Attorney and PSN Task Forces - The recipient agrees to coordinate the project with the U.S. Attorney and Project Safe Neighborhoods Task Force(s) for the respective U.S. Attorney Districts covered by the award. The recipient also is encouraged to coordinate with other community justice initiatives and other ongoing, local gun prosecution and law enforcement strategies.

27.0 For PSN: Media-related Outreach - The recipient agrees to submit to OCJG for review and approval by DOJ, any proposal or plan for PSN media-related outreach projects.

28.0 For NCHIP & NARIP: Comprehensive Evaluation - In order to ensure that the National Criminal History Improvement Program (NCHIP) and the NICS Act Record Improvement Program (NARIP) are realizing the objectives in the most productive manner, the recipient agrees to participate in a comprehensive evaluation effort. It is anticipated that the evaluation will take place during the course of the program and will likely involve each participating agency. It is expected that the evaluation will have a minimal impact on an agency's program personnel and resources.

29.0 For NCHIP & NARIP: Coordination and Compatibility with Systems - In accordance with federal award conditions, recipient agrees all activities supported under this award must:

1) Be coordinated with Federal, State, and local activities relating to homeland security and presale firearm checks.
2) Ensure criminal justice information systems designed, implemented, or upgraded with NCHIP or NARIP funds are compatible, where applicable, with the National Incident-Based Reporting System (NIBRS), the National Crime Information Center system (NCIC 2000), the National Criminal Instant Background Check System (NICS), the Integrated Automated Fingerprint Identification System (IAFIS), and applicable national, statewide or regional criminal justice information sharing standards and plans.
3) Intend to establish or continue a program that enters into the National Crime Information Center (NCIC) records of: (a) Protection orders for the protection of persons from stalking or domestic violence; (b) Warrants for the arrest of persons violating protection orders intended to protect victims from stalking or domestic violence; and (c) Arrests or convictions of persons violating protection orders intended to protect victims from stalking or domestic violence.

30.0 For NCHIP & NARIP: Firearm and Background Checks - Consonant with federal statutes that pertain to firearms and background checks -- including 18 U.S.C. § 922 and 34 U.S.C. Ch. 409 -- in connection with any use, by the recipient (or any subrecipient at any tier), of this award to fund (in whole or in part) a specific project or program (such as a law enforcement, prosecution, or court program) that results in any court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the National Instant Background Check System (NICS), or that has as one of its purposes the establishment or improvement of records systems that contain any court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the NICS, the recipient (or subrecipient, if applicable) must ensure that all such court dispositions, information, or other records that are "eligible records" (under federal or State law) relevant to the NICS are promptly made available to the NICS or to the "State" repository/database that is electronically available to (and accessed by) the NICS, and -- when appropriate -- promptly must update, correct, modify, or remove such NICS-relevant "eligible records".

In the event of minor and transitory non-compliance, the recipient may submit evidence to demonstrate diligent monitoring of compliance with this condition (including subrecipient compliance). DOJ will give great weight to any such evidence in any express written determination regarding this condition.

FS Agreement No. 25-LE-11080500-159

Cooperator Agreement No. _____

COOPERATIVE LAW ENFORCEMENT AGREEMENT
Between
LEON COUNTY SHERIFFS OFFICE
And The
USDA, FOREST SERVICE
NATIONAL FORESTS SERVICE IN FLORIDA

This COOPERATIVE LAW ENFORCEMENT AGREEMENT ('Agreement') is entered into by and between Leon County Sherriffs Office, hereinafter referred to as "Cooperator," and the United States Department of Agriculture (USDA), Forest Service, National Forests Service in Florida, hereinafter referred to as the "U.S. Forest Service," under the provisions of the Cooperative Law Enforcement Act of August 10, 1971, Pub. L. 92-82, 16 U.S.C. 551a.

Background: The parties to this agreement recognize that public use of National Forest System lands (NFS lands) is usually located in areas that are remote or sparsely populated. The parties also recognize that the enforcement of State and local law is related to the administration and regulation of NFS lands and Cooperator has/have a limited amount of financing to meet their responsibility of enforcing these laws.

Hurricane Michael impacted approximately 600,000 acres of National Forest System lands, on the Apalachicola National Forest to include its roadways, facilities, campgrounds, heritage sites and dispersed recreation areas. These areas continue to receive high recreation visibility and use.

Title: Post Hurricane Michael Patrol Activities in Leon County

Additional information related to purpose stated below: The purpose of this agreement is to document a cooperative effort between the parites to enhance the preservation and protection of restoration project areas and diaster recovery activities on the Apalachicola National Forest due to the impacts of Hurricane Michael. Hurricane Michael caused significant damages to the resources and infrastructure of the Apalachicola National Forest, to include historical landmarks. The Apalachicola National Forest continues its restorative effects but continues to see degradation of restored areas due to high levels of public use. The state and local law enforcement, in connection with activities on NFS lands provide for reimbursement to the Coopearator for the intensified portion of this effort.

I. PURPOSE:

The purpose of this agreement is to document a cooperative effort between the parties to enhance State and local law enforcement in connection with activities on NFS lands and provide for reimbursement to Cooperator for the intensified portion of this effort.

USDA Forest Service
U.S. DEPARTMENT OF AGRICULTURE
FS-1500-8 (VER. 05/24)
OMB No. 0596-0217
EXP: 05/31/2027

In consideration of the above premises, the parties agree as follows:

II. COOPERATOR SHALL:

A. Perform in accordance with the approved and hereby incorporated Financial and Operating Plan (Operating Plan) attached as Exhibit A. *See related Provision IV-E.*

B. Ensure that the officers/agents of Cooperator performing law enforcement activities under this agreement meet the same standards of training required of the officers/agents in their jurisdiction, or the State Peace Officers Standards of Training where they exist.

C. Provide uniformed officers/agents with marked vehicles to perform all activities unless agreed to otherwise in the Operating Plan.

D. Advise the U.S. Forest Service Principal Contact, listed in Provision IV-B, of any suspected criminal activities in connection with activities on NFS lands.

E. Upon the request of the U.S. Forest Service, dispatch additional deputies within manpower capabilities during extraordinary situations as described in Provision IV-J.

F. Complete and furnish annually the U.S. Forest Service with Form FS-5300-5, Cooperative Law Enforcement Activity Report, identifying the number of crimes occurring on NFS lands. The report shall follow the FBI Uniform Crime Reporting groupings, Part I and Part II offenses. Offenses and arrest information shall be combined and reported for each crime. This report shall separate the crimes handled under this agreement from those handled during regular duties.

G. Provide the U.S. Forest Service Principal Contact, listed in Provision IV-B, with case reports and timely information relating to incidents/crimes in connection with activities on NFS lands.

H. Bill the U.S. Forest Service for Cooperator's actual costs incurred to date, displayed by separate cost elements, excluding any previous U.S. Forest Service payment(s) made to the date of the invoice, not to exceed the cumulative funds obligated hereunder and as specified on the Operating Plan. Billing frequency will be as specified in the Operating Plan. See related Provisions III-B, IV-I, and IV-P.

I. Give the U.S. Forest Service or Comptroller General, through any authorized representative, access to and the right to examine all records related to this agreement. As used in this provision, "records" include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

J. Comply with all Federal statutes relating to nondiscrimination and all applicable requirements of all other Federal laws, Executive Orders, regulations, and policies.

USDA Forest Service
U.S. DEPARTMENT OF AGRICULTURE
FS-1500-8 (VER. 05/24)
OMB No. 0596-0217
EXP: 05/31/2027

These include, but are not limited to Sections 119 and 504 of the Rehabilitation Act of 1973 as amended, which prohibits discrimination on the basis of race, color, religion, sex, age, national origin, marital status, familial status, sexual orientation, participation in any public assistance program, or disability.

K. Maintain current information in the System for Award Management (SAM) until receipt of final payment. This requires review and update to the information at least annually after the initial registration, and more frequently if required by changes in information or agreement term(s). For purposes of this agreement, System for Award Management (SAM) the cooperator shall maintain current organizational information and the original Unique Entity Identifier (UEI) provided for this agreement in the System for Award Management (SAM) until receipt of final payment. This requires annual review and updates, when needed, of organizational information after the initial registration. More frequent review and updates may be required for changes in organizational information or agreement term(s). Any change to the original UEI provided in this agreement will result in termination of this agreement and de-obligation of any remaining funds. For purposes of this agreement, System for Award Management (SAM) means the Federal repository into which an entity must provide information required for the conduct of business as a Cooperative. Additional information about registration procedures may be found at the SAM Internet site at www.sam.gov.

III. THE U.S. FOREST SERVICE SHALL:

A. Perform in accordance with the Operating Plan attached as Exhibit A.

B. Reimburse Cooperator for actual expenses incurred, not to exceed the estimated amount shown in the Operating Plan. The U.S. Forest Service will make payment for project costs upon receipt of an invoice. Each correct invoice shall display Cooperator's actual expenditures to date of the invoice, displayed by separate cost elements as documented in the Operating Plan, less any previous U.S. Forest Service payments. See related Provisions II-H and IV-I. The invoice should be forwarded as follows:

Submit original invoice(s) for payment to:	**Send copy to:**
USDA, Forest Service Budget & Finance - Grants & Agreements	Logan Linnan Patrol Captain National Forest in Florida
4000 Masthead St, NE Albuquerque, NM 87109	U.S. Forest Service 325 John Knox Road, Suite F-100 Tallahassee, FL 32303

FAX: (877) 687-4894
E-Mail: sm.fs.asc_ga@usda.gov

Phone: 435-630-5598
E-Mail: logan.linnan@usda.gov

IV. IT IS MUTUALLY UNDERSTOOD AND AGREED UPON BY AND BETWEEN THE PARTIES THAT:

A. The parties will make themselves available, when necessary to provide for continuing consultation, exchange information, aid in training and mutual support, discuss the conditions covered by this agreement and agree to actions essential to fulfill its purposes.

B. The principal contacts for this agreement are:

Principal Cooperator Contacts:

Cooperator Program Contact	Cooperator Administrative Contact
Name: Walt McNeil, Sheriff Address: 2825 Municipal Way, City, State, Zip: Tallahassee, FL 323047 Telephone: 850-606-3300 Email: mccneilw@leoncountyfl.gov	Name: Walt McNeil, Sheriff Address: 2825 Municipal Way, City, State, Zip: Tallahassee, FL 323047 Telephone: 850-606-3300 Email: mccneilw@leoncountyfl.gov

Principal U.S. Forest Service Contacts:

U.S. Forest Service Program Manager Contact	U.S. Forest Service Administrative Contact
Name: Logan Linnan, Patrol Captain Address: 325 John Knox Road, Suite F-100 City, State, Zip: Tallahassee, FL 32303 Telephone: 435-630-5598 Email: logan.linnan@usda.gov	Name: Megan Locke, Grants Management Specialist Address: 1720 Peachtree Rd. NW City, State, Zip: Atlanta, GA 30309 Email: megan.locke@usda.gov

C. An Operating Plan will be negotiated on a fiscal year basis. At the end of the year, funds not spent may be carried forward to the next year, or deobligated at the request of the U.S. Forest Service. Upon expiration of the Cooperative Law Enforcement Agreement, funds not spent will be deobligated.

D. This agreement has no effect upon Cooperator's right to exercise civil and criminal jurisdiction on NFS lands nor does this agreement have any effect upon the responsibility of the U.S. Forest Service for the enforcement of federal laws and regulations relative to NFS lands.

E. Any Operating Plan added to this agreement will be jointly prepared and agreed to by the parties. The Operating Plan shall at a minimum contain:

1. Specific language stating that the Operating Plan is being added to this agreement thereby subjecting it to the terms of this agreement.

2. Specific beginning and ending dates.

3. Bilateral execution prior to any purchase or the performance of any work for which reimbursement is to be made.

4. Specify any training, equipment purchases, and enforcement activities to be provided and agreed rates for reimbursement including the maximum total amount(s) for reimbursement.

5. An estimate of the useful life of any equipment purchased under this agreement as required by Provision IV-K.

6. Billing frequency requirement(s). *See related Provisions II-H and III-B.*

7. Designation of specific individuals and alternate(s) to make or receive requests for enforcement activities under this agreement.

8. A review and signature of a U.S. Forest Service Agreements Coordinator.

F. Nothing in this agreement obligates either party to accept or offer any Operating Plan under this agreement.

G. The officers/agents of Cooperator performing law enforcement activities under this agreement are, and shall remain, under the supervision, authority, and responsibility of Cooperator. Law enforcement provided by Cooperator and its employees shall not be considered as coming within the scope of federal employment and none of the benefits of federal employment shall be conferred under this agreement.

H. MINIMUM WAGE AND PAID SICK LEAVE REQUIREMENTS**.** Executive Order 14026, Increasing the Minimum Wage for Federal Contractors, and its implementing regulations, including the federal contractor minimum wage clause at 29 CFR Part 23, Appendix A, and Executive Order 13706, Establishing Paid Sick Leave for Federal Contractors, and its implementing regulations, including the federal contractor paid sick leave clause at 29 CFR Part 13, Appendix A, apply to the Cooperator and any subcontractors under this agreement. These regulatory requirements are incorporated by reference into this agreement as if fully set forth in this agreement.

I. Federal Communication Commission procedures will be followed when operating radio(s) on either party's frequency.

J. Cooperator's reimbursable expenses must be: listed in an approved Operating Plan; expended in connection with activities on NFS lands; and expenses beyond those which are normally able to provide.

K. During extraordinary situations such as, but not limited to: fire emergency, drug enforcement activities, or certain group gatherings, the U.S. Forest Service may request to provide additional special enforcement activities. The U.S. Forest Service will reimburse Cooperator for only the additional activities requested and not for activities that are regularly performed by Cooperator.

L. Reimbursement may include the costs incurred by Cooperator in equipping or training its officers/agents to perform the additional law enforcement activities authorized by this agreement. Unless specified otherwise in the Operating Plan, reimbursement for equipment and training will be limited to a pro rata share based on the percentage of time an officer/agent spends or equipment is used under this agreement.

M. When reimbursement for items such as radios, radar equipment, and boats is being contemplated, reimbursement for leasing of such equipment should be considered. If the U.S. Forest Service's equipment purchases are approved in the Operating Plan, an estimate of the useful life of such equipment shall be included. When purchased, equipment use rates shall include only operation and maintenance costs and will exclude depreciation and replacement costs. Whether Cooperator is/are reimbursed for lease/purchase costs, or the U.S. Forest Service purchases and transfers the equipment, the total cost for the equipment cannot exceed the major portion of the total cost of the Operating Plan unless approved by all parties in the agreement and shown in the Operating Plan.

N. When the U.S. Forest Service provides equipment, the transfer shall be documented on an approved property transfer form (AD-107) or equivalent. Title shall remain with the U.S. Forest Service, however; Cooperator shall ensure adequate safeguards and controls exist to protect loss or theft. Cooperator shall b e financially responsible for any loss at original acquisition cost less depreciation at the termination of the agreement. Cooperator is/are r esponsible for all operating and maintenance costs for equipment that the U.S. Forest Service has reimbursed Cooperator for and/or transferred to Cooperator under the AD-107 process or equivalent.

O. Equipment and supplies approved for purchase under this agreement are available only for use as authorized. The U.S. Forest Service reserves the right to transfer title to the U.S. Forest Service of equipment and supplies, with a current per-unit fair market value in excess of $5,000.00, purchased by Cooperator using any Federal funding. Upon expiration of this agreement Cooperator shall forward an equipment and supply inventory to the U.S. Forest Service, listing all equipment purchased throughout the life of the project and unused supplies. The U.S. Forest Service will

issue disposition instructions within 120 calendar days, in accordance with equipment regulations contained in 7 CFR 3016.32.

P. When no equipment or supplies are approved for purchase under an Operating Plan, U.S. Forest Service funding under this agreement is not available for reimbursement of Cooperator's purchase of equipment or supplies.

Q. When State conservation agencies have the responsibility for public protection in addition to their normal enforcement responsibility, their public protection enforcement activities may be included in Operating Plans and are then eligible for reimbursement. Reimbursement is not authorized to State Conservation Agencies for enforcement of fish and game laws in connection with activities on NFS lands.

R. Pursuant to 31 U.S.C. 3716 and 7 CFR, Part 3, Subpart B, any funds paid to Cooperator in excess of the amount to which Cooperator is/are finally determined to be entitled under the terms and conditions of the award constitute a debt to the federal Government. If not paid within a reasonable period after the demand for payment, the Federal awarding agency may reduce the debt by:

1. Making an administrative offset against other requests for reimbursements.

2. Withholding advance payments otherwise due to Cooperator.

3. Taking other action permitted by statute.

Except as otherwise provided by law, the Federal awarding agency shall charge interest on an overdue debt in accordance with 4 CFR, Chapter II "Federal Claims Collection Standards" and 31 U.S.C. Chapter 37.

S. Modifications within the scope of the agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by both parties, prior to any changes being performed. The U.S. Forest Service is not obligated to fund any changes not properly approved in advance.

T. Either party, in writing, may terminate this agreement in whole, or in part, at any time before the date of expiration. Neither party shall incur any new obligations for the terminated portion of this agreement after the effective date and shall cancel as many obligations as is possible. Full credit shall be allowed for each party's expenses and all noncancelable obligations properly incurred up to the effective date of termination.

U. PROHIBITION AGAINST INTERNAL CONFIDENTIAL AGREEMENTS. All non federal government entities working on this agreement will adhere to the below provisions found in the Consolidated Appropriations Act, 2016, Pub. L. 114-113, relating to reporting fraud, waste and abuse to authorities:

USDA Forest Service
U.S. DEPARTMENT OF AGRICULTURE
FS-1500-8 (VER. 05/24)
OMB No. 0596-0217
EXP: 05/31/2027

(a) The recipient may not require its employees, contractors, or subrecipients seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting them from lawfully reporting that waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The recipient must notify its employees, contractors, or subrecipients that the prohibitions and restrictions of any internal confidentiality agreements inconsistent with paragraph (a) of this award provision are no longer in effect.

(c) The prohibition in paragraph (a) of this award provision does not contravene requirements applicable to any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d) If the Government determines that the recipient is not in compliance with this award provision, it:

(1) Will prohibit the recipient's use of funds under this award, in accordance with sections 743, 744 of Division E of the Consolidated Appropriations Act, 2016, (Pub. L. 114-113) or any successor provision of law; and

(2) May pursue other remedies available for the recipient's material failure to comply with award terms and conditions.

V. This agreement in no way restricts the U.S. Forest Service or Cooperator from participating in similar activities with other public or private agencies, organizations, and individuals.

W. In accordance with Executive Order (EO) 13513, “Federal Leadership on Reducing Text Messaging While Driving,” any and all text messaging by Federal employees is banned: a) while driving a Government owned vehicle (GOV) or driving a privately owned vehicle (POV) while on official Government business; or b) using any electronic equipment supplied by the Government when driving any vehicle at any time. All cooperators, their employees, volunteers, and contractors are encouraged to adopt and enforce policies that ban text messaging when driving company owned, leased or rented vehicles, POVs or GOVs when driving while on official Government business or when performing any work for or on behalf of the Government.

X. Any information furnished to the U.S. Forest Service under this agreement is subject to the Freedom of Information Act (5 U.S.C. 552).

Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond, to a collection of information unless it displays a valid OMB control number. Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0596-0217. Response to this collection of information is mandatory. The authority to collect the information Section 7 of the Granger-Thye Act (16 U.S.C. 580d) and Title IV of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1751-1753). The time required to complete this information collection is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Clearance Officer, OIRM, 1400 Independence Avenue, SW, Room 404-W, Washington, D.C. 20250; and to the Office of Management and Budget, Paperwork Reduction Project (OMB# 0596-0217), 725 17th Street NW, Washington, D.C. 20503.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible agency or USDA's TARGET Center at (202) 720-2600 (voice and TYY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

The Privacy Act of 1974, 5 U.S.C. 552a and the Freedom of Information Act, 5 U.S.C. 552 govern the confidentiality to be provided for information received by the Forest Service.

Cooperator Agreement No.

EXHIBIT A

COOPERATIVE LAW ENFORCEMENT OPERATING & FINANCIAL PLAN
Between
LEON COUNTY SHERIFFS OFFICE
And the
USDA, FOREST SERVICE
NATIONAL FORESTS IN FLORIDA

FY2025 OPERATING AND FINANCIAL PLAN

This Financial and Operating Plan (Operating Plan), is hereby made and entered into by and between Leon County Sheriffs Office, hereinafter referred to as "Cooperator," and the United States Department of Agriculture (USDA), Forest Service, National Forests in Florida, hereinafter referred to as the "U.S. Forest Service," under the provisions of Cooperative Law Enforcement Agreement #25-LE-11080500-159. This Operating and Financial Plan is made and agreed to as of the last signature date on the Cooperative Law Enforcement Agreement and is in effect through 01/16/2029, unless modified during the annual review.

Current FY2025 Year Obligation: $100,000.00
FY2025 Total Operating Plan: $100,000.00

I. GENERAL:

A. The following individuals shall be the designated and alternate representative(s) of each party, so designated to make or receive requests for special enforcement activities.

Principal Cooperator Contacts:

Cooperator Program Contact	Cooperator Administrative Contact
Name: Walt McNeil, Sheriff Address: 2825 Municipal Way, City, State, Zip: Tallahassee, FL 323047 Telephone: 850-606-3300 Email: mccneilw@leoncountyfl.gov	Name: Walt McNeil, Sheriff Address: 2825 Municipal Way, City, State, Zip: Tallahassee, FL 323047 Telephone: 850-606-3300 Email: mccneilw@leoncountyfl.gov

Principal U.S. Forest Service Contacts:

U.S. Forest Service Program Manager Contact	U.S. Forest Service Administrative Contact
Name: Logan Linnan, Patrol Captain Address: 325 John Knox Road, Suite F-100 City, State, Zip: Tallahassee, FL 32303 Telephone: 435-630-5598 Email: logan.linnan@usda.gov	Name: Megan Locke, Grants Management Specialist Address: 1720 Peachtree Rd. NW City, State, Zip: Atlanta, GA 30309 Email: megan.locke@usda.gov

B. Reimbursement for all types of enforcement activities shall be at the following rates unless specifically stated otherwise:

.35/mile patrolled
Overtime rate of $70.00/hour.
Any funds not utilized for patrol may be used for equipment/equipment supplies or fixes, vehicle maintenance or other emergency services up to $100,000.00 total.

II. PATROL ACTIVITIES:

A. Time schedules for patrols will be flexible to allow for emergencies, other priorities, and day-to-day needs of both Cooperator and the U.S. Forest Service. Ample time will be spent in each area to make residents and visitors aware that law enforcement officers are in the vicinity.

1. Patrol on following U.S. Forest Service roads:

U.S. Forest Service roads and/or U.S. Forest Service property within Leon County (includes roads, sites, property on the U.S. Forest Service lands.)

2. Patrol in the following campgrounds, developed sites, or dispersed areas:

Assign a Deputy Sheriff to conduct vehicle and foot patrols in the Apalachicola National Forest, LEON County, Florida with specific attention given to Blue Sink, Sam Allen Pond, dispersed camping area behind Publix, and other Government owned properties and areas of concentrated public use. Particular attention should be given to the above on the federally recognized summer weekends (Memorial Day, Independence Day and Labor Day). The assigned Deputy/Deputies should visit these sites as often as possible. That assignment of patrols for holidays is intended to cover the actual holiday, and may include weekend days surrounding some holidays that fall accordingly.

Total reimbursement for this category shall not exceed the amount of: $100,000.00.

III. SPECIAL ENFORCEMENT SITUATIONS:

A. Special Enforcement Situations include but are not limited to: Fire Emergencies, Drug Enforcement, and certain Group Gatherings.

B. Funds available for special enforcement situations vary greatly from year to year and must be specifically requested and approved prior to any reimbursement being authorized. Requests for funds should be made to the U.S. Forest Service designated representative listed in Item I-A of this Operating Plan. The designated representative will then notify Leon County Sheriffs Department whether funds will be authorized for reimbursement. If funds are authorized, the parties will then jointly prepare a revised Operating Plan.

1. Drug Enforcement: This will be handled on a case-by-case basis. The request will normally come from the patrol Captain; however, it may come from the Special Agent in Charge or their designated representative. Reimbursement shall be made at the rates specified in Section I-B. Deputies assigned to the incident will coordinate all of their activities with the designated officer in charge of the incident.

2. Fire Emergency: During emergency fire suppression situations and upon request by the U.S. Forest Service pursuant to an incident resource order, the Cooperator agrees to provide special services beyond those provided under Section II-A, within the Cooperator's resource capabilities, for the enforcement of State and local laws related to the protection of persons and their property. The Cooperator will be compensated at the rate specified in Section I-B; the U.S. Forest Service will specify times and schedules. Upon concurrence of the local patrol Captain or their designated representative, an official from the Incident Management Team managing the incident, Cooperator personnel assigned to an incident where meals are provided will be entitled to such meals.

3. Group Gatherings: This includes but is not limited to situations which are normally unanticipated, or which typically include very short notices, large group gatherings such as rock concerts, demonstrations, and organization rendezvous. Upon authorization by a U.S. Forest Service representative listed in Section I-A for requested services of this nature, reimbursement shall be made at the rates specified in Section I-B. Deputies assigned to this type of incident will normally coordinate their activities with the designated officer in charge of the incident.

This includes but is not limited to situations which are normally unanticipated, or which typically include very short notice, large group gatherings such as rock concerts, demonstrations, and organizational rendezvous.

IV. BILLING FREQUENCY:

See Cooperative Law Enforcement Agreement Provisions II-H and III-B for additional information.

A. Billing frequency will be monthly.
Include Agreement #25-LE-11080500-159 on all invoices and correspondence.

Email the invoice to:
Alburquerque Service Center @ sm.fs.asc_ga@usda.gov

Payments – Grants and Agreements
Email the invoice and supporting documentation to:
Patrol Captain Logan Linnan at logan.linnan@usda.gov

B. The following is a breakdown of the total estimated costs associated with this Operating Plan.

Category	Estimated Costs	Not to Exceed by %
Patrol Activities	$100,000.00	N/A
Training	N/A	N/A
Equipment	as noted	N/A
Special Enforcement Situations	N/A	N/A
Total	**$100,000.00**	**N/A**

C. Any remaining funding in this Operating Plan may be carried forward to the next fiscal year and will be available to spend through the term of the Cooperative Law Enforcement Agreement, or deobligated at the request of the U.S. Forest Service. *See Cooperative Law Enforcement Agreement Provision IV-C.*

Subject: Hurricane Helene Law Enforcement Statement of Work

To: Ivan Green

Hurricane Helene impacted approximately 600,000 acres of National Forest System lands, on the Apalachicola National Forest to include its roadways, facilities, campgrounds, heritage sites and dispersed recreation areas. These areas continue to receive high recreation visibility and use.

The purpose of this disaster recovery work agreement is to document a cooperative effort between Leon County Sheriff's Department and the U.S Forest Service to enhance public health and safety, preserve and protect the restoration project areas and disaster recovery activities on the Apalachicola National Forest, due to the impacts of Hurricane Helene. Hurricane Helene caused significant damages to the resources and infrastructure of the Apalachicola National Forest, to include historical landmarks. The Apalachicola National Forest continues its restorative effects but continues to see degradation of restored areas due to high levels of public use. This statement of work covers Law Enforcement activities within the boundaries of Leon County.

1. Collaborate in the strategic planning of law enforcement activities during habitat and forest facilities restoration within the Apalachicola National Forest.
2. Mitigate safety hazards on Forest development roadways, trail systems, developed recreation sites and dispersed recreation areas.
3. There have been an extended number of calls for service due to ATV and dirt bike accidents, some resulting in death, due to the impacts of Hurricane Helene. This work provides extended EMS and law enforcement services to the public who are injured and or stranded within the boundaries of Leon County, Apalachicola National Forest.
4. Provide enforcement initiatives toward urban development and construction dumping within the Leon County boundaries on the Apalachicola National Forest due to Hurricane Helene repairs. Enforcement work actions will be documented on but not limited to USFS Law Enforcement and Investigations Incident Reports, District Court Violation Notices and the State of Florida violations notices system.
5. Provide winch, dirt bike, ATV and UTV training to the deputies. The Apalachicola terrain and vegetation are complex due to the large number of users created trail/road systems. Many areas of concern require the use of dirt bike, ATV/UTV to gain access to affected areas. These affected areas are also subject to down trees and hazards remain present to this day. The use of winches is vital to opening up affected areas.
6. Provide law enforcement safety support to ongoing Hurricane Helene project areas to forest personnel and contractors, to include Forest road projects and timber removals.
7. Provide search and rescue efforts to the public due to scale of down trees, accidents in areas of concern as well as areas under closure.

8. Protection of rehabilitated property remains of the highest concerns. The costs associated with restoration of NFS lands remain extensive. Additional vehicle and foot patrols into sensitive areas under restoration will ensure protections and integrity of the Apalachicola heritage/archeological sites.
9. The Apalachicola National Forest continues to have an increasing transient population. This population is under continuous exposure of the elements and hazards, particularly near but not limited to Publix, Sam Allen Pond and the Blue Sink area. Due to shallow rooted trees and variable environmental conditions and damage, these areas will be patrolled heavily to ensure public health and safety is met.
10. At the conclusion of this agreement, any remaining materials and supplies with remaining serviceable life, purchased under this agreement will become the property of the US Forest Service.

Leon County
Board of County Commissioners

Notes for Agenda Item #6

Leon County Board of County Commissioners

Agenda Item #6

September 15, 2025

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Acceptance of a Florida Department of Health Emergency Medical Services Matching Grant

Review and Approval:	Vincent S. Long, County Administrator
Department / Division Review:	Ken Morris, Assistant County Administrator Shington Lamy, Assistant County Administrator Roshaunda Bradley, Director, Office of Management and Budget Chad Abrams, Chief, Emergency Medical Services
Lead Staff / Project Team:	Timothy Carlson, EMS Financial Compliance Manager

Statement of Issue:

This item seeks Board acceptance of a Florida Department of Health Emergency Medical Services Matching Grant in the amount of $12,000 to support the County's annual "Press the Chest" Cardiopulmonary Resuscitation training event. A Resolution and associated budget amendment request is provided to realize the grant funding into the Fiscal Year 2025 budget.

Fiscal Impact:

This item has a fiscal impact. The associated grant requires a 25% local match of $4,000. Funding to provide the County's matching contribution is budgeted and available in the Emergency Medical Services operating budget.

Staff Recommendation:

Option # 1: Accept the Florida Department of Health Emergency Medical Services Matching Grant for a total of $12,000 (Attachment #1), and authorize the County Administrator to execute all associated Agreements, documents, and amendments thereto, subject to legal review by the County Attorney.

Option #2: Approve the Resolution and associated Budget Amendment Request (Attachment #2).

Report and Discussion

Background:

This item seeks Board acceptance of a Florida Department of Health (FDOH) Emergency Medical Services (EMS) Matching Grant in the amount of $12,000 to support the County's annual "Press the Chest" event which provides Cardiopulmonary Resuscitation (CPR) training to the public (Attachment #1). A Resolution and associated Budget Amendment request is provided to realize the grant funding into the Fiscal Year (FY) 2025 budget (Attachment #2).

This FDOH grant advances the following FY 2022 – FY 2026 Strategic Initiative and five-year Target:

- *Continue to evaluate emergency medical response strategies to improve medical outcomes and survival rates. (2022-22)*
- *Support 900 community events, sporting competitions, festivals, performances, and cultural programing that will attract visitors and residents. (T10)*

This particular Strategic Initiative aligns with the Board's Quality of Life Strategic Priority:

- *(Q3) Provide essential public safety infrastructure and services while supporting early intervention and prevention strategies.*

The County submitted a grant application in January 2025 to the FDOH to support citizen CPR training. Annually, the FDOH makes competitive grant funding available to Emergency Medical Services organizations in Florida to improve and enhance pre-hospital emergency medical services. The grant provides 75% of the funding toward the project and requires the grantee to provide 25% as local matching funding. In June 2025, the County was notified by the FDOH Division of Emergency Preparedness and Community Support of a grant award to fund citizen CPR training.

To ensure the County maximizes grant leveraging opportunities, the Office of Management and Budget (OMB) coordinates with department liaisons and actively seeks grant funding opportunities throughout the fiscal year. These efforts include contacting and communicating with previous funders for any new or forthcoming grant opportunities. Through timely submittals of reporting and invoices as well as satisfactory compliance with grant closeouts as well as on-site and desk monitoring by the granting agencies, Leon County has proactively positioned itself as a responsive and accountable funding partner. Because of this accountability, agencies often contact Leon County when grant funds become available.

In addition, the County's partnership with state and federal lobbyists also garners access to recently announced federal funding opportunities and OMB routinely monitors the federal Grants.gov portal for granting opportunities. The County aggressively seeks state and federal grant funding to support County projects and initiatives and has achieved considerable success in leveraging County dollars. With receipt of American Rescue Plan Act (ARPA) funding, the total County grant leverage ratio is $5.29 to $1; excluding the septic-to-sewer grants which require significant County match, the leveraging ratio would be $23.63 to $1.

Analysis:

The FDOH grant will support the County's 2026 "Press the Chest" community CPR training event which is anticipated to take place in spring 2026. The annual "Press the Chest" community CPR training event provides CPR training for nearly 500 citizens each year. As a result, "Press the Chest" has trained over 7,000 citizens in CPR and has resulted in an increase in the number of citizens performing CPR prior to arrival of EMS. Early intervention with bystander CPR is critical to the survival and outcomes of individuals that need CPR. The FDOH grant project for community CPR training is $16,000, consisting of $12,000 in FDOH grant funds and $4,000 in Leon County's matching share.

The required local match funding is budgeted and available in the EMS operating budget.

Options:

1. Accept the Florida Department of Health Emergency Medical Services Matching Grant for a total of $12,000 (Attachment #1) and authorize the County Administrator to execute all associated Agreements, documents, and amendments thereto, subject to legal review by the County Attorney.
2. Approve the Resolution and associated Budget Amendment Request (Attachment #2).
3. Do not accept the Florida Department of Health Emergency Medical Services Matching Grant.
4. Board direction.

Recommendation:

Options #1 and #2

Attachments:

1. Grant Agreement for Community CPR Training
2. Resolution and associated Budget Amendment Request

MEMORANDUM OF AGREEMENT
BETWEEN
The FLORIDA DEPARTMENT OF HEALTH
And
Leon County EMS

This Memorandum of Agreement "Agreement" for the Emergency Medical Services Matching Grant, is entered into between the Florida Department of Health "Department", and Leon County EMS "Grantee", each a "Party" and jointly referred to as the "Parties". In consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

SECTION I: DEFINITIONS

A. Definition of Terms:

1) Quarter: A three-month period of the executed agreement. The quarters for this Agreement are July through September (Quarter One); October through December (Quarter Two); January through March (Quarter Three); and April through June (Quarter Four).

56) Emergency Medical Services (EMS): A system that responds to emergencies in need of highly skilled pre-hospital clinicians.

57) Emergency Medical Services Matching Grant: Grant funds available to local agencies, municipalities, emergency medical services organizations, and youth athletic organizations for the purpose of conducting research, increasing existing levels of emergency medical services, evaluation, community education, injury prevention programs, and training in cardiopulmonary resuscitation and other lifesaving and first aid techniques that are contingent upon the recipient providing a matching cash sum.

58) Grantee: A local agency, municipality, EMS organization, or youth athletic organization for which the Department has approved an application for an Emergency Medical Services Matching Grant.

SECTION II: GENERAL TERMS AND CONDITIONS

A. General Statement: The Grantee will receive $12,000.00, the grantee will be required to match at either 10% or 25%, $4,000.00, for a total project amount of $16,000.00 from General Appropriation 515 of the 2024-2025 Appropriations Act Laws of Florida," Grants and Aids – Emergency Medical Services Matching Grants from Emergency Medical Services Trust Fund."

B. Legal Authority: This Agreement is made pursuant to the Specific Appropriation Line item 515, 2024-2025 Appropriations Act and Section 401.111, Florida Statutes.

C. Entire Agreement: This Agreement embodies the entire Agreement and understanding between the Parties, on the subject hereof.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

D. Term: The term of this Agreement is upon completion of the approved Project, or one calendar year from the date of execution, whichever is earlier.

SECTION III: PROPERTY AND EQUIPMENT

A. Property and equipment are defined as non-expendable, tangible property having a useful life of more than one year with a cost of $5,000.00 or more.

1. All property and equipment purchased with Emergency Medical Services Matching Grant funds must be:

a. Necessary to carry out the approved project;

b. Justified and pre-approved by the Department;

c. Inventoried and tracked throughout the grant period; and

d. Protected with sufficient insurance and security safeguards.

B. All approved property and equipment must be purchased and received prior to the last three months of the grant period unless prior written approval from the Department has been obtained.

C. All equipment purchased with grant funds is the property of the grantee, and is subject to Chapter 273, Florida Statutes, dealing with state-owned tangible personal property and the disposition thereof. For research institutions not covered under Chapter 1000, Florida Statutes, equipment no longer deemed to be useful will remain state property and must be transferred or donated to a state agency or public university for redistribution or disposition.

SECTION IV: SERVICES TO BE PROVIDED

A. Task List: Grantee will perform the following tasks:

1) Ensure the following tasks are performed as needed:

a. Grantee must complete the project as specified in the Department approved Emergency Medical Services Matching Grant Program application (Attachment A hereinafter referred to as the “Project”).

b. Grantee will obtain all supplies, services, and labor for use in the performance of this MOA at the lowest practicable cost and by means of competitive bidding wherever practicable or required by Florida law.

c. Provide a quarterly report to the Department outlining all items that were purchased during the quarter, as well as any remaining items to be purchased during the contract term.

SECTION V: DELIVERABLES AND METHOD OF PAYMENT

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

A. Deliverables: Grantee must complete and submit the following deliverable in the time and manner specified:

1) Quarterly: The Grantee must provide a quarterly report, reflecting all purchases made in accordance with the approved Attachment A, to the Department demonstrating progress toward completion of the Project as specified in the Department approved Attachment A.

B. Method of Payment:

1) Payment: This is a 100% advance payment.

2) Reporting Requirements: Grantee must submit a properly completed quarterly report to the Agreement Manager within 15 days of the end of each quarter. At a minimum, each report must be submitted on Grantee's letterhead, provide the invoice date, and all activities completed during the invoice period. On a separate page, the Grantee must provide the following:

a) Beginning budget amount;

b) Amount spent year to date;

c) Amount remaining in budget;

d) Statement certifying the accuracy of the invoice; and

e) Signature of an individual with the authority to bind the Grantee.

C. Special Provisions:

1) Allowable Costs: The Grantee may expend funds only for allowable costs resulting from obligations incurred during the Agreement term. Allowable costs are those that are related to the approved Attachment A.

2) Return of Funds: Any balance of unobligated funds advanced or paid, or funds that were not expended in accordance with the Attachment A, must be refunded to the Department within three months of the grant end date.

3) Monitoring: The Grantee must permit persons duly authorized by the Department to inspect any records, papers, documents, facilities, or goods and services of the Grantee that are relevant to this grant, and interview any clients, sub-contractors, and employees of the Grantee to assure the Department of satisfactory performance of the Terms and Conditions of this grant. Monitoring may take place at any time during the grant period or records retention period, with reasonable advance notice, during normal business hours. Following such evaluation, the Department may deliver to Grantee a written report of its findings and may include written recommendations with regard to Grantee's performance of the Terms and Conditions of this grant. Grantee will correct all noted deficiencies identified by the Department within the specified period of time set forth in the recommendations. Grantee's failure to correct noted deficiencies

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

may, at the sole and exclusive discretion of the Department, result in any one or a combination of the following: 1) Grantee being deemed in breach or default of this Agreement; 2) the termination of this grant.

4) Duties of Designated Grant Manager: The Grant Manager designated by the Department shall reconcile and verify all funds received against all funds expended during the term of this Agreement period and produce a final reconciliation report. The final report for this project must identify any funds paid in excess of the expenditures incurred by the Grantee or Sub-recipient.

5) Sovereign Immunity: Pursuant to section 768.28, Florida Statutes, the Department is immune from civil or criminal liability resulting from acts or omissions of the Grantee and the Grantee's agents, employees, or assigns.

6) Governing Law and Venue: This Agreement is executed and entered into in the State of Florida and will be construed and performed under the laws, rules, and regulations of the State of Florida. Venue must be in Leon County, Florida to the exclusion of all other jurisdictions.

7) Indemnification: Grantee will be liable for, and indemnify, defend, and hold the Department harmless from and against all claims, demands, suits, judgments, or damages, including, but not limited to, court costs and attorneys' fees and damages resulting from personal injury, including death or damage to property, arising out of the negligence, intentional or unintentional acts or omissions of the Grantee, and the Grantee's agents, assignees, sub-contractors, and employees, that may arise during the course of the operation of this Agreement, or that arise out of or relating to the subject property, the Project, or the use of grant money.

8) Modification: This Agreement may only be amended in writing and upon mutual agreement by the Parties.

9) Termination:

a) Termination Because of Lack of Funds: It is agreed that in the event funds to finance this Agreement, or part of this Agreement, become unavailable, the obligations of each Party, hereunder may be terminated upon no less than 24 hours' notice in writing to the other Party. Said notice will be delivered by certified mail, return receipt requested, or in person with proof of delivery. The Department will be the final authority as to the availability of state funds, and how any remaining funds will be allocated among Grantees.

b) Termination for Breach: Unless the Grantee's breach is excused by the Department, the Department may provide written notice to the Grantee specifically setting forth the breach and allow a 30-calendar day period whereby the Grantee may cure any such breach. The Department may terminate any part or the whole of this Agreement in any of the following circumstances:

i. If Grantee fails to provide services called for by this Agreement within the time specified herein or any extension thereof.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

ii. If Grantee fails to perform any of the other provisions of this Agreement.

iii. Except as set forth above, termination will be upon no less than 24 hours' notice in writing delivered by certified mail, return receipt requested, or in person with proof of delivery.

c) All provisions of this Agreement that were not terminated, amended, or modified will remain in full effect and Grantee will continue performance under any remaining provisions.

d) After receipt of a notice of termination, and except as otherwise directed in writing, the Grantee will:

i. Stop work under this Agreement on the date and to the extent specified in the notice of termination and take any other actions as directed in writing from the Department.

ii. Place no further orders or contracts for materials, services, or facilities except as may be necessary for completion of such portion of work under the Agreement as is not terminated.

iii. Terminate all outstanding orders and contracts to the extent that they relate to the performance of work under this Agreement.

iv. Prepare all necessary reports and documents required under the terms of this Agreement. Documents must be prepared up to the date of termination and include the final report due upon completion of this Agreement. The Department will provide no additional funds for administrative fees or for the completion of final reports after the date of termination.

v. Notwithstanding anything to the contrary set forth herein, upon termination of this Agreement, the Grantee may continue work on the Project that is the subject of this MOA so long as such work is funded by sources other than the Department.

10) Notice: Any notices given by either party to the other party under this Agreement will be in writing and sent either: via email to the designated email address, by overnight courier, with a verified receipt; or by registered or certified United States Mail, postage prepaid. Either party's specified point of contacts may be changed by notifying the other party a minimum of one week prior to such change. Notice will be deemed sufficiently given upon receipt at the following addresses:

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

Department: Doug Woodlief,
Director, Division of Emergency Preparedness and Community Support
4052 Bald Cypress Way, Bin A-26
Tallahassee, FL 32399
Doug.Woodlief@flhealth.gov

Grantee: Vincent Long, County Administrator
301 South Monroe Street
Tallahassee, FL 32301
longv@leoncountyfl.gov

11) Cooperation with Inspectors General: To the extent applicable, the Parties will cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes.

12) Public Records: The Grantee must keep and maintain public records, as defined in Chapter 119, Florida Statutes that are required by the Department to perform the services required by the grant. Questions regarding the application of Chapter 119, Florida Statutes, and its duty to provide public records relating to this Agreement, contact the custodian of public records at (850) 245-4005, PublicRecordsRequest@flhealth.gov or 4052 Bald Cypress Way, Bin A02, Tallahassee, FL 32399.

13) Prohibition on Use of Funds for DEI: Prohibition on Use of Funds for DEI: No state funding under this Agreement may be used for promoting, advocating for, or providing training or education on "Diversity, Equity, and Inclusion" ("DEI"). DEI is any program, activity, or policy that classifies individuals on the basis of race, color, sex, national origin, gender identity, or sexual orientation and promotes differential or preferential treatment of individuals on the basis of such classification or promotes the position that a group or an individual's action is inherently, unconsciously, or implicitly biased on the basis of such classification.

SECTION V: AUTHORIZATION

IN WITNESS THEREOF, the Parties hereto have caused this 16-page Agreement to be executed by their undersigned, duly authorized, officials:

Grantee: Leon County EMS

_____ Date: _____
Name: Vincent Long
Title: County Administrator

Florida Department of Health

_____ Date: _____
Name: Doug Woodlief
Title: Director, Division of Emergency Preparedness and Community Support

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

AUDIT REQUIREMENTS FOR AWARDS OF STATE AND FEDERAL FINANCIAL ASSISTANCE

The administration of resources awarded by the Department of Health to recipient organization may be federal or state financial assistance as defined by 2 CFR § 200.40 and/or section 215.97, Florida Statutes, and may be subject to audits and/or monitoring by the Department of Health, as described in this section. For this agreement, the Department of Health has determined the following relationship exist:

1. _____ **Vendor/Contractor (215.97(z), F.S.) and (2 CFR § 200.23)**. Funds used for goods and services for the Department of Health's own use and creates a procurement relationship with Recipient which is not subject to single audit act compliance requirements for the Federal/State program as a result of this contract agreement.

   A vendor/contractor agreement may also be used with an established Service Organization (SO) that is serving as a Third-Party Administrator and in this case, is subject to SSAE18 audit reporting requirements (see Part III. Other Audit Requirements).

2. ___X___ **Recipient/Subrecipient of state financial assistance (215.97(o)(y), F.S.)**. Funds may be expended only for allowable costs resulting from obligations incurred during the specified contract period. In addition, any balance of unobligated funds which has been advanced or paid must be refunded to the Department of Health as the state awarding agency. As well as funds paid in excess of the amount to which the recipient/subrecipient is entitled under the terms and conditions of the contract must be refunded to the Department of Health.

3. _____ **Recipient/Subrecipient of federal financial assistance (2 CFR § 200.40)** . Funds paid in excess of the amount to which the recipient/subrecipient is entitled under the terms and conditions of the contract must be refunded to the Department of Health as the Pass-Through state awarding agency. In addition, the recipient/subrecipient may not earn or keep any profit resulting from Federal financial assistance, unless explicitly authorized by the terms and conditions of the Federal award or this agreement.

Note: A vendor/contractor vs. recipient/subrecipient determination must conclude with the completion of **Exhibit 2** to identify the recipient's audit's relationship with the department.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F (formerly A-133) - Audit Requirements, and section 215.97, Florida Statutes (F.S.), as revised (see AUDITS below), monitoring procedures may include, but not be limited to, on-site visits by Department of Health staff, limited scope audits as defined by 2 CFR §200.425, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures or processes deemed appropriate by the Department of Health. In the event the Department of Health determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by Department of Health staff to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

AUDIT GUIDANCE

PART I: FEDERALLY FUNDED

This part is applicable if Recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.90, §200.64, and §200.70.

1. If a recipient expends $1,000,000 or more in Federal awards during its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. **EXHIBIT 1** to this form lists the federal resources awarded through the Department of Health by this agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Health. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR §§200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR §200.514 will meet the requirements of this Part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, Recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR §§ 200.508-.512.

3. If a recipient expends less than $1,000,000 in Federal awards in its fiscal year, the recipient is not required to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. If the recipient expends less than $1,000,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

Note: Audits conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Department of Health shall be based on the contract agreement's requirements, including any rules, regulations, or statutes referenced in the contract. The financial statements shall disclose whether the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Department of Health shall be fully disclosed in the audit report with reference to the Department of Health contract involved. If not otherwise disclosed as required by 2 CFR § 200.510, the schedule of expenditures of Federal awards shall identify expenditures by funding source and contract number for each contract with the Department of Health in effect during the audit period.

Financial reporting packages required under this part must be submitted within the earlier of 30 days after receipt of the audit report or 9 months after the end of Recipient's fiscal year end.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by section 215.97(1)(n), Florida Statutes.

1. If a recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017 or thereafter), recipient must have a State single or project-specific audit for such fiscal year in accordance with section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. **EXHIBIT I** to this contract indicates state financial assistance awarded through the Department of Health by this contract. In determining the state financial assistance expended in its fiscal year, recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Health, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, recipient shall ensure that the audit complies with the requirements of section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by section 215.97(2), Florida Statutes, and Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If a recipient expends less than $750,000 in state financial assistance in its fiscal year (for fiscal years ending June 30, ,2017 or thereafter), an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, is not required. In the event that a recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than state funds).

Note: An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Department of Health shall be based on the contract's requirements, including any applicable rules, regulations, or statutes. The financial statements shall disclose whether the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Department of Health shall be fully disclosed in the audit report with reference to the Department of Health contract involved. If not otherwise disclosed as required by Florida Administrative Code Rule 69I-5.003, the schedule of expenditures of state financial assistance shall identify expenditures by contract number for each contract with the Department of Health in effect during the audit period.

Financial reporting packages required under this part must be submitted within 45 days after delivery of the audit report, but no later than 9 months after recipient's fiscal year end for local governmental entities. Non-profit or for-profit organizations are required to be submitted within 45 days after delivery of the audit report, but no later than 9 months after recipient's fiscal year end. Notwithstanding the applicability of this portion, the Department of Health retains all right and obligation to monitor and oversee the performance of this contract as outlined throughout this document and pursuant to law.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

PART III: OTHER AUDIT REQUIREMENTS

This part is applicable to a contractor, vendor and/or provider organization serving as a third-party administrator on behalf of FDOH programs and is classified or determined in the FDOH contract agreement to be a Service Organization (SO).

If the contracted entity is determined to be a Service Organization (SO), the entity must perform an attestation to the System Organization Controls (SOC) and submit to FDOH a "Statement on Standards for Attestation Engagements (SSAE18) audit report within the assigned timeframe as agreed upon in the SO's contract agreement. The hired Auditor must make an evaluation consistent with the FDOH contract terms and conditions to determine which SSAE18 report types to perform for the required SOC types. Below are the options available for the SSAE18 reports;

TYPES:

1. **SOC 1** – A report on controls over financial reporting.

   - **Type 1 Report** - Report on the fairness of the presentation of management's description of the service organization's system and the suitability of the design of the controls to achieve the related control objectives included in the description as of a specified date.

   - **Type 2 Report** - Report on the fairness of the presentation of management's description of the service organization's system and the suitability of the design and **operating effectiveness** of the controls to achieve the related control objectives included in the description throughout a specified period. (**Auditor conducts testing**)

2. **SOC 2** – A report on controls that may be relevant to security, availability, processing Integrity, confidentiality or privacy. These reports are intended to meet the needs of a broad range of users that need detailed information and assurance about the controls at a service organization relevant to security, availability, and processing integrity of the systems the service organization uses to process users' data and the confidentiality and privacy of the information processed by these systems. These reports can play an important role in:

   - Oversight of the organization
   - Vendor management programs
   - Internal corporate governance and risk management processes
   - Regulatory oversight

   - **Type 1 Report** - Report on the fairness of the presentation of management's description of the service organization's system and the suitability of the design of the controls to achieve the related control objectives included in the description as of a specified date.

   - **Type 2 Report** - Report on the fairness of the presentation of management's description of the service organization's system and the suitability of the design and **operating effectiveness** of the controls to achieve the related control objectives included in the description throughout a specified period. (**Auditor conducts testing**)

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

PART IV: REPORT SUBMISSION

1. Copies of single audit reporting packages for state financial assistance (CSFA) and federal financial assistance (CFDA) conducted in accordance with **2 CFR § 200.512 and section 215.97(2), Florida Statutes**, shall be submitted by or on behalf of recipient electronically to the Federal and the FDOH Single Audit Clearinghouse website addresses below:

   A. The Department of Health, Single Audit Clearinghouse (SAC) website portal:

      SAC Submission (https://fdohsac.azurewebsites.net/)

      Pursuant to 2 CFR § 200.521, and section 215.97(2), Florida Statutes, recipient shall submit a complete audit report package and any management letter issued by an auditor electronically to the Department.

      Audits must be submitted in accordance with the instructions set forth in Exhibit 3 hereto and accompanied by the "Single Audit Data Collection Form, Exhibit 4." Absent of electronic submission capability or during system maintenance or downtime, prior approval can be obtained to submit report package via email to SingleAudits@flhealth.gov or on an approved electronic storage medium via mail to:

      Florida Department of Health
      Contracts and Grants Management Unit
      Attention: FCAM, Single Audit Review
      4052 Bald Cypress Way, Bin B01
      Tallahassee, FL 32399-1701.

   B. The Federal Audit Clearinghouse (**FAC**), the Internet Data Entry System (IDES) is the place to submit the Federal single audit reporting package, including form SF-SAC, for Federal programs. Single audit submission is required under the Single Audit Act of 1984 (amended in 1996) and 2 CFR § 200.36 and § 200.512. The Federal Audit Clearinghouse requires electronic submissions as the only accepted method for report compliances. FAC's website address is:

      https://harvester.census.gov/facweb/

   C. The Florida Auditor General's Office:

      One electronic copy email by or on behalf of recipient directly to the Auditor General's Office at: flaudgen_localgovt@aud.state.fl.us.

2. In addition to item 1, electronic copies of reporting packages for federal financial assistance (ALN formerly, CFDA) conducted in accordance with **2 CFR § 200.512** shall also be submitted by or on behalf of recipient directly to each funded passed through entity:

   A. When applicable, and/or other Federal agencies in accordance with 2 CFR §200.331 and § 200.517.

3. Copies of SSAE18 reports and supporting documents shall be submitted by or on behalf of SO/Third Party Administrator directly to the FDOH designated Contract Manager (CM) as outlined in each SO contract agreement.

Note: Any reports, management letter, or other information required to be submitted to the Department of Health pursuant to this contract shall be submitted timely in accordance with 2 CFR § 200.512 and Florida Statutes, Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

Recipients, when submitting financial reporting packages to the Department of Health for audits done in accordance with 2 CFR § 500.512 or Chapter 10.550 (local governmental entities) or Chapter 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to recipient in correspondence accompanying the reporting package.

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

PART V: RECORD RETENTION

Recipient shall retain sufficient records demonstrating its compliance with the terms of this contract for a period of six years from the date the audit report is issued and shall allow the Department of Health or its designee, the CFO, or the Auditor General access to such records upon request. Recipient shall ensure that audit working papers are made available to the Department of Health, or its designee, CFO, or Auditor General upon request for a period of six years from the date the audit report is issued, unless extended in writing by the Department of Health.

EXHIBIT 2

PART I: AUDIT RELATIONSHIP DETERMINATION

Recipients who receive state or federal resources may or may not be subject to the audit requirements of 2 CFR § 200.500, and/or section 215.97, Florida Statutes, recipients who are determined to be recipients or subrecipients of federal awards and/or state financial assistance may be subject to the audit requirements if the audit threshold requirements set forth in Part I and/or Part II of Exhibit 1 is met. Recipients who have been determined to be vendors are not subject to the audit requirements of 2 CFR § 200.501, and/or section 215.97, Florida Statutes. Recipients who are "higher education entities" as defined in Section 215.97(2)(h), Florida Statutes, and are recipients or subrecipients of state financial assistance, are also exempt from the audit requirements of Section 215.97(2)(a), Florida Statutes. Regardless of whether the audit requirements are met, recipients who have been determined to be recipients or subrecipients of Federal awards and/or state financial assistance must comply with applicable programmatic and fiscal compliance requirements.

For the purpose of single audit compliance requirements, the Recipient has been determined to be:

_____Vendor/Contractor not subject to 2 CFR § 200.501 and/or section 215.97, Florida Statutes
__X__ Recipient/subrecipient subject to 2 CFR § 200.501and/or section 215.97, Florida Statutes
_____ Exempt organization not subject to 2 CFR § 200.501; For Federal awards for-profit subrecipient organizations are exempt as specified in 2 CFR § 200.501(h).
_____ Exempt organization not subject to section 215.97, Florida Statutes, for state financial assistance projects, public universities, community colleges, district school boards, branches of state (Florida) government, and charter schools are exempt. Exempt organizations must comply with all compliance requirements set forth within the contract.

For other audit requirements, the Recipient has been determined to be:

_____ Service Organization (SO) subject to SSAE18 reporting requirements

NOTE: If a recipient is determined to be a recipient/subrecipient of federal and/or state financial assistance and has been approved by the department to subcontract, it must comply with section 215.97(7), Florida Statutes, and Florida Administrative Code Rule 69I-.5006, [state financial assistance] and 2 CFR § 200.330 [federal awards].

PART II: FISCAL COMPLIANCE REQUIREMENTS

FEDERAL AWARDS OR STATE MATCHING FUNDS ON FEDERAL AWARDS. Recipients who receive Federal awards, state maintenance of effort funds, or state matching funds on Federal awards and who are determined to be a subrecipient must comply with the following fiscal laws, rules and regulations:

1. 2 CFR Part 200- Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
2. Reference Guide for State Expenditures
3. Other fiscal requirements set forth in program laws, rules, and regulations.

*Some Federal programs may be exempted from compliance with the Cost Principles Circulars as noted in the 2 CFR § 200.401(5)(c). In all instances, Recipients are required to follow the FDOH agreement terms and conditions, and the Federal passed through agency's grant guidance under **2 CFR, Subtitle B** for additional citations.

STATE FINANCIAL ASSISTANCE. Recipients who receive state financial assistance and who are determined to be a recipient/subrecipient must comply with the following fiscal laws, rules and regulations:

1. Section 215.97, Florida Statutes
2. Florida Administrative Code Chapter 69I-5,
3. State Projects Compliance Supplement
4. Reference Guide for State Expenditures
5. Other fiscal requirements set forth in program laws, rules and regulations.

This document and other FDOH instructions may be obtained online through the FL Health website under Audit Guidance. *Enumeration of laws, rules and regulations herein is not exhaustive or exclusive. Funding to recipients will be held to applicable legal requirements whether or not outlined herein.

EXHIBIT 3

INSTRUCTIONS FOR ELECTRONIC SUBMISSION OF SINGLE AUDIT REPORTS

Part I: Submission to FDOH

Single Audit reporting packages ("SARP") must be submitted to the Department in an electronic format. This change will eliminate the need to submit multiple copies of the reporting package to the Contract Managers and various sections within the Department and will result in efficiencies and cost savings to recipient and the Department. Upon receipt, the SARP's will be posted to a secure server and accessible to Department staff.

The electronic copy of the SARP should:

- Be in a Portable Document Format (PDF).
- Include the appropriate letterhead and signatures in the reports and management letters.

  Be a single document. However, if the financial audit is issued separately from the Single Audit reports, the financial audit reporting package may be submitted as a single document and the Single Audit reports may be submitted electronically as a single document to the FDOH SAC website address: fdohsac.azurewebsites.net
- Be an exact copy of the final, signed SARP provided by the Independent Audit firm.
- Not have security settings applied to the electronic file.
- Be named using the following convention under the CPA's issued license number: [fiscal year] [name of the audited entity exactly as stated within the audit report].pdf. For example, if the SARP is for the 2016-17 fiscal year for the City of Gainesville, the document should be entitled 2016 City of Gainesville.pdf.
- Be accompanied by the attached "Single Audit Data Collection Form." This document is necessary to ensure that communications related to SARP issues are directed to the appropriate individual(s) and that compliance with Single Audit requirements is properly captured.

Questions regarding electronic submissions may be submitted via e-mail to SingleAudits@flhealth.gov or by telephone to the Single Audit Review Section at (850) 245-4520.

Part II: Submission to Federal Audit Clearinghouse

Click Here for instructions and guidance to submit the completed SF-SAC report to the Federal Audit Clearinghouse website or click Here to access the SF-SAC Worksheet & Single Audit Component Checklist Form.

Part III: Submission to Florida Auditor General

Click Here for questions and other instructions for submitting Single SAC reports to the State of Florida, Auditor General's Office

Docusign Envelope ID: 7E07AF59-E149-4174-9766-5DA604187DEA

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Carahsoft OBO Florida Department of Health (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Carahsoft OBO Florida Department of Health:
You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: antonio.dawkins@flhealth.gov

To advise Carahsoft OBO Florida Department of Health of your new e-mail address
To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at antonio.dawkins@flhealth.gov and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..
In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.
To request paper copies from Carahsoft OBO Florida Department of Health
To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to antonio.dawkins@flhealth.gov and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.
To withdraw your consent with Carahsoft OBO Florida Department of Health
To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
ii. send us an e-mail to antonio.dawkins@flhealth.gov and in the body of such request you must state your e-mail, full name, IS Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	•Allow per session cookies •Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection

** These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.

Acknowledging your access and consent to receive materials electronically
To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.
By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and

- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and

- Until or unless I notify Carahsoft OBO Florida Department of Health as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by Carahsoft OBO Florida Department of Health during the course of my relationship with you.

RESOLUTION NO.

WHEREAS, the Board of County Commissioners of Leon County, Florida, approved a budget for fiscal year 2024/2025; and,

WHEREAS, the Board of County Commissioners, pursuant to Chapter 129, Florida Statutes, desires to amend the budget.

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners of Leon County, Florida, hereby amends the budget as reflected on the Departmental Budget Amendment Request Form attached hereto and incorporated herein by reference.

Adopted this 15th day of September, 2025.

Purpose of Request

This budget amendment appropriates $12,000 in funding from the Florida Department of Health for an Emergency Medical Services matching grant. The grant program requires a 25% local match. The grant is for CPR training to the public in the amount of $12,000 with a County match of $4,000 for a total of $16,000.

Notes for Agenda Item #7

Leon County Board of County Commissioners

Agenda Item #7

September 15, 2025

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Approval of Ground Ambulance Services Certificates of Public Convenience and Necessity

Review and Approval:	Vincent S. Long, County Administrator
Department / Division Review:	Ken Morris, Assistant County Administrator Shington Lamy, Assistant County Administrator Chad Abrams, Chief of Emergency Medical Services
Lead Staff / Project Team:	Timothy Carlson, EMS Financial Compliance Manager

Statement of Issue:

This item seeks Board approval of Advanced Life Support and Basic Life Support Ground Transport Services Certificates of Public Convenience and Necessity (COPCN) to Leon County and Tallahassee Memorial Healthcare, Inc., to provide ground ambulance services based in Leon County.

Fiscal Impact:

This item has no fiscal impact.

Staff Recommendation:

Option #1: Approve the Advanced Life Support and Basic Life Support Ground Transport Services Certificate of Public Convenience and Necessity and issue a certificate to Leon County, Florida, (Attachment #1).

Option #2: Approve the limited Advanced Life Support and Basic Life Support Ground Transport Services Certificate of Public Convenience and Necessity and issue a certificate to Tallahassee Memorial Healthcare, Inc. (Attachment #2).

Report and Discussion

Background:

This item seeks Board approval of Advanced Life Support and Basic Life Support Ground Transport Services Certificates of Public Convenience and Necessity (COPCN) to Leon County, Florida (County) (Attachment #1), and Tallahassee Memorial Healthcare, Inc. (TMH) (Attachment #2), to provide ground ambulance services in Leon County (County).

Approval of the issuance of the COPCNs advances the following FY 2022 – FY 2026 Strategic Initiative:

- *Continue to evaluate emergency medical response strategies to improve medical outcomes and survival rates. (2022-22)*

This Strategic Initiative aligns with the Board's Quality of Life Strategic Priority:

- *(Q3) Provide essential public safety infrastructure and services while supporting early intervention and prevention strategies.*

COPCNs are issued by counties under Section 401.25, Florida Statutes and Chapter 64J-1, Florida Administrative Code, to entities requesting to deliver emergency medical services within that county. A COPCN sets standards and regulations for the provision of emergency medical services in the jurisdiction and is established by local ordinance. The County's Code provides that COPCNs are valid for three years and requires certificate holders that intend to continue to provide services beyond that period to renew the certificate. Pursuant to Chapter 8, Article III, Section 8-63, of the Leon County Code of Laws, COPCNs require Board consideration for approval upon a recommendation of the County's Emergency Medical Services Advisory Council (EMSAC). Membership of the EMSAC consists of the County Administrator or designee, who acts as the chairman of the EMSAC, the Assistant County Administrator or designee, the City Manager of the City of Tallahassee or designee, the Leon County EMS Medical Director, and the administrator of each hospital (TMH and HCA Florida Capital Hospital), or designee, and the emergency department medical director of each hospital.

On March 28, 2025, the County submitted a renewal application for its Advanced Life Support and Basic Life Support Ground Transport COPCN to EMSAC (Attachment #3). On June 23, 2025, TMH submitted a renewal application for its Advanced Life Support and Basic Life Support Ground Transport COPCN to EMSAC (Attachment #4). The COPCNs would authorize the respective organizations to provide ground ambulance services 24 hours a day, seven days per week, within the territorial limits of the County as further described in the analysis section. On August 12, 2025, the EMSAC met and recommended approval of a COPCN for the County and TMH.

Analysis:

Leon County

The County applied for renewal of an Advanced Life Support and Basic Life Support Ground Transport COPCN to continue to operate a ground ambulance service (Attachment #3). On September 13, 2022, the Board issued an Advanced Life Support Ground Transport COPCN to Leon County to operate ground ambulance services. That certificate expires on September 30, 2025. Under the current COPCN, the County is the primary provider of advanced and basic life support ground transport and non-transport services in the County. The County has continuously held such a COPCN since 2004 and has delivered compassionate and clinically superior services as demonstrated by national accreditation and frequent recognition for meeting or exceeding national standards of care. Since 2004, Leon County EMS has responded to over 840,000 calls for service and has transported over 530,000 patients.

In accordance with Chapter 8, Article III, Emergency Medical Transportation Services, Section 8-62 of the Leon County Code of Laws (Code), the application was transmitted on April 3, 2025, to: the City of Tallahassee, the Tallahassee Fire Department, Leon County Emergency Management, the medical directors of the emergency departments of HCA Florida Capital Hospital and TMH, current COPCN holders, and the members of the EMSAC for review. Written comments were due back to the County by May 5, 2025. No written comments were received by the County.

Tallahassee Memorial Healthcare, Inc.

TMH applied for renewal of a limited Advanced Life Support and Basic Life Support Ground Transport Service COPCN to continue to provide neonatal, infant, and pediatric Advanced Life Support transport services; the transport of patients between TMH properties (i.e., THM Emergency Center Main, TMH Northeast, etc.); the transport of patients who do not meet medical necessity criteria from TMH to other local or regional facilities or to the patient's residence; and medically necessary interfacility transports with prior approval of Leon County (Attachment #4). On September 13, 2022, the Board issued an Advanced Life Support Ground Transport COPCN to TMH to operate ground ambulance services. That COPCN expires December 31, 2025.

In accordance with the Code, the application was transmitted on June 24, 2025, to: the City of Tallahassee, the Tallahassee Fire Department, Leon County Emergency Management, the medical directors of the emergency departments of HCA Florida Capital Hospital and TMH, current COPCN holders, and the members of the EMSAC for review. Written comments were due back to the County by July 24, 2025. No written comments were received by the County.

Emergency Medical Services Advisory Council

On July 23, 2025, the required Public Notice of the EMSAC meeting was published. In addition, to accommodate citizens who wished to provide comments to the EMSAC but were unable to attend an in-person meeting, instructions were provided for the submission of public comments. Written comments were due back to the County by August 11, 2025. No written comments from the public were received by the County.

Subsequently, on August 12, 2025, the EMSAC met to investigate and review the applications and to formulate recommendations to the Board for consideration. The EMSAC voted unanimously to recommend the issuance of a COPCN to the County and to TMH for the three-year period from the expiration date of their current respective COPCN.

Options:

1. Approve the Advanced Life Support and Basic Life Support Ground Transport Services Certificate of Public Convenience and Necessity and issue a certificate to Leon County, Florida (Attachment #1).
2. Approve the limited Advanced Life Support and Basic Life Support Ground Transport Services Certificate of Public Convenience and Necessity and issue a certificate to Tallahassee Memorial Healthcare, Inc. (Attachment #2).
3. Do not approve the Certificate of Public Convenience and Necessity or issue a certificate to Leon County.
4. Do not approve the Certificate of Public Convenience and Necessity or issue a certificate to Tallahassee Memorial Healthcare.
5. Board direction.

Recommendation:

Options #1 & #2

Attachments:

1. Proposed Certificate of Public Convenience and Necessity issued to Leon County, Florida
2. Proposed Certificate of Public Convenience and Necessity issued to Tallahassee Memorial Healthcare, Inc.
3. Application for renewal of COPCN from Leon County, Florida
4. Application for renewal of COPCN from Tallahassee Memorial Healthcare

LEON COUNTY

Certificate of Public Convenience and Necessity
Emergency Medical Services

Whereas, Leon County, Florida, has made application for the grant of authority to provide Advanced Life Support and Basic Life Support Ground Transport and Non-Transport Services, twenty-four hours per day / seven days per week, to the citizens of Leon County, Florida; and

Whereas, the above-named service provider affirms that it will maintain compliance with the requirements of the Raymond H. Alexandar, M.D., Emergency Medical Transportation Services Act (Chapter 401, Part III, F.S.) and rules (Chapter 64J-1, F.A.C.); and

Whereas, the above-named service provider affirms that it will comply with Chapter 8, Article III of the Code of Laws of Leon County, Florida; and

Whereas, the governing body of Leon County, Florida has considered recommendations of the Emergency Medical Services Advisory Council.

Now, therefore, the Board of County Commissioners of Leon County, Florida hereby issues a Certificate of Public Convenience and Necessity with limitations as prescribed on the Certificate, to Leon County, Florida to provide the following services: Advanced Life Support and Basic Life Support Ground Transport and Non-Transport Services, twenty-four hours per day / seven days per week. The services shall be provided within the territorial limits of Leon County, Florida. The Certificate holder shall maintain the level of service as outlined in their application throughout the term of this Certificate and shall conform and comply with all rights and duties granted by the certificate.

Date Issued: October 1, 2025
Date of Expiration: September 30, 2028
(Unless Certificate is sooner revoked or suspended)

Re: Application for the renewal of a Certificate of Public Convenience and Necessity to provide basic and advanced life support ground and non-transport services

Dear Members,

In compliance with Section 8-64 of Article III – Emergency Medical Transportation Services, Leon County Code of Laws, we are pleased to submit this application for the renewal of a Certificate of Public Convenience and Necessity to provide basic and advanced life support ground transport and non-transport services.

As you are aware, Leon County has been providing basic and advanced life support ground transport and non-transport services since December 31, 2003. Since then, the division has responded to over 800,000 requests for service and has become a recognized national leader in EMS. The division was the eighth government operated EMS system in the United States to be accredited by the Commission on Accreditation of Ambulance Services.

We look forward to continuing this tradition of excellence in the delivery of pre-hospital medical services to our community. Should you have any questions regarding this application, please contact me at (850) 606-2100. Thank you for your consideration.

Sincerely,

Chad Abrams, Chief
Emergency Medical Services

SECTION 1. HOME RULE CHARTER

The proposed Home Rule Charter of Leon County, Florida, shall read as follows:

PREAMBLE

We, the citizens of Leon County, Florida, united in the belief that governmental decisions affecting local interests should be made locally, rather than by the State, and that County government should be reflective of the people of the County and should serve them in achieving a more responsive and efficient form of government and in order to empower the people of this County to make changes in their own government, do ordain and establish this Home Rule Charter for Leon County, Florida.

ARTICLE I. CREATION, POWERS AND ORDINANCES OF HOME RULE CHARTER GOVERNMENT

Sec. 1.1. Creation and general powers of Home Rule Charter government.

The County shall have all powers of self- government not inconsistent with general law, with special law approved by vote of the electors, or with this Charter. The County shall have all county and municipal powers of self-government granted now or in the future by the Constitution and laws of the State of Florida.

Sec. 1.2. Body corporate, name and boundaries.

Leon County shall be a body corporate and politic. The corporate name shall be Leon County, Florida. The County seat and boundaries shall be those designated by law on the effective date of this Home Rule Charter.

Sec. 1.3. Construction.

The powers granted by this Home Rule Charter shall be construed broadly in favor of the charter government. The specified powers in this Charter shall not be construed as limiting, in any way, the general or specific power of the government as stated in this article. It is the intent of this article to grant to the charter government full power and authority to exercise all governmental powers necessary for the effective operation and conduct of the affairs of the charter government.

Sec. 1.4. County purposes.

The County, operating under this Charter, shall have all special powers and duties which are not inconsistent with this Charter, heretofore granted by law to the Board of County Commissioners, and shall have such additional county and municipal powers as may be required to fulfill the intent of this Charter.

Sec. 1.5. Municipal purposes.

The County shall have all necessary municipal powers to accomplish municipal purposes within the County.

In the event the board of county commissioners levies the municipal public services tax on utilities, any additional recurring or non-recurring fee or charge imposed on a utility relating to the use or occupation of the public rights-of-way shall not exceed what is reasonably necessary to properly monitor and enforce compliance with the county's rules and regulations concerning placement and maintenance of utility facilities in the public rights-of-way.

Sec. 1.6. Relation to municipal ordinances.

(1) Except as otherwise provided by law or this Charter, municipal ordinances shall prevail over County ordinances to the extent of any conflict within the boundaries of the municipality. To the extent that a county ordinance and a municipal ordinance shall cover the same subject without conflict, then both the municipal ordinance and the county ordinance shall be effective, each being deemed supplemental to the other.

(2) *Minimum Environmental Regulations.* County ordinances shall establish minimum standards, procedures, requirements and regulations for the protection of the environment and shall be effective within the unincorporated and incorporated areas of the County. Such standards, procedures, requirements and regulations shall include, but shall not be limited to, tree protection, landscaping, aquifer protection, stormwater, pro-

tection of conservation and preservation features, and such other environmental standards as the Board of County Commissioners determines to be necessary for the protection of the public health, safety, and welfare of the citizens throughout Leon County. Standards shall be designed to place emphasis on supporting healthy natural systems occurring in the environment. However, nothing contained herein shall prohibit a municipality from adopting ordinances, standards, procedures, requirements or regulations establishing a more stringent level of environmental protection within the incorporated area of the County. (Ord. No. 2010-22, § 1, 8-17-10)

Sec. 1.7. Transfer of power.

Whenever a municipality, special district or agency shall request by a majority vote of the governing body the performance or transfer of a function to the County, the County is so authorized by a majority vote of the Board of County Commissioners to have the power and authority to assume and perform such functions and obligations. This section does not authorize a transfer in violation of Article VIII, § 4 of the Constitution of Florida.

Sec. 1.8. Division of powers.

This Charter establishes the separation between legislative and administrative functions of this government. The establishment and adoption of policy shall be the responsibility of the Board of County Commissioners and the execution of that policy shall be the responsibility of the County Administrator.

Sec. 1.9. Relation to state law.

Special laws of the state legislature relating to or affecting Leon County and general laws of local application which apply only to Leon County, except those laws relating exclusively to a municipality, the school board, or a special district, shall be subject to approval by local referendum to the extent that they are not in conflict with this Charter. All special laws so approved shall become ordinances, and may be subject to amendment or repeal by the Board of County Commissioners.

ARTICLE II. ORGANIZATION OF COUNTY GOVERNMENT

Sec. 2.1. Elected Commission and appointed County Administrator form of government.

Leon County shall operate under an elected County Commission and an appointed County Administrator form of government with separation of legislative and executive functions in accordance with the provisions of this Home Rule Charter. The legislative responsibilities and powers of the County shall be assigned to, and vested in, the Board of County Commissioners. The executive responsibilities and power of the County shall be assigned to, and vested in, the County Administrator, who shall carry out the directives and policies of the Board of County Commissioners and enforce all orders, resolutions, ordinances and regulations of the Board, the Charter and all applicable general law to assure that they be faithfully executed.

Sec. 2.2. Legislative branch.

(1) *The County Commission.* The governing body of the County shall be a Board of County Commissioners composed of seven (7) members serving staggered terms of four (4) years. There shall be one (1) Commissioner elected for each of the five (5) County Commission districts, established pursuant to general law or by ordinance, and they shall be elected by the electors of that district. There shall be two (2) At-large Commissioners elected on a countywide basis by the electors of the County. Elections for all seven (7) members of the County Commission shall be non-partisan. Each candidate for the office of district County Commissioner shall reside within the district from which such candidate seeks election at the time of qualifying to run for that office, and during the term of office each Commissioner shall reside in the district from which such Commissioner ran for office, provided that any Commissioner whose residence is removed from a district by redistricting may continue to serve during the balance of the term of office.

(2) *Redistricting.* Redistricting of County Commission district boundaries shall be in accordance with general law, changed only after notice and a public hearing as provided by general law.

(3) *Salaries and Other Compensation.* Salaries and other compensation of the County Commissioners shall be established by ordinance, and salary shall not be lowered during an officer's term in office.

(4) *Authority.* The Board of County Commissioners shall exercise all legislative authority provided by this Home Rule Charter in addition to all other powers and duties authorized by general law or special law approved by a vote of the electorate.

(5) *Vacancies.* A vacancy in the office of County Commissioner shall be defined and filled as provided by general law.

(6) *Administrative Code.* The County Commission shall adopt an administrative code in accordance with general law.

(7) *Limitation on Campaign Contributions.* No candidate for any County office for which compensation is paid shall accept any contribution from any contributor, including a political committee, as defined by state law, in cash or in kind, in an amount in excess of $250 per election.
(Ord. No. 2010-21, § 1, 8-17-10)

Sec. 2.3. Executive branch.

(1) *The County Administrator.*

(A) The County Administrator shall be appointed by an affirmative vote of a majority plus one (1) of the entire membership of the Board of County Commissioners. The County Administrator shall serve at the pleasure of the Board of County Commissioners until such time as the County Administrator shall be removed by a vote for removal of a majority plus one (1) of the entire membership of the Board of County Commissioners voting during the first regularly scheduled meeting occurring after a meeting of the Board at which a motion expressing the intent of the Board to remove the County Administrator was adopted by majority vote of those present and voting. The County Administrator shall be the chief executive officer of the County and all executive responsibilities and powers shall be assigned to, and vested in, the County Administrator. The County Administrator shall exercise all executive authority provided by this Home Rule Charter and all other powers and duties authorized by general or special law.

(B) The County Administrator shall be chosen on the basis of his/her professional qualifications, administrative and executive experience, and ability to serve as the chief administrator of the County. The County Administrator shall reside within the County during his/her tenure as County Administrator.

(C) The compensation of the County Administrator shall be fixed by the Board of County Commissioners at a level commensurate with the responsibilities of the position, with performance appraisals conducted by the Board of County Commissioners at least annually.

(D) A vacancy in the office shall be filled in the same manner as the original appointment. The County Administrator may appoint an Acting County Administrator in the case of his/her temporary vacancy.

(2) *Senior Management.*

The County's senior management employees, with the exception of the County Attorney's Staff, shall serve at the pleasure of the County Administrator, who may suspend or discharge senior management personnel with or without cause.

(3) *Non-interference by Board of County Commissioners.* Except for the purpose of inquiry and information, members of the Board of County Commissioners are expressly prohibited from interfering with the performance of the duties of any employee of the county government who is under the direct or indirect supervision of the County Administrator or County Attorney by giving said employees instructions or directives. Such action shall constitute malfeasance within the

meaning of Article IV, Section 7(a) of the Florida Constitution. However, nothing contained herein shall prevent a County Commissioner from discussing any county policy or program with a citizen or referring a citizen complaint or request for information to the County Administrator or County Attorney.
(Ord. No. 2010-23, § 1, 8-17-10; Ord. No. 2010-24, § 1, 8-17-10; Ord. No. 2010-25, § 1, 8-17-10)

Sec. 2.4. County attorney.

(1) There shall be a County Attorney selected by the Board of County Commissioners who shall serve at the pleasure of, and report directly to, the Board of County Commissioners, and shall reside within the County during his/her tenure as County Attorney.

(A) The County Attorney shall provide legal services to the Board of County Commissioners, the County Administrator, and County departments, boards and agencies organized under the Board of County Commissioners.

(B) The compensation of the County Attorney shall be fixed by the Board of County Commissioners at a level commensurate with the responsibilities of the position with performance appraisals conducted by the Board of County Commissioners at least annually.

ARTICLE III. ELECTED COUNTY CONSTITUTIONAL OFFICERS

Sec. 3.1. Preservation of constitutional offices.

The offices of the Sheriff, Property Appraiser, Tax Collector, Clerk of the Circuit Court and Supervisor of Elections shall remain as independently elected constitutional offices, and the status, powers, duties and functions of such offices, shall not be altered by this Home Rule Charter, or any revisions or amendments hereto, except as provided in Section 5.2 below. The constitutional officers shall perform their executive and administrative functions as provided by law.

Sec. 3.2. Non-partisan elections.

(1) *Non-Partisan Offices.* The Supervisor of Elections shall be non-partisan.

(A) *Non-Partisan Election Procedures.* If three or more candidates, none of whom is a write-in candidate, qualify for such office, the names of those candidates shall be placed on a non-partisan ballot at the first primary election. If no candidate for such office receives a majority of the votes cast for such office in the first primary election, the names of the two candidates receiving the highest number of votes for such office shall be placed on the general election ballot.

(B) *Qualification by Petition.* A candidate for non-partisan office may qualify for election to such office by means of the petitioning process provided in general law.

Sec. 3.3. Clerk auditor.

(1) The Leon County Clerk of the Court shall serve as the Auditor to the Commission as specified by law. The Clerk shall employ a Certified Internal Auditor, Certified Public Accountant, or such other person qualified by education or experience in governmental accounting, internal auditing practices and fiscal controls, which shall include at least five (5) years experience in professional accounting, auditing, governmental fiscal administration or related experience, unless the Clerk holds such qualifications. The Board of County Commissioners shall fund the audit function of the Clerk.

(2) Audit Committee. There shall be a five member Audit Committee of which two members shall be appointed by the County Commission and three by the Clerk. The Audit Committee shall adopt an annual plan of work for the Auditor and shall oversee the work of the Auditor. The Audit Committee members shall be residents of Leon County, none of whom may be an employee or officer of County government, and who have experience as a public accountant, internal auditor, or as a financial manager for a public, private or not for profit institution. The purpose of the Committee is to promote, maintain, and enhance the independence and objectivity of the internal

audit function by ensuring broad audit coverage, adequate consideration of audit reports, and appropriate action on recommendations. Clerk shall provide for the organization and duties of the audit committee, including membership terms, voting procedures, officers, sub-committees, meeting schedules and staff support.

Sec. 3.4. Limitation on campaign contributions.

No candidate for any County office for which compensation is paid shall accept any contribution from any contributor, including a political committee, as defined by state law, in cash or in kind, in an amount in excess of $250 per election. (Ord. No. 2010-21, § 2, 8-17-10)

ARTICLE IV. POWERS RESERVED TO THE PEOPLE: INITIATIVE AND RECALL

Sec. 4.1. Citizen initiative.

(1) *Right to Initiate.* The electors of Leon County shall have the right to initiate County ordinances in order to establish new ordinances and to amend or repeal existing ordinances, not in conflict with the Florida Constitution, general law or this Charter, upon petition signed by at least ten percent (10%) of the total number of electors qualified to vote in the County reflecting ten percent (10%) of the total number of electors qualified to vote within each of the five (5) commission districts. The total number of electors qualified shall mean the total number of electors qualified to vote in the last preceding general election.

(2) *Procedure for Petition.* The sponsor of an initiative shall, prior to obtaining any signatures, submit the text of a proposed ordinance to the Supervisor of Elections, with the proposed ballot summary and the form on which signatures will be affixed and obtain a dated receipt therefor. Any such ordinances shall embrace but one (1) subject and matter directly connected therewith. The sponsor shall cause a notice of such submission to be published within fourteen (14) days thereof in a newspaper of general circulation in the County. The allowable period for obtaining signatures on the petition shall be completed not later than one (1) year after initial receipt of the petition by the Supervisor of Elections. The sponsor shall comply with all requirements of general law for political committees, and shall file quarterly reports with the Supervisor of Elections stating, to the best of the sponsor's information and belief, the number of signatures procured. The time and form of such reports may be prescribed by ordinance. When a sufficient number of signatures is obtained, the sponsor shall thereupon submit signed and dated forms to the Supervisor of Elections, and upon submission, shall pay all fees required by general law. The Supervisor of Elections shall, within sixty (60) days after submission of signatures, verify the signatures thereon, or specify a reason for the invalidity of each rejected signature, if the petition is rejected for insufficiency of the number of valid signatures. If the petition is rejected for insufficiency of the number of signatures, the sponsor shall have an additional thirty (30) days within which to submit additional signatures for verification. The Supervisor of Elections shall, within thirty (30) days of submission of additional signatures, verify the additional signatures. In the event sufficient signatures are still not acquired, the Supervisor of Elections shall declare the petition null and void and none of the signatures may be carried over onto another identical or similar petition.

(3) *Consideration by Board of County Commissioners.* Within sixty (60) days after the requisite number of signatures has been verified by the Supervisor of Elections and reported to the Board of County Commissioners, the Board of County Commissioners shall give notice and hold public hearing(s) as required by general law on the proposed ordinance and vote on it. If the Board fails to enact the proposed ordinance it shall, by resolution, call a referendum on the question of the adoption of the proposed ordinance to be held at the next general election occurring at least forty-five (45) days after the adoption of such resolution. If the question of the adoption of the proposed ordinance is approved by a majority of those registered electors voting on the question, the proposed ordinance shall be declared, by resolution of the Board of County Commissioners, to be enacted and shall become effective on the date specified in the ordinance, or if not so specified, on January 1 of the succeeding year. The Board of

County Commissioners shall not amend or repeal an ordinance adopted by initiative prior to the next succeeding general election, without the approval of a majority of the electors voting at a referendum called for that purpose.

(4) *Limitation on Ordinances by Initiative.* The power to enact, amend or repeal an ordinance by initiative shall not include ordinances or provisions related to County budget, debt obligations, capital improvement programs, salaries of County officers and employees, the assessment or collection of taxes, or the zoning of land.

Sec. 4.2. Recall.

All members of the Board of County Commissioners shall be subject to recall as provided by general law.

ARTICLE V. HOME RULE CHARTER TRANSITION, AMENDMENTS, REVIEW, SEVERANCE, EFFECTIVE DATE

Sec. 5.1. Home Rule Charter Transition.

(1) *General Provisions.* Unless expressly provided otherwise in this Home Rule Charter, the adoption of this Charter shall not affect any existing contracts or obligations of Leon County; the validity of any of its laws, ordinances, regulations, and resolutions; or the term of office of any elected County officer, whose term shall continue as if this charter had not been adopted.

(2) *Initial County Commissioners.* The persons comprising the Leon County Board of County Commissioners on the effective date of this Charter shall become the initial members of the Board of County Commissioners of the Charter government and shall perform the functions thereof until the normal expiration of their terms or until the election and qualification of their successors as provided by law.

(3) *Outstanding Bonds.* All outstanding bonds, revenue certificates, and other financial obligations of the County outstanding on the effective date of this Charter shall be obligations of the Charter government. All actions taken by the former government relating to the issuance of such obligations are hereby ratified and confirmed. Payment of such obligations and the interest thereon shall be made solely from, and charged solely against, funds derived from the same sources from which such payment would have been made had this Charter not taken effect.

(4) *Employees Continuation.* All employees of the former County government shall, on the effective date of this Charter, become employees of the County government created by this Charter. All existing wages, benefits, and agreements, and conditions of employment shall continue, until modified by lawful action of the County Commission.

Sec. 5.2. Home rule charter amendments.

(1) *Amendments Proposed by Petition.*

(A) The electors of Leon County shall have the right to amend this Home Rule Charter in accordance with Sec. 4.1 of this Charter.

(B) Each proposed amendment shall embrace but one (1) subject and matter directly connected therewith. Each Charter amendment proposed by petition shall be placed on the ballot by resolution of the Board of County Commissioners for the general election occurring in excess of ninety (90) days from the certification by the Supervisor of Elections that the requisite number of signatures has been verified. If approved by a majority of those electors voting on the amendment at the general election, the amendment shall become effective on the date specified in the amendment, or, if not so specified, on January 1 of the succeeding year.

(2) *Amendments and Revisions by Citizen Charter Review Committee.*

(A) A Citizen Charter Review Committee shall be appointed by the Board of County Commissioners at least twelve (12) months before the general election occurring every eight (8) years thereafter, to be composed and organized in a manner to be determined by the Board of County Commissioners, to review the Home Rule Charter and propose any amendments or revi-

sions which may be advisable for placement on the general election ballot. Public hearings shall be conducted as provided by F.S. § 125.63.

(B) No later than ninety (90) days prior to the general election, the Citizen Charter Review Committee shall deliver to the Board of County Commissioners the proposed amendments or revisions, if any, to the Home Rule Charter, and the Board of County Commissioners shall consider such amendments or revisions to be placed on the general election ballot, in accordance with F.S. § 125.64.

(C) If the Citizen Charter Review Committee does not submit any proposed Charter amendments or revisions to the Board of County Commissioners at least ninety (90) days prior to the general election, the Citizen Charter Review Committee shall be automatically dissolved.

(3) *Amendments Proposed by the Board of County Commissioners.*

(A) Amendments to this Home Rule Charter may be proposed by ordinance adopted by the Board of County Commissioners by an affirmative vote of a majority plus one (1) of the membership of the Board. Each proposed amendment shall embrace but one (1) subject and matter directly connected therewith. Each proposed amendment shall only become effective upon approval by a majority of the electors of Leon County voting in a referendum at the next general election. The Board of County Commissioners shall give public notice of such referendum election at least ninety (90) days prior to the general election referendum date.

(B) If approved by a majority of those electors voting on the amendment at the general election, the amendment shall become effective on the date specified in the amendment, or, if not so specified, on January 1 of the succeeding year.

Sec. 5.3. Severance.

If any provision of this Charter or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Charter which can be given effect without the invalid provision or application, and to this end the provisions of the Charter are declared severable.

Sec. 5.4. Home rule charter effective date.

This Charter shall become effective November 12, 2002.

Description of Services to be Provided

Leon County Division of Emergency Medical Services provides basic and advanced life support ground transport services throughout Leon County. This includes emergency requests for service; non-emergency, medically necessary requests for service, critical care services; medical standby services at events; and tactical medic services.

Emergency Services

The division responds to 9-1-1 requests for medical treatment and transportation to citizens throughout Leon County and provides basic and advanced life support ground transport services.

Non-Emergency Services

The division provides non-emergency basic and advanced life support ground transport services for patients with a medical condition that meets medical necessity requirements. These patients generally require transportation between medical facilities for further medical care.

Critical Care Services

The division provides critical care services for acutely ill and injured patients that require specialized medical treatment during transport. Critical care services are generally provided from a medical facility located in Leon County to a tertiary care facility in another community for patients that require medical services not available in Tallahassee. Paramedics providing these services are certified as Critical Care Paramedics through a national accrediting board.

Medical Standby Services

The division provides basic and advanced life support services at events throughout the county. Paramedics and Emergency Medical Technicians provide on-site first aid services and basic and advanced life support care and when appropriate, transportation to a medical facility. Event sponsors are required to pay a fee for these services.

Tactical Medic Services

The division provides basic and advanced life support services to the Leon County Sheriff's Office Special Weapons and Tactics team (SWAT). During a crisis situation, Tactical Medics will accompany SWAT team members in the "hot zone" to provide basic and advanced life support to patients prior to a crisis scene being cleared. Paramedics providing these services are certified as Tactical Combat Casualty Care paramedics through a national accrediting board.

The division proposes to continue to provide basic and advanced life support transport services on a county-wide basis for emergency, non-emergency, critical care, medical standby services, and tactical situation services. In addition, the division will provide advanced life support non-transport services in situations where that service delivery is required.

The Division of Emergency Medical Services utilizes a combination of dynamic and static deployment to provide services throughout the County. A majority of the ambulances on duty are deployed in a dynamic model where they are assigned to a post location instead of a physical station location. Dynamic deployment allows for the continual evaluation of call demand and adjustment of ambulance deployment. Ambulances are located at three station locations in rural areas of the County. Geo-spacial analysis is conducted on a regular basis to ensure proper post locations positioning. This combination system allows for maximization of efficiency while optimizing effectiveness of providing county-wide services.

Board of County Commissioners

Division of Emergency Medical Services

I, Chad Abrams, the undersigned authority of the Leon County Division of Emergency Medical Services, do hereby affirm that the information provided by the Leon County Division of Emergency Medical Services in this application for the renewal of a Certificate of Public Convenience and Necessity is true and correct to the best of my knowledge

02/25/2025

Chad Abrams Date

STATE OF FLORIDA
COUNTY OF LEON

PERSONALLY APPEARED BEFORE ME, the undersigned authority, Chad Abrams, who after first being sworn by me, affixed his signature in the space provided above on the 25 day of February, 2025

My commission expires:

Signature of Notary Public of Florida

NOTARY PUBLIC STATE OF FLORIDA
ASHLEE BECRAFT
MY COMMISSION # HH 453903
EXPIRES: February 12, 2028

Board of County Commissioners
Leon County, Florida

Policy No. 12-1

Title:	Green Fleet Policy
Date Adopted:	April 24, 2012
Effective Date:	April 24, 2012
Reference:	N/A
Policy Superseded:	Policy No. 93-20, "Vehicle Replacement Policy," adopted January 12, 1993

The Policy No. 93-20, "Vehicle Replacement" adopted by the Board of County Commissioners during the January 12, 1993 Commission Meeting, is hereby repealed and superseded, and a new Policy is hereby adopted in its place, to wit:

In order to purchase County vehicles and equipment in a more fuel-efficient, cost-effective, and environmental-friendly manner, the criteria, which is incorporated into this Policy, will be employed by all County departments when considering replacements for County vehicles or equipment. These criteria are intended to serve as methodology for need analysis when a vehicle replacement is requested, and to downsize vehicles when appropriate. After the vehicle requested has met the criteria, the evaluation will be made by the Fleet Management Division of Public Works, with recommendations from the Green Fleet Committee. In certain categories, sub-compacts and/or compacts will replace full size units. Vehicles, which primarily transport only one driver, may be downsized to smaller, fuel-efficient units at the time of replacement where functional use allows. The State contract will be utilized as a pricing guideline.

1. Purpose

Leon County appreciates the benefits of operating the most functional, fuel efficient, and least polluting fleet available to support county operations, while at the same time being fiscally prudent in vehicle purchase and operational costs. It is important to evaluate the size and make-up of the fleet to ensure it is efficiently supporting county operations on a regular basis. It is recognized that a transition to smaller, more efficient vehicles as well as alternative fuels, hybrid or other "clean" vehicles are options for achieving these goals.

Accordingly, it is the intent of this Policy to establish a green fleet through a process of consideration of all aspects of fleet operations that will contribute to:

1) improved fuel efficiency;
2) use of cleaner technology with reduced emissions;
3) lowered or contained fuel costs; and,
4) reduced dependency on any particular energy source.

Leon County is committed to accomplish, through the implementation of this Policy, the transition of the current fleet to an environmentally, efficient "green" fleet which will make it more self-sufficient, reduce or contain fleet costs and be environmentally best for our community.

This Policy covers all Departments and Divisions under the Board of County Commissioners that have vehicles or metered equipment that operate on gasoline, diesel, or other types of fuel or energy.

2. Definitions

a. Alternate Fuel: Any fuel other than gasoline, diesel, and other substantially petroleum based fuels that is less polluting than gasoline or diesel fuel. Alternate fuel will include, but is not limited to, natural gas, propane, ethanol (E-85), biodiesel (B5 or higher), and electricity, etc.

b. Alternate Fuel Vehicle: Any motor vehicle powered in whole or in part by non-petroleum-based fuels.

c. Bi-Fuel Vehicle: Also known as a duel-fuel vehicle. Any motor vehicle designed to operate on two distinct fuels (including "Flex-Fuel" vehicles), one of which is an alternative fuel.

d. Biodiesel: Fuel refined from agriculturally (including vegetable and animal) derived oils that is suitable for use in diesel engines. Often blended with traditional petroleum-based diesel in amounts connoted by the letter "B" and number (e.g., B20=20% Biodiesel and 80% petroleum diesel).

e. Carbon Dioxide (CO_2): A standard component of conventionally powered vehicle emissions and a principal greenhouse gas.

f. Carbon Monoxide (CO): A standard component of conventionally powered vehicle emissions.

g. Compressed Natural Gas (CNG): Natural gas under pressure; vehicles can use natural gas as either a liquid or a gas; most vehicles use the gaseous form.

h. Eco Driving: Driving best practices that reduce fuel consumption, GHG emissions, and accident rates.

i. Electric Vehicle: Any vehicle that uses one more electric motors for propulsion.

j. Emergency Medical Services Fleet: Ambulances used by Leon County's Emergency Medical Services Department

k. Fleet: Leon County's inventory of motorized vehicles and metered equipment.

l. Fleet Management: Division of Leon County, Public Works Department

m. GHG: stands for Greenhouse Gas: Any of the atmospheric gases that contribute to the greenhouse effect by absorbing infrared radiation produced by solar warming of the Earth's surface. They include carbon dioxide (CO_2), methane (CH_4), nitrous oxide (NO_2), and water vapor.

n. Green Vehicles: Vehicles that emit low or zero emissions; typically powered by fuels other than gasoline or diesel

o. Heavy Duty Vehicle: Any vehicle, licensed for use of roadways within FHWA Class 6-8, having a manufacturer's gross vehicle weight of 19,501 pounds and above. Heavy-duty vehicles include construction equipment, tractors, and dump trucks.

p. Hybrid Vehicle: A motor vehicle that draws propulsion energy from onboard sources of stored energy that are both an internal combustion/heat engine that runs on combustible fuel, and a rechargeable energy storage system.

q. Idling: The practice of keeping a vehicle or equipment engine running, without moving the vehicle or not using the equipment.

r. Incremental Cost: The difference in the acquisition cost between a conventionally powered vehicle and a comparable alternative fuel vehicle.

s. Light Duty Vehicle: Any vehicle within FHWA Class 1 or 2 with a gross vehicle weight up to 10,000 pounds. Light duty vehicles include automobiles, sport utility vehicles (SUV), vans, and small pick-up trucks.

t. Life-Cycle Environmental Impacts: Life cycle assessment determines the environmental impacts of products, processes, or services, through production, usage, and disposal.

u. Low Emission Vehicle (LEV): Any motor vehicle that meets or exceeds the standards set forth by the US Environmental Protection Agency for Low Emission Vehicles.

v. Medium Duty Vehicle: Any vehicle within FHWA Class 3-5 with a gross vehicle rating of 10,001 pounds through 19,500 pounds. Medium duty vehicles include diesel powered pick-up trucks.

w. Metered Equipment: Any powered implement that is metered for hours of use.

3. Green Fleet Team

a. The County Administrator will establish a Green Fleet Team. It will include, at a minimum, one representative from the following work areas: Facilities Management, Fleet Management, Department of Development Support & Environmental Management, Office of Management and Budget, Office of Resource Stewardship, and Public Works Operations.

The Team will meet as appropriate during the budget development process in the second quarter. They will meet, at a minimum, annually. The team's responsibilities include:

1) Remain knowledgeable of new technologies, fuels, and current fleet operation.
2) Consider of potential application of alternative technology or fuels for the county's fleet
3) Offer recommendations for improvements and replacements.

b. The Green Fleet Team will strive to achieve these goals:

1) Increase the number of vehicles and heavy equipment in fleet inventory using alternative fuel and increase the average miles per gallon for the fleet, based on the replacement policy in section 6.
2) Reduce overall fuel consumption in Leon County by a total of 3% by FY 2015, taking into consideration any fleet expansions associated with level of service changes.
3) Implement a green driver education program for all County employees who drive County vehicles.
4) Implement an anti-idling program prohibiting County employees from idling County owned or operated vehicles for an excessive period of time.

c. The Green Fleet Team will continually evaluate the merits of alternative technologies and fuels to identify appropriate adoption by the County. Consideration will be given to opportunities to retrofit existing equipment to improve efficiency and emissions.

4. Establishing a Baseline Inventory

a. Leon County will establish and maintain a complete inventory of the vehicles in its fleet. The inventory will include not only the type and number of fleet vehicles, but also the amount and types of fuel used, the costs associated with their use, and the corresponding emissions.

b. The baseline year for the inventory and for the Green Fleet Policy will be Fiscal Year 2012.

c. The baseline inventory metrics should include, at minimum, for each vehicle class and fuel or energy type the following information:

1) Number of vehicles
2) Average miles per gallon (mpg)
3) Average time spent idling
4) Annual miles driven (or annual hours of metered equipment)
5) GHG emissions (i.e. carbon dioxide equivalent)
6) Quantity of fuel consumed by fuel type
7) Cost of fuel consumed by fuel type.

d. The baseline inventory will include the Metrics 1-6 for each vehicle class rating for Leon County on road fleet or metered-equipment class, and fuel or energy type, including, but not limited to:

1) Gasoline
2) E-85
3) Diesel
4) Biodiesel
5) Compressed natural gas
6) Electricity (i.e. kWh taken from the grid)

5. Implementation Strategies

a. Vehicle Purchase: The goal of purchasing low emitting fuel efficient vehicles and equipment for both vehicle replacement and additions to the fleet where practicable and reasonably cost competitive.

b. Optimum Fleet Size: Only vehicles that have a recognized need and demonstrated use will be maintained. There will be periodic reviews with recommendations to the County Administrator.

c. Vehicle Specifications: Prior to the purchase of any new vehicle or equipment the user department will develop specifications with the Fleet Manager to ensure appropriateness for its mission. Life cycle costs, standardization, ease of use, and emissions quality are several of the issues that need to be addressed.

d. Vehicle Maintenance: There will be evaluation of the maintenance practices for all types of equipment. This includes consideration of frequency, supplies, fluids, and tires. This has important impact on the equipment's efficiency, miles per gallon, costs of fuel, and reduced emissions.

e. Vehicle Technology: A primary goal of this Policy is to change fleet equipment from high pollution, low-mileage petroleum based fuel equipment to clean, more efficient, higher mileage, and alternative fuel use equipment. Currently, technology is transitioning to hybrid, full electric, and hydrogen equipment. Research will refine these and offer others in the future.

f. Fuel: A primary goal is to use a highly efficient, clean readily available fuel(s) to operate all type equipment in the fleet. There is merit in use of several alternative fuels to avoid reliance on one source and, possibly, supply disruption.

Among fuel or energy sources to be considered for the fleet are biodiesel, E-85, CNG (compressed natural gas), propane, hybrid, electric, and combinations. The intent is to phase out or "retire" conventional, fossil-fuel vehicles.

g. Fuel Sources: To secure reliable and cost contained fuel sources.

6. Vehicle Acquisition & Replacement Guidelines

a Prior to the acquisition of any replacement vehicle, the following purchasing values will be considered and carefully examined by the Green Fleet Team:

1) Repair costs exceed 2/3 of the acquisition cost
2) Life cycle cost
3) Frequency of use (utilization)
4) Justification for the vehicle
5) Safety and repair record
6) Impact on technician's workload
7) Hybrid or alternative fuel vehicle availability or preference

b. Prior to the acquisition of any new vehicle, the following purchasing values will be considered and carefully examined by the Green Fleet Team:

1) Frequency of use (utilization)
2) Suitability for intended job
3) Fuel efficiency and vehicle size
4) Environmental impact
5) Initial and long-term cost

c. For each vehicle class there will be a minimum efficiency standard in miles per gallon. This will be used during the consideration of vehicle replacements as well as for new vehicle acquisitions.

d. Fleet Management will make very effort to purchase and use the lowest emission vehicle or equipment item possible, while taking into account the vehicle's lifecycle costs, miles per gallon, life cycle environmental impacts, and ability to support Leon County's operation and services. This will be achieved through the utilization of the green fleet committee and the monitoring of the objectives.

7. Eco Driving and Driver Education

a. Eco Driving

Leon County will implement an anti-idling policy that will apply to County vehicles operated by Leon County. The objectives of this Policy are:

1) To eliminate unnecessary idling of vehicles in order to reduce the community's exposure to exhaust from gasoline and diesel engines and reduce unnecessary consumption of fuel.
2) To educate and inform County employees about the health and environmental effects of gasoline and diesel exhaust.

It will be the policy of Leon County to minimize unnecessary idling of County vehicles and equipment to reduce CO_2 and other greenhouse gas emissions, conserve fuel, and reduce maintenance and fuel expenses associated with excessive idling.

All County employees will take actions to reduce fuel consumption as follows:

1) When employees arrive at a job site, they are required to turn off their vehicles as soon as practical to eliminate idling time and reduce excess consumption of fuel.
2) Vehicles will not be restarted until all passengers are ready to depart, or work is ready to resume.
3) Equipment will be turned off when inactive or not in use.
4) No driver of a County owned vehicle will cause or allow the vehicle to idle for a period of more than five (5) minutes.
5) Vehicles will not idle for purposes of "warming up" the engine, except where manufacture's operating instructions require or recommend it, or where it is necessary to defrost windows and make the vehicle safe for driving and occupancy.
6) EMS/Public Safety vehicles are exempt from this Policy

b. Driver Education

Leon County will develop an employee education program designed to instruct drivers of county vehicles in best eco driving practices. The topics will include fuel usage/conservation, maintenance, using alternatives to driving, defensive driving, and education on vehicle idling. The use of this program will reduce incidents, which in turn will reduce the cost of vehicle insurance.

7. Exemptions

a. The County Administrator or designee may grant an exemption from the requirements of this Policy under any one of the following circumstances:

b. Where the analysis demonstrates to the satisfaction of Fleet Services Division that any amortized additional incremental cost of purchasing a lower emission vehicle that complies with the requirements of this Policy cannot be recovered over the operational life of the vehicle or metered equipment through a reduction in fuel, maintenance, and other costs incurred during the operating life of such vehicle or equipment; and

c. New emergency vehicles purchased under this Policy must provide comparable performance, safety, and fuel availability during emergencies as conventionally powered emergency vehicles.

Adopted April 24, 2012

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Re-using Medical Equipment
CAAS:	203.05.01
Effective:	June 1, 2005
Reviewed:	March, 2005, December 2012, January 2013, December 2015, December 2018
Revision:	3
Pages:	1

I. GUIDELINE:

To ensure a clean and safe environment for our staff and patients it is the policy of LCEMS to clean all reusable medical equipment after each use using currently accepted methods. LCEMS medical equipment designed for single patient use shall be properly disposed of and not re-used.

II. PROCEDURE;

- All reusable medical equipment will be cleaned after each patient use as outlined in the exposure control plan.
- All single use medical equipment will be properly discarded in biohazardous waste receptacles. Single use medical equipment will not be re-used. Replacement equipment can be obtained at EMS Logistics.
- If an ambulance crew exhausts their supply of replacement single-use supplies, the crew will contact the System Status Controller and request permission to go to HQ to resupply from the EMS Logistics.
- Single-use items are any items that the manufacturer has deemed as single-use. These items include and are not limited to trauma dressings, airway adjuncts, oxygen delivery devices, stretcher sheets, IV supplies, and all medications not already in multi-use containers.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title: Storage, Use and Replacement of Time Dated Drugs and Supplies

CAAS: 203.03.02

Effective: January 1, 2004

Reviewed: March 2008, October 2011, December 2012, December 2015, December 2018

Revision: 3

Kim Landry, MD – Medical Director

Pages: 2

I. PURPOSE:

To provide a guide for meeting requirements of DEA and FL State Bureau of EMS on non-controlled drugs, IV fluids and dated supplies.

II. GUIDELINE:

All requirements of the DEA and FL State Bureau of EMS on non-controlled drugs, IV fluids and dated supplies will be met by LCEMS. Non-narcotic medications and IV fluids not assigned to vehicles will be stored in a locked climate controlled storeroom in the EMS Division.

III. PROCEDURE:

Non-Controlled Drugs, IV Fluids and Dated Supplies (Controlled Drugs– Refer to SOG 407.00)

1. Vehicle Inventory

   On the first of the month, the Shift Supervisor will have the on-duty LCEMS crew's inventory and confirm date compliance of all drugs, IV fluids and dated supplies on the ambulances, using the monthly Vehicle Drug, IV Fluid and Dated Supplies Expiration Inventory Form. All outdated non-narcotics or damaged drugs, IV fluids, or dated supplies will be pulled and stored in the "Expired Drugs Box" located in the Soiled Utility Room until they are properly disposed of by the Supply Technician.

2. Inventory/Ordering of Narcotic and Non-Narcotic Medications, IV Fluids and Dated Supplies

A. Monday through Friday, the department's Supply Technicians monitor all supply room item levels and orders stock PRN.

B. During the first week of each month, the process includes inventory of supplies and checking the expiration dates of all IV fluids, narcotic medications, non-controlled drugs and dated supplies in stock. Any out-of-date items will be removed and replaced. The non-narcotic out-of-date items will be stored in the "Expired Drugs Box" located in the Soiled Utility Room until they are properly disposed of.

C. Narcotic medications expired will be stored in a locked box designated as expired narcotics and will be disposed of by the Logistician in accordance with DEA standards by a DEA approved reverse distributor. Proper DEA forms will be completed and filed (Refer to SOG 407.00)

D. Depleted IV fluids, non-narcotic medications and dated supplies in the ambulances will be resupplied via the LCEMS Supply Technicians or EMS staff.

3. Temperature Extremes

A. The temperature in drug cabinets aboard ambulances will be monitored and documented daily as part of the vehicle check-in process. If a cabinet is found to be out of compliance with established standards then the crew will immediately notify the on-duty supervisor and logistics personnel to replace all medications and IV fluids in the cabinet found out of compliance.

B. Temperature in the drug cabinets will be monitored by portable thermometers that will mark the highest and lowest temperatures reached, allowing the crew members to know, upon truck check in, that the medications and IV fluids were exposed to extreme temperatures.

C. Medication and IV fluids will be removed from the drug cabinets if temperatures reach, or exceed, 104° F (40° C) and discarded (this is defined as "extreme heat" by the United States Pharmacopeia 10.30.80.). Medications and IV fluids will also be removed and discarded if temperatures in the drug cabinet drop below 14° F (-10° C) (this is defined as the highest degree of "freezer" range by the United States Pharmacopeia 10.30.10.).

Leon County EMS

Communications Abilities

The Leon County EMS Communications Center, housed in the Consolidated Dispatch Agency (CDA), is a 24 hour per day, 7 day per week operation. It is staffed by Leon County EMS NAEDEMD certified Paramedic System Controllers and NAED-EMD certified EMT Dispatchers. In addition, 9-1-1 EMS call taking is performed by NAED-EMD certified Communications Officers from the CDA.

The Communications Center has multiple avenues of communication with field personnel at their disposal including:

RADIO:
800 MHz, digital trunking
400 MHz, statewide simplex MED 8
All field personnel are assigned and issued a portable radio to provide instant radio communication with dispatch. Radio traffic is also broadcast to and from dispatch to mobile radios mounted in vehicles and base radios at fixed post locations.

Mobile Data Computers:
Each ambulance is equipped with a MDC that provides call related information including address, nature of call, run times, CAD notes, and mapping.

Cellular Phones:
Each on-duty ambulance is issued a cellular telephone for necessary business-related telephone calls.
This phone is also used as a backup system for crews to be notified of calls as well.

Critical Care Team:
All ambulances utilized by Leon County EMS are equipped with a window between the vehicle cab and ambulance box allowing for communication between the driver and crew members. On long distance transports, crews utilize their issued cell phones to contact medical control and maintain communication with the communications center.

Waivers/Conditions:

Request for waiver of Section 1.946(e) granted on April 23, 2008. The licensee must comply with the Commission's rules in the future, and may not rely on this waiver grant as an indication that a future request for waiver will be granted. The licensee iscautioned that, in the event of a future failure to timely file in accordance with the Commission's licensing rules, the Commission's automated termination process, adopted in February, 2006, may result in the automatic termination of the license, location or frequency at issue, as well as possible enforcement action for unlicensed use of spectrum. See Wireless Telecommunications Bureau Announces February 1, 2006, as the Implementation Date of the Automated Feature in its Universal Licensing System That Identifies Unconstructed Stations Resulting in Automatic Termination of Licenses, Public Notice, 20 FCC Rcd 19805 (WTB 2005); Biennial Regulatory Review Amendment of Parts 0, 1, 13, 22, 24, 26, 27, 80, 87, 90, 95, and 101 of the Commission's Rules to Facilitate Development and Use of the Universal Licensing System in the Wireless Telecommunications Service, WT Docket No. 98-20, Memorandum Opinion and Order on Reconsideration, 14 FCC Rcd 11476 (1999).

Office of Public Safety Organizational Chart

»Office of Public Safety Executive Summary

The Office of Public Safety section of the Leon County FY 2025 Annual Budget is comprised of Emergency Medical Services and Animal Control.

Emergency Medical Services provides emergency medical services to all residents and visitors of Leon County. Animal Control provides humane education, prevention, and enforcement programs for the citizens and domestic animals in the unincorporated areas of Leon County.

Leon County follows an annually updated five-year planning cycle, as reflected in the LEADS/Strategic Plan Section. As part of the Leon LEADS Strategic Planning process, the Office of Public Safety Business Plan communicates the continued alignment of the Board's strategic priorities and initiatives with the department's actions and performance measures. The Business Plan is a road map and a broad plan of action for accomplishing the Board's priorities and serves as a gauge to assist the department in measuring outcomes of the Strategic Plan.

HIGHLIGHTS

Emergency Medical Services (EMS) continues to provide award-winning services through the delivery of cost-effective emergency treatment and transportation of the sick and injured, resulting in improved patient outcomes and decreased mortality. EMS has maintained accreditation through the Commission on Accreditation of Ambulance Services (CAAS) which requires meeting strict national standards of excellence that signify EMS has met the "gold standard" of providing ambulance service. Meeting CAAS standards results in strengthened community confidence in the quality and safety of care, treatment and services provided by EMS. The EMS Division was recognized by the Florida Department of Health as the Florida EMS Provider of the Year. In addition, the Division was recognized by the American Heart Association with the Mission Lifeline Gold Plus EMS Award for exceeding national standards on the care of heart attack and stroke patients. EMS implemented the use of ultrasound and the delivery of whole blood in the field to ensure Leon County paramedics are providing the best available emergency care to the community.

The EMS Division continued to invest in our members by successfully implementing an EMT to Paramedic training program by sponsoring and supporting current EMTs in completing paramedic training. This program has provided the Division most of the new paramedics brought on during the year. Current members were supported through providing resilience resources in partnership with the 2nd Alarm Project.

The EMS Division's annual "Press the Chest" CPR community training event trained hundreds of citizens in CPR at one time. EMS continued to provide support to Honor Flight and assisted in taking veterans to visit their memorials in Washington, D.C. EMS continues to provide critical care paramedic ground transport services, transporting seriously ill patients between healthcare facilities, with specially trained and credentialed paramedics that are Critical Care Paramedic-Certified by the International Board of Specialty Certification. EMS continued to provide tactical paramedics as a part of the Sheriff's Office Special Weapons and Tactics team. In FY 2024, EMS partnered with Tallahassee State College to offer a one-year EMT certification program to Godby High School seniors and seven students are expected to complete the program. Partners intend on extending the program into the next school year. The addition of six (6) new positions in FY 2025 will allow EMS to maintain current service levels and ensure adequate resources are available for the increased demand for services.

Animal Control is responsible for enforcing state and local ordinances concerning matters such as stray animals, rabies control, animal cruelty, and dangerous animals in the unincorporated areas of the County. Animal Control also provides training through the conduction of the animal bite prevention and safety program and advocates for the altering of animals to decrease pet overpopulation through educational programs and the distribution of vouchers for free or low cost spay and neutering of animals. Animal Control is also responsible for administering the $71,250 injured wildlife contract for St. Francis Wildlife services.

» Office of Public Safety Business Plan

MISSION STATEMENT

The mission of the Leon County Office of Public Safety is to enrich, preserve and improve the lives of citizens and visitors to Leon County by:

1. Promoting safety through clinically superior and compassionate pre-hospital care and life safety education through the Division of Emergency Medical Services.

2. Provide education, prevention, and enforcement programs and humane animal care and control services through the Division of Animal Control

STRATEGIC PRIORITIES

ECONOMY	
	EC2 - Support programs, policies and initiatives to attract, create, and promote expansion of business, entrepreneurship, job creation, workforce development, economic equity and mobility.

QUALITY OF LIFE	
	Q3 - Provide essential public safety infrastructure and services while supporting early intervention and prevention strategies.
	Q4 - Support and promote access to basic healthcare, mental health, affordable housing, and homeless prevention services to our community members most in need.

STRATEGIC INITIATIVES

QUALITY OF LIFE

1. (Q3) Continue to evaluate emergency medical response strategies to improve medical outcomes and survival rates. (2022-22)

ACTIONS

QUALITY OF LIFE

1. a) Continue to engage with TMH and HCA Florida Capital Hospital to improve systems of care and further advance medical outcomes through process improvements, data sharing, and participation in multi-disciplinary quality initiatives. (Ongoing)

   b) Review stroke protocols to consider HCA FL Capital Hospital offering thrombectomy stroke care. (Complete)

   c) Participate in the National EMS Quality Alliance to study and adopt best practices in the delivery of EMS services. (In Progress)

   d) Seek re-accreditation from the Commission on Accreditation of Ambulance Services. (Ongoing)

   e) Provide community risk reduction programs such as CPR and AED, "Stop the Bleed", and bicycle, pedestrian, and vehicle safety training. (Ongoing)

   f) Continue to participate in the Big Bend Healthcare Coalition, the Tallahassee Coalition for Coordinated Care, and with community stakeholders to coordinate services and improve medical outcomes. (Ongoing)

   g) Implement the use of whole blood transfusions for qualifying trauma patients. (Ongoing)

BOLD GOALS & 5-YEAR TARGETS

Target: Connect 7,000 students to skilled job opportunities through Leon Works and other talent development initiatives. (T3)

	FY 2022	FY 2023	FY 2024*	FY 2025*	FY 2026	TOTAL
Students Connected	344	160	250	265	TBD	1,019

Note: Since the start of FY 2022, over 5,500 students have been connected to skilled job opportunities, **79% of the County's five-year Target.** This progress was achieved largely in part to the County's addition of the Leon Works Fall Preview hosted virtually in the Fall of 2021. This only reflects the number of students connected to skilled job opportunities by EMS through internships and the EMT to Paramedic Trainee Program. Other program areas, such as Human Resources and the Office of Economic Vitality also connect students to skilled job opportunities.

***Bold Goal & Target figures for FY 2024 and FY 2025 are estimates. Actuals for FY 2024 will be reported at the Annual Board Retreat in January 2025.**

Office of Public Safety

Emergency Medical Services (135-185-526)

Goal	The goal of Leon County EMS Division is to provide clinically superior, compassionate, cost-effective emergency medical services to all citizens and visitors of Leon County; regardless of social economic status, utilizing the latest technologies and medical care standards, within the bounds of available resources.
Core Objectives	1. Provide basic and advanced life support emergency medical services to the citizens and visitors of Leon County. 2. Provide medically necessary inter-facility and critical care emergency medical services to the citizens and visitors of Leon County. 3. Provide medical coverage at special event venues. 4. Provide injury and disease prevention and community risk reduction training programs to citizens. 5. Provide bystander care educational programs to citizens. 6. Maintain the County's Heart Ready initiative through the further development of the public access automated external defibrillator (AED) program and by training citizens in cardio-pulmonary resuscitation (CPR) and AED use. 7. Maintain a constant state of readiness to respond to major disasters, both man-made and natural. 8. Provide support to the six volunteer fire departments.
Statutory Responsibilities	Article III Leon County Code of Law Chapter 401 Florida Statute Chapter 64J-1 Florida Administrative Code
Advisory Board	Leon County Emergency Medical Services Advisory Council

Benchmarking

Strategic Priorities	Benchmark Data	Leon County	Benchmark
	Percent of cardiac arrest patients that experience Return of Spontaneous Circulation (ROSC) upon arrival at the Emergency Room.	36%	22%[1]
	Percent of requests for services that result in a patient transport	63%	56%[2]
	EMS responses per 1,000 residents	151.7[4]	95.0[3]

Notes:
1. Florida EMSTARS Database, 2022
2. Florida EMSTARS Database, 2022
3. International City/County Management Association FY 2020 Benchmark Data for Jurisdictions with 250,000-499,000 population
4. Due to the rate of increase in call volume outpacing the rate of increase in population, Leon County far exceeds the standard benchmark.

FY 2022-2026 Strategic Plan

Bold Goals & Five-Year Targets	FY 2022 Actual	FY 2023 Actual	FY 2024[2] Estimate	FY 2025[2] Estimate	FY 2026 Estimate	TOTAL[2]
Connect 7,000 students to skilled job opportunities through Leon Works and other talent development initiatives. (T3)[1]	344	160	250	265	TBD	1,019

Notes:
1. This only reflects the number of students connected to skilled job opportunities by EMS through internships and the EMT to Paramedic Trainee Program.
2. Bold Goal & Target figures for FY 2024 and FY 2025 are estimates. Actuals for FY 2024 will be reported at the Annual Board Retreat in January 2025.

Office of Public Safety

Emergency Medical Services (135-185-526)

Performance Measures

Strategic Priorities	Performance Measures	FY 2022 Actual	FY 2023 Actual	FY 2024 Estimate	FY 2025 Estimate
	Number of calls for service responded to[1]	50,605	53,647	60,084	63,088
	Number of transports made[2]	31,988	34,010	38,008	39,908
	Number of public education events conducted annually[3]	44	91	120	120
	Number of public access Automated External Defibrillators (AEDs) registered with the Division[4]	1,266	1,375	1,420	1,490
	Percent of trauma alert patients correctly identified by paramedics annually[5]	98%	99%	98%	98%
	Percent of stoke alert patients correctly identified by paramedics annually[6]	98%	95%	97%	97%
	Percent of STEMI patients correctly identified by paramedics annually[7]	100%	100%	98%	98%
	Percent of STEMI EKGs transmitted to receiving hospital by paramedics annually[8]	100%	97%	99%	99%

ST-Elevation Myocardial Infarction (STEMI) is a serious type of heart attack during which one of the heart's major arteries is blocked.

Notes:

1. In FY 2023, the Division experienced a 6% increase in the number of requests for service over the previous fiscal year. The total number of requests for service represents the busiest year on record for the division. Based on historical trends, the number of calls is anticipated to increase significantly in FY 2024 and FY 2025.
2. Actual transports to the hospital increased by 6% in FY 2023, corresponding to the similar increase in requests for service. The number of transports is projected to increase consistent with calls for service.
3. In FY 2023, the Division provided 91 public education and injury prevention programs to community groups to reduce the overall community health risk. The increase in the number of events, as well as citizen participation, was indicative of a return to pre-COVID-19 public event levels.
4. The number of AEDs in the community registered with the Division increased to 1,375 or 9% in FY 2023 due to continuing efforts to get new and existing AEDs registered. The number is anticipated to steadily increase in FY 2024 and FY 2025.
5. Based on Leon County EMS criteria, paramedics correctly identified 99% of trauma alert patients in FY 2023. This trend is expected to continue in FY 2024 and FY 2025.
6. Based on Leon County EMS criteria, paramedics correctly identified 95% of stroke alert patients in FY 2023. This trend is expected to continue in FY 2024 and FY 2025.
7. Patients experiencing a myocardial infarction were identified correctly 100% of the time in FY 2023. Accurate assessment of a heart attack by paramedics results in faster in-hospital times and corresponding improved mortality rates. This trend is expected to continue in FY 2024 and FY 2025.
8. Paramedics continue to transmit 97% of EKGs identified to the receiving hospital due to on-going emphasis on quality control activities and technology improvements used during transmission. This trend is expected to continue in FY 2024 and FY 2025.

Emergency Medical Services (135-185-526)

The major variances for the FY 2025 Emergency Medical Services budget are as

follows: Increases to Program Funding:
1. Costs associated with the County's portion of retirement rates passed by the Florida Legislature, health insurance premium rates at 6%, increase in workers' compensation costs, and funding for 5% raises for all employees.
2. Addition of six positions to maintain current service levels and ensure adequate resources are available for the increased demand for services.
3. Special day and extra shift stipends to incentivize staff to work extra shifts during critical staffing periods, in addition to costs associated with employee training and continuing education.
4. Inflationary costs associated with EMS contracts, medical supplies, and repair and maintenance of equipment.
5. Costs associated with the County's sponsorship with Tallahassee State College to offer children safety workbooks for Annual TSC Heroes in Public Safety Event, in addition to new bikes in support of bicycle pedestrian safety initiatives.

Certificate of Public Convenience and Necessity

Emergency Medical Services

Whereas, Leon County, has made application for the grant of authority to provide Advanced Life Support and Basic Life Support ground transport and non-transport services, twenty-four hours per day / seven days per week, to the citizens of Leon County, Florida; and

Whereas, there has been demonstrated a need to provide these essential services to the citizens of Leon County, Florida; and

Whereas, the above-named service provider affirms that it will maintain compliance with the requirements of the Emergency Medical Services Act (Chapter 401, F.S.) and rules (Chapter 64J-1, F.A.C.); and

Whereas, the above-named service provider affirms that it will comply with Article III of the Code of Laws of Leon County, Florida; and

Whereas, the governing body of Leon County has considered recommendations of the Emergency Medical Services Advisory Council.

Now therefore, The Board of County Commissioners of Leon County hereby issues a Certificate of Public Convenience and Necessity to Leon County to provide the following services only: Advanced Life Support and Basic Life Support Ground Transport and Non-Transport Services, twenty-four hours per day / seven days per week with limitations as prescribed on this Certificate. The service shall be provided within the territorial limits of Leon County, Florida. The Certificate holder shall maintain the level of service as outlined in their application throughout the term of this Certificate and shall conform and comply with all rights and duties granted by the certificate.

RESOLUTION NO. 2018 - 10

A RESOLUTION OF THE LEON COUNTY BOARD OF COUNTY COMMISSIONERS ADOPTING EMS RATES TO BE CHARGED RECIPIENTS OF EMS SERVICES

WHEREAS, the Leon County Board of County Commissioners is committed to providing Emergency Medical Services to all residents of Leon County; and

WHEREAS, the Board desires to provide the most efficient service to all residents; and

WHEREAS, the Board recognizes that in order to provide this service that users of the system must pay a fee; and

WHEREAS, the Board desires to establish EMS rates in accordance with industry best practices; and,

WHEREAS, the Board desires that rates should be adjusted annually to address normal inflationary increases.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Leon County, Florida, that:

1. Effective June 1, 2018 the EMS rates to be charged by Leon County to recipients of ambulance transportation services are hereby designated below:

EMS Services – Ambulance Transportation	Rate
Basic Life Support Non-Emergency Base	$446
Basic Life Support Emergency Base	$713
Advanced Life Support 1 - Non-Emergency Base	$535
Advanced Life Support 1 - Emergency Base	$847
Advanced Life Support 2 - Base	$1,225
Specialty Care Transport Base	$1,448
Mileage – per mile	$14.74

2. Effective October 1, 2018 and every subsequent October 1, EMS rates for ambulance transportation services shall be adjusted to 200% of the then current Medicare fee schedule. In the event that the Medicare fee schedule is decreased over the previous year, the EMS rates shall be left unchanged.

3. Effective June 1, 2018 the EMS rates to be charged by Leon County to recipients of non-transport services are hereby designated below:

EMS Service – Non-Transport	Rate
Stand-by, 2 staff with vehicle, 3 hour minimum	$153 / hour
Stand-by, 1 staff no vehicle, 3 hour minimum	$76 / hour
First Aid/Assessment	$293

4. EMS rates for non-transport services shall remain in place unless otherwise adjusted by the Leon County Board of County Commissioners.

DONE AND ADOPTED by the Board of County Commissioners of Leon County, Florida, on this the 8TH day of May 2018.

1.5.3 Minimum Equipment on each Ambulance

(FLORIDA SPECIFIC)

I. STATEMENT:
This is the minimum equipment list to comply with section 64J – Florida Administrative Code.

II. GUIDELINE:
The following list of equipment is the minimum equipment to be carried on board all Leon County EMS ALS Ambulances.

III. EQUIPMENT LIST:

Bandaging, dressing, and taping supplies:
- (1 roll) Adhesive, silk, or plastic tape – assorted sizes.
- (2) Sterile 4 × 4 inch gauze pads.
- (2) Triangular bandages.
- (2) Roller gauze.
- (2) ABD (minimum 5 × 9 inch) pads.

(1) Bandage shears.
(2) Patient restraints, wrist and ankle.
(1 each) Blood pressure cuffs: infant, pediatric, and adult.
(1 each) Stethoscopes: pediatric and adult.
(1) Blankets.
(1 packet) Sheets (not required for non-transport vehicle.)
(1) Pillows with waterproof covers and pillow cases or disposable single use pillows (not required for non-transport vehicle).
(1 packet) Disposable blanket or patient rain cover.
(1) Long spine board and three straps or equivalent.
(1) Short spine board and two straps or equivalent.
(1 each) Adult and Pediatric cervical immobilization devices (CID), approved by the medical director of the service.
(1) Padding for lateral lower spine immobilization of pediatric patients or equivalent.
(1) Portable oxygen tanks, “D” or “E” cylinders, with one regulator and gauge. Each tank must have a minimum pressure of 1000 psi, and liter flow at 15 liters per minute.
(1 each size) Transparent oxygen masks; adult, child and infant sizes, with tubing.
(2 each size) Sets of pediatric and adult nasal cannulae with tubing.
(1 each size) Hand operated bag-valve mask resuscitators with PEEP valves, adult and pediatric accumulator, including adult, child and infant transparent masks capable of use with supplemental oxygen.
(1) Portable suction, electric or gas powered, with wide bore tubing and tips which meet the minimum standards as published by the GSA in KKK-A 1822E specifications.
(1 each) Extremity immobilization devices. Pediatric and Adult.
(1 each) Lower extremity traction splint. Pediatric and Adult.
(2) Sterile obstetrical kit to include, at minimum, bulb syringe, sterile scissors or scalpel, and cord clamps or cord-ties.
(2) Burn sheets.
(1) Flashlight with batteries.

(2) Occlusive dressings.
(1 each of various sizes) Oropharyngeal airways. Pediatric and Adult.
(1) Installed oxygen with regulator gauge and wrench, minimum "M" size cylinder (minimum 500 PSI) with oxygen flowmeter to include a 151pm setting, (not required for non-transport vehicles.) (Other installed oxygen delivery systems, such as liquid oxygen, as allowed by medical director.)
(1 box each size) Gloves – suitable to provide barrier protection for biohazards.
(2 each size N95 and simple) Face Masks – both surgical and respiratory protective. (Dual pupose acceptable)
(2) Adjustable C-collars (Rigid cervical collars as approved in writing by the medical director and available for review by the department.)
(1 each of various sizes) Nasopharyngeal airways, pediatric, and adult.
(1) Approved biohazardous waste plastic bag or impervious container per Chapter 64J, F.A.C.
(2) Safety goggles/glasses or equivalent meeting A.N.S.I. Z87.1 standard.
(1) Bulb syringe separate from obstetrical kit.
(1) Thermal absorbent reflective blanket.
(2) Multitrauma dressings.
(1) Pediatric length based measurement device for equipment selection and drug dosage.

MEDICATIONS
(2) Atropine Sulfate
(2) Dextrose 10 percent
(2) Epinephrine HCL 1 mg/1 ml (1:1,000)
(4) Epinephrine HCL 1 mg/ 10 ml (1:10,000)
(2) Ventricular dysrhythmic
(1) Benzodiazepine sedative/anticonvulsant
(2) Naloxone (Narcan)
(1 bottle) Nitroglycerin
(4) Albuterol (Inhalant beta adrenergic agent with nebulizer apparatus, as approved by the Medical Director.)

I.V. SOLUTIONS
(2) Lactated Ringers
(2) Normal Saline.

EQUIPMENT
(1) Laryngoscope handle with batteries.
(1 each various sizes) Laryngoscope blades; adult, child and infant sizes.
(1) Pediatric I.V. arm board or splint appropriate for I.V. stabilization.
(1 each various sizes) Disposable endotracheal tubes; adult, child and infant sizes. Those below 5.5 mm shall be uncuffed. 2.5 mm – 5.0 mm uncuffed; 5.5 mm – 7.0 mm; 7.5 mm – 9.0 mm).
(1 each) Endotracheal tube stylets pediatric and adult.
(1 each) Magill forceps, pediatric and adult sizes.
(1) Device for intratracheal meconium suctioning in newborns.
(4) Tourniquets (in start kits)

(2 each various sizes) I.V. cannulae 14 thru 24 gauge.
(2) Micro drip sets. (Or Muli-select sets)
(2) Macro drip sets. (Or Muli-select sets)
(1) I.V. pressure infuser.
(1 each various sizes) Needles 18 thru 25 gauge.
(1 each various sizes) Intraosseous needles
(1) three way stop cock.
(1 each various sizes) Syringes, from 1 ml. to 20 ml.
(1) D.C. battery powered portable monitor with defibrillation and pacing capabilities, ECG printout and spare battery. The unit shall be capable of delivering pediatric defibrillation (energy below 25 watts/sec and appropriate equipment).
(1 bag each) Monitoring electrodes for adults and pediatrics.
(1 each) Pacing electrodes. Pediatric and Adult.
(1) Glucometer.
(1) Approved sharps container per Chapter 64J, F.A.C.
(1 each various sizes) Flexible suction catheters.
(1) Electronic waveform capnography capable of real-time monitoring and printing record of the intubated patient (effective 01/01/2008)
(1) Atomizer for medication administration

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 01/29/2025

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Report of Independent Auditors

The Honorable Board of County Commissioners
Leon County, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information and the budgetary comparison statements of Leon County, Florida (the County) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditor, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of September 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison statements for the General Fund, the Fine and Forfeiture Fund, the Grants Funds, and the Local Provider Participation Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Housing Finance Authority of Leon County, a discretely presented component unit of Leon County, which represent 0.4%, 0.9%, and 0.2%, respectively, of the assets, net position, and revenues of the County as of September 30, 2023. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Housing Finance Authority of Leon County, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *(Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note I to the financial statements, in the fiscal year ended September 30, 2023, the County adopted Governmental Accounting Standards Board Statement No. 91, *Conduit Debt Obligations*. Our opinions are not modified with respect to this matter.

As discussed in Note I to the financial statements, in the fiscal year ended September 30, 2023, the County adopted Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinions are not modified with respect to this matter.

As discussed in Note XVIII to the financial statements, October 1, 2022 net position for the Governmental Activities and fund balances for the General and Nonmajor Governmental Funds have been restated to correct previously reported misstatements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5–15 and the supplementary schedules on pages 86–92 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's basic financial statements. The schedule of expenditures of federal awards and state financial assistance, schedule of findings and questioned costs, and summary schedule of prior audit findings, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and* Chapter 10.550 *Rules of the Auditor General* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information as presented in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2024, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Board's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This discussion and analysis of Leon County's (the County) financial statements is designed to introduce the basic financial statements and provide an analytical overview of the County's financial activities for the fiscal year ended September 30, 2023. The basic financial statements are comprised of the government-wide financial statements, fund financial statements, and footnotes. We trust that the basic financial statements will, in conjunction with additional information provided in our letter of transmittal (pages xii – pages xxi), assist readers in identifying significant financial issues, and in future years, changes in the County's financial position. In this Management's Discussion and Analysis (MD&A), all amounts, unless otherwise indicated, are expressed in thousands of dollars.

Overview of the Financial Statements

The County's basic financial statements are comprised of the following elements:

Government-wide Financial Statements

The government-wide financial statements (Statement of Net Position and Statement of Activities found on pages 16-17 and 18-19, respectively) concentrate on the County as a whole and do not emphasize fund types, but rather a governmental or a business-type classification, which are presented in separate columns. The governmental and business-type activities comprise the primary government and are reported separately from the component unit for which the County is accountable. In addition, neither fiduciary funds nor component units that are fiduciary in nature are included in the government-wide financial statements.

General governmental and intergovernmental revenues support the governmental activities, whereas user fees and charges for services primarily support the business-type activities. The purpose of the government-wide financial statements is to allow the user to be able to determine if the County is in a better or worse financial position than the prior year.

The Statement of Net Position presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities reflects the expenses of a given function or segment, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function. Taxes, state shared revenues, and net change in fair market value of investments are reported under general revenue. The effects of interfund activity have been removed from the government-wide financial statements and internal service activity has been eliminated. However, the interfund services between functions have not been eliminated.

Fund Financial Statements

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows of resources, deferred inflows of resources, net position, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund Financial Statements (continued)

The County's funds are presented in separate fund financial statements, the governmental fund financial statements and proprietary fund financial statements. The County's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets certain criteria set forth in Governmental Accounting Standards Board Statement Number 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (GASB 34)*. The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements. Table 1 below summarizes the major features of the basic financial statements.

Table 1 Major Features of the Basic Financial Statements

	Government-wide Fund Financial Statements	***Governmental Funds***	***Proprietary Funds***	***Fiduciary Funds***
Scope	Entire County government (except fiduciary funds) and the County's component unit	Activities of the County that are not proprietary or fiduciary	Activities of the County that are similar to private businesses	Instances in which the County is the trustee or agent for someone else's resources
Required financial statements	• Statement of Net Position • Statement of Activities	• Balance Sheet • Statement of Revenues, Expenditures, and Changes in Fund Balances	• Statement of Net Position • Statement of Revenues, Expenses, and Changes in Net Position • Statement of Cash Flows	• Statement of Fiduciary Net Position • Statement of Changes in Fiduciary Net Position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both, financial and capital, and short-term and long-term	Only assets and deferred outflows of resources expected to be used up and liabilities and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both financial and capital, and short-term and long-term	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both short-term and long-term
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	• Revenues for which cash is received during or soon after the end of the year • Expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Notes to the Financial Statements

Notes to the financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. Refer to Note I to the financial statements for more detailed information on the elements of the financial statements.

Infrastructure Assets

GASB 34 not only mandated changes in the financial statements, but it also set forth reporting changes. One such change is to capitalize infrastructure both prospectively and retrospectively for fiscal years that end after June 30, 1981. The County for FY 2002 and subsequent years has been reporting the entire valuation of infrastructure.

Condensed Statement of Net Position

The net investment in capital assets is the largest portion of the County's net position. This represents capital assets (land, buildings, improvements, equipment, furniture, vehicles, and construction in progress, and infrastructure), net of accumulated depreciation, and the outstanding related debt used to acquire the assets in the amount of $274.7 million as compared to $271.6 million a year ago; this is an increase of $3.1 million. These capital assets are used to provide services to the citizens and businesses in the County; consequently, the net position is not available for future spending.

Condensed Statement of Net Position (continued)

Table 2 below presents the County's condensed Statement of Net Position as of September 30, 2023 and 2022, as derived from the government-wide Statement of Net Position.

Condensed Statement of Activities

Table 3 on page 10 presents the County's condensed Statement of Activities for the fiscal years ended September 30, 2023 and 2022, as derived from the government-wide Statement of Activities. Over time, increases and decreases in net position may measure whether the County's financial position is improving or deteriorating. During the fiscal year, the net position of the governmental activities decreased by ($.851) million, or (.003) percent, and the net position of the business-type activities decreased by $(2.7) million, or (108.0) percent. The decrease in Governmental Activities is primarily due to a decrease inflows of resources from operating grants and contributions and an increase in program expenses. The decrease in Business-Type Activities is due to an increase in current year expenditures and a decrease in revenues to the Landfill in 2023.

In 2003, the Board of County Commissioners adopted an ordinance levying a Utility Services Tax on the unincorporated area of Leon County. This tax generated $8.6 million in FY 2022 versus $9.9 million in FY 2023. The County also adopted a Communications Services Tax in FY 2003, with revenues in the amount of $2.74 million in FY 2023 compared to revenues of $2.71 million in FY 2022. These two taxes have been a stabilizing factor in the County's financial picture, which was the intent of the ordinances.

Condensed Statement of Activities (continued)

On January 29, 2008, the Florida electorate approved an amendment to the Florida Constitution relative to property taxation. This amendment (referred to as Amendment 1) was placed on the ballot by the Florida Legislature at a special session held in October 2007. With respect to homestead property, Amendment 1 increases the current $25,000 homestead exemption by an additional $25,000 (for property values ranging from $50,000 to $75,000), except for school district taxes. Since the new $25,000 homestead exemption does not apply to school district taxes, this effectively amounts to a $15,000 increase to the existing homestead exemption, resulting in an estimated annual savings of $240 for an average homeowner. Amendment 1 also allows property owners to transfer (make portable) up to $500,000 of their Save Our Homes benefits to their next homestead when they move. Save Our Homes became effective in 1995 and limits (caps) the annual increase in assessed value for homestead property to three percent (3%) or the percentage change in the Consumer Price Index, whichever is less. 'Save Our Homes' was an amendment passed by citizens to help limit the effects of fair value on property taxes.

With respect to non-homestead property, Amendment 1 limits (caps) the annual increase in assessed value for non-homestead property (businesses, industrial property, rental property, second homes, etc.) to ten percent (10%), except for school district taxes. The Amendment also provides a $25,000 exemption for tangible personal property. Amendment 1 became effective on October 1, 2008, but the ten percent (10%) assessment cap on non-homestead property became effective on January 1, 2009. Property tax revenues in FY 23 increased by 9.2%, and future growth will be tempered by the above tax changes, with increases mirroring population growth.

The Board of County Commissioners (the Board) Investment Policy is very risk averse and places a premium on security. With the effective rate of return of the portfolio averaging 3.48% for the year, the net change in fair market value of investments in the portfolio totaled $12.5 million, an increase of $17.0 million from 2022. The primary reasons for the increase in fair market value are from unrealized gains marked to market totaling $3.9 million, while the investment portfolio earned a total return of $8.6 million.

Miscellaneous revenues are made up of revenues that will fluctuate annually as a result of various activities throughout the County. All other changes in activities are a result of the normal operations of the County.

Program Expenses and Revenues for Governmental Activities

Table 4 below presents program expenses and revenues for governmental activities. The nature of governmental activities is to be funded primarily from taxes and not to be self-supporting. As a result, overall program revenues were not sufficient to cover program expenses for governmental activities. General revenues, mainly taxes, therefore supported the net program expenses of these governmental activities. Program revenues as a percentage of program expenses decreased to 19% from fiscal year 2022 to fiscal year 2023.

Table 4

Program Expenses and Revenues
for Governmental Activities
For the Fiscal Year Ended September 30
(in thousands)

	Program Expenses	Less Program Revenues	Net Program Expenses (a)		Program Revenues as a Percentage Program Expenses

*Differences from financial statements due to rounding

Program Expenses and Revenues for Business-type Activities

Table 5 below presents program expenses and revenues for business-type activities. Revenues are not sufficient to cover program expenses in FY 2023. Program revenues as a percentage of expenses decreased to 59% from 2022 to 2023. The program expenses increased by $3.3 million compared to 2022. In 2023, the estimated liability for closure/post closure cost for the Landfill increased by $4.1 million, whereas in 2022 there was an increase of $707.1 thousand. This increase along with operating expense increases resulted in a decrease in the program revenues as a percentage of expenses.

Table 5

Program Expenses and Revenues
for Business-type Activities
For the Year Ended September 30
(in thousands)

	Program Expenses	Less Program Revenues	Net Program Expenses		Program Revenues as a Percentage Program Expenses	
	2023	2023	2023	2022	2023	2022
Landfill	$ 18,901	$ 11,216	$ 7,685	$ 4,392	59 %	72 %

Overall Analysis

Financial highlights for the County as a whole include the following:

- The County's net position (excess of assets and deferred outflows over liabilities and deferred inflows) at the close of fiscal year 2023 is $261,747,988, as compared to $262,597,603 for fiscal year 2022, for governmental activities. The County's business-type activities net position (excess of assets and deferred outflows over liabilities and deferred inflows) at the close of fiscal year 2023 is $(199,733) as compared to $2,496,810 for fiscal year 2022. (Please see the Statement of Activities discussed previously for an explanation of the differences above.)

- The County’s total net position decreased by $(3,546,158) during fiscal year 2023, as compared to a $25,478,623 increase in fiscal year 2022. The net position of governmental activities decreased by $1,196,450 in fiscal year 2023, as compared to an increase of $26,322,508 in 2022. The net position of business-type activities decreased by $2,696,543 in 2023, as compared to an decrease of $(843,885) in 2022. (Please see the Statement of Activities discussed previously for an explanation of the differences above.)

Fund Analysis

The following funds experienced significant changes during the year:

Governmental Funds

The County's governmental funds reported a combined ending fund balance of $204,145,455 for fiscal year 2023, as compared to $182,890,457 for fiscal year 2022. This increase in fund balance is a planned appropriation of expenditures primarily in the General Fund, Grants Fund, Fine and Forfeiture Fund and the Capital Improvement Fund. These appropriations allow the Board to maintain existing infrastructure over the next five years.

General Fund

Fund balance at September 30, 2023 has decreased to a total of $49,225,710, as compared to $53,034,909 for September 30, 2022. This $(3,809,199) decrease in fund balance in the General Fund represents an increase in transfers out and increased liabilities. The General Fund reserves are within policy limits and allow the County to maintain the same property millage rates for 2024.

The General Fund of the Board of County Commission, as displayed on the Combining Balance Sheet, contains both Countywide General Revenue funds and the Non-Countywide General Revenue fund. The sole purpose of the Non-Countywide General Revenue funds is to capture discrete revenues and transfer those revenues to the various funds needing support (i.e. various Debt Service, Municipal Services, Growth Management, etc.) from unincorporated revenues. The Non-Countywide General Revenue funds do not contain any countywide property tax revenues.

Fine & Forfeiture Fund

Fund balance at September 30, 2023 totaled $7,238,685, as compared to $1,789,316 for September 30, 2022. This is an increase for the fiscal year and can be attributed to signifcant increases in tax revenues and transfers in to public safety.

Grants Fund

The fund balance at September 30, 2023 totaled $17,462,584, as compared to the September 30, 2022 balance of $29,305,024. This was a decrease of $(11,842,440), primarily related to an decrease of pandemic recovery and relief efforts from the federal governement in the current fiscal year. Grant expenditures increased as expected and will continue in following years to increase as projects close.

Capital Improvement Fund

Fund balance at September 30, 2023 totaled $37,986,593, as compared to $23,952,946 for September 30, 2022. This was an increase of $14,033,647. This increase can be attributed to unrealized gains in the fair market value of investements and an increase in intergovernmental and miscellaneous revenues during September 30, 2023.

Enterprise Funds

The County's enterprise funds reported net position of $(520,338) for September 30, 2023, as compared to $2,202,987 for September 30, 2022, which is a decrease of $(2,723,325). The decrease in net position is due to an increase in current year expenses and and increase in the estimated change in liability for landfill closure and post closure costs compared to 2022.

Budget Variances in the General Fund

The County made no significant revisions and had no significant variations in its budget during the year. Refer to the budgetary comparison schedule for the General Fund in the Other Required Supplementary Information section of the ACFR.

Capital Asset and Long-term Debt Activity

Capital Asset Activity

The County reported $313,969,372 in capital assets for governmental activities and $6,762,523 in capital assets for business-type activities at September 30, 2023, versus $311,532,148 for governmental and $6,526,377 for business-type activities at September 30, 2022. Please refer to Note V in the Notes to the Financial Statements for additional information on capital assets and Note XVI in the Notes to the Financial Statements for additional information on construction commitments.

Debt Administration Activity

At September 30, 2023, the County had $14,653,116 of outstanding bonded debt, as compared to $18,760,643 at September 30, 2022. All of the County's debt is secured by specific general fund revenues, including sales tax, state revenue sharing, and specific other general fund revenues. The County has no general obligation bonds, which would be backed by the full faith and credit of the County. Leon County will finish paying off debt in 2036. There are no plans for financing any future infrastructure projects over the next five years. For more information on long-term debt activity, please see Note IX on Long-term Obligations in the Notes to the Financial Statements.

Economic Factors

Economic activity took a down turn as the pandemic significantly affected revenues and unemployment within Leon County.

- Leon County's unemployment rate remained at 3.1% in FY 2023, which was higher compared to the State of Florida's unemployment rate of 2.9%.
- Visitors to Leon County had an economic impact of $1.248 billion in 2023, an increase of $96.9 million or 8.4% compared to 2022.
- The Florida Price Index Level for Leon County decreased from 95.83 in 2022 to 94.08 in 2023.
- The total fair value of parcels with homestead exemption in Leon County increased from $14.95 billion in 2022 to $16.58 billion in 2023.
- Total employment in Leon County increased by 2.8% compared to the prior year.
- The estimated population in Leon County increased from 299,130 to 301,724 during FY 2023.
- New construction permits in Leon County decreased by 9.8% in FY 2023, from 5979 to 5392.
- Mortgage foreclosure cases in Leon County increased by 1% in 2023 when compared to 2022.

Request for Information

This financial report is designed to provide a general overview of Leon County Government's finances for all those with an interest in our government's finances. Questions concerning any of the information provided in this report or request for additional financial information may be addressed to the Clerk of Circuit Court & Comptroller, Finance Department Leon County, 301 S. Monroe Street, Room #100, Tallahassee, Florida 32301. Requests can also be made telephonically at (850) 606-4020 or by fax at (850) 606-4171. We also suggest visiting our website at www.clerk.leon.fl.us for further financial information.

Leon County, Florida
Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position
September 30, 2023

Total fund balances of governmental funds		$ 204,145,455
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources, and therefore are not reported as assets in governmental funds.		
Governmental capital assets	817,231,223	
Less accumulated depreciation/amortization	(503,261,851)	313,969,372
Long-term liabilities, and deferred outflows/inflows of resources including bonds payable are not due and payable in the current period and, therefore, are not reported in the governmental funds.		
Bonds and notes payable	(29,243,116)	
Unamortized premium on bonds payable	(94,782)	
Lease liability	(14,717,774)	
Subscription liability	(1,979,243)	
OPEB related deferred inflows	(20,498,202)	
OPEB related deferred outflows	17,698,439

Leon County, Florida

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities
Year Ended September 30, 2023

Net change in fund balances - total governmental funds		$ 20,390,539
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Expenditures for capital assets/leases	34,507,530	
Less current year depreciation and amortization	(29,159,776)	5,347,754
Repayment of leases/subscription liabilities/bond/loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		9,013,372
Lease financings and debt issuances provide current financial resources to governmental funds, but increase long-term liabilities in the Statement of Net Position.		(8,115,921)
Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore are not reported as expenditures in the governmental funds.		
Amortization of current year bond discount/premium	47,390	
Change in other postemployment benefits	(2,379,808)	
Change in compensated absences	(351,059)	
Change in net pension liability	(22,884,053)	
		(25,567,530)
Internal service funds are used by management to charge the costs of gasoline, vehicle repair, risk management, and telephone services to individual funds.		128,236
Change in net position of governmental activities		$ 1,196,450

The accompanying notes are an integral part of these financial statements.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Leon County, Florida (the County) is a political subdivision of the State of Florida and provides services to its residents in many areas, including public safety, transportation, recreation, and human services. The County is governed by an elected Board of County Commissioners (seven members). In addition to the members of the Board of County Commissioners (the Board), there are five elected Constitutional Officers: Clerk of the Circuit Court and Comptroller, Sheriff, Tax Collector, Property Appraiser, and Supervisor of Elections. The Constitutional Officers maintain separate accounting records and budgets. Effective for the 2003 fiscal year, the citizens of Leon County passed a voter referendum to make Leon County a Charter County. The Charter is a simple charter, which allows for the same powers and duties as provided in the Constitution of the State of Florida and Florida Statutes. However, in certain instances, the Charter may alter or expand the powers of the elected officials via voter referendum.

The accompanying financial statements present the combined financial position and results of operations of the entity as a whole, by major fund and nonmajor funds in aggregate, that are governed by the Board and the Constitutional Officers of Leon County, Florida.

The Board of County Commissioners funds a portion, or in some cases all, of the operating budgets of the County's Constitutional Officers. The payments by the Board of County Commissioners to fund the operating budgets of the Constitutional Officers are recorded as expenditures on the financial statements of the Board and as appropriations or charges for services on the financial statements of the Constitutional Officers. Accordingly, such amounts and the budget relating to those amounts have been eliminated in the accompanying combined financial statements.

Component Unit

The component units that are discussed below have been reviewed to see if they should be included in the County's reporting entity. They would be included in the County's reporting entity either because of the significance of the operational relationship or the County is financially accountable for the component unit. The County is financially accountable for an organization when the County appoints a voting majority of the organization's governing body and is able to impose its will on the organization. The County is also financially accountable when there is a potential for the organization to provide a financial benefit or impose a financial burden on the County, or the organization is fiscally dependent on the County.

Specific criteria used to determine financial accountability are:

- Selection of a voting majority of the governing body.

- Imposition of will: Ability to remove appointed members at will; ability to approve or modify charges affecting revenue; ability to appoint, hire or dismiss management.

- Financial benefit or burden relationship: The County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the obligation to finance the deficits of or provide support to the organization; or the County is obligated in some manner for the debt of the organization.

- Fiscal dependency: Ability to approve or modify the organization's budget or rate charges and ability to approve debt issuances and/or tax levies.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

Component Unit (continued)

Financial statements of component units would be included in the financial reporting entity either as a blended component unit or as a discretely presented component unit in accordance with governmental accounting standards. At September 30, 2023, the only component unit of the County is the Housing Finance Authority of Leon County (the Authority) and it is presented in a separate column on the County's financial statements.

The Authority was created as a Florida public corporation in accordance with the Florida Housing Finance Authority Law, Part IV of Chapter 159, Florida Statutes (1979), following the adoption of an approving ordinance (#80-39) by the Board of County Commissioners of Leon County, Florida. The Authority is a Dependent Special District as defined in Section 189.4041, Florida Statutes.

The Authority's governing board is appointed by the Board of County Commissioners; the budget is reviewed by the County; all bonds issued and contracts entered into must be approved by the County; the County may, at its sole discretion, and at anytime, alter or change the structure, organization, programs or activities of the Authority, including the power to terminate the Authority. This unit is reported in a separate column to emphasize that it is legally separate from the County. Separate financial information for the Authority is available at 918 Railroad Avenue, Tallahassee, Florida 32310.

Excluded from the Reporting Entity

The Leon County Health Facilities Authority, Leon County Research and Development Authority, Leon County Education Facilities Authority and Leon County Energy Improvement District have been established under Florida Statutes, Chapter 159, Part V, Chapter 154, Part III, Chapter 243 and Chapter 189, Part II respectively. Operations of the above authorities are not included in this report because they do not meet the criteria for inclusion in the reporting entity as set forth in GASB Statement No. 39 and No. 61.

Other public entities located within Leon County and not included in the financial statements of the County include municipalities and the following independent taxing districts authorized and established by the laws of Florida:

Children's Service Council of Leon County

Leon County School Board District

Fallschase Special Taxing District

Northwest Florida Water Management District

Tallahassee-Leon County Civic Center Authority

These potential component units have been excluded because they do not meet the criteria for inclusion in the reporting entity.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

Consolidated Dispatch Agency

In May 2012, the City of Tallahassee, Leon County, Florida, and the Leon County Sheriff's Office entered into an inter-local agreement authorized by Section 163.01, Florida Statutes. This agreement created a Consolidated Dispatch Agency (CDA) for the purpose of dispatching law enforcement, fire and emergency medical services personnel. The term of this agreement is for a period of 10 years, commencing April 1, 2013, and will renew automatically thereafter. The CDA will govern and manage the provision of public safety consolidated dispatch services on a county-wide basis.

The governing body of the CDA consists of the City of Tallahassee City Manager, the Leon County Administrator and the Leon County Sheriff, hereinafter called the Council. The City and the County shall fund the CDA budget proportionately based upon the per capita population within the corporate limits of the City of Tallahassee for the city, and the per capita population within the unincorporated area of Leon County for the County, and a service cost allocation shall be included in the CDA's annual budget. Current audited financial statements may be obtained from the Consolidated Dispatch Agency, 300 S. Adams Street, Box A-19, Tallahassee, Florida 32301.

Capital Region Transportation Planning Agency

In December 2004, the Capital Region Transportation Planning Agency (CRTPA) was created through an inter-local agreement between the Florida Department of Transportation; the Counties of Leon, Gadsden, Jefferson and Wakulla; the Cities of Tallahassee, Chattahoochee, Gretna, Midway, Monticello, Quincy, St. Marks and Sopchoppy; the towns of Greensboro and Havana; and the Leon County School Board as authorized by Section 163.01 Florida Statues. It was established in order for the members to participate cooperatively in the development of transportation related plans and programs.

The governing board consists of voting representatives from the Counties of Leon, Gadsden, Jefferson, and Wakulla; the Cities of Midway, Quincy, Tallahassee, Chattahoochee and Gretna; the Towns of Greensboro and Havana, the Leon County School Board, and three nonvoting representatives from the Florida Department of Transportation, the Federal Highway Administration, and StarMetro, the City of Tallahassee's public transit system.

The CRTPA receives federal and state transportation funds for the performance of its transportation planning and programming activities. If operating expenses exceed the external funding obtained, the deficit is funded by the members of the CRTPA in proportion of their weighted votes. As a participating member of CRTPA, Leon County has a limited share of financial responsibility for any such deficits. Current audited financial statements may be obtained from the Capital Regional Transportation Planning Agency, 300 S. Adams Street, Box A-19, Tallahassee, Florida 32301.

Blueprint Intergovernmental Agency

In October 2000, Leon County entered into an interlocal agreement with the City of Tallahassee as authorized by Section 163.01(7) Florida Statutes. This agreement created the Blueprint 2000 Intergovernmental Agency, now known as the Blueprint Intergovernmental Agency (Blueprint) to govern the project management for the project planning and construction of a list of projects known as the Blueprint projects. The Board of County Commissioners and the City Commission constitute Blueprint's Board of Directors and jointly govern the organization. The revenues to fund the projects under this agreement are the collections of the local government infrastructure sales surtax, which began December 1, 2004. This tax was extended pursuant to the provisions in Section 212.055, Florida Statutes, until December 31, 2039.

The County and Blueprint have entered into a Joint Partnership Agreement whereby the County receives an annual allocation of $3,875,000 from Blueprint for the performance of various infrastructure initiatives. Current audited financial statements may be obtained from Blueprint, 315 S. Calhoun Street, Suite 450, Tallahassee, Florida 32301.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus and Basis of Accounting

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements
- Required Supplementary Information

Government-wide Financial Statements

Government-wide financial statements (the Statement of Net Position and Statement of Activities) provide financial information about Leon County government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government, as well as its discretely presented component unit and provide for a consolidated financial picture of the government. The Statement of Net Position reports all financial and capital resources of Leon County's governmental and business-type activities. The Statement of Activities reports functional categories of programs provided by the County and demonstrate how and to what degree those programs are supported by specific revenue. As part of the consolidation process, the effect of interfund activity has been removed from these statements to avoid distorted financial results. Any interfund services provided and used are not eliminated during this process, but reassigned to governmental activities. Any amounts reported as interfund balances represent the residual amounts due between governmental and business-type activities. Fiduciary funds of the government are also removed from this presentation since the resources are not available for general government funding purposes. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities. Business-type activities rely, to a significant extent, on fees and charges for support.

Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable. Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and custodial fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions. Program revenues include charges for services, fines and forfeiture, licenses and permits, and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program. Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than being reported as expenditures. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as reductions of the related liability, rather than as expenditures.

Fund Financial Statements

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenue and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus and Basis of Accounting (continued)

Fund Financial Statements (continued)

A fund financial statement for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements show information about major funds individually and nonmajor funds in the aggregate for governmental and proprietary funds. The fiduciary statement includes financial information for the custodial funds. The custodial funds of the County primarily represent assets held by the County in a custodial capacity for other individuals or governments.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Franchise fees, licenses, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when the County receives cash.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources." Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Noncurrent portions of long-term receivables (special assessment) due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. Noncurrent portions of other long-term receivables are offset by deferred inflows of resources.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Funds

The County's enterprise funds and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting.

Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus and Basis of Accounting (continued)

Fund Financial Statements (continued)

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies, taxes, and investment earnings, result from nonexchange transactions or ancillary activities. Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

C. Basis of Presentation

GASB 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section.

Governmental Major Funds:

The County reports the following major funds in the governmental fund financial statements:

General — The General Fund is the general operating fund of the County. This fund is used to account and report all financial resources not required to be accounted for and reported in another fund.

Fine & Forfeiture — This fund was established to account for and report the proceeds of specific revenues collected pursuant to the provisions of Section 142.01, Florida Statutes. It also accounts for and reports expenditures restricted or committed to the costs of criminal prosecutions and for the proceeds of certain court fines and costs as well as accounting for ad valorem tax revenues collected and used to support the Sheriff's Department.

Grants — This fund is used to account for and report the proceeds of revenues that are restricted or committed to expenditures of federal, state and local grants awarded to the County. This fund also includes the corresponding County matching funds for the various grants.

Capital Improvement — This fund is used to account for and report the financial resources restricted, committed, or assigned to the expenditures for the acquisition or construction of major non-transportation related capital facilities and/or projects other than those financed by proprietary funds.

Local Provider Participation — This fund is a special revenue fund, established to account for the non-ad valorem special asssessment revenue pursuant to the Directed Payment Program (DPP). The DPP is a local option that allows establishment of non-ad valorem assessments that are charged solely to hospitals. Revenue generated is matched with federal funds to provide hospitals with supplemental Medicaid reimbursements.

Proprietary Major Fund:

Landfill — This fund accounts for the revenues, expenses, assets, and liabilities associated with the County landfill and transfer station.

Note: The determination of which funds are major funds will vary from year to year because the determination is made using the calculation requirements established in GASB 34.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation (continued)

Other Fund Types:

Internal Service Funds — This fund accounts for fleet management, communications, and self insurance services provided to other departments of the County on a cost reimbursement basis, as well as to report the funded and accrued compensated absences for the Clerk of the Circuit Court and Comptroller (the Clerk) only.

Custodial Funds — This fund is used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments, and ad valorem taxes.

Noncurrent Governmental Assets/Liabilities

GASB 34 requires noncurrent governmental assets, such as land and buildings, and noncurrent governmental liabilities, such as general obligation bonds, revenue bonds, and leases, be reported in the governmental activities column in the government-wide Statement of Net Position.

D. Assets, Liabilities, and Net Position

Cash and Cash Equivalents

Cash and cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and have an original maturity of three months or less. This includes cash in banks, repurchase agreements with financial institutions, petty cash, and cash with claims administrators.

Investments

Florida Statutes authorize the County to invest in various instruments. The County reports investments in accordance with the requirements of GASB pronouncements.

Receivables and Payables

Receivables are shown net of an allowance for uncollectibles. The emergency medical services allowance is equal to 58% of outstanding gross charges at September 30, 2023.

Inventories and Prepaid Items

Inventories, consisting primarily of expendable items (materials and supplies), are determined by physical count at the County's fiscal year-end and valued at cost on the basis of the "first-in first-out" method of accounting. Inventory shown in the governmental funds consists of fuel, medical supplies, vehicle parts, and road materials. The inventory is recorded as an expenditure when consumed (consumption method) rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Net Position (continued)

Restricted Assets

Certain funds of the County are classified as restricted assets on the Statement of Net Position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations. It is the practice of the County to utilize its restricted net position before its unrestricted net position. Certain Landfill Fund assets are required to be segregated from other current assets. These assets are legally restricted for specific purposes, such as landfill closure and post-closure care.

Capital Assets

Capital assets include property, plant, equipment, and infrastructure assets. Infrastructure assets are defined as public domain fixed assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to the government unit. All qualified infrastructure assets have been capitalized and included in the September 30, 2023 financial statements. Capital assets are reported in the government-wide financial statements in the applicable governmental or business-type activities column, as well as the proprietary fund financial statements. Capital assets are defined by Section 274.02, Florida Statutes, to include items of a nonconsumable nature with a value of at least $1,000 and a life of one year or more. The County maintains an administrative record of these assets. However, for reporting purposes, the threshold for capitalizing property, plant, and equipment is $20,000, building improvements $100,000, improvements other than buildings $50,000 and infrastructure is $200,000. It is the County's policy to capitallize all acquired land and buildings. Capital assets are recorded at cost or estimated historical cost. Donated capital assets, donated works of art or similar items, and capital assets received in any service concession arrangement is reported at acquisition value. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets.

The ranges of useful lives are as follows:

Assets	Years
Buildings	40
Building improvements	5-30
Improvements other than buildings	20-30
Machinery, vehicle, and equipment	5-20
Library collection	5
Works of art, historical treasures, & similar assets	20-50
Infrastructure	20-50

Florida Statutes require that the County maintain accountability for all assets used in operations, except those maintained by the Sheriff.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Net Position (continued)

Leases

Leases are defined by the general government as the right to use an underlying asset. As lessee, the County recognizes a lease liability and an intangible right-of-use lease asset at the beginning of a lease unless the lease is considered a short-term lease or transfers ownership of the underlying asset. Right-of-use lease assets are measured based on the net present value of the future lease payments at inception, using the weighted average cost of capital, which approximates the incremental borrowing rate. Remeasurement of a lease liability occurs when there is a change in the lease term and/or other changes that are likely to have a significant impact on the lease liability. The County calculates the amortization of the discount on the lease liability and reports that amount as outflows of resources. Payments are allocated first to accrued interest liability and then to the lease liability. Variable lease payments based on the usage of the underlying assets are not included in the lease liability calculations but are recognized as outflows of resources in the period in which the obligation was incurred.

As lessor, the County recognizes a lease receivable. The lease receivable is measured using the net present value of future lease payments to be received for the lease term and deferred inflow of resources at the beginning of the lease term. Periodic amortization of the discount on the receivable is reported as interest revenue for that period. Deferred inflows of resources are recognized as inflows on a straight-line basis over the term of the lease. This recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. Any initial direct costs are reported as an outflow of resources for that period. Remeasurement of lease receivables occur when there are modifications, including but not limited to changes in the contract price, lease term, and adding or removing an underlying asset to the lease agreements. In the case of a partial or full lease termination, the carrying value of the lease receivable and the related deferred inflow of resources will be reduced and will include a gain or loss for the difference. For lease contracts that are short-term, the County recognizes short-term lease payments as inflows of resources (revenues) based on the payment provisions of the lease contract. Liabilities are only recognized if payments are received in advance, and receivables are only recognized if payments are received subsequent to the reporting period. Refer to Note VI for additional information regarding leases.

Subscription Based Information Technology Arrangements

Subscription Based Information Technology Arrangements (SBITAs) are defined by the general government as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. The County recognizes a subscription liability and an intangible right-of-use subscription asset at the beginning of a subscription term unless the SBITA is considered short-term or transfers ownership of the underlying asset. Right-of-use subscription assets are measured based on the net present value of the future SBITA payments at inception, using the weighted average cost of capital, which approximate the incremental borrowing rate. Remeasurement of a subscription liability occurs when there is a change in the SBITA term and/or other changes that are likely to have a significant impact on the subscription liability. The County calculates the amortization of the discount on the subscription liability and reports that amount as outflows of resources. Payments are allocated first to accrued interest liability and then to the subscription liability. For SBITA contracts that are short-term, the County recognizes short-term subscription payments as outflows of resources (expenses) based on the payment provisions of the subscription contract. Additional disclosures regarding regulated SBITAs are in Note VII to the financial statements.

Unearned Revenues

Revenues received in advance reported in government-wide financial statements represent unearned revenues. The unearned revenues will be recognized as revenue in the fiscal year they are earned in accordance with the accrual basis of accounting. Deferred revenues reported in governmental fund financial statements represent unearned revenues or revenues which are measurable but not available. In accordance with the modified accrual basis of accounting, these items are reported as deferred revenues.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Net Position (continued)

Landfill Closure Costs

The County has adopted a policy, based on U.S. Environmental Protection Agency rules and in accordance with Florida Law, to set aside funds for the post-closure care costs of the County's landfills.

Within the Landfill Fund, deposits are made to the fund's other cash and cash equivalents account for the purpose of complying with the escrow requirements of Rule 17-701.630, Florida Administrative Code. This rule requires the County to annually deposit funds in an interest bearing escrow account for the purpose of funding the minimum estimated landfill closure cost. This amount is represented as "restricted assets" on the Statement of Net Position.

Per the above rule, an audited report is filed each year with the Florida Department of Environmental Protection. The liability on the face of the County's statements is equal to the total estimated cost of closure and post-closure care. The estimates are reviewed and adjusted each year for changes due to inflation, technology or applicable laws or regulations.

Accrued Compensated Absences

The County accrues accumulated unpaid vacation and sick leave when earned by the employee. The current portion is the amount estimated to be used in the following year. The noncurrent portion is the amount estimated to be used in subsequent fiscal years. Both the current and noncurrent estimated accrued compensated absences amounts for governmental funds are maintained separately and represent a reconciling item between the fund and the government-wide presentations.

The Clerk is not legally required to accumulate expendable available financial resources to liquidate this obligation. However, to mitigate the impact of such obligations on future budgets, the Clerk has decided to fully fund the cost of the liability. Accordingly, an internal service fund has been established to record compensated absences earned but not paid for both the court and non-court functions.

Net Obligation for Pension Benefits

The County offers retiree pension benefits for qualifying employees through the Florida Retirement System (FRS) pension plan. Following the provisions of GASB Statement No. 68, the County recognized pension expenses along with the related net pension liability, deferred outflows and inflows of resources and is a reconciling item between the fund and the government-wide presentations.

Net Obligation for Other Postemployment Benefits

The County offers retiree medical and life insurance benefits for qualifying employees that have retired from the Florida Retirement System (FRS) pension plan. Following the provisions of GASB Statement No. 75, the County recognizes OPEB expenses along with the related liability, deferred outflows and inflows of resources. The OPEB liability is the difference between the total OPEB liability and the Plans fiduciary net position. The Plan is currently unfunded. OPEB liability is a reconciling item between the fund and the government-wide presentations.

Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U.S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The County uses the "revenue reduction" approach in accounting for rebatable arbitrage, which treats excess earnings as a reduction of revenue. The County has recorded an arbitrage liability outstanding as of September 30, 2023.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Net Position (continued)

Due to/from Other Funds

These are activities between funds. Such amounts are representative of lending/borrowing arrangements outstanding at the end of the fiscal year and referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

New accounting pronouncements

In May 2020, the GASB issued Statement No. 96, Subscription Based Information Technology Arrangements (SBITAs). This statement increases the usefulness of governments' financial statements by requiring recognition of certain subscription assets and liabilities for SBITAs that previously were classified as expenses based on the payment provisions of the contract. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2022. The County implemented GASB Statement No. 96 as of October 1, 2022 using the facts and circumstances that existed at the beginning of the period of implementation. As a result, there was no impact to the County's beginning net position upon adoption of the new accounting standard.

In May 2019, the GASB issued Statement No 91, Conduit Debt Obligations. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The County implemented GASB Statement No. 91 as of October 1, 2022. There was no impact to the County's beginning net position upon adoption of the new accounting standard.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Net Position (continued)

Net Position/Fund Balances

Net Position is the difference between fund assets and liabilities on the government-wide, proprietary, and fiduciary fund statements. Fund Balances is the difference between assets and liabilities on the governmental fund statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other debt resulting from the acquisition, construction, or improvement of the assets.

In order to implement GASB Statement No. 54, a County financial policy was written to define the different fund balance classifications for governmental funds and the order that the resources are used. There are five classifications of fund balance for governmental funds.

Nonspendable Fund Balance - Balances are comprised of funds that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance - Balances are comprised of funds that have legally enforceable constraints placed on their use or those funds that have externally-imposed restrictions by resource providers or creditors, grantors, contributors, voters, or interlocal agreement, or enabling legislation.

Committed Fund Balance - Balances are comprised of unrestricted funds used for specific purposes pursuant to constraints imposed by formal action such as ordinances, resolutions, or legislation of Leon County. Each of these actions is equally binding and as such, remain binding unless removed by a majority vote of the Board of County Commissioners.

Assigned Fund Balance - Balances are comprised of unrestricted funds informally constrained by a majority vote of the Board of County Commissioners, or by a designated county officer, in a manner that reflects the County's use of those resources such as appropriations of fund balance at year end or at the beginning of the new fiscal year.

Unassigned Fund Balance - Balances are comprised of the residual of the unrestricted funds in the General Fund and are not nonspendable, restricted, committed, or assigned. Within all other governmental funds, unassigned fund balance is comprised of negative residual in excess of what can be properly classified as nonspendable, restricted, or committed.

The County's policy is that available resources will be spent in the following order: restricted, committed, assigned, and unassigned.

Reserves/Designations of Net Position

Net position of the Insurance Service Fund is maintained for anticipated future catastrophic losses pursuant to County policy and GASB Statement No. 10.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Section 129.01(2) (b), Florida Statutes, requires that "...the receipts division of the budget shall include ninety-five percent of all receipts reasonably expected to be anticipated from all sources, including taxes to be levied, and one hundred percent of the amount of the balances, both of cash and liquid securities, estimated to be brought forward at the beginning of the fiscal year." The County has complied with the provisions of the above Florida Statute.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)

Budgets and Budgetary Accounting (continued)

Annual budgets for the governmental fund types of Leon County are adopted on a basis consistent with generally accepted accounting principles. Budgets are not adopted for the fiduciary funds. The legal level of budgetary control is at the fund level; however, budgets are monitored at varying levels of detail. All annual appropriations lapse at fiscal year end, although the County expects to honor purchase orders and contracts in process, subject to authority provided in the subsequent year's budget.

The budget information, as amended and presented in the financial statements was prepared on the modified accrual basis of accounting. All County authorized amendments to the applicable budget originally approved, have been incorporated into data reflected in the financial statements. The County made several supplemental budgetary appropriations during the year.

The County uses the following procedures in establishing the budgetary data reflected in the financial statements:

1. On or before May 1 of each year, the Clerk, Sheriff, and Supervisor of Elections submit to the Board of County Commissioners a tentative budget for the ensuing fiscal year. The tentative budget includes proposed expenditures and funding sources.

2. Section 195.087, Florida Statutes, governs the preparation, adoption and administration of the annual budget of the Property Appraiser and Tax Collector. The proposed operating budget is presented to the Board of County Commissioners on or before June 1 of each year by the Property Appraiser and on or before August 1 of each year by the Tax Collector. Their budgets are simultaneously submitted to the State of Florida, Department of Revenue, from which the approval of the budget of the Property Appraiser and Tax Collector must emanate.

3. The tentative budget must be posted on the county's official website at least 2 days before the public hearing to consider such budget and must remain on the website for at least 45 days. Pursuant to the provisions of Section 129.01, Florida Statutes, the proposed budget as submitted contains balanced statements of estimated revenues (including unexpended fund balances to be carried forward) and proposed appropriations for each fund required to be presented by law or by sound financial practices, including the General, Special Revenue, Debt Service, and Capital Projects funds.

4. The County shall require such changes to be made as it shall deem necessary, provided the budget remains in balance and subject to the notice and public hearing requirements of Section 200.065, Florida Statutes, and the budget preparation and adoption procedures, as defined in Section 129.03, Florida Statutes.

5. Following the successful completion of the above referenced public hearings, the County advertises and subsequently conducts a second public hearing to finally adopt a millage rate and budget for each of the taxing entities under their jurisdiction. These public hearings are ordinarily held prior to October 1, of each year. If, however for some reason the County is unable to finally adopt a budget prior to October 1, state law permits the readoption by resolution of the budget of the preceding year as an interim measure. In its effort to get as much citizen input as possible, the County holds a third public hearing prior to the adoption of a tentative millage rate.

6. Pursuant to the provisions of Section 129.07, Florida Statutes, the Board of County Commissioners is prohibited from expending or contracting for the expenditure of any amount in excess of the total amount budgeted in any fund. It is, however, legally permissible at the present time for the budgets of individual departments included within a particular fund to be overexpended in total without requiring mandatory action by either the Board of County Commissioners, the Clerk of the Circuit Court and Comptroller (as Clerk to the Board of County Commissioners and finance officer), or the County Administrator (as budget officer). Transfers of appropriate amounts between funds require approval of the Board of County Commissioners.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)

Budgets and Budgetary Accounting (continued)

7. Adoption and execution of the budgets of the Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector are governed by applicable provisions of the Florida Statutes. Budgets for the Courts for each Clerk will be submitted by June 1 to be approved by the legislature. All court revenues will be collected monthly and available for use by the Clerks in the month following collection. By the 10th day of the each month, the Clerks will submit that portion of all fines, fees, service charges, and costs collected in the previous month that exceeds one twelfth of the Clerks' total budget. The remainder of the available revenues will be appropriated for the following month's court expenditures up to the budget cap authorized by the legislature. Any revenue deficits will be certified by the Florida Clerk of the Court Operations Corporation. Any unexpended appropriation for the court's budget will be paid to the State of Florida by January 25 of the following year.

8. Formal budgetary integration at the object level is used as a management control device for all governmental funds of the County for which annual budgets are adopted, including the General, Special Revenue, Debt Service, and Capital Projects funds. Proforma project length budgets are provided to the County for certain Capital Projects for informational purposes only. The level at which expenditures may not legally exceed appropriations is the fund level.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

III. CASH AND INVESTMENTS

As of September 30, 2023, the value of the County's deposits and investments, with their respective credit ratings, was as follows:

	Fair Value	Credit Rating	Duration
Deposits in qualified public depositories	$ 39,802,978	NA	NA
Restricted deposits in qualified public depositories	13,709,521	NA	NA
External investment in government pools:			
Florida State Treasury Special Purpose Investment Account (SPIA)	8,136,283	AA-f	3.24
Florida Local Government Investment Trust Day to Day Fund (FLGIT)	50,905,250	AAAm	0.10
Florida PRIME investment pool	73,540,912	AAAm	0.10
Externally managed portfolio:			
Money market	151,746	AAA	NA
U.S. treasuries	22,066,011	AA+	1.73
Government sponsored agencies:			
Federal Home Loan Bank	2,756,906	AA+	2.40
Federal National Mortgage Association	2,496,137	AA+	1.92
Other government sponsored agencies	4,449,407	AA+	1.92
Mortgage backed securities	6,646,205	AA+	2.55
Collateralized mortgage obligations	9,323	AA+	0.07
Corporate bonds	10,996,959	A-	1.09
State and local obligations	3,188,904	AA-	1.38
Asset-backed securities	2,258,146	AAA	0.98
Total cash and investments	$ 241,114,688		

* FLGIT Day to Day Fund, the Florida Prime, and Florida CLASS Investment Pool duration is calculated using the weighted average maturity method.

The County's deposits and investments excludes cash on hand and amounts held by third parties in trust for the county, but include $261,820 accrued interest as of September 30, 2023.

Credit Risk

The County Investment Policy provides a structure for the portfolio that is designed to minimize credit risk. The majority of the securities held will be those of the highest available credit quality ratings. These would include government pools, U. S. Government (AAA) securities, and commercial paper. Staff will notify the Investment Oversight Committee (IOC) at any time holdings drop below the minimum credit ratings specified in the policy.

The IOC will consider the market environment and make recommendations to hold and continue to monitor the investments or liquidate the investments. To further limit the Board's risk against possible credit losses, a maximum of 3% per issuer of the total portfolio managed by the Board's external manager may be held in corporate notes and bonds and 5% per issuer in commercial paper. The Policy also provides the following limits on the Board's external portfolio: 45% may be invested in Federal Instrumentalities, with a limit of 15% of the portfolio in any one issuer; 35% may be invested in Mortgage-Backed Securities, including CMOs with a limit of 15% in any one issuer further limited to 3% per CUSIP; 10% may be invested in Asset-Backed Securities with a 3% per issuer limit; and 8% in Commercial Mortgage-Backed Securities with a 3% per issuer limit. Credit-quality risk identified with S&P ratings, Moody or Fitch equivalents is provided in the preceding table. Deposits not exposed to credit quality risk, as defined by GASB Statement No. 40, are designated as "NA" in the credit rating column.

Section 218.415(16), Florida Statutes, stipulates the state-approved investment policy for all governmental entities and includes the following investments:

1. The Florida PRIME (formerly the Local Government Surplus Funds Trust Fund) or any authorized intergovernmental investment pool.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

III. CASH AND INVESTMENTS (continued)

2. Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

3. Interest-bearing time deposits or savings accounts in qualified public depositories.

4. Direct obligations of the U.S. Treasury.

5. Federal agencies and instrumentalities.

6. Securities of, or other interests in, any management-type investment company or trust registered under the Investment Company Act of 1940, where the investment portfolio is limited to United States Government Obligations.

7. Other investments authorized by law or by ordinance for a county or a municipality.

In addition, Section 17.61(1), Florida Statutes permits organizations created by the Florida Constitution to participate in the existing State Treasury Investment Pool "Special Purpose Investment Account (SPIA)."

The County Investment Policy limits credit risk by restricting authorized investments to the following: Florida Prime (Florida PRIME), SPIA, direct obligations of the United States or its agencies and instrumentalities, direct obligations of states and municipalities, repurchase agreements, commercial paper, bankers' acceptances, money market mutual funds, the Florida Local Government Investment Trust (FLGIT), and the Florida Municipal Investment Trust (FMIvT).

The Chief Financial Officer for the State of Florida (formerly the State Treasurer) has been investing state revenues, excess revenues of state universities and community colleges, and certain other public agencies in a commingled investment portfolio for several years. This program is authorized under Section 17.61(1),Florida Statutes and is called the Treasury Special Purpose Investment Account (SPIA). Historically, SPIA participants have received higher earnings reflecting the higher risk associated with the longer maturities and lower credit quality. The financial details and disclosures for the SPIA are made in Note 2 to the State of Florida Annual Comprehensive Financial Report (ACFR). The rating as of September 30, 2023 was AA-f. A copy of SPIA's most recent financial statements can be found at http://www.myfloridacfo.com/Division/Treasury/. Investments in this pool are limited to a maximum of 100% of the portfolio. At September 30, 2023, the County had $8,136,283 with SPIA.

The Florida Local Government Investment Trust (FLGIT) is a local government investment pool developed through the joint efforts of the Florida Court Clerks and Comptrollers (FCCC) and the Florida Association of Counties (FAC) for providing opportunities for the investment of excess public funds. FLGIT offers two investment funds to its participants, the Short Term Bond Fund and the Day to Day Fund. The Short Term Bond Fund is a longer term higher yielding fund, which is accounted for as a fluctuating Net Asset Value (NAV) pool. At September 30, 2023 the County did not have any balances in the Short Term Bond Fund. The Day to Day Fund is a highly liquid fund with underlying investments having a weighted average maturity of less than 90 days. The Day to Day Fund does meet the criteria and has adopted operating procedures consistent with the requirements for a SEC Rule 2a-7 fund. The Day to Day Fund maintained a credit rating of AAAm by Fitch as of September 30, 2023. At September 30, 2023, the County had $50,905,250 with the FLGIT Day to Day Fund. A copy of FLGIT's most recent financial statement can be found at http://www.floridatrustonline.com/funds-reports/day-to-day/. Investments with FLGIT are limited to a maximum of 40% of the portfolio.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

III. CASH AND INVESTMENTS (continued)

The County also invests in Florida PRIME administered by the Florida State Board of Administration (SBA). Florida PRIME is an external investment pool that is not a registrant with the SEC; however, the SBA has adopted operating procedures consistent with the requirements for a SEC Rule 2a-7 fund. Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code, which identifies the Rules of the SBA. These rules provide guidance and establish the general operating procedures for the administration of Florida PRIME. Additionally, the State of Florida, Office of the Auditor General performs the operational audit of the activities and investments of the SBA. On September 30, 2023, Florida PRIME was invested in fixed rate and floating rate bank instruments, repurchase agreements, fixed rate and floating rate corporate commercial paper, floating rate corporate notes, money market mutual funds, and fixed rate and floating rate asset backed commercial paper. Investments in this pool are limited to a maximum of 40% of the portfolio. Investments in Florida PRIME are not evidenced by securities that exist in physical or book entry form. The current rating for the Florida PRIME is AAAm by Standard and Poor's. The weighted average of days to maturity of the Florida PRIME at September 30, 2023 is 21 days. The fair value of the County's position in the pool approximates the value of the pool shares. At September 30, 2023, the County had $73,540,912 invested in Florida PRIME. Florida PRIME's most recent financial statements can be found at https://prime.sbafla.com/audits/.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure or the failure of the counterparty, the government's deposits may not be returned to it, or it may not be able to recover the value of its investments that are in the possession of an outside party.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Chapter 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The County's deposits are therefore considered fully insured or collateralized. Bank balances at September 30, 2023, were $56,250,120, of which $13,709,521 was restricted deposits with qualified public depositories. Due to the nature of the County's cash and investments, there is no exposure to custodial credit risk and concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of investments. The County manages interest rate risk by setting the range of duration for the County's portfolio as 0.5 years to 2.5 years. Unusual market or economic conditions may mandate moving the portfolio outside of this range. The Investment Oversight Committee will be convened and will approve any portfolio duration outside of the range specified above. The effective duration of investments is listed in the preceding table.

The externally managed portfolio totaled $55,019,744 at September 30, 2023, and was invested for a weighted average term of approximately 622 days, as compared to a weighted average term of 631 days in fiscal year 2022. In accordance with its investment policy, the County requires a minimum balance of short-term investments. To meet the day-to-day operating needs of the County and to provide the ready cash to meet unforeseen temporary cash requirements, a liquidity base of approximately at least two months of anticipated disbursements is kept in relatively short term investments. This includes investments in government pools with daily liquidity such as Florida PRIME, FLGIT Day to Day Fund, or money markets. The County was in compliance with this requirement.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

III. CASH AND INVESTMENTS (continued)

Foreign Currency Risk

The County contributes to the Florida Retirement System (FRS), the investments of which are administered by the State Board of Administration. FRS's investment policy and exposure to foreign currency risk is disclosed in Note 2 of the State of Florida Annual Comprehensive Financial Report. A copy of this report is available at https://www.myfloridacfo.com/Division/AA/Reports/.

Fair Value Measurements

In February 2015, GASB issued GASB Statement No. 72. GASB 72 applicability related to the application of fair value is limited to assets and liabilities that are currently measured at fair value and certain investments that are not currently measured at fair value.

FLGIT Day to Day Fund and Florida PRIME currently meet all of the necessary criteria to elect to measure all of the investments in FLGIT Day to Day Fund and Florida PRIME at amortized cost. Therefore, the County participant account balance is considered the fair value of the investment. FLGIT Day to Day Fund and Florida PRIME investments are exempt from the GASB 72 fair value hierarchy disclosures.

FLGIT Short Term Bond Fund reports based on the fair market values of the underlying securities. Therefore, any participant account balance is measured at net asset value per share. Investments measured at net asset value are not subject to fair value hierarchy level classification under GASB 72. The County did not have a balance with the FLGIT Short Term Bond Fund at September 30, 2023.

The fair value factor for SPIA at September 30, 2023 was 0.9711. SPIA funds are combined with State of Florida funds and are invested in a combination of short-term liquid instruments and intermediate term fixed income securities. SPIA is measured at net asset value per share. Investments measured at net asset value are not subject to fair value hierarchy level classification under GASB 72.

Fair value measurement - The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset or liability. Level 1 inputs are quoted prices in active markets for identical assets or liabilities; Level 2 inputs are significant other observable inputs of which are quoted prices on assets and liabilities in similar markets; Level 3 inputs are significant unobservable inputs.

The following table summarizes the assets and liabilities of the County for which fair values are determined on a recurring basis as of September 30, 2023:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
Asset Backed Security (Mortgage Backed) - Non US Agency Sponsored	$ 0	$ 2,258,146	$ 0	$ 2,258,146
Corporate Bonds	0	10,996,959	0	10,996,959
Government Sponsored Agencies	0	9,702,450	0	9,702,450
US Government Obligations	22,066,011	0	0	22,066,011
Mortgage Backed Security - US Agency Sponsored	0	6,646,205	0	6,646,205
State and Local Obligations	0	3,188,904	0	3,188,904
Collateralized Mortgage Obligations	0	9,323	0	9,323
Investments at fair value	$ 22,066,011	$ 32,801,987	$ 0	$ 54,867,998

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

IV. PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all county, municipal, special taxing districts, and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of Florida regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit counties to levy property taxes at a rate of up to 10 mills. The tax levy of Leon County is established by the County prior to October 1 of each year. The millage rate collected by the County during the current fiscal year was 8.3144 mills. County citizens were also assessed for Emergency Medical Services (EMS) and primary health care services through Municipal Services Taxing Units at a millage rate of 0.5000 mills. For County citizens charged a special assessment, the required annual payment is also included on their tax bill.

All property is reassessed according to its fair market value as of January 1st of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

All taxes are due and payable on November 1st of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount. No accrual for the property tax levy becoming due in November 2023 is included in the accompanying financial statements, since such taxes are collected to finance expenditures of the subsequent period.

On or prior to June 1, following the tax year, tax certificates are sold for all delinquent taxes on real property in accordance with the laws of Florida. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the seven-year statute of limitations. Since tax certificates were sold for substantially all current year delinquent property taxes, there were no material property taxes receivable at September 30, 2023.

Leon County, Florida

VI. LEASES

Effective October 1, 2021 the County adopted GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lessee

The County through the Leon County Tax Collector's office has entered into two leases as lessee for the use of office space. One lease has been extended through June 30, 2033 and the second lease has been extended through December 31, 2027 and contains provisions for one five year renewal option, with a stated increase. It is anticipated that the lease will be renewed for an additional five years at that time. An initial lease liability was recorded in the amount of $7,932,450. As of September 30, 2023, the value of the lease liability is $6,669,990. The Tax Collector is required to make monthly payments ranging from $14,950 to $46,618 through the terms of the leases. The leases have interest rates of 1.4800%. The value of the right to use asset as of September 30, 2023 of $6,567,910, net of accumulated amortization of $1,364,540 is included with Leased buildings on the lease class activities table found in Note V.

The County through the Leon County Board of County Commissioners has entered into one lease as lessee for the use of equipment. The term of the lease extends through July 31, 2025. An initial lease liability was recorded in the amount of $769,104. As of September 30, 2023, the value of the lease liability is $157,386. The County is required to make annual payments of $160,029 through the term of the lease. The lease has an interest rate of 2.00%. The value of the right to use asset as of September 30, 2023 of $282,005, net of accumulated amortization of $487,099 is included with Leased equipment on the lease class activities table found in Note V.

The County through the Leon County Supervisor of Elections' office, has entered into eight leases as lessee for the use of various pieces of office equipment. The terms of the leases range from 24 to 60 months beginning on the contract commencement date. An initial lease liability was recorded in the amount of $572,937. As of September 30, 2023, the value of the lease liability is $373,761. The County is required to make monthly and quarterly payments ranging from $566 to $9,368 through the term of the lease. The leases have interest rate between 2.000% and 3.810%. The value of the right to use asset as of September 30, 2023 of $356,862, net of accumulated amortization of $216,075 is included with Leased equipment on the lease class activities table found in Note V.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

VI. LEASES (continued)

Lessee (continued)

The County through the Leon County Tax Collector's office, has entered into one lease as lessee for the use of office equipment. The terms are 36 months beginning on the contract commencement date. An initial lease liability was recorded in the amount of $25,613. As of September 30, 2023, the value of the lease liability is $2,888. The County is required to make monthly payments of $964 through the term of the lease. The lease has an interest rate of 1.4800%. The value of the right to use asset as of September 30, 2023 of $2,845, net of accumulated amortization of $22,768 is included with Leased equipment on the lease class activities table found in Note V.

The County through the Leon County Sheriff's office, has entered into seven leases as a lessee for the use of office equipment. The terms of the leases range from 36 to 60 months beginning on the contract commencement date. An initial lease liability was recorded in the amount of $163,232. As of September 30, 2023, the value of the lease liability is $67,411. The County is required to make monthly payments ranging from $66 to $1,476, and annual payments ranging from $9,366 to $18,732 through the terms of the leases. The leases have interest rate ranging from 0.5300% and 0.9800%. The value of the right to use assets as of September 30, 2023 of $74,732, with accumulated amortization of $88,502 and is included with Leased equipment on the lease class activities table found in Note V.

The County through the Leon County Sheriff's office, has entered into six leases as lessee for the use of law enforcement equipment. The terms of the leases range from 31 to 64 months beginning on the contract commencement date. An initial lease liability was recorded in the amount of $11,483,111. As of September 30, 2023, the value of the lease liability is $7,121,612. The County is required to make monthly payments of $39,339 and annual payments ranging from $16,724 to $1,761,766 through the terms of the leases. The leases have an interest rate of between 2.4400% and 5.0000%. The value of the right to use asset as of September 30, 2023 of $7,695,387, with accumulated amortization of $3,898,724 and is included with Leased equipment on the lease class activities table found in Note V.

The County through the Leon County Sheriff's office, has entered into three leases as lessee for the use of office and training space. The terms of the leases range from 36 to 70 months beginning on the contract commencement date. An initial lease liability was recorded in the amount of $406,830. As of September 30, 2023, the value of the lease liability is $299,394. The County is required to make monthly payments ranging from $945 to $6,800 or annual payments of $42,000 through the term of the lease. The leases have interest rate of 5.0000%. The value of the right to use asset as of September 30, 2023 of $298,003 net of accumulated amortization of $108,827 is included with Leased other on the lease class activities table found in Note V.

The County through the Leon County Clerk of Courts and Comptroller's office, has entered into one lease as lessor for the use of office equipment. The terms of the lease extend through September 30, 2025. An initial lease liability was recorded in the amount of $37,241. As of September 30, 2023, the value of the lease liability is $25,332. The County is required to make monthly payments of $1,098 through the term of the lease. The lease has an interest rate of 4.1200%. The value of the right to use asset as of September 30, 2023 of $24,827, net of accumulated amortization of $12,414 and is included with Leased equipment on the lease class activities table found in Note V.

Total future minimum lease payments under lease agreements are as follows:

	Governmental Activities		
September 30	Principal	Interest	Total
2024	$ 3,883,822	$ 342,942	$ 4,226,764

VI. LEASES (continued)

Leases Receivable

In October 2009, the County through the Leon County Board of County Commissioners purchased the Lake Jackson Huntington Oaks Property. There are several noncancellable lease agreements for the rental of its building. The lease agreements provide for monthly rentals, which escalate over the lease terms and expire on various dates. During the fiscal year, the County had a total of 10 active leases as lessor for the use of commercial building space with remaining terms ranging from 6 to 75 months. As of September 30, 2023, the value of the lease receivable is $1,109,728. The lessees are required to make monthly fixed payments ranging from $716 to $6,276. The leases have an interest rate of 2.00%. The value of the deferred inflow of resources as of September 30, 2023 was $1,084,065, and the County recognized lease revenue of $296,172 during the fiscal year. The lessees have 1 or 2 extension option(s), for a range of 12 to 60 months each.

Total future minimum lease payments under lease agreements are as follows:

	Governmental Activities		
Fiscal Year	Principal	Interest	Total
2024	$ 259,787	$ 19,287	$ 279,074
2025	253,939	14,244	268,183
2026	192,261	9,779	202,040
2027	163,688	6,222	169,910
2028	132,815	3,225	136,040
2029-2033	107,238	1,261	108,499
Total	$ 1,109,728	$ 54,018	$ 1,163,746

In June 2003, the County through the Leon County Board of County Commissioners purchased the Bank of America building. There are several noncancellable lease agreements for the rental of its building. The lease agreements provide for monthly rentals, which escalate over the lease terms and expire on various dates. During the fiscal year, the Board had a total of 7 active leases as lessor for the use of office space with remaining terms at year end ranging from 6 to 150 months. As of September 30, 2023, the value of the lease receivable is $4,992,409. The lessees are required to make monthly fixed payments ranging from $5,960 to $27,446. The lease has an interest rate of 2.00%. The value of the deferred inflow of resources as of September 30, 2023 was $4,752,139, and the Board recognized lease revenue of $887,129 during the fiscal year. The lessees have 1 or 2 extension option(s), for a range of 14 to 60 months each.

Total future minimum lease payments under lease agreements are as follows:

	Governmental Activities		
Fiscal Year	Principal	Interest	Total
2024	$ 1,150,081	$ 88,193	$ 1,238,274
2025	1,041,175	65,421	1,106,596
2026	770,953	47,691	818,644
2027	441,880	35,403	477,283
2028	319,560	28,332	347,892
2029-2033	934,846	72,030	1,006,876
2034-2038	333,914	8,696	342,610
Total	$ 4,992,409	$ 345,766	$ 5,338,175

Leon County, Florida

VII. SUBSCRIPTION LIABILITIES

For the year ended September 30, 2023, the financial statements include the adoption of GASB Statement No. 96, Subscription Based Information Technology Arrangements (SBITAs). The primary objective of this statement is to enhance the relevance and consistency of information about governments' information technology (IT) subscription activities. This statement establishes a single model for IT Subscription accounting based on the principle that SBITAs are financings of the right to use an underlying asset. Under this Statement, a government is required to recognize a subscription liability and an intangible right-to-use subscription asset.

The County through the Leon County Board of County Commissioners has entered into five IT Arrangements for the right to use another party's (a SBITA vendor's) information technology (IT) software. The terms of the arrangements extend through various times ranging between October 2024 and January 2028 beginning on the contract commencement date. An initial lease liability was recorded in the amount of $976,535. As of September 30, 2023, the value of the subscription liability is $691,645. The County is required to make annual payments ranging from $9,500 to $207,535 through the term of the lease. The leases have interest rates ranging from 3.480% to 4.120%. The value of the right to use asset as of September 30, 2023 of $675,053 with accumulated amortization of $301,482 and is included with the SBITA activities table found below.

The County through the Leon County Supervisor of Elections has entered into four IT Arrangements for the right to use another party's (a SBITA vendor's) information technology (IT) software. The terms of the arrangements extend through various times ranging between September 2025 and April 2035 beginning on the contract commencement date. An initial lease liability was recorded in the amount of $1,406,831. As of September 30, 2023, the value of the subscription liability is $1,287,598. The County is required to make annual payments ranging from $10,100 to $137.388 through the term of the lease. The leases have interest rates ranging from 3.670% to 4.120%. The value of the right to use asset as of September 30, 2023 of $1,255,988 with accumulated amortization of $150,843 and is included with the SBITA activities table found below.

The County through the Leon County Clerk of Court and Comptroller has entered into two IT Arrangements for the right to use another party's (a SBITA vendor's) information technology (IT) software. The terms of the arrangements extend through July 2024 beginning on the contract commencement date. An initial lease liability was recorded in the amount of $65,943. As of 09/30/2023, the value of the subscription liability is $0. The County is required to make annual payments ranging from $26,737 to $40,018 through the term of the lease. The leases have interest rates ranging from 4.120% to 4.930%. The value of the right to use asset as of 09/30/2023 of $39,695 with accumulated amortization of $26,248 and is included with the SBITA activities table found below.

Total future minimum lease payments under lease agreements are as follows:

	Governmental Activities		
Fiscal Year	Principal	Interest	Total
2024	$ 430,749	$ 60,801	$ 491,550
2025	449,203	43,335	492,538
2026	146,912	36,847	183,759
2027	154,767	31,336	186,103
2028	94,482	27,514	121,996
2029-2033	568,236	79,335	647,571
2034-2038	134,894	2,494	137,388

Total Primary Government	$ 9,352,293	$ 9,352,293

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

VIII. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (continued)

The General, Fine & Forfeiture, and Grant Funds have amounts due to and from Constitutional Officers, which represent the return of excess balances due at the end of the fiscal year, from either budget officers or fee officers. All remaining balances resulted from the time lag between the dates that (a) interfund goods and services are provided or reimbursable expenditures occur, (b) transactions are recorded in the accounting system, and (c) payments between funds are made.

Interfund Transfers represent the movement of cash for operations in funds and constitutional officers. Transfers to or from other funds are based on budgetary requirements as determined by the Office of Managment and Budget. These transfers are primarily established during initial budget adoption. However, transfers may also be established through Supplemental Budget Amendments as necessary throughout the fiscal year. At year end, the balances for the year ended September 30, 2023, consisted of the following:

Transfers to the General Fund from:	
Fine & Forfeiture Fund	$ 95,231,953

IX. LONG-TERM OBLIGATIONS

A. Long-term Obligations

The County has no general long-term obligations debt. The County's special revenue long-term obligations, excluding accrued compensated absences, at September 30, 2023, are comprised of the following:

Revenue Bonds:	Outstanding at September 30, 2023
$15,991,000 Capital Improvement Revenue Refunding Bonds, Series 2017, (i) refund a portion of the Capital Improvement Revenue Bonds, Series 2014 of which $15,951,000 was outstanding and maturing in the years 2021 through 2025, and (ii) pay issuance costs on the Series 2017 bonds. The economic gain resulting from the refunding was $489,076. The bonds dated June 22, 2017 and bear interest of 2.11% per annum. The interest on the bonds is payable on April 1 and October 1, beginning October 1, 2017. The bond principal matures serially on October 1 of each year through the final maturity of October 1, 2025.	$ 6,339,000
$1,298,120 Capital Improvement Revenue Note, Series 2020, is dated January 30, 2020 and bear interest of 1.89% per annum. The interest on the bonds is payable on June 1 and December 1, beginning June 1, 2020. The bond principal matures serially on December 1 of each year through the final maturity of December 1, 2025.	574,116
$5,400,000 Capital Improvement Revenue note, Series 2021, is dated January 28, 2021 and bear interest of 1.85% per annum. The interest on the bonds is payable on December 1 and June 1, beginning December 1, 2021. The bond principal matures serially on December 1 of each year through the final maturity of December 1, 2036.	4,805,000
$3,400,000 Capital Improvement Revenue note, Series 2021B, is dated November 16, 2021 and bear interest of 1.29% per annum. The interest on the bonds is payable on December 1, beginning December 1, 2022. The bond principal matures serially on December 1 of each year through the final maturity of December 1, 2028.	2,935,000
The Capital Improvement Revenue Refunding Bonds Series 2017, the Capital Improvement Revenue Bonds Series 2020, Capital Improvement Revenue Refunding Bonds Series 2021, and the Capital Improvement Revenue Note Series 2021B are parity bonds payable from and secured by a lien upon certain non-ad valorem revenue. The pledged revenues include the Local Government Half-Cent Sales Tax, Guaranteed Entitlement, Second Guaranteed Entitlement, and additional State Revenue Sharing Funds (less the Guaranteed Entitlement and the Second Guaranteed Entitlement).See schedule of pledged revenue at note IX. I. ,Debt Parity.	
Total Special Revenue Bond Obligation	$ 14,653,116

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

IX. LONG-TERM OBLIGATIONS (continued)

B. Schedule of Debt Service Requirements

A Schedule of Debt Service Requirements, including principal and interest, is as follows:

	Special Revenue Bonds		
Year Ending September 30,	Principal	Interest	Total
2024	$ 4,190,149	$ 269,003	$ 4,459,152
2025	4,271,858	185,848	4,457,706
2026	901,109	102,804	1,003,913
2027	840,000	89,493	929,493
2028	855,000	76,697	931,697
2029-2033	2,780,000	246,553	3,026,553
2034-2038	815,000	22,661	837,661
Total	$ 14,653,116	$ 993,059	$ 15,646,175

C. Changes in the Long-term Debt

A summary of changes in the long-term debt of the County is as follows:

	Balance October 1, 2022 as restated	Reductions	Additions	Balance September 30, 2023	Due Within One Year
Governmental Activities:					
Special Revenue Debt:					
Capital Improvement Revenue Refunding Bonds, Series 2017	$ 9,412,000	$ (3,073,000)	$ 0	$ 6,339,000	$ 3,136,000
Capital Improvement Refunding Revenue Bonds, Series 2020	818,643	(244,527)	0	574,116	249,149
Capital Improvement Revenue Bonds, Series 2021	5,130,000	(325,000)	0	4,805,000	330,000
Capital Improvement Revenue Bonds, Series 2021B	3,400,000	(465,000)	0	2,935,000	475,000
Unamortized Premium on Bonds Payable	142,172	(47,390)	0	94,782	0
Total Special Revenue Debt	18,902,815	(4,154,917)	0	14,747,898	4,190,149
Liability for compensated absences	17,544,637	(9,632,492)	10,029,386	17,941,531	6,302,487
Net Pension Liability	165,476,515	(19,281,057)	41,135,617	187,331,075	0
Other postemployment benefits liability	33,717,513	(6,475,522)	4,104,405	31,346,396	4,023,896
Arbitrage rebate liability	25,000	0	0	25,000	0
Lease liability	12,496,457	(3,445,293)	5,666,610	14,717,774	3,883,821
Subscription liability	2,185,092	(470,066)	264,217	1,979,243	430,749
Financed purchase liability - ESCO	15,580,486	(990,486)	0	14,590,000	1,010,000
Governmental Activity Long-term Debt	$265,928,515	$ (44,449,833)	$ 61,200,235	$282,678,917	$ 19,841,102

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

IX. LONG-TERM OBLIGATIONS (continued)

C. Changes in the Long-term Debt (continued)

	Balance October 1, 2022	Reductions	Additions	Balance September 30, 2023	Due Within One Year
Business-type activities:					
Liabilities for compensated absences	$ 197,249	$ (130,526)	$ 149,653	$ 216,376	$ 85,679
Other postemployment benefits liability	231,230	0	0	231,230	0
Landfill closure and postclosure costs	17,953,067	0	4,123,151	22,076,218	0
Business-type activity Long-term liabilities	$ 18,381,546	$ (130,526)	$ 4,272,804	$ 22,523,824	$ 85,679

The governmental activities, other postemployment benefits liability and the liability for the compensated absences is usually liquidated by the General Fund. The compensated absences liability attributable to governmental activities will be liquidated within the fund that the individual employees are paid in. Currently, the County pays approximately 73 percent of its salaries in the General Fund with the remainder being paid in the special revenue and proprietary funds.

D. Financed purchase liability - ESCO

The County has an agreement with US Bank to finance the funding of an energy savings project. The project completed by the Energy Systems Group LLC included the installation of energy, water, and wastewater efficiency and conservation measures and related upgrades at County facilities. Terms of the agreement include bi-annual payments on June 1 and December 1. The agreement expires December 1, 2035. As of September 30, 2023 future lease payments totaling $16,322,561 consists of principal of $14,590,000 and interest of $1,732,561.

The future financed purchase liability and the net present value of the minimum payments relating to the energy savings project as of September 30, 2023, were as follows:

	ESCO - Master Tax-Exempt Lease, Series 2020		
	Principal	Interest	Debt Service
9/30/2024	$ 1,010,000	$ 248,037	$ 1,258,037
9/30/2025	1,025,000	230,119	1,255,119
9/30/2026	1,045,000	211,892	1,256,892
9/30/2027	1,065,000	193,314	1,258,314
9/30/2028	1,080,000	174,427	1,254,427
9/30/2029	1,100,000	155,232	1,255,232
9/30/2030	1,120,000	135,685	1,255,685
9/30/2031	1,140,000	115,786	1,255,786
9/30/2032	1,160,000	95,534	1,255,534
9/30/2033	1,180,000	74,931	1,254,931
9/30/2034	1,200,000	53,975	1,253,975
9/30/2035	1,220,000	32,667	1,252,667
9/30/2036	1,245,000	10,962	1,255,962
Totals	$ 14,590,000	$ 1,732,561	$ 16,322,561

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

IX. LONG-TERM OBLIGATIONS (continued)

E. Purchase Cards

The County currently utilizes purchasing cards with a cumulative credit limit of $1,000,000. The balance on the purchasing cards is paid within ten days of each billing cycle.

F. Special Assessment Debt

The County has no special assessment debt.

G. Demand Bonds

The County has no demand bonds.

H. Conduit Debt Obligations

From time to time, the County has issued Industrial Development Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of health care and industrial facilities deemed to be in the public interest. These bonds are secured by the property financed and are payable solely from the payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. The County only has a limited commitment to maintain a tax-exempt status. The County has no voluntary commitments or additional commitments regarding these bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2023, the unaudited conduit debts outstanding were as follows:

Project Description	Fiscal Year Issued	Original Bond Issue	Principal Outstanding @ 09/30/2023
Leon County, Florida			
Holy Comforter Episcopal School	2023	$ 5,379,428	$ 5,208,546
Housing Finance Authority	2020	11,760,000	11,211,627
	2021	18,900,000	12,841,153
	2022	82,960,000	78,933,353
	2023	51,000,000	6,107,001
Total Conduit Debt Principal Balance as of September 30, 2023			$114,301,680

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

IX. LONG-TERM OBLIGATIONS (continued)

I. Debt Parity

The Capital Improvement Revenue Refunding Bonds Series 2017, the Capital Improvement Revenue Refunding Bonds Series 2020, the Capital Improvement Revenue Refunding Bonds Series 2021 and the Capital Improvement Revenue Note Series 2021B represent junior lien parity bonds payable from and secured by a lien upon certain non-ad valorem revenue. The pledged revenues include the Local Government Half-Cent Sales tax, guaranteed entitlement, second guaranteed entitlement, and 50% of the additional state revenue funds received in the prior fiscal year.

	Actual 2020	Actual 2021	Actual 2022	Actual 2023
Pledged revenues:				
Revenues available for debt service:				
Local Government Half Cent Tax	$ 12,429,991	$ 13,980,522	$ 15,415,389	$ 15,740,767
Guaranteed entitlement	316,798	316,798	316,798	316,798
Second guaranteed entitlement	1,026,649	1,026,649	1,026,649	1,026,649
Additional state revenue sharing funds	1,661,306	1,449,335	1,938,954	2,735,722
Total revenues available for debt service	$ 15,434,744	$ 16,773,304	$ 18,697,790	$ 19,819,936

X. CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the County to place a final cover on each of its landfill cells when it stops accepting waste and to perform certain maintenance and monitoring functions on each cell for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The $22,076,218 reported as landfill closure and post-closure care liability at September 30, 2023, represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the landfill cells placed in use. These amounts are based on what it would cost to perform closure and post-closure care in 2023 on those cells placed in use. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The landfill is no longer accepting waste.

The County is required by state and federal laws to make annual contributions to an escrow account to finance a minimum of all closure costs and at least one year of post-closure costs. The County is in compliance with those minimum requirements and at September 30, 2023, held cash and investments in the amount of $14,605,274 for these purposes that are reported as restricted assets on the balance sheet. The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional post-closure care requirements are determined; these costs may need to be covered by charges to future landfill users or from future tax revenue.

Leon County, Florida

XI. EMPLOYEE BENEFITS

A. Florida Retirement System

Plan Description - The County participates in the Florida Retirement System (FRS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of Florida, Department of Management Services, Division of Retirement. The FRS provides retirement, disability or death benefits to retirees or their designated beneficiaries along with an annual cost-of-living adjustment. Employees are classified in either the regular service class, the special risk class, or the senior management service class. Currently, the active participants in the pension plan for Leon County are 1,559 out of a total of 441,816 active FRS participants.

The Florida Legislature created the Florida Retirement Investment Plan (the "Investment Plan"), a defined contribution plan qualified under Section 401 (a) of the Internal Revenue Code. The Investment Plan is administered by the State Board of Administration and is an alternative available to members of the Florida Retirement System in lieu of participation in the defined benefit retirement plan ("the Pension Plan"). If the Investment Plan is elected, active membership in the Pension Plan is terminated. Eligible members of the Investment Plan are vested at one year of service and receive a contribution in an investment product with a third party administrator selected by the State Board of Administration.

Chapter 121, Florida Statutes, establishes the authority for benefit provisions and contribution requirements. Changes to the law can only occur through an act of the Florida Legislature. There are uniform contribution rates as discussed on the following page that cover both the defined benefit and defined contribution plans. Information for the required employer contributions made to the Investment Plan were unavailable from FRS.

Additional Financial and Actuarial Information - Additional audited financial information supporting the Schedules of Employer Allocations and the Schedule of Pension Amounts by Employer is located in the Florida Annual Comprehensive Financial Report (ACFR) and in the Florida Retirement System Pension Plan, and Other State-Administered Systems ACFR.

See http://www.myfloridacfo.com/Division/AA/Reports/default.htm for an available copy of the Florida ACFR online.

The FRS ACFR and actuarial valuation reports as of July 1, 2023 are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications/annual_reports.

Reports may also be obtained by contacting the Division of Retirement at:

Department of Management Services
Division of Retirement
P.O. Box 9000
Tallahassee, Florida 32399-9000
850-907-6500 or toll free at 844-377-1888

Funding Policy - Prior to July 1, 2011, the FRS was employee noncontributory. Beginning July 1, 2011, employees who are not participating in the Deferred Retirement Option Plan (DROP) are required to contribute 3% of their salary to the FRS. The County is required to contribute at an actuarially-determined rate.

The FRS relies upon contributions from employees and employers, along with investment income, to meet the funding requirements of an actuarially determined accrued liability. As of July 1, 2023, the date of the latest valuation, the FRS' funded ratio was 81.4% on the valuation funding basis and 82.4% on a Fair Market Value of Assets basis.

The County also participates in the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing, multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes. The benefit is a monthly cash payment to assist retirees of state-administered retirement systems in paying their health insurance costs.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

A. Florida Retirement System (continued)

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program ("DROP"). This program allows eligible employees to defer receipt of monthly retirement benefit payments while continuing employment with a Florida Retirement

System employer for a period not to exceed 60 months after electing to participate. DROP benefits are held in the FRS Trust Fund and accrue interest.

The HIS Program is funded by required contributions from FRS participating employers as set by the State Legislature. Employer contributions are a percentage of gross compensation for all active FRS employees and are reported by employers with monthly payroll reports and included with the amount submitted for retirement contributions. For the fiscal year ended September 30, 2023, the contribution rate was 2.0% of payroll pursuant to Section 112.363, Florida Statutes.

The amounts contributed for the years ended September 30, 2023, 2022, and 2021 were $19,281,057, $17,333,516, and $15,846,687, respectively, which is equal to 100% of the required contribution for each year.

The membership categories and contribution rates for 2023 and 2022 were as follows:

			Employer Contribution Rate	
Membership Category	Benefit	Vesting	July 1, 2022	July 1, 2023
Regular Class	For employees in the FRS as of June 30, 2011, normal retirement at age 62 or at least 30 years of service: 1.60% times average compensation (five highest years) times years of creditable service.	After six years creditable service.	11.91 %	13.57 %
	For employees joining the FRS on or after July 1, 2011, normal retirement at age 65, or at least 33 years of service: 1.6% times average compensation (eight highest years) times years of creditable service.	After eight years creditable service.		
Senior Management Class	For employees in the FRS as of June 30, 2011, normal retirement at seven years and age 62: 2.00% times average compensation (five highest years) times years of creditable service.	After six years creditable service.	31.57 %	34.52 %
Special Risk (sworn employees)	For employees in the FRS as of June 30, 2011, normal retirement at age 55, or 25 years of special risk service: 2% to 3% times average compensation (five highest years) times years of creditable service.	After six years of creditable service.	27.83 %	32.67 %
Elected County Officers' Class (ESCOC)-Nonjudicial	For employees in the FRS as of June 30, 2011, normal retirement at eight years ESCOC service and age 62: 3.00% times average compensation (five highest years) times years of creditable service.	After six years of creditable service.	57.00 %	58.68 %
	For employees joining the FRS on or after July 1, 2011, normal retirement at age 65, or at least 33 years of service: 3.00% times average compensation (eight highest years) times years of creditable service.	After eight years creditable service.		
Deferred Retirement Option Program (Drop)	For employees in DROP as of June 30, 2011, retirement benefit paid to DROP where it earns 6.5% interest, tax deferred, for up to five years while the member continues to work.	Available to vested members at normal retirement age or date.	18.60 %	21.13 %
	For employees entered in DROP on or after July 1, 2011, retirement benefit paid to DROP where it earns 1.3% interest, tax deferred, for up to five years while the member continues to work.			

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

A. Florida Retirement System (continued)

Net Pension Liability - At September 30, 2023, the County reported for its share proportionate of the FRS and HIS plans the amount for the net pension liability as shown below:

	Leon County		
	FRS	HIS	Total
Total Pension Liability	$ 825,436,806	$ 43,726,858	$ 869,163,664
Fiduciary Net Position	680,032,591	1,799,998	681,832,589
Net Pension Liability	$ 145,404,215	$ 41,926,860	$ 187,331,075

The net pension liability for each plan was determined by the plans' actuary and reported in the plans' valuations dated July 1, 2023 for the net pension liability as of June 30, 2023. "Plan fiduciary net position" represents cash and investment assets held to pay pension liabilities as they mature. "Net pension liability" represents the equity in the applicable pension plan. "Plan fiduciary net position" represents the portion of the total pension liability that is funded by cash and investments. Detailed information regarding the FRS Pension Plan and HIS Program fiduciary net position is available in the separately issued FRS *Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report*. To obtain this report, see contact information on page 61.

At September 30, 2023, the County reported for its proportionate share of the employer portion for the FRS and HIS net pension liability the percentages below:

	FRS	HIS
June 30, 2023	.364907814%	.264000877%
June 30, 2022	.367963030%	.269692073%
Increase (decrease) in Share for 2023	(.003055216)%	(.005691196)%

The County's proportionate share of the net pension liability was based on the County's 2022-2023 fiscal year contributions relative to the 2021-2022 fiscal year contributions of all participating members of FRS.

Actuarial Methods and Assumptions - Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 6.70%. The plans fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.65% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables.

The following changes in actuarial assumptions occurred in 2023:

- FRS: The long-term expected rate of return remained at 6.7%.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

A. Florida Retirement System (continued)

- HIS: The municipal rate used to determine total pension liability was increased from 3.54% to 3.65%.

- The demographic assumptions for the Special Risk class were updated to reflect plan changes due to HB5007, HB689, and SB838. Specifically, HB5007 resulted in the development of separate rates of DROP Entry for law enforcement officers, and an assumed 60-month average duration of DROP participation for law enforcement officers who enter DROP in the future. HB689 and SB 838 resulted in updated line-of-duty disability rates and an increase in the portion of all future active member deaths assumed to be in the line of duty from 25% to 30% for all Special Risk class members.

- The election assumption for vested terminated members was updated from 20% to 50% to reflect recent experience.

Valuation date	July 1, 2022	July 1, 2023

Actuarial cost method	Individual Entry Age	Individual Entry Age

Investments - The long-term expected rate of return assumption of 6.70 percent consists of two building block components: 1) a real (in excess of inflation) return of 4.48 percent, consistent with the capital market outlook model developed by the FRS consulting actuary, Milliman; and 2) a long-term average annual inflation assumption of 2.40 percent as adopted in October 2023 by the FRS Actuarial Assumption Conference. In the opinion of the FRS consulting actuary, Milliman, both components and the overall 6.70 percent return assumption were determined to be reasonable and appropriate per the Actuarial Standards of Practice. The 6.70 percent reported investment return assumption is the same as the investment return assumption chosen by the 2023 FRS Actuarial Assumption Conference for funding policy purposes, as allowable under governmental accounting and reporting standards.

For reference, the table below contains a summary of Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Sensitivity Analysis - the following tables present the sensitivity of the net pension liability to changes in the discount rate of 6.70%. The sensitivity analysis shows the impact to the County's net pension liability if the discount rate shows as 1.00% higher or 1.00% lower than the current discounted rate at June 30, 2023 .

FRS Net Pension Liability		
1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
$ 248,380,007	$ 145,404,215	$ 59,252,644

HIS Net Pension Liability		
1% Decrease 2.65%	Current Discount Rate 3.65%	1% Increase 4.65%
$ 47,832,004	$ 41,926,860	$ 37,031,893

Pension Expense and Deferred Outflows/(Inflows) of Resources - In accordance with GASB 68, paragraphs 54 and 71, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.

- Changes of assumptions or other inputs which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.

- Changes in proportion and differences between contributions and proportionate share of contributions which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

A. Florida Retirement System (continued)

- Differences between expected and actual earnings on pension plan investments are amortized over five years.

Employer contributions to the pension plans from employers are not included in collective pension expense; however, employee contributions are used to reduce pension expense.

For the fiscal year ended September 30, 2023 the total pension expense and deferred inflows and outflows related to the FRS and HIS plans were as follows:

	FRS	HIS	Total
Pension Expense (Income)	$ 27,876,100	$ 15,413,946	$ 43,290,046
Deferred Outflows of Resources	36,065,269	2,691,916	38,757,185
Deferred Inflows of Resources	$ (7,059,363)	$ (5,264,464)	$ (12,323,827)

For the fiscal year ended September 30, 2023, the County recognized pension expense of $27,876,100 for the FRS plan. In addition the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources for the FRS Plan	Deferred Inflows of Resources for the FRS Plan
Differences between expected and actual experience	$ 13,652,201	$ 0
Change of assumptions	9,478,653	0
Net difference between projected and actual earnings on FRS Plan investments	6,072,474	0
Changes in proportion and differences between County FRS Plan contributions and proportionate share of contributions	1,491,390	(7,059,363)
County FRS Plan contributions subsequent to the measurement date	5,370,551	0
Total	$ 36,065,269	$ (7,059,363)

The deferred outflows of resources related to the Pension Plan, totaling $5,370,551 and resulting from County contributions to the Plan subsequent to the measurement date, will be recognized as a reduction to net pension liability in the fiscal year ended September 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Reporting Period Ending June 30	FRS Net Deferred Outflows/(Inflows)
2024	$ 2,002,358
2025	(3,553,950)
2026	22,623,842
2027	1,962,725
2028	600,380
Thereafter	0
Totals	$ 23,635,355

For the fiscal year ended September 30, 2023, the County recognized pension expense of $15,413,946 for the HIS plan. In addition the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Leon County, Florida
Notes to the Financial Statements

XI. EMPLOYEE BENEFITS (continued)

A. Florida Retirement System (continued)

Description	Deferred Outflows of Resources for the HIS Plan	Deferred Inflows of Resources for the HIS Plan
Differences between expected and actual experience	$ 613,780	$ (98,409)
Change of assumptions	1,102,244	(3,633,104)
Net difference between projected and actual earnings on HIS Plan investments	21,652	0
Changes in proportion and differences between County HIS Plan contributions and proportionate share of contributions	389,084	(1,532,951)
County HIS Plan contributions subsequent to the measurement date	565,156	0
Total	$ 2,691,916	$ (5,264,464)

The deferred outflows of resources related to the HIS Plan, totaling $565,156 resulting from County contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2024. Other amounts reported by the County as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Reporting Period Ending June 30	FRS Net Deferred Inflows
2024	$ 582,514
2025	463,450
2026	638,490
2027	894,460
2028	499,696
Thereafter	59,094
Totals	$ 3,137,704

B. Deferred Compensation Plan

The County offers their employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The County complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Deferred compensation amounts withheld from participating employees' pay are not taxable as current income until withdrawn from the plan. Annual contributions by a participant may not exceed the lesser of $19,500 or 50% of gross annual compensation. There is an “age 50 catch-up” provision that allows an additional $6,500 contribution from the year the employee reaches age 50 until the employee terminates employment.

C. Liability for Compensated Absences

The County accrues a liability for employees’ rights to receive compensation for future absences when certain conditions are met. Except for the Clerk, the County does not, nor is it legally required to, accumulate expendable available financial resources to liquidate this obligation. Accordingly, the liability for the compensated absences is not reported in the governmental funds. However, the current and long-term portion of the liability for compensated absences is reported at the entity-wide financial statement level. The liability associated with compensated absences is reported on the fund level in the internal service fund for the Clerk only.

D. Executive Service Plan

Executive service and senior management employees of Leon County are entitled to severance pay if terminated from employment. If there is a contract or an employment agreement, they are entitled to up to twenty weeks of severance pay. If there is no contract, severance pay is limited to six weeks.

Leon County, Florida

XI. EMPLOYEE BENEFITS (continued)

E. Post Employment Benefits Other Than Pension Benefits

Plan Description

The County participates and administers an agent multiple-employer plan under which qualified retired employees are permitted to participate in the health and life insurance benefits program (the Program) at the same rate as active participants. In medical insurance plans where a government's retirees and current employees are insured together as a group, the premiums paid by the retirees may be lower than they would have been if the retirees were insured separately. This is called an implicit rate subsidy. A stand alone financial report is not issued for the Program.

OPEB Plan membership at October 1, 2023 was as follows:

Membership Status as of October 1, 2023	Life	Medical
Active plan members	1,513	1,513
Retirees and DROP participants	422	206
Total	1,935	1,719

Benefits- Retirees continue active employee life insurance benefits, with coverage amount equaling 2 x final salary for Senior Management and 1 x final salary for all other retirees. Once a retiree reaches the age of 65, the coverage reduces to 65% of the original amount. Coverage is provided at a monthly rate of $0.59 per $1,000 benefit except for Sheriff. Sheriff coverage is provided at a monthly rate of $0.47 per $1,000 benefit. Retirees continue active employee medical insurance benefits. Coverage ends upon death of the retiree or if the retiree cancels retiree medical insurance coverage. Retirees who cancel coverage may not re-enroll in health insurance. There are no surviving spouse benefits.

Effective October 1, 2019, future retirees may be eligible for a subsidy to help offset the cost of the retiree medical insurance premiums. The contribution is available for the retiree only and paid only while the retiree is under the age of 65 and not Medicare eligible. Eligible retirees will receive $5 per month for each year of service; up to a maximum of 30 years ($150 per month). The $5 per month subsidy does not increase with health care cost trend.

Eligibility- Participants are eligible for postretirement life insurance upon attaining eligibility for retirement benefits under FRS. Therefore participants are eligible to leave County service with life insurance benefits after 6 years of service; 10 years of service if hired on or after July 1, 2013. Participants are eligible for postretirement medical insurance upon attaining eligibility for retirement benefits under FRS. Therefore participants are eligible to leave County service with life insurance benefits after 10 years of service.

Funding Policy

Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions. The County has the authority to establish and amend the OPEB funding policy, and is not required by law or other contractual agreement to provide funding for the implicit rate subsidy other than the pay-as-you-go amount necessary to provide current benefits for participants in its health insurance plan. Post-employment benefits are extended to retirees and continued at the discretion of the Employer, which reserves the right (subject to State Statutes and any collective bargaining agreements) to change or terminate benefits and to change premium contributions required from retirees in the future. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for this purpose. All approved benefits are paid from the Employer’s general assets when due.

XI. EMPLOYEE BENEFITS (continued)

E. Post Employment Benefits Other Than Pension Benefits (continued)

Net OPEB liability

As described in Note 1, the County consists of elected constitutional officers of the County. The annual OPEB liability of constitutional officers is recognized in the county-wide financial statements of the County. The County's Net OPEB liability is calculated in accordance with the guidance provided by Governmental Accounting Standards Board Statement Number 75, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*.

The total OPEB liability for the year ended September 30, 2023 measured as of September 30, 2023 is $31,577,626. The following table outlines the changes in Net OPEB Liability for the fiscal year ending September 30, 2023:

	FY 2023	FY 2022
Service cost	$ 1,407,503	$ 2,333,956
Interest	1,657,783	1,141,365
Differences between expected and actual experience	(3,619,718)	0
Changes of assumptions or other input	(598,706)	(13,608,670)
Expected benefit payments	(1,217,979)	(1,100,812)
Net Changes	(2,371,117)	(11,234,161)
Net OPEB liability at beginning of year	33,948,743	45,182,904
Net OPEB liability at end of year	$ 31,577,626	$ 33,948,743

The total OPEB liability and contribution rates were determined by an actuarial valuation as of October 1, 2023. The total OPEB liability was rolled forward two years. The significant assumptions used were as follows:

Valuation Date	September 30, 2023
Measurement Date	September 30, 2023
Actuarial Cost Method	Entry Age Normal, Level Percent of Salary. Service Costs are attributed through all assumed ages of exit from active service.
Asset Valuation Method	Not Applicable. The plan operates on a pay-as-you-go basis and thus, has no assets.
Miscellaneous	The valuation was prepared on an on-going plan basis. This assumption does not necessarily imply that an obligation to continue the plan actually exists.
Discount Rate	The discount rate at the measurement date is 4.87%. Benefit payments are funded on a pay-as-you go basis. The discount rate is based on the S&P Municipal Bond 20 Year High Grade Rate Index as of September 30, 2023. The discount rate at the beginning of the year is 4.77% from the S&P Municipal Bond 20 Year High Grade Rate Index as of September 30, 2022.
Consumer Price Index	N/A
Future Salary Increase	3.25%
Administrative Expenses	Life Insurance administrative expenses are assumed to be 5% of claims based on experience for similar plans. Medical insurance administrative expenses are assumed to be included in the premiums.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

E. Post Employment Benefits Other Than Pension Benefits (continued)

Mortality	According to the Benefit-Weighted Pub-2010 Mortality Tables with a public safety adjustment for sheriffs and the general table for all others, projected generationally with the MP-2021 Mortality Improvement scale. For disabled retirees, according to the Benefit-Weighted Pub-2010 Disabled Mortality Tables with a public safety adjustment for sheriffs and the general table for all others, projected generationally with MP-2021 Mortality Improvement scales.
Withdrawal	Same as the Florida Retirement System (FRS) pension plan.
Disability	Same as the Florida Retirement System (FRS) pension plan.
Retirement age	Same as the Florida Retirement System (FRS) pension plan.
Plan participation	
Life insurance:	95% and 20% of future retirees are assumed to elect Basic and Supplemental life insurance benefits at retirement, respectively, based on a mix of actual experience and experience for similar plans. For non-Senior Management employees who can elect up to 2x salary at retirement for Supplemental life insurance benefit up to a maximum of $250,000 combined maximum for Basic and Supplemental life insurance, we have assumed that they will elect 1x salary at retirement.
Medical insurance:	45% of future retirees are assumed to elect health coverage with the County at retirement based on a mix of actual experience and experience for similar plans. Current retirees are assumed to coverage under the County's health plans if they are currently enrolled. Current retirees who are not currently enrolled in the County's health plans are not assumed to re-enroll in the future. 100% of surviving spouses are assumed to elect coverage with the County upon retirees' death.
Health care cost trends	Eligible health care costs, per capita costs, and retiree contributions, are assumed to decrease each year from 7.50% for the year ended 9/30/2024 to 4.50% for the year beginning 10/1/2032 and thereafter. The initial trend rate was established based on the influences of the health care marketplace as a whole as published in Buck's National Health Care Trend Survey The trend rates are based on the "core" trend components (i.e., medical inflation, utilization and intensity of services) but exclude the impact of the aging of the covered population and other noncore components of trend (e.g., profit margins typically included in an insurer's trend assumptions). It is assumed that over the long-term, health care costs ultimately will be constrained by the public's ability and willingness to pay the higher cost of health care services. This assumption implies that the ultimate trend rate should be related to the nominal per capita GDP. Therefore, ultimate trend is assumed to be comprised of (i) real growth in per capita GDP, (ii) long-term growth attributable to technology innovations, and (iii) assumed long-term inflation rate. We estimated that health care costs would reach the ultimate trend level in fiscal year ending in 2028, based on projections from CMS' projection of National Health Care Expenditures.

Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

E. Post Employment Benefits Other Than Pension Benefits (continued)

Per capita costs	Our valuation reflects the following fiscal year 2023 annual per capita plan costs for retirees and their spouses: Per Capita Plan Cost at Male Age 65- Retiree $22,080, Spouse $23,436, Family $36,072. Medical per capita plan costs for retirees and spouses were developed using 2024 premium information and de-trended to a level appropriate for the fiscal year beginning October 1, 2023. The premiums are assumed to include administrative expenses. The valuation relied upon the premium information which was assumed to be suitable for this purpose. The Pre-Medicare plan costs are based upon age-adjusted rates. Post-Medicare retirees are assumed to be in a retiree-only plan and retirees pay 100% of the premium. Therefore, we assume there is no associated post-Medicare liability for the retiree medical plan.
Spouse assumptions	For future retirees, female spouses are assumed to be three years younger than their male spouses. For existing retirees, actual spouses age are used if available, otherwise female spouses are assumed to be three years younger than their male spouses.
Age/Gender - related morbidity	The age/gender health care cost relativities implemented in this valuation to reflect associated differences in medical costs are based on data from the recent study, “Health Care Costs - From Birth to Death” prepared by Dale H. Yamamoto and sponsored by the Society of Actuaries.

Sensitivity of Net OPEB Liability to changes in the Single Discount Rate

The following presents the plan's net OPEB liability, calculated using a single discount rate of 4.87%, as well as what the plan's net OPEB liability would be if it were calculated using a single Discount Rate that is one percent lower or one percentage higher:

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate	1% Decrease 3.87%	Current Discount Rate 4.87%	1% Increase 5.87%
Net OPEB Liability	$ 36,344,499	$ 31,577,626	$ 27,722,685

Sensitivity of Net OPEB Liability to changes in Health Care Cost Trends

The following presents the plan's net OPEB liability, calculated using the current health care cost trend, as well as what the plan's net OPEB liability would be if it were calculated using a health care cost trend that is one percent lower or one percentage higher:

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend	1% Decrease	Current Health Care Cost Trend	1% Increase
Net OPEB Liability	$ 30,107,237	$ 31,577,626	$ 33,309,834

OPEB Expense and Deferred Outflows/(Inflows) of Resources Related to OPEB

In accordance with GASB 75, changes in the net OPEB liability are recognized as OPEB expense in the current measurement period, except as shown below. For each of the following, a portion is recognized in OPEB expense in the current measurement period, and the balance is amortized as deferred outflows or inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.

- Changes of assumptions or other inputs which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.

- Changes in proportion and differences between contributions and proportionate share of contributions which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.

The below table presents the OPEB expense and its components:

Components of OPEB Expense	For the year ended September 30, 2023
Service Cost	$ 1,407,503
Interest on the total OPEB liability and net cash flow	1,657,783
Differences between expected and actual experience	(379,426)
Changes in assumptions and other inputs	911,927
Total OPEB expense	$ 3,597,787

At September 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflow	Deferred Inflow County	Total County Deferred Outflow (Deferred Inflow)
Differences between expected and actual experience	$ 12,718,259	$ (4,431,787)	$ 8,286,472
Changes in assumptions and other inputs	4,980,180	(16,066,415)	(11,086,235)
Total OPEB expense	$ 17,698,439	$ (20,498,202)	$ (2,799,763)

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XI. EMPLOYEE BENEFITS (continued)

E. Post Employment Benefits Other Than Pension Benefits (continued)

The average of the expected remaining service lives of all employees that are provided with benefits through the plan (active and inactive employees) determined at October 1, 2023 is 10.1 years. The following deferred inflows of resources will be recognized in pension expense as follows:

For the year ended September 30,	County Total Deferred Outflow (Deferred Inflow)
2024	$ 532,501
2025	532,501
2026	584,318
2027	662,038
2028	662,038
Thereafter	(5,773,159)
Totals	$ (2,799,763)

Funded Status and Funding Progress

As of September 30, 2023, the County's actuarial accrued liability for benefits recognized in the County's financial statements was $31,577,626, all of which was unfunded.

XII. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The County's reported deferred outflows of resources are derived from $17,698,439 from OPEB related activities and $38,757,185 derived from Pension related activities.

A deferred inflow of resources represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The County's reported deferred inflows of resources are derived from $20,498,202 from OPEB related activities, $12,323,827 from pension related activities, $5,836,204 from Lessor activities, and $900,442 from special assessment related activities.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XIII. RISK MANAGEMENT AND CONVENTIONALLY INSURED CLAIMS & LOSSES

A. General Liability

Effective December 15, 2012, the County purchased commercial insurance for general liabilities from OneBeacon. Effective December 15, 2016, the County purchased commercial insurance for general liabilities from Travelers. This is a zero-deductible policy.

Changes in the Board's claim liability amount were as follows:

Year	Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
September 30, 2023	$ 0	$ 0	$ 0	$ 0
September 30, 2022	$ 0	$ 0	$ 0	$ 0

B. Workers' Compensation

The County maintains a self-insurance Internal Service Fund to account for insurance activities relating to workers' compensation that is administered by a third-party administrator. Under this program, the County absorbs losses up to a maximum of $500,000 for each claim. At September 30, 2023, the County had $306,082 deposited with the third-party administrator for use against future claims. The County purchases commercial insurance for claims in excess of coverage provided by the Fund. Settled claims have not exceeded this commercial coverage in the current year or any of the past five years.

All funds of the County participate in this program and make payments to the Insurance Service Fund based upon payroll exposure in the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. Excess payments are recorded as a designation of retained earnings for catastrophic losses.

The claims liability for workers' compensation of $6,800,211, which includes an actuarial evaluation for incurred but not reported claims of $3,909,803 is included in other current liabilities and reported in the Internal Service Fund at September 30, 2023. The liability is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XIII. RISK MANAGEMENT AND CONVENTIONALLY INSURED CLAIMS & LOSSES (continued)

B. Workers' Compensation (continued)

Changes in the Fund's claims liability amount were as follows:

Year	Beginning of Fiscal Year	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
September 30, 2023	$ 6,606,825	$ 1,750,386	$ (1,557,000)	$ 6,800,211
September 30, 2022	$ 7,050,581	$ 2,391,244	$ (2,835,000)	$ 6,606,825

C. Automobile Liability

The County purchases commercial coverage for automobile liability insurance through the same provider of its general liability insurance. All vehicles are covered for physical damage with a $1,000 deductible and for liability with a $5,000 deductible. All funds of the County participate in this program and pay premiums to the Insurance Service Fund based on the vehicles used by their personnel.

Changes in the fund's claims liability were as follows:

Year	Beginning of Fiscal Year	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year End
September 30, 2023	$ 41,465	$ 5,471	$ 0	$ 46,936
September 30, 2022	$ 4,900	$ 36,565	$ 0	$ 41,465

The claims liability of $46,936 includes an actuarial valuation for incurred but not reported claims of $15,965.

As a member of the Florida Sheriffs Association, the Sheriff participates in the Sheriffs Automobile Risk Program for automobile liability insurance. Coverage includes liability for bodily injury and property damage, personal injury protection, auto medical payments, bodily injury for uninsured motorists and physical damage. Coverage for physical damage is also maintained on certain vehicles. The contribution required for the year ended September 30, 2023 was $308,238.

D. Professional Liability

The Sheriff is currently a member of the Florida Sheriffs Association and participates in the Florida Sheriffs Self-Insurance Fund. The Self-Insurance Fund administers insurance activities related to professional liability and covers compensatory damages (except back pay), employment benefits, punitive damages, attorney fees or costs awarded to a prevailing plaintiff, and all legal fees involved in defense of the Sheriff. The contribution required for the year ended September 30, 2023 was $559,280.

The limits of the Self-Insurance Fund for the above mentioned damages, fees and defense costs are $5,000,000 per incident or occurrence; and $10,000,000 in aggregate for the policy year. Settled claims did not exceed this coverage in the current year.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XIV. SEGMENT INFORMATION - ENTERPRISE FUNDS

The County maintained one enterprise fund. The Leon County Landfill Fund accounts for revenues and expenditures related to the operation of the landfill and collection of revenues from the sale of processed recyclables and related costs to support the program. The County has not issued bonds to finance the activity of the enterprise fund. Further, none of the revenues streams of the enterprise fund are pledged in support of outstanding debt.

XV. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

A. Excess of Expenditures Over Appropriation

Certain funds show an excess of expenditures over appropriations. This excess is due to the appropriation and use of fund balance during the fiscal year.

B. Excess of Expenditures Over Revenue in the Budget Column

Certain funds show an excess of expenditures over revenue in the budget column of the Statement of Revenue, Expenditures and Changes in Fund Balances, Budget and Actual. This excess is due to the appropriation and use of fund balance (which is not reported in the budget or variance column) during the fiscal year.

C. Deficit Fund Balances

At fiscal year end, the Family Law Legal Service fund had a deficit of $59,970, the SHIP Trust fund had a deficit of $16,838, the 911 Emergency fund had a deficit of $9,255, the Special Assessment Paving fund had a deficit of $13,410, the Landfill fund had a deficit of $520,338. All funds are nonmajor special revenue funds.

D. Minimum Fund Balance Policy

On September 16, 2008, Leon County adopted Policy Number 07-2 called “Reserves.” The first section, Emergency Reserves includes the general revenue emergency reserves which are maintained at an amount not to be less than three percent and not to exceed eight percent of the projected General Fund and Fine & Forfeiture Fund operating expenditures for the ensuing fiscal year. In addition, a catastrophe reserve will be maintained at two percent. The reserve will provide immediate cash flow in the event of a natural disaster. The Reserve for Contingency is separate from the Reserves for Cash Balances and annually determined by the Board of County Commissioners as a part of the budget. Any funds not included under this category will be included as part of the unreserved fund balance.

Reserves for Cash Balances are maintained by the County as an annual unassigned reserve for cash balance at a level sufficient to maintain adequate cash flow and to eliminate the need for short-term borrowing. The fund balance shall be no less than ten percent and no greater then twenty percent of the projected General Fund and Fine & Forfeiture Fund operating expenditures. All major funds will retain sufficient cash balances to eliminate the need for short-term borrowing.

As a part of the annual budget process, a determination is made of the minimum and maximum amounts based on above requirements. Funds in excess of the minimums established can be utilized to support one-time capital expenses.

XVI. COMMITMENTS AND CONTINGENCIES

A. Contract Commitments

Grants

The County is currently receiving, and has received in the past, grants which are subject to special compliance audits by the grantor agency that may result in disallowed expense amounts. Such amounts, if any, constitute a contingent liability of the County. Accordingly, such liabilities are not reflected within the financial statements.

Long-Term Construction Projects

The County is committed to various material long-term construction projects at September 30, 2023. These commitments have been included in the 2023-2024 fiscal year budget and the five-year Capital Improvement Program and certain amounts have been reserved in the capital projects fund. Current contracts outstanding as of September 30, 2023 approximate $24.3 million.

The Sheriff, the County, and the City of Tallahassee (the Parties) entered into an inter-local agreement on December 20, 2007 to establish parameters relating to ownership, expansion, operation, maintenance, and the use of the 800MHz Project 25 Digital Trunked Simulcast (TSR) System. The agreement provides 50% ownership of the TSR System's backbone equipment by the Sheriff and the County. The agreement also provides that the Sheriff and the County are required to pay 50% of the TSR System's operating costs. Absent a prior notice to withdraw, the agreement shall continue until the date the agreement is terminated by mutual written agreement of the Parties. Activity related to the agreement is accounted for as a joint operation.

B. Potential Liabilities Resulting from Litigation

The County is a defendant in various lawsuits arising from the normal course of operations. The outcome of these lawsuits is not presently determinable.

C. Subsequent Events

The County has evaluated subsequent events through May 22, 2024, the date the financial statements were available to be issued. No subsequent events were identified that required disclosure except for the transaction described below.

On October 1, 2023 Leon County entered into two subscription based information technology arrangements (SBITAs) for the right to use another party's (a SBITA vendor's) information technology (IT) software. The terms of the arrangements extend through September 30, 2026. An initial subscription liability and subscription asset for these SBITAs equals $3,788,947. The County is required to make annual payments ranging from $155,418 to $1,097,162 through the term of the arrangements. The arrangements have interest rates of 4.880%.

XVII. CONTINGENCIES - DEBT

The company participates in federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The company is potentially liable for any expenditures, which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

In the course of business, the company, its agencies and its employees are defendants in legal proceedings including but not limited to claims against the company for property damage, personal injury, personnel and contract matters, and alleged violations of state and federal laws. It is the opinion of management that the disposition or resolution of such claims and lawsuits will not have a material adverse effect on the financial position, changes in the financial position or cash flows of the company.

Leon County, Florida
Notes to the Financial Statements
Year Ended September 30, 2023

XVIII. NET POSITION RESTATEMENT

Fund balances as of October 1, 2022 have been restated to reflect the following adjustments:

During the year ended September 30, 2023 the County identified two revenues where the revenue recognition criteria required the revenues to have been recorded in a prior year but were not. In order to correct this error, both items have been recorded to the year ended September 30, 2022. As such, this correction results in an increase to the beginning fund balance of the general fund by $449,825 and an increase to the beginning fund balance of the non-major governmental funds by $414,634. These restatements result in a related increase to the beginning net position of the government activities of $864,459.

During the year ended September 30, 2023 the County identified several capital assets that were previously classified as non-depreciable improvements other than buildings that should have been reported as depreciable improvements other than buildings. In order to correct this error, all such capital assets have been reclassified and the applicable previous depreciation has been calculated and applied to previous periods. As such, this correction results in a reclassification of $8,467,199 between non-depreciable and depreciable improvements other than buildings capital assets and a decrease to the beginning net position of the governmental activities by $2,910,524.

See Report of Independent Auditors

Leon County, Florida
Notes to the Required Supplementary Information
September 30, 2023
(unaudited)

The following changes in actuarial assumptions occurred in 2023:

PENSION RELATED NOTES TO SCHEDULE:

FRS: There were no changes in benefit terms. The inflation rate assumption remained at 2.40%. Payroll growth, including inflation remained at 3.25%. The long-term expected rate of return remained at 6.7%.

HIS: The municipal rate used to determine total pension liability was increased from 3.54% to 3.65%.

Senate Bill 7024 increased the level of monthly benefits from $5.00 times years of service to $7.50, with an increased minimum of $45.00 and maximum of $225.00. This change applies to all years of service for both members currently in pay and members not yet in pay.

The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

There are no assets accumulated in a trust to pay for related benefits for the pension plan.

OPEB RELATED NOTES TO SCHEDULE:

The assumptions, methods, and plan provisions used were the same as those in Leon County's GASB 75 valuation report for FYE September 30, 2022 dated December 29, 2022, except for the following:

The measurement date was updated to September 30, 2023. Liabilities as of the measurement date are based on the results of the September 30, 2023 valuation.

The discount rate was updated from 4.77% as of September 30, 2022 to 4.87% as of September 30, 2023 based on the S&P Municipal Bond 20-Year High Grade Rate Index. This caused a $432,000 decrease in liabilities.

Per capita baseline costs were updated to reflect 2024 premium rates and census information as of September 30, 2023, which increased the liabilities by $434,000.

Salary increase, retirement rates, and duty disability rates for Special Risk employees have been updated based on the assumptions used in the Florida Retirement System (FRS) Pension Plan Actuarial Valuation as of July 1, 2023. The net impact of this change is a liability reduction of $1.6 million.

Health care trend rates have been updated based on updated market data and inflation expectation, which caused $86,000 increase in liabilities.

Spousal election percentage for future retirees have been updated based on the actual spousal election for existing retirees that have at least one participant under the age of 65 with medical coverage in the 2019, 2021, and 2023 valuation data, which caused $830,000 liability increase.

The valuation results now include liability for surviving spouses which was not valued in the past. Based on the information provided by the County this year, surviving spouses are allowed to stay on the plan upon retirees' death. This change caused $145,000 increase in liabilities.

See Report of Independent Auditors

Leon County, Florida
Notes to the Required Supplementary Information
September 30, 2023
(unaudited)

The valuation results also reflect two components of life insurance benefit provided by the County: basic and supplemental. Only the basic life insurance benefit was valued in prior valuations. Based on input from the County, 20% of active employees are assumed to elect supplemental life insurance benefit at retirement. We have used 2024 life insurance premium rates in this year's valuation. This change caused a $1 million increase in liabilities.

The potential impact of the ongoing COVID-19 pandemic on costs and liabilities was considered, but no explicit adjustments to the calculations were made at this time.

The Inflation Reduction Act of 2022 signed into law in August includes numerous changes to future Medicare Part D benefits. However, given that Medicare eligible retirees pay the full cost of coverage, these changes to the Medicare prescription drug coverage would not have any direct impact on the results of the valuation. We will keep you informed of any additional information as guidance regarding these changes become available.

There are no assets accumulated in a trust to pay for related benefits for the OPEB plan.

The Honorable Board of County Commissioners
Leon County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison statements of Leon County, Florida (the County) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 22, 2024. Our report includes a reference to other auditors who audited the financial statements of the Housing Finance Authority of Leon County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Management Letter, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying Management Letter as items *2023-004, 2023-005, and 2023-006* to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Management Letter as items *2023-002 and 2023-003* to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Leon County, Florida's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying Management Letter. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We noted certain other matters pursuant to the Chapter 10.550, *Rules of the Auditor General* that we have reported to the management of Leon County, Florida in a separate letter dated May 22, 2024.

Report of Independent Auditors on Compliance for Each Major Federal Program and State Project; Internal Control Over Compliance; and Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

Honorable Board of County Commissioners
Leon County, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited Leon County, Florida's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *Florida Department of Financial Service's State Projects Compliance Supplement*, that could have a direct and material effect on each of Leon County, Florida's major federal programs and state projects for the year ended September 30, 2023. Leon County, Florida's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Leon County, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2023.

Basis for Opinion on Each Major Federal Program and State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, *Rules of the Auditor General*. Our responsibilities under those standards, the Uniform Guidance, and *Rules of the Auditor General* are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Leon County, Florida and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of Leon County, Florida's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Leon County, Florida's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Leon County, Florida's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Leon County, Florida's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Leon County, Florida's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Leon County, Florida's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* but not for the purpose of expressing an opinion on the effectiveness of Leon County, Florida's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information and the budgetary comparison statements of Leon County, Florida, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Leon County, Florida's basic financial statements. We issued our report thereon dated May 22, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management Letter

The Honorable Board of County Commissioners
Leon County, Florida

Report on the Financial Statements

We have audited the financial statements of Leon County, Florida (the County), as of and for the fiscal year ended September 30, 2023, and have issued our report thereon dated May 22, 2024.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditors on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Report of Independent Auditors on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Report of Independent Accountants on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 22, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions regarding the recommendations made in the preceding financial report are described below.

2022-001 Insurance Recoveries

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-002 & 2021-003 Construction in Progress

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-003 Purchasing Card Documentation

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-004 Employee Benefit Fund Receivables and Payables

This corrective action is ongoing as of September 30, 2023, and as a result, this is the second consecutive year this specific recommendation is reported. See current year recommendation 2023-001.

2022-005 Reconciliation of Balances Between Other Constitutional Officers

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-006 & 2021-004 MS Access Database Uploads

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-007 Fees and Fines Schedule Change Management

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-008, 2021-007, 2020-005 & 2019-005 Florida Springs Grant Program, Grant number LP37114 and LP0110E

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

2022-009 Homeland Security Grant Program, Grant Numbers R0469 and R0538

Corrective action for this recommendation was taken and this recommendation was considered resolved in the current year.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The name or official title and legal authority for the primary government and each component unit of the reporting entity are disclosed in Note I of the Notes to the Financial Statements.

Financial Condition and Management

Sections 10.554(1)(i)5a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and communicate the results of our determination as to whether or not Leon County, Florida has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and to identify the specific condition(s) met. In connection with our audit, we determined that the Leon County, Florida did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for Leon County, Florida as of September 30, 2023. It is management's responsibility to monitor Leon County, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. The following recommendations were made:

2023-001 Employee Benefit Fund Receivables and Payables

Criteria: The Committee for Sponsoring Organizations (COSO) defines controls activities as the actions established through policies and procedures that help ensure that management's directives to mitigate risks to the achievement of objectives are carried out. Control activities are performed at various levels of an entity, at various stages within business processes, and over the technology environment. Principle 12 of the Internal Control - Integrated Framework states, the organization deploys control activities through policies that establish what is expected and in procedures that put policies into action. Effective policies and procedures address controls put in place to prevent and detect potential fraud and material misstatements.

Condition: The legacy process for recording Employee Benefit Fund transactions has resulted in unreconciled stale items in the receivable and payable balances reported. These stale and unreconciled items were not considered material, but represent a risk for financial statement misstatement.

Cause: Management has special procedures that are performed to record the receipt of the receivables and the payment of the payables within the Employee Benefit Fund. The legacy process was resulting in a netting of balances and left a number of balances that are stale and unreconciled.

Effect: This condition increases the risk of misstatement in the financial statements and the potential for differences in amounts reported by each constitutional officer.

Recommendation: Management should review the policies and procedures for recording the collection of cash and payment of amounts related to the Employee Benefit Fund and make changes as necessary. Management should perform a detailed reconciliation between amounts reported and paid/received.

Management's response:

Management has reviewed and updated its recording procedure and reconciliation for the Employee Benefits fund to account for payments and liabilities appropriately and timely. Further review and reconciliation of legacy balances will be performed within the next fiscal year. Additionally, management has added a Benefits Reconciliation Accountant to address reconciling items from internal and external stakeholders. Management will communicate with internal and external stakeholders clarifying their responsibilities for this process.

2023-002- BOCC Fixed Asset Disposals

Criteria: The Office of Financial Stewardship's purchasing division sets the policies and procedures regarding the disposal of fixed assets. These policies and procedures are necessary for financial reporting in accordance with the Government Accounting Standards Board (GASB) and to mitigate risks of material misstatement and misappropriation of assets. To sell, trade-in, transfer, cannibalize or dispose of unserviceable or uneconomically repairable equipment, the Board's policies require the Property Custodian to complete and submit a Property Control Form to the Property Control Clerk, outlining the action and the reason(s) for said action, prior to actual disposal. The Board's policies require a thorough review of the annual Tangible Personal Property Report by the Property Control Specialist, Procurement Administrator, and Purchasing Director to ensure complete and accurate information prior to its submission to the Board. The Board's policies require physical inventories be conducted by Property Control in coordination with the appropriate Property Custodian. During the physical inventory, if tangible personal property is found that is not on the property record, action will be taken by Property Control to evaluate it and place it on the Property Record in the department where it was found.

Condition: Six of eight samples tested during fixed asset disposal testing had no Property Control Form documenting if the required control process occurred prior to disposal as described in the internal control policies of the Board. A completed Property Control Form was provided for two of eight samples tested during fixed asset disposal testing, one of which was completed after the item had already been disposed.

Four items listed on the fiscal year 2023 Tangible Personal Property Items Report had not actually been disposed of during the current year, three of which went to auction but were never sold, and one of which was an item that was never initially acquired.

Cause: The internal controls are not operating as designed, specifically, the requirement for prior approval by both the applicable custodians and premature recording of items as having been disposed.

Effect: Management's risk of material misstatement over capital assets reported on the government wide financial statements and the BOCC special-purpose financial statements is increased. Additionally, the annual Tangible Personal Property Items Report presented to and approved by the Board is not accurate. Additionally, these deficiencies lead to increased risk for misappropriation of assets.

Recommendation: Management should improve policies and procedures in place to obtain appropriate supporting documentation for all fixed asset disposals, prior to the actual disposal. Management should be performing more routine inspections of physical property to ensure the accuracy of the Tangible Personal Property Items Report.

Management's response:

During an internal review of the current procedures for asset disposal, the Purchasing Division became aware that some of the procedures and controls in place were not consistently being followed. This internal review was conducted simultaneously to the external audit which resulted in similar findings. Subsequently, the Purchasing Director began taking steps to rectify the issues related to asset disposal. A thorough assessment of the Property Custodian records found that the list was outdated; after discussions with each Department, Purchasing now has an accurate index of Property Custodians.

To further remedy the audit findings, a mandatory training for all Property Custodians is scheduled for 04/18/2024 and 04/25/2024. The training will apprise the Property Custodians of the requirements associated with the assets under their control, with an emphasis on the documentation necessary for asset disposal, movement, and acquisition. At the conclusion of the training, each Property Custodian will be required to certify in writing their understanding of these requirements (via a form requiring their signature). To assist in keeping the Property Custodian index current and accurate, the Property Control Specialist will require this form to be signed annually by each Property Custodian.

The Purchasing Director has implemented a revised documentation system to ensure that fixed assets which go to auction are not marked as disposed until the asset has been sold. Furthermore, the asset will not be removed from the inventory roll until documentation of the sale has been received and uploaded to the relevant property file. As suggested, the Property Control Specialist will begin performing routine and impromptu inspections of fixed assets to ensure the accuracy of the Tangible Personal Property Items Report.

2023-003 BOCC Accounts Receivable Accruals

Criteria: A receivable should be recorded once any applicable eligibility requirements have been met including the anticipated return of resources (cost reimbursements), or once an enforceable legal claim to the resources exists.

Condition: Management's initial schedules and trial balances either excluded or improperly stated receivable balances. Corrections to the trial balance and supporting schedules were needed to improve reporting.

Cause: Two instances were noted where receivable balances were not properly accrued for the month of September 2023.

Additionally, the net receivable balance for the Emergency Medical Services fund was initially understated due to differences in the EMS Allowance for Uncollectibles recorded and the approved estimate.

Effect: Management's initially reported balances contained errors that required adjustments. These adjustments included instances of overstatements and understatements. Management's risk for errors in financial reporting in this area is increased.

Recommendation: Internal controls should be developed for the routine review of the year-end accounts receivable balances, including whether all schedules' inputs are correctly entered and calculated, as well as whether all accruals have been properly recorded. Management should make improvements to the internal reports used to determine the proper amounts for financial reporting.

Management's response:

Management has reviewed the transactions related to this finding and determined this was related to being unaware of certain expected payments and unclear support from the customer. Management in Finance communicated the need to be aware of any expected receivables to management within the Office of Management and Budget. The Finance department requested to be notified of any billings occurring outside of the Finance department by the County.

Additionally, Management has implemented a tracking list of all expected revenue accruals from prior years to be reviewed and updated annually by the end of the fiscal year.

The net receivable balance related to the EMS fund was due to staff turnover at the beginning of the fiscal year and new staff unintentionally creating an error within the reconciliation resulting in an inaccurate posting within the fiscal year. The reconciliation file has been updated and the error has since been adjusted.

2023-004 BOCC Manual Journal Entries Process Improvements

Criteria: The Committee for Sponsoring Organizations (COSO) defines controls activities as the actions established through policies and procedures that help ensure that management's directives to mitigate risks to the achievement of objectives are carried out.

The Board has developed a set of policies and procedures for the manual recording of journal entries needed for proper financial reporting. While the internal controls are designed to provide reasonable assurance of achieving the entity's objectives, limitations do exist. Such limitations include but are not limited to breakdowns in internal control due to human failures such as simple errors.

Condition: Manual journal entries are consistently reviewed and approved by management in accordance with policy. However, the audit identified several manual journal entries that contained errors and were not discovered during the review and approval process. Corrections to the trial balance and supporting schedules were needed to correct the errors identified.

The process for obtaining supporting documentation in certain instances could be improved. During journal entry testing, it was noted that at times, items were recorded via manual journal entry with limited supporting documentation to support the creation and recording of a manual journal entry.

Cause: During detailed testing over various audit areas, several instances were noted where a transaction was recorded to the incorrect fund, incorrect account, or in incorrect amounts. These instances were primarily caused by human error and the control not effectively detecting the error.

During testing over interest income, it was noted that the allocation of interest among funds was incorrectly applied to the various funds. While the manual journal agreed to the supporting schedules created, the schedules contained formula errors that resulted in inaccurate reporting that were not detected by the control.

Effect: Initially reported amounts were misstated for various funds. Risk of financial statement misstatement is increased.

Recommendation: Management should review its internal policies and procedures and consider adding additional controls for the detection of errors in the manual journal process. Additionally, the review should include a more rigorous review of underlying supporting schedules and documents to ensure those schedules are accurate, properly supported, and in line with applicable policy.

Management's response:

During the audit management was made aware of the instances identified by the auditors. While reviewing the transactions, it was determined that the internal controls for review were not sufficiently identifying the errors. This was a result of incorrect calculations, access database documentation review (not the accounting system transaction details,) and approvers rushing during the review process. Management has met with our approving managers to implement a higher standard of review.

We will be reviewing original supporting documentation to verify calculations and not a copy, validating the documentation by reviewing accounting system details, and slowing down during the review process to confirm the information and entry provided is accurate.

2023-005 – Sheriff Significant Adjustments

Criteria: The Committee for Sponsoring Organizations (COSO) defines internal controls as, "a process effected by an entity's board, management, and other personnel, designed to provide reasonable assurance of the achievement of objectives relating to operations, reporting, and compliance." A "control deficiency" exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions to prevent or detect misstatements of the financial statements on a timely basis. One control deficiency that typically is considered significant is identification by the audit of a material misstatement in the financial statements that was not initially identified by the entity's internal controls. Management is responsible for the preparation and fair presentation of the financial statements in accordance with generally accepted accounting principles (GAAP). This includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement.

Condition: Subsequent to the start of our year-end audit procedures, numerous adjustments were required to be made to prevent the Sheriff's financial statements from being materially misstated.

Cause: The Sheriff's accounting staff did not provide a year-end trial balance reflecting all necessary accounting entries.

Effect: The financial statements would be materially misstated if the significant adjustments were not made.

Recommendation: We recommend that the Sheriff evaluate and improve internal controls over financial reporting and implement changes as necessary to detect misstatements in the financial statements. This will ensure accurate and timely financial reporting. The controls should include preparation and review of all workpapers necessary to adjust the financial statements in accordance with generally accepted accounting principles. The Sheriff's accounting staff should post all necessary adjusting journal entries to the general ledger system prior to the audit. The draft financial statements should be reviewed by at least one qualified individual, independent of the preparation process, to identify potential misstatements.

Management's Response: *We have reviewed the adjustments made for financial statement presentation and identified the areas for improvement. The primary cause was our accrual process whereby we identify and record liabilities due and reportable as of September 30. To address the issue, we are creating written procedures for liability accruals, classification, and expense prepayments. In addition, we will be training applicable staff on proper treatment and review of the same.*

2023-006 – Sheriff Bank Reconciliation

Criteria: The Committee for Sponsoring Organizations (COSO) defines controls activities as the actions established through policies and procedures that help ensure that management's directives to mitigate risks to the achievement of objectives are carried out.

The Sheriff has developed a set of policies and procedures to reconcile each bank account monthly to ensure proper financial reporting. While the internal controls are designed to provide reasonable assurance of achieving the entity's objectives, limitations do exist. Such limitations include but are not limited to breakdowns in internal control due to human errors.

Condition: During our testing of bank reconciliations, we noted fiscal year 2024 transactions were included as reconciling items on three separate bank reconciliations. These transactions were dated incorrectly in the general ledger and were incorrectly added as reconciling items to reconcile to the adjusted cash balance as of September 30, 2023. The error was not detected by management's internal controls. One of these reconciling items was material and a journal entry was required to correct the cash balance of the general fund as of September 30, 2023. Additionally, we noted several reconciling items on the bank reconciliations that excluded the payee name, which is not consistent with the Sheriff's policy and reduces the effectiveness of the bank reconciliation process for detecting errors and/or inappropriate transactions.

Cause: Oversight of the accounting staff preparing the bank reconciliation and in the review and approval process which did not detect the existence of the error.

Effect: The financial statements would be materially misstated if the identified adjustment was not made.

Recommendation: Management should review its internal policies and procedures regarding the bank reconciliation process and make changes as necessary. The bank reconciliations should be performed monthly by accounting staff that has an understanding of the bank reconciliation process and generally accepted accounting standards (GAAP). Bank reconciliations should be prepared in a manner that is consistent with policy, and timely reviewed, approved, signed, and dated by a senior level personnel such as the Controller or CFO to identify potential misstatements.

Management's Response: *We agree that cash transactions were entered into the accounting system under the incorrect fiscal year. To prevent further occurrences, staff responsible for preparing and supervising the bank reconciliations will be trained in the proper treatment of cash transactions, particularly those occurring at year-end. In addition, because these errors were introduced via journal entry, we will be training staff who prepare entries on proper year-end transaction procedures. Finally, we will prepare written procedures for bank reconciliations and journal entries.*

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of County Commissioners of Leon County, Florida and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Attendance & Punctuality
Effective:	August 20, 2004
Reviewed:	October 2009, December 2012, December 2015, October 2018, July 2022
Revision:	2
Pages:	2

I. PURPOSE:

To provide guidelines on absenteeism and punctuality to EMS members.

II. GUIDELINES:

- Attendance
  - In order to ensure the efficiency and productivity of County operations, regular attendance and arriving at work on time are requirements of continued employment. As a general guideline, missing work three times in a six month period is excessive time missed from work for whatever reason, except as noted below; regardless of whether the absences are excused, unexcused, paid or unpaid. Absences due to Disability Leave, Parental Leave, Compensatory Leave, Administrative Leave or Annual Leave, all which have been scheduled and approved in advance shall not be counted against this standard. Lengthy periods of well documented illness, as well as other unusual circumstances, will be considered in the context of the overall attendance and employment record in applying this standard.

- Punctuality
  - Members are expected to report to work on time and be ready to work at the beginning of their assigned start time. They are also expected to remain at their work area until the end of their assigned work time. If a member needs to leave an assigned area for any reason they must first get permission from a supervisor.

  - Two incidents of tardiness in a 6 month period will be considered a tardiness problem. Other factors like the degree of lateness and the reason may be considered. Lateness will not be tolerated and will result in disciplinary action up to and including termination.

  - If a member is going to be unavoidably late they must notify the Shift Supervisor immediately.

  - A member reporting late for work may be denied the privilege of working that day and will not be permitted to supplement their pay with annual leave.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	EMS Billing Process
CAAS:	104.03.01
Effective:	June 1, 2005
Reviewed:	March 2009, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	3

I. PURPOSE

To provide guidelines for EMS billing and collections.

II. GUIDELINE

Leon County E.M.S. charges all patients for services rendered in accordance with current Federal and State guidelines for E.M.S. billing at the rates established by the Leon County Board of County Commissioners. Leon County E.M.S. will make every effort to collect all money owed to Leon County for services rendered by Leon County E.M.S.

III. PROCEDURE

Responding Crew

The responding crew is responsible for completing a patient care record that accurately describes the services provided to the patient in all instances where the patient is assessed, treated and / or transported. In addition to the patient care information the documentation will include:

- The patient's demographic information including
  - Name
  - Address
  - Date of Birth
  - Social Security number
  - Home telephone number
- The zip code from where the patient was picked up.
- Accurate odometer readings including tenth's of a mile
- Patient's insurance, Medicare and / or Medicaid information including
  - Name of insurance company
  - Name of person primary insured
  - Policy number
  - Group number
  - This information is to be collected on transported patients; it does not need to be collected on Dry Runs/non-transported patients, except when patients have been treated and released.

- On automobile accidents - the automobile insurance for the vehicle in which the patient was a passenger will also be listed and will include:
  - Name of insurance company
  - Name of person primary insured
  - Policy number
  - Group number
  - This information is to be collected on transported patients; it does not need to be collected on Dry Runs/non-transported patients.
- When a transport is a result of a "Baker Act", the crew will enter "Baker Act" into the insurance section along with the patient's insurance coverage.

The crew is also responsible for getting ***all*** patients that are assessed, treated and / or transported to sign the Authorization and Agreement for Emergency Medical Services form or its electronic version. A guarantor may sign for the patient if the patient is unable to sign. If the patient refuses to sign or is unable to sign and there is no guarantor available to sign complete the form and note why it was not signed. If this occurs, document why the form or its electronic equivalent is not signed in the narrative section of the run report as well as in the Triptix "unable to sign" section.

Electronic paperwork will be submitted by uploading the information into the computer system at the end of each shift. Paper forms shall be placed in the lock box in the crew computer room. County stations will assure security of all paper forms and send them to headquarters with the Shift Supervisor.

Billing Coordinator

The billing coordinator will review all patient care records for completeness and will then transmit the documentation to the contracted billing vendor.

In cases where the patient care records appear to be incomplete the Billing Coordinator will provide the record to the Deputy Chief of Operations, or his/her designee, for correction. The Deputy Chief will coordinate the corrections with the crew members and provide them with a brief educational session on documentation. Crew members who are found to consistently provide incomplete patient care records will be referred to the appropriate supervisor for Disciplinary Action.

In cases where patient care records are found to be missing insurance information, the Billing Vendor will attempt to make contact with the patient, the receiving hospital and/ or any other entity that may have insurance information and request the information. The insurance information provided will then be added to the patient care record. Crew members who are found to consistently provide incomplete insurance information will be referred to the appropriate supervisor for Disciplinary Action.

Once the patient care record is complete, coded and all attempts have been made to provide insurance information it will be sent to the LCEMS billing vendor for completion of the billing process.

To assure that LCEMS has records of all patients assessed, treated and / or transported, daily dispatch records from the CAD system will be compared to the patient care records received by the Billing Coordinator. Discrepancies will be given to the appropriate supervisor for correction.

The Billing Coordinator will send patient care records to the LCEMS billing vendor in electronic format. The LCEMS billing vendor will provide a confirmation of receipt of the records. The records sent will be reconciled against the receipt of records received to assure that no records were lost in the transfer process. This process will be documented by the Billing Coordinator. When the electronic format is not operating the patient care records will be sent by return receipt registered mail. The Billing Coordinator will document all patient care records sent via mail. The return receipt will confirm that the LCEMS billing vendor has received the patient care records.

The billing coordinator will also facilitate data transfers from receiving facilities and provide the information to the LCEMS billing vendor.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Complaints
CAAS:	102.03.01
Effective:	January 2009
Reviewed:	December 2012, December 2015, December 2016, December 2018, December 2024
Revision:	4
Pages:	7

I. PURPOSE:

The purpose of this Standard Operating Guideline is to describe the process for handling complaints/concerns received from the public or other agencies. Patient and crewmember safety is the main concern for LCEMS. Any incidents during which safety is compromised must be documented and addressed immediately as referenced in SOG 112.00, Incident Reporting.

II. GUIDELINE:

All persons involved in the complaint investigation process (including complainants, witnesses, and employees) will be treated with dignity, respect, confidentiality, and with an equal opportunity to be heard without bias. Those wishing to file a complaint with Leon County EMS are entitled to fair, equitable, and barrier free access to the Divisions complaint process.

As front-line service providers, EMS members are in a position to mitigate some types of complaints in an effective and timely manner. LCEMS members have an opportunity to explain or clarify operating policy and procedures, thereby clarifying customers' expectations, or to apologize for any minor inconveniences created during service delivery. If attempts to informally resolve a complaint are unsuccessful, the complainant should be advised that there is a formal complaint process in place.

If an LCEMS member feels that an incident may potentially result in a formal complaint, the member must immediately contact Rescue 1 and complete either an incident report or complete an entry in the complaint log.

III. Miscellaneous

A. Definitions

Definition of a Lead Investigator:

A Lead Investigator is the specific individual who is assigned the authority and responsibility to coordinate and/or investigate a complaint and who, on the completion of an investigation, is

regularly updated on the status of a complaint investigation and that the resolution is thoroughly communicated.

Under normal circumstance the Deputy Chief of each area will assign a Lead Investigator based on the type of complaint received. In those circumstances where the complaint involves both operational and clinical performance components, both Deputy Chief's will jointly determine who the Lead Investigator will be responsible for submitting an Investigation Report. A Lead Investigator may draw on any Division resource or personnel to assist him/her in bringing each complaint investigation to a timely conclusion.

Definition of a Major Complaint

A complaint received by LCEMS is defined as being a major complaint where it involves the following circumstance, including but not limited to:

- Any allegations that the actions of LCEMS were negligent or contributed to the harm or death of a patient and/or member(s) of the public;
- A significant risk management or litigation matter involving LCEMS;
- Any allegation that a LCEMS employee has been involved in criminal wrongdoing;
- A medical investigation focusing on the provision or pre-hospital care involving LCEMS;
- As directed by the LCEMS Chief, Deputy Chief's, or Medical Director.

A. Conflicts of Interest:

A key factor when conducting an investigation is maintaining objectivity. When deciding whether or not a particular investigator can be involved in a given investigation, one must consider whether there is a perceived or real conflict of interest. If any actual or perceived conflict of interest exists (i.e. prior paramedic crew partnership, family, personal, or social connections to anyone involved or impacted by the investigation) between an investigator and the involved employee(s), the assigned investigator(s) must immediately declare this conflict to their immediate supervisor. This potential conflict will then be brought to the attention of one of the Deputy Chief's or the Chief who will evaluate whether there is an actual or perceived conflict of interest. The Deputy Chief or Chief will then determine whether the investigator declaring the conflict can continue with the investigation or if another investigator needs to be assigned.

B. Tracking and Trending of Complaints:

Complaints are tracked utilizing a computerized logging system. After appropriate routing to the correct supervisor, the Deputy Chief of Clinical Affairs is charged with

reviewing all complaints for trends and making improvements/implementing changes as necessary.

A full review of all customer feedback will be done annually. At that time, complaints will be categorized and trends shall be addressed with assigned continuing educations, memos, or other action as deemed necessary by the Deputy Chief of Operations.

IV. TYPES OF COMPLAINTS

Complaints will fall into three different categories that will each be overseen by different Command Staff within the Division. The categories and assignments are:

1) Operations, including employee conduct and employment issues – Deputy Chief of Operations.
2) Medical Care – Deputy Chief of Clinical Affairs and the Medical Director
3) Billing – Financial Compliance Manager

III. <u>PROCESS:</u>

<u>Initial Logging and Complaint Assignment</u>

1) Complaint taken – Basic information needed to investigate. It is important to limit questions of the caller at this point in the process to maintain the integrity of the investigation.
   - Name of complainant
   - Date and time of complaint
   - Date and time of incident
   - General nature of incident
   - Who was involved in the incident?
   - Contact information – phone number
2) Information shall be entered into the complaint log.
3) Current Rescue 1 on duty at the time of the complaint will be notified to call back the complainant.
4) Current Rescue 1 will call the complainant back as soon as possible, no later than two hours from time of complaint.
5) Rescue 1 will gather the following information:
   a. Names of all parties that were involved in the incident
   b. Narrative of what happened according to the complainant

c. Does the complainant want to be contacted again regarding this issue?
d. Names and contact information of any witnesses to the events surrounding the complaint

6) Rescue 1 will advise the complainant:
   a. That their complaint has been recorded
   b. That an investigation will be conducted
   c. That someone from EMS will call them back within 72 hours to let them know the status of the complaint if they wish to be contacted.
7) Rescue 1 will determine at this point if this complaint is serious enough to notify Executive Command Staff. Rescue 1 will also determine if they should handle this complaint or if it needs to be handed off to another Command Staff member. (Note: if handing the complaint off requires a wait of greater than 24 hours, then current Rescue 1 must handle the complaint.)
8) Rescue 1 will document all findings to this point and make an entry into the complaint log.

<u>Complaint Evaluation</u>

9) At this point Rescue 1 or the Command Staff member that is handling the complaint should contact a member of the Executive Command Staff to determine if the complaint is an operational issue, a clinical performance improvement issue, or both.
10) The Executive Command Staff will assign an investigator as needed.
11) The Deputy Chief of Clinical Affairs or the Deputy Chief of Operations may conduct the investigation themselves or designate someone to be the lead investigator.

<u>Complaint Investigation</u>

12) Rules of the investigation:
   a. All complaints must be thoroughly investigated. The fact-finding process must be rigorous and defensible. This involves identifying and interviewing witnesses, obtaining documents, seizing physical evidence, and ensuring that all information and facts are pursued to the greatest extent possible.
   b. All complainants and witnesses must be contacted and interviewed at the outset of an investigation.
   c. All complainants and witnesses are to be treated with dignity, respect, and with an equal opportunity to be heard without bias.
   d. The investigator is required to record and keep accurate and detailed notes. This ensures accurate recollections for various purposes, including the preparation of reports as well as for providing testimony. All notes will include the date and times they were taken, persons spoken to, identification of all persons present at the interview, as well as the name and signature of the note-taker.
   e. Under no circumstances will the investigator mark the original exhibit document. If, for the purposes of reviewing the document, the investigator needs to make

notes on the document, he/she is to make a copy of the original document/material and mark the copy as needed. The marked copy will remain with the file as an exhibit.

f. The subject(s) of the investigation will be notified of the specific allegations made by the complainant.
g. If at all possible, all investigation interviews should be conducted by the investigator with a witness. The witness preferably should be with the rank of lieutenant or higher.
h. The Lead Investigator must first determine if the subject(s) of the investigation should be interviewed and/or requested to complete an Incident Report. If it is determined that the subject(s) of the investigation should be interviewed first, interviews should be then completed individually and as soon as possible. After interviewing the subject(s) of the investigation, they may also be required to complete an Incident Report. If it is determined that the subject(s) of the investigation is required to complete and Incident Report, it is imperative that the involved employees complete separate Incident Reports as soon as possible. There must be no collaboration in writing these reports. Incident Reports are confidential when completed.
i. Explicit caution must be given to employees(s) and/or witnesses that all complaint information is confidential and may not be discussed with anyone except with the investigators.
j. The investigator shall maintain confidentiality throughout the investigation and shall not provide comments or opinions regarding the investigation until the Investigation Report has been finalized.
k. If during the investigation, any adverse or contrary information is identified, the employee(s) and/or complainant will be notified and will be provided with an opportunity to address such information.

<u>Complaint Resolution</u>

l. All complaints are to be resolved with the complainant. Every effort will be made for complaints to be resolved with the complainant within forty-five (45) business days of the initial receipt of the complaint. Where such timeframe cannot be achieved, the Lead Investigator will notify the complainant and provide a revised completion date.

   NOTE: Resolution of the complaint means all aspects pertaining to the investigation of the complaint including facts, findings, and conclusions have been completed. It is recognized that issues related to corrective action and remedial training may not have been initiated or completed when the investigation is complete.

NOTE: Remember that some documents, such as patient care reports, must always remain protected and confidential, even when other aspects of the investigation and conclusion become public knowledge.

13) Once the investigation is completed, the officer conducting the investigation should determine a conclusion and recommendation, complete an Investigation Report, and present the findings to the Deputy Chief of Operations. If the complaint is a Clinical Performance issue, then the findings will be presented to the Deputy Chief of Clinical Affairs and to the Medical Director.

Complaint Documentation and Logout

14) An Investigation Report will be completed by the Lead Investigator for each investigation and contain the following information:
    a. **Header Information** including: Date of Report, Run Numbers, Date of Incident, Incident Location, Lead Investigator, Additional Investigators, Type of Incident, Names of Employees Involved.
    b. **Introduction**: Details the concerns that have been reported to initiate an investigation.
    c. **Specific Issues**: Clear identification of the issues that require investigation.
    d. **Investigative Facts**: A chronological record of factual incident details, interviews, and/or research conducted in support of the investigation.
    e. **Investigative Findings**: An analysis of the investigative facts, explaining how they relate to the applicable policies, standards, legislation, medical protocols, etc.
    f. **Conclusions**: A summary of findings in relation to the specific complaint/concern. A key component of the conclusion will be a clearly stated finding categorizing the outcome of the investigation and an explanation of the rational for the conclusion.
    g. **Recommendations**: The recommendations, if any, of the Lead Investigator detailing any action required to ensure the situation is not repeated.

    NOTE: A draft report should be submitted to the appropriate Deputy Chief for a determination of completeness and correctness before submitting a final report.
15) A Major Complaint Investigation Report will contain all of the information listed above as well as the following:
    a. **Call Summary**: A chronological record of the details of the entire ambulance call from start to conclusion. The call summary would not be required if the investigation is not related to an LCEMS response to an ambulance call.
16) A Minor Complaint should contain all of the above listed items, but may be reported in an abbreviated format.

17) The Lead Investigator should make a recommendation regarding the outcome of the investigation using one of the following categories:
    a. **Substantiated** – Definition: The allegation(s) against the employee/service has been found to be accurate, the employee is at fault and corrective action is/was necessary. Such corrective action may include: interview, remedial training, improvement plan, conference report, written warning, suspension, up to and including termination.
    b. **Within Policy and Procedures** – Definition: The facts described by the complainant have been found to be accurate, however the employee/service acted in a manner consistent with the Division policies, protocols, and/or practices.
    c. **Unsubstantiated** – Definition: the allegations(s) against the employee/service has been found to be inaccurate and/or without merit.
    d. **Investigation Inconclusive** – Definition: The allegation(s) against the employee/service, subsequently to investigation, was found to be inconclusive.
    e. **Other** – Definition: A "catch-all-category" to accommodate those that are not clearly identified above.
18) The Deputy Chief of Clinical Affairs, the Deputy Chief of Operations, or the Lead Investigator should either call back the complainant or designate someone to call the complainant based on what seems most effective within 72 hours of complaint to provide feedback.
19) The Deputy Chief of Clinical Affairs, Deputy Chief of Operations or designated Lead Investigator will work with the Medical Director, Human Resources, and the County Attorney's Office to determine the correct course of action and will also document all actions taken regarding the investigation and those actions that are taken.
20) Both Deputy Chief's will notify the EMS Chief, Risk Management, and other County Departments as needed.
21) The Chief will notify County Administration as needed about the situation.
22) All actions taken will be thoroughly documented and filed as necessary. Both Deputy Chief's will make sure that all parties involved in the incident will be appropriately notified as necessary.
23) The complaint should be marked as closed in the complaint log once all actions have been taken regarding the complaint.
24) Every effort will be made to close the complaint file within sixty (60) business days of initial receipt of the complainant.

NOTE: Closing of the complaint file means that all aspects pertaining to the investigation of the complaint including investigative facts and findings, resolution with the complainant, conclusions, recommendations, and the final investigative report have been completed. It is recognized that issues related to corrective action and remedial training may not have been initiated when the investigation has been completed.

Standard Operating Guideline

Title:	Contacting the Office of Information Technology
Effective:	March 21, 2006
Reviewed:	March 2006, December 2012, December 2015, December 2018, April 2023
Revision:	4
Pages:	1

I. PURPOSE:

To provide uniform guidance on contacting the Office of Information Technology (OIT) for technical support with a computer, mobile device, an application, and / or network.

II. GUIDELINE:

If a member needs technical support with a computer, mobile device, an application, and/or the network contact the OIT EMS Support Line at 850-606-2199. This support line is specific to EMS and will route calls to the appropriate support team 24 hours per day 7 days per week.

During OIT's normal operating hours the support line will be answered by a member of OIT. At all other times, the support line will be answered by an automated call routing system which will route the call based on the reason for the call to the appropriate OIT member.

Title:	Customer Service
CAAS:	103.01.01
Effective:	June 2009
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	1

I. PURPOSE:

The purpose of this Standard Operating Guideline is to define the customer base, the customer service goal, and non-discrimination policy regarding provision of service for LCEMS.

II. GUIDELINE:

Recognizing and meeting the needs of our customer base is a vital part of the Leon County EMS mission. It is the guideline of LCEMS that every customer will receive a high level of consistent care and quality service. LCEMS and its employees shall comply with all federal, state, and other applicable laws prohibiting discrimination based on race, color, religion, sex, sexual orientation, national origin, age, or disabled status.

III. CUSTOMER BASE:

The customer base of LCEMS is comprised of the residents of, and visitors to, Leon County and the City of Tallahassee, fellow Emergency Service providers, and fellow Health Care entities and professionals.

Standard Operating Guideline

Title:	Policy of Designated Record Sets
Effective:	June 2006
Reviewed:	December 2012, December 2015, December 2018
Revisions:	1
Pages:	2

I. PURPOSE:

To provide a guideline that will clearly define the policy on designated record sets

II. GUIDELINE:

To ensure that Leon County EMS Division releases Protected Health Information (PHI) in accordance with the Privacy Rule, this policy establishes a definition of what information should be accessible to patients as part of the Designated Record Sets (DRS), and outlines procedures for requests for patient access, amendment, and restriction on the use of PHI.

Under the Privacy Rule, the DRS includes medical records that are created or used by the County to make decisions about the patient.

III. PROCEDURE:

The DRS should only include HIPAA covered PHI, and should not include information used for the operational purposes of the organization, such as quality assurance data, accident reports, and incident reports. The type of information that should be included in the DRS is medical records and billing records.

The Designated Record Sets

The DRS for any requests for access to PHI includes the following records:

The patient care report or PCR created by EMS field personnel (this includes any photographs, monitor strips, Physician Certification Statements, Refusal of Care forms, or other source data that is incorporated and/or attached to the PCR).

The electronic claims records or other paper records of submission of actual claims to Medicare or other insurance companies.

Any patient-specific claim information, including responses from insurance payers, such as remittance advice statements, Explanation of Medicare Benefits (EOMBs), charge screens patient account statements, and signature authorization and agreement to pay documents.

Medicare Advance Beneficiary Notices, Notices from insurance companies indicating coverage determinations, documentation submitted by the patient, and copies of the patient's insurance card or policy coverage summary, that relate directly to the care of the patient.

Amendments to PHI, or statements of disagreement by the patient requesting the amendment when PHI is not amended upon request, or an accurate summary of the statement of disagreement.

The DRS should also include copies of records created by other service providers and other health care providers such as first responders units, assisting ambulance services, air medical services, nursing homes, hospitals, police departments, coroner's office, etc., that are used by the County as part of treatment and payment purposes related to the patient.

Standard Operating Guideline

Title:	Divisional Compliance
Effective:	January 2010
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	2

I. PURPOSE:

The purpose of this Standard Operating Guideline is to assist employees in identifying policies and procedures related to compliance and to provide guidance on compliance specific to the EMS Division.

II. GUIDELINE:

Leon County Government strives to maintain the highest ethical standards in the way we serve our customers, conduct business and treat our employees. In doing so, Leon County has established standards of professional conduct and a Code of Ethics that must be adhered to by all employees at all times.

- The following list of County policies relates to employee conduct. It is provided for ease of reference and is not a comprehensive list of all County policies.
    - Policy No. 03-05 – Code of Ethics 1.02.1
    - Section II – Conduct - Leon County Policies and Procedures Manual

- Employees must undergo background checks as outlined in Policy No. 03-11 – Background Investigations 11.01.1. In addition, individuals who are found to have been listed as debarred, excluded or otherwise ineligible for participation in federal health care programs will not be allowed to work in the EMS Division.

- The County has established a compliance phone line (850-606-5304) that employees may use to report incidents of fraud, abuse or unethical conduct they are aware of within Leon County Government operations, such as those outlined within the policies listed. Calls made to this report line are not traced and callers may remain anonymous, and Leon County prohibits retaliatory actions against those who, in good faith, call this line or otherwise report such activities. However, there may be circumstances during the course of an investigation in which a caller's identity becomes apparent, and reports may be subject to public records requests. This compliance phone line is an additional tool to report fraudulent, abusive or unethical behavior and does not limit other reporting methods such as making a report to a supervisor or the Chief of EMS. Internal staff concerns and disciplinary actions should be addressed through County management and/or human resources' grievance procedures and not this compliance phone line.

- Any supervisor who is made aware of incidents of fraud, abuse or unethical conduct must immediately report such information to the Chief of EMS. If the supervisor believes a conflict exists by doing so, they may report the incident to higher levels in the chain of command.

- In accordance with Section 12.06.8 of the Leon County Policies and Procedures Manual, an exit interview shall be conducted with all employees terminating employment with the County. Misconduct and incidents of fraud or abuse reported at this time will be treated the same as any other report of same.

- The Federal Anti-Kickback Statute provides criminal penalties for individuals or entities that knowingly and willfully offer, pay, solicit or receive remuneration in order to induce business reimbursed under the Federal and State health care programs. Employees are prohibited from such actions to gain business for the Division.

- The Federal False Claims Act prohibits anyone from knowingly presenting, or causing to be presented, a false or fraudulent claim in order to secure payment from the federal government. Employees are reminded that Standard Operating Guideline 119.00, Patient Care Records and Standard Operating Guideline 102, EMS Billing Process, specifically requires that all information presented in the documentation of the care and transportation of patients to be factual. No employee shall engage in making misleading statements or documentation for any reason, including the purpose of obtaining payments. Additionally, employees are required to accurately obtain appropriate patient signatures and information.

The County utilizes a third party for medical billing. The contract with the third party billing vendor requires that the billing vendor have a corporate compliance program in place and functioning. Additionally, an audit of compliance with OIG standards shall be periodically conducted.

All employees of the EMS Division shall be trained on the compliance standards of the County outlined herein. Initial training shall be conducted during the employee orientation program with each employee receiving annual training.

Standard Operating Guideline

Title:	Employees Volunteering with VFD
Effective:	June 2009
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	1

I. PURPOSE:

The purpose of this Standard Operating Guideline is to define the role of the LCEMS employee while responding to emergencies as a member of a Leon County based volunteer fire department.

II. GUIDELINE:

The provision of pre-hospital emergency medical care in Leon County is performed under the medical oversight of the medical director. Leon County EMS EMT and paramedic personnel, while on duty for LCEMS, have a duty to act and are governed by LCEMS SOG and Patient Care Protocol. This duty to act is not incumbent on VFD members while responding to a ***fire*** related emergency.

III. POLICY:

Employees of the Leon County EMS Division are permitted to respond as a member of a Leon County based volunteer fire department to fire incidents only and are ***NOT*** permitted to respond to medical assists.

If, due to extreme extenuating circumstances, you have no choice but to render medical care on the scene of a fire incident you should do so. However in these instances you must report this in writing to the on duty field operations supervisor and record the time worked on your time sheet. Please err on the side of patient safety and care.

LEON COUNTY EMS

Standard Operating Guideline

Title: Equipment & Vehicle Check-in

CAAS: 203.03.02

Effective: June 2009

Reviewed: December 2012, December 2015, December 2018, December 2024

Revisions: 2

Pages: 2

I. PURPOSE:

The purpose of this guideline is to define a procedure for checking-in ambulances and equipment at the start of each shift.

II. VEHICLE GUIDELINE:

All employees shall perform a safety check each shift of any vehicle they are assigned to drive. These checks will be documented in Operative IQ on the daily inspection form.The safety check will include:

1. Windshield washers and wipers
2. Directional signals / turn signals
3. Tires – check for adequate inflation, damage and tread wear.
4. Lights – all lights must be checked, inside and out, including dash lights. Check both high and low beam headlights.
5. Horn
6. Hydraulic system/ Breaks and Steering – When testing the brakes the engine will be on. They shall be tested by putting the vehicle in gear and applying the brakes to bring the vehicle to a stop. When the pedal is depressed it should move smoothly. When released the pedal should return to the raised position. When stopping there should not be any pulling to either side, grinding sounds or return pressure felt in the brake pedal. If brakes fade or any of the above symptoms are noted immediately notify Logistics or the Shift Supervisor and take the unit out of service.
7. Parking brake – The vehicle should not roll either forward or backward when the parking brake is applied.
8. Back-up alarm
9. Emergency lights
10. Sirens

11. Date / mileage due of next preventive maintenance. – Vehicles that are found to be due for preventive maintenance will be immediately reported to logistics.
12. Damage to the vehicle – all employees will complete the vehicle's damage report when taking responsibility for the vehicle. Upon return of the vehicle it will be inspected for new damage. Damage not previously noted on the vehicle's damage report will be assumed to have occurred during the employee's use of the vehicle. If new damage is noted it will be immediately reported in writing to the shift supervisor.
13. Motor oil
14. Brake fluid
15. Power steering fluid – should be checked while the vehicle is on a level surface and when the engine is warm but not running.
16. Air ride system
17. Automatic transmission fluid
18. Cooling system reservoir
19. Seatbelts – assure they are in proper working order. Buckles must lock into place and release when the button is depressed. Straps must not be ripped, torn or frayed.
20. Equipment – assure that all equipment is stored and secured in its proper place. Make certain that nothing can loosen and become a "missile" hazard in the event of a quick stop.
21. Interior temperature- to assure no extreme temperatures have been met which would affect medications.
22. Reporting Repairs Needed- Refer to SOG 131.00.

III. EQUIPMENT GUIDELINE:

All employees shall perform an equipment check each shift of any vehicle they are assigned to drive. These checks will be documented in Operative IQ. The equipment check shall include a minimum of: proper function of durable medical equipment, adequate supply of all equipment, expiration dates of medications, and documentation of the crew members completing the check. All deficiencies of equipment and vehicle repairs will be reported each shift.

Supply cabinets shall be secured with serial numbered, tamper evident devices. These are entered in and tracked through Operative IQ. Should the seal be found tampered with or any discrepancy found on check in, the crew shall be responsible for checking the contents of the cabinet, resupply as needed, resealing the cabinet, and documenting it in Operative IQ.

Standard Operating Guideline

Title:	EMS Posts at Fire Stations
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	2

I. PURPOSE:

To provide guidelines for LCEMS personnel (Fixed Station Units) at rural fire stations.

II.GUIDELINE:

The EMS posts at fire stations are to be kept in a clean and orderly way at all times.

III. PROCEDURE:

1. General Information

   A. All LCEMS personnel shall be professional, courteous and respect all those at the station regardless of what agency they represent.

   B. Each on duty shift is responsible for maintaining their assigned area in a clean and orderly state. LCEMS personnel will assist with station cleaning. All personnel will clean up after themselves and will not leave messes for others to clean. Cleaning will include, but not be limited to:

      - Make beds in the morning
      - Vacuum, sweep and mop station
      - Clean kitchen (including dishes and appliances)
      - Clean bathrooms
      - Dust or vacuum furniture

   C. Any supplies necessary for restocking and maintenance of vehicles or maintenance of rural post will be replaced by the person(s) using them prior to shift change.

   D. LCEMS personnel will complete vehicle check in at the start of their shift. As part of the check in, at or before 0700 Control will be notified via radio channel one of the crew member change. Vehicle check in must be documented in Operative IQ.

E. In station problems or issues shall be immediately reported to the Shift Supervisor.

F. LCEMS is a tobacco free Division. Use of tobacco products while on duty is prohibited.

G. Crews assigned to fire department post locations will remain at that location unless dispatched on a call or posted to assist in city coverage.

H. LCEMS personnel will sleep in the bed assigned to them. Beds will be stripped and remade at the beginning of the shift, but not at such a time that it will interrupt sleeping personnel. Naps after 12:00 PM are permissible. There shall be no sleeping on furniture other than the beds. Be courteous for others that are sleeping. Keep noise to a minimum. Televisions or any other device that makes noise may not be used in sleep rooms after 11 PM.

I. All county EMS personnel will assure that radio and phone access is available at all times that they are at a county station.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Holidays
Effective:	June 1, 2005
Reviewed:	March 2005, June 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

To provide guidelines for holiday pay for EMS field employees.

II. GUIDELINE:

- Holidays will be observed on the day the holiday occurs, not necessarily the day observed by the County offices. The holidays will be determined by the Board of County Commissioners.

- Paramedics, EMTs, controllers, dispatchers, or supply technicians scheduled to work on the designated holiday shall be paid double time for working on the holiday for all hours worked on the holiday. The holiday starts at 1200 am - midnight and ends at 1159 pm. All hours worked on the holiday must be documented on the time sheet. Any hours worked over 40 during the work week are eligible for overtime pay at time and one-half.

- If a full-time employee is not scheduled to work, he/she will receive 8 hours of comp time for the holiday.

- Holidays are considered "special days" for scheduling purposes in the TeleStaff system and requests for leave must be approved by a Deputy Chief in advance. Use of sick leave on a "special day," including holidays, must be accompanied by doctor's work excuse. Command Staff will designate what days are "special days" each year as needed for scheduling purposes.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Incident Reporting
CAAS:	202.05.01
Effective:	January 2004
Reviewed:	May 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	3

I. PURPOSE:

The purpose of this Standard Operating Guideline is to describe the process for employees to report incidents and unusual occurrences. Patient and crewmember safety is main concern for LCEMS. Any incidents during which this safety is compromised must be documented and addressed immediately.

II. GUIDELINE:

It is the guideline of LCEMS that every patient will receive a high level of consistent care. In addition, LCEMS personnel have the right to work in a safe environment.

III. PROCEDURE:

1. Incidents requiring documentation
   A. Any incident that is out of the ordinary shall be documented on the Leon County EMS Incident Report. The information provided on the Incident Report may be inappropriate to document on a Patient Care Report.
   B. The following types of incidents are required to be documented via a Leon County EMS Incident Report.
      - Explanation of delayed response time
      - Job related injuries
      - Dropping a patient
      - Questionable treatment done by other agencies
      - Medication/ treatment errors
        - To be documented on a Blue IQM incident report
      - Responses to complaints for patients or other members of the community
      - Motor vehicle collisions involving ambulances
      - Incidents during which policy or medical protocol had not been followed
      - Unusual occurrences after which Supervising personnel thinks it appropriate to document

- A crewmember may be required by Command Staff to write an incident report in response to an incident report already written by someone else.
- Some incidents may not be recognized as needing further documentation until after the end of that shift. In this case, a crew member may be required to write the report at a later date/time.

2. Procedure for filling out Incident Reports
   A. Immediately after the incident, the crew member involved will:
      - Notify the supervisor that an unusual occurrence has taken place.
      - Access Infor Public Sector to complete the Incident Report.
      - Accurately document the:
        - ✓ Date of incident
        - ✓ Time of incident
        - ✓ Run number
        - ✓ Date report was completed
        - ✓ Location of incident
        - ✓ Description of incident
        - ✓ Printed name of person filling out report
        - ✓ Signature of person filling out report

      - Personally will then submit the Incident Report online in Infor Public Sector.

3. Investigation of incidents
   A. Incidents will be investigated immediately by the on-duty supervisor or other Command Staff as deemed necessary.
   B. Specific attention will be given to all parties involved from their point of view. Additional Incident reports may be requested from other parties involved.

4. Resolution of incident
   A. Incidents shall be resolved as soon as all necessary information is obtained and analyzed; it will receive its deserved attention.
   B. For example, after a medication error the crew member involved will be counseled on the proper treatment/dose and be required to do remedial training in that area before returning to work.
   C. In any event, the crewmember or persons involved will be counseled and given feedback regarding that specific incident so that future occurrences will not happen.
   D. A copy of the incident report will be placed in the crewmember's file. Any additional similar occurrences will be noted as a repeat occurrence and be dealt with on a case by case basis.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	LODD Combined Funeral Service Guidelines
Effective:	June 2009
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	33

I. STATEMENT:

To provide funeral guidelines in the event of a Line of Duty Death of an employee of Leon County EMS and to provide general guidelines following the sudden death of a spouse or child of an employee.

II.GUIDELINE:

These guidelines should not be interpreted to mandate any particular service or procedure, they are however, offered as a guide to assist the survivors in planning a memorial that meets the needs of the surviving spouse or family members.

III. PROCEDURE:

Upon notification of the death of any Leon County EMS employee the following may be applied either in part or whole to facilitate compassionate timely handling of the memorial service and interment. If applicable, use the employees' Line Of Duty Death Questionnaire for guidance.

Line Of Duty Death: Any employee death that results while on duty or while undergoing medical treatment for any injury or disease resulting from such duty. This also includes the death of a department member while traveling in connection with such duty or while engaged in EMS activities while off duty.

Notification

Next of Kin

The importance of the next of kin notification cannot be over-emphasized. This process sets the tone for the difficult times the surviving family will face. Sensitivity and compassion are paramount.
The name of the deceased employee must never be released by the Department before the immediate family is notified. Do not inform neighbors of the death before telling the family. If asked, inform them you need to find the family regarding a medical emergency and ask if they know where the family can be found.

Family notification should be made as quickly as possible to avoid the family receiving a notification from another outside party. The media may employ many unscrupulous tactics to seek out the name of the fallen EMT or Medic. Use all necessary measures to protect the next of kin from unwanted media exposure.
For this reason, a Notification Team must assemble rapidly. The team should consist, if possible, of the Chief (or the highest ranking available Officer), Chaplain, Clergy (Family bishop, Pastor, Minister, etc.), Family Liaison Officer, and a friend of the family or close civilian family friend. Check the employee's Personal Information Packet for their wishes and or recommendations.
If the fallen employee's family lives far enough out of the area as to make the department's notification impractical, the local law enforcement agency in the area should be notified to make an immediate notification.
In the event that the department experiences the loss of more than one member, then multiple notification teams will be assembled and deployed.
Before arriving at the residence, verify the latest information, decide who will speak and what they will say. Because of the emotional circumstances involved, be prepared for the family to strike out and blame the department for their loss.

AGENCY PERSONNEL

EMS Department Members

It is very important that all members of the Department be notified of the death(s) as soon as possible, including those off-duty and vacationing personnel.
In the event of an on-duty death, the external monitoring of communication frequencies may be extensive. Communications regarding notifications should be restricted to the telephone whenever possible. Department personnel should not give out any information about the incident unless it is approved by the Chief or his designee.
For a line-of-duty death, a message, prepared and/or approved by the Chief, should be transmitted to personnel.

For a death other than a line-of-duty, an announcement should be transmitted to personnel.

Media

The line-of-duty death of an EMT or Paramedic is fortunately a rare occurrence for most EMS departments. When it does occur, the media, as well as many others are interested in obtaining as much detailed information as possible. Every effort should be made to provide *essential* facts, but the information provided should be offered only after the next of kin has been notified. Care should be given so that any information critical to an investigation of the incident is not compromised.
The Public Information Officer (PIO), with the approval of the Chief, can arrange for news conferences, written news releases and interviews. Information provided during a news conference should be prepared in advance. A press kit can be prepared that may include Bio(s), pictures, and service information.
The PIO should engage any media well off site so as not to impede command staff or others in

the organization while constantly searching for the "latest" information. It is important that daily operations are not compromised by crowds of information seekers. Law enforcement should be employed to limit access to headquarters by non staff members.

Staff Assignments

In order to provide the best possible tribute to the fallen, it is extremely important for the department to organize effective team(s) to manage all of the related activities.
The EMS Chief or in his absence, The Deputy Chiefs of Operations or Administration, has overall responsibility for directing the activities. It is recommended that the Chief assign, as a minimum, individuals to function as: Family Liaison Officer, if not already chosen by the decedent, Public Information Officer, Other assignments or personnel that may be established are Hospital Liaison, Benefits Coordinator, Agency Liaison, Financial Officer, Investigation Team Leader. It is also recommended that these duties be assigned to individuals now, before an incident occurs. This will allow those individuals an opportunity to research and recommend a course of action for the Department to follow prior to an incident. Backup personnel should also be assigned to positions in the event that the principal is unavailable. Generally command staff will fulfill most obligations. Recall of all Command Staff should begin as soon as the event occurs. All members of Command Staff should be familiar with the guiding principals of this policy and have a cursory knowledge of the different job descriptions necessary to stay ahead of the event. Job Description Sheets will serve to remind each of important tasks that should not be overlooked as well as a time line for implementation of each task.

Initial Actions

An emotional and tense situation occurs at an incident with the death, probable death, or injuries severe enough that they will likely lead to the death of a Paramedic or EMT. Actions; however, need to be taken to control the situation and to prepare for the events which will take place. (Refer to – LODD Checklist)

- ***Don't forget the rest of the incident.***
- ***Institute a radio discipline policy.***
- ***Assign a PIO:***
  Expect a major media event.
  Use prepared scripts so that the release of information is concise and accurate.
  Schedule press conferences.
- ***Begin notifications:***
  EMT or Paramedic's family;
  Chief and an additional representative from the department should notify (in person) the family of death and facts related to the incident. Have an Ambulance unit nearby, but out of sight.
  A family Liaison should remain with and/or be available to the family (24hrs) and should be the official conduit for all information to/from the family.
  All department personnel
  County Administrative staff
  Coroner for an autopsy (May be needed later on)

- **Initiate a thorough investigation into the incident**:
  Recover & secure all personal and protective equipment
  Secure the scene if possible – consider it a possible crime scene
  Establish an investigation team – should be separate and distinct from the Law Enforcement investigation team; but, both should work well together.
- **Contact support agencies**:
  Provide for critical incident stress debriefing and grief counseling for the department.
  Public Safety Officers' Benefit Program (PSOB)
  Neighboring departments
  Local or departmental clergy

Family Notification Suggestions

Next of Kin

Steps to be taken at the residence:
It is recommended to have a Paramedic and LCSO unit standby near the residence, but not in view, especially if there is a known medical problem with an immediate survivor.
At the door identify yourself and ask to come in. (Notification should take place in a private setting.)
When inside, ensure you are notifying the right person (Know everyone's names)
It is important to put all of the known basic facts into one sentence. Make sure the message is absolutely clear and direct.
Begin with, "I have very bad news" or "I am very sorry to tell you."
Let them know what happened, "Your husband, wife or child was killed while responding to an emergency call or on an emergency call." (Use the victim's first name when appropriate.)
Allow the family to express their emotions. Do not try to talk them out of their grief. Also, since this is a very sad time, do not mask your own grief.
Provide only the facts you know, never speculate. Answer all questions honestly. If you cannot answer a question, find the correct answer.
Avoid the following phrases: a) *"I know how you feel"* b) *"It was God's will"* c) *"Life will go on"* d) *"He would have wanted to go this wa*y" e) *"Be brave"* f) *"Passed away."*
Ask if the Department can assist by notifying immediate family members (parents, brothers and sisters).
Never leave immediately after making the notification. Have at least one member, preferably two members of the Department stay with the family preferably the Family Liaison Officer and one other.(Take 2 cars)
Do not take the victim's personal items with you.
Ask the survivor(s) if they wish to see the deceased employee, even if the body is badly disfigured. People often have a need to see, touch and hold the deceased; otherwise they may be in denial. This is often very helpful in the family grief process. It gives a sense of finality.
If family members wish to see the EMT or Paramedic, arrangements must be made rapidly for viewing if possible. Sensitivity to the family is very important. Provide the best possible environment and avoid delays that heighten the family's anxiety. (Note If the decedent was involved in what may be interpreted by Law Enforcement to be a possible crime scene or criminal investigation, access to the body for viewing by spouse or family members may be

delayed or denied temporarily, pending evidence collection by forensics teams or the County Medical Examiner)
Offer to transport the family to the location of the viewing, and help prepare them for what they will see. It is highly recommended that the family not drive themselves. If the family insists on driving, a uniformed EMS agency member should accompany them in the family vehicle.
(NOTE: If family members arrive on the scene during on-going operations it is important to identify them and keep them out of the direct flow of operations, particularly if the body is still trapped or on the scene.)
If you transport the family, advise dispatch that you are transporting the relatives and if possible, turn off your radio or switch to an alternate channel. Communicate by phone.
If the Department's Family Liaison Officer is not present at the notification, the family should be given the name prior to the team deployment. Write down their telephone and pager numbers. If possible, this person should already be known by the family.
Advise the family that the Family Liaison Officer will contact them to assist with the necessary arrangements.
Advise the family of possible media calls. Unwanted media exposure will only add to the difficulty of the tragedy. Suggest that a friend of the family screen incoming calls. Offer to be the media spokes person for the family, consider law enforcement standby at the families home.
Assure the family that their wishes are important to the Department.
Advise the family that an autopsy is often required and why it is necessary.
Ensure that the family understands that they do not have to make any immediate decisions regarding services, mortuary, wills, etc. The Department's Family Liaison Officer will be able to provide assistance.

LODD Checklist

____ Notification of Department Chief Officers
____ Notification of Leon County Risk Management
____ Radio Discipline Policy
____ Scene Security
____ Notification of local law enforcement agencies
____ Employee's Personal Information Packet Referenced
____ Notification Team Established
____ Notification Team - Verification of Information and deceased (Facts Only)
____ Notifications:
- ____ Family
- ____ Department Members
- ____ Local Officials
- ____ Neighboring Departments

____ LODD Investigation Team
____ Secure Employee's personal gear and safety equipment
____ Contact County Coroner & County or State Medical Examiner
____ Autopsy Arranged
____ Copies of Death Certificate (Minimum of 6 more is better)
____ Contact Support Agencies:
- ____ Leon County EAP
- ____ CISD Team
- ____ Bureau of EMS
- ____ Public Safety Officers Benefit Program

____ LODD Staff Assignments
- ____ Benefits Officer & HR Liaison
- ____ Financial Officer
- ____ Funeral Coordinator
- ____ Family Liaison Officer
- ____ Church Coordinator
- ____ Procession Coordinator
- ____ Cemetery Coordinator
- ____ Public Information Officer (Prepared media release)

____ LODD Supply Kit (mourning bands, bunting, flag, etc.)

Funeral Coordinator

____ Notify off-duty personnel.
____ Lower department flags to half mast.
____ Notify neighboring agencies.
____ Notify other City, County departments.
____ Collect and secure deceased members personal items for Family Liaison Officer
____ Contact support agencies for assistance benefits
____ Arrange for duty coverage during funeral

____ Arrange for law enforcement and other departmental assistance during funeral
____ Arrange post-funeral meal/reception
____ Coordinate all funeral arrangements with staff coordinators and department

Family Liaison Officer

____ Notify deceased members family in conjunction with the Chief
____ Contact hospital for family visit, if needed
____ Coordinate family's funeral desires with department
____ Coordinate benefit applications with family
____ Arrange for Family's child care as needed
____ Make post-funeral follow-ups with family

Church Coordinator

____ Coordinate Viewing/Vigil with Funeral Home Director, Family Liaison Officer and department
____ Coordinate church services with church/Funeral Home Director, Family Liaison Officer, and department
____ Coordinate Department staff roles
____ Coordinate Honor Guard
____ Coordinate Pallbearers
____ Coordinate/assist with services
____ Assist participants with arrival/parking/seating

Procession Coordinator

____ Coordinate staging areas
____ Establish procession route
____ Prepare maps/directions, as needed
____ Establish/coordinate processional order
____ Prepare Department vehicles
____ Coordinate staging, traffic control, etc. with law enforcement agencies

Cemetery Coordinator

____ Establish placement of personnel and guests
____ Coordinate staging, parking and security
____ Coordinate standby medical personnel
____ Coordinate Flyover with Air Medical Services
____ Coordinate flag presentation
____ Coordinate Bugler/Bag Piper

____ Coordinate Last Alarm Ceremony
____ Coordinate Dispatch Farewell Message
____ Notify participants of post-funeral arrangements

Public Information Officer

____ Coordinate all media contacts
____ Coordinate notifications
____ Surrounding Department Information
____ Local Public Officials
____ Other related State and local organizations
____ Set location for off site media staging

Family Liaison Officer (FLO)

The FLO is the primary EMS agency connection with the family – the conduit for all information that flows to/from the family. The FLO should be assigned a department vehicle for the entire funeral process and should be available to the family 24-hours a day by phone or pager.

The FLO should be prepared to discuss all parameters of the funeral process and ceremonies, and to counsel the family in its decisions. These may include, but are not limited to: the internment; wake; funeral home; religious service; cemetery; burial garment (uniform or other); music; eulogy; procession; reception; child/family care. The FLO needs to know what services the Department can and cannot provide.

The Family Liaison Officer should also work with the family to obtain necessary documentation – autopsy reports, birth and death certificates, marriage certificates, military records, and insurance documents. The FLO can assist in coordinating with the Benefits Officer the benefits due the family such as:

- Public Safety Officers Benefits
- Pension/retirement systems
- Local insurance benefits or Life Insurance
- Workers' Compensation
- Social Security
- Veterans benefits
- State/Federal education benefits
- Other local, state or regional organizations
- Setting up a Family Fund through a local bank.

Funeral Coordinator

The Funeral Coordinator is the overall coordinator for the Department's involvement in the

planning and participation in the funeral, and the after care for the family. This person must be able to effectively communicate with the Department Chief, funeral team members, Department members, and the public. The Funeral Coordinator, or designee, may have these additional duties:

- Conduct coordination meetings with key personnel as needed.
- Assure notification of all off-duty and vacationing personnel.
- Arrange to have flags lowered to half mast.
- Notify all other County Departments.
- Notify neighboring Fire Departments.
- Make appropriate follow-up contacts when the funeral arrangements have been made.
- Personally collect all of the deceased personal items and forward them to the Family Liaison Officer.
- Remain a contact person for outside agencies.
- Make appropriate arrangements for a post funeral meal/reception.
- Contact support agencies, as appropriate, to arrange for their assistance.
- Contact appropriate Department personnel to arrange for finalization of paperwork, forms, etc.
- Contact neighboring departments for purpose of station coverage during the funeral.
- Contact law enforcement and other agencies for assistance during the funeral.

Church Coordinator

The Church Coordinator assists with all phases of the funeral and/or memorial services. He/she works closely with the Family Liaison Officer to ensure that the needs and desires of the family are being met. Duties may include:

- Working with the Funeral Home Director to ensure that the family is taken care of appropriately in the planning of the funeral.
- Determine whether department vehicles will be used as a funeral coach, family transportation, and for the processional.
- Coordinate with the Honor Guard.
- Obtaining and delivering to the Funeral Home Director burial clothing from the family or from the Department.
- Coordinates any formal walk-through of uniformed personnel during the period of viewing.
- Assists in coordinating the funeral service such as prayers, readings, music, and eulogies.
- Assists with arrival and seating of EMS department members, visiting departments, dignitaries, friends, and family

Procession Coordinator

It is the responsibility of the Procession Coordinator to coordinate the procession from the funeral service to the cemetery. Duties may include:

- Coordinating with other departments that will be involved with the procession.
- The cleaning and preparing of Department vehicles.
- Establishing staging areas for vehicles and apparatus at both the funeral service and at the cemetery.
- Determining if agency vehicles will be used.
- Contacting and working with the Police Liaison Officer in setting up traffic control, directing traffic, and assisting in the staging areas.
- Determining and placing the procession vehicles in order.
- Determining the route of the procession, how long the procession will be and if the procession will pass in front of special locations.
- Providing maps and directions to the service.
- Assigning personnel to assist in parking cars as well as setting up personal vehicles for the processional.
- During a walking procession, directing individuals into proper placement.

Funeral Considerations

Decisions regarding the funeral are the responsibility of the family. However, consideration should be given to the individual's wishes, if he/she communicated those wishes before his/her death (Personal Information Packet); the family's religious traditions; and, Emergency Medical Service traditions.
The honors and support provided by the agency may be affected by circumstances surrounding the death, established departmental protocol and the classification (type) of death.

Classifications

LODD - Death occurs as a result of an on-duty incident or is job related.

NON LODD - Death occurs when an active employee is off-duty and not relating to any emergency activities.

Retiree - Death pertains to a retiree of the department.

Employee Spouse or Child- Full departmental support and attendance as available, Dependent on Employee or Family wishes.

Suggested Services for Funeral Types

Listed below are the different types of situations and suggested services which may be offered to the family. The Family Liaison Officer should coordinate the arrangements with the family. The most important item in any situation is that prior approval of any and all funeral services must be given by the family of the deceased. Under no circumstances should assumptions be made.

Suggested Options

OPTION	LODD	Non LODD	Retiree
American Flag Presentation	X	X	X
Badge Shrouds	X	X	Opt
Flyover	X	Opt	Opt
Alarm Service	X	Opt	Opt

Active Member Pallbearers	X	Opt	X
Station Bunting	X	X	
Walk Through	X	Opt	

Funeral/Memorial Service Guidelines

LODD – On Duty

All available department personnel to attend in full uniform, including off duty members.
All members will wear a black band over their badges from the time the death is announced until 24 hours after the finish of service. The department may choose to have the shroud remain on the badge for thirty day mourning period.
All department flags will fly at half-staff from the time of the death is announced until at least 24 hours after finish of service, and up to one week after death.
All Honor Guard members will be covered at all times during the performance of their duties.
Seating will be reserved as such that the family is nearest the casket followed by the Pallbearers, the department officers, descending in rank, followed by all other members of the home department. Following that will be all visiting uniformed agencies, from the longest distance traveled to the least traveled. Leon County Commissioners, Administrators, and other dignitaries (from local to most broad (i.e. Federal), will be seated either to the side of the home department, or directly behind the home department.
Upon conclusion of the service, all personnel starting with the Pallbearers, and going further from the casket, will file out, being the first to leave, to assemble outside in preparation of the passing of the casket.
The casket will precede the family filing through the assembled LCEMS EMT's and Paramedics to the Funeral Coach.
Directly behind the casket as it exits the chapel/church will be the immediate family, followed by extended family and all other attendees.
The Pallbearers will then place the casket in the funeral coach.

Non LODD – Off Duty

All available department personnel asked to attend in uniform, including off duty members.
All members will wear a black band over their badges from the time the death is announced until 24 hours after finish of service, and up to one week after death.
All department flags will fly at half-staff from the time of the death is announced until at least 24 hours after finish of service, and up to one week after death.
Seating will be reserved as such that the family is nearest the casket followed by the Pallbearers, any department officers who wish to attend, followed by all other members of the department. Following that will be any visiting uniformed agencies. Any dignitaries will be seated either to the side of all uniformed employees, or directly behind them.
Upon conclusion of the service, all personnel starting with the Pallbearers, and going further from the casket, will file out, being the first to leave, to assemble outside in preparation of the passing of the casket.
The casket will precede the family filing through the assembled LCEMS EMT's and Paramedics to the Funeral Coach.
Directly behind the casket as it exits the chapel/church will be the immediate family, followed by extended family and all other attendees.
The Pallbearers will then place the casket in the funeral coach.

Retiree Death

All available department personnel are encouraged to attend in full uniform, including off duty members.
All members may wear a black band over their badges from the time the death is announced until 24 hours after finish of service.
All Honor Guard members will be covered at all times during the performance of their duties.
Seating will be reserved as such that the family is nearest the casket followed by the Pallbearers, department officers, all other members of the home department, all visiting uniformed agencies, and any applicable dignitaries.
Upon conclusion of the service, all personnel, starting with the Pallbearers, and going further from the casket, will file out, being the first to leave, assembling outside in preparation of the passing of the casket.
The casket will precede the family filing through the assembled LCEMS EMT's And Paramedics to the Funeral Coach.
Directly behind the casket as it exits the chapel/church will be the immediate family, followed by extended family and all other attendees.
The Pallbearers will then place the casket in the funeral coach.

Employee Spouse or Child
While it may not be appropriate or welcomed by the Spouses family members for an agency to participate in a spouse's or child's funeral services, Employee attendance and

support for the loss of a fellow department members immediate family member is particularly worthwhile and appropriate. Agency members are encouraged to attend in uniform as a sign of respect and support for a fellow agency member. Should the spouse or family request a private service their wishes will be honored.

Guidelines for Processional to, and Assembly at Graveside

LODD – On Duty

Vehicular Procession

It is again the responsibility of the Procession Coordinator to ensure that the order for the vehicular processional is appropriate, as follows, and that Piper(s), Drummer(s), Bugler/Bag Piper and Color Guard are standing by at the cemetery.

- Lead Car provided by funeral home, containing appropriate Clergy/Department Chaplain
- Funeral Coach, with Pallbearers, riding inside, or immediately following family in one vehicle if funeral coach
- Car or Limousine with Immediate Family
- EMS Chief Car followed by officer cars and dignitary cars
- Additional Home Department Vehicles
- Visiting Department Apparatus from the longest distance traveled
- All other Home Department Personnel, if in personal vehicles
- All other Visiting Department Personnel, if in personal vehicles
- All other Miscellaneous Vehicles

Assembly at Graveside

- The Bugler/Bag Piper/Bag Piper will be approximately 20 feet past the gravesite.
- Walk of Honor – the members of the home department shall line up on both sides of the path, in an organized fashion from the Coach to the graveside, approximately 10 feet apart with all additional home, and visiting department agencies lining up behind the front row of LCEMS EMT's and Paramedics.
- Once the agencies are appropriately assembled, the Color Guard if used will line up at the beginning of the Walk of Honor followed by the Clergy/Chaplain.
- At this point the Pallbearers will remove the casket from the Coach and the Honor Guard will command "Attention". All uniformed agencies will then come to attention, awaiting the command "Present Arms" which will signal the Pallbearers to begin carrying the casket down the Walk of Honor, and all uniformed agencies will salute.
- The casket will be followed in order by the Immediate Family, the EMS Chief and Officers, and command staff in descending rank, and other dignitaries.
- Once the casket reaches the gravesite, any selected music may commence. The

command "Order Arms, Fall In" will be given, instructing the agencies to move from their places in the Walk of Honor, to, directly behind (or across from) the family, who are to be seated directly in front of the casket.

- The appropriate Clergy/Chaplain then should step forward with the graveside message, which may include the 23rd Psalm.
- At the close of the graveside message, the Clergy/Chaplain may then commence with "Let us now pray." At this time, all are expected to bow their heads in respect.
- Once the Clergy/Chaplain has finished his prayer, all personnel will recover, and the Honor Guard will remove the flag from the casket (if used), and fold it for presentation to the family.
- The flag will be passed from one member of the honor guard to the honor guard commander, with both members of the honor guard saluting as it passes.
- The presentation to the next of kin will be made by the Chief, who will present it as he explains,
  "This flag is presented on behalf of a grateful County, as a small token of our appreciation for the honorable and faithful service, and great sacrifice of your loved one.
- It is then appropriate for the dispatcher to announce this farewell message.
  "The members of Leon County Emergency Medical Service wish to thank (rank and name) for his/her __# years of services to the citizens of Leon County. Although you are gone, you will never be forgotten."
- At the conclusion, the Honor Guard Commander will command "Attention, Present Arms" and the Bugler/Bag Piper will begin to play 'Taps' or some other selected tune(s).
- At the conclusion of 'Taps' the command "Order Arms" will be rendered, and the Uniformed agencies will stand at attention until the family has begun to depart.
- Information about the reception or other family desires may be announced.
- At this point the Honor Guard Command will command, "Dismissed" concluding the services.

Non LODD Death

Procession

It is again the responsibility of the Procession Coordinator to ensure that the order for the vehicular processional is appropriate, and that the Bugler/Bag Piper is standing by at the graveside.

- Lead Car provided by funeral home, containing appropriate Clergy/Chaplain.
- Funeral Coach, with Pallbearers immediately following family in one vehicle
- Car or Limousine with Immediate Family
- EMS Chief Car
- Additional Home Department Vehicles
- All other Department Personnel
- All other Vehicles

Assembly at Graveside

- The Bugler/Bag Piper if used will be standing approximately 20' past the gravesite.
- At this point the Pallbearers will remove the casket from the Coach and begin carrying the casket to the graveside.
- The casket will be followed in order by the immediate family and present uniformed employees.
- Once the casket reaches the gravesite, any chosen music may begin. The appropriate Clergy/Chaplain then should step forward with the graveside message, which may include the 23rd Psalm, depending upon the wishes of the family.
- At close of the graveside message, the Clergy/Chaplain may then commence with "Let us now pray." At this time, all are expected to bow their heads in respect.
- Once the Clergy/Chaplain has finished his prayer, all personnel will recover
- It is then appropriate for the dispatchers to announce this farewell message. *"The members of the Leon County Emergency Medical Service wish to thank _____ (rank and name) for your service to the citizens of Leon County, although you are gone, you will never be forgotten."*
- At this point the services are concluded.
- Information about the reception or other family desires may be announced.

Retiree Death

Procession

It is the responsibility of the Procession Coordinator to ensure that the order for the vehicular processional is appropriate, and that the Bugler/Bag Piper is standing by at the cemetery, according to the family's wishes.

- Lead Car provided by funeral home, containing appropriate Clergy.
- Funeral Coach, with Pallbearers immediately following family.
- Car or Limousine with immediate family.
- EMS Chief Car
- Additional Department vehicles
- All other Department Personnel
- All other vehicles

Assembly at Graveside

- The Bugler/Bag Piper if used will be positioned 20' past the gravesite, according to the wishes of the family.
- At this point the Pallbearers will remove the casket from the Coach and begin carrying the casket to the graveside.

- The casket will be followed in order by the immediate family and present uniformed employees.
- The musician may begin playing as they approach from the distance.
- Once the casket reaches the graveside.
- The Clergy should then step forward with the graveside message, which may include the 23rd Psalm, depending upon the wishes of the family.
- At the close of the graveside message, the Clergy may then commence with "Let us now pray." At this time, all are expected to bow their heads in respect.
- Once the Clergy has finished his prayer, all personnel will recover.
- If it is appropriate, according to local custom, for the dispatch to read this farewell message over the radio. *"The members of Leon County Emergency Medical Service wish to thank (rank and name) for his/her ___# years of services to the citizens of Leon County, although you are gone, you will never be forgotten."*
- At this point the services are concluded.
- Information about the reception or other family desires may be announced at this time.

Viewing/Vigil Considerations

The family may desire to have a time for a viewing or vigil. The Department should coordinate its participation with the Family Liaison Officer. Often the family will request Honor Guards be posted at each end of the casket. It is generally proper protocol for the Honor Guards to wear their uniform hat inside the church or mortuary, including the time spent posted alongside the casket. Gloves should also be worn. It would be acceptable for immediate family members to be escorted by Department personnel to and from the viewing. It may be helpful to have members of the Critical Incident Stress Management (CISM) Team available for counseling.

Memorial Service Logistics

There are a number of issues regarding the memorial service that should be taken into consideration:

- Ensure the facility is large enough to handle the anticipated numbers. You may have to plan for an overflow.
- The Department may need to coordinate traffic control and parking with other agencies.
- Work with the family in establishing the program and obtaining speakers for the service.
- Assist with the printing and distribution of a written program.
- Coordinate seating arrangements for the family, VIP's, Department personnel, visiting departments, officials, and civilian friends.
- Arrange for an adequate PA system.
- Coordinate music requests from the family with musicians, etc.
- If services are held outside, arrangements may be required to a tent, chairs, restrooms, water, stage, power, etc.

- Rehearsals may be needed for key personnel particularly Pall bearers
- Coordinate Last Alarm ceremony with dispatch
- Provide Lat/Lon coordinates and coordinate timing and direction of over flights with air medical services

Recommended Presentation Order for Memorial Service

- Invocation
- Prayer
- Opening remarks/greetings
- Special music
- Special reading/clergy remarks
- Scripture Speakers
  - County Officials
  - State or Federal officials
  - Family representative(s)
  - Department representatives, friends
- Eulogy – Chief or designated by Deceased
- Special music
- Presentations
- Closing remarks/prayer
- Last Alarm Ceremony
- Dismissal instructions

Suggested Presentation of the Emblem

- The EMS Chief may present the deceased members badge to the family.

  (Name of nearest of kin) it is an honor that I have the privilege of presenting to you an emblem of the Department of which our late brother/sister was a member; his/her emblem symbolizes the esteem we held for him/her. May the memory therefore always bring happiness.

Suggested Last Alarm Ceremony

- Chaplain or Department member can read or recite:

  Throughout most of history, an EMT's or Paramedics life has been closely associated with the sounding of an Alarm. As they began their hours of duty, it was the Alarm that started it off. Through the day and night, each Emergency was sounded by an Alarm, which called them to place their lives in jeopardy for the good of their fellow citizens.

An now our Brother/Sister _____ has completed his/her task, his/her duties well done, and the Alarm Sounds in memory of, and in tribute to his/her life and service.

- Officer in charge call the department to Attention.
- Color Guard called to "Present Arms."

- *(Signal Alarm tone for 3 sec. Call "Leon (ID#)" 3 times, brief pause, then "No Response" "Silent now and forever more"*

- Color Guard called to "Order Arms."
- End of ceremony

Recommended Program for Internment

- Assembly
- "Attention, salute" (command given, ready two, when casket is placed over the grave).
- Opening prayer
- Scripture reading
- Committal reading, closing prayer
- Taps/ Bag Piper Music
- Flag folding (NOTE: Flag option for veterans.)
- Flag presentation by Chief
- Gun Salute and/or Last Alarm Ceremony
- Reception/family announcements
- Attention, dismissed.

Suggested Graveside Services

- Chaplain or Department member can read or recite:

Reverently we commit the body of our brother/sister to the grave (flames, if cremation) "Earth to Earth" – "Ashes to Ashes" and "Dust to Dust." Though our brother/sister has passed beyond our mortal view, through our faith in the Almighty we know that we can leave him/her in the hands of the Supreme Chief of the Universe who doeth all things well; who is glorious in His holiness: wondrous in His power; and, boundless in His goodness and love to His children.

Now, my brother/sister, with a firm faith in the almighty, we know we shall meet

you again in His house and until then – my brother/sister – farewell.

May the Almighty bless thee and keep thee; let His face shine upon thee and be gracious to thee; may the Almighty lift up the light of countenance upon thee and give thee peace. AMEN.

Reception Logistics

It is often the Department's responsibility to organize and provide food and refreshments at a reception at the conclusion of the burial service. This will probably take place at a location away from the cemetery. The Funeral Coordinator should assign an individual to coordinate the activity. The following should be taken into consideration:

- Location site – to ensure site is suitable in size, with adequate parking and adequate facilities.
- Maps to be passed out at the cemetery
- Number of anticipated attendees
- Anticipated starting/closing times
- Menu and refreshments (provided by Department or catered).
- Tableware and seating
- If outside, tents, restrooms, seating
- If speakers/program, PA and stage
- Relocation of flowers
- Department provided transportation for individuals.

Setting Up Memorials

Paying tribute to the fallen coworker is honorable and should be done. Setting up a memorial can also help with the healing process of the family and the Department. Permission should be obtained from family member before setting up the memorial.

There are several ways a memorial can be made – erecting a permanent memorial marker; establishing a trust or scholarship fund (check with the bank for the proper type and number of accounts); annual Department memorial service; and, national memorial service.

Survivors Benefits

The death of an EMT, Paramedic or coworker is often a difficult time for the entire department. Many details and arrangements need to be addressed in a short period of time. One major item which is often overlooked is the identification and completion of the various claim forms that are required to assure the deceased member's family receives the benefits available to them. The department should take the responsibility for

seeing that this is cared for. The benefits available can vary as a result of the circumstances surrounding the cause of death, whether the employee was fulltime, part time, or PRN, prior affiliations and places of employment and locally established benefit options. The Department should research and prepare a listing of the potential benefits available to its members.

Federal Benefits

Public Safety Officers' Benefit (PSOB) Program

The PSOB Program provides a one-time financial benefit to the eligible survivors of public safety officers whose deaths, or permanent and total disability, are the direct and proximate result of a traumatic injury sustained in the line of duty. The total benefit amount is adjusted annually, as of October 1, 2005, the benefit was set at $283,385.

Following the death of a Paramedic or EMT, the Department needs to identify a departmental liaison with the PSOB Program. The liaison then needs to:

- Call the PSOB at 1-888-744-6513 (If you need to notify PSOB on an evening or a weekend, leave a message. Be sure to include all of the required information.)
- Provide accurate, up to date information including,
  - EMS department name and address
  - Liaison's name
  - Phone number for the department and liaison
  - A fax number or mailing address so the PSOB can send the Death Benefits Questionnaire
  - Deceased employee's name
  - Date of the incident and death
  - A brief description of the incident

The department liaison must complete and return the Questionnaire to PSOB immediately. This information is vital. In describing the incident, as much detail as possible should be given; however, do not speculate if the cause of death is not known.

The PSOB will send an information package with a form (Report of Public Safety Officer's Death) that the department must complete and a form (Claim for Death Benefit) that the survivors must complete and sign. With the form the family submits, several original documents will need to be attached (e.g., birth certificate, marriage license, divorce decree, etc.). PSOB will not return items unless specifically requested to.

Upon verification of the claim, the PSOB will notify the next-of-kin of the status of the claim. The Department liaison should be available to provide assistance to the family.

Department of Veterans Affairs

The Department of Veterans Affairs may be able to provide family assistance for veterans in obtaining a burial site, marker and flag. Contact the VA at 1-800-827-1000.

Social Security Administration

Depending on the work history of the deceased employee, and their participation in the Social Security program, his/her family may be eligible for benefits provided by the Social Security Administration (SSA). Assistance can be obtained from regional SSA offices or at www.ssa.gov.

If eligible, survivor benefits may include:

- A one-time lump-sum payment of $255.00 is payable to the surviving spouse provided the deceased employee and the spouse were living together at the time of death, or the surviving spouse is entitled to survivor benefits. If there is no surviving spouse, the lump sum is paid to children who are eligible for benefits. Otherwise, the lump sum is not payable.
- Social Security will pay survivor benefits to a surviving spouse and dependent children. For the spouse to qualify, he/she must be at least age 60, or between the ages of 50 and 59 and disabled, or any age and caring for a child under the age of 16 or a disabled child. Children may qualify for benefits if they are under age 18 (or under age 19, if in high school) or disabled. Dependent parents and former spouses may also qualify for survivor benefits. The amount of the benefit depends on the deceased employee's Social Security earnings and the number of survivors eligible for benefits.

Family Issues
How to Help the Family…

From Time of Death through the Funeral

Only promise what you actually can do. Keep all of your promises

- Notify the Department of Justice of the Death. This will begin the process of reviewing eligibility for the Public Safety Officers' Benefits Program.
- Work with the family in planning the funeral. *Remember that the family's wishes should always come first*. If they want a private funeral, the department may consider holding a memorial service; however, the family should still be consulted.
- If there are children in the family, consider creating a special role for them. Offer to assist with lodging or transportation for out of town relatives and friends.
- Offer to have a member of the department stay with the family prior to the funeral. In smaller departments, consider rotating people as needed in

order to maintain a department presence with the family.

- ❖ Have someone available for tasks such as answering the phone, driving the family to the funeral home to make arrangements, or running errands.
- ❖ Help coordinate household duties such as food preparation, cleaning, and childcare. Do necessary maintenance such as mowing the grass.
- ❖ If donations are collected for the family, set up bank accounts in the families name to deposit these funds.
- ❖ Coordinate with local law enforcement officials to make routine checks of residence and neighborhood.
- ❖ Assign a department member to help the family set guidelines for dealing with the media.

Family Issues
How to Help the Family…

Ongoing Support

Only promise what you actually can do. Keep all of your promises.

- ❖ Instead of saying "Call if you need anything" offer to help with specific tasks and then follow through. For instance, say "I would like to come over on Thursday to fix the fence.
- ❖ Continue to talk with the family about your memories of the EMT or Paramedic. Most families want to hear about their loved one, even if it is emotionally difficult.
- ❖ Remember that parents of a fallen Employee need support and contact just like spouses and children do.
- ❖ Help with what the Deceased used to do – yard work, fixing things around the house, attending children's sports and school events, etc.
- ❖ Take all steps necessary to secure benefits for the family. The process is often lengthy, so keep the family involved.
- ❖ Continue to invite the family to department events, but don't be disappointed if they don't always attend.
- ❖ Remember that some events, such as holidays and the anniversary of the date of death, may be especially difficult for the family. Even families who seem to be doing well may need extra support and contact during these times.
- ❖ Contact the family before releasing any information on investigations, incident reports, etc.
- ❖ Consider creating some kind of tribute to the fallen EMT or Paramedic. This could be a local memorial, a video tribute, a scrapbook, or a scholarship in the employee's name. Prepare a tribute that is fitting for your service and special to the family.

Resources

Public Safety Officers' Educational Assistance Program, Department of Justice – Provides support for higher education expenses through an established monthly allowance for eligible survivors. It may be used to defray expenses such as tuition and fees, room and board, books, supplies, and other education-related costs. For classes taken after October 1, 2005, the program offers up to $827 per month for full-time students and lesser amounts for part-time students. This educational assistance program is limited to survivors who qualified for Public Safety Officers' Benefits. Spouses are eligible for benefits at any time. Children are only eligible for expenses that occur prior to their 27th birthday. All awards are reduced by the amount of other governmental assistance that a student is eligible to receive.

PSOB Fact Sheet

On September 29, 1976, the President signed Public Law 94-430 establishing a death benefit to eligible survivors of firefighters and police officers from local, state and federal organizations. The legislation became known as the Public Safety Officers Benefit Act (PSOB). The Act has been amended several times since 1976. The most profound amendments came in November 1988, November 1990, October 2001, and December 2003.

The PSOB Act, amended in 1988, increased the death benefit to $100,000. It had an escalator clause tied to the Consumer Price Index, which increases every October 1. Death benefits to public safety officers on and after January 1, 2001, became $250,000. Based on the Consumer Price Index as of October, 2005, the benefit has increased to $283,385.

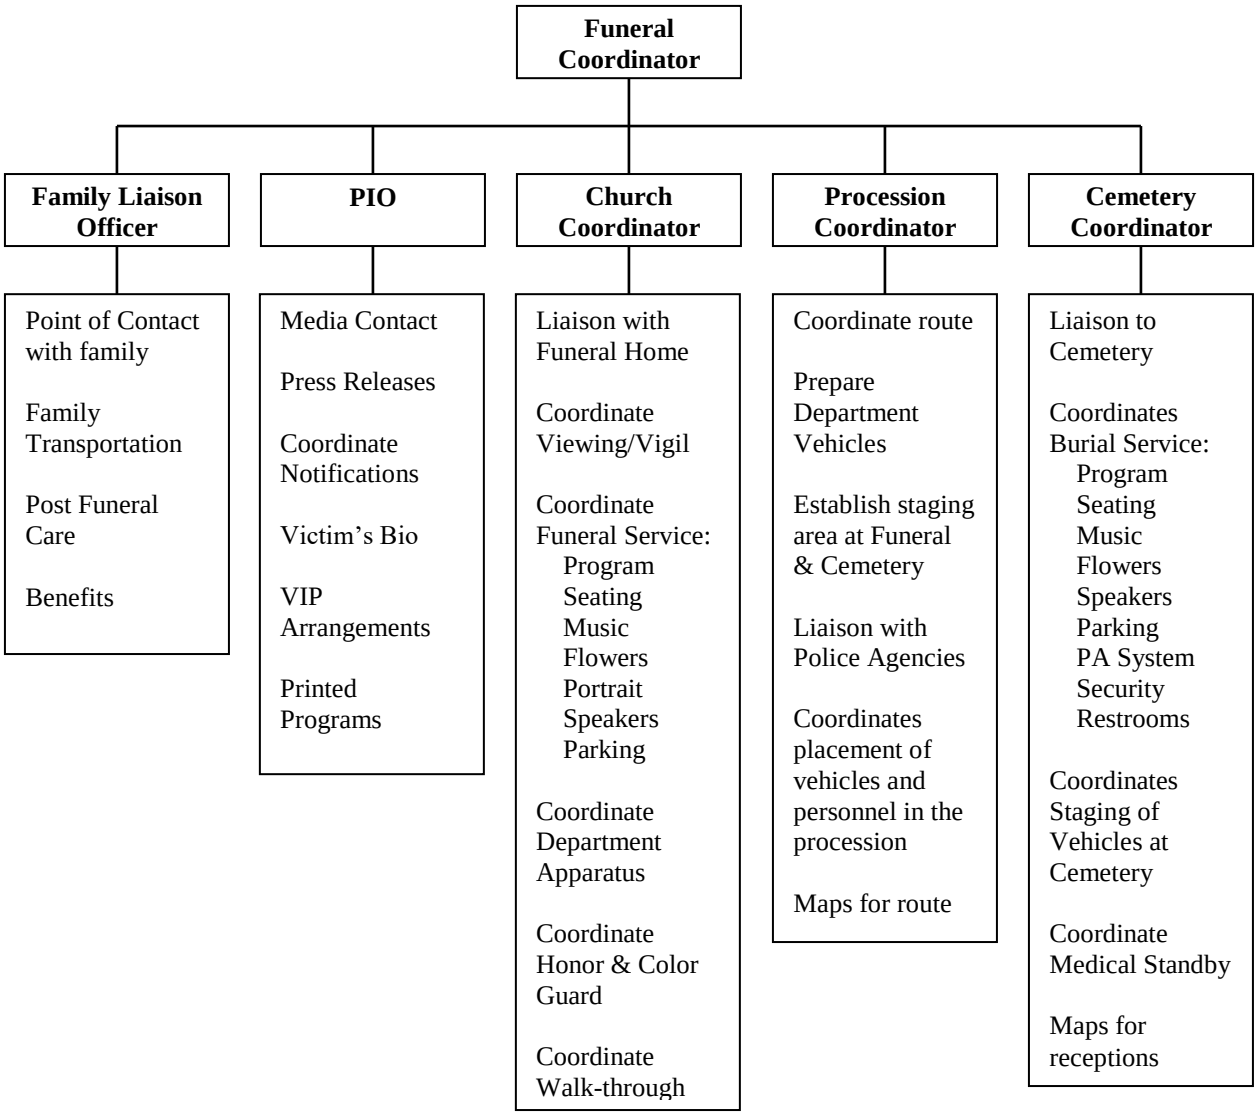
Among the 1988 amended changes made were beneficiary requirements. The Act added benefits for the survivors of single firefighters or police officers, including parents, without regard to dependency. Spouses became eligible automatically, as did stepchildren, adopted children and children born to unmarried parents. Parents also were included if they were the only survivors - whether or not they were dependent on the child - as long as a parent/child relationship existed.

Children over 18 are eligible when they are less than 23 and a full-time student. When there is a surviving child or children, and a surviving spouse, one-half of the benefit will be provided to the child or children of the officer in equal shares. One-half goes to the surviving spouse.

Because the PSOB benefit is not paid into the deceased officer's estate, benefits are not paid when an officer dies without an eligible survivor.

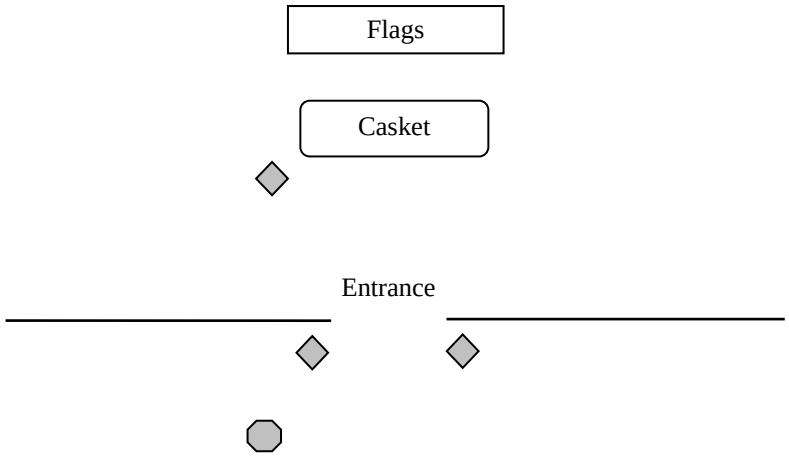
To be covered, a firefighter or rescue squad person must be an officially designated member of a fire or rescue squad (department). Under the law, an "officially designated" person is one who is carried on the department's membership roll as an active member. If not on the listed roll, beneficiaries must prove that the individual was conscripted legally at the scene of an emergency to engage in emergency operations.

To be covered, a firefighter's death must be the result of a traumatic injury suffered in the line of duty. A traumatic injury is a blow to the body by an outside force. An accident in which the victim suffers crushing injuries in a building collapse is eligible, as well as accidents involving apparatus or falls. Burns, smoke inhalation and such climactic injuries as heatstroke or frostbite are considered traumatic injuries.



Death from stress, heart attacks, strokes and diseases, including occupational diseases, are not covered by the law unless a traumatic injury was a substantial factor in the death. To be a substantial factor, a traumatic injury must have been capable in itself of having caused the death. Smoke inhalation is considered a substantial factor in a heart or stroke related death when the firefighter's blood/carbon monoxide level is 10% or greater for nonsmokers, 15% or greater for smokers.

Excluded from the coverage are deaths from suicide, intentional misconduct, gross negligence and voluntary intoxication. Intoxication is described as evidence by a



postmortem blood alcohol level of .20 per centum or greater. A postmortem blood alcohol level of a least .10 per centum, but less than .20, will exclude coverage unless the Bureau receives convincing evidence that the public safety officer was not acting in an intoxicated manner immediately prior to his/her death. Exclusion will also be made if the blood tests show evidence of the introduction of drugs or other substances into the blood.
President Bush, on December 1, 1990, signed into law the "Crime Control Act of 1990." This legislation includes a major revision to the PSOB. The revision at that time made available $100,000 to any public safety officer who becomes permanently and totally disabled as the direct result of a catastrophic personal injury sustained in the line of duty. An amendment to the Crime Control Act of 1992 changed the funding so the death and disability benefits are the same. Thus the disability benefit is $250,000 until October, 2002. The catastrophic injury is defined as "consequences of an injury that permanently prevents an individual from performing any gainful work." As with the death benefit, the amount of the award will be adjusted annually.
Limitations to the new PSOB are that beneficiaries are not eligible to collect both the disability and death benefits.
An example of this limitation would be if a firefighter became permanently injured, collected the disability award and later died from the injuries, his beneficiaries would not be eligible for the death benefit.
Congress and the President amended the Act in 1998, which the Bureau of Justice Assistance implemented
September 14, 1999, to include a revision to provide educational assistance to spouses and children of all Public Safety Officers killed in the line of duty or permanently and totally disabled by catastrophic injuries sustained in the line of duty. The dependents will be eligible on a retroactive basis if the Safety Officers death or disability occurred on or after October 1, 1997.
On October 25, 2001, the United States Congress voted to significantly increase the benefit to $250,000. The provision, included as part of the anti-terrorism bill (H.R. – 3162), is retroactive to January 2001.
On December 15th, 2003, President Bush signed into law the Hometown Heroes Survivor Benefits Act (S. 459 /

Standard Operating Guideline

Title:	Locker Policy
Effective:	June 2009
Reviewed:	December 2012, December 2015, December 2018
Revisions:	2
Pages:	1

I. PURPOSE:

To provide guidance on lockers provided by Leon County for use by employees.

II. GUIDELINE:

Lockers are provided by the County for the convenience of all employees to secure their personal property and County owned property issued to the employee. No other County owned property shall be stored in the lockers. Lockers are considered and remain the property of Leon County.

Employees are responsible for security of the locker at all times and for providing their own lock for use. Leon County assumes no responsibility for loss or damage to the personal property of an employee. If the employee is unable to open the locker due to lock damage, malfunction or loss of key; the employee is responsible for the costs associated with removal of the lock and any damage to the locker as a result.

Employees are responsible for the cleanliness of the locker at all times. The lockers shall not be defaced and no writing, pictures or other materials may be displayed or placed on the outside of the locker.

Lockers shall not be used for the storage of any obscene, hazardous or other prohibited materials considered inappropriate for work purposes.

After termination of employment the employee's assigned locker will be cleaned out in the presence of a supervisor. If the employee is not present or has not cleaned out the locker on the last day of employment, the lock shall be removed by whatever means necessary, including destruction, by the County so that the contents of the locker can be returned to the employee and the locker can be cleaned and readied for use by other employees.

Title:	Medical Control Authorization & Protocol Revision
Effective:	June 1, 2005
CAAS:	201.02.01
Reviewed:	January 2009, December 2012, December 2015, December 2018
Revision:	4
Pages:	1

I. PURPOSE:

To provide guidelines for medical control authorization and protocols.

II. GUIDELINE:

- EMTs & Paramedics are certified by the State of Florida and must work under the medical license of the service Medical Director. Florida Statute 401 §401.265 (1) states "*…The medical director must supervise and assume direct responsibility for the medical performance of the emergency medical technicians and paramedics operating for that emergency medical services system...*"

- The Leon County EMS Medical Director has full authority to either allow or not allow an EMT or Paramedic to function under his / her medical license. If the LCEMS Medical Director does not allow an EMT or Paramedic to function under his / her license that EMT or Paramedic will not be permitted to work for LCEMS.

- The Leon County EMS Medical Director will authorize medical protocols for use by Leon County EMS EMTs and Paramedics.

- The Leon County EMS Medical director, working with the Deputy Chief of Clinical Affairs, and other Leon County EMS employees, will review and revise the medical protocols as needed, at least every three years.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Minimum Equipment Carried Into a Scene
Effective:	October 2007
Reviewed:	January 2010, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	2

I. PURPOSE:

The purpose of this Standard Operating Guideline is to ensure that all appropriate equipment required to provide essential patient care is carried into every scene. Emphasis is placed on airway and breathing.

II. GUIDELINE:

It is the guideline of LCEMS that every patient will receive a high level of consistent care. The "Standard of Care" for LCEMS and supported by the Medical Director is to be appropriately equipped upon arrival at every call. This standard applies to all EMTs and Paramedics, while on duty and responding to calls within our area of responsibility. Any standbys are to be treated as a call.(e.g. if at a fire stand by, have oxygen and jump bag with you). When in doubt, err on the side of caution and have items necessary to provide a level of care indicative of the symptoms conveyed by the dispatcher (e.g. have the cardiac monitor if going to chest pain/cardiac patients; have suction if going to possible airway problems). Delay in treatment of a patient due to lack of available equipment only serves to compromise the appropriate level of care and contribute to an unsatisfactory outcome.

III. PROCEDURE:

1. On all calls you will carry, at an absolute minimum, the Stat Pack. Equipment in the Stat Pack should include:
   - Airway Supplies should include; oral airways, nasal airways, BVM, oxygen cannulas, oxygen masks, endotracheal intubation supplies, EGD (I Gel), 10cc syringe.
   - A portable Suction
   - Glucometer
   - IV supplies (Needles, tubing, tourniquet, tape/dressings and fluids)
   - Minimum drugs: All medications inside the designated drug pouch
2. You must also take in oxygen tank and portable radios.
3. Any additional supplies/equipment can be retrieved or applied once inside the unit pending patient evaluation.

NOTE: As dedicated Healthcare Para-professionals, we are confident you will fully assess and evaluate the call information received and appropriately respond to the scene with those items necessary to properly treat the patient. It's better to be over prepared, than find yourself without essential items that may make a difference in the outcome.

Standard Operating Guideline

Title:	Open Shifts
Effective:	June 1, 2005
Reviewed:	March 2006, December 2012, December 2015, June 2017, June 2018, October 2020, April 2023
Revision:	6
Pages:	5

I.GUIDELINE:

LCEMS shall fill open shifts primarily using TeleStaff™ computerized scheduling software. The use of TeleStaff™ reduces overtime, improves safety, and adds structure to the scheduling process. Only after all possibilities have been exhausted, will shifts be filled with overtime coverage outside TeleStaff™.

II. PROCEDURE:

The on-duty supervisors are responsible for monitoring the daily rosters on TeleStaff™ to ensure that all shifts are covered. If a member requests the use of leave time within 30 days of the shift, the shift opening shall be created in TeleStaff™ in order to allow the system to cover the opening.

The following guidelines shall be followed:

- All shifts that need to be covered will be placed into TeleStaff™ without delay. Holding shifts for coverage will result in disciplinary action.
- All shifts that are scheduled to begin more than 24 hours from the time the vacancy was created will be covered with TeleStaff™. Open shifts will not be filled outside of Telestaff before 24 hours out with the exceptions listed below.
- Members are prohibited from notifying any other members of a pending shift in an effort to obtain overtime for anyone.
- Exceptions to the rules above can be approved by a Captain or senior officer for special events, educational events, out of town transports, critical care transports, or other issues that require members with specific knowledge, skills and abilities necessary to complete the assignment
- Members will not work more than 24 hours within a 32-hour time period without approval from the Chief or a Deputy Chief, no exceptions. It is preferred that members not work more than 14 consecutive hours with the exception of the Fixed Station Units (planned 24-hour shift units) and based on the operational needs of LCEMS as determined by the on-duty supervisor.
- Shift swaps must occur within the same pay week and cannot create any overtime. If a requested swap creates overtime, it will not be approved as a swap but may be entered into TeleStaff™ as an open shift and the member taking time off must utilize leave time.
  In accordance with Leon County policy, full time employees may be mandated to work overtime. Failure to work constitutes an absence without authorization and may result in

appropriate disciplinary action. To assist members in long-term planning of their schedule and to provide flexibility and control to members in the assignment of mandatory overtime shifts, the Division will follow the procedures outlined in the mandatory Overtime Procedure contained within this SOG.

Mandatory Overtime Procedure

To allow members as much flexibility and control as possible in when they may be assigned a mandatory overtime shift, the following procedure is established. The intent of this procedure is to allow members to have certainty of when they may be required to work a mandatory overtime shift and so they can plan accordingly. Circumstances may dictate that the County require a member to work overtime on dates and times for which the member did not sign-up for through this procedure. Due to the nature of the services provided by the EMS Division all members are subject to being required to work at the discretion of the County.

Sign-up Shift Configuration and Scope:

Within the Telestaff system, on each daily roster, there are two sign-up spots for AM (6a to 6p) mandatory overtime and two sign-up spots for PM (6p to 6a) mandatory overtime. The #1 spot for each period is first up to be assigned an overtime shift and the #2 spot for each period is second up to be assigned an overtime shift. During the date and timeframe that members signed up they are expected to be constantly available in order to respond immediately to the need for their service and must report for duty if notified by the County. The County will typically utilize all other methods to cover the open shift prior to mandating a member to work overtime unless circumstances dictate otherwise.

Members that sign up for AM spots are to be available to report for duty for shifts scheduled to begin at 6 am and for day shifts scheduled to report to duty prior to 3pm and for a shift in its' entirety until 9pm. Members who sign up for PM spots are expected to be available to report for duty for shifts scheduled to begin at 3 pm and are responsible for night shifts scheduled to report to duty at 3pm and later and shifts in their entirety until 8am. Mid shifts (i.e. Med 15 and Med 19 may be split between the AM and PM mandatory call team members. Members in the mandatory overtime sign-up slot may be used to cover open shifts, partial shifts, and to provide coverage as deemed necessary by the County.

Mandatory Sign-up Requirements:

Full-time hourly members are divided into two groups:

Group 1: Members assigned to twelve hour rotating schedule shifts (Alpha and Bravo). *Group 1* members are required to sign up for **three** #1 Mandatory sign-up periods AND **three** #2 Mandatory sign-up periods per four-month block, for a **total of six** required sign-up periods per four-month block.

Group 2: Members assigned to fixed station units on a rotating 24/48 schedule (Medic12, 13, &

14), those assigned to five day a week units (MED11), and those Paramedic II's and Charge Paramedics required to take specialty call shifts (Critical Care & Tactical Medics). *Group 2* members are required to sign up for **two** #1 Mandatory sign-up periods AND **one** #2 Mandatory sign-up period per four-month block, for a **total of three** required sign-up shifts per four-month block.

Part-time members: In addition to their assignment, part-time members are required to sign up for 2 mandatory days per mandatory sign-up period. For the four-month sign up block, part time employees will sign up for one #1 mandatory sign-up period and one #2 mandatory sign-up period.

For all groups, the Deputy Chief of Operations or the EMS Chief may adjust the number of shifts each group will sign up for at the beginning of each period based on changing dynamics of the service. The number of sign ups required per group should not increase but may decrease.

Procedure:
Members are required to sign up for their preferred mandatory overtime assignments during April, August and December, the month prior to each four-month block. Members are required to input their sign-up periods into TeleStaff™ using the appropriate sign-up code on their calendars.

For purposes of signing up, members are divided into three tiers, each with a corresponding sign-up window which opens as follows:

Tier 1: Beginning the 15th, all Charge Paramedics and all Paramedic II's will be able to input their required sign-up periods into TeleStaff™ through the 29th of the month.

Tier 2: Beginning the 18th, all Paramedic I's will be able to input their required sign-up periods into TeleStaff™ through the 29th of the month.

Tier 3: Beginning the 21st, all Paramedics, EMT II's and EMT I's will be able to input their required sign-up periods into TeleStaff™ through the 29th of the month.

Upon inputting all required sign-up periods into TeleStaff™, **members are required to e-mail** their direct supervisor (this means a Lieutenant for most members and a Captain for Charge Paramedics) notifying them of the periods they signed up for by 5pm on the 29th of the designated months.

Keep in mind that while there are spots on the daily rosters for each sign-up position, the TeleStaff™ server only auto-fills those positions once a day (2am). This means that you will not necessarily see your name in the position on the roster until the system catches up. However, TeleStaff™ will only allow one member per position regardless of whether or not a name occupies the position on the roster.

Members are not permitted to sign up for a mandatory overtime slot that is 12 hours preceding or 12 hours ensuing to their regularly scheduled shifts.

Members are not permitted to sign up for a mandatory overtime slot on a day which they are regularly scheduled to work or on a day that they have scheduled leave time on the roster.

Members are not permitted to sign-up for training courses/classes/skill sessions or additional shifts if also signed up in a corresponding mandatory overtime slot.

Members are required to complete the sign-up process by 1700 hrs (5 PM) on the 29th day of the month (April, August, December) that the signup window is open for.
If members fail to sign-up for mandatory overtime, they will be assigned open mandatory overtime slots by their supervisor and notified of the date and times they should be prepared to work mandatory overtime.

Payroll Considerations:

Members must indicate their on-call status on their electronic time sheets for the days that they are signed up for mandatory overtime. Members must record hours WORKED on their electronic time sheets each pay period. Members are NOT eligible for Special Services Call Pay for signing up for their preferred overtime assignments.

Rules and Enforcement:

As per Leon County HR Policy 5.11.1: *Failure to perform overtime, except in cases of personal emergency, or other appropriate reasons, is deemed to be insubordination*. Therefore, failure of any full-time hourly member to comply with any aspect of this procedure may result in progressive discipline. This includes, but is not limited to:

- Failure to sign-up as required
- Failure to report to work when signed-up and required
- Attempting to circumvent the above listed sign-up windows
- Failure to e-mail your direct supervisor with your signed-up days as required
- Failure to maintain an acceptable mode of communication when signed-up, resulting in the inability of the on-duty supervisor or controller to reach you when signed-up

The on-duty supervisor is responsible for completing the Mandatory OT use checklist and shall log the usage in the shift report.

Standard Operating Guideline

Title:	Pay Plan
Effective:	October 1, 2004
Reviewed:	September 2006, December 2012, December 2015, December 2018, July 2021, December 2021
Revision:	6
Pages:	3

I. PURPOSE:
The purpose of this SOG is to provide guidelines for shift differential pay for EMS members.

II. GUIDELINE:
Shift differentials are designed as an incentive for EMS members (full-time, part time and PRN). The shift differentials are paid in addition to the base rate of pay for all hours worked in a qualifying position, role, or shift. Stipends are paid as units for working in a qualifying position, role, or shift.

System Status Management Shift Differential
The system status management shift differential is available to full-time members who are regularly assigned to the 24/48-hour shifts rotation. The system status management shift differential is paid for the hours worked while designated in the system status plan. To be considered in the system status plan, the 24/48 hour unit must either be posted at a location other than the regularly assigned post location or respond to a call from a post other than the regularly assigned post location. Members are responsible for recording the hours worked in the system status plan on their time sheet. Full-time members assigned to non-24/48 hour units, part-time, and PRN employees are ineligible for the system status management shift differential and should not record it on their time sheet, as it is included in their base pay rate.

High Plus Differential
The high plus differential is paid per hour worked during designated hours. Members are ineligible for the high plus differential while working as part of a 24-hour shift; however, members regularly assigned to a 24/48 hour shift are eligible for the high plus differential for qualifying hours worked as a part of a non-24-hour shift. Shifts that begin in the evening and lasts until the next morning or any hours worked after 8PM (2000hrs) , as determined by EMS administration, are eligible for the high plus differential.

Table 1 - High Plus Eligible Shifts

Shift Times	Total Shift Hours	Hours Eligible for High Plus
1800 – 0600 1830 – 0630 1900 – 0700 2000 - 0800	12	12

0900 – 2100	12	1
1000 – 2200	12	2
1100 – 2300	12	3
1500 – 0300	12	7

Weekend Differential
The weekend shift differential is paid per hour worked during designated hours worked after 8PM (2000hrs) Friday; all hours worked on Saturday; all hours worked Sunday; and hours worked on Monday as a part of an overnight shift that begins Sunday and concludes Monday morning.

Field Training Officer Substitute
The Field Training Officer (FTO) Substitute is paid per hour worked as a designated substitute FTO to Paramedic I members and Paramedic II, Level 1 members that qualify at that level as a tactical medic or critical care paramedic that serve as a substitute FTO with the prior approval of the Field Operations Supervisor assigned to Training. Paramedic II, Level 1 members that are in a designated FTO position are ineligible for the FTO substitute pay.

Critical Care Paramedic Substitute
The Critical Care Paramedic Substitute is paid per hour worked as a designated Critical Care Paramedic Substitute to Paramedic I members that serve as a substitute Critical Care Paramedic with the prior approval of the Deputy Chief of Operations.

Charge Paramedic Substitute
The Charge Paramedic Substitute is paid per hour worked as a designated Charge Paramedic substitute to Paramedic I or Paramedic II members that serve as a substitute Charge Paramedic with the prior approval of the Deputy Chief of Operations. Members assigned to a substitute role as a system controller in dispatch will be certified EMD and 911 telecommunicator.

Dispatch Communication Officer Substitute
The Dispatch Communication Officer Substitute is paid per hour worked as a designed Dispatch Communication Officer to EMT I, EMT II, Paramedic, Paramedic I and Paramedic II members that are certified EMD and 911 telecommunicator for hours worked while assigned to a shift in dispatch.

Special Day Stipend
The County Administrator may authorize the payment of a Special Day Stipend for days designated by the EMS Chief as Special Days that are unrelated to County holidays. EMTI, EMTII, Paramedic, Paramedic I, Paramedic II, Charge Paramedic, C1 and C2 members are eligible for the stipend for working qualifying Special Days. The stipend is paid as a unit and recorded in that manner on the timesheet. Additional information can be found in Section 5.13, Shift Incentive Stipends for Emergency Medical Technicians and Paramedics of the Personnel Policies and Procedures manual.

Extra Shift Stipend
The County Administrator may authorize Extra Shift Stipend payments during critical staffing periods and at times deemed appropriate, subject to funding availability within the EMS Division personnel budget. The stipend is paid as a unit and recorded in that manner on the timesheet. EMTI, EMTII, Paramedic, Paramedic I, Paramedic II, Charge Paramedic, C1 and C2 members are eligible for the stipend for working qualifying shifts during periods of critical staffing as designated by the County Administrator. Additional information can be found in Section 5.13, Shift Incentive Stipends for Emergency Medical Technicians and Paramedics of the Personnel Policies and Procedures manual.

Sr. Manager Stipend
EMS Senior Managers in paygrades C1 (Captain, Field Operations Supervisor) and C2 (Major) are eligible for a stipend for working in a role outside of their typical job assignment and responsibilities as a Paramedic with an additional stipend when that work occurs during nights and weekends. Additional information can be found in the Human Resources Supervisor Shift Differential Pay Procedure – Effective August 23, 2021.

Timesheets
a. It is the responsibility of each member to accurately record the number of hours worked with in each shift differential and special pay on their timesheets.
b. Time sheets must be completed in accordance with SOG 140.00 and County Policy.

Table 2 - Differential Eligibility Matrix

Standard Operating Guideline

Title:	Patient Care Reports
Effective:	May 2, 2005
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	2

I. PURPOSE:

To maintain an accurate record of medical care given by LCEMS personnel in compliance with standard medical records practices.

II. GUIDELINE:

EMS patient care reports are to be completed on all patients whom LCEMS assesses, treats and / or transports. The patient care record in all instances will accurately describe the services provided to the patient, any and all pertinent scene information, an accurate and complete patient assessment and accurate and complete treatments. All sections of the ambulance run report must be completed in as much detail as possible. Intentional falsification of patient care records is a serious violation of LCEMS policy and will result in disciplinary action up to, and including, termination.

III. PROCEDURE:

1. Patient care reports or ambulance run reports are to be completed as soon as possible after the incident. This assures completeness and accuracy. At no time shall patient information, notes or reports be removed from LCEMS or taken home for completion. All run reports must be completed by the end of the shift.

2. It is the responsibility of the crew member who cared for the patient to complete the patient care record. The other crew member shall review the patient care record for completeness and accuracy. If a dispute arises concerning the content of the report each crew member will provide the Shift Supervisor a written report detailing the dispute. These disputes will be forwarded to the Education / IQM Manager for final resolution.

3. As per the HIPAA policies in place, all LCEMS employees will safe guard all patient information and protected health information. If a LCEMS employee finds unsecured patient information or PHI, that employee will immediately secure the information and then provide it to the Shift Supervisor.

4. The patient's name and incident number will be entered into the LifePak15 for all patients who are placed on the cardiac monitor.

5. LifePak15 – Crews will upload the EKG code summary from the LikePak to their electronic patient care report during or immediately after each call.

6. End of Shift Procedure.

   A. Electronic reports – all electronic patient care records will be exported in the patient care computer system as soon as possible after the completion of the report. Crews will make sure that all reports are exported prior to the end of their shift. It is the on duty supervisor's responsibility to ensure all patient care reports have been completed and uploaded by the respective crews

   B. Paperwork – any hard paper created concerning patients will be placed in the locked box located in the crew's computer room at the logistics area. Be sure that the patient's name and incident number are on each piece of paper. Notes containing patient information that are being discarded will be shredded.

Standard Operating Guideline

Title:	Patient Personal Property
CAAS:	202.04.01
Effective:	June 2009
Reviewed:	December 2012, August 2013, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

The purpose of this Standard Operating Guideline is to define the handling of patient's personal property by LCEMS staff.

II. GUIDELINE:

In order to minimize the potential for misplacing patient's personal property, LCEMS personnel will document in the patient care record (PCR) the disposition of personal property transported with the patient to the destination facility or removed from the patient's person during the delivery of patient care.

III. POLICY:

Patient personal property will remain in the possession of the patient or their family/designee whenever possible.

- Medications, their name, strength, and frequency of use, should preferably be documented in writing as a medications list rather than transported with the patient.
- Personal items such as purses, handbags, wallets, back-packs etc. should remain on the stretcher with the patient. (as patient care needs allow).
- Any jewelry removed from the patient should be given to a family member, or placed in the patient's pocket or purse etc. (Document in PCR).
- Biographical data (Driver's License, Insurance Cards, and Social Security Cards) shall be returned directly to the patient or family member.
- If personal property of a patient is found after a patient has been transferred to the hospital, but before the end of the crew's shift, the crew will contact the on-duty supervisor for permission to return the property to the hospital.
- If personal property of a patient is found after patient has been transferred to hospital, at the end of the crew's shift, (or it is found by another crew) the crew shall place it in a bag, attach a pink slip to it, and turn the property into logistics. The Logistician will then give the property to the Administrative Assistant in the office, who will attempt to contact the patient or a family member to return the property.
- To better assist patients with special needs in their overall care, standard, non-motorized wheelchairs, walkers, and canes should be taken with the patient to the hospital unless patient care is impeded by placing the item in the patient compartment.

Title:	Policy & Procedures – Employee Access and Distribution
Effective:	June 1, 2009
CAAS:	103.01.02, 103.01.03
Reviewed:	December 2012, December 2015, December 2018, December 2021
Revision:	2
Pages:	1

I. PURPOSE:

The purpose of this guideline is to provide guidelines for the distribution of policies, procedures, and guidelines applicable to EMS employees and/or any changes there of.

II. GUIDELINE:

- All EMS staff will be supplied access to each of the following manuals during orientation:
    1. Leon County Human Resources Policy & Procedure Manual
    2. Leon County Employee Safety Manual
    3. Leon County EMS Standard Operating Guidelines
    4. Leon County EMS/Tallahassee Fire Department Medical Protocols
    5. EMS Materials Safety Data Sheet

- Hard copies of each of the above manuals will be maintained and available for employee reference at Headquarters in the ambulance check-on area.

- An electronic version of the above listed manuals will also be maintained on the Leon County EMS internal website, which is accessible from any internet connected computer including home computers and Tough-books available on every in-service ambulance.

- Employees will be notified of any changes to the above listed manuals via Leon County E-mail, the primary means of disseminating employee information for Leon County EMS.

Title:	Preventative Maintenance of Durable Medical Equipment
CAAS:	203.04.01
Effective:	June 20, 2009
Reviewed:	October 2011, December 2015, December 2018
Revision:	1
Pages:	1

I. PURPOSE:

To serve as a guideline for the preventative maintenance and replacement of durable medical equipment.

II. GUIDELINE:

- Durable Medical Equipment, or DME, should be tested, calibrated, and serviced according to manufacturer recommendations. DME includes all equipment that is electrical or mechanical such as cardiac monitor/defibrillators, IV pumps, ventilators, suction units, stretchers, and automated CPR compression devices.
- DME shall be affixed with a sticker indicating the last date of service and initials of the person performing such service.
- The logistics personnel, under the supervision of the Deputy Chief of Operations, should oversee the servicing of DME.
- DME should occur according to manufacturer recommendations and by an authorized or approved service provider if required by the manufacturer.
- DME should be replaced in a schedule in accordance with manufacturer recommendations and industry best practices.
- DME shall be replaced if, during any scheduled maintenance, the person or service provider performing the service recommends the item for replacement.

Standard Operating Guideline

Title:	Professional Conduct
CAAS:	106.07.01
Effective:	June 20, 2009
Reviewed:	December 2012, December 2015, December 2018, August 2020
Revision:	1
Pages:	2

I. PURPOSE:

To serve as a guideline to remind EMS personnel that conduct should remain professional at all times.

II. GUIDELINE:

- Conduct while on-duty:
  EMS employees should conduct themselves professionally at all times and pursuant to county policy. The following policies and guidelines address specific aspects of professional conduct and should be followed at all times while on duty. Policies and guidelines are listed here only to assist the employee with identifying specific policy and guidelines that apply to professional conduct and are not exclusive of any other policies or guidelines. It is the responsibility of the employee to comply with all applicable policies and guidelines.

  Professional Conduct as it relates to:
  a) Patient Confidentiality – Section 17.00 of Board Policy, 05-3, HIPAA
  b) Customer Service – EMS SOG 105.00, Customer Service
  c) Non-discrimination – EMS SOG 105.00, Customer Service
  d) Standards for Appearance – EMS SOG 142.00, Uniform & Appearance Standards
  e) Workplace Conduct – Human Resources Policy & Procedures, Section 2, Conduct
  f) Ethical Behavior – BOCC Policy 03-05; Code of Ethics

- Conduct while off-duty:
  Human Resources Policy & Procedures - 10.06 County Standards
  It is the policy of the County that what a person does on his or her own time is exclusive of employment with the County. However, such policy is not absolute. If an employee's outside conduct impairs the reputation of the County; causes the employee to be unable to perform work or appear at work; or leads to refusal or reluctance on the part of others to work with the employee, barring protection under law; then the appropriate supervisory authority is justified in taking disciplinary action. When an employee is on County property, he or she is

subject to the County's work standards. Furthermore, an employee officially representing the County at a location other than his or her normal place of work is accountable for compliance with the County's policies, procedures, and standards.

III. PROCEDURE

As specified in the vehicle operations policy, employees must immediately report in writing any revocation, suspension or loss of driver's license to the on duty Supervisor.

In addition, employees must report within 1 hour of reporting to work, in writing, arrest, charge, conviction and / or citation for violation of law and/or ordinance other than parking violations to the on duty Supervisor. The report will include copies of all available citation / charge / arrest paperwork. The written report will include an explanation of the circumstances surrounding the citation / charge / arrest. Failure to comply with this procedure will result in disciplinary action up to and including termination.

Standard Operating Guideline

Title:	Public Service Events
Effective:	June 1, 2005
Reviewed:	December 2012, December 2015, December 2018
Revision:	3
Pages:	14

I. PURPOSE:

To provide guidelines for LCEMS crews participating in public service events.

II. GUIDELINE:

LCEMS participates in many types of public service events ranging from public information/demonstration programs to dedicated large scale events. It is the policy of LCEMS to assist the public any way within our means including but not limited to medical education and medical standbys.

III. GENERAL INFORMATION:

1. Requests for standbys will be coordinated and approved by the Deputy Chief – Operations or designee.

2. Dedicated standbys will be charged fees in accordance with the current rates established by the Board of County Commissioners. Payment arrangements will be made prior to the event. The Billing Coordinator must be notified of the event so that these arrangements can be made. Dedicated standbys will be done using additional resources, not scheduled resources. The EMS resources dedicated to the event will remain at the event and not be used in daily responses unless unusual circumstances exist.

3. The ambulance dedicated to a public service event normally will not transport a patient unless the patient has a true life threatening emergency. As soon as patient contact is made, the LCEMS crew should determine the need for a transporting unit and make such a request as needed. However, if the situation would indicate it is imperative to transport immediately, transportation should occur and another ambulance is to be requested to cover the event.

4. LCEMS will normally remain at the event until the event is over and most of the stands are cleared.

5. All patients with whom LCEMS contact is made will have patient documentation completed on them.

8. All crew members must bring their portable radio with a fully charged battery if they have been issued one and other items such as jackets, rain coats, or other items necessary for appropriate response. In addition, all crew members will bring their complete PPE bag in case of a WMD type of incident.

9. Patient reports must be filled out on all patients seen and transported or with a patient refusal. All paperwork applies just as in a regular shift situation on the streets.

10. Uniforms will be standard issue. No special colors or changes without approval from the Deputy Chief of Operations.

11. All Event units will check on duty with Control on channel 1 as usual and will advise when they are en route to the event, arrived at the event, available from the event, arrived back at HQ, and out of service. In addition all units will advise Control as soon as possible when they have a patient that needs to be transported from the event.

12. This is in accordance to the Event Action Plan.

IV. SPECIFIC EVENTS:

1. HIGH SCHOOL FOOTBALL

A. High School Football

1) Standard staffing - one ALS ambulance with two crew members.

2) Be in place ½ hour prior to kick-off

3) Park in specified place (see site specific maps).

Cox Stadium

1. Obtain a portable radio from the stadium grounds staff in order to communicate with the press box. Perform a radio check to confirm performance.
2. The crew members will keep the portables with them at all times. Return portable to grounds at the end of the game.
3. Remain visible and accessible at all times.
4. One crew member will remain with the ambulance at all times unless responding to a medical emergency.
5. Both crew members will closely listen to the public address and score box/grounds radios for calls for assistance.
6. One crew member may roam the sidelines, but must be conscious of calls for assistance (monitor EMS Channel 1 at all times).
7. The person staying with the ambulance must monitor Channel 1 and the radio

for the score box/grounds while the other person is away from the unit.

Other High School Football- EMS staff must stay available and visible by the EMS vehicle. Monitor EMS Channel 1 and the Public Address System.

2. COLLEGE FOOTBALL

A. FAMU (map attached)

1) Standard staffing - one ALS ambulance and crew members deployed at the direction of the Stadium Controller. Additional staffing will be authorized as needed by the Deputy Chief of Operations.

2) One crew member will be designated as Stadium Control as designated by the Deputy Chief of Operations. Stadium Control will act as the event coordinator.

3) All crew members will be in place one hour prior to kick-off

4) The ambulance will be parked inside the southwest gate and one cart will be available for transport within the stadium.

5) One crew member must stay near the ambulance at all times and will monitor Channel 1 and 5 and others as designated by Event Command.

6) All crew members will communicate with each other via the radio channel designated by Stadium Control. Radio test with all personnel will occur prior to deployment into the stands.

7) Crew members will position themselves on separate sides of the field in order to enhance response times to the patients' sides. Each crew member will have a basic equipment bag with them at all times.

8) All crew members must arrive at Headquarters at least 2 ½ hours before the game start time. All crew members are expected to be on time.

10) Patient care reports must be filled out on all patients seen and transported or with a patient refusal. All paperwork applies just as in a regular shift situation on the streets. Electronic patient care reports must be completed on all patient contacts.

11) All crews must report to their assigned posts when directed to by Stadium Control. All crew members will advise Stadium Control when they arrive at their assigned post and must receive permission to leave their post. All medics will remain in place at their assigned post until they are cleared by Stadium Control at the end of the game.

12) No staff members are allowed on the field except those that are assigned there or as specified by Stadium Control or the Deputy Chief of Operations.

B. FSU (see map)

1) Standard staffing - ALS ambulances and crew members. Games with extreme heat require additional crew member deployment as directed by the Deputy Chief of Operations.

2) The Stadium Controller will be in place at the Doak Campbell Command Post a minimum of 2 hours before game start time. All other personnel will be in place a minimum of 1 hour before game start time.

3) The Stadium Commander will be in charge of game activities unless changes have been determined before the game by the Deputy Chief of Operations. The Stadium Controller will act as the event dispatcher.

4) One ambulance will be parked at gate “D”. The second ambulance is to be parked on the field at the NE corner of the end zone (see map). A Special Operations MCI Unit will be parked on Stadium Drive, for disaster response.

5) Staffing deployment will be directed by the Stadium Command and split appropriately between the field, carts, first aid and any other location deemed necessary by Command.

6) Stadium communication channels will be designated by the Stadium Controller. A radio test will occur with all personnel prior to deployment of staff to their posts.

7) LCEMS staff dispatched to a patient will advise Stadium Control ASAP the patient's condition and if they believe that Cart transport will be necessary.

8) An EMS Cart will be dispatched to all medical emergencies within the stadium and its immediate grounds. The carts should not cross highways off the designated footprint of the stadium unless directed to do so by Stadium Control.

9) EMS calls that are off site of the designated stadium footprint will be referred to LCEMS dispatch for normal EMS response.

10) All crew members must arrive at headquarters at least 2 ½ hours before the game start time. All crew members must be on time.

11) All crew members must bring their portable radio with a fully charged battery if they have been issued one and other items such as jackets, rain coats, or other items necessary for appropriate response.

12) All crews must report to their assigned posts when directed to by Stadium Control. All crew members will advise Stadium Control when they arrive at their assigned post and must receive permission to leave their post. All medics will remain in place at their assigned post until they are cleared by Stadium Control at the end of the game.

13) No staff members are allowed on the field except those that are assigned there or as specified by Stadium Control or the Deputy Chief of Operations.

14) Several crew members will be assigned to the First Aid Station. When calling the First Aid Station, refer to these personnel as "First Aid". Crew members assigned to First Aid are to remain in First Aid unless given specific approval to leave. When crew members assigned to First Aid are outside of First Aid, they must be available by radio at all times.

16) LCEMS and Red Cross volunteers will work together in the First Aid Room to provide medical care. The Red Cross will handle "walk ins" and minor issues such as band aids. LCEMS will handle all patients brought in by carts and all patients that require medical attention.

17) Upon arrival at the Stadium all crew members will stock carts and prepare the First Aid Room for service. At the end of each game all crew members will clean up the First Aid Room and load equipment into the returning ambulances. Carts and the First Aid Room must be left in an orderly and clean condition.

18) A helicopter landing zone may be designated before each game by the FSU Police. Stadium Control will coordinate any helicopter response to the stadium area.

19) Food will be provided at each game by FSU. Stadium Control will coordinate all crew members getting food.

20) Patient care reports must be filled out on all patients seen and transported or with a patient refusal. All paperwork applies just as in a regular shift situation on the streets. Electronic patient care reports must be completed on all patient contacts.

Stadium Response Procedures

In the case of an emergency or a serious incident at Doak Campbell Stadium, the following procedures will be followed to relocate patrons and/or evacuation of the stadium.

Code Yellow

An emergency, which has the potential for causing injuries to a limited number of spectators, and calls for their immediate relocation to another area within the stadium. A response code yellow may or may not affect or cause stoppage of the

event.

Code Yellow, in most instances, is an appropriate response to the following emergencies:
1. Weather related need for shelter.
2. Localized fire
3. Discovery of a suspected explosive device
4, Utility problem (power outage, pipe burst, etc.)
5. Spectator disturbance
6. Other incidences where it is deemed necessary to move spectators for their safety.

Code Orange

Code orange is an emergency where the severity requires stoppage of the event and the evacuation of all personnel from the stadium and the immediate area outside the stadium. People will be directed to leave the stadium and the immediate area outside the stadium in a normal manner.
Sworn personnel shall attempt to direct people to at least 500 ft from the stadium.
Officers will establish a perimeter around the stadium and space themselves at distances to keep other officers within sight and hearing distance. The officers are to assist the public, direct people to safe areas, aid locations, and respond to incidents requiring law enforcement presence. Officers are to remain calm and strive to maintain order.

Code Orange, in most instances, is an appropriate response to the following emergencies:
1. Impending severe weather.
2. Location of a suspected explosive device
3. Electrical power failure (especially during a nighttime event)
4. Hazmat incident
5. Fire, explosion, or release of hazardous material
6. Structural damage to the stadium

Code Red

A code red emergency requires the stoppage of the event and the evacuation of persons. Code Red requires the immediate evacuation of all to a minimum of 1,000 feet from the stadium. Depending on circumstances, people parked in close proximity to the stadium may be required to leave their vehicles parked and leave the area on foot. People will be directed to the following zones that allow for the 1,000-foot safety requirement:

1. East of Stadium: Intramural Fields /Walker Street Area
2. West of Stadium: Pensacola Street /Bike trail area past tunnel
3. South of Stadium: Jackson Bluff Road Area
4. North of Stadium: Track Field medical School Complex

Code RED is an appropriate response for a catastrophic event which requires the immediate evacuation of the entire stadium

3. FOURTH OF JULY

A. Standard staffing – two ALS ambulances with five crew members, or as designated by the Deputy Chief of Operations.

B. Hours of deployment are flexible year to year but generally run from 1600. until 2330

C. Ambulance deployment is flexible and is scheduled year to year.

D. Staffing deployment is listed below:

1) Law Enforcement Command Post

2) First Aid Tent

3) Ambulances

4) Carts

E. Numerous First Aid supplies must be planned for including quantities of heat related treatment items.

F. The Deputy Chief of Operations is responsible for adequate planning and acquisition of supplies.

G. All on-site LCEMS staff will communicate with each other on the designated operations channel. In addition, the Paramedic working in the Law Enforcement Command Post must have a separate radio that can be used to monitor and communicate with LCEMS Dispatch. A radio check of all personnel will occur prior to deployment.

H. The Paramedic assigned to the Law Enforcement Command Post will serve as the events coordinator and dispatcher.

4. SPRING TIME TALLAHASSEE

A. Standard staffing (listed by event)

1) Road Race – one ALS ambulance and two crew members, or as designated by the Deputy Chief of Operations, dedicated located at the start/finish line.

2) Celebration in the Park – one ALS ambulance and two crew members. The ambulance location will be based on the request from the Springtime Committee.

a. One crew member will stay with the ambulance at all times.

b. Both crew members will operate on Channel 5 monitoring LCEMS dispatch for response information.

5. GOLF TOURNAMENTS

A. Standard staffing is variable; at a minimum staffing and will directed by the Deputy Chief of Operations.

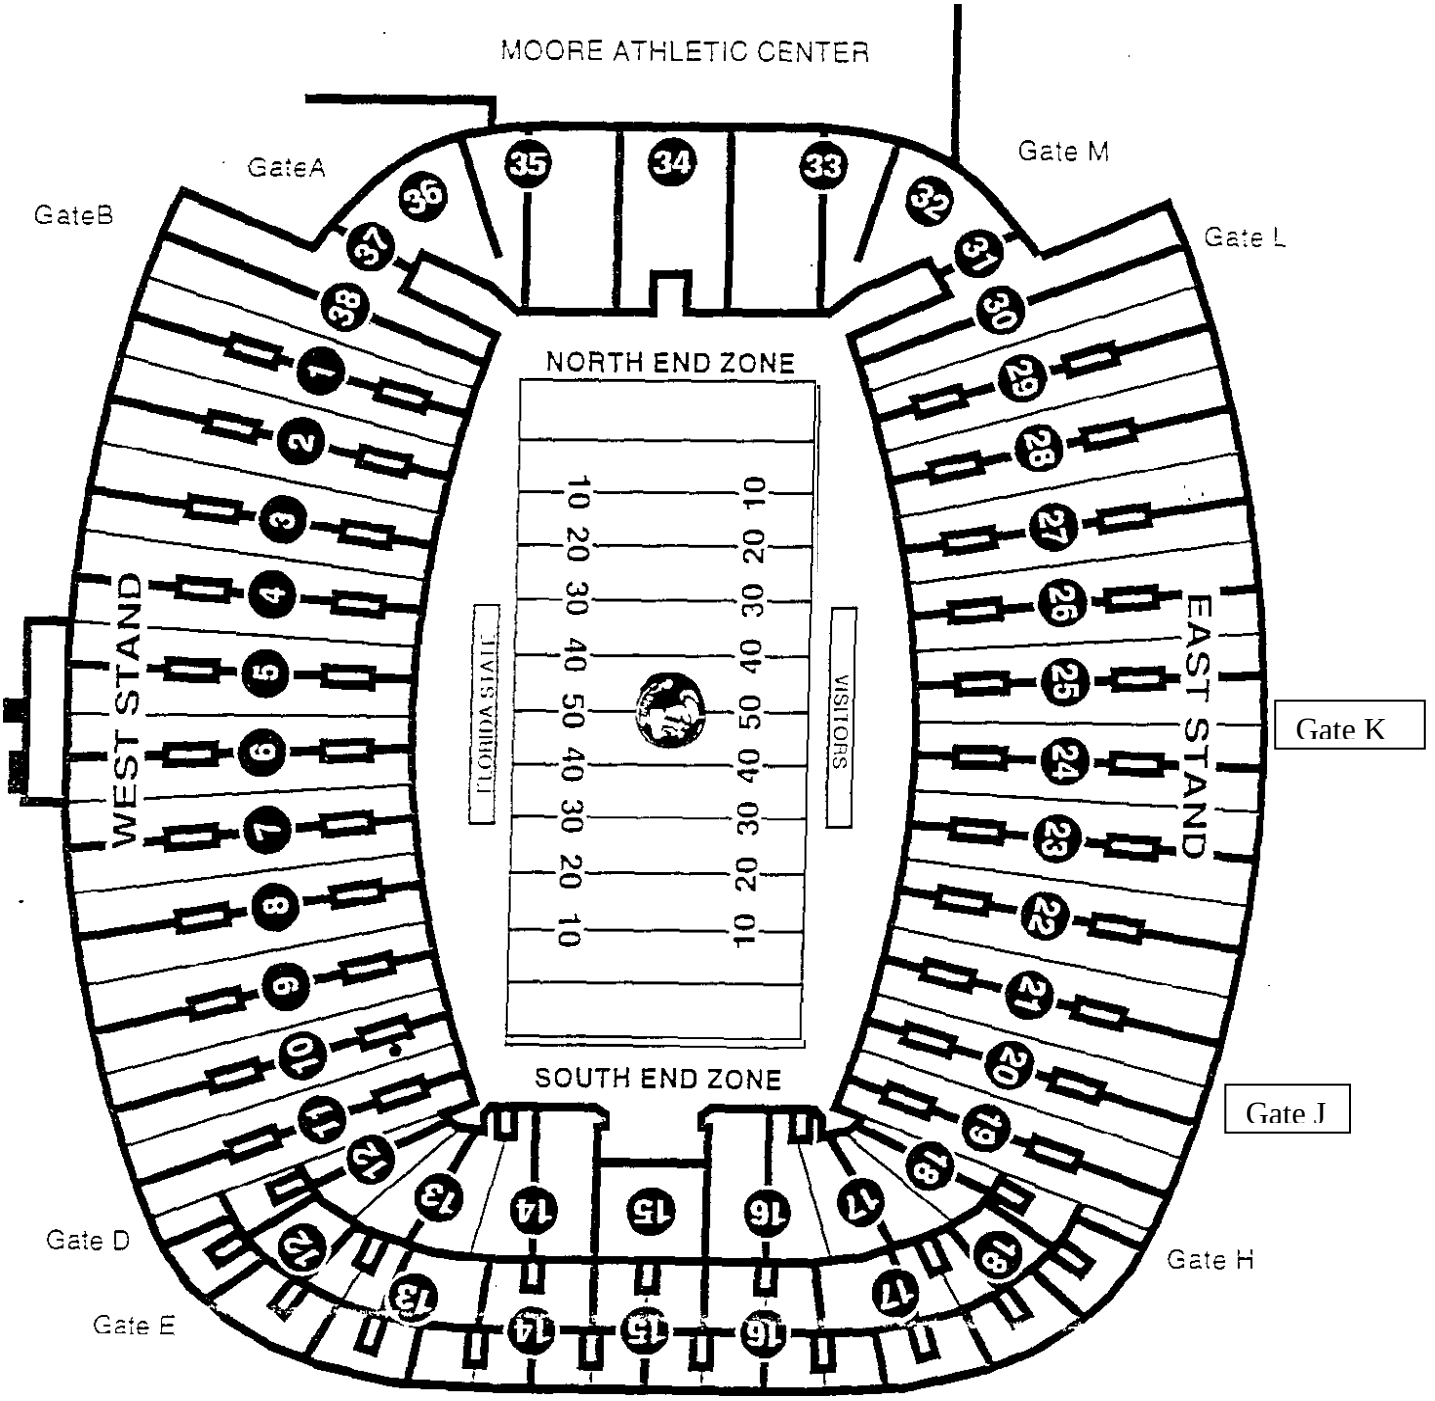
B. Tournament officials will provide a golf cart for LCEMS use.

C. If an EMS call is received, the on-site LCEMS staff will notify LCEMS dispatch of the green location requesting the dispatch of an ambulance to a point as close as is possible to the green to enhance patient pick-up.

D. Tournament EMS staff will utilize radio channel 1 for communications and will monitor the channel for response information from LCEMS dispatch.

6. PUBLIC INFORMATION/DEMONSTRATION EVENTS

A. Public Information/demonstration Events – frequently LCEMS Division is called upon to educate the public on EMS, E-91 1, etc. It is important that LCEMS staff make an excellent presentation to the group. Clean equipment. uniforms, vehicles, etc. go a long way to enhance Departmental credibility and public confidence. Appropriate handouts based on the age group of the audience are to be distributed. Examples include EMS coloring books, EMS brochures, magnets, etc.



B. Miscellaneous Sporting Events – LCEMS Divison supports public health by frequently participating in sporting events by providing non-dedicated on- site medical stand-bys. Again, a professional presentation is essential. All events of this type are scheduled by the Community Engagement and Operational Development Major. Upon arrival the LCEMS crew will:

- Make contact with the event coordinator.
- The crew members will keep the portables with them at all times monitoring channel 1.
- Remain visible and accessible at all times.
- One crew member will remain with the ambulance at all times unless responding to a request.

C. Leon County EMS uses various talk groups to facilitate communication. Assignment of talk groups on scene or at events is dependent on established command structure and the various agencies that are co-responding to the dedicated event. Examples of talk groups are listed below.

Standard Operating Guideline

Title:	Rank
Effective:	December 31, 2003
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	1

I. POLICY:

It is the policy of LCEMS to maintain a high level of professionalism and coordination through the use of rank structure.

II.GENERAL INFORMATION:

LCEMS has a formal structure of responsible personnel within the department. Each level has its own level of responsibility and decision making capabilities. The symbols in use represent rank within the EMS department and are used as an easily recognized tool by outside agencies. All personnel will demonstrate a high-level of respect and subordination for higher ranking personnel. The hierarchy and symbols utilized are as follows:

1. Chief – EMS Chief – three stars
2. Deputy Chiefs – Clinical Affairs and Operations – one star
3. Majors – Special Operations & Events – oak leaf
4. Captains – Shift Supervisors, Communications, Training – two bars
5. Lieutenants – Charge Paramedics – one bar

Officers will be addressed by their rank followed by their last name. For example, if Mary Smith were a Captain she would be addressed as Captain Smith.

Standard Operating Guideline

Title:	Receiving Payments
Effective:	June 1, 2005
Reviewed:	March, 2005; December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	2

I. PURPOSE:

To provide a process for the receipt and record of receiving and processing payments received by members of the EMS Division.

II.GUIDELINE:

Payments for EMS treatment and transportation services provided by the County are generally made through the contracted billing vendor utilizing the County controlled lock-box at a designated financial institution.. However, from time-to-time payments are made directly to the EMS Division for these services and for special events and pre-scheduled non-emergency transports where advance payment is required. .

The EMS Division will only accept payments in the following form:

Personal or corporate check (no starter checks)
Money Order
Cashier's Check
Visa
Mastercard

No cash will be accepted

All individuals attempting to make a payment shall be referred to the EMS Division administrative offices. Field providers are not authorized to accept payments.

III. PROCEDURE:

Personal / Corporate Checks; Money Orders; Cashier's Checks

All checks and money orders shall be restrictively endorsed immediately upon receipt.

Checks and money orders shall be deposited directly at the County designated financial institution within 24 hours of receipt.

The County's billing / collections vendor shall be notified immediately of payments received

towards a patient account.

Payments received for special events and pre-scheduled non-emergency transports, not billed by the billing vendor, shall be entered into the County's accounts receivable system.

Credit Card Payments

Credit card payments are generally either from patient accounts and are coordinated through Intermedix or are made for transports that are not covered by insurance. Intermedix will take credit card information on the phone from customers who wish to pay using that method. This information is then processed through the credit card portal Z-pay provided to the finance department to Intermedix, who then processes the credit card payment. However, there are times when credit card payments are made directly to EMS. When this occurs the credit card batches are then sent to the Clerk's Finance Division for further processing. A copy of the receipt is sent to Intermedix so that the patient account can be appropriately credited.

For certain transports, for example organ transport teams, the organizations make credit card payments prior to the transport being completed. These credit card payments are processed by the EMS System Controller. The receipts are then sent to the EMS Billing Coordinator who then processes them and forwards the payment information to the Clerk's Finance Division for final processing.

Deposits

A spreadsheet shall be created for each deposit which provides sufficient detail as to the type of funds; the person who made the payment; the budget account number where funds are to be deposited; and the date of the deposit.

A deposit slip shall be completed for each deposit and attached to the deposit spreadsheet which provides a summary of the type of funds (check or credit card) and total funds being deposited with each deposit.

The spreadsheet and deposit slip shall be reviewed by a supervisor as authorized by the EMS Chief for completeness and accuracy.

Deposits shall be placed in a provided tamper evident bag and delivered to the County approved financial institution.

A copy of the spreadsheet, deposit slip and the bag number of the tamper evident bag shall be immediately forwarded to the Clerk's Finance Division.

Financial information shall be protected and safeguarded in a similar manner as other patient information.

Standard Operating Guideline

Title:	Release of Information to the Media
CAAS:	105.03.01
Effective:	June 1, 2005
Reviewed:	March, 2005, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	3

I. PURPOSE:

To provide guidelines for the release of information to the media.

II.GUIDELINE:

LCEMS shall cooperate with the news media through the release of information which will not violate the patient's right to privacy and HIPAA requirements. At all times members of the media will be treated in a professional manner. Information will be released by the County PIO or Chief only after thorough review of the request, which may include consultation with the Privacy/Information Security Officer and County Attorney's Office. Staff members are not permitted to release information to the news media, including patient records or reports at any time unless authorized by the Chief.

III. PROCEDURE:

1. Information and interview requests will be directed to a Deputy Chief or the EMS Chief.The Chief of EMS will be notified of all media inquiries. The Chief will notify the County PIO and County Administrator.

2. Information releases and interviews will be approved by the County PIO or the EMS Chief, after thorough review of the request by the Privacy/Information Security Officer and the County Attorney's Office, prior to being completed. The exception will be interviews done on the scene of events by Command Staff (on-duty supervisor or higher). In these instances only information such as the type of event, assets being utilized, number injured and basic facts that do not violate patient privacy can be given prior to approval. The following are examples of information that can be released by Command Staff during on the scene interviews:

    a. Name of hospital. You may provide the name of the hospital to which patients have been transported. (Acceptable Example: The media calls about "the accident at Third and Main earlier this afternoon." You may inform the media "a patient was transported from the accident scene to ABC Hospital."). THE NAME OF THE PATIENT SHALL NOT BE RELEASED TO THE MEDIA. It is not appropriate for us to confirm or deny the identity of a patient. Requests for patient identity should be directed to a law enforcement agency or to the hospital.

b. Number of patients. You may provide the total number of patients involved in an accident or transported to a facility. You may not indicate specifics about the vehicle a patient was driving or which patient went to a particular facility. (Acceptable Example: You may inform the media that "four patients were transported from the fire at the ABC Chemical Factory. Two were taken to County General and two were taken to the Regional Medical Center.")

c. Age & Gender. You may provide the age of a patient and the gender of the patient, unless it could reasonably be used to identify the patient. (Acceptable Example: You may inform the media "a 39 y/o male was transported from the accident on the Interstate." You would not want to disclose to the media "a 39 y/o male was transported from 124 Main St.")

d. Designation of crew members. The designation of crew members as paramedics or EMTs is not protected health information. You may state, for example, that one paramedic and two EMTs were involved in caring for the patients involved in a motor vehicle accident. (DO not identify the names of the personnel who responded). You are not permitted to describe the specific type of care rendered to patients at the scene or on the way to the hospital. Nor may you speculate on what injuries a patient may or may not have sustained. (Acceptable Example: ABC personnel on the scene of the incident included two paramedics and a supervisor and advanced life support was administered.")

e. Type of Transport. You may indicate that a particular call was an emergency and that transportation was facilitated by ambulance or helicopter. Do not speculate on the patient's condition even if you are sure of that condition. For example, do not disclose to a member of the media that a patient was critical or stable unless you are comfortable in knowing this to be their general condition. (Acceptable Example: "Of the 3 patients on the scene of the incident, one was transported by helicopter to the ABC Trauma Center and two were transported as non-emergency patients to the local hospital emergency department.")

f. Non-PHI. Information that is not classified as PHI may be released to the media consistent with County policy. For instance, information about a fire response or a standby that did not involve patient care may be released to the media, as may general information about an event. (Acceptable Example: "We treated 45 patients during the two-day festival, and 6 were transported to local hospitals for various heat-related complaints").

g. If at any time you are unclear about whether information may be disclosed to the media, always err on the side of caution and do not disclose the questionable item of information.

3. Major incidents and other news worthy events will be immediately reported to the on-

duty supervisor. The on-duty supervisor will notify the Chiefs who will then notify the County PIO and County Administrator.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Reporting Off
Effective:	June 1, 2005
Reviewed:	March 2005, June 2009, December 2012, December 2015, December 2018, October 2019
Revision:	5
Pages:	1

I. PURPOSE:

To provide guidelines for EMS field members to notify LCEMS that they will not be reporting for a pre-scheduled shift (Use of Sick Leave).

II. GUIDELINES:

In rare instances, illness or emergencies may arise that will require a member to call off work. Members must provide as much notice as possible, preferably 8 hours, so that they can be replaced, and their absence does not negatively impact the services provided by LCEMS. To be eligible for sick or annual leave payment the member must notify LCEMS as soon as they know they will be absent from work.

As a reminder, abuse of Sick Leave is grounds for disciplinary action under Leon County Human Resources Policy.

III. PROCEDURE:

- Members should contact their direct supervisor for pre-scheduled use of sick leave. Email is the preferred method of contact and members should include any specific documents that may be pertinent to the use of sick leave in advance. (For instance, if a member is pre-scheduling a sick day due to a procedure, the employee should provide a Physician's excuse to his/her supervisor prior to the scheduled procedure date. Members should contact the on-duty supervisor for a leave request needing immediate attention.)

- For non-prescheduled sick leave, the member shall telephone the on-duty supervisor at 606-2190 or (if the supervisor is unavailable) the System Controller at 606-2150 and provide the following information:

    - Name of employee calling off
    - Shift
    - Nature of circumstances

    - Anticipated date of return

- Text message is NOT a suitable form of communication to report off.

- If receiving the notification, the System Controller shall notify the on-duty supervisor and enter the shift vacancy into the TeleStaff™ system.

- Unless extended sick leave has been granted, sick leave shall be called in daily by the employee.

- An EMS supervisor may at any time request a physician's note for any sick call in and a note is required for all Special Days.

SPECIAL NOTE FOR MANDATORY OVERTIME SHIFTS

- If a member will be unable to report for a mandatory overtime shift, they must notify the on-duty supervisor using the procedure outlined above, a minimum of 8 hours prior to start of the shift.

- If a member is unable to report for a mandatory overtime shift after being called in for said shift, this will result in a written warning for first offense, and progressive discipline moving forward.

- A physician's note is **required** for any sick call in on a mandatory overtime shift.

- A member unable to report for a mandatory overtime shift may be required to sign-up for an additional shift at the convenience of LCEMS.

Standard Operating Guideline

Title:	Reporting Repairs
CAAS:	203.02.02
Effective:	June 1, 2005
Reviewed:	March, 2005, October 2011, December 2012, December 2015, December 2018
Revision:	4
Pages:	2

I. PURPOSE:

To provide guidelines for reporting repairs.

II. GUIDELINES:

All repairs or damage to vehicles, vehicle and medical equipment will be reported to the on-duty supervisor.

III. PROCEDURE:

1. General Information:

   A. All malfunctioning vehicles, vehicle and medical equipment will be reported to the Shift Supervisor or logistics staff. No vehicle perceived to be unsafe will be driven until checked and repaired or deemed safe by Leon County Fleet or the Shift Supervisor on duty. A Repair Request Form must be filled out documenting:
      - Date
      - Time
      - Vehicle #
      - Miles
      - Hours
      - Driver
      - Contact Information
      - Supervisor
      - Work requested and description of the problem

   B. The on-duty supervisor and logistics personnel will coordinate all repairs. The problem will be verified by supervisory personnel before referred for repairs.

   C. As per county policy, all physical damage, however minor, will be reported and an incident report completed. All vehicle damage requires an accident

report.

D. Repairs, adjustments, alterations and modifications to equipment will be carried out only by qualified persons specifically authorized by Leon County. No employee of LCEMS is to undertake such work unless authorized.

E. In the event of equipment malfunction, corrective measures on the part of LCEMS personnel will be limited to verification that line power exists and that all operating controls are in a normal configuration. If such action does not correct the malfunction, the problem will be referred to authorized service personnel, as defined in policy.

2. When a vehicle, vehicular equipment or medical equipment is noted to be malfunctioning; it should be immediately reported to the Shift Supervisor giving the following information:

A. Item
B. Identifying number, serial number or Leon County sticker number
C. Location of equipment
D. In-service or out-of-service
E. Detailed information about problem, in as much depth as possible
F. Detailed information about trouble-shooting efforts you have made.
F. Make a report in any of the following circumstances:

1. Continued use of equipment may be hazardous;
2. Physical damage of any kind;
3. Failure of any pertinent equipment or system;
4. Tire wear;
5. Mechanical failure of vehicle.
6. Any symptoms indicative of future problems.

3. The Deputy Chief of Operations must be advised immediately when there are no back-up vehicles or equipment available due to maintenance problems.

Standard Operating Guideline

Title:	Response Time Standards and Monitoring
CAAS:	201.05.04
Effective:	January 2008
Reviewed:	January 2009, December 2012, January 2013, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

The purpose of this Standard Operating Guideline is to ensure that the response times to emergency calls for service are monitored for compliance.

II. GUIDELINE:

It is the guideline of LCEMS that every patient will receive a high level of consistent care. Therefore, emergency requests for EMS response will be monitored through CAD data reporting. Response times shall be measured against industry benchmark data (AAA & NFPA 450).

III. PROCEDURE:

1. Responsibilities
    - A. It is the responsibility of EMS Command Staff to monitor, analyze, and report emergency response time data.
    - B. Command Staff will assess operational effectiveness related to response time exceptions.
    - C. Command Staff will continually monitor call patterns, scheduling, and staffing to ensure operationally effective response times.
    - D. Response time reports will be stored in the EMS Central files.
2. Monitored Thresholds
    - A. Call Processing: 60 seconds to Pre-Alert (Total time to process a call prior to it being assigned to an ambulance; does not include key questioning, pre arrival instructions).
    - B. Unit acknowledgement of call receipt: 30 seconds
    - C. Out of Chute time:
        - Dynamically deployed units – 60 seconds
        - County Stations – 120 seconds
    - D. Emergency Response Time goals:
        - Urban Areas – 8 min, 59 seconds
        - Suburban Areas – 12 min, 59 seconds
        - Rural Areas – 17 min, 59 seconds
    - E. Critical Care Team Request for Service: 60 minutes

Standard Operating Guideline

Title:	Re-using Medical Equipment
CAAS:	203.05.01
Effective:	June 1, 2005
Reviewed:	March, 2005, December 2012, January 2013, December 2015, December 2018
Revision:	3
Pages:	1

I. GUIDELINE:

To ensure a clean and safe environment for our staff and patients it is the policy of LCEMS to clean all reusable medical equipment after each use using currently accepted methods. LCEMS medical equipment designed for single patient use shall be properly disposed of and not re-used.

II. PROCEDURE;

- All reusable medical equipment will be cleaned after each patient use as outlined in the exposure control plan.
- All single use medical equipment will be properly discarded in biohazardous waste receptacles. Single use medical equipment will not be re-used. Replacement equipment can be obtained at EMS Logistics.
- If an ambulance crew exhausts their supply of replacement single-use supplies, the crew will contact the System Status Controller and request permission to go to HQ to resupply from the EMS Logistics.
- Single-use items are any items that the manufacturer has deemed as single-use. These items include and are not limited to trauma dressings, airway adjuncts, oxygen delivery devices, stretcher sheets, IV supplies, and all medications not already in multi-use containers.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Security Plan
Effective:	June 22, 2009
Reviewed:	December 2012, December 2015, December 2018, December 2024
Revision:	2
Pages:	2

I. PURPOSE:

To provide guidelines for EMS facility Security.

II. GUIDELINE:

Public Safety Complex (PSC) EMS Administration

1. The main entrance shall be locked at all times, and staffed by security personnel 24/7. Access is gained by an access card or by identification of personnel by a security guard.

2. The staff entrance will remain locked at all times and access will be controlled with identification and access badges.

3. All visitors must sign in and out of the facility. Visitors will not be unattended while in the facility.

4. Sensitive documents such as Patient Care Records, HIPAA Log, Subpoena Log, and other Protected Health Information will not be kept on the employees' unattended desk.

5. Files containing PHI will be locked at all times when unattended.

Logistics:

The Logistics equipment storage areas will remain locked at all times. Access is limited to Logistics and command staff. This area is under closed circuit recorded video surveillance.

Spare Ambulances: All ambulances not in use will remain locked at all times. The area is monitored by closed circuit recorded video surveillance.

Equipment lockers are located in the Logistics area and are for securing equipment when Logistics or Supervisory personnel are not available to secure the equipment. Lockers will be secured by the lock provided on the lockers. Only Logistics and

Supervisory personnel have access to keys. If equipment is placed in a locker the crew will immediately notify the on duty supervisor.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Special Services Pay and Transport Coverage
Effective:	July 31, 2006
Reviewed:	March 2007, June 2009, December 2012, December 2015, December 2018
Revision:	4
Pages:	2

I. PURPOSE:

To provide guidelines for employees signing up for and receiving Special Services Pay.

II. GUIDELINE:

Personnel that sign up for Special Services Pay for Out of Town Transports and Tactical Medical Program call will only be on call for that purpose. They will not be on call for regularly scheduled shifts and cannot work a regularly scheduled shift without the approval from the on-duty supervisor. Personnel that sign up for Special Services Pay (SSP) must abide by specific rules and procedures.

III. PROCEDURES:

- Employees shall utilize TeleStaff to sign up for Special Services Pay/Transport call.
- Employees must be available to respond to EMS headquarters and arrive at EMS HQ within 60 minutes.
- Employees must be available for the entire 12 hour shift unless previously agreed upon with the shift Captain of the day.
- The employee cannot be impaired in any way with medication or alcohol during their on call time. The employee must show up in the allotted time with a uniform and any other items needed to complete the shift assignment. The employee cannot turn down any transport or tactical assignment due to the location, partner, type of patient, or amount of time spent on the transport or tactical assignment.
- Employees may not be on call for more than 24 hours at a time without an intervening period of rest.
- Employees are given an appropriate lunch break for each transport depending on the

length of the transport; however transport to each location should be accomplished within acceptable time limits.

- If an employee is called in for a transport and the transport is cancelled, the employee will be paid for a minimum of two (2) hours.

- Employees will be paid $15 for each 12 hour shift on call and paid for each hour actually worked when called in. Each employee will be paid straight or overtime pay based on their actual hours worked. Each employee will be responsible for placing hours worked and call pay on his/her own time sheet.

- A minimum of one Paramedic must be on call for each shift. Second person can be an EMT or Paramedic. Additionally, one designated Critical Care Paramedic (CCP) may also be on-call for specialized critical care transports for each shift. Only one Paramedic will be on call for the Tactical Medical Program.

- The employee must take any transport that comes in during their on call time, even when the transport is close to the end of their call time. A CCP that is on critical care transport call will only be utilized for a specialized critical care transport based on criteria set forth by the medical director. If circumstances warrant, a third crew member may be assigned for selected transports.

- All normal protocols and procedures apply for out of town transports. For specialized critical care transports, the medical director has issued specialized protocols for use by designated Critical Care Paramedics.

- All employees taking a transport must check with dispatch prior to making patient contact to determine special equipment, special treatments, and billing procedures.

- All employees that take a transport must be familiar with the transport destination prior to departure. Computer based routing instructions and maps should be provided to all personnel not familiar with the transport destination. GPS mapping devices are also available for check-out from logistics.

- Any time a patient condition changes while en-route, protocol should be followed and a decision based on the best outcome for the patient should be made by the Paramedic on board. The crew should be familiar with hospitals along the route to the transport destination in case they need to divert to a hospital to stabilize a patient condition.

- The on-duty supervisor has at his or her discretion the ability to send an in service unit on an emergency transport immediately and allow the on call crew to fill in in Leon County. This should only occur when a transport must be sent out immediately.

- Failure to comply with the guidelines for Special Services Pay will result in possible

removal from consideration for Special Services Pay in the future.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Shift Change
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018
Revision:	3
Pages:	3

I. PURPOSE:

To provide uniform guidance on shift change and to assure units are ready for service.

II. GUIDELINE:

Fixed Station Units

Start of shift

- Shift change will occur at the County station.
- Secure the keys from the off going crew; this will be done face to face.
- The crew will utilize the on-board computer to sign on duty and contact control on channel one at the beginning of the shift.
- A daily vehicle inspection checklist will be completed by crew members. The logistics staff will be notified via Operative IQ if equipment is needed to restock the ambulance.
- Check the stretcher. Employees must be familiar with the style and model in use. The stretcher must be checked to be certain it raises and lowers smoothly. Check for breaks or cracks in the aluminum, especially around stress points such as wheel areas and flexor points. Inspect all seams, welds, connections, cotter pins or rivets. If any defect is noted, no matter how minor in appearance, it must be reported to the on-duty supervisor and the stretcher shall be replaced with a spare and the defect repaired.
- Inspect the ambulance and report any new damage to the on-duty supervisor.
- Wash the ambulance.
- Clean and wipe down the inside of the ambulance.
- Refuel if needed.

End of shift

- Before the end of the shift assure that the unit is clean inside and out, free of dirt, body fluids, drink cans, food wrappers and garbage.
- Before the end of the shift assure that all patient care records are completed and uploaded to the server.

- Delete all non-essential data from the Lifepak.
- During the face to face transfer, assure that equipment that was used during your shift has been restocked.
- Assure that you leave the keys with the on coming shift.

Dynamically Deployed Units

Start of shift

- Shift change will occur at headquarters
- Report to the logistics office before the scheduled start time of your shift.
- Units will be assigned by the logistics personnel or on-duty supervisor.
- Sign out controlled items from logistics or the on-duty supervisor:
    - Controlled drugs
    - Keys
    - Mobile phone
    - Tough book
    - Portable radio (when needed)
- Check the unit for essential equipment. If equipment needs replaced notify either logistics or the on-duty supervisor.
- Inspect the ambulance and complete the daily vehicle checklist. Report any new damage or deficiencies to the on-duty supervisor.
- Check the stretcher. Employees must be familiar with the style and model in use. The stretcher must be checked to be certain it raises and lowers smoothly. Check for breaks or cracks in the aluminum, especially around stress points such as wheel areas and flexor points. Inspect all seams, welds, connections, cotter pins or rivets. If any defect is noted, no matter how minor in appearance, it must be reported to the on-duty supervisor and the stretcher shall be replaced with a spare and the defect repaired.
- The crew will utilize the on-board computer to sign on duty and call available on channel one at the beginning of the shift.
- If the vehicle is dirty, wash it.
- While at post the interior of the vehicle will be wiped down with disinfectant solution.

End of shift

- Do not return to Headquarters for shift change until given permission from control.
- Before the end of the shift assure that the unit is clean inside and out, free of dirt, body fluids, drink cans, food wrappers and garbage.
- Fuel the unit.
- Assure that equipment that was used during your shift has been restocked.

- Turn in all controlled items and the daily end of shift report (item usage report) to the logistics personnel or on-duty supervisor.
- Complete all patient care records and ensure reports are uploaded.

III. GENERAL

- In the event of a late call past shift change, the off-going crew will not be responsible for refueling the truck, however, they may not leave without cleaning up the ambulance and equipment.
- Unless released by the on-duty supervisor, all off-going LCEMS crew members must wait until their scheduled relief arrives before leaving.
- All patient care records must be completed and exported before leaving work for the day.
- If an oncoming crew finds a vehicle in poor condition (inventory/cleanliness), the on-duty supervisor will be notified.
- Report all missing, damaged or malfunctioning equipment or vehicles to the on-duty supervisor and complete an Incident Report Form.
- Report problems with Toughbooks or network to EMS – MIS or the on-duty supervisor.

Title: Storage, Use and Replacement of Time Dated Drugs and Supplies

CAAS: 203.03.02

Effective: January 1, 2004

Reviewed: March 2008, October 2011, December 2012, December 2015, December 2018

Revision: 3

Kim Landry, MD – Medical Director

Pages: 2

I. PURPOSE:

To provide a guide for meeting requirements of DEA and FL State Bureau of EMS on non-controlled drugs, IV fluids and dated supplies.

II. GUIDELINE:

All requirements of the DEA and FL State Bureau of EMS on non-controlled drugs, IV fluids and dated supplies will be met by LCEMS. Non-narcotic medications and IV fluids not assigned to vehicles will be stored in a locked climate controlled storeroom in the EMS Division.

III. PROCEDURE:

Non-Controlled Drugs, IV Fluids and Dated Supplies (Controlled Drugs– Refer to SOG 407.00)

1. Vehicle Inventory

   On the first of the month, the Shift Supervisor will have the on-duty LCEMS crew's inventory and confirm date compliance of all drugs, IV fluids and dated supplies on the ambulances, using the monthly Vehicle Drug, IV Fluid and Dated Supplies Expiration Inventory Form. All outdated non-narcotics or damaged drugs, IV fluids, or dated supplies will be pulled and stored in the "Expired Drugs Box" located in the Soiled Utility Room until they are properly disposed of by the Supply Technician.

2. Inventory/Ordering of Narcotic and Non-Narcotic Medications, IV Fluids and Dated Supplies

A. Monday through Friday, the department's Supply Technicians monitor all supply room item levels and orders stock PRN.

B. During the first week of each month, the process includes inventory of supplies and checking the expiration dates of all IV fluids, narcotic medications, non-controlled drugs and dated supplies in stock. Any out-of-date items will be removed and replaced. The non-narcotic out-of-date items will be stored in the "Expired Drugs Box" located in the Soiled Utility Room until they are properly disposed of.

C. Narcotic medications expired will be stored in a locked box designated as expired narcotics and will be disposed of by the Logistician in accordance with DEA standards by a DEA approved reverse distributor. Proper DEA forms will be completed and filed (Refer to SOG 407.00)

D. Depleted IV fluids, non-narcotic medications and dated supplies in the ambulances will be resupplied via the LCEMS Supply Technicians or EMS staff.

3. Temperature Extremes

A. The temperature in drug cabinets aboard ambulances will be monitored and documented daily as part of the vehicle check-in process. If a cabinet is found to be out of compliance with established standards then the crew will immediately notify the on-duty supervisor and logistics personnel to replace all medications and IV fluids in the cabinet found out of compliance.

B. Temperature in the drug cabinets will be monitored by portable thermometers that will mark the highest and lowest temperatures reached, allowing the crew members to know, upon truck check in, that the medications and IV fluids were exposed to extreme temperatures.

C. Medication and IV fluids will be removed from the drug cabinets if temperatures reach, or exceed, 104° F (40° C) and discarded (this is defined as "extreme heat" by the United States Pharmacopeia 10.30.80.). Medications and IV fluids will also be removed and discarded if temperatures in the drug cabinet drop below 14° F (-10° C) (this is defined as the highest degree of "freezer" range by the United States Pharmacopeia 10.30.10.).

Standard Operating Guideline

Title:	Subpoenas & Summonses
Effective:	May 2, 2005
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	2

I. PURPOSE:

To provide uniform guidance on the receiving and handling of subpoenas and summonses by the EMS Division. This guideline only applies to requests for an employee to appear and does not apply to medical records requests. Subpoenas received for medical records requests will be handled in accordance with the County and Division HIPAA policies, guidelines and procedures.

This guideline does not apply to accepting subpoenas and summonses related to personal matters of employees.

II. GUIDELINE:

The EMS Division will accept subpoenas for all current employees and then assure that the subpoena is immediately delivered to the employee. In doing this the EMS Division will comply with Board Policy No. 04-1 titled "Service of Process of Summonses and Subpoenas."

III. PROCEDURE:

1. Subpoenas will be accepted by an EMS office or administrative employee on behalf of the employee being served. The EMS staff personnel will assure that the employee identified on the subpoena is currently employed at Leon County EMS prior to accepting the subpoena.

2. After acceptance, the subpoena will be stamped with the EMS received date stamp, along with the initials of the person who accepted it.

3. Subpoenas will be entered into the electronic subpoena log.

4. The subpoena will be scanned and e-mailed to the employee identified on the subpoena

5. The original subpoena will be scanned and electronically stored in the EMS document manager

6. The EMS staff personnel will notify the Deputy Chief of Administration to review the subpoena. If deemed necessary by the Deputy Chief of Administration, the County Attorney's office will also be notified.

Title:	SunPass® Use Policy
Effective:	January 26, 2007
Reviewed:	December 2012, December 2015, December 2018
Revisions:	1
Pages:	4

I. PURPOSE:

To provide guidelines on the use of SunPass for official Leon County Business.

II. GUIDELINE:

1. All Leon County EMS vehicles are equipped with Sunpass mini transponders. These transponders are permanently affixed to the windshield of each vehicle and allow for passage through Sunpass toll lanes when on official LCEMS business.

2. Members shall obey all traffic signs and speed limits when entering and going through the Sunpass toll lanes.

3. Members shall report any damage to the transponder to the on-duty supervisor. Tampering with the transponder or using it for personal use will result in discipline up to and including termination.

Title:	Time Sheets
CAAS:	106.02.01
Effective:	June 1, 2005
Reviewed:	March 2005, October 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

To provide guidelines for time sheet completion for EMS field employees.

II. GUIDELINE:

- Each employee is responsible for completing and signing their own time card and submitting it by the last Saturday of the pay period to the on-duty supervisor.

- The number of hours worked shall be recorded on the actual day worked. Each workday starts at 1200 am – midnight and goes until 1159 pm.

- It is the responsibility of the employee to record the number of hours of any shift differentials owed to the employee.

- Failure by an employee to submit a time sheet to the supervisor or failure to record all hours worked by the established deadline will result in the hours not reported being paid in the next pay period. Missed time is to be reported at the end of the next pay period on a paper timesheet.

- You must accurately record your hours worked. No one may record hours worked for another person. Falsely recording hours worked or tampering with another's time record may be cause for immediate termination. In the unusual occurrence of an error with the recording of your time you must immediately notify the on-duty supervisor.

- Fixed Station Units who work in the System Status Management plan may claim System Status Shift Differential, as outlined in the pay plan. The number of hours worked in the System Status Management Plan must be recorded on the appropriate line of the time sheet.

I. PURPOSE:

To provide guidelines for tobacco use by EMS employees while on duty.

II. GUIDELINE:

- Emergency Medical Service (EMS) employees are prohibited from using any and all tobacco products, including smokeless tobacco and E-cigarettes, while working and during scheduled work hours. Consistent therewith, tobacco products are strictly prohibited in EMS vehicles or buildings (City or County). This applies to volunteers, students, interns and visitors (including EMS employees who may be on premises, but not working or scheduled to work).

- EMS recruitment announcements shall clearly state that EMS employees will be working in a tobacco free environment.

- Violations of this policy shall result in disciplinary action up to and including termination from employment, and subject violators to fines of up to $500.00 in accordance with 386.208 Florida Statute.

Title:	Uniform & Appearance Standards
CAAS:	106.07.01
Effective:	August 20, 2004
Reviewed:	February 2007, December 2012, December 2015, December 2018, September 2022
Revision:	5
Pages:	11

1. **PURPOSE –** The purpose of this guideline is to establish the official Leon County EMS uniform and personal appearance standards.

2. **SCOPE –** This guideline applies to all certified members of Leon County EMS. All non-certified staff will follow the dress code as outlined in the Leon County Human Resources Policy and Procedure manual Section II – Conduct.

3. **DISCUSSION –** LCEMS requires its members to present themselves in a professional well-groomed manner. The appearance and grooming of our members are extremely important in conveying our professionalism. The LCEMS uniform and the personal appearance of LCEMS members influences the prestige of the service and the status of the agency in the eyes of the public.

4. **GUIDELINES–**Leon County EMS shall govern the appearance of its members. All members are expected to be properly groomed and always uniformed as prescribed herein.

5. **PROCEDURE**

   a. **General guidelines:**

      i. The official LCEMS uniform and all accessories will be of the style, color and type of material designated by the Chief.

      ii. LCEMS members shall be required to wear their prescribed duty uniforms and accessories when reporting for duty, training, or court appearances. If a member appears for work improperly dressed or groomed, they will be sent home and may be directed to return to work in the proper uniform appropriately groomed. If this should occur the member shall not be paid for the time away from work and will be subject to disciplinary action.

      iii. While on duty members will keep an extra clean uniform at the duty location.

iv. All members will present a neat, clean and professional appearance. All clothing and uniforms must be clean and pressed.

v. Fingernails shall be clean and neatly trimmed. Nail polish may be worn. For infection control reasons acrylic nails or extensions are not permitted.

vi. Cosmetics and make-up will be subdued. No heavy or dramatic effects are permitted.

vii. Perfumes and colognes must be minimal and should not be a heavy fragrance that dominates a room.

viii. Eyewear must be conservative and professional in appearance.

ix. Neck accessories that could be used to incapacitate a member or that are visible above the uniform collar are prohibited.

x. One ring may be worn per hand. Wedding sets worn on the same finger constitute one ring.

xi. Two (2) sets of reasonably sized earrings may be worn in each ear lobe. A single (1) stud or ring may be displayed in one (1) nose and/or one (1) eyebrow piercing, if it does not exceed ½ inch in size, and provided it does not interfere with the use of a respirator or surgical mask. Ear gauges should be plugged/opaque and not exceed a ½ inch in diameter. Objects, articles, jewelry or ornamentation of any kind shall not be inserted, attached any part of the mouth, lips or cheek. Tongue piercings are permitted if not obviously visible from outside the mouth.

xii. Members may have visible body tattoos provided the tattoos do not diminish or distract from the professional appearance of the member, bring discredit to Leon County, the Division, or Public Safety. No member may display a body tattoo which is disrespectful, offensive, obscene, sexually suggestive, advocates criminal activity, or could be construed as extremist, indecent, sexist or racist.

xiii. Hairstyles shall be conservative, well-groomed, and controlled at all times. No hairstyle that creates an unduly singular, odd or unusual appearance may be worn. Hair glitter, unusual or unnatural colors, and / or sparkling hair pieces are not permitted.

a. The hair shall not lap over the shirt collar nor protrude over the ears. Longer hair must be pulled up or may be secured to or on the head using clasps, pins, barrettes, or bands. These shall be the color of the hair, the uniform or uniform brass and shall be functional not decorative in nature.

b. Sideburns shall be uniform from top to bottom, non-flared, neatly trimmed and not be excessively heavy or bushy. Sideburns shall be cut horizontally along the side of the face and shall not extend below the middle of the earlobes.

c. Mustaches and goatees are authorized and shall be of conventional type, neatly trimmed and not present a bushy or unkempt appearance. A mustache shall not extend onto or over the upper lip. All other areas of the face must be freshly shaved. Facial hair cannot interfere with respirator / N95 mask fits. (See attached CDC/NIOSH guidance "Facial Hairstyles and Filtering Facepiece Respirators")

d. Beards are only authorized for members that have been granted an official accommodation by the Leon County Division of Human Resources. If an accommodation is provided, the member will be issued a full-face, Powered Air Purifying Respirator (PAPR). Beards shall follow the jaw line and not extend onto the neck, must be clean and neatly trimmed, uniformed in appearance, and maintained at ¼ to ½ inch in length.

b. Standard Field Uniform Specifications

i. Headgear – Only headgear approved by the Chief and issued by the division are permitted to be worn. Headgear/hats will be worn with the title to the front of the head in a customary manner.

ii. Shirts – The red polo style shirt provided by the County is the standard uniform shirt. Undershirts shall be solid in color: white, red, black, or navy blue; and not extend past the shirt sleeve.

iii. Accessories – Only accessories issued by LCEMS will be worn on the uniform.

iv. Badge – The Leon County E.M.S. badge shall be agency issue. It will be worn on the trouser belt in a location that is visible from the front.

v. Public Safety Complex (PSC) security badge may be worn in a manner that makes it easily readable from the front.

vi. Insignias, emblems and pins – No emblems, medals, insignias, pins or patches will be worn on the uniform shirt except those issued by LCEMS or specifically authorized by the Chief.

vii. Trousers – The standard uniform trousers shall be County issued dark blue "EMS" pants. They will be properly tailored and fit around the waist. Proper length is determined by the front crease touching midway on the instep of the shoe. All pocket buttons and closures will remain closed and must be replaced when necessary.

viii. Trouser belt – The uniform trouser belt shall be County approved. A black leather basket weave belt that fastens with a gold or silver tone metal buckle or a black nylon style belt with black buckle is to be worn. The buckle shall be in proportion to the belt width. Decorative or ornamental type buckles with insignias, names or logos are not permitted. Only approved items appropriate for the job may be worn on the belt.

ix. Footwear – Footwear shall be made of black leather or simulated leather composition and approved by the County. They must present a polished or matte, clean appearance. Pants may not be worn inside the boots. If socks are visible, they must be dark in color. If white socks must be worn for purposes of foot hygiene, they will be worn under the dark socks.

x. Uniform jackets – The uniform jacket shall be County issued and worn as required over the standard uniform. No other style or type jacket may be worn unless specifically approved by the Chief. Lieutenants and above may display their rank by wearing the County issued rank insignias on the collar of the jacket. The EMT or Paramedic patch will be displayed on the right sleeve one half inch below the shoulder seam, centered on the sleeve and the LCEMS patch will be displayed on the left sleeve one half inch below the shoulder seam, centered on the sleeve. No other accessories shall be worn on the uniform jacket unless specifically approved by the Chief.

xi. Rain jackets – The rain jackets shall be County issued and worn as required over the standard uniform. No other style or type of rain jacket may be worn unless specifically approved by the Chief.

c. Class "B" Uniform Specifications

i. Class “B” uniforms may be worn by supervisors while on duty as the on-duty field operations supervisor or supervising charge paramedic. Field personnel may wear Class “B” uniforms if both crew members on a unit are wearing the same uniform style. Any personnel may be required to wear the Class “B” uniform at the direction of the Chief. Uniform areas not specifically addressed in this section default to the standard field uniform specifications.

ii. Shirts – A white short sleeve uniform shirt with sewn in military creases and epaulets is the class “B” uniform shirt. During winter months a long sleeve white uniform shirt with sewn in military creases and epaulets may be worn. All shirt pockets will remain secured at all times. A white crewneck unadorned tee shirt will be worn under the uniform shirt. Buttons must be replaced when necessary. Undergarments may not extend past the shirt sleeve.

iii. Accessories – Only accessories issued by LCEMS will be worn on the uniform.

iv. Badge – The Leon County E.M.S. badge shall be agency issue. It will be worn centered above the left shirt pocket in the appropriate openings provided.

v. Nameplate – The nameplate shall be County approved and worn centered over the right shirt pocket. The bottom of the nameplate shall rest on the top of the pocket flapand be centered on the middle seam of the pocket.

vi. Collar brass / rank insignia – The collar brass and rank insignia shall be County issued and worn on the end of the collars at the lowest part parallel to the base. Ranked employees will wear their rank insignia in place of the collar brass.

vii. Insignias, emblems and pins – No emblems, medals, insignias, pins or patches will be worn on the uniform shirt except those issued by LCEMS or specifically authorized by the Chief.

1. Pins - A pin of the American flag may be worn centered one quarter inch above the nameplate. No other flag pins will be displayed. If a CAAS pin, FTO pin, tactical medic pin,and/or Critical Care pin is also going to be worn, it/they will be one quarter inch above the name plate and the American flag pin will be one quarter inch above it/them. CAAS, tactical medic, and critical care pins will be standardized and approved by the Chief.

2. Award pins/bars may be worn ¼ inch above the nameplate, below a specialty pin (CAAS, FTO, tactical medic, critical care). If a member has two award pins/bars, they will be worn side by side, centered ¼ inch above the nameplate. All award pins/bars will be standardized and approved by the Chief.

3. An EMT or Paramedic insignia patch shall be affixed to the right sleeve one half inch below the shoulder seam and centered to the epaulet of the uniform shirt.

4. A LCEMS insignia patch shall be affixed to the left sleeve one half inch below the shoulder seam and centered to the epaulet of the uniform shirt.

d. Class "A" - Dress Uniform Specifications

i. Class "A" dress uniforms will be worn to functions as directed by the Chief. Uniform areas not specifically addressed in this section default to the standard uniform specifications.

ii. Headgear – hats will not be worn as part of the dress uniform.

iii. Shirts – A white long sleeve uniform shirt with sewn in military creases and epaulets is the dress uniform shirt. All shirt pockets will remain secured at all times. A white crewneck unadorned tee shirt will be worn under it. Buttons must be replaced when necessary.

iv. Tie – The standard uniform tie, as specified below, shall be worn as a part of the Class A uniform.

Tie specifications

a. The standard uniform tie shall be pre-tied and either clip-on or Velcro quick release style.
b. The tie must not have a design or sheen. It can be 2 or 3 inches wide and may be tapered at the center with a pointed end. The fabric for ties can be polyester, wool, synthetic, or blends and shall be navy blue or black in color.

v. Accessories – Only accessories issued by LCEMS will be worn on the uniform.

vi. Badge – The Leon County E.M.S. badge shall be agency issue. It will be worn centered above the left shirt pocket in the appropriate openings provided.

vii. Nameplate – The nameplate shall be County issued and worn centered over the right shirt pocket. The bottom of the nameplate shall rest on the top of the pocket flap and be centered on the middle seam of the pocket.

viii. Collar brass / rank insignia – The collar brass and rank insignia shall be County issued and worn on the end of the collars at the lowest part parallel to the base. Ranked employees will wear their rank insignia in place of the collar brass.

ix. Insignias, emblems and pins – No emblems, medals, insignias, pins or patches will be worn on the uniform shirt except those issued by LCEMS or specifically authorized by the Chief.

1. Pins - A pin of the American flag may be worn centered one quarter inch above the nameplate. No other flag pins will be displayed.

2. An EMT or Paramedic insignia patch shall be affixed to the right sleeve one half inch below the shoulder seam and centered to the epaulet of the uniform shirt.

3. A LCEMS insignia patch shall be affixed to the left sleeve one half inch below the shoulder seam and centered to the epaulet of the uniform shirt.

x. Trousers – The dress uniform trousers shall be County issued dark blue trousers. They will be properly tailored and fit around the waist. Proper length is determined by the front crease touching midway on the instep of the shoe. All pocket buttons and closures will main closed and must be replaced when necessary.

xi. Trouser belt – The uniform trouser belt shall be County approved. A black leather basket weave belt that fastens with a gold or silver tone metal buckle is to be worn. The buckle shall be in proportion to the belt width. Decorative or ornamental type buckles with insignias, names or logos are not permitted. Nothing may be worn on or hanging from the belt.

xii. Footwear – Footwear shall be made of black leather or simulated leather composition low quarter shoes as approved by the Chief. They must present a polished and clean appearance. Pants may not

be worn inside the boots. If socks are visible they must be dark in color. If white socks must be worn for purposes of foot hygiene, they will be worn under the dark socks.

e. Badge Bunting / Mourning Bands

i. Solid black badge bunting / mourning bands that are approximately ½ inch wide and tight fitting to the badge may be worn by members over the center of their badge in any class of uniform. Bunting / mourning bands are worn to honor and respect the service of an EMS member, a first responder, or a dignitary or during participation in a day of memorial. The following instances are when badge bunting / mourning bands are authorized:

ii. Upon the line of duty death of an active member of EMS badge bunting / mourning bands are worn for a period of thirty (30) days from the date of death.

iii. Upon the off-duty death of an active member of EMS badge bunting / mourning bands are worn from the date of death until 24-hours after the memorial or funeral service. If no memorial or funeral service is held, badge bunting / mourning bands are worn for 14 days.

iv. Upon the death of an active Leon County first responder badge bunting / mourning bands are worn from the date of death until the conclusion of the memorial or funeral service. If no memorial or funeral service is held, badge bunting / mourning bands are worn for 7 days.

v. Members may wear badge bunting / mourning bands when attending the memorial or funeral service of a retired EMS member the day of the service.

vi. Members may wear badge bunting / mourning bands when attending the memorial or funeral service of an out-of-the area first responder while attending the service

vii. Members may wear badge bunting / mourning bands on the following days: National EMS Memorial Weekend, 9-11, other days or anniversaries as determined by the EMS Chief.

viii. Members shall wear badge bunting / mourning bands at the direction of the Chief when special circumstances dictate that EMS display of official mourning is appropriate.

f. Court Appearances

Employees appearing for Court, including depositions, while representing Leon County shall wear a Class “A” uniform.

g. Public Relation / Special Event Specifications

i. Members representing the agency at public relation events shall wear the Class "B" uniform in accordance with the specifications above. Members will be provided direction on which uniform specification is appropriate for the event.

ii. Members working at special events shall wear the standard field uniform unless ordered otherwise. The Chief may authorize special event uniforms to be worn to a specific event. All employees assigned to the event will wear the specified special event uniform.

h. Training Specifications

i. Members attending training, who are being paid by the County for attending the training, shall wear the standard field uniform.

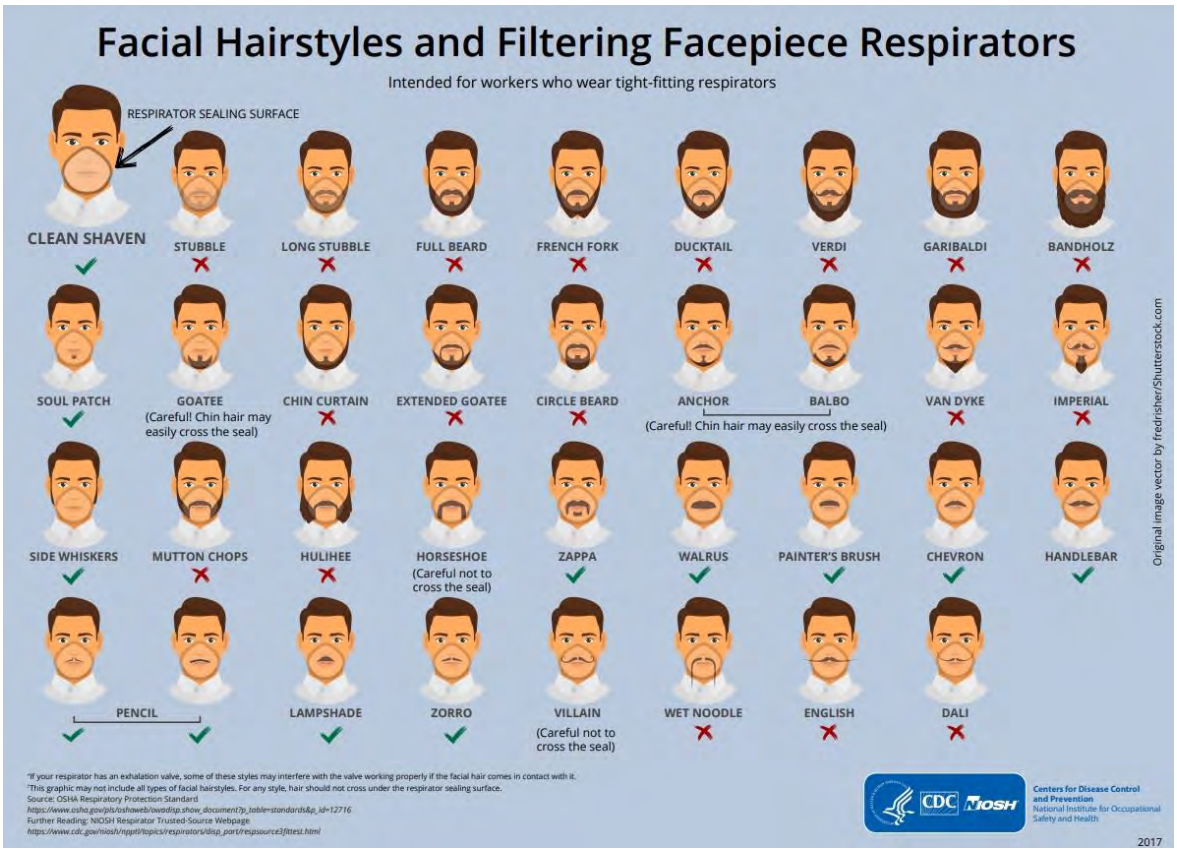
i. Other County Clothing

i. All non-uniform clothing that contains emblems and / or the name of the County or E.M.S. Division shall be considered property of the County and shall be governed by sections i. Agency Issued Equipment and Uniforms and j. Employee to Surrender Agency Property of this SOG.

ii. Members assigned to non-field duties, excluding training, are permitted to wear approved clothing containing the emblems and / or the name of the County or E.M.S. Division while assigned to those duties. Employees must maintain a professional appearance consistent with Section II of the Leon County Human Resources Policy and Procedure manual.

j. Agency Issued Equipment and Uniforms:

i. Certain items of equipment and uniforms will be issued by LCEMS for use by members while performing their job functions for Leon County. Initial issue of such items will be done at the expense of the County. Members receiving equipment and uniforms will inventory and sign for each item and is responsible for its safekeeping, care and return. Equipment, uniforms and uniform components provided by the County will at all times remain the property of Leon County and shall only be used while working for Leon County and shall not be worn while off duty or when working for another employer. Further when off duty, LCEMS uniforms in part or whole will not be worn into drinking establishments, for unauthorized political activities or at other locations that could damage the reputation of the County.



ii. Issued property rendered unusable through normal wear and tear or that becomes unacceptable in appearance will be exchanged at LCEMS expense. This requires returning the item(s) for reissue of new item(s). Such reissue requires supervisor approval.

iii. Loss or damage of items by neglect, misuse or abuse will be replaced at the member's expense. Loss or damage of issued equipment in this circumstance by the employee shall be documented on a LCEMS incident report form and directed to the on-duty supervisor.

iv. Theft or damage of any item(s) issued as a result of a criminal act shall be reported to the appropriate law enforcement agency. Such item(s) properly justified as stolen or damaged through no negligence of the employee will be replaced at LCEMS expense. A copy of the investigative report and a completed LCEMS incident report form shall be directed to the on-duty supervisor.

k. Employee to Surrender Agency Property

i. Whenever a member separates from the division, the identification card and badge shall be returned. Additionally, all uniforms and other County property issued to a member shall be returned and inventoried. The member will be financially responsible for any uniforms or equipment not returned, lost, or damaged above normal wear and tear.

Standard Operating Guideline

Title: Use of Electronic Mail and Facsimile Transmissions

Effective: July 2005

Reviewed: December 2012, December 2015, December 2018

Revision: 2

Pages: 3

I. PURPOSE:

To provide guidelines on the use of electronic mail and facsimile transmissions.

II. GUIDELINE:

Leon County EMS Division is responsible for ensuring the privacy and security of all patient information that we create, receive, or use under both the Privacy Regulations (Privacy Rule) and the Security Regulations (Security Rule) of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Facsimile transmission is a common method for general communication, sending and receiving patient information. We need to ensure that faxes are sent to and received by the proper person.

In the event that e-mail and faxes are sent to or received by a person not designated to receive the information, it is important to provide notices and disclaimers on these transmissions to alert the receiving party that the transmission may be confidential and to give them steps they should take to alert us and to return the transmitted information.

III. PROCEDURE

Electronic Mail

1. Electronic mail is intended to be used as a tool to facilitate communications and the exchange of information. Staff members are required to check email regularly.

2. Occasional personal use is permissible so long as:
    a. It does not consume more than a trivial amount of resources
    b. Does not interfere with staff member productivity

c. Does not take priority over County business
d. Comports with our e-mail use and harassment policies
e. Complies with County Policy on email use.

3. In all cases, users of our electronic mail system have an obligation to use it appropriately, effectively, and efficiently.

4. Staff members must be aware that e-mail can be forwarded, intercepted, printed and stored by others. Therefore, users must utilize discretion and confidentiality protections equal to or exceeding that which is applied to written documents.

5. E-mail accounts and passwords should not be shared or revealed to anyone else besides the authorized users

6. All electronic mail transmissions that contain confidential information originating from LCEMS staff members must contain, at the minimum, a signature section that contains the following information:
    a. The sender's full name
    b. Leon County EMS Division
       911 Easterwood Dr
       Tallahassee, Fl 32311
       Phone – 850- 606-2100
       Fax – 850-606-2101

7. Below the signature section, the following notice and disclaimer must appear in all transmissions from LCEMS staff members in at least 10 point font:

CONFIDENTIALITY NOTICE: This e-mail message, including any attachments, is for the sole use of the intended recipient(s) and may contain confidential, propriety, and/or privileged information protected by law. If you are not the intended recipient, you may not use, copy, or distribute this e-mail message or its attachments. If you believe you have received this e-mail and message in error, please contact the sender by reply e-mail and telephone immediately and destroy all copies of the original message.

Facsimile Transmissions

1. As with e-mail transmissions, the transmission of documents by facsimile machine requires similar protections and safeguards.

2. Must use the Leon County Emergency Medical Services cover sheet. If not available then use #3.

3. All facsimile transmissions that contain PHI must contain a cover sheet that includes at a minimum, the following information:
    a. Leon County EMS
    b. Name of the intended recipient
    c. Name of sender
    d. Facsimile number of the recipient
    e. Telephone number of the sender
    f. Date of the transmission
    g. The number of pages in the transmission

4. At the bottom of the facsimile cover sheet, the following notice and disclaimer must appear in at least 10 point font:

CONFIDENTIALITY NOTICE: This facsimile transmission is confidential and is intended only for the review of the party to whom it is addressed. It may contain propriety, and/or privileged information protected by law. If you are not the intended recipient, you may not use, copy, or distribute this facsimile message or its attachments. If you believe you have received this transmission in error, please immediately telephone the sender above to arrange for its return.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Use of Mobile / Cellular Devices
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. PURPOSE:

1. To serve as a back-up communications device when there is a failure of either the radio or telephone system.

2. To augment communications for on-duty supervisors in implementing system coordination.

II. GUIDELINE:

1. LCEMS shall provide constant communications with field staff and administration. The cellular telephone will be considered part of the LCEMS communications system.

2. County mobile / cellular telephones issued to field staff will be used for county business. Employees making emergency personal phone calls will be responsible for paying fees associated with personal use and must report personal use in writing to the on-duty supervisor.

3. Drivers of county vehicles shall only use mobile / cellular devices while utilizing a hands free adapter.

4. Use of personal mobile / cellular devices while in the public or with a patient is not permitted. They shall be kept in a silent or vibrating alert ring and shall not be answered.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Work Schedule
Effective:	June 1, 2005
Reviewed:	March 2005, August 2007, January 2010, April, 2011, December 2012, December 2015, December 2018, April 2023
Revision:	7
Pages:	4

I. PURPOSE:

To provide guidelines for the scheduling of EMS field members.

II. GUIDELINES:

Due to the unique nature of the positions in EMS, scheduling of work hours will be made at the sole discretion of Leon County which will include night, weekend, and holiday shifts. LCEMS reserves the right to schedule any member at any time or change the schedule in accordance with its needs. All attempts will be made to notify the member of any changes in a posted schedule. It is your responsibility to work your entire scheduled shift, unless you have been pre-approved for time off. No guarantee or promise as to what shift any particular EMS member will be scheduled can be made. At no time will an employee be scheduled to work more than 24 hours straight in a 32 hour period; unless approved by the Chief or a Deputy Chief, no exceptions. Every effort will be made to ensure that members have a minimum of 8 hours rest between consecutive shifts

III. PROCEDURE:

1. The TeleStaff system will be utilized for the development of the field schedule. Members can access TeleStaff either by a County computer, via the internet or by phone.

2. Part-time and PRN members must submit their rolling availability with a continuous 40 day window of intention via the appropriate work code in TeleStaff. TeleStaff will utilize a series of algorithms to fill available shift openings and offers vacancies to part-time personnel who have entered their available / unavailable work codes into TeleStaff on a first come, first served basis. It is necessary for part-time and PRN members to enter the days that they are available and unavailable to work in the TeleStaff system.

3. Part-time and PRN members working for other employers shall mark the subject shift schedule as “unavailable days” in TeleStaff as far out as possible inside the 40 day rolling window of intention.

4. PRN members are required to meet the established minimum of their employment status, specifically PRN members are required to work a minimum of 40 hours per calendar month to satisfy the minimum requirements of their positions. The availability submitted

by PRN staff must include a minimum of 2 night shifts, 2 weekend shifts and 50% or ½ of special days (once special days are identified).

5. Part-time members will have a regular assigned shift, or they will have a self-scheduling assignment. Part-time members with a self-scheduling assignment are required to have at least two 12-hour shifts scheduled per week; these shifts are required to be scheduled 60 – 90 days in advance. Part-time members who self-schedule must include a minimum of 2 night shifts and 2 weekend shifts a month, and 50% or ½ of special days (once they are identified).

6. Scheduling Leave Time

    a. Leave time will be scheduled at the mutual convenience of LCEMS and the member. In the event of a scheduling conflict the Chief or his designee will make the final decision. Final approval will be based on operational needs and available personnel. The submission of a request for leave time is not a guarantee that the request will be approved.

    b. Leave time is to be scheduled as far in advance as possible in order to facilitate effective crew scheduling. Requests for leave time must be made utilizing the TeleStaff system. If you are unable to request leave time through TeleStaff, a written request must be made to the on-duty field operations supervisor utilizing the County's leave / compensation request form.

    c. Members are encouraged to submit leave requests as soon as possible. Requests will be honored on a first come first served basis. Requests must be submitted at least one month before the leave occurs.

    d. Requests for leave days occurring less than one month before the beginning of the schedule that the leave will occur during will require the member to complete a "Request-Off form and submit it to the on-duty supervisor for approval and input into TeleStaff..

    e. In times when operational demand requires, the Chief may cancel any previously approved leave time.

7. Special Day Rules

    a. Certain days, such as holidays and Special events when operational demand requires, have been designated as Special Days in TeleStaff. Members are not permitted to utilize leave time or comp time leave during Special Days or trade or give-a-way shifts occurring during Special Days without specific written authorization from the Deputy Chief of Operations and compliance with the following:

i. Full time members shall request Special Days off in writing to the Deputy Chief of Operations with a minimum of thirty days advance notice. There is no guarantee that a Special Day off request will be authorized.
ii. Members are not permitted to trade or give-a-way a shift occurring during a Special Day without the specific written authorization of the Deputy Chief of Operations or his designee.

8. Trading shifts

a. Shift trades may be authorized by a Captain provided a completed shift trading form signed by both members is submitted at least 1 day in advance. Trades may not be permitted when the schedule change results in overtime or one or more member is scheduled for more than 24 consecutive hours. Shift trades are intended to be a swap of hours scheduled within the same pay week between two similar class employees.
b. Shift trades between members must have common qualifications. No shift trade will be authorized when members are not equally qualified for the same position. An example of common qualifications would be attempting to trade a shift where the person trading the shift must be trailer or cart trained with a person that does not have the equivalent trailer or cart training to fill that position. Such a Shift trade as described in the preceding sentence will not be authorized.

9. .Guidelines for filling vacant positions / shift assignments – the following are general guidelines for the filling of shift vacancies.

a. The EMS Division will first offer shift assignments to current members before assigning these shifts to new members. Field staff may only voluntarily change shift assignments twice per rolling year. For example, if a member voluntarily changes their shift assignment in July and again in September, they are not eligible for a voluntary shift change until July of the next year.

b. Staff will be notified via e-mail of possible shift assignment and are required to respond to this e-mail to express interest in a new shift assignment. There may be instances where shifts must be filled on a temporary basis, prior to permanent assignments being made.

c. Members shall be assigned to shifts based on the operational need of and at the sole discretion of the County. Shift assignments may be altered or changed at any time and there is no guarantee or promise as to what shift any particular member shall be scheduled.

d. Vacancies shall be filled based on the interest solicited with the e-mail announcement. The following shall be considered when filling shifts:

i. Length of full-time employment of the members making a request and service needs with regard to Paramedic or EMT positions.

ii. The general employment history of the members, including evaluations and disciplinary actions.

iii. Field Training Officers shall only be assigned to the following shifts:
    1. MED 1 or 21
    2. MED 2 or 22
    3. MED 3 or 23
    4. MED 4 or 24
    5. MED 5 or 25
    6. MED 6 or 26
    7. MED 11
    8. MED 18
    9. MED 20
    10. MED 19

iv. Due to operational advantages; preference shall be given to Paramedic / Paramedic crew configurations in the following situations:
    1. 12 and 14 hour shifts
    2. Units with a Paramedic II
    3. Units with a Charge Paramedic

9. Members that fail to follow the work schedule policy may be subject to progressive disciplinary action up to and including termination.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Security Incident Management
Effective:	June 2006
Reviewed:	December 2012, December 2015, December 2018
Revisions:	1
Pages:	2

I. PURPOSE:

To provide guidelines for Security Incident Management

II. GUIDELINE:

Incidents that could compromise our electronic information system are serious as critical patient information may be damaged or lost. This policy establishes Leon County EMS Division's general policy on how to report a security incident and the steps that will be taken to investigate and take action when a potential to actual security incident occurs.

III. PROCEDURE:

Security Incident Defined

A "Security Incident" is an attempted entry, unauthorized entry, or an information breach or attack on our electronic information system. It includes unauthorized probing and browsing of the files, a disruption of service from any cause, and incidents where electronic information has been altered or destroyed.

Security incidents may include such things as a virus or a worm, or unauthorized use of computer accounts and computer systems. It may also include complaints or reports of improper use of our information system.

Reporting a Security Incident

All staff members are responsible for immediately reporting a security incident or suspected security incident immediately.

When a suspected security incident occurs, an Incident Report will be completed.

The Privacy/Information Security Officer will be responsible for initiating an immediate investigation to isolate the problem and take whatever action is necessary to protect the

information system and e-PHI and other vital electronic information. All actions will be done in a coordinated manner with Leon County MIS.

The Privacy/Information Security Officer will notify management immediately in the event the incident cannot be immediately corrected, or if any e-PHI or other vital information is altered or destroyed. Management will also be notified of any completed investigation and the outcome of the investigation. In the event of a suspected computer crime, or other unlawful activity via the use of the information system, local, state, or federal law enforcement may need to be notified. That determination will be made by management with recommendation from the Privacy/Information Security Officer.

The Information Security Officer is responsible for coordinating communications with the county departments and divisions and outside organizations.

Whenever a security incident, such as a virus, worm, hoax e-mail, discovery of hacking tools, altered data, or other event that could harm the information system is suspected or confirmed, remedial action will be taken, confirmed that they caused or contributed to the incident.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Policy on Security, Levels of Access and Limiting Disclosure and Use of PHI
Effective:	June 2006
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	5

I. GUIDELINE:

To outline levels of access to Protected Health Information (PHI) of various staff members of Leon County Emergency Medical Services and to provide a policy and procedure on limiting access, disclosure, and use of PHI.

II. POLICY:

Leon County Emergency Medical Services retains strict requirements on the security, access, disclosure and use of PHI. Access, disclosure and use of PHI will be based on the role of the individual staff member in the organization, and should be only to the extent that the person needs access to PHI to complete necessary job functions.

When PHI is accessed, disclosed and used, the individuals involved will make every effort, except in patient care situations, to only access, disclose and use PHI to the extent that only the minimum necessary information is used to accomplish the intended purpose.

III. PROCEDURE:

Role Based Access

Access to PHI will be limited to those who need access to PHI to carry out their duties. The following describes the specific categories or types of PHI to which such persons need access is defined and the conditions, as appropriate, that would apply to such access

Job Title	**Description of PHI to Be Accessed**	**Conditions to Access to PHI**
EMT	Intake forms from dispatch, patient care reports	May access only as part of completion of a patient event and post-event activities and only while actually on duty
Paramedic	Intake forms from dispatch, patient care reports	May access only as part of completion of a patient event and post-event activities and only while actually on duty

Billing Coordinator, Administrative Associate V's		May access only as part of duties to complete patient billing record requests and follow up and only during actual work shift
Shift Captains, FTO's	Intake forms from dispatch, patient care reports	May access only as part of completion of a patient event and post-event activities, as well as for quality assurance checks and corrective counseling of staff
Charge Paramedics/ Lieutenants	Intake forms, preplanned CAD information on patient address	May access only as part of completion of an incident, from receipt of information necessary to dispatch a call, to the closing out of the incident and only while on duty
EMS Quality Improvement & Education Manager / Medical Director	Intake forms from dispatch, patient care reports	May access only as a part of training and quality assurance activities. All individually identifiable patient information should be redacted prior to use in training and quality assurance activities
Deputy Chiefs / Chief	Intake forms from dispatch, patient care reports, billing claim forms, remittance advice statements, other patient records from facilities	May access only to the extent necessary to monitor compliance and to accomplish appropriate supervision and management of personnel
MIS		May access only to the extent necessary to maintain computer systems.

Access to PHI is limited to the above-identified persons only, and to the identified PHI only, based on Leon County Emergency Medical Services' reasonable determination of the persons or classes of persons who require PHI, and the nature of the health information they require, consistent with their job responsibilities

.

Access to a patient's entire file <u>will not be allowed</u> except when provided for in this and other policies and procedures and the justification for use of the entire medical record is specifically identified and documented.

Disclosures to and Authorizations from the Patient

You are not required to limit to the minimum amount of information necessary required to perform your job function, or your disclosures of PHI to patients who are the subject of the PHI. In addition, disclosures authorized by the patient are exempt from the minimum necessary requirements unless the authorization to disclose PHI is requested by Leon County Emergency Medical Services.

Authorization received directly from third parties, such as Medicare, or other insurance companies, which direct you to release PHI to those entities, are not subject to the minimum necessary standards.

For example, if we have a patient's authorization to disclose PHI to Medicare, Medicaid or another health insurance plan for claim determination purposes, Leon County Emergency Medical Services is permitted to disclose the PHI requested without making any minimum necessary determination.

LCEMS Requests for PHI

If Leon County Emergency Medical Services needs to request PHI from another health care provider on a routine or recurring basis, we must limit our requests to only the reasonably necessary information needed for the intended purpose, as described below. For requests not covered below, you must make this determination individually for each request and you should consult your supervisor for guidance. For example, if the request is non-recurring or non-routine, like making a request for documents via a subpoena, we must make sure our request covers only the minimum necessary PHI to accomplish the purpose of the request.

Holder of PHI	Purpose of Request	Information Reasonably Necessary to Accomplish Purpose
Skilled Nursing Facilities	To have adequate patient records to determine medical necessity for service and to properly bill for services provided	Patient face sheets, discharge summaries, Physician Certification Statements and Statements of Medical Necessity, Mobility Assessments
Hospitals	To have adequate patient records to determine medical necessity for service and to properly bill for services provided	Patient face sheets, discharge summaries, Physician Certification Statements and Statements of Medical Necessity, Mobility Assessments
Mutual Aid Ambulances / First Response Services	To have adequate patient records to conduct joint billing operations for patients mutually treated/transported	Patient care reports

	by the County	

For all other requests, determine what information is reasonably necessary for each on an individual basis.

Incidental Disclosures

Leon County Emergency Medical Services understands that there will be times when there are incidental disclosures about PHI in the context of caring for a patient. The privacy laws were not intended to impede common health care practices that are essential in providing health care to the individual. Incidental disclosures are inevitable, but these will typically occur in radio or face-to-face conversation between health care providers, or when patient care information in written or computer form is left out in the open for others to access or see.

The fundamental principle is that all staff needs to be sensitive about the importance of maintaining the confidence and security of all material we create or use that contains patient care information. Coworkers and other staff members will not have access to information that is not necessary for the staff member to complete his or her job. For example, it is generally not appropriate for field personnel to have access to billing records of the patient.

But all personnel must be sensitive to avoiding incidental disclosures to other health care providers and others who do not have a need to know the information. Pay attention to who is within earshot when you make verbal statements about a patient's health information, and follow some of these common sense procedures for avoiding accidental or inadvertent disclosures:

Verbal Security

Waiting or Public Areas: if patients are in waiting areas to discuss the service provided to them or to have billing questions answered, make sure that there are no other persons in the waiting area, or if so, bring the patient into a screened area before engaging in discussion.

Garage Areas: Staff members should be sensitive to that fact that members of the public and other agencies may be present in the garage and other easily accessible areas. Conversations about patients and their health care should not take place in areas where those without a need to know are present.

Physical Security

Patient Care and Other Patient or Billing Records: Patient care reports shall be stored in safe and secure areas. When any paper records concerning a patient are completed, they shall not be left in open bins or on desktops or other surfaces. Only those with a need to have the information for the completion of their job duties should

have access to any paper records.

Billing records, including all notes remittance advices, charge slips or claim forms should not be left out in the open and should be stored in files or boxes that are secure and in an area with access limited to those who need access to the information for the completion of their job duties.

Computers and Entry Devices: Computer access terminals and other remote entry devices such as PDAs and laptops should be kept secure. Access to any computer devices should be by password only. Staff members should be sensitive to who may be in viewing range of the monitor screen and take simple steps to shield viewing of the screen by unauthorized persons. All remote devices such as laptops should remain in the physical possession of the individual to whom it is assigned at all times.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Medical Error Reporting
CAAS:	202.05.01
Effective:	June 15, 2012
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	2

I. PURPOSE:

The purpose of this Standard Operating Guideline is to describe the process for employees to report erroneous medication administration. Any incidents involving improper medication administration must be documented and addressed immediately.

II. GUIDELINE:

It is the guideline of LCEMS that every patient will receive medications in accordance with medical protocol or online medical direction. Medication errors will be treated with the utmost confidentiality. Any person who is aware of details regarding a medication error is expected to handle them with the utmost discretion.

III. PROCEDURE:

1. Every medication error must be documented on a Leon County EMS Medical Quality Assurance Report. This documentation may be completed by any field staff member.

   The following types of incidents are considered medication errors.
   - Any medication given when not indicated by the most current version of Leon County EMS medical protocols or expressly ordered by online medical direction.
   - Any medication given in dosage not indicated in the Leon County EMS medical protocols or expressly ordered by online medical direction.

2. Procedure for filling out Medical Quality Assurance Report

   A. Immediately after the incident, the crew member involved will:

- Locate the blue Medical Quality Assurance Report in the clipboard in the ambulance or in logistics
- Accurately document the
  - ✓ Date of error
  - ✓ Time of error
  - ✓ Run number
  - ✓ Date report was completed
  - ✓ Location of error
  - ✓ Description of error
  - ✓ Printed name of person filling out report
  - ✓ Signature of person filling out report

- Personally turn in the Medical Quality Assurance Report to the Deputy Chief of Clinical Affairs or place the report in the locked office of the Deputy Chief of Clinical Affairs.

B. If a medication error is discovered during the IQM process as a part of run report review, the person noting the error will complete the Medical Quality Assurance Report and personally turn in the Medical Quality Assurance Report to the Deputy Chief of Clinical Affairs or place the report in his/her locked office.

3. Investigation of medication errors
   A. Medication errors will be investigated immediately by the Deputy Chief of Clinical Affairs.
   B. Specific attention will be given to all parties involved from their point of view. Additional Incident reports may be requested from other parties involved.

4. Resolution of incident
   A. An incident may or may not be resolved in a timely manner, but the matter will receive its deserved attention.
   B. The crew member involved will be counseled on the proper treatment/dose and be required to do remedial training in that area before returning to work.
   C. In any event, the crewmember or persons involved will be counseled and given feedback regarding that specific incident so that future occurrences will not happen.
   D. A copy of the Medical Quality Assurance Report will be placed in the crewmember's file. Any additional similar occurrences will be noted as a repeat occurrence and be dealt with on a case by case basis.

5. All medication errors will be reviewed at a monthly IQM meeting with the Medical Director.

Standard Operating Guideline

Title:	Family Member Encounters
Effective:	September 1, 2016
Reviewed:	November 2018
Revision:	N/A
Pages:	1

I. PURPOSE:

To provide guidelines for employees who encounter family members as patients.

II. GUIDELINE:

- On duty Members shall not provide medical services to immediate family members (as defined in section 1 of LCBCC HR Policies and Procedures) while on duty. If presented with a family member as a patient, provide life saving measures, but have your partner treat the patient or call for another transporting unit or the on duty supervisor.

- Under no circumstances shall any Leon County EMS member treat any family member with any controlled substance for pain. All controlled substances given for pain must be provided by a member that is not related to the patient and must be thoroughly documented per S.O.G. 407.00.

- Nothing in this policy shall be construed as to limiting the ability of a member to provide services to an immediate family member in situations where there is no other choice.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Sliding Fee Discount Program
Effective:	May 8, 2018
Reviewed:	January 2021
Revision:	N/A
Pages:	3

I. PURPOSE:

The purpose of this SOG is to provide guidance on the implementation of the Sliding Fee Discount Program established under Board Policy No. 07-1, Collection of Delinquent Emergency Medical Services Accounts. This program is designed to provide financial relief to those individuals (uninsured or underinsured) who have no means, or limited means to pay for their ambulance services.

Leon County offers the Sliding Fee Discount Program to all individuals that are unable to pay for their services. Program eligibility is based on the person's ability to pay and does not discriminate on the basis of age, gender, race, sexual orientation, creed, religion, disability, or national origin. The Federal Poverty Guidelines established by the United States Department of Health Human Services are used to create and annually update the sliding fee discount schedule to determine eligibility. The sliding fee discount schedule approved by the Board will be updated during the first quarter of every calendar year with the latest Federal Poverty Guidelines.

II. GUIDELINE:

No one will be refused services because of a lack of financial means to pay for the services.

The EMS Division will notify patients of the Sliding Fee Discount Program by:

- Placing information regarding the various fee reduction programs offered by the County on the pre-collections notice sent to the patient or responsible party.
- An explanation of the program along with the application form will be available on the EMS Division's website.

Requests for discounted services may be made by patients, family members, social services staff or others who are aware of existing financial hardship.

The Sliding Fee Discount Program will be administered through the EMS Billing Coordinator. Information about the Sliding Fee Discount Program will be provided, and assistance offered for completion of the application. Dignity and confidentiality will be respected for all who seek and/or are provided charitable services.

All alternative payment sources must be exhausted, including all third-party payment from insurance(s), Federal and State programs prior to consideration of the account under this

program.

The patient / responsible party must complete the Sliding Fee Discount Program application in its entirety. By signing the application, persons authorize Leon County to confirm income as disclosed on the application form. Providing false information on the application will result in any discounts being revoked and the full balance of the account(s) restored and payable immediately. In addition, consideration shall be given to reporting the submission of a false application as a possible violation of Florida Statutes.

If an application is unable to be processed due to the need for additional information, the applicant has two weeks from the date of notification to supply the necessary information. If the requested information is not provided, the application will be closed and the account will be eligible for continuation of collection efforts.

Following the submission of an application, accounts will be frozen and no further collection efforts will be made until a determination is made related to the eligibility of the applicant for a discount.

Discounts are based on income and family size. The County uses the Census Bureau definitions of each in the application of this policy:

- Family is defined as: a group of two people or more (one of whom is the householder) related by birth, marriage, or adoption and residing together; all such people (including related subfamily members) are considered as members of one family.

- Income includes: earnings, unemployment compensation, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources. Noncash benefits such as food stamps and housing subsidies do not count as income.

To verify income levels applicants must provide one of the following: prior year W-2, two most recent pay stubs, letter from employer, or Form 4506-T (if W-2 not filed). Self-employed individuals will be required to submit detail of the most recent three months of income and expenses for the business. Adequate information must be made available to determine eligibility for the program. Self-declaration of income may only be used in special circumstances such as when the applicant is homeless. Patients who are unable to provide written verification must provide a signed statement of income that includes why they are unable to provide independent verification of income.

Eligibility determination will be provided to the applicant in writing and will include the percentage of discount program write off, or if applicable the reason for denial. If the application is approved for less than a 100% discount or denied, the patient and/or responsible party will be notified that the County accepts payment arrangements. Copies of determinations will be

provided to contacted billing and/or collections agencies for proper handling.

Approved applications cover the current account balances of the applicant. New applications will not be required for account balances incurred within three months after the approval date unless the applicant's financial status has significantly changed. The applicant has the option of reapplying for consideration.

Standard Operating Guideline

Title:	Prohibition of Relatives Working Together
Effective:	May 28, 2021
Reviewed:	N/A
Revision:	N/A
Pages:	1

I. PURPOSE:
The intent of this SOG is to provide guidance on the prohibition of relatives working together on the same EMS unit, in dispatch and in other situations where the relatives are the only EMS members scheduled. This SOG does not replace County Human Resources Policies and Procedures. In any areas where a conflict exists between this SOG and the County Human Resources Policies and Procedures, the County Human Resources Policies and Procedures take precedent.

II. DEFINITIONS:
When used in this SOG, the following terms shall have the meanings ascribed to them by this section:

Relative: Shall have the same meaning as defined in Section 2.05 of the Leon County Personnel Policies and Procedures Manual, as amended from time to time which currently states, relative means an individual who is related to an employee as father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, Registered Domestic Partner, Same-Sex Spouse, children of the Registered Domestic Partner, children of the Same-Sex Spouse, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, or as the father, mother, brother or sister of the employee's Registered Domestic Partner or Same-Sex Spouse.

III. GUIDELINE:
It shall be the practice of the EMS Division to not schedule or permit relatives to work on the same ambulance or EMS vehicle, in dispatch together, or in other situations where the relatives are the only EMS members scheduled or assigned.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	EMT to Paramedic Trainee Program
Effective:	December 15, 2021
Reviewed:	N/A
Revision:	N/A
Pages:	3

I. PURPOSE:

The purpose of this SOG is to provide guidance related to Section 6.07, EMT to Paramedic Trainee Program of the Personnel Policies and Procedures. The overall goal of this program is to create a "talent pipeline" to enhance the County's ability to fill critically needed paramedic positions with members that desire to have a career with the County through retirement. The program strives to assist EMTs to become paramedics by removing barriers and supporting members to successfully complete paramedic certification.

II. GUIDELINE:

As provided in Section 6.07, EMT to Paramedic Trainee Program of the Personnel Policies and Procedures manual, full-time Emergency Medical Technicians (EMTs) employed by Leon County are eligible to participate in the EMT to Paramedic Trainee Program. Participants shall be compensated at their normal hourly rate for classroom time, including clinical rotations, spent towards Paramedic training and certification during each pay period, not to exceed twenty-four (24) hours per week. Beyond classroom training, participants must be available to work in their normal capacity as EMTs for the remainder of their scheduled workweek.

The County shall pay all tuition and related costs associated with the program on behalf of participants. Employees that participate in the program shall be obligated to remain employed by Leon County as a full-time Paramedic for a minimum of three (3) years following their successful completion of the Paramedic training program and upon certification as a paramedic. The amount of tuition assistance provided by the County may be subject to income taxes in accordance with IRS rules.

General Guidelines

Participation in the program is contingent on the EMT to sign a Family Educational Rights and Privacy Act (FERPA) waiver with the administering college. The waiver authorizes the College to communicate grade, academic progress, and attendance information to the County for coursework related to the Paramedic program. Additionally, the participant must maintain their status as a student with the program by meeting all requirements established by the paramedic training program and maintaining academic standing with the College.

Participants are working for the County while being paid and are required to comply with all policies and procedures of the County. Conduct while participating as a student in the Paramedic

program that violates County policy and standards may result in disciplinary action by the County.

Participants that voluntarily withdraw or that are unable to successfully advance in the program by receiving grades lower than those required by the College will be removed from the EMT to Paramedic Trainee Program and will be required to repay the County all financial assistance provided by the County as a part of this program.

Selection for Participation
Qualifying members that are interested in participating in the program must be in good standing with the County by not having been subjected to disciplinary action (written warning or higher) in the previous year. Members participating in the EMT to Paramedic Trainee Program must be eligible for admission to the paramedic training program by the College. To participate in this program, participants must be both selected by the County and admitted to the paramedic training program, one does not guarantee the other.

The County shall notify current members via e-mail of opportunities to participate in the program and establish a deadline for members to submit a packet to the County demonstrating their interest in the program. Current members shall submit, by the established deadline, the following information to be considered:

- A cover letter and resume.
- An essay that outlines the candidate's long-term goals, including why participating in the program is important to them, and how they have prepared to be successful in becoming a paramedic. The essay should identify the paramedic program that the candidate desires to attend and provide supporting reasons why that program is a fit for the applicant.
- A copy of academic transcripts that show completion of pre-requisites of the paramedic program. Unofficial transcripts are acceptable.
- Proof of admission from the paramedic program if available at time of application. Proof of acceptance must be provided prior to participating in the EMT to Paramedic Trainee Program.

A selection committee shall be created to review the materials and interview candidates that are found to meet the minimum requirements. The composition of the committee and the questions that the committee will ask the candidates shall be submitted to Human Resources for review. The selection committee shall consider the candidate's work history with the County (including years of service, performance evaluations, disciplinary record), long-term goals, and interview performance in making their recommendations.

The selection committee shall present their recommended list of candidates that they believe will be successful in the program to the EMS Chief.

Current EMTs will be given an opportunity to apply for the program before outside candidates are considered. If outside candidates are considered, the position will be advertised and selected

in accordance with current recruitment and selection policies found in the Personnel Policies and Procedures manual.

Training Plan
A Training Plan consistent with the requirements of Section 5.10 of the Personnel Policies and Procedures manual shall be developed by the Captain responsible for training or their designee. In addition to the requirements found in Section 5.10, the Training Plan shall include:

- A schedule of progress meetings where grade reports and an evaluation of academic progress towards successful completion of the program shall be reviewed.
- A procedure that outlines the process that the participant shall follow to document their attendance in program-related classroom or clinical rotations.
- A procedure that outlines the process that the participant shall follow to notify the County of their absence from a program-related classroom or clinical rotation.
- The chain of command that the participant shall follow related to participation in the program.
- A procedure for scheduling hours in their normal capacity as an EMT for the remainder of their scheduled workweek that includes the number of hours required.
- A copy of the signed FERPA waiver shall be attached to the Training Plan.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – 10-24 Request From Crew
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	2
Pages:	1

I. Purpose:

To define the duties and procedures that should be taken by dispatchers in the event of a 10-24 (Emergency) request for assistance.

II. Responsibility:

In this case, no delineation is made between the responsibility of the System Status Controller or the EMS dispatcher. Both persons should be equally alarmed and take the steps outlined in this procedure together.

III.Guideline:

In the event that a crew member on a unit assigned to a call states “10-24,” the following steps should be taken:

1. Every local law enforcement agency with jurisdiction in the location of the call will be notified and asked to respond 10-18 (with lights and sirens.)
2. Once law enforcement has been notified, the dispatcher will state on the radio channel where the call for help was placed: “…Copy 10-24 Medic ##, help is on the way.” If the unit replies and cancels the assistance, the dispatcher should request the unit call via telephone to confirm all clear.
3. The on-duty supervisor should be notified of the call for help and the location of the call and the supervisor should be placed en route to the crew in the CAD.
4. The unit will notify the dispatcher of their status and the need for any additional ambulances only after law enforcement arrives on scene and the scene has been secured.

In the event that a crew member activates their 800MHz alarm (**Orange Panic Button**), the unit should be called no more than twice to determine their status. If after a second attempt, the unit does not respond, the dispatcher should immediately take the steps outlined above in the call “10-24” procedure. The phrase ***"Medic 10- 24 is OK"*** indicates same as 10-24 and may be used if a crew member has activated the "man down button" on the radio and is unable, due to bystanders, clearly indicate a need for help.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Airport / Aircraft Emergencies
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	2
Pages:	1

I. Purpose:

To outline the procedures that should be taken by EMS in the event that EMS is notified of an airport/aircraft emergency.

II. Responsibility:

It will be the responsibility of the LCEMS System Status Controller (SSC) and Field Operations Supervisor to evaluate each individual airport/aircraft emergency and provide an appropriate response given the available information.

III. General Information:

The Airport Operations Chief on duty will advise EMS when an "Alert" has been declared by the tower and any other available specifics available. The following are the general categories of FAA Alerts and examples of each:

Alert I – (1) Rough Running Engine
(2) Physiological Incident/Medical emergency on board
(3) Lost/disoriented pilot
(4) Precautionary Landing

Alert II – (1) Engine out
(2) Fire On-board aircraft
(3) Unknown Landing gear configuration
(4) Hydraulic/Electrical System Failure

Alert III – When an accident/crash has occurred or is imminent.
Alert IV – When an aircraft has landed/crashed off of airport property.

IV. Guideline:

All Alert I's and Alert II's will be prioritized code 2 unless there is available information that warrants the System Status Controller making the decision to upgrade the response. An Alert III or IV will be prioritized code 3 and the first responding crew will make the determination of a need for additional units.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Alert Procedures
Effective:	June 6, 2005
Reviewed:	June 2009, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	2

I. Purpose:

To identify the policies, procedures, and responsibilities involved with alerting aero-medical services and receiving facilities of critical patients and impending calls for service. Also, to minimize scene times once a critical patient has been identified.

II. Policy:

It will be the policy of Leon County EMS to make every possible attempt to give receiving facilities advanced notice of critical patients, to include, but not be limited to: trauma alerts, stroke alerts, cardiac alerts, and multiple patient incidents. It will also be the policy of LCEMS to attempt to predetermine the need for possible helicopter assistance as early as possible after receipt of the initial call and notify the closest aero-medical service of an impending call for service.

III. Responsibility:

It will be the responsibility of the responding crew to notify the System Status Controller (SCC) by radio, on LCEMS Channel 1, of any alert based on the condition of their patient. It will also be the responsibility of the responding crew to advise the SSC by radio, on LCEMS Channel 1, to have a helicopter stand-by, stand-down, launch, or cancel; the responding crew must also coordinate with other responding agencies regarding the best possible Landing Zone.

IV. Guideline:

The System Status Controller will notify the Emergency Department Charge Nurse of the receiving hospital of the following Alerts: Trauma, Stroke, and Cardiac (STEMI). The SSC will provide an age, sex, and chief complaint of the patient, if available. It is not necessary to obtain a full report with vital signs at the time of the initial alert.

The System Status Controller will monitor on-scene times. Once a critical patient alert has been received, and the on-scene time has reached 10 minutes, the System Status Controller will multi-select channels 1 and 2, broadcast an approximately 3 second alert tone (tone #3 on the radio),

and advise the unit that 10 minutes have elapsed. The field unit does not necessarily need to respond to the notification. If a critical patient is identified by TFD prior to the LCEMS unit arrival, the 10 minute clock starts upon the unit's arriving on scene. Notes will be added to the CAD record to document the above notifications and requests.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Automated Vehicle Location Policy (AVL)
Effective:	June 6, 2006
Revised:	June 2008, December 2012, December 2015, December 2018, December 2024
Revisions:	3
Pages:	2

I. STATEMENT:

To ensure appropriate use and operation of the Automated Vehicle Location (AVL) system utilized by LCEMS.

II. GUIDELINE:

Leon County EMS will maintain an AVL system that will track and assist EMS field units and the Controller in dispatch.

III. PROCEDURE:

- Dispatch Operations
    - System Controllers will at the beginning of each shift and as each field unit checks on, ensure that the AVL for each unit is operational and working properly.
    - If an AVL unit is not working properly, the Crew will notify the LCEMS / MIS person or the on-duty supervisor immediately by phone or email if during the day or by email after normal business hours.
    - While AVL should automate many dispatch functions such as unit arrivals and availability, Controllers should monitor the system at all times to be sure the system is functioning correctly and recording properly.
    - If an AVL unit is not functional or is not reporting in the CAD, the Controller will consider moving the field crew to a functional unit or will need to dispatch the unit only by radio.
    - Controllers must remember that AVL is a tool to be used to enhance unit selection and overall EMS system control, however if common sense and experience warrant an override of the system recommendations at any

time, then the Controller is expected to make the correct decision based on their knowledge and experience at the time.
  - With AVL, Controllers should be cognizant of the locations of all EMS units at all times and this should enhance their ability to send the closest unit to an emergency and to reduce or eliminate unnecessary post to post moves.

- Field Operations

  - At the beginning of each shift, field crews should check on by logging on to the AVL computer in the vehicle.
  - The crew on each unit must verify that the AVL unit is operational and functioning properly.
  - If an AVL unit is not working properly, the field crew will notify the LCEMS / MIS person by phone or email immediately if during the day or by email after normal business hours.
  - If an AVL unit is not functional, then field crews should consider moving to another unit if one is available or working the shift by radio and pager only.
  - All movements of the vehicle to and from calls should be called in using the radio. The AVL computer is there to assist crews with navigation and should not replace radio traffic.
  - Attempting to disable or damage an AVL unit will result in severe disciplinary action up to, and including, termination.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Dispatch Cards for Use During Computer Failure
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	1

I. Purpose:

To outline the procedure and means the dispatcher will utilize to record and manage call information when there is a failure of the CAD.

II. Guideline:

If a computer failure disables the CAD:

1. An announcement will be made on all LCEMS Channels that the CAD is down and they will not be receiving call information over mobile CAD. The Last Run# used on a call for service will be logged in a safe place.
2. EMS Case Entry/Dispatch pads will be distributed to the call-takers and dispatcher for use when taking calls. As per the Consolidated Dispatch Agency's (CDA) communication policy, call-takers will utilize the MPDS card sets to process the calls.
3. The CDA Management Staff will be immediately notified in order to facilitate the recall of appropriate IT staff to evaluate and fix the problem.

If a power/computer failure disables all computers including E-9-1-1 service:

1. An announcement will be made on all LCEMS Channels that the CAD is down and they will not be receiving call information over mobile CAD. The Last Run# used on a call for service will be logged in a safe place.
2. The on-duty supervisor (Rescue 1) will report to the designated backup center (Leon County Jail) to assist in answering EMS 9-1-1 calls and relay call information via phone/cell-phone to the SSC. Dispatch cards will be available at the Leon County Jail site and calls should be tracked redundantly until Computer operations are restored or the CDA is brought online.
3. The SSC should call in an additional controller and notify both hospitals as well as LCEMS Command Staff if a massive and prolonged failure of equipment and/or software occurs.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Emergent/Non-Emergent Requests for Service
CAAS:	201.05.01
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	4

I. Purpose:

The purpose of this policy and procedure is to standardize the methods of emergency and non-emergency response dispatching in order to enhance efficiency and meet the division's response time standards. This SOG covers all calls being fielded through the communications center including E-9-1-1 calls.

II. Policy:

All requests for service will be processed, the proper response for EMS and associated agencies will be determined and all necessary resources will be dispatched to adequately handle the requests in the fastest and most efficient manner possible.

III. General Information:

A. Speaking in a calm manner will help calm an excited caller.
B. An incoming call on the E-9-1-1 will indicate the location and phone number of the caller. You must confirm the information provided and whether or not the location indicated is where EMS needs to respond.
C. Maps are provided in both the Motorola P1 CAD and E-9-1-1 to aid in verifying the location. Several Map books as well as Visual GIS are available.
D. The following questions may be useful in making certain of the location:
    1. Name of the nearest cross street or primary road?
    2. Street, Avenue, Drive or other suffix?
    3. Residence or Apartment?
    4. If apartment, complex name, building number and apartment number?
    5. If a commercial establishment, name and former name?
    6. If a remote location, ask for detailed directions and ask that someone go out to meet the ambulance.
    7. Ask for a caller to step out or leave the front door open.
E. Use the cross reference book for difficult address; also check with other agencies… LCSO, TPD, TFD may have an idea where the address is.

IV. Guideline:

The most important underlying concept is to have the shortest possible response time for each emergency request.

Receiving Requests & Vehicle Notification:

1. Answer the telephone: "Leon County EMS, how may I help you?" Remember keep your tone of voice positive and professional. E-9-1-1 calls should be answered: "9-1-1 EMS, What is the address of your emergency?"
2. Open the Motorola P1 CAD screen and obtain:
    a) Address of the incident and location details
    b) Call back number
    c) Chief complaint

    At this point, if taking a call from the general populous, the EMS Call taker should hit the ProQA™ button and begin the Q & A process. Callers with critical complaints should be kept on the line.
3. Once the call has been input and saved or the call is in the pending incident box (ProQA™ calls will automatically move to the pending incident box once the call taker has asked a determinant question) the System Status Controller will immediately:

    a) Select the EMS unit that can get to the scene in the shortest amount of time, taking into account current traffic patterns, known road obstructions, construction, etc. This is done by comparing the vehicles on the map to the location of the call and/or polling the trucks in transit to posts for their location in relation to the call, etc. The information in the preferred/fixed recommendation screen of the P1 CAD is NOT to be used as a stand alone resource. This resource, while at times helpful, only reflects the mileage between two points in a straight line and does not reflect traffic patterns, layout of roads, bodies of water, driving mileage, interstates, etc. Computerized map programs are not a substitute for the judgment, experience, and knowledge of the System Status Controller. The MARVLIS deployment planner's recommendations shall also be used as a resource to determine the closest unit. Once a unit is selected, the call should be assigned to that unit, thus automatically generating a page to the crew of that unit. An ambulance responding to a code 1 or 2 call should be diverted to the higher priority assignment if they are the closest unit. It remains the responsibility of the SSC to review the ProQA™ summary of the call and ensure it has been appropriately prioritized. (Calls should not be downgraded unless there is specific information that suggests otherwise.)

    b) If necessary, clone the call to other agencies (TFD, TPD, LCSO).

    c) For a call assigned to a City SSM deployed unit, generate an alert tone on Ch.1 of the radio and provide the call information; A primary road and cross street may also be added/substituted. For a call assigned to a County Stationed unit, page out the unit on Ch.4 and provide the COMPLETE call information, as some Volunteer F.D.'s monitor this channel for calls in their respective area.

    d) Any problems/unusual occurrences or additional requests should be added to the call under "trip notes."
4. While the EMS crew is en route to the call, the Call taker should obtain further

information as needed such as hazards, number of patients, and any other information that would be helpful or requested by the crew or System Status Controller (SCC).

5. The SSC will allow up to 30 seconds for the dispatched units to acknowledge receipt of the call. If there is no response after 30 seconds, the SSC will attempt to raise the unit by radio and/or pager to verify receipt of the call. If unable to make contact with the unit, the next closest unit will be dispatched through the steps listed above and the on-duty supervisor will be contacted and sent to the last known location of the out-of-contact unit.
6. Once the unit has called en route on ch.2, the ch.2 EMS dispatcher will provide the dispatch priority code, the address of the call, location specifics, primary route, major cross streets, the reference of the call and the ProQA™ summary, if applicable. The ch.2 dispatcher is also responsible for providing any additional dispatch information noted in the call and handling any requests regarding the call made by the responding crews. (This does not include specific alerts such as trauma, stroke, etc.; see sec 2.7)
7. Notification of any other agencies needed, will be made by telephone or through the P1 CAD. A location/address of the call and the reference will be provided. The notification of additional agencies will be logged in the "trip notes" section of each call.
8. Cancellation/Downgrading. LCEMS will downgrade or cancel an emergency response based on information received from TPD, TFD, LCSO, FHP, FSUPD, FAMUPD, TCCPD, CPD, or FDLE. Cancellation/Downgrade must be accomplished on a recorded telephone line/radio channel.
9. If LCEMS arrives on scene first, any pertinent information shall be relayed to all other agencies responding to the call.
10. The Unit on scene will be responsible for notifying the SSC on Ch.1 of the need for any additional back-up units or other resources. (Man power, animal control, utilities, etc.)
11. The EMS dispatcher operating ch.2 will be responsible for checking on the status of a unit that has been on scene for 30 minutes. (Unless the crew has already advised of the situation)

Multiple Vehicle Response Criteria:

1. It will be the responsibility of the SSC to evaluate the need for a multi-vehicle response if information received during the request(s) for service warrants it. Listed below are examples of situations that may result in the dispatching of multiple EMS units to one scene.
    - Multi-vehicle MVC
    - Multiple gun shot wounds
    - Multiple patient stabbings
    - Confirmed Aircraft incidents
    - Train Incidents
    - Bus Incidents
    - Multi-patient violent riot (only with a secure scene)
    - Multi-patient structure fire (i.e. nursing home fire)

- Multi-patient cardiac arrests

2. The on-duty supervisor will be dispatched at the discretion of the SSC or if a unit on scene requests they respond. Listed below are some examples of situations where the SSC may choose to dispatch the on-duty supervisor.
    - Gun shot wounds
    - Stabbings
    - Cardiac arrest
    - Drowning
    - Multi-vehicle/Multi-patient MVC
    - Electrocutions
    - HAZMAT incidents
    - Train incidents
    - Bus Incidents
    - Multi-patient structure fires
    - Extended extrication/entrapment
    - Potential RSI patients

Requests for Service from other agencies:

Calls received from other agencies should be given the same priority as emergency calls on E-9-1-1 and should be handled similarly. When taking calls from another agency, the call taker should utilize the SEND™ Protocol. (Secondary Emergency Notification of Dispatch) The following information should be obtained.

1. Chief complaint and incident type?
2. Approximate Age?
3. Conscious: Yes/No…or alert?
4. Breathing: Yes/No…or difficulty?
5. Illness cause (age 35 or over): Is there chest pain?
6. Accident/injury cause: Is there severe bleeding (spurting)?
7. Response mode: Emergency or Routine...and why? (if not obvious)

Standard Operating Guideline

Title: Communications – Emergency Contingency/Evacuation Plan

CAAS: 204.02.01

Effective: June 6, 2005

Reviewed: September 2008, December 2012, December 2015, December 2018

Revision: 2

Pages: 1

I. Purpose:

The purpose of this policy is to define the procedure to follow should the CDA Communications Center be evacuated.

II. Procedure:

In the event that the CDA Communications Center is evacuated, the on-duty supervisor shall immediately be notified. The SSC will log the position of all on-duty units and follow the CDA SOP for evacuating.

Should the SSC require any further assistance during the evacuations, he/she may ask that the on-duty supervision or the closest unit report to the CDA to provide that assistance.

Title:	Communications – FCC Rules Summary
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Guideline:

LCEMS personnel will at all times adhere to all local, state, and federal laws that pertain to radio communications. Listed below are clear violations of some of the above listed laws.

A. To transmit superfluous signals, messages, or communications of any kind.

B. To use profane, indecent, or obscene language.

C. To willfully damage or permit radio apparatus to be damaged.

D. To cause unlawful or malicious interference with any radio communications.

E. To intercept and use or publish the contents of any radio message without the express permission of the proper authorities in your department.

F. To make unnecessary or unidentified transmissions.

G. To transmit without first making sure that your intended transmissions will not cause harmful interference.

H. To make any adjustments, repairs, or alterations, whatsoever to your radio transmitter. It is required by law that only a professional radio technician, holding a second class license or higher, make any adjustments or repairs.

I. To deny access to your radio equipment if a properly identified representative of the Federal Communications Commission asks to inspect it. The equipment must be made available for inspection at any reasonable hour.

J. To transmit a call sign, unit ID, letter or number that has not been assigned to your unit or station.

Standard Operating Guideline

Title:	Communications – Hazardous Scene Response
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Policy

It is the policy of Leon County Emergency Medical Services that we shall not knowingly put our employees in harms way, by dispatching them to scenes that are known to contain hazards not part of "normal EMS" operations, without informing them of that hazard. Some examples of hazardous scenes are:

- Suicide attempt involving a weapon
- Domestic Violence
- Assault or Battery
- Fights or Brawls
- Stabbing or GSW
- Hazardous Materials Incidents
- Structure Fires
- Call for Unknown problem
- Electrocutions

II. Guideline

The System Status Controller (SSC) or dispatcher will inform a responding crew of any potentially hazardous conditions on the scene of a call at the time of dispatch. The SSC or dispatcher will also verify that appropriate law enforcement or other agency is en route to the call and then will advise the responding crew that another agency is also en route. Once a scene is secured, the dispatcher shall advise the crew it is safe to approach.

A responding crew may ask for an additional resource to respond once they are on scene. The dispatcher should request the resource and monitor the status of the scene until they know that that resource has arrived.

If at any point, the CDA Communication Center receives information on possible hazards on a scene, the dispatcher should immediately notify the responding crew, even if that crew is already on scene. The dispatcher should also request any other appropriate resource upon receiving any new information on hazards.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Language Line
Effective:	June 10, 2009
Reviewed:	December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

Callers requesting Emergency Medical Services may not always be fluent in English. The Consolidated Dispatch Agency (CDA) has subscribed to the *Language Line* service for use with non-English speaking patients.

II. GUIDELINE:

Call-takers, Dispatchers and Controllers in the CDA Communications Center may utilize the *Language Line* service, if needed.

III. PROCEDURE:

The *Language Line* transfer number is listed above the telephone at every station in the CDA Communications Center. In the event that a non-English speaking caller needs to be transferred to *Language Line,* the call-taker, dispatcher, or controller making the transfer should remain on the line to receive the information from the interpreter.

The caller's phone number, obtained through caller ID or ANI/ALI, should be documented in the CAD (computer aided dispatch system) prior to initiating the transfer so that contact can be re-established in the event that call is disconnected.

Additionally, it should also be noted in the CAD that the call was transferred to *Language Line* so that the responding crew is aware of the potential language barrier.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Long Distance Transport Requests
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Guideline:

In the event that a long distance transfer cannot be completed by Leon County EMS, another agency may be requested (by the original requestor) to respond to Leon County in order to transport a patient. Prior to responding to the request, the outside agency must obtain approval from the agency that holds the certificate of public necessity for that county. In the case of Leon County, LCEMS holds the certificate.

As a matter of practice, the agency requesting to respond will send a form via facsimile requesting a signature from an appropriate EMS official. After checking with the on-duty supervisor to double check that the transport cannot be completed by LCEMS, the SSC is authorized to sign the approval form and fax it back to the requesting agency.

A copy of all requests to respond is kept in a file in the Communications Center.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – MCI Checklist
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	1

I. Purpose:

The purpose of this policy is to outline the duties and responsibilities of LCEMS Communications personnel during an MCI (Mass Casualty Incident). Because the extent and specific circumstances of each potential MCI are unknown, this checklist should be used only as a framework to assist the dispatcher or SSC and not necessarily dictate his/her actions.

II. Guideline:

The System Status Controller (SSC) shall attempt to predetermine the need for and request the resources necessary to handle a Mass Casualty Incident. The SSC should remain in constant contact with the on-duty supervisor to ensure that all needs are met. The following is a checklist of tasks that may be performed, depending on the nature and extent of the MCI:

- □ Notify the County Warning Point (at CDA) so that they may make appropriate notifications at the State level.
- □ Advise all units to move any "unit to unit" radio traffic to a designated TAC channel.
- □ As early as possible, advise all on-duty crews of any required PPE for the incident and who will be the LCEMS Incident Commander.
- □ Notify the charge RN at both Emergency Departments of the incident. Confirm with CDA dispatchers that the TFD division chief is notified of the incident and who the LCEMS Incident Commander is.
- □ Call in an additional System Status Controller to assist in Control.
- □ Notify LCEMS Administrative Staff.
- □ Notify surrounding counties of possible impending requests for mutual aid. (Specifically: Gadsden, Wakulla, and Jefferson.)
- □ Notify the area helicopter services of possible impending requests for service.
- □ Call the Deputy Chief of Operations and/or other applicable staff.
- □ If the incident involves burns, notify the Burn Center at Shands of the incident.
- □ Consider moving to OPCON 2 and notification and recall of all personnel..
- □ Cancel all routine/non-emergency requests for ambulance service during the duration of the MCI event. All tasks should be logged in the CAD as they are completed, to include the time, contact person, and person completing notification.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Mutual Aid
CAAS:	102.01.01 & 102.01.02
Effective:	June 6, 2005
Reviewed:	January 2010, December 2012, December 2015, December 2018
Revision:	3
Pages:	2

I. Purpose:

To outline the procedures that should be taken if LCEMS Communications staff receives a request for mutual aid from another agency.

II. Policy:

Leon County Emergency Medical Services maintains mutual aid agreements with surrounding counties. Signed copies of said agreements can be found at LCEMS Headquarters and at the Leon County Courthouse. The agreements cover liability, fees charged for services, communications, reciprocity, and mutuality of assistance offered.

III. Guideline:

In the event that another agency requests mutual aid from LCEMS, that request shall be honored immediately, **provided that units are available**. The on-duty supervisor should be notified of any request for mutual aid. The following are situations in which another agency may request mutual aid from LCEMS (it is not the responsibility of the controller to verify that the circumstances exist):

1. Equipment Malfunction.
2. Prolonged response time due to vehicle location.
3. Exceptional number of requests for emergency services that temporarily exceeds the capacity of that agency.
4. The occurrence of an exceptionally severe accident situation which exceeds the temporary capacity of that agency but does not constitute a "disaster."

In the event that another agency is requesting mutual aid assistance for a "**disaster**" situation, that request will be honored immediately, and may include taking the following steps:

1. Provide appropriate back-up assistance to that agency.
2. Cancel all routine/non-emergency requests for ambulance service during the duration of the "disaster" event.
3. Call in additional personnel to provide a maximum number of ambulances, if the "disaster" calls for it.

4. Assist within the provision of regional communications, coordinating between and among agencies in the region.
5. Email the Deputy Chief of Operations with details of the mutual aid request.

*The on-duty supervisor will make the decision on items 2 & 3 in the above list in consultation with on-call LCEMS administration.

A "**Disaster**" situation is defined as any circumstance in which the need for emergency medical services grossly exceeds the capacity of the existing EMS service provider and requires the coordinated efforts of other EMS providers within the region to effectively meet the needs of the affected jurisdiction.

IV. Review Process:

The Deputy Chief of Operations is responsible for reviewing any and all requests for mutual aid and compliance with existing guidelines and agreements. The System Status Controller (SSC) on duty will notify the deputy chief of operations of any instance where mutual aid is requested.

Standard Operating Guideline

Title:	Notification of Command Staff Matrix
Effective:	December 3, 2012
Reviewed:	December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	1

I. PURPOSE:

To provide an efficient method for notification of the appropriate Command Staff members when needed.

II. GUIDELINE:

Any on-duty crew member may make a Level 1 notification when necessary. The on-duty supervisor is responsible for determining when the level of notification required on an incident by incident basis.

III. PROCEDURE:

Level 1 Incidents: Notification of On-Duty Supervisor

- Any incident requiring an incident report
- Any vehicle crashes involving an ambulance

Level 2 Incidents: Notification of On-Duty Supervisor, Deputy Chief of Operations, and Division Chief

- Mass Casualty Incident involving less than 25 patients
- Ambulance crash involving serious injuries

Level 3 Incidents: Notification of On-Duty Supervisor, Deputy Chief of Operations, Deputy Chief of Clinical Affairs, Major, Division Chief, Captains, and Risk Manager

- Mass Casualty Incidents involving greater than 25 patients
- Ambulance crash involving bystander/patient fatality

Level 4 Incidents: Notification of On-Duty Supervisor, Deputy Chief of Operations, Deputy Chief of Clinical Affairs, Major, Division Chief, Captains, Lieutenants, Risk Manager and Leon County Public Information Officer

- Line of Duty Deaths

Standard Operating Guideline

Title:	Communications – Organ Transplant Transports
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Purpose:

To outline the priority that LCEMS will give to transporting an organ transplant team.

II. Guideline:

Upon notification of organ procurement, the System Status Controller should enter the ETA into the CAD in order to prepare for the arrival of the team and/or the need to transport the team back to the airport. All calls for service involving a transplanted organ (post procurement) will be prioritized based on the need of the particular transport, as determined by the organ transplant team. A code 3 organ transplant request will be given the same importance as an emergency call for service due to the time-sensitive nature of organs viability. An organ transplant team can be transported in an ambulance with one Paramedic on board driving.

The Pre-arranged transport form should still be used for these transports.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Everbridge Notifications
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	1

I. Purpose:

The purpose of this policy is to set a standard for the use of the Everbridge notification system to broadcast out available shifts, important information, or available transports to EMS Staff.

II. Procedure:

The System Status Controller (SSC) or on-duty supervisor may utilize the Everbridgesystem to attempt to cover shifts following the guidelines below:

- No broadcasts for shift coverage shall be sent out before 6 AM or after 11 PM (the only exceptions are emergency disaster recall, a 6 AM shift, or emergency out of town transports).
- Broadcastsshould be sent to the appropriate group(s), if at all possible… i.e. A paramedic short should not be paged out to EMT's.
- The same shift should not be broadcasted out more than ONCE every hour until covered.
- Shifts for transports are NOT to be broadcasted out until the transport is confirmed as paid and scheduled.

Everbridgenotifications shall be sent to the appropriate group (OT list for shift shorts and transports, Captain specific lists for shift information, etc).

As a General Rule, the Everbridge system should be used as sparingly as possible to communicate information to staff in order to encourage staff members to carry and monitor their pagers and cell phones at all times.

The Everbridgesystem is to be utilized for LCEMS business only.

"Code Expedite" is to be used at the discretion of the SSC, based on availability of units and general need.

Members have the option to opt out of the OT list at any time but shall remain in their Captain shift list and main EMS group in order to receive important messages concerning staff recall or critical incidents.

Standard Operating Guideline

Title: Communications – Post Plan

Effective: June 6, 2005

Reviewed: September 2008, December 2012, December 2015, December 2018, January 2020, December 2024

Revision: 5

Pages: 2

I. Policy:

It is the policy of Leon County Emergency Medical Services to utilize the principles of System Status Management (SSM) to post in-service ambulances in Leon County.

II. Procedure - Post Plan

It will be the responsibility of the System Status Controller (SSC) to move the in-service units from post to post so that the correct posts are occupied as listed in the post plan. The post plan contains a list of which post should be filled depending on the number of in-service units. The post plan varies from day to night and provides guidelines for when the SSC may choose to deploy the County "fixed station" units, into the dynamic System Status Posting Plan.

The SSC should attempt to determine if a unit will be transporting, either from the nature of call on dispatch, or from the crew on scene, before moving another unit into that zone.

Posts should be assigned to units based on their location in relation to each post, and no SSM unit will have a "home" or "favorite" post.

The Posts being utilized in Leon County are:

Post 1 – 2626 Capital Medical Blvd
Post 2 – 2825 Major James Morgan Jr Way
Post 3 – Orange Ave and S. Monroe St
Post 4 – 1300 Miccosukee Rd
Post 5 – N. Monroe St and Interstate 10
Post 6 – Apalachee Pkwy and Blair Stone Rd
Post 7 – Copeland St and W. Tennessee St
Post 8 – Thomasville Rd and Timberlane Rd
Post 9 – Thomasville and Kerry Forest Pkwy
Post 10 – Blair Stone Rd and Capital Circle SE
Post 11 – TFD Station 11 – 8752 Centerville Rd
Post 12 – TFD Station 12 – Chaires
Post 13 – TFD Station 13 – Woodville
Post 14 – TFD Station 14 – Ft. Braden
Post 16 – 3401 W Tharpe St.
Post 17 – 1583 Pedrick Rd.

Post 18 – N. Monroe / Fred George Rd
HQ – 911 Easterwood Dr

III. Guidance for Deploying Fixed Station Units

At times when demand is high and nearly all available in-service units are busy, fixed station units may be deployed or posted into the dynamic system status posting plan. This varies based on time of day and should generally follow the plan below.

Daytime (07:00-20:59) 2 units available in the city – Post fixed station units

Evening (21:00-23:59) 1 unit available in the city – Post fixed station units

Night (00:00-06:59) Fixed station units will not be posted. Dispatch the closest available unit. Utilize TFD to first respond for prolonged response times.

When posting fixed station units, keep in mind the current status of all units. Examine how many units are at the hospital, any units on a potential non transport call (dry run), and if any units are about to come on or off duty. Controllers should examine the current workload of fixed station units and coverage areas to help decide who should be deployed into the posting plan and when one, two, three, or all four units will be brought in.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Prearranged Transports (Payment)
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Policy:

Pre-arranged transports shall be paid for prior to the transport, if at all possible. If pre-payment is not possible, payment arrangements must be made and responsibility must be in writing from the guarantor prior to completing the transports.

Transports that constitute an emergency are exempt from this policy.

II. Procedure:

Arrangements should be made at the time a transport is requested for payment to be made. The payee's may pay by corporate check (no personal checks), credit card, or money order. The System Status Controller (SSC) should utilize the credit card machine in dispatch to receive the payment.

The confirmation number of all credit card payments should be logged in the CAD with the call under a billing note. The SSC should also complete a pre-arranged transport confirmation form and forward it, along with the original receipts printed from the credit card machine, to HQ for processing.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Public Service Events
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. Procedure:

All Public Service Events shall be tracked in the CAD. If a request comes into the Control center on the 606-5808 line, it may be recorded on the appropriate computerized public event form, or if time permits, the caller may be referred to Headquarters to speak to one of the LCEMS staff assistants.

All public event forms received from HQ via the computerized event log shall be entered into the CAD by the System Status Controller (SSC). Any questions regarding public events shall be handled by the Deputy Chief Operations or his/her designee.

Units assigned to public events/service, shall remain on and monitor LCEMS Channel 1 regardless of whether or not the event is dedicated or non-dedicated.

During a Large scale Public Event, where multiple EMS personnel are on scene, those crew members should utilize a Special Event Channel to communicate with each other on the radio. The officer in charge at an event is responsible for monitoring LCEMS Channel 1.

A patient care report will be filled out by the crew for each event on the day of the event.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Radio Communications
Effective:	June 1, 2005
Revised:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	3

I. PURPOSE:

To provide uniform radio designations and usages

II.GUIDELINE:

The radios will be operated in conformity with the FCC rules and regulations. Only approved Codes and clear text will be used unless an exception is clearly specified.

III. PROCEDURE:

- The following designations will be used for all Department vehicles.

A. Two person ALS vehicles:

Medic 1, 2, and so on based on shift assignment.

B. One person units:

Rescue 1 – Shift Supervisor
Rescue 2 – Additional Supervisor Staff
Car 1- Department Chief
Car 2- Deputy Chief, Operations
Car 3- Deputy Chief, Clinical Affairs
Car 4- Major

C. Two person ALS carts:
Cart 1, 2, and so on based on assignment by event supervisor.

D. County units will use the following identification numbers regardless of the unit number assigned for use at the County stations:

- County Station 11 – radio ID = Medic 11
- County Station 12 – radio ID = Medic 12
- County Station 13 – radio ID = Medic 13
- County Station 14 – radio ID = Medic 14

E. When extra two person ALS transporting units are put on the road (MCI,

Football coverage, etc.), the controller on duty will assign it a successive Medic unit designation (Med 40, 41 and so on or Special Ops 1, 2 and so on) based on the designations provided in the CAD or the System Status Controller (SSC).

- Only the following Ten Codes will be used by LCEMS:

▪ 10 – 4	Affirmative
▪ 10 – 7	Out of service
▪ 10 – 8	In service
▪ 10 – 9	Repeat
▪ 10 – 24	Emergency assistance needed
▪ 10 – 38	Premise Hazard
▪ Signal 7	Dead on scene
▪ CODE	Cardiac arrest

Phrases such as "copy call", "en route", "on scene", "en route to _____ with __patients", "arriving_____", "available," etc. should be utilized on the radio.

DISPATCH CODES

Code 1	Scheduled transport
Code 2	Respond without lights & sirens - Needs routine evaluation & care
Code 3	Respond with lights & sirens - Needs emergent evaluation & care
Code 4	Cardiac Arrest

PATIENT CONDITION TRANSPORT CODES

Code 1	Stable – scheduled transfers only
Code 2	Any non-critical patient going to the Emergency Room
Code 3	Critical – may be unstable & life-threatening. Immediate intensive care needed on arrival.
Code 4	Cardiac or respiratory arrest. CPR in progress.

- The LCEMS 800 MHz system will be the primary radio system used by LCEMS. UHF radios will be used to contact hospitals and at other times as necessary. In the event of failure of the primary 800 MHz system utilize the regional Med 8 channel, or county assigned cell phone..

All radio transmissions require acknowledgment and confirmation from both parties involved. Example of vehicle radio transmission: “Med 1 Control" (wait for answer). Dispatch response: "Medic 1?" Response from dispatch vehicle radio transmission: "Medic 1 is 10-8". Dispatch response: "10-4 Medic 1". **No one-way messages!** Clear Text will be used as the primary radio messaging process

- LCEMS channel one will be utilized by the system controller to coordinate the entire EMS system. Channel one will use the identifier “control.”

- LCEMS channel two is utilized to relay dispatch information and to record times and

mileages. Channel two will use the identifier "EMS."

- On-duty personnel will remain available for call by monitoring channel one of their radio and LCEMS assigned phone at all times. Radio and phone must be on or within reach of on duty personnel at all times and must be in an operational manner.

- System Status Management (SSM) units will be dispatched on LCEMS channel one by Control. County units will be dispatched on LCEMS channel four by Control.

- Once dispatched on a call, the EMS crew will immediately acknowledge the radio transmission on channel one by stating their Medic number and repeating the message delivered.

- Peak ambulances are required to be en route to the site of any type of call within 60 seconds of dispatch. Rural ambulances are to be en route within 120 seconds of alert.

- The unit will call en route by mobile radio on channel two to EMS as soon as the vehicle begins to respond.

- All other aspects of the call will be radioed to EMS on channel two, i.e., arrival on scene, en route to hospital, 10-8, etc.

- Control will be notified when a LCEMS unit departs a previously reported location. This includes fuel and supply acquisition.

- Once on scene, the LCEMS crew will as quickly as possible size-up the situation and inform control if they are going to transport or not.

- During post to post moves, Medic units are to be en route to the newly assigned post within three minutes of notification. Exceptions must be approved by dispatch. To request an exception, the affected LCEMS crew must contact dispatch and explain the reason for the time limit exception such as needing to get lunch to go, etc.

- The Regional channel UHF Med 8 is used for medical resource coordination between county bases and out of county ambulances and as a secondary Emergency Department channel for TMH or HCA. Anything said on the regional channel can be received by base stations anywhere in the Big Bend area.

- Telephones should be used in accordance with policy as an alternative communication device for sensitive radio transmissions.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Radio and Dispatching
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	1
Pages:	2

I. Purpose:

The purpose of this policy and procedure is to provide a framework with rules for all LCEMS radio communications in order to facilitate the most effective and orderly transfer of information.

II. Policy:

1. Radio equipment will at all times be operated in accordance with current FCC regulations, which will be kept on file at the Communications Center.
2. Responses for requests for service received at the same time will be dispatched according to the principles of triage.
3. The Communications Center EMS watch officer (a.k.a. System Status Controller) will operate LCEMS Channel 1 and be identified on the radio as "Control."
4. The EMS dispatcher assigned to LCEMS Channel 2 will be identified on the radio as "EMS."
5. The System Status Controller (SSC) will be responsible for dispatching the closest unit(s) capable of providing the help required to a call.
6. LCEMS will primarily utilize Clear Text in order to better prepare the agency for interoperability in the event an Incident Management Plan involving multiple agencies was to be put to in place.

III. Guidelines:

General Radio Procedures:

1. Initial Dispatch, Post moves, and any other traffic not related to a call will take place on LCEMS Channel 1.
2. All call related traffic such as, on-scene, en route, at destination, etc., will take place on LCEMS Channel 2.
3. Any extended conversation between two units, such as a dry run approval or reporting problem to a supervisor, shall take place on LCEMS Channel 3. LCEMS Channel 3 shall be considered the EMS "talk around" channel.
4. Dispatching of Fixed Station Geographically deployed units (a.k.a. the County Stations), including the transmission of encoded pages for station pager activation, will take place on LCEMS Channel 4.
5. Radio Communication between responding TFD units and LCEMS units will take place on LCEMS Channel 2. LCEMS Units responding to emergency calls shall monitor LCEMS Ch. 2 for TFD communication.

6. Upon receiving a call from their dispatcher, TFD will switch to LCEMS channel two and call en route. LCEMS dispatcher will then give any information to TFD. Radio communication between LCEMS and TFD will continue on LCEMS Ch. 2 throughout the duration of the call.
7. Upon receipt and acknowledgement of a call, LCEMS units shall go to LCEMS Ch. 2 for the duration of the call. Units shall return to LCEMS Ch. 1 after becoming available from a call.
8. Units interacting on the radio shall simply call their ID and wait to be acknowledged by the channel operator. (Example: *Unit:* "Medic 2…" *Dispatch:* "Medic 2, go ahead.")
9. Individuals that need to interact on the radio will use their 3 digit Radio ID number.
10. All on-duty personnel will be continuously available by radio and pager. Problems with contacting personnel must immediately be reported to the on-duty System Controller.
11. Radio transmissions made by units will be acknowledged by the dispatcher by repeating the EMS unit designation. This is done to ensure that the correct traffic for the correct unit is recorded.

General Dispatch Procedures:

1. The SSC will be responsible for assigning the closest unit capable of providing the required help to all calls.
2. The SSC will also be responsible for notifying the Tallahassee Fire Department of all code 3/Emergency Calls not occurring at a medical facility, and all cardiac arrests, regardless of location. If an emergency call occurs in a geographic zone covered by a Volunteer Fire Department, then TFD will be responsible for notifying the respective VFD.
3. Campus Police Departments will be advised of any call on FAMU, FSU, or TCC property.
4. The on-duty supervisor will be notified of critical calls and may respond at his/her discretion. Examples of such a call are: cardiac arrest, multiple vehicle accidents, unstable patients, calls involving prolonged extrication, etc.
5. A unit in transit to a call for service called by a dispatcher will respond by giving its unit number and present location.
6. The SSC will notify a requestor anytime a scheduled transport is delayed or is expected to be delayed for more than 15 minutes and provide a new ETA for the transport.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Radio Failure
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	1

I. Purpose:

To outline the procedure and means the dispatchers and crews will utilize to contact each other when there is radio failure.

II. Guideline

If there is a failure of radio communication, the following should occur:

A. Communications Center:
    1. The Everbridge system shall be used to communicate messages to Field Personnel.

B. Field Personnel:
    1. If field personnel are unable to contact the dispatcher by radio on the usual assigned channel, after a reasonable number of attempts, then they should contact dispatch on alternate channels. (For instance, if a unit is attempting to make contact with EMS on ch.2, the next step would be to try to contact Control on ch.1) If this also results in no contact, field personnel should contact dispatch by telephone and/or UHF radio.
    2. Unless they are engaged in an ambulance call, personnel will advise the System Status Controller (SSC) of their location, and will remain available at that telephone number until advised that radio communications have been restored. The telephone should be used as little as possible during that time.
    3. If a unit is en route to a scene, contact the Communications Center when you arrive preferably by telephone; this may also be done through law enforcement, fire, or other agency on scene if their radios are working.
    4. If a unit is en route to the hospital with a patient, mileage information and transport status should be called in by telephone.

Total Communications Failure: In the event of a total communications failure (Radio, telephone, cell phone, and pagers) City System Status Management (SSM) units should complete their assigned calls, if any, then immediately report to HQ to await instructions. Fixed station units should return and remain at their station.

LEON COUNTY EMS

Standard Operating Guideline

Title: Refusal Radio Report

Effective: June 20, 2005

Reviewed: December 2012, December 2015, December 2018

Revisions: 1

Pages: 3

I. PURPOSE:

To provide uniform guidelines for the reporting and recording of Patient Refusals over the radio.

II. GUIDELINE:

It is the policy of Leon County Emergency Medical Services although it may not be possible, that all patient refusals will be evaluated by the Paramedic on scene.

III. PROCEDURE:

1. It is the responsibility of the Paramedic to give accurate, concise information about patient condition and hazards associated with the patient's refusal of care during evaluation and treatment for possible injury so that the patient will be properly informed.

2. It is the ultimate responsibility of the Paramedic on Paramedic/EMT teams and the Paramedic charging the call on Paramedic / Paramedic teams to properly evaluate the patient and advise the patient of possible injury and adverse effects of refusing treatment and transport to an Emergency facility for evaluation by a doctor.

   A. If the Patient was witnessed having a seizure, you must inform the patient (and if family is on scene make them aware as well) that the patient is not to drive any kind of vehicle, operate any kind of machinery, work at any heights, take a bath or swim alone (shower OK) until they are cleared by their medical doctor (or a medical doctor) to do so. You MUST DOCUMENT in the report that you informed him/her of these very words.

If the patient is in a vehicle and wants to drive off you may notify law enforcement of the incident/situation but you **CANNOT STOP THEM** from driving off. EMS is not obligated, but we do have the authority to report an individual to the DMV in the state of Florida. The DMV could potentially revoke their driving privileges until cleared by a medical doctor. Unless LCEMS is called to a scene more than one time for the same patient who is behind the wheel of a vehicle, we are not required to turn ever seizure patient over to the DMV, but do use your best judgment.

3. It is the responsibility of this same Paramedic to record the specifics of the patient's refusal of care and transport to the on-duty supervisor or other person designated to receive such a report over the 800 MHz radio channel 3. A sample Refusal Report script is provided below for reference.

Sample Refusal Radio Report

This is medic # _____

We are on scene at _____ with a _____year old Male / Female patient.

EMS was called by: Bystander, Family Member, Friend, patient, and Law Enforcement, Unknown Person, etc…

We have one patient (Multiple Patients) whose Chief complaint(s) is/are Chest pain, SOB, Trauma from fall, MVC, Diabetic problem, N&V, Dizziness, CVA etc..

Pt's Vital Signs are:

Pulse: _____
BP: _____
Resp: _____
BGL: _____ as applicable
SaO2: _____ as applicable
12 Lead ECG as applicable.

Pt has a HX of: SOB, Cardiac. Diabetes, N & V, COPD, Asthma, CVA, etc…

Pertinent Findings are Wheezes, SOB, Chest Pain, Dizziness, Trauma to.., etc... ECG Finding are: Name that rhythm!

Pt is refusing EMS Transport to the Emergency Center for evaluation by a MD for the following reason(s): Not injured, has another method of transport, will follow with private MD later, Feels better now, Parent or Guardian refusing care, etc……

I/we have advised patient that I/we are not able to make a complete evaluation in the field and that I/we advise the patient to go via EMS to the hospital or go to the hospital via personal vehicle to be evaluated by a physician, the patient has refused multiple offers/ attempts to transport via EMS. I/we have advised patient that it is possible that their condition could suddenly change and get worse and this could cause them to suddenly become incapacitated or cause their immediate and sudden death. The patient is at this time conscious alert and oriented has acknowledged the potential for serious complications as a result of this refusal but continues to refuse our care and transport. The patient has been advised to call us back on 9-1-1 if condition warrants.

Standard Operating Guideline

Title:	Communications – Search and Rescue
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Guideline:

In the event that there is a Search and Rescue Operation being conducted inside Leon County and LCEMS is asked to participate, the System Status Controller may, after checking with the on-duty supervisor, dispatch a unit to the designated location of the operation. Participation in search operations shall be limited by the number of units needed to maintain appropriate coverage of Leon County. LCEMS units will not participate in rescue operations that they are not trained or properly equipped for however; they may stand-by if so requested.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Severe Weather
Effective:	June 6, 2005
Reviewed:	September 2008, December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. Purpose:

The purpose of this procedure is to define the duties and responsibilities of LCEMS Communications personnel as it pertains to Severe Weather operations.

II. General Information

Examples of severe weather include: Tornadoes, Severe Thunderstorms, Flash Floods, Electrical Storms, Hailstorms, or Hurricanes. A **watch** is issued when the risk of a hazardous weather event has increased significantly, but its occurrence, location, and/or timing are still uncertain. It is intended to provide enough lead time for those who need to set their plans into motion to do so. A **warning** is issued when a hazardous weather event is occurring, is imminent, or has a very high probability of occurring. A warning is used for conditions posing a threat to life and/or property.

III. Procedure

1. Watch - In the event that a severe weather watch is issued, the System Status Controller shall be responsible for notifying all on duty crews via their alphanumeric pagers and notify the on-duty supervisor via telephone.
2. Warning – In the event that a severe weather warning is issued, the SSC shall be responsible for notifying all on duty crews via their alphanumeric pagers and broadcasting the weather bulletin on both channels 1 and 4.

It will be the responsibility of the on-duty supervisor to coordinate with the appropriate LCEMS administrators regarding the extent of response that LCEMS crews will perform during extended periods of severe weather such as hurricanes. Once a decision has been made, the SSC should inform all on duty crews to report to the nearest TFD station or other safe location to stand-by until the weather improves and normal response operations resume. It may be necessary to limit responses to life-threatening emergencies only; this decision will also be made by the on-duty supervisor. Refer to the Emergency Operations Plan, 409.00, for more information..

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – 9-1-1 Calls from Hospitals
Effective:	June 15, 2007
Reviewed:	September 2011, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	1

I. Purpose:

The purpose of this guideline is to define the procedure to be followed should a 9-1-1 call be received from inside a hospital.

II. Procedure:

In the event that a 9-1-1 call is received from a hospital, the call-taker should enter the call in the CAD and immediately notify the System Status Controller (SSC). Additionally, either the call-taker or the SSC should attempt to obtain as much information about the location of the patient and the situation at hand, up to and including a name of the patient, department and/or floor location, room number (if applicable), a call back number, and the nature of the problem. In most cases, the call shall be transferred to the EMS System Status Controller so the most appropriate action can be determined.

After obtaining the information and, if appropriate, dispatching a unit, the SSC should immediately make contact with the appropriate person at each hospital as specified below:

Location of Call	Contact Person	Telephone Number
TMH In-Patient, Any Department	Nursing Supervisor	(850)431-1155, ask for Nursing Supervisor
TMH Emergency Dept or E.D. Waiting Room	Emergency Department On-Duty Nurse Manager	(850)431-0906, ask for Nurse Manager
HCA Hospital In-Patient, Any Department	Nursing Supervisor	(850)325-8282 direct or operator at (850)325-5000
HCA Emergency Dept or E.D. Waiting Room	Emergency Department On-Duty Charge Nurse	(850)325-5090, ask for On-Duty Charge Nurse
Apalachee Center, PATH, Eastside, or Detox	On-Duty Facility Charge Nurse	(850)523-3333, press 1, then 1 again, speak to RN

The System Status Controller should document the time of the call and the person notified in the CAD. The EMS on-duty supervisor should also be notified at the discretion of the SSC. If there is any question as to the exact location of a patient and whether or not they are presently under care of a hospital provider, (such as in a parking lot or outdoors) the SSC should not hesitate in dispatching a unit and allow the responding crew to ascertain the exact situation.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Poison Center Use/Transfer Calls
Effective:	October 11, 2007
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	2

I. Purpose:

Pursuant to Florida Statues 401.268 and 395.1027, the purpose of this guideline is to define the procedure to be followed should a 9-1-1 call be received from a patient or by-stander wanting assistance and/or information on poisonings or insect bites (as specified below).

II. Procedure:

For 911 calls received from a caller requesting assistance and/or information on exposure to, or ingestion of, any of the following, the EMS call-taker should follow the steps outlined:

- Bites & stings from insects, spiders, or marine life
- Household & personal products
- Pesticides & chemicals
- Food poisoning
- Plants and mushrooms
- Prescription & over-the-counter medicine
- Herbal & dietary supplements/drugs

1. Open the Motorola P1 CAD call taking screen and obtain:
    a) Address of the incident and location details
    b) Call back number
    c) Chief complaint (MUST note specifics in addition to selecting a nature)
2. Launch ProQA™ and begin the Q & A process utilizing the appropriate protocol (either 2 or 23).

For Protocol 23: If, after completing the key questions for protocol 23, the call is coded as an omega level call, read the "omega response" statement to the caller, but advise them that you will be remaining on the line. Transfer the call to the poison center using the appropriate transfer button and remain on the line to see if the poison center recommends an EMS response. If possible, while monitoring the line, alert the System Status Controller (SSC) to the status of the call.

For Protocol 2: If, after completing the key questions for protocol 2, the call is due to bites or stings from insects, spiders, or marine life AND the call has been coded as an alpha level call (no priority symptoms present), proceed to the case exit instructions and read the "omega referral" statement to the caller, but advise them that you will be remaining on the line. Transfer the call

to the poison center using the appropriate transfer button and remain on the line to see if the poison center recommends an EMS response. If possible, while monitoring the line, alert the SSC to the status of the call.

If there are any PRIORITY SYMPTOMS present at any time, DO NOT transfer the call to the poison center. Follow the appropriate protocol and remain on the line with the caller until help arrives. Priority symptoms are defined by NAEMD as the presence of abnormal breathing, chest pain, decreased level of consciousness, or serious hemorrhage.

This procedure is intended as a guideline. A call may still be transferred to the poison center for a reason not listed above, at the direction of the on duty EMS SSC.

Note: If after receiving advice from the poison center, the caller still desires an EMS response, note that in the call and advise the caller that the first available ambulance will be sent and to call back if anything gets worse or changes.

Effective:	June 1, 2005
Reviewed:	March 2006, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	4

I. GUIDELINE:

LCEMS utilizes the principles of System Status Management (SSM) to effectively utilize the resource of the department. Adherence to policy and procedure is necessary for system performance success.

II. GENERAL INFORMATION:

1. It is essential that all Communications Personnel function similarly and as consistently as possible in order to eliminate variation based on the individual dispatcher.

2. This system includes mechanisms to monitor and modify procedures to achieve consistent levels of performance.

3. The LCEMS plan includes Flexible Deployment which is a combination of fixed station geographic deployment and Demand Deployment.

4. Two components of System Status Management:

Geographic Coverage - Similar to the type of coverage provided by fixed location deployment systems. Geographic coverage is relatively static, in that it does not vary significantly based on time-of-day and system activity levels.

Demand Coverage - This component of coverage is highly variable. It is designed to incorporate enough capacity to accommodate the normal demand experienced by the service. Demand posts can be identified by the analysis of historical patterns and are often identifiable by the time of day and day of week.

These two components are designed to match resources to demand while providing excess capacity to geographic coverage requirements. This type of coverage is designed to allow the services to respond to requests within the defined response time standards and provides a margin of safety by utilizing the capacity of geographic coverage to address periods of exceptional demand.

5. Staffing - The staffing plan is driven by the historical call data by time of day and the day of the week. The plan, which is reviewed at least bi-annually, will dictate the various staffing hours and patterns needed to meet the demand. Staff schedules will be adjusted accordingly, to meet the needs of the plan. If an unexpected demand arises, such as a

large public service event, natural disaster, etc. then staff will either be scheduled over and above what the plan requires or staff will be called in to assist. Extra planned events, such as public services, are usually well thought out and planned with regards to staffing needs.

6. Field providers may from time to time have a question about an assignment or their workload statistics. It is important that they be given as much insight as possible for the situation in question. A brief explanation can lead to a great deal of understanding and cooperation.

7. The on-duty System Status Controller (SSM) or on-duty supervisor will make the final decision regarding any non-emergency or post assignment that may be questioned by a crew.

III. POST IDENTIFICATION:

1. Post Locations

Headquarters	- 911 Easterwood Dr
Post 1	- 2626 Capital Medical Blvd
Post 2	- 2825 Municipal Way
Post 3	- Orange Ave & South Monroe St
Post 4	- 1300 Miccosukee Rd
Post 5	- 27 North (Monroe St) & I-10
Post 6	- Apalachee Parkway & Blair Stone Rd
Post 7	- Copeland & Tennessee St
Post 8	- Thomasville Rd & Timberlane
Post 9	- Thomasville Rd & Kerry Forest Parkway
Post 10	- Blairstone Rd & SE Capital Circle
Post 11	- Centerville Rd Fire Station
Post 12	- Chaires Fire Station
Post 13	- Woodville Fire Station
Post 14	- Fort Braden Fire Station
Post 16	- 3401 W. Tharpe St.
Post 17	- 1583 Pedrick Rd
Post 18	- N Monroe and Fred George

Units shall remain within a ½ mile of their assigned post location. Crews are permitted to exceed this ½-mile restriction for meals and other instances approved by the system controller or supervisor.

IV. POSTING PROCESS:

Posting - The primary premise of posting is to maintain adequate coverage to the areas with

highest numbers of calls.

1. Based on historical data, a post plan has been developed and implemented.

2. LCEMS uses the positioning post plan as a guide for resource deployment. LCEMS uses the posting plan in the city of Tallahassee on a 24/7 basis.

3. Repositioning of a unit will not take place until

A. Dispatch is confident the responding unit is going to transport based on information received during the initial call

OR

B. The unit on scene advises that they are going to transport.

4. If resource posting is necessary, Controllers must use their judgment and common sense. For instance, if the CAD recommends repositioning a unit to a post that another unit is closer to then a domino type move is to be made moving the closer unit to the vacant post and refilling the closer units post with the CAD recommended unit. As an example, Post 2 becomes vacant. The CAD says send Post 4 to Post 2 but Post 1 is covered, it is recommended that the controller move the Post 1 crew to Post 2, then move the Post 4 crew to Post 1. **DO NOT REPOSITION A UNIT PAST AN OCCUPIED POST!** (Exceptions: see Workload Management).

5. It is important to understand how the geo posts are identified in developing the deployment plan. No service area can be analyzed as an isotopic plane in that a vehicle cannot move from one location to another in a straight line or at the same speed for all possible locations.

6. A unit's response time range is the distance it can travel within a specified time frame. In the post location study for Leon County, this travel time period was set at six minutes. The six minutes standard allows for an eight minute response time given a one minute dispatch and a one minute out-of chute time component. HOW DOES A UNIT'S RESPONSE TIME RANGE CHANGE? Even though posts are selected primarily on a basis of coverage, distance, and time, other factors impact the distance which can be covered in a given period of time. The two most obvious factors are weather and traffic. For example, at 8:00am during rush hour, traffic flow into the city makes travel in that direction by an ambulance difficult. Therefore, the unit's response time range is decreased in that direction. At 3:00 am the unit's response time range may be at its maximum because of negligible traffic. Inclement weather can also decrease a unit's range, as can physical obstruction such as trains, traffic accidents, parades, etc.

7. Use moving units to improve coverage by assigning routes to available units, it is possible to improve coverage. Having units travel through areas in which there are no ambulances available en route to their post will enhance coverage. Likewise, avoid utilizing limited access roadways such as Interstate 10 to move from post to post as a unit on the interstate is essentially “out of the plan.”

8. The post plan is programmed so that the most important post to be filled for that hour is listed first. Lower priority posts are listed by their importance for coverage. A copy of the post plan is available in the dispatch office for reference.

9. At shift change, during the times for posting, use the CAD to fill the most important post first and lower priorities next.

10. If a post plan issue develops, it is to be referred to the Deputy Chief of Operations for guidance.

V. VISUALIZATION:

A key skill for the Dispatcher is to learn to visualize the system. Part of that visualization process includes thinking in terms of unit range rather than a unit at a particular location. As units move and the system changes, response time ranges move, expanding and contracting. The Dispatch CAD is being utilized to facilitate our system visualization process.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Communications – Rough Terrain Unit Deployment
Effective:	June 7, 2010
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. Purpose:

To outline the procedures to be taken by EMS in the event that deployment of rough terrain equipment is required for patient transport.

II. Responsibility:

It will be the responsibility of the LCEMS System Status Controller (SSC) and on-duty supervisor to evaluate and provide an appropriate response given the available information.

III. General Information:

In an effort to provide the highest level of care, safety when access to the patient is impaired due to terrain or distance from navigable roadways, LCEMS has a 6 wheel drive, Polaris ASAP, patient transport ATV.

IV. Guideline:

In the event that access to the emergency scene or patient is impeded by terrain or distance from navigable roadways, the SSC, on-duty supervisor, and or, responding unit may initiate the deployment of an ATV to facilitate patient access and transport. This resource is housed at EMS HQ and will be deployed by towing the ATV to the scene. The on-duty supervisor, logistics staff, or other appropriate persons trained in vehicle towing, may be utilized to deliver the ATV as needed. The potential for utilization of the ATV should be assessed and implemented as early as possible due to the potential time involved in deploying this resource.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title: Communications – Inter-Facility Requests Critical Care Transport (CCT)

CAAS: 103.01.01

Effective: January 1, 2012

Reviewed: June 2012, December 2015, October 2018, October 2023

Revision: 3

Pages: 3

I. Purpose:

The purpose of this policy and procedure is to standardize the methods of inter-facility/Critical Care Transport response dispatching in order to enhance efficiency and meet the division's standards for handling all requests for service.

II. Policy:

All inter-facility/CCT requests for service will be processed, and appropriate staffing and equipment needs will be determined and all necessary resources will be dispatched to adequately handle the requests in the most efficient and consistent manner possible.

III. General Information:

Patient Criteria for Activation & Use of Critical Care Transport Team:

Level 1 Criteria: Indication for CCT Team.

- Any patient who is intubated and/or being mechanically ventilated (to include BiPAP and High Flow)
- Any patient requiring infusion of medication used for cardiovascular support or stability:
  Chronotropic or inotropic agents (ie, Dopamine, Dobutamine).
  Vasopressors (ie, Epinephrine, Levophed)
  Antiarrhythmics (ie, Cardizem, Amiodarone, Lidocaine)
  Antihypertensives (ie, Cardene, β-blockers, Nipride, Nitroglycerin infusion)
  Any medication used for sedation or that alters level of consciousness (ie, Propofol, Paralytics)

- Tocolytics (ie, Terbutaline, Magnesium) to arrest labor
- Patient with a ventriculostomy tube.
- All patients with blood product(s) infusing during transport.
- All patients requiring active invasive blood pressure monitoring (ie, Swan Ganz, Arterial Lines).
- Patient with recurrent ventricular tachycardia (V. Tach) or ventricular fibrillation (V. Fib) currently/acutely being treated with antiarrhythmics.

- Patient with 3rd Degree Heart Block and SBP <90.
- Patient with any type of cardiac support device (IABP,Impella device, transvenous or transcutaneous pacer)

*Should consider use of <u>three-person crew</u> for level one activations out of town, to allow for two patient care providers.

<u>Level 2 Criteria</u>: Possible indication for CCT Team (Contact Team Leader)

- Any patient being transferred from an ICU/Critical Care Unit to another ICU/Critical Care Unit.
- Any patient being transferred from an ER to an ICU/Critical Care Unit.
- LVAD alone without additional criteria.
- Any critically ill or injured patient being transferred from an ER to an ER.
- Patient with a chest tube requiring suction.
- Abnormal vitals (any one of the following in an adult): SBP <80 or >200, HR <45 or >130, RR <10 or >28, SpO2 <90%
- Abnormal labs or studies (any of the following in an adult): Hgb <6.5, Hct <25, Plt <80, K+ <2.6 or >6.0, pH, <7.3 or >7.5, pCO2 <25 or >60, pO2 <80, Glucose <60.
- Patient who is felt to be at an increased risk for clinical instability (ie, respiratory distress patient who may need to be intubated, dissecting aortic or thoracic aneurysm, CVA with altered or decreased level of consciousness, patient with multiple co-morbidities).
- *Remember that pediatric patients have different vital signs and lab values. Consider using a critical care paramedic in any pediatric patient with "critical" lab values or vital signs.

Note: All medications with the exception of those given as a bolus, single dose or prn MUST be administered via an IV pump.

<u>IV. Guideline</u>

The most important underlying concept is to have the most appropriate response for each non-emergency request in the time frame necessary for the capable handling of the request.

Receiving Requests & Vehicle Notification

1. Answer the telephone: "Leon County EMS, how may I help you?" Remember keep your tone of voice positive and professional
2. Open the Call taking screen in the P1 CAD and obtain:
    a) Call back number and name of requestor
    b) Name and location of the patient
    c) Transferring facility and physician
    d) Receiving facility, physician and room number
    e) Any specialty care equipment needed (vent, pumps etc.)
    f) Direct phone number of floor and/or Nurse taking care of patient

3. Once the call has been input and saved the System Status Controller will contact the

on-duty supervisor to coordinate assignment of an on-duty CCT crew or potentially activate on-call CCT personnel. **The on-duty CC-Medic will call to receive detailed report prior to acceptance of transport.**

4. Ideally, critical patients will be attended by at least two licensed crew members, one of whom must be a CCT certified paramedic.
5. Once the appropriate crew and equipment needs have been determined, the System Status Controller will dispatch the unit, and will notify the requesting facility of the unit's ETA.
6. CCT inter-facility patients are, critical patients with needs that exceed the scope of practice of a paramedic on an ALS ambulance. If, during the course of transport, the unit encounters an accident or other EMS scene; Leon County SOG 413.00 states:

"III. PROCEDURE:

If, while transporting a critical patient under lights and sirens, a crew comes across the scene of another incident, that crew will continue on its way to the hospital without stopping to render assistance. The driver will contact EMS dispatch of the situation requesting appropriate assistance to respond."

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Bio-hazardous Waste Management
CAAS:	203.05.01
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018, December 2024
Revision:	3
Pages:	4

I. PURPOSE:

To provide guidelines, procedures and responsibilities for the identification, safe handling, storage, disposal, labeling, use of personal protective equipment and program auditing, with respect to the management of biohazardous waste by LCEMS.

II. GUIDELINE:

The program implements applicable requirements of Federal and State Waste Management laws. The Deputy Chief of Operations is designated as the Biohazardous Waste Coordinator and shall provide technical guidance to employees and agencies involved in this program.

III. PROCEDURE:

1. Definitions:

A. Biohazardous Waste – any solid or liquid waste which may present a threat of infection to humans. This term includes, but is not limited to:

1) Nonliquid human tissue and body parts

2) Discarded sharps

3) Human blood and blood products

4) Human body fluids

5) Used absorbent materials such as bandages or gauzes

6) Used sponges that are supersaturated with the potential to drip and splatter

7) Intravenous tubing and catheters

8) Medical devices used in the treatment of HIV or Hepatitis B suspected

or positive patients

B. Biohazardous Waste Generator – any facility or person(s) who produces or generates Biohazardous Waste. Emergency Medical Services are included under this definition.

C. Leon County EMS employees shall regard ***all*** human blood and body fluid as infectious for HIV/HBV and other bloodborne pathogens and take appropriate protective steps to protect themselves from unprotected contact with such fluids. Though HIV/HBV transmission has ***not*** been documented from urine, feces, vomitus, sputum, saliva, sweat or tears, employees are directed to consider ***all*** body fluids as potentially hazardous and protect themselves accordingly. This is primarily due to the frequently uncontrolled conditions present in pre-hospital emergency medical services making fluid differentiation difficult if not impossible.

D. Decontamination – the process of rendering biohazardous waste to solid waste

E. Disinfection – a process that destroys or irreversely inactivates the vegetative cells of microorganisms.

F. Human Blood and Blood Products – includes whole blood, serum, plasma or blood components

G. Point of Origin – the area where the bandage, sponge or other object becomes contaminated with body fluids or blood

H. Saturated – the point at which no more can be absorbed, received or combined; or has the potential to drip or splatter

I. Sealed – free from openings that allow the passage of liquids

J. Sharps – devices with physical characteristics capable of puncturing, lacerating, or otherwise penetrating the skin

K. Significant Exposure – major contact with blood or body fluids whether with or without proper protective equipment

2. Responsibilities

A. Biohazardous Waste Management Coordinator(s) (BWMC) – responsible for the development and implementation of the Biohazardous Waste Management Program, auditing the Division for compliance and providing technical and educational support to employees

B. Deputy Chiefs and Shift Supervisors – assist the BWMC with monitoring for compliance to this program

C. Employees – compliance with this Waste Management Program. Report any noncompliance to Shift Supervisors or the Waste Management Coordinator.

3. Identification/Quantity and Location of Biohazardous Waste Collection Point

A. Type of Waste – Biohazardous mainly composed of sharps, bandages, gauzes and sponges.

B. Quantity – No estimate can be given, dependent upon call type and volume. Not to exceed twenty-five (25) transport pounds at any one time

C. Location – EMS Operations Building, Soiled Utility Room

4. Guideline and Procedure for Handling Biohazardous Waste

Note: The following sections pertain only to Biohazardous Waste generated by LCEMS that is/was not disposed of at the receiving hospital.

A. All Biohazardous Waste shall be identified and segregated from other solid waste at the point of origin. Biohazardous waste will only be placed in approved containers and will not be placed with any other solid type waste (garbage).

B. If Biohazardous Waste is found in non-hazardous waste (garbage), it will be managed as Biohazardous Waste per this program.

C. Biohazardous Waste, except sharps, shall be packaged in impermeable red polyethylene or polypropylene plastic bags, sealed and labeled utilizing Biohazardous Labels.

D. Discarded Sharps will be segregated from all other wastes. Discarded sharps will be placed directly into leak resistant, rigid, puncture resistant containers. The containers shall be designed primarily for the containment of Sharps and prelabeled with the international biological hazard symbol.

5. Pick Up and Disposal of Biohazardous Waste

A. All Biohazardous Waste bags including Sharp containers will be removed from the ambulances by the EMS crew members and/or the EMS Supply Technician.

B. Personnel collecting, transporting and disposing of Biohazardous Waste will

use Personal Protective Equipment as deemed necessary.

C. EMS crew members and/or the Supply Technician will inspect all bags and containers, including Sharps, for leakage at the time of pick up and later disposal. If leakage is noted, wearing PPE, the material will be re-bagged and labeled accordingly. In the event of a spill, procedures outlined under Management of Biohazardous Spills will be utilized.

D. After removal, the Biohazardous Waste will be placed in the EMS Soiled Utility Room at Headquarters. Biohazardous Waste will be placed in the disposal boxes supplied by the disposal vendor. All PPE worn during pick up will be red bagged.

E. Biohazardous Waste can also be disposed of at the appropriate sites at Tallahassee Memorial Hospital and Capital Regional Medical Center.

F. Disposal vendor invoices will be retained by LCEMS and filed for a period of three years.

6. Biohazardous Waste Spills

A. In the event of a Biohazardous Waste spill or leakage, personnel clothed with PPE will immediately initiate the following procedures:

1) Contain the spill utilizing absorbent material

2) Isolate the area, allow no one to interfere

3) If liquid material is present in the spill:

a. Flood the area with a germicide that is tuberculocidal prior to cleaning with absorbent

b. After bulk cleanup, the area will be decontaminated by mopping with a fresh germicidal solution

c. All material used to clean up the spill, including mop heads will be red bagged for disposal

d. All PPE will be red bagged for disposal

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Driver Monitoring Program
Effective:	April 2, 2006
Reviewed:	May 2008, December 2012, December 2015, December 2018, December 2024
Revision:	2
Pages:	2

I. PURPOSE:

To provide uniform guidelines for the use and monitoring of the driver monitoring program.

II. GUIDELINE:

The driver monitoring system, known as "idrive," is to be used as a training tool to improve the safety and protection of LCEMS personnel, equipment, and the citizens of Leon County or any area that is served by LCEMS. Disciplinary actions may be taken as outlined in the procedure section (III, 2).

III. PROCEDURE:

1. The "idrive" incidents will be reviewed weekly by the designated supervisor or his/her designee. A level of infraction will be assigned to the incident and referred to the employee's supervisor for appropriate follow-up action.

    A. No Fault. Examples include: false trigger, manual trigger, non-preventable collision

    B. Minor Incident. Examples include: pothole, speed bump, road dip, driveway, rough surface

    C. Erratic Driving. Examples include: hard braking, hard cornering, excessive acceleration, skidding, rough use of vehicle, vehicle abuse, unsafe speed, lane weaving.

    D. Serious Incident. Examples include: no seatbelt, run stop light or stop sign, failure to yield, serious traffic violation.

    E. Most Serious Incident. Examples include: major collision (driver at fault), intentional damage, reckless/ dangerous driving, road rage, driving under the influence, tampering with the camera.

2. Disciplinary action for the different levels of offenses is at the discretion of the employee's direct supervisor and may take into account an employee's individual driving history with LCEMS and other applicable factors. After an event is reviewed, any recommendations will go

to command staff for review and final approval. All actions taken in accordance with this guideline are administrative. If the driver's partner's actions are deemed negligent, the partner will be subject to the same disciplinary actions as the driver. In lieu of Suspension and/or Termination, **Paramedic** driving privileges may be suspended and/or terminated. The matrix below serves as a general guideline for supervisors and employees as it relates to discipline and driving infractions.

A. No Fault: No action will be taken.

B. Minor Incident: Oral warning if it is an unnecessary, continued pattern. If pattern is continued, progressive discipline may be followed.

C. Erratic Driving:
- 1st Offense: Counseling
- 2nd Offense within 1 year: Oral warning
- 3rd Offense within 1 year: Written warning
- 4th Offense within 1 year: Smith System Driver training and/or EVOC
- Continual Offenses: Suspension and/or Termination

D. Serious Incident:
- 1st Offense: Written warning
- 2nd Offense within 1 year: Smith System Driver training and/or EVOC
- 3rd Offense within 1 year: Suspension and/or Termination

E. Most Serious Incidents: Any offence of this level will be judged on the severity of the incident and will result in one of the following:
- Written warning
- Written warning and Smith System Driver training and/or EVOC
- Suspension and/or Termination

3. Good Driving Recognition will be as follows:

All drivers with no offenses will be submitted for the County's Safe Driver Award, provided annually through the office of risk management.

For specific incidents in which exceptional driving is identified, the reviewing supervisor may choose to provide the employee with verbal praise and/or an e-mail, a letter from a Deputy Chief and/or Chief, or county wide recognition.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Exposure Control Plan
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018
Revision:	3
Pages:	29

I.GUIDELINE:

LCEMS is committed to providing a safe and healthful work environment for our entire staff. In pursuit of this endeavor, the following exposure control plan (ECP) is provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with OSHA standard 29 CFR 1910.1030, "Occupational Exposure to Bloodborne Pathogens." And the Needlestick Safety and Prevention Act (PL 106-430)

The ECP is a key document to assist our service in implementing and ensuring compliance with the standard, thereby protecting our employees. This ECP includes:

1. Determination of employee exposure

2. Implementation of various methods of exposure control, including:

   Universal precautions
   Engineering and work practice controls
   Personal protective equipment
   Housekeeping
   Hepatitis B vaccination

3. Post-exposure evaluation and follow-up

4. Communication of hazards to employees and training

5. Record keeping

6. Procedures for evaluating circumstances surrounding an exposure incident

The methods of implementation of these elements of the standard are discussed in the subsequent pages of this ECP.

II. PROGRAM ADMINISTRATION:

1. LCEMS is responsible for the implementation of this ECP. In concert with the County Risk Manager, the Deputy Chief of Operations will maintain, review, and update the ECP at least annually, and whenever necessary to reflect new or modified tasks and procedures which affect occupational exposure and to reflect new or revised employee positions with occupational exposure. Review of the sharps injury log will be a part of these reviews to identify problem areas and/or ineffective devices which may need replacement. Documentation relating to the consideration and implementation of appropriate commercially available and effective engineering controls designed to eliminate or minimize exposure and the procedure used for evaluation of circumstances surrounding exposure incidents will be included with the annual update.

2. Those employees or auxiliary members who are determined to have occupational exposure to blood or other potentially infectious materials (OPIM) must comply with the procedures and work practices outlined in this ECP.

3. LCEMS will maintain and provide all necessary personal protective equipment (PPE), engineering controls (e.g., sharps containers), labels, and red bags as required by the standard. LCEMS will ensure that adequate supplies of the aforementioned equipment are available in the appropriate sizes. .

4. The County Risk Manager will be responsible for ensuring that all medical actions required are made available and that appropriate employee health and OSHA records are maintained. Contact the County Risk Manager at (850) 606-5120.

5. The Community Engagement and Organizational Development Major will be responsible for training, documentation of training, and making the written ECP available to employees, OSHA, and NIOSH representatives. Contact EMS Major at (850) 606-2100.

III. EMPLOYEE EXPOSURE DETERMINATION:

The Center for Disease Control and Prevention (CDC) has established the following job task classification system to determine which employees may be exposed to bloodborne disease:

Category I. Tasks That Involve Exposure To Blood, Body Fluids, or Tissues.

All procedures or other job-related tasks that involve an inherent potential for mucous membrane or skin contact with blood, body fluids or tissues, or a potential for spills or splashes of them, are Category I tasks. Use of appropriate protective measures shall be required for every employee engaged in Category I tasks.

Category II. Tasks That Involve No Exposure to Blood, Body Fluids, Or Tissues, But Employment May Require Performing Unplanned Category I Tasks.

The normal work routine involves no exposure to blood, body fluids, or tissues, but exposure or potential exposure may be required as a condition of employment.

Appropriate protective measures shall be readily available to every employee engaged in Category II tasks.

Category III. Tasks That Involve No Exposure To Blood, Body Fluids, Or Tissues, And Category I Tasks Are Not A Condition of Employment.

The normal work routine involves no exposure to blood, body fluids, or tissues (although situations can be imagined or hypothesized under which anyone, anywhere, might encounter potential exposure to body fluids). Persons who perform these duties are not called upon as part of their employment to perform or assist in emergency medical care or first aid, or to be potentially exposed in some other way. Tasks that involve handling of implements or utensils, use of public or shared bathroom facilities or telephones, and personal contacts such as handshaking are Category III tasks.

Employee Identification

Category I Tasks

Employees in the EMS Operations have been identified as routinely performing Category I tasks. Examples include:

- Bleeding control and bandaging.
- Intravenous access and phlebotomy.
- Other injection procedures.
- Endotracheal intubation and other airway control procedures
- Cleanup of blood and other body fluids

Category II Tasks

No employees of the EMS Division have been identified as routinely performing Category II tasks.

Category III Tasks

Employees in other job safety categories are not exposed to blood or body fluids in their normal work routine. Their work is classified as Category III and is not applicable to this program.

The following is a list of all job classifications at our establishment:

JOB TITLE	DEPARTMENT/LOCATION	CLASSIFICATION
• EMS Staff Assistants	EMS Division	CATEGORY III
• EMS Supply Technician	EMS Division	CATEGORY I
• Emergency Medical Technician	EMS Division	CATEGORY I
• Paramedic	EMS Division	CATEGORY I
• EMS Lieutenants	EMS Division	CATEGORY I
• EMS Captains	EMS Division	CATEGORY I
• EMS Majors	EMS Division	CATEGORY I
• EMS Deputy Chiefs	EMS Division	CATEGORY I
• EMS Chief	EMS Division	CATEGORY I

IV. METHODS OF IMPLEMENTATION AND CONTROL:
The following control methods have been adopted by Leon County EMS and employee compliance is required.

1. Universal Precautions – Body Substance Isolation

Leon County EMS, employees shall regard ***all*** human blood and body fluid as infectious for HIV/HBV and other bloodborne pathogens and take appropriate protective steps to protect themselves from unprotected contact with such fluids. Though HIV/HBV transmission has ***not*** been documented from urine, feces, vomitus, sputum, saliva, sweat or tears, employees are directed to consider ***all*** body fluids as potentially hazardous and protect themselves accordingly. This is primarily due to the frequently uncontrolled conditions present in pre-hospital emergency medical services making fluid differentiation difficult if not impossible.

All employees will utilize universal precautions in accordance with the Leon County E.M.S. Policy with all patient contacts. Universal precautions are defined as the use of all appropriate preventative equipment. This equipment includes the proper use of gloves, gowns, face and eye protection and other such equipment as provided or authorized by LCEMS.

Precautions for Patients With Known Infectious Diseases

- In the event that transportation is requested for a patient who is known to be the carrier of an infectious disease, the crew will be provided with all appropriate information. The crew will receive all information that has been provided to the LCEMS dispatcher. Under no circumstances will LCEMS refuse service / treatment / transport to a patient based on their infectious status.

- Upon arrival at the pickup facility, the crew shall confirm the infectious condition of the patient, and any specific precautions to be aware of.

- Upon arrival at the receiving facility, the crew shall notify the person assuming responsibility for the patient's care of the patient's condition and infectious status. This notification shall be made in a discreet fashion both verbally to the receiving personnel and in writing on the patient care report.

2. Exposure Control Plan

Employees covered by the bloodborne pathogens standard receive an explanation of this ECP during their initial training session. It will also be reviewed during their state mandated HIV Refresher. All employees have an opportunity to review this plan at any time during their work shifts by consulting the safety manual which contains this ECP. If a personal copy of this ECP is requested, contact the EMS Major at (850) 606-2100, and EMS will provide an employee with a copy of the ECP free of charge within 15 days of the request.

In concert with the County Risk Manager, the Deputy Chief of Clinical Affairs is responsible for reviewing and updating the ECP annually or more frequently if necessary to reflect any new or modified tasks and procedures, which affect occupational exposure, and to reflect new or revised employee positions with occupational exposure as determined by the Centers for Disease Control (CDC) or other applicable agency.

3. Engineering Controls and Work Practices

Engineering and work practice controls will be used to prevent or minimize exposure to bloodborne pathogens. The specific engineering controls and work practice controls used are listed below:

A. The following engineering controls have been developed to minimize the risk of exposure.

- Impervious sharps / needle disposal containers in every ambulance
- Impervious sharps / needle disposal / protection devices in carry-in equipment
- Waterless alcohol-glycerin based hand cleaner in every vehicle
- Disposable bag valve mask resuscitators in every ambulance
- Labeled red plastic biohazard bags in every ambulance
- Personal protective equipment (PPE) provided for all Category I and II employees
- Approved disinfectant provided on all ambulances
- Use of needless systems – a device that does not use needles for: 1. the collection of body fluids or withdrawal of body fluids after initial venous or arterial access is established; 2. The administration of medication or fluids; or 3. Any other procedure involving the potential for occupational exposure to bloodborne pathogens due to percutaneous injuries from contaminated sharps.
- Use of retractable lancets for blood glucose sample retrieval

B. Work Practices are defined as those practices utilized by personnel in the performance of their job to assist in the prevention of exposures. Specific examples of work practice controls are:

- Disposable gloves must be worn when any contact with body fluids is anticipated.
- Employees will cover and protect from body fluid exposure while on duty all open cuts, abrasions and otherwise non-intact skin.
- Employees will flush mucous membranes with water immediately or as soon as feasible following contact of such body areas with body fluids.

- Hands and other skin surfaces shall be washed immediately and thoroughly. Hot water and soap with vigorous lathering of the entire area for at least 15-30 seconds is recommended. If running water and soap is not available, the alcohol-glycerin based hand wash provided shall be utilized. This is the approved cleaning for field settings. The above mentioned soap and water washing should be done as soon as possible after the use of any alcohol-glycerin based hand wash. Thorough washing of hands should occur:
  - Between patient contact
  - Following glove removal
  - After using restroom facilities
  - Prior to eating
  - After covering nose and mouth when coughing or sneezing
  - After trash and/or infectious waste disposal
  - Any time hands are visibly soiled
  - After care of patients with open skin lesions, or when cleaning of rectal or genital areas is required

- ***All*** used needles and sharps shall ***not*** be recapped, bent, broken or sheared unless you are administering a controlled drug via injection route. Recapping of a controlled drug shall be done using a single handed scoop technique in which the hand holding the sharp is used to scoop up the cap from a flat surface. This procedure is only permitted after the administration of a controlled drug via injection route due to the need to account for un-used controlled drugs. When controlled drug is administered via IV route the needless system will be used. All used needles and syringes must be placed ***directly*** into designated containers/holders. Under no circumstances are they to be placed unguarded on any surface or in carry-in equipment.

- Full sharps containers shall be properly sealed, removed from the ambulance and disposed of in a safe manner in accordance with the Leon County EMS Biohazardous Waste Management Program.

- All spills of blood/body fluid shall be cleaned up as soon as possible. While wearing PPE, soak up visible contaminants with paper towels and follow by cleaning with soap and water then a soaking spray of disinfectant, allowing the manufactures recommended soak prior to wiping off. Place towels and gloves in red biohazard bag and dispose of in designated infectious waste container.

- When starting IV's, an absorbent barrier shall be placed under the limb to absorb blood.

- Contaminated ***reusable*** equipment shall be washed in hot soapy water, rinsed and disinfected with an approved disinfectant or bleach solution of 1:10 using approved universal precautions during cleaning.

- Drivers are to properly remove and dispose of their PPE after loading the patient in the patient compartment and wash their hands using the alcohol-glycerin based hand wash before entering the cab of the vehicle. Drivers are to wear new PPE prior to unloading the patient from the ambulance.

- Family members, walking wounded, and other non-employees shall not be permitted to ride in the cab of the ambulance if they are visibly contaminated with blood or other body fluids, under any circumstances.

- Employees shall not eat, drink, smoke, apply cosmetics or lip balm, or handle contact lenses in any patient areas, including any area to the rear of the bulkhead of the ambulance. These items are permitted in the cab of the vehicle provided the pass through door/window is kept closed at all times when a patient(s) is/are in the patient compartment. Anytime food, drinks, cosmetics, lip balm, contact lenses, etc. are transported in the cab, they shall be handled in a reasonable manner to prevent contamination by keeping containers closed and covered. Any contamination of the cab shall require that the cab be immediately decontaminated. Hand cream is not considered a cosmetic and is permitted. It should be noted that some petroleum-based hand creams can adversely affect glove integrity and should be washed off prior to use of gloves.

- Employees shall not store food in refrigerators, freezers, shelves, cabinets, or on countertops or bench tops, or any other location in which blood or other potentially infectious materials are present or are likely to be present.

- Employees shall attempt to minimize the spray, splash, or splatter of blood or other potentially infectious materials while performing procedures that involve these substances.

- Employees shall not mouth pipette/suction blood or other potentially infectious materials. Except when using a DeLee suction when clearing an infant's airway in an emergency; when no other method is available; and a trap which prevents suctioned fluid from reaching the employee's mouth is inserted in-line between the infant and the employee.

- During post-mortem procedures the following shall take place:
  - The blood and all body fluids of all deceased patients should be considered potentially infectious;
  - Employees shall wear PPE when contact with blood and other body fluid is anticipated.

- Employees shall tape and secure all specimens of blood to the outside of the IV bag or to the stretcher sheet and will take every precaution to prevent the accidental breakage of the specimen tubes.

- Employees shall assure that all equipment which may become contaminated with blood or other potentially infectious materials is examined and decontaminated as necessary prior to servicing, shipping, or reusing. Equipment that remains contaminated shall be labeled as specified in this exposure control plan.

LCEMS identifies the need for changes in engineering control and work practices through employee input and involvement. LCEMS will solicit input from non-managerial employees responsible for direct patient care in the identification, selection and evaluation of effective engineering and work practice controls. Methods of soliciting employee input will include employees providing ideas and suggestions through the suggestion box and in the participation of the evaluation of devices through pilot testing. The opportunities for employee input will be effectively communicated to employees during their annual ECP training.

LCEMS evaluates the need for new procedures or new products by attending infection control symposiums and by placing equipment/product on EMS units for evaluation, with employee feedback.

The following staff is involved in the review process for engineering controls and work practices:

- Deputy Chief of Clinical Affairs will be the lead contact for any solicitation or evaluation of new equipment/products.
- EMS Captains are involved in relaying information on such equipment and employee comments on usage to the Deputy Chief of Clinical Affairs.
- Employees voice their ideas, suggestions, and concerns in writing directly to the Deputy Chief of Clinical Affairs.

The Deputy Chief of Clinical Affairs will formulate a report that includes the recommended change of policy, engineering controls or work practices and provide that report to the County Risk Manager and EMS Chief for consensus. After approval has been granted the Deputy Chief of Clincal Affairswill ensure implementation of these changes.

4. Personal Protective Equipment (PPE)

LCEMS will provide at no cost to the employee, personal protective equipment which does not allow the penetration of blood and other potentially infectious materials to work clothes, undergarments, skin, eye, mouth, and mucous membranes. The PPE must be worn as specified in this policy and in the Personal Protective Equipment policy. Uniforms that are provided by LCEMS are not intended to be and should not be considered personal protective equipment. LCEMS shall repair or replace any lost, stolen or damaged issued PPE.

Equipment
LCEMS provides training in the use of the appropriate PPE for the tasks or procedures employees will perform. It is the policy of LCEMS that appropriate PPE will be used on all patient contacts. As part of the new employee Orientation/Training Program, all new employees must be required to demonstrate knowledge of the PPE location and procedure for use.

The on-duty crew members are responsible for having their PPE with them in appropriate quantities. PPE shall be carried aboard each emergency vehicle in a quantity sufficient to protect all crew members and anyone else (students, ride along, etc) on board the emergency vehicle. PPE will be accessible to all potentially exposed employees. Employees are responsible for carrying their issued PPE at all times while out of the emergency vehicle. Replacement PPE may be obtained as necessary through EMS Supply. All employees are responsible for ensuring that assigned vehicles are stocked with PPE of all sizes at all times. LCEMS shall maintain the following items in all emergency vehicles:

- Disposable Impervious Gowns
- Face mask/Eye Shield Combination Devise
- Disposable Exam Gloves of various sizes
- Waterless hand wash
- Bio-Hazard bags with Warning Labels
- Puncture Resistant Sharps Container
- Portable Puncture Resistant Sharps Container (in carry in equipment)
- Pair Protective Eyewear (Goggles)
- High Level Disinfectant Solution

Employees will wear the following personal protective equipment in the following instances:

Nitrile / Latex Gloves shall be worn in the following situations:

- All patient encounters where blood or body fluids are visible or have the potential to become present;
- Handling soiled linen;
- Touching/cleaning soiled surfaces;
- Performing invasive and vascular access procedures;
- Handling blood or other body fluids in containers;
- Starting IV's, drawing blood, and manipulating stopcock of lines;
- Emptying the drainage from urinary catheters;
- Digital examinations of mucous membranes;
- Endotracheal suctioning;
- Endotracheal intubation;
- All patient encounters where employees have open sores on hands.
- Never wash or decontaminate disposable gloves for reuse.
- Replace gloves between patients and if: torn, punctured, contaminated, or if their ability to function as a barrier is compromised.

Hypoallergenic gloves, glove liners, powderless gloves, or other similar alternatives shall be readily accessible to those employees who are allergic to the gloves normally provided. It will be the responsibility of the employee to notify the Deputy Chief of Administration in writing that such an allergy exists so that proper stock levels can be maintained.

Eye Protection will be worn during intubation and in any situation when there is any anticipation of spraying or spattering of any body fluids and in any situation that has the potential for eye injury, i.e. flying debris, chemical splashing, etc. Also must be carried when contacting patients.

Masks, face shields and protective eyewear will be worn to prevent exposure of the mucous membranes of the mouth, nose and eyes and the upper respiratory tract. Wear appropriate face and eye protection when splashes, sprays, spatters, or droplets of blood or OPIM pose a hazard to the eye, nose, or mouth.

- During procedures likely to generate droplets of blood or other body fluids;
- During direct contact with a patient who is coughing excessively or is intubated and/or being suctioned;

Impervious Gowns shall be worn during procedures likely to generate splashes of blood or other body fluids

Guidelines for Specific Medical Procedures

Endotracheal Intubation / King Airway Insertion

- Personnel performing this procedure must wear gloves, mask and protective eyewear.
- Personnel assisting with this procedure must wear gloves, mask and protective eyewear.

Suctioning

- Personnel performing this procedure must wear gloves, mask and protective eyewear.
- Personnel assisting with this procedure must wear gloves, mask and protective eyewear.

Intravenous Access

- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Needle Thoracostomy

- Personnel performing this procedure must wear gloves and protective eyewear
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Mouth-to-Mouth Ventilation

Employees should not perform direct mouth-to-mouth ventilation at any time.

Other adjunctive devices such as pocket masks, bag-valve-mask devices, or

demand valves should be utilized in lieu of making direct skin contact with patients.

Mouth-to-Mask Ventilation
- Personnel performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Bag-Valve-Mask Ventilation
- Personnel performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Intraosseous Insertion
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

OB Deliveries
- Personnel performing this procedure must wear gloves, mask, gown, and protective eyewear.
- Personnel assisting with this procedure must wear gloves, mask, gown, and protective eyewear.

Bleeding Control with spurting blood
- Personnel performing this procedure must wear gloves, gowns, mask, and protective eyewear. When bleeding is controlled, only disposable gloves are required.
- Personnel assisting with this procedure must wear gloves, gowns, mask, and protective eyewear. When bleeding is controlled, only disposable gloves are required.

Bleeding Control with minimal bleeding
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Cardiopulmonary Resuscitation (CPR)
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Intramuscular (IM), Subcutaneous (SQ), and Sublingual (SL) Medications

- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Nebulized Medications
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Intravenous Medications (IVP)
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

REQUIRED PERSONAL PROTECTIVE EQUIPMENT

Task / activity	Disposable Gloves	Gowns	Mask	Protective Eyewear
Bleeding control with spurting blood	YES	YES	YES	YES
Bleeding control with minimal bleeding	YES	NO	NO	NO
Emergency childbirth	YES	YES	YES	YES
Drawing blood	YES	NO	NO	NO
Starting an IV line	YES	NO	NO	NO
Endotracheal intubation Combitube use	YES	NO	YES	YES
Oral / nasal suctioning, manually cleaning airway	YES	NO	YES	YES
CPR	YES	NO	NO	NO
Needle Thoracostomy	YES	NO	NO, unless splashing likely	YES
Mouth-to-mask ventilation	YES	NO	NO, unless splashing likely	YES

Bag-valve-mask ventilation	YES	NO	NO, unless splashing likely	YES
Intraossessous	YES	NO	NO	NO
Giving medications IM/SQ/SL	YES	NO	NO	NO
IV medication administration	YES	NO	NO	NO
Nebulized medication administration	YES	NO	NO	NO
Handling and cleaning instruments with contaminiation	YES	NO, unless splashing likely	NO, unless splashing likely	NO, unless splashing likely

NOTE: The list above is the **required** PPE to use for each procedure listed. In no way, does the above listing restrict personnel from using any and all PPE that the employee deems appropriate.

All employees using PPE must observe the following precautions:

- Wash hands immediately or as soon as feasible after removal of gloves or other PPE. Use of an alcohol-glycerin based hand sanitizer is permitted, but in no way is use of a sanitizer to replace hand washing at the first available opportunity. Please refer to hand hygiene section.
- Remove PPE and replace between patients, if torn punctured, contaminated or if its ability to function as a barrier is compromised.
- In no instance is a vehicle to be driven while wearing PPE that have been used to examine or touch patients, potentially exposed waste materials, blood products or body fluids. All PPE should be removed before getting into the front of an ambulance.
- Employees shall remove all personal protective equipment and place it in a designated container immediately after use.

- Wear gloves when it can be reasonably anticipated that there may be hand contact with blood or OPIM, and when handling or touching contaminated items or surfaces.
- Remove immediately or as soon as feasible any garment or uniform contaminated by blood or OPIM, in such a way as to avoid contact with the outer surface as much as possible. Employees will have a back up uniform available and ready for use and will change into back up uniform immediately or as soon as feasible. Employees needing to change their garment or uniform will do so before responding on any other calls. To minimize migration of contamination beyond the work area, employees must remove any contaminated garments or uniforms and wash up before leaving the work area and going into a non field work area.

Compliance

LCEMS shall assure that all employees use the appropriate personal protective equipment when there is potential for occupational exposure to blood or other potentially infectious materials

In cases when an employee temporarily and briefly declined to use personal protective equipment, when under rare and extraordinary circumstances, it was the employee's professional judgment that in the specific instance its use would have prevented the delivery of health care or public safety services or would have posed an increased hazard to the safety of the worker or co-worker (danger to self/patient, or an impairment in the ability for the employee to provide timely care to the patient), the employee(s) shall document the incident in writing and submit the report to the Deputy Chief of Administration. This report will be required whether or not the employee perceives that an actual exposure occurred or not. The Deputy Chief of Administration shall review all such incidents on a case-by-case basis to determine the appropriateness of the employee's actions and if any change in procedures or policies should be considered.

In the event that any employee is discovered to not have their PPE accounted for as stated previously, or any employee is observed not complying with any provision of this procedural guideline, the employee shall be subject to disciplinary action up to and including termination of employment.

5. Hand Hygiene Guidelines

The following guidelines are taken from the CDC's Recommendations and Reports on Hand Hygiene in Healthcare Workers:

- If hands are visibly dirty or contaminated with material, or are visibly soiled with blood or other body fluids, wash with either an antimicrobial or non-antimicrobial soap and water
- If hands are not visibly soiled, use an alcohol-based hand rub for routine decontamination or wash hands with antimicrobial soap and water.
- Decontaminate hands before having direct contact with patients (no gloves worn)
- Decontaminate hands after contact with a patient's intact skin (i.e. taking B/P) (no gloves worn)
- Decontaminate hands after contact with body fluids or excretions, mucous membranes, non-intact skin, and wound dressings, if hands are not visible soiled.
- Decontaminate hands after removing gloves
- Before eating and after using a restroom, wash hands with a non-antimicrobial soap and water or with an antimicrobial soap and water.
- Antimicrobial wipes may be considered as an alternative to washing hands with non-antimicrobial soap and water. They are not as effective as alcohol-based hand rubs or washing hands with an antimicrobial soap and water, thus they are not a substitute for using alcohol-based hand rubs or antimicrobial soap.
- When decontaminating hands with an alcohol-based hand rub, apply product to palm of one hands and rub hands together, covering all surfaces of the hands and fingers, until dry.
- Do not wear artificial fingernails or extenders when having direct contact with patients at high risk.
- Keep natural nail tips trimmed to less than a ¼ inch long
- Wear gloves when contact with blood or OPIM, mucous membranes, and non-intact skin could occur.
- Remove gloves after caring for a patient. Do not wash gloves between uses with different patients
- Change gloves during patient care when moving from a contaminated site to a clean body site.

6. Housekeeping

All employees will comply with the following housekeeping and decontamination procedures:

Employees shall wear gloves and other personal protective equipment deemed necessary while cleaning and decontaminating all ambulances and equipment. LCEMS shall assure that all supplies and equipment are cleaned and disinfected with an appropriate disinfectant registered with the EPA. Manufactures recommended usage for the disinfectant will be followed. Disinfectant is available from EMS supply and will be carried on all LCEMS vehicles.

Equipment/Materials Processing

All equipment, supplies, or other materials that are non-disposable (cardiac monitor/defibrillators, traction splints, etc.), and used in direct contact with patients that must be turned in for repairs or servicing shall be decontaminated before being sent for repairs. If any of these items can not be decontaminated they shall be marked with a biohazard label indicating what area is contaminated and what needs repaired.

Trash Receptacles

Trash receptacles in the ambulance shall be emptied at the end of every call. These receptacles shall be inspected daily for contamination and be cleaned or replaced as needed.

Hands-Free Cleanup

In the event any glass items shatter/break or sharps are discovered loose, the glass fragments/sharps shall be collected up using mechanical means, such as plastic paddles and dust pan so that the employee is not handling the item(s) directly in his/her hand. The glass fragments/sharps shall then be dropped in an appropriate sharps receptacle without direct contact with the gloved/ungloved hand. This "hands-free" cleanup procedure shall be utilized whenever the potential exists for a cut or abrasion to occur to the employee's glove/ungloved hand in a potentially contaminated environment. In no case is broken glass or sharp objects to be picked up by hand or vacuum cleaners. The tools which are used in cleanup must be properly decontaminated after use.

Disposal of Contaminated Waste

Contaminated / biohazardous waste shall be disposed of in accordance with the LCEMS biohazardous waste management program. Contaminated waste is to be placed in containers that are closable, constructed to contain all contents and prevent leakage, appropriately labeled (see Labels) prior to disposal, and closed prior to removal to prevent spillage or protrusion of contents during handling. These containers are in no circumstance to be filled to a level that would require force to close. Contaminated / regulated waste will only be disposed of at the receiving hospital in an appropriate biohazard waste container. In cases where contaminated / regulated waste cannot be disposed of at the receiving hospital it can be placed in the biohazardous waste bins at Headquarters. At no time will contaminated / regulated / biohazardous waste be disposed of in the regular garbage.

Cleaning the Ambulance

Routine Cleaning

Employees shall wear disposable gloves when performing routine cleaning of the ambulance. The cab of the ambulance and all horizontal surfaces in

the patient compartment (shelves, bench, seat, ceiling, floor, etc.), shall be wiped with disinfectant solution at the beginning of each shift. This daily cleaning shall be documented on the daily checklist.

Post Call Cleaning

After transporting any patient thorough cleaning shall be carried out. At a minimum this cleaning shall include disposal of paper sheets, removal of all trash, removal of contaminated waste, and a wipe down of the ambulance stretcher mattress and other non-disposable equipment that was in contact with the patient with a disinfectant solution. The paper sheets on the stretcher must be changed at the end of every call. Cleaning and disinfectant solutions, paper towels, and other materials must be disposed of as regular trash unless contaminated.

Decontamination

Bins, equipment, and vehicle interiors (e.g. vehicle bins, Defibrillator, countertop areas inside vehicle) are cleaned and decontaminated as soon as feasible after visible contamination. Employees shall wear disposable gloves and protective eyewear when performing decontamination cleaning. Regardless of the patient's infectious disease status, gross contamination (contaminants that can be seen with the naked eye or can be reasonably anticipated to be present), shall be removed to the fullest extent possible utilizing paper towels and then clean with soap and water then sprayed with the disinfectant solution. After the disinfectant solution has been on the surface for the period of time recommended by the manufacture, the solution shall be wiped off with a paper towel. All disinfecting solutions, paper towels, and other materials utilized in decontaminating the patient compartment and non-disposable equipment shall be disposed of as infectious waste.

Terminal Cleaning

In the event that a patient has been in strict or respiratory isolation and is transported, specific cleaning procedures shall be initiated. The ambulance crew shall notify the on duty supervisor of the need for disinfection. Disposable gloves are to be worn by all personnel engaged in terminal cleaning procedures. When there is potential for splashing of liquids, personnel are required to use protective eyewear.

All contaminated equipment will be scrubbed clean with a detergent, rinsed with water, wiped off then rinsed with a disinfectant solution and wiped dry. All stretcher parts and parts of the mattress that come in contact with the patient will be cleaned with disinfectant. All floors will be sponged or mopped with a detergent solution, then a disinfectant.

Disposition of Soiled Uniforms

All field employees are required to bring a second uniform (pants, shirt), with them to work. Impervious gowns should be worn whenever the employee anticipates encountering an environment where aerosolization of body fluids or splashing of blood is likely to occur. In the event that accidental soiling of the uniform with a patient's body fluid occurs, the uniform shall be removed immediately and double-bagged in biohazard bags (labeled with the crewmember's name), located in each vehicle. The contaminated uniform shall be turned in before the end of the shift for processing at no expense to the employee. The uniform shall be laundered appropriately for decontamination and will be returned to the employee.

All contaminated sharps are to be discarded immediately into containers that are closable, puncture resistant, leak proof on sides and bottoms, and labeled or color-coded appropriately. Sharps disposal containers are to be available in all EMS units and smaller sharp containers located in EMS carry-in kits. If a sharps container is to be moved from its designated location it will be closed immediately prior to removal to prevent spillage or protrusion of contents. It will be placed in a secondary container if leakage is possible. The secondary container shall be closable, constructed to contain contents and prevent leakage and labeled as described in section 8. EMTs or Paramedics may turn filled and properly sealed and labeled Sharps containers into EMS Supply for appropriate disposal via the contracted disposal company. Container should be removed from service when approximately ¾ full. A new sharps container will be received from EMS Supply.

7. Laundry

Cloth towels are provided by LCEMS to aid crews. But at no time are the towels to be used to clean up spills of contaminated or biohazardous materials. Paper towels are provided for this purpose and should be used exclusively to minimize the volume of contaminated materials that must be processed and decontaminated.

Linen (cloth) sheets are not provided by LCEMS and shall not be used on the ambulance stretcher at any time. Cloth blankets are provided by LCEMS for the patient's comfort and should be replaced in-between patients and anytime the blanket becomes contaminated or it is reasonable to assume that the blanket is contaminated.

Linen contaminated with blood or body fluids, shall be double-bagged in biohazard bags and placed in the closest LCEMS linen hamper or returned to Headquarters and placed in the soiled laundry bin. All biohazard linen will be labeled according to labeling requirements in section 8. Laundering of towels and blankets for patient use will be done via a contractually retained agency. Contaminated blankets and towels shall not be rinsed or sorted prior to depositing the item(s) in biohazard bags. Nor should they be left at the scene of an incident. Handle contaminated laundry as little as possible, with minimal agitation. Employees will wear appropriate PPE when bagging or handling contaminated laundry

8. Labels

LCEMS shall assure that all containers in which infectious waste has been discarded has a warning label affixed to it and can be read at a distance of at least five (5) feet. The warning label shall be as follows:

All labels will be orange-red with contrasting colors for lettering and symbols. Red bags or containers may be used as a substitute for labels.

LCEMS will ensure warning labels are affixed or red bags are used as required if regulated waste or contaminated equipment is brought into vehicles or facilities. Red biohazard bags, sharp containers are available from EMS supply, and ordered on the Daily Check Sheet. Employees are to notify the Shift Supervisor on duty if they discover regulated waste containers, contaminated equipment, etc. without proper labeling.

All red-bagged waste and sharps containers used at LCEMS will be red bagged or disposed of with disposal boxes located in the EMS Supply area by the EMS Supply Technicians.

V. HEPATITIS B VACCINATION:

LCEMS will provide information to employees on hepatitis B vaccinations, addressing the safety, benefits, efficacy, methods of administration, and availability.

The hepatitis B vaccination series is available at no cost to the employee after BBP training and within 10 days of initial assignment to employees identified in the exposure determination section of this plan. The hepatitis B vaccination series will be started before the employee is occupationally exposed. Vaccination is encouraged unless: 1) documentation exists that the employee has previously received the series, 2) antibody testing reveals that the employee is immune, or 3) medical evaluation shows that vaccination is contraindicated.

The County's employee health provider will make a determination during the post-offer physical examination as to if an employee should be vaccinated against Hepatitis B. The County's employee health provider will submit to the County a healthcare professional's written opinion. The healthcare professional's written opinion for Hepatitis B vaccination shall be limited to whether Hepatitis B vaccination is indicated for an employee, and if the employee has received such vaccination. At the employee's request, Leon County will provide the employee with a copy of the evaluating healthcare professional's written opinion within 15 days of the receipt of the evaluation by the County.

Prevaccination screening for antibody status will not be required of an employee.

If an employee chooses to decline vaccination, the employee must sign a declination form. Employees who decline may request and obtain the vaccination at a later date at no cost. Documentation of refusal of the vaccination is kept in the employee's confidential medical file.

Vaccination provided by all Patients Firsts will be preformed under the supervision of a licensed physician or by or under the supervision of another licensed healthcare professional and will be administered in accordance with current U. S. Public Health Service, CDC guidelines including tests after completion of the series for anit-HBs. A copy of OSHA standard Bloodborne pathogens 1910.1030 will be provided by County Risk Management to the County's employee health provider providing the vaccination.

LCEMS will not permit employees to use his/her healthcare insurance to pay for the series nor will LCEMS institute a program in which the employee pays the original cost of the vaccine and is reimbursed by the employer if she/he remains employed for a specified period of time. Nor will LCEMS institute an "amortization contract" which requires employees to reimburse the County for the cost of the vaccination should they leave his/her employment prior to a specified period of time.

If a routine booster dose(s) of hepatitis B vaccine is recommended by the U.S. Public Health Service, CDC, at a future date such booster doses shall be made available at no cost to the employee.

VI. GENERAL POST-EXPOSURE EVALUATION AND FOLLOW-UP:

LCEMS provides the following procedures for follow-up of our employees who have had an occupational exposure.

1. For definition purposes, exposure incident means a specific eye, mouth, other mucous membrane, non-intact skin, or parenteral contact with blood or other potentially infectious materials (OPIM), including contaminated sharps injuries that results from the performance of an employee's duties regardless of the use of provided personal protective equipment.

2. Immediately (if possible) or as close to the occurrence of an exposure as possible, the employee should clean all body surfaces and flush mucous membranes that have been in **direct contact** with blood or OPIM.

3. All personnel are required to notify their shift supervisors immediately upon occurrence of any and all exposure incidents. The employee is also responsible for completing an incident report that details route of exposure, the circumstances under which the exposure incident occurred including; engineering controls in use at the time, work practices followed, a description of devices in use, protective equipment or clothing that was used at the time of the exposure, the location of the incident, the procedure being performed and post incident actions.

4. It is the responsibility of the exposed employee's shift supervisor to notify immediately the Deputy Chief of Administration or designee of the nature of and if possible the extent of the exposure. Determination shall be made as to the type and severity of the exposure in conjunction with the receiving hospital. It is the responsibility of the Deputy Chief of Administration to insure that all required forms and telephone notifications are completed as soon as possible.

5. Following the initial first aid the following activities will be performed:

    A. Document the routes of exposure and how the exposure occurred. Confirm that the employee has completed the necessary exposure forms; First Notice of Injury, accident reports, and incident reports, etc.

    B. Identify and document the source individual (unless the employer can establish that identification is infeasible or prohibited by state or local law).

        1) The Shift Supervisor in cooperation with the receiving hospital will obtain consent and make arrangements to have the source individual tested as soon as possible to determine HIV, HCV, and HBV infectivity. In order to test a source individual (patient) with whom there has been a significant exposure, the exposed employee must also be tested. If legally-required consent is not obtained, the

employer must establish this fact and document it in writing. If consent is obtained and the test is conducted the test results shall be provided to the exposed employee.

2) When the source individuals (patient) consent is not required by law, the source individual's blood, if available (voluntarily drawn for other purposes) shall be tested and the results provided to the exposed employee.

3) If the source individual is already known to be HIV, HCV and/or HBV positive, new testing need not be performed. However, in order for no testing to occur, these results must be on file for the patient and absolute confirmation of the positive HIV/HBV status must be thoroughly documented. Notification will be provided to the exposed employee by the receiving facility.

6. The Deputy Chief of Administration will act as the liaison between the employee and the receiving medical facility and the County employee health provider. Their goal is to insure that testing and treatment regimens (as needed) are accomplished after notification of exposure. The Deputy Chief of Administration will provide to the employee health provider a copy of OSHA 1910.1030 Bloodborne Pathogens, a description of the exposed employee's duties as they relate to the exposure incident, documentation of the routes of exposure and circumstances under which exposure occurred, results of the source individual's blood testing, if available; and all medical records relevant to the appropriate treatment of the employee including vaccination status which are the County's responsibility to maintain.

7. An exposed employee will be offered a confidential medical examination and follow-up care, including counseling as needed. In any exposure event, the medical examination and follow-up treatment will comply with the treatment standards for the exposure type, and in accordance with the Centers for Disease Control and when medically indicated as recommended by the CDC will include post-exposure prophylaxis.

8. In all cases where the employee will be tested the consent of the employee must be obtained before the collection and testing of their blood. Pre-test counseling will be provided **BEFORE** sample collection and must include:

   A. Purpose of the test

   B. Information about HIV and/or HBV will be provided to include risk of infections and the need to evaluate for HIV/HBV early.

C. If the source has positive HIV, or refuses to be tested, the exposed employee is informed to report and seek additional medical attention for any febrile illnesses that occur within 12 weeks of exposure.

9. If the exposed employee consents to baseline collection, but does not give consent at that time for HIV serologic testing, the employee health provider will be requested to preserve the sample for 90 days. If within 90 days of the exposure incident, the employee elects to have baseline sample tested, such testing will be completed as soon as possible.

10. The exposed employee will contact the employee health provider to arrange receipt of test results and follow-up on the exposure.

11. The County Risk Manager shall obtain and provide the employee with a copy of the evaluating healthcare professional's written opinion within 15 days of receipt the completed evaluation. The healthcare professional's written opinion for post-exposure evaluation and follow-up shall be limited to the following information:
    - That the employee has been informed of the results of the evaluation; and
    - That the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment
    - All other findings or diagnoses shall remain confidential and shall not be included in the written report. Any information regarding the results of the employee's evaluation or medical conditions must be conveyed by the healthcare professional to the employee alone and not as part of the written opinion provided to the County.

VII. PROCEDURES FOR EVALUATING THE CIRCUMSTANCES SURROUNDING AN EXPOSURE INCIDENT:

The Deputy Chief of Administration or designee and the County Risk Manager will review the circumstances of all exposure incidents to determine:

- engineering controls in use at the time
- work practices followed
- a description of the device being used
- protective equipment or clothing that was used at the time of the exposure incident (gloves, eye shields, etc.)
- location of the incident
- procedure being performed when the incident occurred
- employee's training

If it is determined that revisions need to be made in protective equipment, engineering controls, work practices and/or employee training, the Deputy Chief of Administration will ensure that appropriate changes are made to this ECP and are enacted. (Changes may include an evaluation of safer devices, adding employees to the exposure determination list, etc.)

VIII. EMPLOYEE TRAINING:

All employees who have occupational exposure to bloodborne pathogens receive initial and annual training conducted by LCEMS at no cost to the employee during working hours on the epidemiology, symptoms, and transmission of bloodborne pathogen diseases. This program will cover a number of bloodborne diseases in addition to HIV and HBV such as Hepatitis C (HCV) and syphilis. In addition, the training program covers, at a minimum, the following elements:

- a copy and explanation of the standard
- an explanation of our ECP and how to obtain a copy
- an explanation of methods to recognize tasks and other activities that may involve exposure to blood and OPIM, including what constitutes an exposure incident
- an explanation of the use and limitations of engineering controls, work practices, and PPE
- an explanation of the types, uses, location, removal, handling, decontamination, and disposal of PPE
- an explanation of the basis for PPE selection, information on the hepatitis B vaccine, including information on its efficacy, safety, method of administration, the benefits of being vaccinated, and that the vaccine will be offered free of charge
- information on the appropriate actions to take and persons to contact in an emergency involving blood or OPIM
- an explanation of the procedure to follow if an exposure incident occurs, including the method of reporting the incident and the medical follow-up that will be made available.
- information on the post-exposure evaluation and follow-up that the employer is required to provide for the employee following an exposure incident
- an explanation of the signs and labels and/or color coding required by the standard and used by LCEMS.
- an opportunity for interactive questions and answers with the person conducting the training session.

Training will also be conducted when there is a change in an employee's responsibilities, procedures or work situation and when changes are made to the ECP.

VIIII. RECORDKEEPING:

1. Training Records

Training records are completed for each employee upon completion of training. These documents will be kept for at least three years at the EMS Division.

The training records include:

- the dates of the training sessions
- the contents or a summary of the training sessions
- the names and qualifications of persons conducting the training
- the names and job titles of all persons attending the training sessions

Employee training records are provided upon request to the employee or the employee's authorized representative within 15 working days. Such requests should be addressed in writing to the County Attorney's Office.

2. Medical Records

Medical records are maintained for each employee with occupational exposure in accordance with 29 CFR 1910.20, "Access to Employee Exposure and Medical Records."

The County Human Resources Department is responsible for maintenance of the required medical records. These confidential records are kept for the duration of employment plus 30 years as required by law.

Employee medical records are provided upon request of the employee or to anyone having written consent of the employee within 15 working days. Such requests should be made in writing to Human Resources.

The records shall include:

- The name and social security number of the employee
- A copy of the employee's hepatitis B vaccination status including the dates of all the hepatitis B vaccinations and any medical records relative to the employee's ability to receive vaccination.
- The employer's copy of the healthcare professional's written opinion
- A copy of the information provided to the healthcare professional

These records will not be disclosed or reported without the employee's express written consent to any person within or outside of the workplace except as required by OSHA 1910.1030 or as required by law.

3. OSHA Recordkeeping

An exposure incident is evaluated to determine if the case meets OSHA's Recordkeeping Requirements (29 CFR 1904). This determination and the recording activities are done by Leon County Risk Management. All work-related injuries from needlesticks and cuts, lacerations, punctures and scratches from sharp objects contaminated with another person's blood or OPIM shall be recorded on the OSHA 300 or equivalent as an injury. To protect the employee's privacy the employees name may not be entered on the OSHA 300. Leon County Risk Management will keep a separate confidential list of the case numbers and employee names so they can update the cases or provide them if asked by the government. If the employee develops a bloodborne disease, the entry must be updated and recorded as an illness.

Leon County Risk Management will establish and maintain a sharps injury log for the recording of percutaneous injuries from contaminated sharps. The information in the sharps injury log shall be recorded and maintained in such a manner as to protect the confidentiality of the injured employee. The sharps log shall contain at a minimum:

- The type and brand of device involved in the incident
- The department or work area where the exposure incident occurred
- Explanation of how the incident occurred.

The sharps injury log must be saved for at least five years following the end of the calendar year that they cover.

HEPATITIS B VACCINE DECLINATION

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring Hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine, at no charge to myself. However, I decline Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I can receive the vaccination series at no charge to me.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Patient Handling
CAAS:	202.03.01
Effective:	June 1, 2005
Reviewed:	January 2010, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	3

I. PURPOSE:

To provide guidelines for patient handling, lifting, moving, and for maintaining patient safety in the ambulance.

II.GUIDELINE:

It is the policy of LCEMS to safely handle, lift and move patients to prevent injury to the patient, EMS crew and public. All personnel will be trained in the proper use of patient handling, lifting and moving equipment and methods prior to patient use.

III. GUIDELINES:

The actual procedures used may vary slightly from those listed below, depending on the methods of training, the required movement, the location of the patient, personnel and materials available.

General

- All equipment in the back of the ambulance should be secured while the ambulance is in motion.
- Any child or infant being transported in the back of the ambulance should be secured in the built in child safety seat or be transported using the pediatric restraint device, secured to the stretcher.
- Patients will always be secured to the moving device, including ambulance stretcher, using all safety straps, including shoulder harness straps.
- When taking a patient on the ambulance stretcher from a hospital, skilled nursing facility or private residence, etc., the patient will be turned on a level surface and brought up head first to the waiting ambulance.
- Use caution when moving the ambulance stretcher across uneven terrain. Keeping the stretcher in a lower position helps prevent overturning it.

- Consider the use of a stair chair when carrying patients downstairs. If the stretcher has to be used, the patient always travels head first when sitting up, and feet first when lying flat.

- Remember the ambulance stretcher adds weight to the lift. Carrying it up and down stairs is not always the easiest / safest way to move a patient.

- If the employee does not think he or she can handle the lift, the employee is instructed to call for assistance. Don't risk injury to the patient or yourself.

- When loading the stretcher into the ambulance assure that the safety bar is able to engage the catch before lifting the stretcher. When unloading the stretcher be sure that the safety bar has engaged the catch before pulling the stretcher further out of the ambulance. Assure that the stretcher has locked before putting weight on it. This assures that the head end of the stretcher will not fall from the ambulance.

Employee Safety

- The key to employee safety regarding the use of lifting equipment and the movement of patients is proper body mechanics. Before lifting the patient, the attendant should evaluate the situation, make certain they are aware of what needs to be done and assure that they have the necessary equipment and assistance to accomplish the task.

- The equipment is positioned by placing the wheelchair, stretcher or other equipment, as close to the patient as possible and in proper alignment for the shortest and easiest transfer. Necessary adjustments are made by raising or lowering the equipment to bed level or vice versa, and lowering any handrails or side rails. This minimizes the amount of lowering or lifting required. The wheels on the chair or bed must be locked.

- Holding the patient close helps balance and reduces strain on the arms and back. Keeping the feet apart provides a stable base, helps maintain balance, and leaves more energy for lifting. Employees use their arms and legs in proper proportion. Bending the elbows to hold the patient close and makes the lift easier.

- Lifting is always performed in unison. When working with others, everyone must know what to do in advance and move at the same time. Counting out loud may help (e.g., "1-2-3 Move"). Sudden, jerky movements must be avoided. Good team communication is important.

- Balance - It takes a certain amount of effort just to balance the weight of one's own body. Keeping a low center of gravity over a stable base expends less energy balancing the load, and more energy is available for lifting and carrying.

- Pull or Push When Possible - Less energy is used to pull or push than to lift an object. When lifting or carrying, the force must be overcome and the load balanced at the same time. By pulling or pushing, it is only necessary to overcome the friction between the object being moved and the surface on which it rests. Whenever possible, push rather than pull.

- Think Ahead - Attendants should always think ahead and be sure to assess each patient's medical condition, strength, mobility, etc. before attempting to lift or carry. The patient should be informed exactly as to what is going to happen, so as to calm any fears and encourage their cooperation.

- Don't Guess - Only those procedures with which the employee is familiar are to be used. Guessing the correct procedure, improvising, or failing to exercise proper caution when lifting or moving a patient may be harmful to both the patient and the attendant. If at any time an employee feels uncomfortable with a lifting situation, they will call for additional assistance.

- Avoid Twisting - If it is necessary to turn while lifting or moving something, it is better to change the position of the feet than to twist at the waist. By moving the feet, it is possible to balance the load being carried and minimize the strain on the back and abdominal muscles.

- Using a Draw Sheet or Gait Belt - There may be times when a draw sheet or Gait Belt is the only device practical or available when moving a patient. When using a draw sheet to move a patient, the attendants stand on either side of the patient and grasp the draw sheet at the patient's shoulders and hips. A third attendant or assistance may be needed to support a patient's legs. Pulling the draw sheet tight, the attendants move the patient across the bed to the stretcher. When reaching across the bed, brace your torso with one hand.

- Stretcher Lifting Technique - Lifting can be done safely by following these simple steps: One foot is next to the stretcher and the other foot behind. The back is kept straight, chin tucked in, so the head and neck continue the straight back line. A firm grip on the lower stretcher bars with the palms of the hands is necessary, because the palms are stronger than the fingers alone. Both partners must be properly situated by drawing the stretcher close, with arms and elbows tucked under the sides of the bodies to keep body weight centered. Staff should use teamwork and a standard "1-2-3" count, lifting straight up using the strength of their legs.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title: Personal Protective Equipment

Effective: June 1, 2005

Reviewed: March 2005, December 2012, December 2015, December 2018

Revision: 3

Pages: 8

I. GUIDELINE:

Leon County EMS will provide employees and trainees with the personal protective equipment (PPE) necessary to protect themselves from exposure to infectious diseases at no cost to the employee. The PPE must be worn as specified in the Personal Protective Equipment List. Employees are responsible for carrying their own PPE at all times while out of the ambulance. Additionally, LCEMS shall repair or replace any lost, stolen, or damaged Emergency Medical Services- issued PPE at no cost to the employee/trainee.

As part of the new employee Orientation/Training Program, all new employees must be required to demonstrate knowledge of the PPE's location and procedure for use. The on-duty crew members must be responsible for having their PPE with them in the quantities specified and in the location designated by this procedural guideline.

II. PROCEDURE

1. Equipment

   PPE shall be carried aboard each emergency vehicle in a quantity sufficient to protect all crew members and anyone else (students, ride alongs, etc) on board the emergency vehicle. LCEMS shall maintain the following items in all emergency vehicles:

   - Disposable Impervious Gowns
   - Face mask/Eye Shield Combination Devise
   - Disposable Exam Gloves of various sizes
   - Waterless Hand Sanitizer
   - Bio-Hazard bags with Warning Labels
   - Puncture Resistant Sharps Container
   - Portable Puncture Resistant Sharps Container (in carry in equipment)
   - Pair Protective Eyewear (Goggles)
   - High Level Disinfectant Solution

2. Compliance Monitoring

In such cases when circumstances preclude the use of PPE as outlined herein (danger to self/patient, or an impairment in the ability for the employee to provide timely care to the patient), the employee(s) shall document the incident in writing and submit the report to the Deputy Chief of Operations. This report will be required whether or not the employee perceives that an actual exposure occurred or not. The Deputy Chief of Operations shall review all such incidents on a case-by-case basis to determine the appropriateness of the employee's actions and if any change in procedures or policies should be considered. In the event that any employee is discovered to not have their PPE accounted for as stated previously, or any employee is observed not complying with any provision of this procedural guideline, the employee shall be subject to disciplinary action up to and including termination of employment.

3. Procedures For Preventing Exposure

Universal Precautions for ALL Patients

The following precautions are to be observed for **all** patients, both emergency and non-emergency. Since it is impossible to determine with 100% accuracy what the patient's infectious disease status is, all patients shall be assumed to be carriers of infectious diseases.

- Wear disposable latex exam or high-risk gloves prior to and during all patient interactions.
- Wear protective eyewear prior to and during all patient interactions where splashes of blood or other body fluids are likely to occur.
- Wear HEPA particulate respirator mask on all patient contacts where confirmed or suspected Tuberculosis infection is present. Note: Protective eyewear is always worn in conjunction with the HEPA mask.
- Apply a surgical (fiber) mask to all patients who have a productive cough who are not on oxygen by mask.
- Assure that the appropriate masks, gowns, goggles, and latex gloves are worn by all personnel assisting with patient care.
- Drivers are to remove and dispose of their gloves after loading the patient in the patient compartment but before entering the cab of the vehicle. Drivers are to re-glove with new gloves prior to unloading the patient from the ambulance.

- Wash hands and arms thoroughly using soap and water, or waterless hand wash if hand washing facilities are not immediately available, as soon as reasonably possible after removing latex gloves.

- Family members, walking wounded, and other non-employees shall not be permitted to ride in the cab of the ambulance if they are visibly contaminated with blood or other body fluids, under any circumstances.

- For employees; All open cuts, sores, or abraded skin must be covered with appropriate bandages, latex gloves, and/or the employee's uniform. If this is not possible or not practical, the employee shall not work in the field environment until the wound has healed or can be properly protected.

- Food, drinks, cosmetics, lip balm, contact lenses, etc., shall not be permitted to be consumed or applied in the patient compartment. Exceptions may be made for long distance transports when the patient may need food or drinks for medical or comfort reasons These items are permitted in the cab of the vehicle provided the pass through door/window is kept closed at all times when a patient(s) is/are in the patient compartment. Anytime food, drinks, cosmetics, lip balm, contact lenses, etc., are transported in the cab, they shall be handled in a reasonable manner to prevent contamination by keeping containers closed and covered. Any contamination of the cab shall require that the cab be decontaminated.

Precautions for Patients With Known Infectious Diseases

- In the event that transportation is requested for a patient who is known to be the carrier of an infectious disease, the crew will be provided with all appropriate information. The crew will receive all information that has been provided to the LCEMS dispatcher.

- Upon arrival at the pickup facility, the crew shall confirm the infectious condition of the patient, and any specific precautions to be aware of.

- Upon arrival at the receiving facility, the crew shall notify the person assuming responsibility for the patient's care of the patient's condition and infectious status. This notification shall be

made in a discreet fashion both verbally to the receiving personnel and in writing on the patient care report.

3. Vehicle & Equipment Sanitation

Equipment/Materials Processing

All equipment, supplies, or other materials used in direct contact with patients that are non-disposable and must be turned in for repairs or servicing (cardiac monitor/defibrillators, traction splints, etc.), shall be decontaminated as outlined below before being turned in. If any of the above mentioned items can not be decontaminated they shall be marked with a biohazard label indicating what area is contaminated and what needs repairs.

Trash Receptacles

Trash receptacles in the ambulance shall be emptied at the end of every call as outlined below. These receptacles shall be replaced daily or sooner if they become contaminated.

Hands-Free Cleanup

In the event any glass items shatter/break or sharps are discovered loose in the patient compartment, the glass fragments/sharps shall be collected up using pieces of cardboard or stiff paper so that the employee is not handling the item(s) directly in his/her hand. The glass fragments/sharps shall then be dropped in an appropriate receptacle without direct contact with the gloved/ungloved hand. This “hands-free” cleanup procedure shall be utilized whenever the potential exists for a cut or abrasion to occur to the employee’s glove/ungloved hand in a potentially contaminated environment.

Disposal of Contaminated Waste

Contaminated / biohazardous waste shall be disposed of in accordance with the LCEMS biohazardous waste management program.

Towels and Blankets

Cloth towels are provided by LCEMS to aid crews. But at no time are the towels to be used to clean up spills of contaminated or biohazardous materials. Paper towels are provided for this purpose and should be used exclusively to minimize the volume of contaminated materials that must be processed and decontaminated.

Linen (cloth) sheets are not provided by LCEMS and shall not be used on the ambulance stretcher at any time. Cloth blankets are provided by LCEMS for the patient’s comfort and should be replaced anytime the blanket becomes contaminated or it is reasonable to assume that the

blanket is contaminated.

Blankets/towels contaminated with blood or body fluids, shall be double-bagged in biohazard bags and returned to Headquarters in the designated area in accordance with the Biohazardous Waste Management Program. Contaminated blankets and towels shall not be rinsed or sorted prior to depositing the item(s) in biohazard bags.

Cleaning the Patient Compartment

Routine Cleaning

Employees shall wear disposable latex gloves when performing routine cleaning of the patient compartment. All horizontal surfaces in the patient compartment (shelves, bench, seat, ceiling, floor, etc.), shall be wiped with disinfectant solution at the beginning of each shift. This daily cleaning shall be documented on the daily checklist.

Post Call Cleaning

After transporting any patient, very thorough cleaning shall be carried out. At a minimum this cleaning shall include disposal of paper sheets, removal of all trash, removal of contaminated waste, and wipe down of the ambulance stretcher mattress and other non-disposable equipment that was in contact with the patient with a disinfectant solution. The paper sheets on the stretcher must be changed at the end of every call. Cleaning and disinfectant solutions, paper towels, and other materials must be disposed of as regular trash unless contaminated.

Decontamination

Employees shall wear disposable latex gloves and protective eyewear when performing decontamination cleaning. Regardless of the patient's infectious disease status, gross contamination (contaminants that can be seen with the naked eye or can be reasonably anticipated to be present), shall be removed to the fullest extent possible utilizing paper towels and then sprayed with the disinfectant solution. After the disinfectant solution has been on the surface for 10 minutes, the solution shall be wiped off. All disinfecting solutions, paper towels, and other materials utilized in decontaminating the patient compartment and non-disposable equipment shall be disposed of as infectious waste. This procedure shall apply for decontaminating non-disposable PPE items as well. Particulate respirator masks may be worn on one or more calls

during a 24 hour shift by the same crewmember. The respirator is to be wiped off with disinfectant solution between patient contacts. At the end of the shift, contaminated respirators are to be placed in biohazard bags and left for pick-up and disposal.

Terminal Cleaning

In the event that a patient has been in strict or respiratory isolation and is transported, specific cleaning procedures shall be initiated. The ambulance crew shall notify the on duty supervisor of the need for disinfection. Latex gloves are to be worn by all personnel engaged in terminal cleaning procedures. When there is potential for splashing of liquids, personnel are required to use protective eyewear.

Prior to initiating terminal cleaning procedures, the patient compartment will be aired for five (5) minutes. All contaminated equipment will be scrubbed clean with a detergent, rinsed with water, wiped off/rinsed with a disinfectant solution and allowed to air-dry. All stretcher parts and parts of the mattress that come in contact with the patient will be cleaned with disinfectant. All floors will be sponged or mopped with a detergent solution, then a disinfectant.

Disposition of Soiled Uniforms

All field employees are required to bring a second uniform (pants, shirt), with them to work. Impervious gowns should be worn whenever the employee anticipates encountering an environment where aerosolization of body fluids or splashing of blood is likely to occur. In the event that accidental soiling of the uniform with a patient's body fluids occurs, the uniform shall be removed immediately and double-bagged in biohazard bags (labeled with the crewmember's name), located in each vehicle. The contaminated uniform shall be turned in before the end of the shift for processing at no expense to the employee. The uniform shall be laundered appropriately for decontamination and will be returned to the employee.

4. Specific Isolation Guidelines

Strict Isolation

Diseases: Abscess (unknown etiology), draining wounds, major burns, Diphtheria, disseminated Herpes Simplex, Impetigo, Meningitis (unknown etiology), Pediculosis (lice), Pneumonic Plague, Pneumonia, Rabies, Rubella, Scabies, Smallpox, Chicken Pox, Shingles, etc.

Precautions: Gown (all persons in unit), gloves (all persons in unit), mask (all persons in unit), and protective eyewear. Hands must be washed after touching the patient or potentially contaminated articles and before taking care of another patient. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be disinfected after the patient is removed.

Respiratory Isolation

Diseases: Epiglotitis, Measles, Meningitis (H, flu/Meningococcal), Mumps, Pertussis, Pneumonia, ***Tuberculosis***, SARS, etc.
Precautions: Gloves (all persons in unit), HEPA particulate mask (all persons in unit), protective eyewear (all persons in unit), mask on patient if coughing, when possible. Hands must be washed after touching the patient or potentially contaminated articles and before taking care of another patient. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be aired out five (5) minutes after patient is removed and any surfaces contaminated with infective material must be disinfected.

Blood and Body Fluid Precautions

Diseases: AIDS, HIV positive, Hepatitis-B, Hepatitis non-A/non-B, tick fever, Creutzfelt-Jakob Disease, Malaria, Rat Bite Fever, Syphilis, etc.
Precautions: Gown (all persons in unit), gloves (all persons in unit), mask (only if possibility of the patient's blood or body fluids to be aerosolized or splashed), and protective eyewear. Hands must be washed after touching the patient or potentially contaminated articles and before taking care of another patient. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be disinfected after patient is removed.

Drainage and Secretion Precautions

Diseases: Abscess (unknown etiology), draining wounds, major burns, skin infections, Anthrax, Cellulitis, Gangrene, Cytomegalovirus, Endometriosis, Herpes Simplex, Herpes Zoster, Bubonic Plague, Pneumonia, Scarlet Fever, Syphilis, Tuberculosis, Chicken Pox, etc.
Precautions: Gown (all persons having contact with patient or patient articles), gloves (all persons in unit), protective eyewear (all persons in unit). Hands must be washed after touching the patient or potentially contaminated articles and before taking care of another patient. Articles contaminated with infective material must be discarded or decontaminated. All surfaces contaminated with infective material must be disinfected after the patient is removed.

Enteric Precautions

Diseases: Amebic Dysentary, Cholera, Diarrhea, Encephalitis, Salmonella/Shigella Poisoning, Hepatitis-A, Viral Meningitis, Poliomyelitis, Typhoid Fever, Viral Pericarditis, etc.
Precautions: Gown (all persons having contact with patient or patient articles), gloves (all persons in unit), protective eyewear (all persons in unit). Hands must be washed after touching patient or potentially contaminated articles and before taking care of another patient. Articles contaminated with infective material must be discarded or decontaminated. All surfaces contaminated with infective material must be disinfected after the patient is removed.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Respiratory Personal Protective Equipment Guidelines
Effective:	October 1, 2007
Reviewed:	June 2009, December 2012, December 2015, December 2018, December 2024
Revision:	4
Pages:	9

I. PURPOSE:

The purpose of the Leon County Emergency Medical Service (LCEMS) Respiratory Personal Protection Guideline is to provide all LCEMS employees with clear guidelines for the selection, use and care of the proper respiratory Personal Protective Equipment (PPE) when faced with a situation that involves a suspected infectious disease, chemical, biological component or potentially related to a Weapons of Mass Destruction response plan. It is not directed toward Hazmat or other specially trained emergency response teams whose primary purpose is to enter a known "Hot Zone" and rescue victims. These guidelines do not constitute a response protocol but serve as a guideline for the respiratory personal protection of each of our responders.

II. GUIDELINE:

It is the policy of Leon County Emergency medical Service to use an abundance of caution when faced with respiratory threats. Since most respiratory threats are invisible to the human eye and absolute detection cannot be assured. Specific respiratory threats are natural and manmade, intentional and unintentional. Infectious threats are common in the health care setting and must be planned for in advance. This guideline specifies actions both to employ and avoid, and should be referred to periodically for personal edification. Specific guidelines regarding usage, training, fit testing; cleaning, storage and inspection follow specific OSHA/NIOSH standards and must be adhered to.

III. PROCEDURE:

It is the responsibility of each individual employee to fully familiarize themselves with The Respiratory Personal Protection Guidelines offered here. Employees must fully evaluate each and every patient encounter and scene to estimate the likelihood of a respiratory threat that may require respiratory protective measures to be initiated. It is also the individual employee's responsibility to attend all offered training, fit testing, and

use classes on the proper donning and doffing of the various types of PPE provided for their personal safety. When considering the use of PPE employees must also consider the

need for other PPE provided for their safety, Universal Precautions and other eye and environmental protection devices should be considered as well.

Special Note: *LCEMS employees are specifically not permitted to enter enclosed spaces where an air oxygen percentage of < 19.5% exists, nor are they to enter the "Hot Zone" or "Warm Zone" of any chemical scene involving contaminates of any description where respiratory PPE has been mandated. LCEMS employees are permitted to function in the "Cold Zone" of scenes provided they are using the proper PPE for the scene. LCEMS does not transport "contaminated" patients nor does it "Decontaminate" patients for transport .all patients received by LCEMS from any other entity involved on scene must be properly decontaminated prior to treatment and transport by LCEMS. Respiratory PPE equipment is provided for the protection of employees should a unsuspected hazard present itself in the normal course of duty, specific threat hazards should be identified and verified prior to using "tight fitting" respiratory protection equipment so that the filtering NBC cartridge employed meets the anticipated threat specifications. Employees must assume that any hazard that presents a need for significant tight fitting respiratory protection also will likely meet the criteria for decontamination and should not doff PPE until and unless definitive decontamination methods have been initiated.*

Definitions

The following definitions are important terms used in the respiratory protection guideline.

Air-purifying respirator means a respirator with an air-purifying filter, cartridge, or canister that removes specific air contaminants by passing ambient air through the air-purifying element.

Canister or cartridge means a container with a filter, sorbent, or catalyst, or combination of these items, which removes specific contaminants from the air passed through the container.

Demand respirator means an atmosphere-supplying respirator that admits breathing air to the facepiece only when a negative pressure is created inside the facepiece by inhalation.

Employee exposure means exposure to a concentration of an airborne contaminant that would occur if the employee were not using respiratory protection.

Filter or air purifying element means a component used in respirators to remove solid or liquid aerosols from the inspired air.

Filtering facepiece (dust mask) means a negative pressure particulate respirator with a

filter as an integral part of the facepiece or with the entire facepiece composed of the filtering medium.

Fit test means the use of a protocol to qualitatively or quantitatively evaluate the fit of a respirator on an individual. (See also Qualitative fit test QLFT.)

High efficiency particulate air (HEPA) filter means a filter that is at least 99.97% efficient in removing monodisperse particles of 0.3 micrometers in diameter. The equivalent NIOSH 42 CFR 84 particulate filters are the N100, R100, and P100 filters.

Immediately dangerous to life or health (IDLH) means an atmosphere that poses an immediate threat to life, would cause irreversible adverse health effects, or would impair an individual's ability to escape from a dangerous atmosphere.

Level "C" PPE *means Personal Protective Gear that is provided to employees that is OSHA/NIOSH approved for use as Nuclear, Biological, and Chemical protective equipment. The equipment consists of a Tight Fitting Mask; NBC Air Filtering cartridge, chemical protective suit, inner and outer gloves, boots or boot covers, tape, chemical identification card, that is cached in a protective duffel designed for rapid acquisition by crew members in a chemical or biological emergency.*

Loose-fitting facepiece means a respiratory inlet covering that is designed to form a partial seal with the face.

Negative pressure respirator (tight fitting) means a respirator in which the air pressure inside the facepiece is negative during inhalation with respect to the ambient air pressure outside the respirator. (APR)

Oxygen deficient atmosphere means an atmosphere with available oxygen content below 19.5% by volume.

Positive pressure respirator means a respirator in which the pressure inside the respiratory inlet covering exceeds the ambient air pressure outside the respirator.

Powered air-purifying respirator (PAPR) means an air-purifying respirator that uses a blower to force the ambient air through air-purifying elements to the inlet covering.

Qualitative fit test (QLFT) means a pass/fail fit test to assess the adequacy of respirator fit that relies on the individual's response to the test agent.

Service life means the period of time that a respirator, filter or sorbent, or other respiratory equipment provides adequate protection to the wearer.

This section means this respiratory protection guideline.

Tight-fitting face piece means a respiratory inlet covering that forms a complete seal with the face.

User seal check means an action conducted by the respirator user to determine if the respirator is properly seated to the face.

Written protection program. This written respiratory protection program uses required worksite-specific procedures and elements for respirator use. The program is administered by the Deputy Chief of Administration for Leon County Emergency Medical Service who has the knowledge, skills and authority to oversee this program. In addition any scene where respirators are necessary to protect the health of the employee or whenever respirators are required by the employer, the employer has established and implemented a written respiratory protection program with worksite-specific procedures. The program shall be updated as necessary to reflect those changes in workplace conditions that affect respirator use. LCEMS provides only OSHA/NIOSH approved respiratory protection equipment for use by its employees.

IV. GENERAL CONSIDERATION for RESPIRATORY PPE SELECTION:

LCEMS personnel are routinely called to treat and transport patients with infectious disease. This may include a patient with Infectious Pulmonary Tuberculosis or the flu. You may also be called to a patient who is carrying a disease delivered by a bio terrorist. In any instance immediately available universal precautions and PPE are available without turning initially to your level "C" equipment. Initial protection with a properly fitting N-95 mask, Tyvek gown, gloves and face shield or safety glasses will serve to protect you from most threats that present themselves. Patients that present to you with fever and extensive rash are possible biologic threats and should be considered contagious, if there are multiple patients on scene with similar symptoms or a series of patients from the same area complaining of similar problems you should become suspicious and initiate PPE precautions. In any circumstance communication with EMS control and the hospital *prior to transporting the patient from the scene* will help to mitigate what may be a possible contamination event. Should you encounter a scene of this type immediately don PPE and notify the receiving hospital of your findings, try to communicate directly with a ER doctor and be as specific as possible. Proper scene control and astute observation will possibly prevent cross contamination with other agencies and the receiving facility and help mitigate the spread of the possible contaminate.

Remember: *Use of a fit tested N95 respirator, with standard/universal airborne and droplet precautions, will protect providers from infectious disease that is naturally occurring or man made.*

V. FIT TESTING:

It is the policy of LCEMS that each employee prior to use of respiratory PPE be properly fit tested using the Qualitative Fit Test (QLFT) method, or quantitative fit test machine, if available. Facial hair, beards, mustaches, sideburns, or any object that interferes with the mechanical seal between bare skin and the edge of the mask will affect the integrity of the safety equipment and is not permitted. Respiratory PPE is safety gear and proper fit and function rely on effective fit testing.

N95 protective masks are fit tested to the above standard and require the same mask to skin seal as the "tight fitting" APR and PAPR masks. Fit testing is mandated by federal guidelines and is inherent to the integrity of the program; there are no current alternatives to proper fit testing.

Skin must be bare to achieve an adequate fit test.

- Fit testing and instruction in the proper donning and doffing of the PPE gear will be completed on each new employee hired for duty in the field prior to assuming that duty. Annual fit testing may be necessary as part of a comprehensive program to ensure continuing compliance with federal regulations.
- Fit testing for individual employees may be necessary for significant changes in weight > 20#, or if significant changes in facial symmetry, endentulation or structural facial surgery are observed.

Specific OSHA fit testing procedures are performed using OSHA approved fit testing equipment to achieve a Qualitative Fit Test. Respirator Fit Test Records are maintained for each employee, records indicate the type of test solutions used and whether or not the individual was able to detect the solution. If the individual was unable to detect the solution then a repeat test will be conducted with an alternate solution and those results are documented. Any possible conditions that affect testing are also noted. All testing is preformed by an individual that has been specifically trained and certified to perform this testing. Appropriate MSDS for solutions used during testing are available during the testing procedure for review by each employee tested. The specific equipment used for fit testing is:

Allegro Industries
Qualitative Respirator Fit Test Kit
(Bitrex part # 2041)
(Saccharin part # 2040)
Portacount Pro+ Respirator Fit Tester

VI. PROCEDURES for SELECTING RESPIRATORS (Biologic Threat):

Potential exposure to infectious disease during an emergency response call is not a particularly new threat to LCEMS. Patients with measles, influenza, or chickenpox are no less infectious than patients with an infectious disease caused by a WMD biological

agent. As an EMS provider you have had extensive training in the use of Standard/Universal Precautions for both airborne and patient contact situations. Utilizing this knowledge and the practice of these skills will protect EMS providers from exposure to infectious biologic threats and benefit patients. Should you encounter a suspected biologic threat of unknown origin don immediately available respiratory PPE (N95) protection and other universal protection (Gloves, goggles or safety glasses, gowns, shoe covers, face shields) as the situation demands. Your individual safety is your primary objective. Biologic infectious events are generally slowly evolving events with incubation periods of one or more days prior to symptom development. EMS employees are to look for patterns of calls or patients with similar symptoms in close proximity. If you encounter these types of patients you should become highly suspicious and relay your concerns through your supervisor and the receiving hospital. Level "C" PPE is generally not required for slowly evolving biologic events.

VII. PROCEDURES for SELECTING RESPIRATORS (Chemical Threat):

Unfortunately in the event of a chemical WMD event first in responders will probably not understand the nature of the threat they face in the first few minutes of an event, responders will likely fall victim to the agent employed while still in the initial evaluation of the scene. Chemical threats by their very nature are far more life threatening, rapidly evolving scenarios. It is of paramount importance for the arriving responders to use the information provided by call takers to formulate a hypothesis of the possible scene environment and consider staging upwind and uphill from the call. If there is a scene where multiple patients are present near a chemical facility, laboratory, or material processing facility suspicion should be high for possible chemical involvement. In these types of situations LCEMS is not to enter the scene or accept any patients that may self evacuate until the threat has been determined by a bonafide hazmat response complement. Retreat is the best option until the exact cause has been determined.

LCEMS provides level "C" PPE gear for protection of its employees, this level of protection does not protect against all hazards. Does not provide supplemental oxygen in environments with ambient oxygen content of < 19.5% and is applicable to only certain chemical precursors or compounds. Suit permeability is different for each chemical encountered and dependent upon chemical concentration, vapor or aerosol, powder or liquid, and proximity to the particular threat. In chemical contamination events Respiratory Personal Protection from environmental chemical insult is of primary importance, rapid acquisition of APR's or PAPR's with NBC filters is imperative even during a retreat. Chemical vapors or clouds can travel with air movement or seek low spots and can gather some distance from the scene. Depending on time of day and

ambient weather, lethal chemical fumes or vapors can travel some distance from the release area.

Without a doubt the tight fitting respirators provided along with a properly fitted NBC cartridges offer the best level of protection from the most chemical threats of IDLH. The same tight fitting respirator and NBC cartridge provide protection from all biologic threats.

The particular brand of equipment LCEMS provides is the 3M Brand tight fitting full face respirator Model 6900DIN that can be configured to use a 3M Turbo Unit if available, capable of increasing filter area 3 times with a full complement of 3M FR-57 NBC filter cartridges. This equipment meets current OSHA/NIOSH requirements.

The current Combination Cartridge / High Efficiency Filter FR-57 provided is capable of filtering the following chemicals in concentrations not IDLH or in atmospheres that are oxygen deficient:

AM-Ammonia, CD-Chlorine Dioxide
CL-Chlorine, FM-Formaldehyde
HC-Hydrogen Flouride, MA-Methylamine
OV-Organic Vapor, SD- Sulfur Dioxide, HE-High Efficiency Particulate Air Filter

The filter cartridges are not specified for use with other than the above listed chemicals, and therefore may not be effective if used in environments where the chemical composition is unknown. Again retreat is the best option for survival until Hazmat Teams can determine the chemical threat and concentration.

VIII. MEDICAL EVALUATIONS

Leon County EMS provides free post offer, pre employment physical medical evaluations to its prospective employees for the purpose of determining suitability of individuals to work in conditions of high performance or high stress. Initiatingrespiratory PPE may also indicate a need for medical evaluation should an employee realize respiratory compromise from the use of the described safety equipment. Employees will be provided with free medical evaluation from the county’s medical provider to determine whether a current employee is able to utilize the equipment provided. Reasonable allowances will be made for employees that are unable to use the equipment provided and will be evaluated on a case by case basis. New employees will be medically evaluated at the time of their pre employment physical for adaptability to PPE equipment prior to final determination.

VIIII. CLEANING and STORAGE OF RESPIRATORY PPE:

Each crewmember employed by LCEMS is provided with their own individually fit tested tight fitting mask in the proper size established during fit testing. The tight fitting masks and cartridges are part of a level “C” personal protection cache issued to each employee. All equipment is in new unused condition and has never been exposed to a

contaminated atmosphere of any type. Each tight fitting mask (TFM) is enclosed in a secure bag that also contains appropriately sized chemical protective suit, gloves and boots.
All equipment bags are sealed to assure the respective users that no equipment is missing and that the interior of the cache is maintained in a clean environment. Employees are instructed to treat the equipment with care and not to crush, bend, abuse, or otherwise damage the bag or its contents. All bags are clearly marked with the users name and ID number.

Reusable equipment is cleaned after training and fit testing with a 5% solution of Distilled Water and Bleach, the interior of the mask is cleaned and dried and replaced in the gear bag and resealed with a numbered seal.

Disposable N95 masks are discarded after each use; masks are worn once and discarded in the appropriate Biohazard container for disposal.

X. INSPECTION AND REPAIR:

Individually issued Respiratory PPE equipment is inspected annually by a designate from the Special Operations Manager that is familiar with the proper function of the equipment, individual equipment is checked for cleanliness damage, degradation, missing parts and serviceability. Additionally equipment is evaluated each time it is reassigned to a new user whether yearly as part of a scheduled inspection or at each new reassignment. Equipment that has been identified as defective will be returned to the manufacturer for refurbishment or replacement as deemed necessary by their inspection and repair process. Equipment will be replaced with like models, size and style so as to maintain familiarity to the end user. Inspection records will be maintained showing the last inspection date, condition, and model or serial number of the equipment if identified by serialization. Otherwise issued equipment will be identified by employee name and identification number.

XI. TRAINING PROCEDURES:

Employees are trained in the use and care of equipment at annual training sponsored by LCEMS by instructors specifically trained in instruction on the use of Respiratory PPE. Instructors have been certified as trainers by recognized instructor training colleges or agencies specifically chosen for their expertise. New employees are provided with of respiratory PPE training that coincides with other PPE training offered. Classes consist of didactic training using slides and other presentations by certified instructors followed by practical hands on training with the specific equipment discussed in the didactic portion.

Each employee has the necessary time to familiarize themselves with actual equipment used and instructors available to facilitate full

instruction. Any employee has the ability to request remedial instruction at anytime to reacquaint themselves with the equipment provided.

Training regimens are evaluated periodically for applicability in the field and throughout the industry. Instructors are encouraged to enhance the training process with further education opportunities made available to them. The LCEMS training manager has responsibility to schedule continuing education in PPE as part of the continuous learning process of each LCEMS employee.

Employees are annually trained in the possible scenarios in which they may encounter possibly hazardous conditions by certified HAZMAT instructors, classes consist of didactic instruction and updates in new technology available to our industry. A typical HAZMAT update includes 4-5 hours of lectures and video presentations in the identification and mitigation of HAZMAT scenes.

LEON County EMS provides OSHA/NIOSH respirators that are adequate to protect the health of the employee and ensure compliance with all other OSHA statutory and regulatory requirements, under routine and reasonably foreseeable emergency situations. These guidelines are reviewed from time to time to insure compliance with standards and review new processes that may enhance the ability of LCEMS to provide a greater level of protection for our employees.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Protective Clothing Policy
Effective:	September 1, 2007
Reviewed:	June 2009, December 2012, December 2015, December 2018
Revisions:	3
Pages:	10

I. PURPOSE:

In an effort to safeguard employees from injury, it is the intent of the County to provide employees with protective clothing and equipment that is appropriate for the various activities and services being preformed. Further guidance on the use of personal protective equipment for protection from bloodborne pathogens can be found in the personal protective equipment standard operating guideline.

II. GUIDELINE:

Protective clothing shall be approved by the EMS Chief. No other protective apparel shall be permitted. Employees shall utilize and wear their protective clothing and safety gear as prescribed by this standard operating guideline.

Protective clothing shall be carried by all personnel every time that they are working and assigned to an ambulance shift. Exceptions to this rule would be in some cases where employees are attending special functions, working in an administrative capacity, or special events as determined by the EMS Chief.

Use of protective clothing and safety gear as defined and prescribed within this standard operating guideline shall be considered mandatory during emergency operations and/or whenever the chance or risk of personal injury may exist. Employees are directly responsible for their personal safety and shall utilize proper protective clothing in accordance with this guideline and the manufactures recommendations.

DANGER

Wearing any elements of your protective clothing and equipment may increase your risk of heat stress which may cause injury or illness. At the first sign of heat stress, immediately move out of the risk area. When in a safe location, doff the personal protective clothing and equipment and seek medical treatment if necessary.

Personnel engaged in emergency operations that pose a potential threat to their safety shall utilize protective clothing and equipment. It is impossible to outline every instance where protective clothing and equipment should be utilized. This standard operating guideline presents instances where the equipment shall be utilized; however there may be more instances where the use of the protective clothing and equipment is appropriate. Personnel must use good judgment identifying other instances where protective clothing and equipment should be utilized.

Personal protective clothing and equipment may not be modified, changed or altered in any manner by the employee. This includes adding decals, labels, pins, stickers, patches, painting or otherwise changing the look of the equipment.

Personal protective clothing and equipment should not be stored in direct light as ultraviolet rays will cause degradation of the materials and the safety value.

Personal protective clothing and equipment shall be inspected by the wearer prior to the start of each shift and following each use to determine the condition and to assure readiness of the equipment. Every six months; the employee shall certify on a standardized form that their gear has been inspected and cleaned in accordance with this standard. It is the responsibility of the field operations supervisors to assure that inspections and cleaning of personal protective clothing and equipment is occurring as outlined in this standard operating guideline. Deficiencies found during the inspection process will be immediately reported to the field operations supervisor so that proper corrective action can occur. Employees shall not repair nor attempt to repair personal protective clothing and equipment. The County will arrange for repairs to be made by a qualified vendor to assure the continued reliability of the protective qualities of the equipment.

Personal protective clothing and equipment shall be stored in the gear bags provided. This equipment shall NOT be stored in direct sunlight, when wet or moist, or in abrasive environments or in contact with sharp objects. All protective equipment shall be clean and dry before storage.

Personal protective clothing and equipment shall be retired at such a time as when determined during the inspection process that the gear is damaged and unrepairable.

Head Protection

- Employees are provided with helmets that will provide head protection when properly used. Helmets are equipped with a faceshield designed for impact and penetration resistance and earlaps for protection of the neck and ears.

Faceshields, earlaps and the chinstrap are not to be removed from the helmet; as this voids the safety certification.

- The use of an approved safety hat is required in those areas or operations wherein there are hazards of bumping one's head, having it struck or having harmful materials fall/spill on the head.

- Personnel are required to wear their approved safety hat when exposed to an area or operation where such equipment is necessary to protect the employee from recognized hazards.

- The following are examples of when head protection shall be utilized; this list is not all inclusive and personnel need to use appropriate judgment when faced with situations not listed below:

    - Vehicle crashes where disentanglement and extrication is necessary
    - Construction, industrial and other sites that are designated as "HARD HAT AREAS" or similar wording that indicates head protection is required.
    - In areas where there is a possible danger of impact from falling or flying objects or striking fixed objects such as when work is being done overhead that may result in an object falling. This includes during severe storms when tree branches are at a higher risk of falling.
    - Operations in areas of potential civil unrest

- Head protection shall not be worn in instances where no hazards are present; such as medical calls where no apparent dangerous situation exists.

- Markings – in an effort to standardize the appearance of the helmets and assure compliance with appropriate safety standards; only the markings and decals provided by the County shall be allowed to be placed on the helmets. These markings, including the reflective bars, shall not be removed by the employee. Each helmet shall be marked as follows:

    - Leon County EMS reflective emblem on the helmet front
    - Reflective certification crescent on each side of the helmet
    - Rank crescent inside the certification crescent, when appropriate

- Ratchet and chinstrap adjustment:
    - Open the headband by turning the ratchet knob counter-clockwise
    - Place the helmet on your head. While holding the helmet down on your head, push the ratchet knob inward and turn clockwise (it adjusts in 1/8" increments) until it is snug and comfortable

- Fasten the chinstrap and adjust to a snug fit

- Eye protection – Faceshield
  - Remove protective covering from lens
  - To raise or lower the faceshield, loosen the knobs on both sides of the faceshield brackets.
  - Adjust the faceshield and tighten the knobs

- Cleaning
  - Helmets must be kept clean and free from contaminants. Helmets shall be cleaned every six months and after each use where it has been soiled or exposed to blood or body fluids, tars, fuels, resins, paints, acids, by-products of combustion or other hazardous materials.

  - If contaminated and when possible, flush the protective equipment with water at the scene or as soon as possible after emergency operations are complete.

  - Never use a helmet that is wet from use or cleaning. Allow parts to dry before use.

  - Faceshield
    - Use mild cleaning agents such as ethyl alcohol or a mild detergent and water and a soft sponge or cloth. Never use abrasives, solvents paint removers, acetone, paint or lacquer thinner, or any chlorinated organic solvents.

    - Removal of light scratching and stains can be achieved through the use of jeweler's polish.

  - Helmet Shell
    - Helmets should be hand washed in a sink using water that is between 105 and 110F
    - Do NOT machine wash helmets – helmets should always be hand washed
    - Protective gloves should be used to avoid contact of the wash water with the skin
    - Remove faceshield before cleaning
    - Use mild household detergent or ethyl alcohol and water
    - Do NOT use other materials such as strong (industrial strength) detergents, solvents, petroleum products. These will damage the shell and faceshield and reduce the protective capability of the helmet.

        - Forced ventilation air drying is recommended; this can be achieved by using a fan. Drying can also be achieved by hanging the helmet in a shaded area and allowing it to air dry.
        - Do NOT machine dry helmets

- Inspection
    - Inspect the helmet, including all accessories after each use for impact, thermal and use damage. Never use a damaged helmet. If there is any damage, remove the helmet from service immediately and repair or replace the damaged component before using the helmet.
    - Helmets that have been exposed to excessive heat, taken an impact or sustained damage shall be taken to the shift operations supervisor for further inspection.
    - Helmet shall be inspected for overall cleanliness. If dirty, it shall be immediately cleaned.
    - Helmet Shell – replace if any of these conditions exist
        - Cracks longer than one inch
        - Any size crack that is completely through the shell material
        - Soft spots equal to or large than thumb pad. Smaller soft spots require further inspection by a supervisor.
    - Edge trim
        - Reattach if separated but intact
        - Replace if broken or aluminum core is exposed
    - Reflective trim – replace if any of these conditions exist
        - Charred
        - Partially detached
        - Non-reflective
        - Missing
    - Faceshield and Hardware – replace if any of these conditions exist
        - Blistered, bubbled, cracked or charred faceshield
        - Missing E-ring
        - Shaft not intact
    - Breakaway tabs – replace if any of these conditions exist
        - Missing, bent or damaged tabs
    - Chinstrap – Replace if any of these conditions exist
        - Frayed, missing or broken parts
        - Missing, cut frayed or broken stitching
        - Clogged or worn-out Velcro
        - Brittle, broken or missing quick release button
        - Loose postmans slide
    - Suspension Straps
        - Ensure straps lie flat and pass between alignment guides

        - Replace if any of these conditions exist
            - Missing, cut or broken stitching
            - Tears or abrasions on straps
            - Brittleness
            - Discoloration
    - Earlap – Replace if any of these conditions exist
        - Missing, cut or broken stitching
        - Nomex layer discolored, charred, or perforated
        - Flannel liner torn or seared
    - Headband – replace if any of these conditions exist
        - Brittle, torn, cracked or broken
        - Holes
        - Able to open ratchet by tugging on legs

Hand Protection

- Work gloves shall be provided for use when an employee is working in an area where they are exposed to injury to the hands or fingers from material, machinery, heat, chemicals, sharp objects or other hazards.

- The gloves provided do not provide protection from bloodborne pathogens and as such gloves for protection from bloodborne pathogens shall be worn under these work gloves.

- The following are examples of when hand protection shall be utilized; this list is not all inclusive and personnel need to use appropriate judgment when faced with situations not listed below:
    - Vehicle crashes where broken glass is present
    - Vehicle crashes where disentanglement and extrication is necessary
    - In any situation where injury to the hand or fingers is probable

- Work hand protection shall not be worn in instances where no hazards are present; such as medical calls where no apparent dangerous situation exists.

- Cleaning
    - Wash with warm water and mild detergent
    - Allow to air dry; do NOT machine dry

- Inspection
    - Check for cleanliness
    - Replace if any of these conditions exist:
        - Stiff or rigid
        - Stitching worn or rotten
        - Glove insulation is worn through

- Leather split
- Holes or tears
- Improper fit
- Not issued or approved by the County

Protective Jackets

- The protective jackets supplied may be worn for general purposes under the guidelines of the appearance and uniform standard operating guideline. This standard operating guideline only outlines when the jacket must be worn for protective purposes.

- The jacket meets protective standards for emergency medical services and liquid-borne pathogens. The shell is made of the fire retardant material NOMEX. However this garment may burn and melt if exposed to high heat or flames. It has not been required to meet a flammable performance requirement and it is not designed nor intended to be used for firefighting activities. While this jacket is resistant to penetration from liquid-borne pathogens, due to a Crosstech fabric liner, no protective garment can provide absolute protection. The Crosstech liner also provides penetration resistance against NFPA "common chemicals" such as battery acid (37% sulfuric), gasoline (Ref. Fuel C), hydraulic fluid, aqueous film-forming foam (AFFF) and swimming pool chlorine solution.

- The garment should not be punctured in any manner; doing so compromises the protective qualities of the jacket. Pins, patches or any other emblems or insignias shall **NOT** be placed on the jacket by the employee.

- The following are examples of when protective jackets shall be utilized; this list is not all inclusive and personnel need to use appropriate judgment when faced with situations not listed below:

    - Vehicle crashes where disentanglement and extrication is necessary
    - In areas where there is a possible danger of fire, falling or flying objects, or contact with sharp objects.
    - During emergency operations where there is a large amount of blood or other potentially infectious materials.

- Cleaning
    - Machine wash in warm water (less than 130F) with all closures fastened.
    - Wash separately from other garments in the machine located in logistics
    - The outer shell should be washed separately from the fleece liner
    - Use detergent such as liquid Tide or Cheer

- Dry by hanging in shaded area or by using forced ventilation air drying; this can be achieved by using a fan
- Do NOT machine dry
- Do NOT dry clean
- Do NOT use chlorine bleach
- Do NOT spray with a high velocity power washer

- Inspection
  - Check the integrity of all major seams on the outer shell. This shall be done by pulling on the seams in a way comparable to the stress put on a seam when the garment is worn. If repair is necessary, the county will make all necessary arrangements. Repair should not be done by the employee.

  - Inspect all hardware such as snaps, zippers, suspender buttons, etc. Do this by gently pulling on buttons and rivets to make sure they are secure, opening and closing snaps. Any loose or missing hardware should be replaced.

  - Inspect all hooks and loops (Velcro) to assure cleanliness and that stitching is intact.

  - Check reflective trim for broken thread and stitching, rips and badly soiled areas and for cracks with water vapor and debris under the coating. Check reflectivity by testing the trim in a darkened area with a flashlight. Sections of trim that has lost its reflectivity and where stitching has broken or frayed should be repaired. Repairs should not be done by the employee.

  - Look for worn and abraded areas. If these areas exist, the garment should be taken to a field operations supervisor for corrective action.

  - Inspect the liner checking for wear and tear. Check the seams for failure or separation.

Protective Pants

- The pants meet protective standards for emergency medical services and liquid-borne pathogens. The shell is made of the fire retardant material NOMEX. However this garment may burn and melt if exposed to high heat or flames. It has not been required to meet a flammable performance requirement and it is not designed nor intended to be used for firefighting activities. While the pants are resistant to penetration from liquid-borne pathogens, due to a Crosstech fabric liner, no protective garment can provide absolute protection. The Crosstech liner

also provides penetration resistance against NFPA "common chemicals" such as battery acid (37% sulfuric), gasoline (Ref. Fuel C), hydraulic fluid, aqueous film-forming foam (AFFF) and swimming pool chlorine solution.

- The garment should not be punctured in any manner; doing so compromises the protective qualities of the jacket. Pins, patches or any other emblems or insignias shall **NOT** be placed on the jacket by the employee.

- The following are examples of when protective pants shall be utilized; this list is not all inclusive and personnel need to use appropriate judgment when faced with situations not listed below:

    - Vehicle crashes where severe disentanglement and extrication is necessary
    - In areas where there is a possible danger of fire, falling or flying objects, or contact with sharp objects.
    - During emergency operations where there is a large amount of blood or other potentially infectious materials.

- Cleaning
    - Machine wash in warm water (less than 130F) with all closures fastened.
    - Wash separately from other garments in the machine located in logistics
    - The outer shell should be washed separately from the fleece liner
    - Use detergent such as liquid Tide or Cheer
    - Dry by hanging in shaded area or by using forced ventilation air drying; this can be achieved by using a fan
    - Do NOT machine dry
    - Do NOT dry clean
    - Do NOT use chlorine bleach
    - Do NOT spray with a high velocity power washer

- Inspection
    - Check the integrity of all major seams on the outer shell. This shall be done by pulling on the seams in a way comparable to the stress put on a seam when the garment is worn. If repair is necessary, the county will make all necessary arrangements. Repair should not be done by the employee.

    - Inspect all hardware such as snaps, zippers, suspender buttons, etc. Do this by gently pulling on buttons and rivets to make sure they are secure, opening and closing snaps. Any loose or missing hardware should be replaced.

- Inspect all hooks and loops (Velcro) to assure cleanliness and that stitching is intact.

- Check reflective trim for broken thread and stitching, rips and badly soiled areas and for cracks with water vapor and debris under the coating. Check reflectivity by testing the trim in a darkened area with a flashlight. Sections of trim that has lost its reflectivity and where stitching has broken or frayed should be repaired. Repairs should not be done by the employee.

- Look for worn and abraded areas. If these areas exist, the garment should be taken to a field operations supervisor for corrective action.

- Inspect the liner checking for wear and tear. Check the seams for failure or separation.

Protective Footwear

- The footwear provided is designed to provide limited thermal and physical protection of the feet and ankles.

- Cleaning
  - Use a light bristled brush to remove all dirt from the boots before cleaning with mild soap and water and a damp cloth. Do not use solvents or other cleaners, as they may adversely affect the protective properties of the footwear.

- Inspection
  - Look carefully for cleanliness, excessive tread wear, tears, cracks, holes, leakage, missing stitches, soft spots or any physical damage. Report any damage.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Mycobacterium Tuberculosis Control Guidelines
Effective:	June 2004
Reviewed:	Jan 2009, December 2012, December 2015, December 2018
Revision:	3
Pages:	7

I. PURPOSE:

The purpose of the Leon County Emergency Medical Service Mycobacterium Tuberculosis (TB) Control Program is to provide all LCEMS employees with the most current Center for Disease Control (CDC) information about TB control guidelines and procedures to avoid the contraction and spread of Tuberculosis.

II. GUIDELINE:

It is the policy of LCEMS to treat all suspected TB patients as infectious and take all necessary precautions to avoid contraction of the disease through the use of proper personal protective equipment and procedures to safeguard themselves while in the proximity of suspected TB patients. This guideline also provides for periodic pre and post exposure testing and medical surveillance should a documented exposure occur.

III. PROCEDURE:

It is the responsibility of the patient caregiver to familiarize themselves with the guidelines and uses of PPE provided and carefully evaluate each patient contact for signs and symptoms of respiratory compromise and the possibility of exposure, to determine the proper level of PPE in each situation and to use the appropriate PPE and techniques to minimize transmission possibilities.

Definitions

Exposure Incident: Any event during which an employee had unprotected contact with a person with active, contagious tuberculosis disease.

Fit Testing: An OSHA approved procedure used to determine the correct size and type of personal protective respirator an individual must use to achieve a proper seal.

TB: Mycobacterium Tuberculosis
Tuberculosis is a **highly contagious disease** that is transmitted during coughing and sneezing. Many people are exposed to tuberculosis, yet not everyone develops tuberculosis disease

Some people may carry tuberculosis infection for many, many years before developing tuberculosis disease. Others may have a tuberculosis infection, yet never develop tuberculosis disease. Those people who do develop tuberculosis disease, will experience signs and symptoms of tuberculosis.

It is believed that the strength of the immune system determines whether a tuberculosis infection develops into tuberculosis disease. People with weakened immune systems, such as those with HIV/AIDS, are more susceptible to developing tuberculosis disease.

Unlike tuberculosis infection, tuberculosis disease is contagious. This is because the Mycobacterium that causes the disease is active. People infected with tuberculosis disease may experience any of the following signs and symptoms:

- Nausea / weakness / fatigue
- Rapid weight loss
- Fever
- Night sweats
- Cough
- Chest pain
- Hemoptysis

TB Testing: Laboratory, Medical or Radiological procedure used to determine if an employee is infected with the TB bacteria. Methods may include blood testing using Quantiferon- TB gold test (QFT-G), Mantoux or PPD testing, Sputum culture or radiological exam.

Tuberculosis Disease: The active stage of tuberculosis where the bacteria is present in sufficient quantity to cause illness. A patient with active TB is contagious and will normally show signs and symptoms of the disease.

Tuberculosis Infection: An inactive stage of tuberculosis infection where the tuberculosis bacteria is present but not in sufficient quantity to cause disease. The patient will test positive but may not show signs and symptoms and is not

contagious. It is estimated that 10% of infections will develop into active TB disease.

Respirator: A respiratory personal protective device that meets OSHA and NIOSH standards for Fit and Filtration and is provided by LCEMS to all of its employees as part of the Personal Protective Equipment cache that is located on every licensed vehicle operated by LCEMS.

Universal Precautions: A method of infection control in which all human blood and body fluids are treated as if known to be infected with HIV or HBV. A corresponding level of personal protective equipment is used to mitigate the threat. PPE may include the use of impermeable gloves, goggles or face mask, respirators, safety glasses, gowns, caps and shoe covers

Responsibilities:

A. Employee Responsibilities
- Attend and participate in all related TB and respirator training and comply with training requirements
- Comply with established TB pre exposure and post exposure testing requirements
- Comply with procedures for respirator fit test requirements, usage, storage and inspection
- Report any known defect or difficulty in respirator usage to the Shift Supervisor.
- Report any known or suspected exposure incidents to his/her supervisor immediately and complete Incident Report as required
- Comply with medical follow up recommendations / treatments and reports progress to appropriate administrative contact regularly.

B. Supervisor Responsibilities
- Review incident report for completeness
- Determine need for First Report of Accident or Injury/Illness
- Notify Infection Control contact of possible exposure and employee involved
- Notify safety officer of possible exposure
- Determine employees suitability for continuing shift duties

C. Program Manager
- Coordinates TB testing and medical evaluation forms for new hires.
- Coordinates follow up TB testing for existing employees.
- Coordinates original Fit Testing and follow up fit testing as required.

- Ensures all new employees are oriented to the program and trained in the use and care of PPE issued equipment prior to deployment to the field.
- Collects and maintains TB Test Roster for all employees and maintains the most current date of TB testing or a waiver for each employee in the database.
- Collects and maintains fit test data and reviews fit test techniques for compliance.

D. Program Manager / Training Manager or Designee
- Fit Tests new employees upon presentation from Training Manager
- Maintains respirator and fit test kit supply inventory
- Reviews program annually and makes revisions as necessary

Risk Assessment:

Current risk stratification estimates based on data obtained from both hospital infection control directors and Leon County Health Department Officials of actual cases of reported active TB place LCEMS Employees are reviewed annually. Current practice is to conduct Quantiferon-TB Gold (QFT-G) testing at the time of employment, annually thereafter, and after a documented exposure event per OSHA and CDC standards. Employees are permitted to refuse testing subsequent to pre hire evaluation but must complete and sign a waiver; an employee may change their mind at any time and continue with annual or semi annual precautionary testing if initiated due to increased frequency of contact.

LCEMS Employees who are determined to be at increased risk of exposure to TB include those employees in direct care settings and initiating high risk procedures, those employees include:

- Emergency Medical Technicians
- Paramedics
- Controllers
- Supervisors
- Licensed Administrators

Some examples of high risk procedures are:

- Transporting patients in an enclosed patient care area of an ambulance
- Oropharyngeal Suctioning
- Stoma Suctioning
- Intubation
- BIAD Initiation and placement
- Procedures that induce a cough

Non licensed LCEMS employees who do not work in patient care areas and do not perform any direct patient care are not considered at risk. Examples of these employees are:

- Office clerical staff
- Logistics technicians

Control Procedures and practices:

A. Immediately available universal precautions, respirators and other OSHA/NIOSH approved PPE barrier devices designed to physically shield the wearer from contact with contaminated surfaces or environments.

B. Environmental filtration devices and precautions that function to eliminate airborne particulates from recirculation throughout a closed environment.

C. Decontamination of work surfaces with OSHA approved cleaners specifically formulated and tested then supplied for use in the patient care arena.

D. Training in the specific use of personal protective equipment. How, when and where personal protective practices must be employed so as to provide a maximum level of effectiveness and safety for the user.

E. Continuing education in TB treatment modalities and evolving trends in healthcare for patients with TB.

E. Interactive Quality Management and direct medical oversight of suspected exposures and oversight of the clinical management of patients.

G. Effective and timely infection control feedback from receiving hospital staff if a documented exposure occurs, clinical follow up from health care provider for evaluation of employee exposures for treatment recommendations.

H. Pre-employment employee exposure testing by providing either a blood assay for mycobacterium tuberculosis (BAMT) or two step tuberculin skin test (TST) for baseline and post exposure follow up testing as part of a monitoring program.

I. Initial and continued fit testing of employees for respiratory personal protective equipment using OSHA/NIOSH standards and practices to correctly train and fit employees prior to deployment to the field and after any significant perceptible change in employee facial symmetry or significant weight gain or loss of more than 20 # while in continued employment.

LCEMS maintains an aggressive, comprehensive, respiratory protection standard that involves training in the use, cleaning, care and fit testing of respiratory equipment for its employees against respiratory threats occurring in the environment from both natural and manmade threats. Specific guidelines of this program can be found in the Respiratory Protection Guidelines located in the services general operating guidelines.

Control Technique: (Ground Ambulance Transport)

A. Upon presentation of a patient that exhibits signs and symptoms of TB immediately move upwind of the patient and increase distance; if practical initiate universal precautions.
B. Ask patient if they have TB or have ever had or been treated for TB.
C. Immediately retrieve and don the appropriately sized N-95 respirator mask and verify correct fit.
D. Place surgical mask over patients mouth and nose and consider the use of oxygen via non rebreather mask at sufficient flow
E. Place ambulance ventilation system in non recirculation mode or turn off and open windows to maximize outdoor air intake.
F. Turn on exhaust fan.
G. If vehicle uses HEPA filtration system filters, maximize airflow through filter elements by increasing fan speed.
H. Airflow should ideally flow from the front of the vehicle past you then over the patient then either out the back windows, or out of the rear vent or through the HEPA filter before recycling back into the patient care compartment. If possible physically separate the front compartment from the patient care area by closing the door or window between the two areas.
I. Notify the receiving facility of a possible TB patient and follow the directions from staff about transfer inside of the facility.

Control Technique: (Transfer to another service)

A. Upon presentation of a patient that exhibits signs and symptoms of TB as above, that will be packaged by LCEMS for transfer by a secondary service to their ultimate destination. Initiate the above guidelines and inform the receiving service of the possibility of TB. Mask the patient as above and provide full patient care summary.

Training:

A. Continuing TB education is provided to employees during yearly annual training and includes the most current Center for Disease Control data available at the time of training. TB fact sheets are distributed and guidelines for care are reviewed for consistency. Face mask donning guidelines are reviewed and hands on practices are held by applying N-95 respirators and

tight fitting respirators according to manufacturer's instructions. Guidelines for environmental control of patient care compartment and HEPA air filtration techniques. Education in the proper cleaning of environmental areas and the use of appropriate disinfectants.

Exposure Incident Reporting:

Exposure incident reporting is outlined in the LCEMS policy and procedure manual and exposures must be reported even in cases where full protection was used in order to determine exposure frequency. This information is used to determine risk stratification and the need for possible increases in group TB testing frequency. If a shift supervisor, acting shift supervisor or program manager is notified of a bona fide exposure incident by hospital infection control after a patient transport has been completed, the supervisor will immediately notify involved employees and send them to the appropriate facility for medical evaluation and follow up TB testing if indicated.

Medical Surveillance:

Medical surveillance by the county's authorized workers comp medical provider will be initiated and provided for all employees who have occupational exposure to TB. This surveillance will include appropriate medical interview, documentation and baseline evaluation for risk of exposure. This medical surveillance may also include:

- Baseline TST or BAMT testing
- Annual or semi annual TST or BAMT retesting
- Medical evaluation and follow up for employees when an employee has documented unprotected contact with a known active TB case where contact has been determined by a medical practitioner to suggest infection.
- Medical Evaluation when an employee has a skin test conversion or positive BAMT finding.
- Medical treatment and monitoring for an employee if he or she develops LTBI or Active TB disease as a result of an occupational exposure.

Written Program

This document is part of LCEMS's SOG manual which is readily available to all employees on all shifts. It will be reviewed and revised annually and as necessary by the Program Manager and the Deputy Chief of Clinical Affairs. It will be made available upon request to designated employee representatives, OSHA and NIOSH officials.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Reporting Hazards
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

To provide guidelines for reporting hazards.

II.GUIDELINE:

All employees have a responsibility to immediately report hazardous conditions to LCEMS Command Staff. Employees are required to report conditions and situations that may cause danger to patients, employees and / or the public. Further, employees are encouraged and supported to provide suggestions on how to improve overall safety. This policy does not replace and is not a substitute for other policies that require mandatory reporting.

III. PROCEDURE:

- Employees will provide written documentation of the hazardous condition to the on duty Shift Supervisor. The employee should also make verbal contact with the on duty Shift Supervisor, who can then determine the immediate nature of the condition and corrective action necessary.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Safety Vests
Effective:	August 21, 2006
Reviewed:	November 2008, December 2012, December 2015, December 2018
Revision:	2
Pages:	1

I. PURPOSE:

To provide guidelines for the use of high visibility safety vests compliant with The Code of Federal Regulations Title 23 (Highways) Part 634., known as the "Worker Visibility Rule".

II.GUIDELINE:

All field employees shall utilize their issued high visibility safety vest in accordance with this SOG and the County safety policy.

III. PROCEDURE:

- All field employees will be issued an ANSI / ISEA 107 or ANSI / ISEA 207 high visibility safety vest. It is the responsibility of the employee to bring the vest to work with them each day and to maintain the vest in an acceptable condition. High visibility safety vests shall be returned to the County by the employee upon termination of employment.

- High visibility safety vests shall be worn as the outermost garment in the following situations:

    - All incidents located on a roadway, median or side of a roadway, or other areas where vehicles will pass nearby, including vehicle collisions and medical incidents.
    - All mass causality incidents or drills
    - Any incident where the crew deems a need for increased visibility
    - As directed by a supervisor

- When engaged in operations that may result in direct exposure of flame, fire, heat, and/or hazardous materials; the personal protective, retro-reflective "turn-out" gear shall be worn in lieu of the high visibility safety vest. Examples would include a vehicle collision where active extrication is taking place.

Title:	Sanitation and Cleaning
CAAS:	203.01.02
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, January 2013, December 2015, December 2018
Revision:	3
Pages:	1

I. PURPOSE:

To provide cleaning and sanitation guidelines.

II.GUIDELINE:

A superior state of cleanliness and sanitation will be constantly maintained on all ambulances.

III. PROCEDURE:

- Each ambulance will be thoroughly cleaned in accordance with the Bloodborne Pathogens Exposure Control Plan, Housekeeping Section.
- Each in-service ambulance will be washed and cleaned on each shift. Cleaning will include, but not be limited to, a wipe down of all interior surfaces, sweeping, mopping and removal of all garbage, marks, etc. from all surfaces. Exterior surfaces will be washed if the ambulance is visibly soiled.
- After each patient transport, or anytime a patient is brought into the back of the ambulance, the crew will visually inspect the ambulance and clean interior surfaces as appropriate.
- The exterior of the ambulance will be cleaned by the crew assigned to that vehicle whenever there is visible dirt on the vehicle and weather permits.
- All reusable equipment will be cleaned after each use with germicidal disposable wipes in accordance with the manufacturer's guidelines.
- Special detail will be given to vehicles/equipment that has come into contact with patients with communicable diseases.
- Ideally, ambulances will be stripped of equipment, fully decontaminated and waxed outside once every six months.

Standard Operating Guideline

Title:	Workplace Safety
Effective:	June 1, 2005
Reviewed:	January 2010, December 2012, December 2015, December 2018
Revision:	4
Pages:	8

I. PURPOSE:

Leon County Emergency Medical Services have established a series of safety policies to control hazards and minimize the risk of workplace injuries & illnesses. It is the expectation of LCEMS that these policies are observed and followed at all times.

While the list of safety policies appears to be comprehensive, every loss producing exposure may not be addressed. We ask that all hazards not addressed in these policies be reported to the on-duty supervisor so that LCEMS can take appropriate corrective action. LCEMS welcomes active participation by all employees in the ongoing development and review of these safety policies to ensure they adequately meet our needs.

The following policies have been established for Leon County Emergency Medical Services. While the policies listed here are general, more specific policies are in place where needed.

II.GUIDELINES:

All areas

Safe Workplace Conditions

- Fire extinguishers and first aid kits will be provided for all work areas including company vehicles.
- Smoke detectors will be provided in all crew quarters.
- Circuit breaker protected multi-outlet strips shall be provided for multiple appliance loads.
- Seatbelts shall be provided in vehicles at all approved seating positions.
- Hand trucks and/or dollies shall be available.

Personal Protective Equipment

- Gloves, masks, eye protection and gowns will be provided in appropriate areas for protection against bloodborne disease.

- "Universal precautions" using appropriate personal protective equipment must be taken whenever blood or body fluids are present.

- PPE will be worn by all responders entering a vehicle or in area immediately around vehicle during patient extrication

Safe Work Practices

- Report all unsafe conditions to your supervisor.

- Report all occupational accidents, injuries and illnesses to the Shift Supervisor.

- Horseplay and use of intoxicating substances is prohibited.

- Smoking, tobacco products, and electronic cigarettesare prohibited in all LCEMS buildings and vehicles. Further tobacco and electronic cigarette use is prohibited by all LCEMS employees while on duty.

- If fire occurs, employees must place safety for themselves and others ahead of concerns for vehicles and property.

- Any fire, which cannot be quickly extinguished, must be reported to 9-1-1 and the building evacuated.

- If fire occurs in a moving vehicle, stop in a safe area and request assistance by radio or cellular phone, then ensure that engine and all electrical circuits are turned off.

- Employees shall not attempt to fight fuel fires.

- If vehicles or buildings are abandoned due to spreading fire, withdraw at least 1500 feet due to hazard from rupturing oxygen/compressed gas cylinders.

- Fire extinguishers shall be maintained, tested and recharged at appropriate intervals and kept accessible at all times.

- Fire extinguishers should only be operated by employees trained in their use.

- Fire extinguishers may be used on small fires after all occupants have exited the vehicle.

- Smoke detectors must be operational at all times. Battery removal or other means of disabling smoke detectors is strictly prohibited.
- Worn or frayed wiring shall be promptly reported for repair or replacement.
- Exits shall be kept clear, well lit and will be able to be opened from the inside without taking extra steps to unlock the door.
- Open doors slowly, stand to one side when approaching doors that open towards you.
- Excessive paper shall not be stored in work areas.
- Aisles and hallways to be kept clear at all times.
- Hand carts and dollies shall be available for heavy loads.
- Work, break and storage areas shall be kept clean, orderly, clear of debris and floor storage and electric cords at all times.
- Cords and cables are to be secured out of the way to prevent tripping and fraying hazards.
- File cabinets must have only one drawer open at a time. Close drawer when finished.
- Empty file cabinets shall be filled bottom to top.
- Keep hands clear when closing all drawers.
- Desk chairs shall be adjustable.
- Computer terminals shall have adjustable positions.
- “No glare” screens may be provided when requested as appropriate.
- Padded wrist rests, adjustable keyboards and document stands (holders) may be made available to employees performing four or more hours of keyboard entry per day as appropriate.
- Telephone headsets or padded cradles may be provided to those employees spending four or more hours per day on the telephone as appropriate.

- In locations where disinfectants are used, closed containers shall be provided and placed away from food preparation areas.
- Spilled liquids or dropped ice shall be cleaned up immediately.
- Where disinfectants, petroleum products and chemicals are used, closed containers shall be provided with appropriate identification and hazard prevention information.
- Employees shall use caution and personal vigilance to prevent hand injuries when moving compressed gas cylinders.
- Approved cylinder hand trucks shall be used whenever possible when moving large compressed cylinders ("M" or "H" type).
- Security chains must be adjusted and re-attached after moving compressed gas cylinders.
- Valve caps (threaded protective covers for use on large compressed gas cylinders) shall be used on all "M" cylinders and "H" cylinders.
- Seatbelts shall be worn at all times except when providing specific patient care which prevents such use.
- Driver shall systematically scan for potential hazards in the near, middle and far zones ahead of the vehicle.
- Driver shall make gradual and smooth lane changes, signaling well in advance.
- Driver shall maintain a safe following distance behind the car ahead, adjusting distances in response to actions of other drivers.
- Driver shall practice defensive driving at all times.
- Driver shall not exceed posted speed limits or speed safe for conditions.
- Driver shall not operate a motor vehicle when too tired to do so safely.
- Drivers shall only back with a ground guide. If alone, driver must exit vehicle to check behind before reversing.
- Employees must be certain fingers and hands are clear before closing vehicle doors.

- Employees shall not attempt to lift loads heavier than their ability. Assistance must be obtained prior to moving overly heavy loads.
- When necessary to lift and turn at the same time, employees shall move feet rather than twisting torso whenever possible.
- Lift properly using bent knees and straight back.
- Vary position periodically during prolonged activity.
- All portable ladders shall be maintained in good condition, joints between steps and side rails tight, all hardware and fittings securely attached and movable parts operating freely without binding or undue play.
- Top steps of ladders shall never be used as steps.
- Metal ladders shall not be used around electrical equipment.
- All tools and equipment (both Company and employee-owned) used by employees at their workplace shall be in good condition at all times. All equipment must conform to applicable safety and industry regulations.
- Employees are required to follow need stick prevention procedures and policies in accordance with the revised Bloodborne Pathogens Standard and Needle stick Safety and Prevention Act (PL 106-430).

EMS Operations

Safe Workplace Conditions

- Impervious needle disposal containers and red plastic Biohazard bags shall be provided on every ambulance.
- Oxygen cylinder dollies will be available at locations where main tanks are changed.
- Waterless hand cleaner for use in the field shall be provided.
- HazMat reference materials and protective specialized equipment appropriate for treating exposed patients shall be provided.

Personal Protective Equipment

- Gloves, masks, eye protection and gowns shall be available at all times in the ambulance for protection of the employees

Safe Work Practices

- Smoke detectors shall be maintained in all crew quarters.

- Stretchers shall be serviced at regular intervals in accordance with manufacturer's instructions. Employees must report to their Shift Supervisor any equipment in need of repair.

- During Code 3 operation, driver shall never drive faster than is safe for conditions with due regard for the safety of all persons using the highway.

- During Code 3 operation, driver must continuously exercise due regard for the safety of all persons using the highway.

- During Code 3 operation, driver must come to a complete stop at every stop sign or red light, proceeding slowly through the intersection after obtaining clear passage with due regard for the safety of all persons using the highway.

- During Code 3 operation along the shoulder of a highway, the driver must slow and proceed only when safe to do so with due regard for the safety of all persons using the highway.

- Employees shall keep windows tightly shut when the siren is in operation.

- The ambulance shall be parked out of the line of traffic, whenever possible at the scene, and shielded by other emergency vehicles.

- Double-bag infectious waste in red Biohazard bags and dispose of at designated facilities in appropriate receptacles.

- Employees shall wash their hands after every patient contact, using waterless hand cleanser when running water is not available.

- When unloading a patient, employee shall confirm that the stretcher is locked prior to transferring weight to lowered wheels.

- The inclined loading position of the stretcher shall only be used to load and unload; never to roll for any distance.

- Employees shall obtain assistance whenever they hand collapse stretchers.

- When moving patients, employees should take advantage of every opportunity to brace or otherwise support their upper torso.

- Crews shall seek assistance, whenever possible, when carrying patients downstairs.

- Employees shall not place themselves in hazardous extrication situations.

- Crews should stage their vehicle some distance away from unsecured crime scenes and not approach until advised by dispatch that the scene is “secure”.

- Employees should request police assistance any time they believe they are in danger of assault by patients or bystanders.

- Employees should plan an “escape route” whenever interacting with a disturbed patient; similarly allowing the patient a perceived route of “escape”.

- Crews should clearly identify themselves and their mission to people present in potentially threatening situations.

- If physically assaulted, employees must **Retreat** if possible, and summon assistance using **Defensive** physical techniques only (dodge, deflect, block, etc.). Offensive techniques (punch, jab, kick, etc.) are only to be used if cornered with no escape route and being physically assaulted.

- Crews should approach all scenes with caution, alert to the possible presence of unrecognized hazardous materials.

- If first on scene of a HazMat incident, crews must withdraw an appropriate distance as trained. Request additional assistance, isolate the scene, and deny entry.

- Employees must remain in the cold zone at all times during HazMat incidents and must only care for properly decontaminated patients.

- Employees shall utilize incident - specific advice from Poison Control vs. HazMat officials when determining decontamination requirements and secondary contamination risks to themselves and others, when no other Public Safety representative is available.

- Employees shall at all times function in accordance with company and jurisdictional HazMat policies.

Personal Protective Equipment

- Employees shall wear appropriate personal protective equipment when exposed to blood and specific body fluids when performing procedures.

- Employees shall wear latex gloves, surgical masks, protective eyewear, waterproof shoe covers and biohazard - type impervious gowns when the potential for exposure exists and as outlined in the bloodborne pathogen exposure control plan.

- Employees using high-level disinfectant solutions to treat airway/ventilation instruments are required to wear impervious gloves and eye protection when exposed to solution.

- Employees shall wear protective clothing and helmet when circumstances indicate their usage.

- Employees shall carry on their person or be within contact distance of their radio and pager at all times for response call outs and when away from their station, must carry their radio and pager on their person at all times if active on a ambulance.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title: Critical Care Team Personal Protective Equipment

Effective: July 15, 2012

Reviewed: December 2012, December 2015, December 2018

Revision: 1

Pages: 7

I. GUIDELINE:

Leon County EMS will provide Critical Care Paramedics (CCP) with the personal protective equipment (PPE) necessary to protect themselves from exposure to infectious diseases at no cost. The PPE must be worn as specified in the Personal Protective Equipment List. LCEMS shall repair or replace any lost, stolen, or damaged Emergency Medical Services- issued PPE at no cost to the employee/trainee. (Reference All Employee Personal Protective Equipment SOG 305.00).

II. PROCEDURE

1. Equipment

   PPE shall be carried aboard each emergency vehicle in a quantity sufficient to protect all crew members and anyone else (students, ride alongs, etc) on board the emergency vehicle. Due to the length of some Critical Care transports, sufficient amount of PPE shall be provided for the CCP(s). LCEMS shall maintain the following items in all emergency vehicles:

   - Disposable Impervious Gowns
   - Face mask/Eye Shield Combination Devise
   - Disposable Exam Gloves of various sizes
   - Waterless Handwash
   - Bio-Hazard bags with Warning Labels
   - Puncture Resistant Sharps Container
   - Portable Puncture Resistant Sharps Container (in carry in equipment)
   - Pair Protective Eyewear (Goggles)
   - High Level Disinfectant Solution

2. Compliance Monitoring

   - In such cases when circumstances preclude the use of PPE as outlined herein (danger to self/patient, or an impairment in the ability for the CCP to provide timely care to the patient), the CCP(s) shall document the incident in writing and submit the report to the Deputy Chief of Administration. This report will be required whether or not the CCP

perceives that an actual exposure occurred or not. The Deputy Chief of Administration shall review all such incidents on a case-by-case basis to determine the appropriateness of the CCP's actions and if any change in procedures or policies should be considered. In the event that any CCP is discovered to not have their PPE accounted for as stated previously, or any CCP is observed not complying with any provision of this procedural guideline, the employee shall be subject to disciplinary action up to and including termination of employment.

3. Procedures for Preventing Exposures

- Universal Precautions for ALL Patients.
- Precautions for Patients With Known Infectious Diseases
  - In the event that transportation is requested for a patient who is known to be the carrier of an infectious disease, the CCP(s) will be provided with all appropriate information. The CCP(s) will receive all information that has been provided to the LCEMS dispatcher.
  - The CCP(s) will return to Head Quarters to pick up any PPE supplies required for the transport.
  - Upon arrival at the pickup facility, the CCP(s) shall confirm the infectious condition of the patient, and any specific precautions to be aware of.
  - Upon arrival at the receiving facility, the CCP(s) shall notify the person assuming responsibility for the patient's care of the patient's condition and infectious status. This notification shall be made in a discreet fashion both verbally to the receiving personnel and in writing on the patient care report.

4. Specific Isolation Guidelines

Strict Isolation

Diseases: Abscess (unknown etiology), draining wounds, major burns, Diphtheria, disseminated Herpes Simplex, Impetigo, Meningitis (unknown etiology), Pediculosis (lice), Pneumonic Plague, Pneumonia, Rabies, Rubella, Scabies, Smallpox, Chicken Pox, Shingles, etc.

Precautions: Gown (all persons in unit), gloves (all persons in unit), mask (all persons in unit), and protective eyewear. Gloves must be removed and sanitizer gel used after touching the patient or potentially contaminated articles. Hands must be washed as soon as possible after transport is complete. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be disinfected after the patient is removed.

Respiratory Isolation

Diseases: Epiglotitis, Measles, Meningitis (H, flu/Meningococcal), Mumps, Pertussis, Pneumonia, ***Tuberculosis***, SARS, etc.
Precautions: Gloves (all persons in unit), HEPA particulate mask (all persons in unit), protective eyewear (all persons in unit), mask on patient if coughing, when possible. Gloves must be removed and sanitizer gel used after touching the patient or potentially contaminated articles. Hands must be washed as soon as possible after transport is complete. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be aired out five (5) minutes after patient is removed and any surfaces contaminated with infective material must be disinfected.

Blood and Body Fluid Precautions

Diseases: AIDS, HIV positive, Hepatitis-B, Hepatitis non-A/non-B, tick fever, Creutzfelt-Jakob Disease, Malaria, Rat Bite Fever, Syphilis, etc.
Precautions: Gown (all persons in unit), gloves (all persons in unit), mask (only if possibility of the patient's blood or body fluids to be aerosolized or splashed), and protective eyewear. Gloves must be removed and sanitizer gel used after touching the patient or potentially contaminated articles. Hands must be washed as soon as possible after transport is complete. Articles contaminated with infective material must be discarded or decontaminated. Patient compartment must be disinfected after patient is removed.

Drainage and Secretion Precautions

Diseases: Abscess (unknown etiology), draining wounds, major burns, skin infections, Anthrax, Cellulitis, Gangrene, Cytomegalovirus, Endometriosis, Herpes Simplex, Herpes Zoster, Bubonic Plague, Pneumonia, Scarlet Fever, Syphilis, Tuberculosis, Chicken Pox, etc.
Precautions: Gown (all persons having contact with patient or patient articles), gloves (all persons in unit), protective eyewear (all persons in unit). Gloves must be removed and sanitizer gel used after touching the patient or potentially contaminated articles. Hands must be washed as soon as possible after transport is complete. Articles contaminated with infective material must be discarded or decontaminated. All surfaces

contaminated with infective material must be disinfected after the patient is removed.

Enteric Precautions

Diseases: Amebic Dysentary, Cholera, Diarrhea, Encephalitis, Salmonella/Shigella Poisoning, Hepatitis-A, Viral Meningitis, Poliomyelitis, Typhoid Fever, Viral Pericarditis, etc.
Precautions: Gown (all persons having contact with patient or patient articles), gloves (all persons in unit), protective eyewear (all persons in unit). Gloves must be removed and sanitizer gel used after touching patient or potentially contaminated articles. Hands must be washed as soon as possible after transport is complete. Articles contaminated with infective material must be discarded or decontaminated. All surfaces contaminated with infective material must be disinfected after the patient is removed.

5. Guidelines For Specific Medical Procedures

Endotracheal Intubation / King Airway Insertion

- Personnel performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Suctioning

- Personnel performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Intravenous Access

- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Needle Thoracostomy

- Personnel performing this procedure must wear gloves and protective eyewear
- Personnel assisting with this procedure must wear gloves and protective eyewear.

Mouth-to-Mouth Ventilation

Employees should not perform direct mouth-to-mouth ventilation at any time.
Other adjunctive devices such as pocket masks, bag-valve-mask devices, or demand valves should be utilized in lieu of making direct skin contact with patients with unknown infectious disease status.

Mouth-to-Mask Ventilation
- Personnel performing this procedure must wear gloves and protective eyewear.

Bag-Valve-Mask Ventilation
- Personnel performing this procedure must wear gloves and protective eyewear.

Intraosseous Insertion
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

OB Deliveries
- Personnel performing this procedure must wear gloves, mask, gown, and protective eyewear.
- Personnel assisting with this procedure must wear gloves, mask, gown, and protective eyewear.

Bleeding Control with spurting blood
- Personnel performing this procedure must wear gloves, gowns, mask, and protective eyewear. When bleeding is controlled, only gloves are required.
- Personnel assisting with this procedure must wear gloves, gowns, mask, and protective eyewear. When bleeding is controlled, only gloves are required.

Bleeding Control with minimal bleeding
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Cariopulmonary Resuscitation (CPR)
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Intramuscular (IM), Subcutaneous (SQ), and Sublingual (SL) Medications
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Nebulized Medications
- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Administering Intravenous Medications (IVP)

- Personnel performing this procedure must wear gloves.
- Personnel assisting with this procedure must wear gloves.

Arterial Blood Gas Sampling (Restricted to MD or RT)
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Blood Transfusion
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Chest Tubes
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Emergency Escharotomy
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Homodynamic Monitoring (Including: CVP monitoring, Arterial Line/BP monitoring, Swan Ganz monitoring (must have Critical Care Nurses)
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

ICP (Increased Intra-Cranial Pressure) Monitoring
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Ventricular Assist Device
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

I-Stat
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Pericardiocentesis
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Temporary Cardiac Pacing
- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Tracheostomy Care

- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Venous Access Devices

- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

Ventilator

- CCP performing this procedure must wear gloves and protective eyewear.
- Personnel assisting with this procedure must wear gloves.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Securing Weapons
Effective:	October 2016
Reviewed:	October 2016, December 2018
Revision:	1
Pages:	4

I. PURPOSE:

It is the policy of Leon County to provide a work environment that is reasonably safe, secure, and free from threats, intimidation, abusive behavior, and physical violence. The purpose of this Standard Operating Guideline is to provide a process for securing any weapons that a patient may have with them to provide a safe environment for the patient, crew, and others. Patient and crewmember safety is the main concern of LCEMS. Patients, crewmembers, and others transported in a Leon County ambulance may not carry or possess on their person any weapon as defined in this policy, unless they are non-patient law enforcement officers acting in their official capacity.

II. GUIDELINES:

The safety and security of LCEMS personnel and patients is the primary purpose of this guideline. If at any time a crew member feels threatened, notify law enforcement, stop the vehicle, and evacuate as necessary.

A weapon is defined as any device that can be used to inflict great bodily harm, such as a sharp edged instrument, dirk, billie, metallic knuckles, tear gas gun, chemical weapon, Taser or other electrical device, firearm, other deadly weapon carried on or about a person.

Document on an incident report all activities and actions taken regarding weapons security including final disposition, names of all persons involved (including security or law enforcement personnel), and any actions or decisions by the patient that may have or potentially did adversely affect patient care or cause a potentially unsafe environment. Information concerning firearm ownership may not be entered into a patient's health record.

EMS personnel should NOT attempt to determine if a patient is "authorized" to carry a concealed weapon. That determination should be made by the appropriate law enforcement authorities.

EMS personnel should NOT attempt to unload or render any weapon "safe", even if the EMS personnel are familiar with the weapon. Any manipulation of the weapon may increase the risk of an accidental discharge. These activities should be conducted in a controlled environment by security or law enforcement personnel, rather than in the confined environment of an occupied ambulance.

III. PROCEDURE:

1. Specific activities at the home:

a. EMS personnel shall have the authority to inquire about the possession of presence of a firearm, if they in good faith believe that it is necessary to the treatment of a patient during the course and scope of a medical emergency or that the presence of possession of a firearm poses an imminent danger or threat to the patient or others.

b. If the patient is obtunded, impaired, or lacks decisional capacity and is known to be or is discovered to be armed with a weapon:

1) Contact law enforcement and ask them to secure the weapon.
2) If it can be performed safely, have a family member secure the weapon at the home appropriately.
3) If a weapon is secured by law enforcement, once at the hospital, be sure to notify the family of which law enforcement agency has secured the weapon.

c. If the patient is conscious, alert, and oriented to person, place, and time, and is known to be or is discovered to be armed with a weapon:

1) Ask the patient to secure the weapon or ask a family member to secure it, if it can be performed safely.
2) If in a public place, ask if there is a place to secure the weapon such as a vehicle gun safe.
3) Request law enforcement to respond and ask law enforcement to secure the weapon.
4) Note that you will be asking the patient to voluntarily surrender their weapon and it will be necessary to explain that as a matter of LCEMS policy, weapons cannot be carried in the ambulance.
5) If the patient refuses to surrender their weapon, call law enforcement to respond and explain that refusing to surrender the weapon may constitute refusal of services. If the patient is unstable or potentially unstable, law enforcement should be called to help with the situation and facilitate the securing of the weapon.

If the patient is stable and refuses to surrender their weapon, explain that as a matter of policy they cannot be transported by ambulance and proceed with the standard refusal paperwork.

2. Specific activities if an EMS crew member discovers a weapon en-route in the ambulance:

a. <u>If the patient is obtunded, impaired, or lacks decisional capacity and is discovered to be armed:</u>

1) Secure the weapon within a holster if it is already contained in a holster. Do not remove it from the holster or manipulate the weapon in any way. If the weapon is not contained in a holster, carefully hold the weapon by the handle and point it away from the patient or crew members at all times.
2) Secure the weapon in a locking compartment in the ambulance. Be sure that the weapon is stabilized so that it does not move during transport and that it is pointed away from the patient and all crew members.
3) Request a law enforcement officer to meet you en-route to help secure the weapon.
4) Be sure to advise EMS partner that a weapon has been secured in the ambulance.
5) Be aware that a patient in possession of a weapon may have been trained in weapon retention techniques. As a result, any movement to secure the weapon from them may be met with resistance. Be calm, reassuring, and give notice to the patient that their weapon is being secured for their safety and the safety of EMS crews. Let the patient know that they weapon will be returned to them by law enforcement or hospital security upon their discharge from the hospital.
6) DO NOT become involved in any use of force to remove a weapon. If you meet with resistance, contact law enforcement immediately. If the environment is unsafe, then evacuate the ambulance. Refrain from the use of an electrical therapy in the treatment of a patient with a known weapon on their person. Inform the patient in a professional manner that refusal to surrender a weapon may adversely affect their medical treatment and may result in delays in transport.

b. <u>If the patient is conscious, alert, and oriented to person, place, and time, and is discovered to be armed:</u>

1) Ask the patient to remove the weapon from his person inside a holster, if it is in one. Then secure the weapon into a locking compartment in the ambulance without manipulating any parts of the weapon or attempting to unload the weapon of make the weapon “safe”.
2) Secure the weapon in a locking compartment in the ambulance. Be sure that the weapon is stabilized so that it does not move during transport and that it is pointed away from the patient and all crew members.
3) Request law enforcement to respond and ask law enforcement to secure the weapon if needed.
4) Be sure to advise EMS partner that a weapon has been secured in the ambulance.
5) Be calm, reassuring, and give notice to the patient that their weapon is being secured for

their safety and the safety of EMS crews. Let the patient know that they weapon will be returned to them by law enforcement or hospital security upon their discharge from the hospital.

6) DO NOT become involved in any use of force to remove a weapon. If you meet with resistance, contact law enforcement immediately. If the environment is unsafe, then evacuate the ambulance. Refrain from the use of an electrical therapy in the treatment of a patient with a known weapon on their person. Inform the patient in a professional manner that refusal to surrender a weapon may adversely affect their medical treatment and may result in delays in transport.

7) Report to the receiving hospital that security is needed upon arrival to take possession of a weapon of a patient.

3. Upon arrival at the hospital:

1) EMS crew must have hospital security or law enforcement take possession of the weapon once the patient has been removed from the ambulance.

2) Advise the patient and/or family to contact hospital security or law enforcement upon discharge to retrieve the weapon.

3) In the event that a patient still possesses a weapon upon arrival at the hospital, be sure that hospital security and law enforcement have been notified and instructions received prior to taking the patient into the emergency room.

Standard Operating Guideline

Title:	Airport Transfers
Effective:	November 1, 2006
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	1

I. PURPOSE:

To establish guidelines for transports to Tallahassee Regional Airport for continued transport via fixed wing or rotor wing aircraft.

II. GUIDELINES:

All prescheduled transports to and from the Tallahassee International Airport are by nature non-emergency and do not usually require the use of lights and sirens. However rare circumstances may exist that warrant the use of lights and sirens.

III. PROCEDURE:

1. The crew will work within the parameters of care for the particular patient condition encountered. Generally only non-emergency transport is required when en route to the airport with patient and aircrew.

2. Requests by an air flight crew for lights and siren transport to the airport must be medically necessary and approved by the on-duty supervisor prior to upgrading.

3. Airport transports of an organ harvest team with a harvested organ onboard are acceptable candidates for emergency transport mode (refer to SOG 215.00).

4. Crews that drive up on an accident with a transfer patient on board may stop if their patients care is not compromised. Crews that drive up on an accident while returning with flight crew members and no patient, must stop and render aid until other units arrive to take over patient care appropriately.

Standard Operating Guideline

Title: Approved Medical Equipment

Effective: January 1, 2004

Reviewed: October 2005, May 2008, December 2012, December 2015, December 2018, October 2020

Revision: 5

Pages: 2

I. PURPOSE:

To provide Medical Director approval for cervical immobilization, rapid blood glucose monitoring, nebulized breathing treatment equipment and 12 Lead EKG transmission by Leon County E.M.S.

II. GUIDELINE:

- Cervical Spine Immobilization – The following equipment is approved for use on adult and pediatric patients requiring cervical spine immobilization.

  Cervical collars – AMBU Perfit ACE – Adjustable Collar - Extrication
  AMBU Mini perfit ACE – Adjustable Collar – Extrication

  Cervical Immobilization Device – AMBU Head Wedge

- Rapid Blood Glucose Monitoring – The following device is approved for use on adult and pediatric patients requiring blood glucose monitoring.

  Glucometer – Ascensia Elite Blood Glucose Monitor,
  Ascensia Contour Blood Glucose Monitoring System, or
  Assure Platinum Blood Glucose Monitoring System

- Nebulized Breathing Treatment – The following device is approved for use on adult and pediatric patients requiring nebulized breathing treatments.

  Nebulizer – Curaplex small volume nebulizer

  Medications - Atrovent Albuterol

- 12 Lead EKG transmissions – Leon County E.M.S. Paramedics are permitted to transmit 12 lead EKGs to the emergency departments via modem connections. Furthermore, all

cardiac monitors will be equipped with strip chart recorders.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	BA 52 Patient Transports
Effective:	November 1, 2006
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	2

I. PURPOSE:

To provide guidelines for safe transportation of "Baker Act" patients to continuing care facilities from acute care facilities.

II.GUIDELINE:

All "Baker Act" patients transported by Leon County EMS will be evaluated by the EMS crew prior to departing the Emergency Department for possible safety or elopement issues prior to assuming care of the patient in the Emergency Department.

III. PROCEDURE:

1. The EMS crew transporting a "Baker Act" patient to another facility for continuation of care will, prior to assuming care, evaluate the patient in the Emergency Department for safe transport.

    A. The charge crew member will make contact with the P.E.R.P. staff and receive a brief report on the patient's mental status and determine if crew safety issues are present as determined by patient behavior.

    B. If patient behavior issues are present and the crew members feel that transport by EMS would be unsafe for the crew members, the crew member in charge will then contact the on-duty supervisor and advise of the situation.

    C. The on-duty supervisor will then proceed to the Emergency Department and make a "go" / "no go" decision for transport via EMS.

    D. If a "no go" decision is reached by consensus between the transporting crew and the on-duty supervisor then the patient will be refused transport by EMS and law enforcement will be summoned.

    E. Once a "no go" transport decision has been made by the on-duty supervisor, the patient will no longer qualify for transport by EMS for the duration of the patient's Emergency Department stay.

    F. Any patient transported by EMS must be searched by Emergency Department Security for weapons or contraband both on their person and in their belongings

prior to EMS transport.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Blood Alcohol Sampling
Effective:	May 15, 2012
Reviewed:	December 2012, December 2015, December 2018
Revision:	2
Pages:	2

I. PURPOSE:

To provide guidelines for LCEMS personnel asked to perform blood sampling by law enforcement personnel.

II.GUIDELINE:

Paramedics may, at the request of law enforcement personnel, obtain a blood sample for the purposes of legal blood alcohol testing. Requests for blood testing only should be reported to the on duty supervisor and the Deputy Chief of Operations. The request shall be considered a low priority and will only be fulfilled when there are a satisfactory number of EMS units available based on operational demand.

III. PROCEDURE:

Section 316.1932(1)(f)2.a. Florida Statues (2012), ”Only a physician, certified paramedic, …acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the blood alcohol content thereof or the presence of chemical substances or controlled substances therein…” **DRAWING A BLOOD ALCOHOL SAMPLE SHOULD NOT DELAY TRANSPORT OF A CRITICAL PATIENT.**

1. The EMS patient care report (PCR) shall contain the following information:
    a. A blood alcohol kit was used.
    b. Betadine (povidone-iodine) solution (or hydrogen peroxide/acetone if allergic to iodine) was used for the skin preparation.
    c. Name of law enforcement officer requesting blood sample
    d. Time of draw.
    e. The paramedic completing the blood draw should be the one to complete the PCR and sign it.
2. All blood samples taken shall be surrendered to the requesting law enforcement officer.
3. The paramedic:
    a. May be required to obtain multiple samples

b. Shall obtain a minimum of two samples per person/per draw.
c. Shall render emergency medical service or treatment as necessary prior to the drawing of the blood and alcohol samples.
d. Shall obtain blood alcohol samples only at the request of a law enforcement officer, either in the field or upon arrival in the Emergency Department.

4. Blood specimen collection instructions:
    a. The blood specimen must be drawn by a paramedic. The blood draw must be at the request of a law enforcement officer, and observed by that officer.
    b. The officer will remove the parts of the kit and hand them to the paramedic drawing the blood as needed. Two vials from the kit will be filled with blood. **NOTE: The tube marked CONTROL will remain in the kit at all times. It will not be used for the collection of blood**
    c. The paramedic drawing the blood should use the pad provided in the kit to clean the area where the needle is going to be inserted. If the provided pad is not used, make sure that a non-alcoholic solution is used. The foil envelope that the swab came in should be placed back in the Biological Specimens box. The swab may be disposed of by the paramedic drawing the blood.
    d. The paramedic drawing the blood should hand the vials back to the officer as they are filled. The officer should gently rock the vials (at least 10 times) to mix the anticoagulant with the blood. Do not shake them vigorously!
    e. The paramedic drawing the blood may now dispose of the needle and holder along with any other contaminated parts not needed as evidence.
    f. The paramedic that drew the blood must sign the Blood Collection Form (section three: Certification of Blood Withdrawal).
    g. The officer is responsible to complete steps 7 – 10 noted on the instruction form noted on the kit.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Aquatic/Water Rescue
Effective:	January 15, 2010
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	1

I. PURPOSE:

Leon County Emergency Medical Services have established a series of safety policies to control hazards and minimize the risk of workplace injuries & illnesses. To provide guidelines for how personnel should react at a scene involving a water rescue. It is the expectation of LCEMS that these policies are observed and followed at all times.

II. GUIDELINE:

For the purpose of emergency response, a water rescue shall be defined as any incident that involves the removal of victim(s) from any body of water other than a swimming pool. This shall include rivers, creeks, lakes, washes, storm drains, or any body of water, whether still or moving. EMS personnel are not routinely trained nor equipped to effect water rescue. EMS personnel shall not **enter** the water in an attempt to rescue individuals other than swimming pools.

In the event EMS personnel encounter a victim in need of **water rescue**, consider requesting assistance from the following:

a. Tallahassee Fire Department (Boats)
b. Leon County Sheriff's Office Dive Team
c. **Reach**- Attempt to reach the victim with a rescue hook or skimmer pole.
d. **Throw**- Attempt to throw the victim a life ring, buoy, or rope if available.

In the event EMS personnel encounter a victim in need of rescue from a **swimming pool**, in addition to c. & d. (above), EMS personnel may;

Go- As a last resort, enter the pool to effect rescue.

- The rescuer shall take into consideration his/her ability to swim, the depth, condition, and clarity of the pool water before entering.
- Rescuer should remove electronic devices, shoes, or any other encumbering clothing and equipment.
- Enter the pool via steps or pool-side ladder.
- DO NOT DIVE INTO THE POOL.
- Bring victim to nearest edge of pool and immobilize and or remove as patient conditions and complaints dictate

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Civil Unrest
Effective:	June 1, 2005
Reviewed:	March 2005, December 2012, December 2015, December 2018
Revision:	3
Pages:	8

I. PURPOSE:

To provide a guideline for LCEMS personnel in instances of civil unrest.

II. GUIDELINE:

Upon notification that a civil disturbance exists, LCEMS personnel and vehicles will not enter civil disturbance areas unless notified by the appropriate Law Enforcement Agency that the area is secure and safe for LCEMS personnel to respond and work.

III. PROCEDURE:

1. OPCON 1

A. Normal operations of LCEMS is such that the in-service ambulances will be stocked and staffed so as to respond to the normal EMS events of the day.

B. Should the Shift Supervisors receive information from a reliable source that events are about to unfold that would seriously exceed the abilities of normal staffing, then the Shift Supervisor will initiate LEVEL 1A

1) **LEVEL lA** requires notification of superiors of the potential situation. LCEMS Dispatchers are to begin utilizing their "Disaster Checklists". (See "Plan A".) Notifying the following of the situation:

    1. Chief
    2. Deputy Chiefs

2) An immediate analysis of vehicles, equipment, and extra staff in an effort to meet the possible demand will be done. Efforts will be made to enhance fleet readiness by attempting to retrieve vehicles at repair shops and stocking and fueling extra vehicles.

3) At the discretion of the Chief or Deputy Chiefs - dispatch will contact

off-duty personnel notifying EMS staff of the potential pending recall and will advise all contacted staff to monitor their pagers for possible recall and cancellation, and to charge both batteries. All staff will be reminded to have on their person their LCEMS ID tags if recalled.

4) The on-duty supervisor will attempt to arrange the removal of the private autos of the EMS staff whose stations are located within the potential problem areas.

5) LEVEL lA can be canceled by the on-duty supervisor upon receipt of information to that effect by a reliable source.

2. OPCON 2

LEVEL 2 is initiated when a confirmed civil disturbance exists. Such confirmation must come from a reliable source.

A. Requires the immediate recall of all available LCEMS staff and has them respond to Headquarters with their radios, extra batteries and chargers, and uniforms with I.D. tags. Dispatch is to continue to utilize their "Disaster Checklists".

B. The on-duty supervisor will respond to the Law Enforcement command Post on scene and assume EMS command. LCEMS Command will establish and maintain on-scene EMS operations such as triage, communications, and transportation. If a Law Enforcement EOC is activated consideration must be given to EMS being represented.

C. LCEMS Command must evaluate the EMS needs of the situation and consider the activation of mutual aid. If mutual aid is activated, EMS Dispatch will coordinate the response routes of the mutual aid EMS vehicles. All mutual aid vehicles will be advised as to what EMS channel to utilize for the event. This decision is to be coordinated by Dispatch and EMS Command. It is the intent of this plan to utilize only LCEMS units during escort situations. (See "Escort Operations" at the end of this policy.) LCEMS requests that are not located within the troubled areas will be handled with LCEMS units and mutual aid units.

D. EMS Dispatch will advise all surrounding counties of the local situation. Each county will be notified that radio approval of inbound vehicles prior to entry into Leon County is necessary in order to eliminate the accidental entry of an out-of-town EMS unit into a hazardous area.

E. A command officer will represent LCEMS at the County EOC.

F. The following additional operation positions must be filled ASAP with recalled personnel.

1) Dispatch – Additional dispatcher.

2) Equipment and Supplies – Recall the Supply Tech's.

G. The remaining recalled EMS staff will be assigned duties PRN.

H. All LCEMS units that are taking calls within the troubled areas will respond to Command Post authorized requests for service utilizing Command Post authorized routes with law enforcement escorts. Under no circumstances will any LCEMS personnel respond to any requests for service within an active disturbance area. Law enforcement will coordinate the removal of victims from an active disturbance area.

I. If tear gas is being used by Law Enforcement, field crews will utilize the patient isolation coveralls, jumpsuits, goggles/gas masks (depending on the situation), and double gloves for protection during patient care situations. Extreme caution must be exercised not to cross contaminate the EMS responder. EMS command will consider the need to prepare one or more EMS units as contaminated patient transport units. (See the guide for contaminated transport units following LEVEL 5.)

J. It will be the discretion of the LCEMS personnel as to whether or not to stop for private citizens attempting to flag down an ambulance. The decision must be made based on current environment, location, etc.

K. No red lights or sirens will be used near civil disturbance areas.

L. If at any time LCEMS unit/crew is threatened, attacked, etc., personnel will withdraw immediately to a safe area. Communication of such an event must be relayed immediately to EMS command.

M. Ideally, LCEMS personnel will treat and transport decontaminated patients. If a patient that requires transport has not been decontaminated, LCEMS staff will wear protective clothing and will isolate the patient to prevent cross contamination. E.R. notification must be made early so that proper preparations can be made.

N. Patients that are under arrest will be accompanied of a Law Enforcement representative on board during transport. This may need to be coordinated

through EMS command.

P. A stand down of LEVEL 2 will occur after consultation between EMS command and the EMS Liaison in the EOC.

Q. LCEMS staff must do a thorough secondary survey of all patients in order to discover weapons that may be on the patient. Weapons are to be turned over to the Law Enforcement Officer on scene or Security at the hospitals.

R. During LEVEL 2 only the family members of young children will be allowed to ride with the patient in the ambulance.

3. OPCON 3

LEVEL 2 must be fully operational.

A. If the situation appears to be of long duration and the EOC is activated, then LCEMS will move to LEVEL 3.

B. Legal authority now changes to the Leon County Sheriff or Tallahassee Police Department. Senior EMS supervisory staff will be assigned to the County EOC for resource coordination, if not already implemented. EMS Command will relocate to or in some way participate in the City/County EOC and will change in designation to EOC EMS Command.

C. During LEVEL 3 a law enforcement escort staging area will be established. EOC EMS COMMAND will coordinate staffing of the escort staging area. All EMS units assigned to the staging area operations will utilize channel 2 for escort control. All other EMS units will remain on the LCEMS Channel 1.

D. Law enforcement escorts are designed to provide protection to the LCEMS or Fire units responding to "safe" areas within the troubled zone. All responses will be in the non-emergency mode.

E. Under hazardous situations, law enforcement will extricate the patient. The law enforcement vehicle will then meet EMS at a safe area for patient delivery.

4. OPCON 4

LEVEL 2 and 3 must be operational.

A. Florida National Guard now on the scene, Tallahassee has been declared an area of civil disturbance by the Governor and resources are unable to cope with

the situation. All operation centers will remain open.

B. All EMS responses inside the City limits will originate from Headquarters. Each EMS response will have police and/or National Guard protection and will respond under this protection to non- hostile areas.

5. OPCON 5

LEVEL 2, 3 and 4 must be operational.

A. Federal Law Enforcement Agencies and/or U.S. Armed Forces have now moved in to assist the National Guard with military and police actions. EOC, LCEMS communication and command posts will continue to function in the same locations. LCEMS actions and objectives remain the same.

B. LEVEL 3, 4, 5 stand downs require authorization from EMS command and the EMS Administrative Liaison.

6. CONTAMINATED PATIENT TRANSPORT UNITS

A. EOC EMS Command will see to it that an adequate number of vehicles are prepared for the transportation of patients contaminated with CS or CII gas. Every effort will be made to utilize the "prepared" vehicles if possible.

1) If the need arises to transport patients contaminated with CS or CII, such as patients that have time urgent injuries, the following items must be completed:

2) The entire patient compartment of the ambulance(s) must be lined with plastic.

3) Utilize the minimal equipment and supplies in the exposure area.

4) All on-board EMS staff will utilize the gas masks and full protective clothing.

B. The units utilized to transfer the contaminated patients will be re-used for these types of patients until the event is over. No non-contaminated CS or CII patients are to be transferred in the previously contaminated vehicles.

C. Decontamination will be completed based on the advice of TFD command.

7. ESCORT OPERATIONS

In order to respond to patients in the troubled areas, LCEMS, Fire, and Law Enforcement will respond together in order to enhance the safety of the emergency responders. The staging area for Escort Operations will be at TFD station #4 on the training field unless otherwise directed by EMS command.

A. A "staging coordinator" will be assigned by LCEMS Command, and three EMS units will be assigned to the escort staging area.

B. Each LCEMS staging unit will carry all necessary protective gear to enhance the safety of the staff. (See LEVEL 2)

C. Each EMS staging unit will communicate with staging command and EOC EMS Command on radio channel #3.

D. Calls for service within the trouble areas will be dispatched by EOC EMS Command. The request will be relayed to Staging Command. Response coordination will occur between EMS, TFD, and Law Enforcement staging command on site at the staging area. All requests will be responded to non-emergency unless an EOC EMS Command override occurs. At the time of the dispatch, Law Enforcement will send a unit to investigate the need and safety of the situation. Escort units are to standby in a safe area until cleared to enter.

E. Once enroute, the escort EMS unit will advise EOC EMS Command of all response activity, i.e., enroute, arrived, etc.

F. All communications between the escort units that are responding on the request will be on EMS Channel 3.

G. Should any of the escort vehicles receive rocks, bottles, etc., escort communications should occur and the response should be terminated. The lead law enforcement unit may also terminate the response if information becomes available via law enforcement sources that would warrant such a change.

8. DECONTAMINATION

During crowd control situations, law enforcement may utilize one or all of the following lacrimating agents CS, CN, or Pepper gas. All patients contaminated with these agents require the use of protective equipment by the EMS staff. (See LEVEL 2)

A. CS and CN (tear gas)

1) CS and CN are used as a multiperson crowd deterrent designed to

disperse crowds in extreme situations. All patients transported that are contaminated with CS, CN, or pepper gas require E.D. notification of the situation prior to patient delivery.

2) Patients contaminated with CS or 014 will require total body wash down prior to transport in most cases. During critical patient situation or incident critical situations, the Paramedic may choose to disrobe the patient quickly or wrap the patient in a blanket in order to expedite transport and prevent cross contamination. Decontamination could take place later in a safe location or at the hospital if necessary. If a patient is to be transported by EMS that has not been decontaminated of CS or CII, gloves, gas masks, and tyvek suits must be utilized to protect staff and prevent cross contamination.

3) LCEMS staff must be careful not to cross contaminate themselves by touching their face or hair with contaminated gloves.

4) If the patient's medical condition is not life threatening, the Paramedic may opt to remove the patient and rescuers from danger and decontaminate in a safe area prior to completing the transport to the hospital.

B. Pepper Gas

1) Pepper gas is normally utilized in a one-on-one law enforcement suspect incident. It is a lacrimator that is sprayed directly into the face of someone by law enforcement in order to gain control of the situation.

2) Patients contaminated with pepper gas are safe to transport in an EMS unit without utilizing full body decontamination or patient isolation techniques.

3) The patient’s eyes will be burning and should be flushed with water continuously until the discomfort diminishes (usually about 45 minutes after contamination)

4) LCEMS staff must be careful not to contaminate themselves through contact with the patient.

5) If law enforcement is not on scene when EMS is presented with a pepper gas patient, contact should be made with EMS command in order to advise law enforcement of the situation.

6) Notify the destination Emergency Department staff of the patient contamination and condition well ahead of delivery.

IV. TRANSPORT PROCEDURES

A. During escort responses the patient is to be removed from the scene ASAP with minimal care and treatment. Further intensive care can be performed after the LCEMS unit is in a safe area.

B. Maintain radio contact with the escort leader and LCEMS command.

C. Provide patient status reports to the Emergency Departments as soon as is possible, particularly in contaminated patient situations. Make radio contact with both Emergency Departments in a normal manner.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title: Controlled Substance Administration and Documentation

CAAS: 203.03.03

Effective: January 1, 2004

Reviewed: March 2008, December 2012, July 2015, December 2018

Revision: 4

Kim Landry, MD- Medical Director

Pages: 8

I. PURPOSE:

The purpose of the Leon County E.M.S. Controlled Substance Policy is to provide guidelines for and documentation of the security, storage, use and replacement of controlled substances and to provide a guide for meeting DEA and DOH requirements.

II. GUIDELINE:

All procedures and requirements of this SOG and the DEA and DOH pertaining to controlled substances will be met.

III. PROCEDURE:

1. Scope / Applicability

    a. The procedures of this SOG apply to all employees and agents of Leon County E.M.S. and applicable members of TFD (Tallahassee Fire Dept.).

    b. For the purposes of this SOG controlled substances are: Morphine Sulfate, Fentanyl, Versed, Dilaudid, Valium, and Ketamine. Other Important Medications include: Succinylecholine, Rocuronium and Toradol. This list will be expanded if Leon County E.M.S. adds other controlled substances meeting DEA regulations.

    c. Leon County E.M.S. and TFD shall use Operative IQ (OpIQ) inventory

management software as its primary tracking and documentation for Narcotic medications where role security is established.

2. Positions with access to controlled substances

    a. The following employees are authorized to access controlled substances stored in the logistics area: Chief, Deputy Chiefs, Major, Captains, Lieutenants, and Supply Technicians.

    b. Paramedics are authorized to access controlled substances located on their units. The controlled substances should only be accessed at the beginning and end of their shift, when the attending paramedic changes, and when necessary to administer a controlled substance.

3. Security and Storage of controlled substances

    a. Logistics

        i. All controlled substances not in use on a staffed unit will be stored in the controlled substance safe located in the logistics area at EMS Operations Center.

        ii. There are three controlled substance safes that maintain and store controlled substances:

            - 2 Narcs Safes – This is a Knox System safe where personnel defined in section 2(a) have individual PIN's for access. This safe maintains the revolving controlled substance inventory.
            - Narcotic Box Safe – Is the combination locked safe that houses narcotic boxes that are not in use.
            - The Fridge Safe – Contains other Important Medications that require advanced temperature control.

            Safes will remain locked at all times and will only be opened when necessary to distribute or collect controlled substances. Safe combination and PIN's will only be distributed to employees who are designated as requiring access under this SOG. The Narcotic Box safe combination will be changed from time to time and all Knox safes will be maintained by administrator.

        iii. The E.M.S. Operations center, including where the controlled substances are located, has limited access that is controlled and monitored by security access. The buildings and logistics area are under continuous digitally recorded video surveillance and patrolling armed security officers.

iv. Access to the storage area room is controlled by security access cards. The door to the storage room will remain shut and locked at all times when unattended. Only employees identified as requiring access to controlled substances under this SOG will be granted access. The security system creates a log with the date, time and person who accessed the storage room door. In case of system or power failure, Facilities Management and Security personnel are the only employees in possession of a key to open this door. Security access authorization will be reviewed from time to time to assure that only employees who require access to this area have been granted such access.

v. The storage room will be climate controlled to maintain an appropriate temperature of the controlled substances.

vi. Deteriorated or expired controlled substances will be electronically moved to the "Destruction Box" in OpIQ and stored in the Narcs Box safe, in a clearly marked quarantined container, separate from usable stocks.

vii. One Narc Box will be distributed in OpIQ to each ALS in-service unit or special event unit that originates at E.M.S. Operations Center at the beginning of the shift. The paramedic taking responsibility for the controlled substances will visually inventory the contents of the Narc Box through the Security Bag. They will assure that the Bag is sealed and has not been tampered with. The serial number and bar code on the bag should be clearly visible and easy to read. The paramedic will also verify the control numbers and expiration dates of the medications provided on the checkout screen for consistency with those in the security bag.

viii. Anytime a Security Bag is opened, The Bag needs to be reloaded in logistics. OpIQ loading of a Narcotic Security Bag maintains records including: the Narc Box number, the serial numbered sealed removed, the reason the seal was removed and the new serial numbered seal placed on the box.

b. Field

i. Controlled substances will be issued from logistics and will be sealed in a Security Bag and placed into a Narc Box then checked out in OpIQ. The Narc Box will be secured at all times in the Knox Safe unless being used.

ii. Issued Narcotics Boxes are stored in the locked controlled substance Knox Safe located on all ambulances.

iii. Paramedic's and EMT's will be issued a Knox Personal Identification Number. Knox PIN's are administered by authorized personnel. User PIN's are to be confidential and not shared. If for any reason a PIN number is shared, such as an unforeseen emergency, the incident should be reported to the on duty supervisor and the PIN changed. The Knox software records user activity and doesn't allow current PIN's to be viewed or accessed. The on duty supervisor or EMS I.T. Coordinator needs to be contacted for PIN reset.

iv. The storage area will be climate controlled to maintain an appropriate temperature of the controlled substances.

v. The controlled substances will only be accessed at the beginning and end of the shift and when necessary to administer a controlled substance.

vi. Controlled substances will only be stocked on deployed ambulances. The controlled substances will be removed from the out of service units and returned to the logistics storage area.

vii. Controlled substances used at special events will be issued from the logistics area and will be secured in a Security Bag and placed into a Narc Box as outlined in this SOG. The paramedic who signs out the controlled substances will assure security throughout the event. If there is not an appropriate location to lock the Narc Box, the paramedic will maintain possession of the Narc Box for the entirety of the special event, until it is returned to the logistics storage area.

viii. Any time that crew members change on a unit before the end of the scheduled shift for that unit, the controlled substances shall be inspected as outlined in section III(3)(a)(vii) of this SOG. If applicable, a Crew "Transfer" or Crew "Pick Up" must be performed in order to maintain record of possession.

ix. All documents related to narcotic use/inventory are maintained in OpIQ by the on-duty Supervisor or Supply Technician in accordance with 64J-1.004 (4c).

4. Inventory of controlled substances

a. Logistics

i. Upon receipt of new medications outlined in section III(1)(b), logistics personnel should immediately label each Medication or Narcotic with the unique Control Number.

ii. A perpetual inventory of the controlled substances contained in all the controlled substance safes will be recorded for each controlled substance covered by this SOG. Controlled substances secured in Narc Boxes are not included in this inventory and are inventoried separately.

iii. At shift change, a reconciliation and "Audit" of the perpetual inventory and the actual contents of the safe will be done in OpIQ. The count shall be performed by the logistics personnel and on-duty supervisor. A separate daily reconciliation of the Narc Boxes will be maintained.

iv. The Par levels and reorder points of controlled drugs and other Important Medications located in the supply room safes will be monitored and documented in OpIQ by logistics personnel. Based on manufacture availability, there shall be a minimum of 10 and a maximum of 50 carpujects/vials each of Morphine Sulfate, Fentanyl and Dilaudid located in the Narcs safe (excluding those already in sealed Narc Boxes). Also, there shall be a minimum of 10 and maximum of 50 carpujects/vials each of Valium and Versed located in the Narcs safe (excluding those already in sealed Narc Boxes). In addition, there shall be a minimum of 5 and maximum of 10 carpujects/vials each of Succinylcholine and Rocuronium located in the Fridge safe (excluding those already in sealed Narc Boxes) Finally, there shall be a minimum of 5 and maximum of 20 carpujects/vials of Toradol located in the Narcs safe (excluding those already in sealed Narc Boxes).

v. Narc Boxes that are issued from logistics will be signed in and out on OpIQ. OpIQ shall record: contents with Control Numbers, the date issued, serial number of the seal, person received by, date returned, and person returned to. OpIQ procedures maintains a continuous record of all Control Numbered medications and it's chain of custody.

b. Fixed Station Units

i. The off going and oncoming paramedic will take responsibility for the controlled substances at Shift Change. They will inspect the contents and will assure that the Narc Box has its Security Bag sealed with the correct serial number and visually verify the expiration dates.

ii. This inspection will be recorded on a daily basis by OpIQ Crew Transfer function. When a change of custody of controlled medications is being performed in the field, it is preferred that the Crew Transfer process be used. Crew Pick up should only be used when it is not possible to Transfer.

iii. The on duty supervisor will be notified immediately if there is any suspicious tampering or a question as to the integrity of the controlled substances or the serial numbered Security Bag.

iv. Once the inspection is complete and properly recorded, the oncoming paramedic is responsible for securing the controlled substances in accordance with this SOG.

5. Narc Box preparation

a. Narcotic Boxes will be numbered and prepared in OpIQ for distribution by personnel authorized in section III. 2. a. of this SOG.

b. For inventory purposes, each Narcotic Box will be assigned a unique identification number. A perpetual inventory of Narc Boxes will be maintained and reconciled by OpIQ as they are checked in/out.

c. One sealed Security Bag in a Narcotic Box will be prepared for each EMS unit and will be kept in the Knox safe on each unit. Carpuject syringe devices will also be kept in the Knox safe. The use of controlled substance "Administration" form is located on OPIQ check sheet.

d. The Narcotic Box will contain a Security Bag "Loaded" with (based on manufacturer availability): 2 Morphine 10mg Sulfate, 2 Sublimaze 100mcg (Fentanayl), 2 Diazepam 10mg (Valium), 2 Ketorolac 30mg (Toradol), 2 Midazolam 5mg (Versed), and 1 Etomidate 40mg (Amidate) vials, carpujects, prefilled syringes, and/or auto injectors.

e. Each medication shall be inspected to assure that it is sealed, has a unique Control Number, and that the fluid inside is not discolored. Each label will be inspected to assure that the medication is the correct dose and is not expired.

f. In addition to the Narcotic Box described above (III.5.d and III.5.e), the supervisor response vehicle will also be issued an RSI Box that will contain a sealed Security Bag Loaded with (based on manufacturer availability): no more than 5 yet no less than 2 vials of Succinylecholine. It will also contain no more than 5 yet no less than 2 vials of Rocuronium. In addition, it will contain 2 Sublimaze 100mcg (Fentanayl), 2 Midazolam 5mg (Versed), and 1 Etomidate 40mg (Amidate) vials. The RSI Box shall be stored within a locked cooler. The on-duty supervisor will make note of the seal numbers upon Crew Transfer at Shift Change.

g. It is the responsibility of the on-duty supervisor to ensure that all Narc Boxes with

Security Bags are accounted for; either locked in the Narcs Box safe or on the active trucks. The on-duty supervisor will monitor the OpIQ and check any outstanding Control Numbers with the LCEMS crews from time to time.

6. Use of controlled substances

    a. Controlled substances will only be administered to patients who meet the criteria as established by Leon County E.M.S. treatment and transport standing orders / protocols or when ordered to be administered by a qualified physician.

    b. Controlled substances may only be administered by paramedics. Prior to administration the paramedic should verify the following:

        i. The order received for medication administration
        ii. The name of the medication
        iii. The dose and route of the medication administration
        iv. The expiration date of the medication

    c. Administration of controlled substances will be reported to medical staff taking over care of the patient at the receiving facility.

    d. Record of use of controlled substances will be made on the patient information forms that are left at the receiving facility.

    e. Record of use of controlled substance will be recorded on the patient pre hospital treatment record. The following information will be recorded:

        i. patient's name who received the controlled substance
        ii. date the controlled substance was administered
        iii. time the controlled substance was administered
        iv. amount of the controlled substance that was administered
        v. route that the controlled substance was administered
        vi. name of the medical command physician who authorized the administration of the controlled substance

    f. The paramedic will complete ePCR appropriately, to include signatures for administration and waste. Also, complete entirely and submit the "Administration Form" in OpIQ.

    g. The unused portion of the controlled substance will be disposed of by the paramedic who administered the medication while being witnessed by one other clinician; for example, their partner or a hospital RN. The witness will complete the waste witness section of the ePCR.

h. All re-supply of controlled substances will occur at the logistics area of headquarters as soon as practical after the administration of the controlled substance and in accordance with section III (5) of this SOG.

i. After the Narc Box has been re-supplied with a new sealed Security Bag and the proper paperwork has been completed, that same Narc Box will be given back to the crew for continued use on their unit.

j. In situations where immediate re-supply is not possible a ready Narcotic Box with a sealed Security Bag may be Issued to the Crew Member. In these instances the paramedic will sign the used Narcotic Box back in and the newly assigned Narc Box with Sealed Security Bag out in OpIQ.

7. Records Storage

a. All current controlled substance documentation will be kept on OpIQ.

b. Dated controlled substance documentation is kept in a locked filing cabinet and OpIQ. This includes disposal of expired drugs through reverse distributor.

8. Monitoring of Expiration of controlled substances

a. Expiration dates are entered in OpIQ upon receiving inventory. Check expiration dates on all meds in the sealed Security Bag within the Narcotic Box each time the controlled substance is issued and returned. It is the responsibility of all personnel to monitor dates in OpIQ and return for exchange any controlled substance prior to expiration.

b. All expired Controlled Substances and other Important Medications, shall be transferred to the Destruction Box in OpIQ and stored in the safe in a quarantined area that is easily identified.

c. Expired controlled substances shall be disposed of through a DEA approved reverse distributor.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	EMTs Attending to Patients
Effective:	June 1, 2005
Reviewed:	December 2012, December 2015, December 2018
Revision:	1
Pages:	2

I. PURPOSE:

To ensure adequate staffing during patient treatment and transport.

II.GUIDELINE:

Leon County EMS shall maintain adequate staffing during patient treatment and transport. At a minimum, a Florida certified Emergency Medical Technician (EMT) will be in attendance of the patient at all times.

III. PROCEDURE:

- Certain patients transported by ALS licensed ambulances require no ALS procedures to be instituted or provided. In such instances EMTs can attend to the patient during transport given the following guidelines are followed:
    - EMTs attending non-ALS patients may do so only after a Paramedic has conducted an ALS assessment of the patient to determine if the patient's condition warrants ALS care. If the incident is trauma related, the Paramedic must take into consideration the mechanism of injury. Patients presenting with a mechanism of injury consistent with potentially serious injuries will be attended to by the Paramedic. This ALS assessment must be documented on the patient care report.
    - The EMT must feel comfortable in providing care for the patient. If the EMT is not comfortable in providing care for the patient, the Paramedic will attend to the patient.
    - If any negative change in patient condition occurs the Paramedic will immediately attend to the patient.
    - Patients whom have received any ALS procedure, intervention and / or care will not be attended to by an EMT. Examples of patients that EMTs are prohibited from attending:
        - Patients with IVs that are medicated or initiated in the prehospital setting.

- Patients that are intubated or who require airway control.
- A patient who's ECG is being or has been monitored.
- Patients that have been administered any medications by the EMS crew.

- The Paramedic will attend to the patient if any doubt exists as to what level of provider should attend to the patient.

LEON COUNTY E.M.S.

Standard Operating Guideline

Title:	Emergency Operations Plan
CAAS:	102.02.01 102.02.02
Effective:	June 1, 2005
Reviewed:	June 2007, July 2008, December 2012, December 2015, December 2018
Revision:	5
Pages:	43

I. PURPOSE:

To provide guidelines for implementation during disasters, HAZMAT events, bio terrorism/weapons of mass destruction events, hospital building fires and bomb threats.

II. GENERAL INFORMATION:

The LCEMS disaster, fire and safety plan is written with an "all hazards" concept. The plan is general enough and flexible enough to allow EMS management to respond to all hazards that could impact the community. Some hazards such as HAZMAT, bio/chemical/ weapons of mass destruction and hurricanes provide for more specific tasks to be completed. Attached to this policy are specific annexes for special hazardous events.

LCEMS will work within existing county and division policy to the extent possible during emergency situations. It is understood that situations may dictate actions outside of current policy. Actions so taken are expected to meet the overall vision toward safe, effective, legal, and efficient service delivery.

As a guiding planning principle, in the event of a disaster the County and LCEMS should expect to function without outside aid for three days. After 72 hours, state and federal resources may become available. While in some disasters state and federal aid may be available sooner, disasters impacting large regions or multiple states may slow the response of resources external to the county government.

LCEMS personnel should strive to continually maintain high levels of readiness. While some disasters permit advanced warning and preparation efforts, other disasters provide for little or no forewarning of their occurrence. Subsequently, while the use of this policy will largely be based upon the threat of hurricanes, LCEMS personnel shall adopt an all-hazards approach to disaster preparedness.

Command Staff are expected to exercise independent decision-making in the event of a total failure of communication systems.

Response to any disaster will not be the responsibility of a single-department. All county departments, offices, and agencies have an integral role to play in overall planning, preparation, response, and recovery.

LCEMS operates under the guidelines of Incident Command/Unified Command. As such, LCEMS Supervisory personnel will participate in the operations of the County Emergency Operations Center (EOC).

All expenses incurred by LCEMS directly related to the preparation and response to the event will be separately tracked. This includes but is not limited to regular time, overtime, cost of supplies, equipment used, etc.

III. GUIDELINE:

It is the policy of LCEMS to prepare, as much as possible, for potential major community situations and disasters. Preparation includes participation in community wide disaster exercises and collaborative participation with outside agencies and health care providers in community wide planning.

IV. LCEMS RESPONSE LIAISON AGENCIES:

For the purposes of identification, listed below are the local agencies that EMS plans, trains and responds to incidents with.

Leon County
County Commission
GIS
Sheriffs Office
Leon County Sheriff's Office Division of Emergency Management
County School System

City of Tallahassee
City Commission
Police Department
Fire Department
StarMetro
City Utilities/Water/ Sewer
Consolidated Dispatch Agency (CDA)

State of Florida
Division of Emergency Management
Bureau of Emergency Medical Services

University's/Colleges
Florida State University
Florida A &M University
Tallahassee Community College

Support Agencies
Talquin Electric
Williams Communications
American Red Cross
First Communications

Private Transportation Providers
Cab Providers
Medicaid Providers

Department of Community Affairs
Department of Health, Bureau of EMS
Regional Domestic Security Task Force

Federal Agencies
Secret Service
Federal Prison
FBI

Hospitals
Tallahassee Memorial Hospital
Capitol Regional Medical Center

V. SCOPE:

Hazards . Types and Levels, Leon County Comprehensive Emergency Management Plan 2002 (CEM Plan)

The City of Tallahassee and Leon County are exposed to many types of hazards. The hazards require varied levels of response from the local emergency agencies. These events can be, and usually are, handled locally. Rarely are there hazards that exhaust local resources ability to cope with the event. LCEMS plans, trains and responds with local, State and Federal Agencies to meet the needs of the community during crisis. This Emergency Operations Plan (EOP) is designed to clarify the actions and relationship of LCEMS to the emergency responders in the community. LCEMS follows the Leon County Comprehensive Emergency Management Plan (CEM Plan) methodology of operational phases. The operational phases are Monitoring, Alert, Mobilization, Response and Recovery. LCEMS has a role in each phase but the primary role for LCEMS occurs during the response/recovery phases.

According to the CEM Plan of 2002, the following hazards are possible threats to the City and the County. The hazards noted were selected because of their historical occurrences, the community's vulnerability, the severity of past events and the probability of their occurrence. The LCEP/EOP rates hazards in three distinct categories: High Risk, Medium Risk and Low Risk.

Hazard specific roles and responsibilities for EMS are listed in the annexes.

- High Risk- Hurricanes, Tropical Storms, Floods and Tornadoes
- Medium Risk- Major Structural Fire, HAZMAT/Transportation Incidents, Acts of Terrorism, Civil Disturbance, Power Failure, Aircraft Disasters and Civil Disturbances
- Low Risk- Radiological Emergencies

VI. PLAN DEVELOPMENT:

The EOP was developed using information provided by the CEM Plan, Tallahassee Memorial

Hospital & Capital Regional Medical Center Environment of Care Plans, the City of Tallahassee Regional Airport Emergency Plan, Department participation on local emergency committees (LEPC, WMD Bio-Terrorism Response Planning Committee, North Florida Regional Domestic Security Task Force, the County SNAPP Committee), American Red Cross, Leon County Sheriff's Office Division of Emergency Management, County Health Department, Amateur Radio Services, County Sheriffs Office, City Police Department, City Fire Department, State of Florida, Division of Emergency Management, State of Florida Bureau of Emergency Medical Services, Federal Bureau of Investigation and the United States Secret Service. Information acquired during training on subjects such as WMD/BIO Terrorism, HAZMAT, Multi-Casualty Incidents and Incident Command training was also used to develop the plan.

VII. SITUATION:

SUMMARY OF HAZARD ANALYSIS AND VULNERABLE POPULATION BY HAZARD

High Risk

- Hurricane/Tropical Storm: A hurricane/tropical storm will affect the entire population of the County. As such, they are the hazard of highest risk with the greatest impact on the population. The primary threats are high winds, tornadoes and flooding. Emergency Medical Services could easily be overwhelmed with requests for service. Emergency response and mutual aid would be ineffective until roads were made passable. The population is at great risk from isolation (impeded transportation, no power or phones) as the roads/power lines/telephones have historically been interrupted due to fallen trees.

- Floods: The County has many flood prone areas. The populations that reside and / or works in the flood prone areas are vulnerable. Most of the areas are well known due to past events. Floods usually are short in duration but significantly impact the population of the County. Roads become impassable and LCEMS responses are impeded. Some areas could be accessed only by boat. LCEMS would have to coordinate with Emergency Management and the Fire Department to access boats for response and evacuation. There are two nursing homes in flood prone areas. The residents of the nursing homes are vulnerable and are at risk for emergency evacuation.

- Tornadoes: All citizens within the County are vulnerable to tornadoes but the mobile home population is the most at risk. The State of Florida has the highest number of tornadoes in the United States. Again, road conditions will dictate the ability of EMS to effectively respond to a tornado event. If a significant tornado event was to occur in a populated area, i.e. F-3, 4 or 5, LCEMS would quickly be overwhelmed with requests for service and search and rescue. Mutual aid from other EMS providers would be necessary to execute a reasonable response. "Field hospital(s)" in the affected area(s) may be necessary.

MEDIUM RISK

- Major Structural Fires: The City has many high rise buildings. During business hours, a significant portion of the working public is vulnerable to high rise fire. Traditional fire fighting equipment allows for fire fighting at the lower levels of the buildings. Populations located above the fire may be trapped in the buildings. LCEMS would not have a direct role in the search and rescue from the building, but would rather be tasked with triage, treatment and transportation of the rescued parties.

- Terrorism/Weapons of Mass Destruction: The events of September 11, 2001, changed the concepts Americans had for terrorism. As evidenced that day, the population is vulnerable to the actions of persons intent on terrorist activities. Tallahassee/Leon County is considered to be at risk for an act of terrorism. State government, major universities, regional health care institutions and a railway that runs through the heart of downtown Tallahassee are all prime targets. As an example, large scale and usually nationally televised Florida State University football games or during the State's legislative sessions would be ideal times for a terrorist to strike. An attack on Tallahassee during these events of similar magnitude to September 11 would grossly overwhelm the local resources in Tallahassee.

- HAZMAT/Transportation Incidents: Based on the LCEP, there are sixty (60) facilities that generate varying levels of HAZMAT threat (LCEP 2002). The release of hazardous materials from one of these sites represents a risk to the population adjacent to the facility and, based on the material released and wind conditions, populations downwind from the release. A railway system carries hazardous materials through the County urban and suburban centers. At risk and vulnerable is the population living in close proximity to the rail system. Hazardous materials are transported daily by all types of vehicular means through all types of population centers. Populations in close proximity to the roadways and storage facilities are vulnerable and at risk. LCEMS would coordinate a response under the command of the Tallahassee Fire Department (TFD). LCEMS would only operate in the "cold zone" and would accept decontaminated patients from the TFD. Triage, notification of the hospitals, treatment and transport are the main functions of LCEMS at a HAZMAT incident.

- Civil Disturbance: State Government and Federal offices are located in the County. As significant population is employed by the State and Federal Systems, this population is vulnerable and at risk for Civil Disturbance events such as terrorism. LCEMS would coordinate a response under the command of the Law Enforcement agency in charge. LCEMS does not respond into the "civil disturbance" area but instead will establish a triage/treatment site nearby, upwind and uphill from the incident. Triage, notification of the hospitals, treatment and transport are the roles of LCEMS. LCEMS staff will use "universal protection", IB, eye goggles and gloves, to prevent cross contamination of crowd control gasses and sprays. Proper

decontamination, prior to transport, is the key to operational success.

- Air Craft Incidents: The Tallahassee Regional Airport is the commercial airlines depot. Many flights land and take off daily with varying quantities of passengers on each flight. The vulnerable population of an air craft accident are the passengers on the plane and populations in the flight path of the airport. The airport has an emergency plan and exercises it tri-annually. LCEMS coordinates a response under the Unified Command Structure. Utilizing local and regional resources, LCEMS will establish a triage/treatment site, a walking wounded site and a temporary morgue site. LCEMS will notify the hospitals of the incident and will provide continuous updates of patient quantities and status. Treatment will be provided at the two triage sites and transport will be provided by ambulance, helicopter and/or by bus.

LOW RISK

- Radiological Incidents: There are no nuclear power plants within 50 miles of the County. There are low level radiation users in the County. Examples are Florida State University and Tallahassee Memorial Hospital. Additionally, radiological materials are transported by vehicles on a daily basis. There is a low risk to the populations for radiological events. Any response to a radiological incident will be under the command and control of the TFD. LCEMS will not enter the "hot zone". All patients to be treated and transported by LCEMS will be properly decontaminated and isolated, if necessary, by the TFD, prior to transport.

VIII. CONCEPT OF OPERATION:

Concept of Operations is an overview of general operational levels of LCEMS.

LCEMS operates in five phases of readiness.

OPCON 1 (Operating Condition 1) Normal Operating Conditions

- Monitoring Phase – During the monitoring phase LCEMS will maintain itself in a state of readiness. This is accomplished through mitigation and preparedness initiatives such as training, exercising, policy review, situational status monitoring and research. LCEMS participates with the Leon County Sheriff's Office Division of Emergency Management (LCSO – DEM)) in response policy development and County EM community/region wide drills.

OPCON 2 (Operating Condition 2) Developing Situation

- Alert Phase – During the alert phase, LCEMS has been made aware of a potential threat and is monitoring that particular situation with high interest. During this phase preparations are made to respond, as necessary, to the event. Status of LCEMS vehicle availability, fuel levels, supply stock levels and availability, staff availability, etc are checked. If the threat is perceived to likely develop into an actual event, staff is notified of the pending issue, shift schedules are reformatted, vehicles are readied,

etc. LCEMS participates in LCSO - DEM response planning activities as needed.

OPCON 3 (Operating Condition 3) Increased Readiness

- Mobilization Phase – During the mobilization phase, LCEMS will enact internal response plans including activation of the Division Emergency Operations Plan, staff recall, deployment of resources, etc. If the event is significant enough mutual aid availability will be confirmed and the EMS Division will send representatives to the County EOC.

OPCON 4 (Operating Condition 4) Response

- Response Phase – During the response phase LCEMS will be fully activated, responding to the needs of the community. The events will be coordinated through the cooperative efforts of the EOC's. Staff recall and mutual aid may be activated. During certain situation, such as hurricanes, response activities will be terminated until conditions return that permit the safe response of emergency vehicles.

OPCON 5 (Operating Condition 5) Recovery

- Recovery Phase – During the recovery phase, usually the busiest phase for LCEMS, the Division responds to the needs of the community. Physical injury of the recovering public is the norm and as a result, LCEMS utilization is historically high. Also during the recovery phase, LCEMS critiques it's response to the event. Policies are reviewed for accuracy, new policies are written and efforts are made to improve services for the next event

IX. ORGANIZATION:

LCEMS is a Division of the Leon County Public Service Department. The EMS Chief reports to the Deputy County Administrator who reports to the County Administrator who in turn reports to the County Commission. Paramedics, EMT's and Support Staff make up the EMS Division. The Division has Shift Captains, Sergeants, Lieutenants, Majors, Deputy Chiefs and a Chief. EMS Leadership represents LCEMS on numerous local and state wide constituency groups. Each Shift Captain, Major, and Deputy Chief has additional duties assigned to them such as IQM/Training, MIS System Administrator and Communications, etc.

Chain of Command

- Chief
- Deputy Chiefs
- Majors
- Captains
- Lieutenants/Charge Paramedics
- Paramedic IIs

- Paramedic Is
- Paramedics
- EMT IIs
- EMT Is

Planning Boards

Through the planning board process, the Division monitors daily activities, policy and procedure review, public events planning, vulnerability analysis, safety, disaster planning, etc, and recommends enhancements designed to improve department operations. Planning boards are comprised of stakeholders of various departments that are potentially going to be affected by a proposed change. Participation represents a cross section of staff and management. Planning boards attempt to reach consensus on issues prior to implementation of any recommended enhancement.

Coordination with LCSO - DEM

The Chief is the liaison with the LCSO - DEM. The Chief, or his designee, attends planning sessions with the LCSO - DEM. Areas targeted are WMD, hurricane response, special events planning, emergency exercises, SNAPP client reviews, 911 system and policy development, etc. During community events, the Chief will assign members of the Division's leadership to staff to County EOC. LCEMS participation in the County EOC is at the discretion of the LCSO - DEM.

X. TRAINING AND EXERCISING:

LCEMS annually trains staff on all manner of patient care scenarios. Certifications are maintained by staff in ACLS, ITLS, pediatric care, and Emergency Medical Dispatch. Additional training in geriatric care, infection control, universal precautions, scene safety and HAZMAT, WMD and now Bio Terrorism are routine. Additionally, LCEMS participates in City/County EM training exercises. Examples are WMD/Bio Terrorism, SWAT and county wide scenario development/exercises such as table tops and full scale exercises. LCEMS participates in large scale community wide "disaster" exercises. The County EM coordinates and critiques all exercises. LCEMS participates in the critiques in order to improve our processes.

XI. PROCEDURE:

Types of Disaster

Outlined below are basic disaster situations that may be faced by LCEMS and the response that might be required in each situation.

1. EXTERNAL DISASTERS - Minor community disasters involving relatively small

numbers of casualties (storm, fire, flood, hurricane, explosion, epidemics, HAZMAT, Bio/WMD terrorism, etc.).

Response – treatment/isolation of casualties.

2. EXTERNAL DISASTERS – Major community disaster involving out of hospital treatment areas for large numbers of casualties (storm, fire, flood, hurricane, explosion, HAZMAT, Bio/WMD terrorism, epidemics, etc.)

Response – Assist with the opening of off site patient care facilities in the community. Mass isolation activities possible.

3. DISASTERS IN THE REGION – The region is susceptible to disasters. Through informal mutual aid agreements, LCEMS may be called upon to assist during regional times of need. LCEMS is the Region II Primary EMS Provider for WMD incidents. Trained and equipped by the State, the LCEMS WMD team is available to respond to regional WMD incidents.

Response - expansion of LCEMS services could include staff recall and response to an event in the region. LCEMS personnel may be utilized to augment the hospitals' ability to cope with patient surges. LCEMS could also be utilized to evacuate patients from TMH, CRMC, or nursing homes to other hospitals or facilities in the region.

A. LCEMS FUNCTIONS IN DISASTERS

- Respond to local or regional disasters.
- Participate in Leon County Emergency Operations Center activities.
- Coordinate field medical responses and resources in conjunction with other agencies on scene.
- Provide casualty care and transportation.
- When assigned to assist at TMH or CRMC, provide continuing care to patient's in the Emergency Center.
- Respond to Region II WMD events serving as the primary EMS provider for the region.

B. INITIATION OF THE LCEMS DISASTER PLAN:

Community disasters can come in many forms; explosions, hurricanes, HAZMAT incidents and acts of terrorism. When made aware of a situation that could be classified as a disaster, the Chief or designee, usually the Shift Supervisor, will locate the emergency operations plan and multi-casualty incident policies and

initiate the plans.

C. EMPLOYEE IDENTIFICATION

All LCEMS employees are issued ID cards. When an LCEMS employee is recalled during any special circumstance, the ID card must be worn in order for the employee to be given access such as, at law enforcement road blocks or barriers, to Headquarters or at the incident site.

D. INCIDENT COMMAND JOB ACTION SHEETS

LCEMS utilizes the Incident Command Structure. All incidents must have certain tasks completed or at least considered for action as part of the response. The department "Multiple Casualty Incident (MCI) Plan describes, in detail, LCEMS operations at a major/MCI incident. Included in the MCI plan are Job Action Sheets for LCEMS Command, Triage, Treatment, Transportation, Staging, Communications, Dispatch and Helicopter landing zone leaders. Each task on the job action sheets are to be checked off/considered and initialed by the person assigned to that task.

E. ON SCENE DISASTER CARE – Specific on-scene activities are addressed in LCEMS multiple casualty plan policy.

F. **PERSONAL PREPAREDNESS**
As all LCEMS members are subject to work during any disaster, it is recommended that all personnel plan for the possibility of their absence from home during an event. It is recommended that this be completed during normal operating conditions. It is the member's responsibility to monitor events and make necessary adjustments to their personal and family preparations. Each member must recognize the potential for his recall to work for extended periods. Considerations for such a plan include, but are not limited to:

_ Arranging for the sheltering of immediate family members
_ Emergency travel routes
_ Emergency contact information
_ Maintaining supplies in the home (food, cooking supplies, flashlights, etc)
_ Maintaining items necessary to secure personal property
_ Maintaining supplies for use during a recall
_ Maintaining supplies in-station for unforeseen events

There are websites and pamphlets offering specific information on emergency preparedness to the general public, including those of FEMA, Florida Department of Emergency Management, and the Red Cross. Members are urged to take advantage of these information resources to prepare their families. Appendix B provides an Individual Readiness Checklist. Members should plan on providing sufficient food, water, and personal items to sustain themselves for 72 hours. Under disaster conditions, LCEMS shall attempt to provide food, water, and

miscellaneous items to those members who are in need, but there is no guarantee as to the quantities that will be available or the time frame when supplies can be delivered.
All career uniform and non-uniformed personnel are classified as essential employees under the COOP plan and are therefore required to report for duty regardless of the County's operational condition.

STATION PREPAREDNESS PLANNING
Each station and office shall develop a site-specific disaster preparedness plan. The development of station plans shall be the responsibility of Command Staff. The station disaster preparedness plan should include, but not be restricted to, the following issues (see Appendix C Station Disaster Preparation Planning Guide):
_ Evaluation of emergency generator capabilities
_ Identification of specific fuel needs and the identification of the closest fueling sites
_ Designated sleeping areas
_ Potential issues with overhead lines
_ Identification of major medical target hazards in the first-due area
_ Evaluation of alternative water supply (i.e., water heater)
_ Evaluation of HVAC capabilities
_ Designation of in-station decontamination and PPE drying areas
_ Designated tornado safe sites
_ Identified needs to control parking inside and outside the station
_ Evaluate the potential for housing long-term (24+ hours) relocation of LCEMS personnel from stations that have been evacuated
_ Identification of alternative hygiene facilities (means and site)
_ Identification of station evacuation preparations
_ Designated office space
_ Designated storage areas for personal disaster kits
_ Planned station evacuation procedures
_ Options for adding additional units into the station, if possible
_ Identified sites to post special instructions for civilians in case the station is emptied

LEON COUNTY EMS

EMERGENCY MEDICAL SERVICES FUNCTIONAL ANNEX

FIRES IN THE EMS DEPARTMENT

1. What to do in case of Fire at Headquarters:

    A. If you see smoke or flames carry out the following steps in the order listed:

        1. Remove any persons in immediate danger
        2. Call 9-1-1 to report the fire
        3. Close doors to the fire area
        4. Help to extinguish, control, or contain the fire until the fire department arrives. Secure fire extinguishers and use on the fire. Aim directly at the burning object, not at flames or smoke except in case of burning liquid. Aim just above burning liquid to avoid splashing and spreading the fire. Be sure to use the correct type of extinguisher

    B. If you smell smoke, but do not see smoke or flames carry out the following steps in the order listed:

        1. Call 9-1-1 to report the problem.
        2. With the assistance of others in your work area, make a careful search of the area in which the smoke odor is located.
        3. If you discover flames or visible smoke, carry out the procedure in #1-A.

2. What to do in case of fire at County stations:

    A. If you see smoke of flames, carry out the following steps in order listed:

        1. Alert your partner & TFD crew.
        2. Call 9-1-1.
        3. Notify EMS Dispatch of the problem.
        4. Attempt to control or extinguish the fire with the fire extinguisher.
        5. Do not re-enter the building once exited until TFD declares the area safe.

    B. If you smell smoke, but do not see smoke or flames, carry out the following steps in order listed:

        1. Notify the TFD crew of the problem.
        2. Notify LCEMS Dispatch by radio of the problem.
        3. Exit the building until scene is declared safe by TFD personnel.

EMERGENCY MEDICAL SERVICES FUNCTIONAL ANNEX

HAZMAT/WMD/RADIOACTIVE MATERIALS/BIO-CHEMICAL AGENTS

I. PURPOSE

A. To provide emergency care for persons injured in an area contaminated with HAZMAT/WMD/Radioactive Materials/Bio-chemical agents.

B. To provide a guide for emergency personnel giving aid to those injured.

II. GENERAL INFORMATION

The responsibility of LCEMS personnel at Hazmat/WMD/Radioactive/Bio-Chem events is to Recognize the event, Isolate the area, Protect the area and individuals potentially in harms way and Notify other response agencies of the situation

LCEMS personnel shall use caution when responding to a person down, multiple sick people or other events at a facility known to manufacture, ship or use chemicals or other hazardous materials and at locations of significance (public places, capital, court house, stadiums, civic center) and in accidents involving cargo vans, tractor trailers, trains and other vehicles commonly used to transport hazardous materials.

All HAZMAT/WMD/Radioactive Material/Bio-chemical agent incident scenes operate under the control of the Tallahassee Fire Department (TFD). The scene will be divided into three main work areas:

A. HOT ZONE- area of contamination. LCEMS personnel are never to enter the scenes HOT Zone.

B. WARM ZONE - area of patient care and patient/responder decontamination. LCEMS personnel are never to enter the warm zone. Any patient care provided will be accomplished by TFD.

C. COLD ZONE- area of LCEMS operations. Decontaminated patient delivery to LCEMS personnel will transition in this zone. The patient is to be fully decontaminated prior to delivery to LCEMS for transport.

III. PROCEDURE

A. Upon receiving a call that involves HAZMAT/WMD/Radioactive Materials/Bio-chemical agents, the dispatcher will send a minimum of one ambulance and a supervisor to the scene.

B. The dispatcher will advise the responding crews and hospital emergency rooms of the potential problem.

C. Dispatch will obtain the wind conditions and report the information to the responding EMS personnel so that a safe approach will occur. The wind direction can be obtained by calling the National Weather Service.

D. Access to the scene will not occur until the scene is declared safe by TFD. Based on information received from TFD dispatch, the responding EMS unit will be directed where to stage in the cold zone. Usually access will be upwind side of the site. EMS should not enter if fire/plumes are involved due to possibility or airborne contamination.

E. Dispatch will also obtain product information from either the original caller or TFD. This information is to be relayed to all responding agencies and receiving hospital emergency departments.

F. Upon arrival at the scene, the LCEMS charge person (first Paramedic on the scene) or Shift Supervisor will:

1. Obtain a situation report form the TFD Incident Commander.

2. Obtain the name of the hazardous material/WMD source/ source of radiation/bio-chemical agent and proper decontamination procedures to be followed by LCEMS personnel after transport.

3. LCEMS Command will advise EMS dispatch of the situation and will pass on decontamination procedure information.

4. Depending on the incident, LCEMS Command will request EMS dispatch to respond the WMD trailer to the scene.

5. LCEMS personnel will utilize the recommendations of the Emergency Response Guide published by the US Department of Transportation appropriate for the material identified to guide the EMS response and management.

G. When providing patient care to any decontaminated HAZMAT/WMD/Radioactive Materials/Bio-chemical patients, LCEMS will take the following protective precautions.

1. Ideally, the LCEMS crew member providing patient care will utilize the Proper Personal Protection Equipment (PPE) against any remaining hazardous material. If it is necessary for the driver of the vehicle to don the PPE at the incident site, he/she must remove and properly contain the clothing prior to transport to minimize vehicular contamination.

2. The decontaminated patient will be placed in the disposable pouches (body

bags)so that only the face is exposed. This action reduces the cross contamination of any hazardous material to the ambulance equipment. Consider lining the rear of the ambulance with plastic while the unit is in the staging area awaiting clearance by TFD.

3. Each LCEMS staff member must maintain familiarity with the limitation of PPE. NOTE: EMS PPE must not be used by LCEMS personnel to enter contaminated atmospheres; intentional or prolonged direct chemical contact or chemical clean-up/decontamination procedures.

4. The enclosed respirator will not filter contaminated air or protect the user by providing an artificial and safe breathing environment. It is the role of the Fire Department to remove patients from hazardous material environments and to fully decontaminate the patient prior to delivery of the patient to LCEMS.

H. Judicious use of IV therapy is indicated due to the potential for introduction of internal contamination. Provide any BLS and ALS procedures as needed. DO NOT USE TAPE as the tape abrades to skin and may cause further patient contamination.

J. LCEMS Command is to advise the receiving hospital emergency centers as soon as possible that a HAZMAT/WMD/Radioactive Materials/Bio-chemical agent decontaminated patient is going to be transported to their facility. This will be a follow-up to Dispatch's initial notification.

K. Standard practices of patient care are to be followed when caring for and transporting the decontaminated patient, while maintaining rescuer personal protection.

L. Patient delivery procedures at TMH:

Upon arrival at TMH, park at the HAZMAT/DECON reception site at the Bixler Emergency Center. The transporting crew will assist in unloading the patient from the ambulance and then will receive decontamination by the emergency center staff. The Emergency Department staff will deliver the patient to the Bixler Emergency Center for further decontamination.

M. Patient delivery procedures at Capital Regional Medical Center (CRMC):

Patient delivery sites at Capital Regional Medical Center can be obtained via their Emergency Department radio. The transporting crew will assist in unloading the patient from the ambulance and then will receive decontamination by the emergency center staff. The Emergency Department staff will deliver the patient to the Emergency Center for further decontamination.

N. Based on decontamination processes suggested by TFD Command, LCEMS personnel, the ambulance stretcher, LCEMS equipment and ambulance will be

decontaminated prior to further use. Specific personnel, vehicle and equipment decontamination procedures, as in the case of patients that have encountered radioactive material, may also be obtained through TFD dispatch.

0. Post incident, LCEMS staff are to obtain follow-up evaluations from Hospital Emergency Department, complete an Incident Reports and Employee Initial Notice of Injury.

4. TRAINING:

LCEMS will train with local law enforcement, fire services and hospitals to effectively operate under the Incident Command structure. Other goals of training are to safely operate in the HAZMAT environment and process the contaminated/decontaminated/multi-system injured patient on scene, en-route and at the hospitals.

EMERGENCY MEDICAL SERVICE FUNCTIONAL ANNEX

SCENE INVOLVING WEAPONS/ASSAULTS IN PROGRESS

1. It is the policy of LCEMS that no employee will place themselves, another employee and when possible the patient in jeopardy while responding to calls or while providing patient care.

2. LCEMS crews will not be sent to an incident scene where weapons are being used or assaults are in progress. To the extent possible, it is the responsibility of LCEMS dispatch to assure scene safety for EMS personnel through communication with law enforcement. LCEMS Dispatch will direct the LCEMS crews to stage a minimum of one block away from such incidents until the scene is secured and made safe by law enforcement.

3. If a LCEMS crew is faced with a potentially life threatening situation, is threatened or feels threatened the crew is to call via radio "10-24" also stating their location or activate their orange panic button on their portable radio. These codes are only to be used when law enforcement is needed immediately to protect the lives and safety of the EMS crew, the patient or public. LCEMS dispatch will immediately notify the appropriate law enforcement agency of the situation. The Shift Supervisor will be notified of the situation and shall respond to the scene.

4. Should a LCEMS crew be on scene with a patient and the environment become so hazardous that the EMS crew feels that they are physically in danger, the LCEMS crew may elect to vacate the scene without the patient if necessary. The first consideration of the LCEMS crew must be their personal safety. The LCEMS crew will move to a safer location while notifying LCEMS dispatch of the situation and need for additional resources. The LCEMS crew will need to provide EMS dispatch with as much information about the situation as possible so that assisting agencies can respond appropriately (IE; violent bystanders, weapons, etc.). The LCEMS crew will not approach or return to the scene until the scene is secured and deemed safe by law enforcement.

5. LCEMS personnel who elect to utilize body armor may do so, but must comply with the "DO NOT ENTER UNTIL SECURED" policy as stated above. Reference S.O.G. 425.00 for LCEMS SWAT Medics guidelines.

EMERGENCY MEDICAL SERVICE FUNCTIONAL ANNEX

CIVIL UNREST

I. PURPOSE:

To provide a guideline for LCEMS personnel in instances of civil unrest.

II. GUIDELINE:

Upon notification that a civil disturbance exists, LCEMS personnel and vehicles will not enter civil disturbance areas unless notified by the appropriate Law Enforcement Agency that the area is secure and safe for LCEMS personnel to respond and work.

III. PROCEDURE:

1. **OPCON 1 (Operating Condition 1)**

   A. Normal operations of LCEMS is such that the in-service ambulances will be stocked and staffed so as to respond to the normal EMS events of the day.

   B. Should the Shift Supervisors receive information from a reliable source that events are about to unfold that would seriously exceed the abilities of normal staffing, then the Shift Supervisor will initiate OPCON 1A

      1) **OPCON 1A** requires notification of superiors of the potential situation. LCEMS Dispatchers are to begin utilizing their "Disaster Checklists". (See "Plan A".) Notifying the following of the situation:

         1. Chief
         2. Deputy Chiefs

      2) An immediate analysis of vehicles, equipment, and extra staff in an effort to meet the possible demand will be done. Efforts will be made to enhance fleet readiness by attempting to retrieve vehicles at repair shops and stocking and fueling extra vehicles.

      3) At the discretion of the Chief or Deputy Chiefs - dispatch will contact off-duty personnel notifying EMS staff of the potential pending recall and will advise all contacted staff to monitor their pagers for possible recall and cancellation, and to charge both batteries. All staff will be reminded to have on their person their LCEMS ID tags if recalled.

4) The Shift Supervisor will attempt to arrange the removal of the private autos of the EMS staff whose stations are located within the potential problem areas.

5) OPCON lA can be canceled by the Shift Supervisor upon receipt of information to that effect by a reliable source.

2. OPCON 2 (Operating Condition 2)

OPCON 2 is initiated when a confirmed civil disturbance exists. Such confirmation must come from a reliable source.

A. Requires the immediate recall of all available LCEMS staff and has them respond to Headquarters with their radios, extra batteries and chargers, and uniforms with I.D. tags. Dispatch is to continue to utilize their "Disaster Checklists".

B. The on-duty supervisor will respond to the Law Enforcement command Post on scene and assume EMS command. LCEMS Command will establish and maintain on-scene EMS operations such as triage, communications, and transportation. If a Law Enforcement EOC is activated consideration must be given to EMS being represented.

C. LCEMS Command must evaluate the EMS needs of the situation and consider the activation of mutual aid. If mutual aid is activated, EMS Dispatch will coordinate the response routes of the mutual aid EMS vehicles. All mutual aid vehicles will be advised as to what EMS channel to utilize for the event. This decision is to be coordinated by Dispatch and EMS Command. It is the intent of this plan to utilize only LCEMS units during escort situations. (See "Escort Operations" at the end of this policy.) LCEMS requests that are not located within the troubled areas will be handled with LCEMS units and mutual aid units.

D. EMS Dispatch will advise all surrounding counties of the local situation. Each county will be notified that radio approval of inbound vehicles prior to entry into Leon County is necessary in order to eliminate the accidental entry of an out-of-town EMS unit into a hazardous area.

E. A command officer will represent LCEMS at the County EOC.

F. The following additional operation positions must be filled ASAP with recalled personnel.

1) Dispatch – Additional dispatcher.

2) Equipment and Supplies – Recall the Supply Tech’s.

G. The remaining recalled EMS staff will be assigned duties PRN.

H. All LCEMS units that are taking calls within the troubled areas will respond to Command Post authorized requests for service utilizing Command Post authorized routes with law enforcement escorts. Under no circumstances will any LCEMS personnel respond to any requests for service within an active disturbance area. Law enforcement will coordinate the removal of victims from an active disturbance area.

I. If tear gas is being used by Law Enforcement, field crews will utilize the patient isolation coveralls, jumpsuits, goggles/gas masks (depending on the situation), and double gloves for protection during patient care situations. Extreme caution must be exercised not to cross contaminate the EMS responder. EMS command will consider the need to prepare one or more EMS units as contaminated patient transport units. (See the guide for contaminated transport units following LEVEL 5.)

J. It will be the discretion of the LCEMS personnel as to whether or not to stop for private citizens attempting to flag down an ambulance. The decision must be made based on current environment, location, etc.

K. No red lights or sirens will be used near civil disturbance areas.

L. If at any time LCEMS unit/crew is threatened, attacked, etc., personnel will withdraw immediately to a safe area. Communication of such an event must be relayed immediately to EMS command.

M. Ideally, LCEMS personnel will treat and transport decontaminated patients. If a patient that requires transport has not been decontaminated, LCEMS staff will wear protective clothing and will isolate the patient to prevent cross contamination. E.R. notification must be made early so that proper preparations can be made.

N. Patients that are under arrest will be accompanied of a Law Enforcement representative on board during transport. This may need to be coordinated through EMS command.

P. A stand down of OPCON 2 will occur after consultation between EMS command and the EMS Liaison in the EOC.

Q. LCEMS staff must do a thorough secondary survey of all patients in order to discover weapons that may be on the patient. Weapons are to be turned over to the Law Enforcement Officer on scene or Security at the hospitals.

R. During OPCON 2 only the family members of young children will be allowed to ride with the patient in the ambulance.

3. **OPCON 3 (Operating Condition 3)**

OPCON 2 must be fully operational.

A. If the situation appears to be of long duration and the EOC is activated, then LCEMS will move to OPCON 3.

B. Legal authority now changes to the Leon County Sheriff or Tallahassee Police Department. Senior EMS supervisory staff will be assigned to the County EOC for resource coordination, if not already implemented. EMS Command will relocate to or in some way participate in the City/County EOC and will change in designation to EOC EMS Command.

C. During OPCON 3 a law enforcement escort staging area will be established. EOC EMS COMMAND will coordinate staffing of the escort staging area. All EMS units assigned to the staging area operations will utilize channel 2 for escort control. All other EMS units will remain on the LCEMS Channel 1.

D. Law enforcement escorts are designed to provide protection to the LCEMS or Fire units responding to "safe" areas within the troubled zone. All responses will be in the non-emergency mode.

E. Under hazardous situations, law enforcement will extricate the patient. The law enforcement vehicle will then meet EMS at a safe area for patient delivery.

4. **OPCON 4 (Operating Condition 4)**

OPCON 2 and 3 must be operational.

A. Florida National Guard now on the scene, Tallahassee has been declared an area of civil disturbance by the Governor and resources are unable to cope with the situation. All operation centers will remain open.

B. All EMS responses inside the City limits will originate from Headquarters. Each EMS response will have police and/or National Guard protection and will respond under this protection to non- hostile areas.

5. **OPCON 5 (Operating Condition 5)**

OPCON 2, 3 and 4 must be operational.

A. Federal Law Enforcement Agencies and/or U.S. Armed Forces have now

moved in to assist the National Guard with military and police actions. EOC, LCEMS communication and command posts will continue to function in the same locations. LCEMS actions and objectives remain the same.

B. OPCON 3, 4, 5 stand downs require authorization from EMS command and the EMS Administrative Liaison.

6. CONTAMINATED PATIENT TRANSPORT UNITS

A. EOC EMS Command will see to it that an adequate number of vehicles are prepared for the transportation of patients contaminated with CS or CII gas. Every effort will be made to utilize the "prepared" vehicles if possible.

1) If the need arises to transport patients contaminated with CS or CII, such as patients that have time urgent injuries, the following items must be completed:

2) The entire patient compartment of the ambulance(s) must be lined with plastic.

3) Utilize the minimal equipment and supplies in the exposure area.

4) All on-board EMS staff will utilize the gas masks and full protective clothing.

B. The units utilized to transfer the contaminated patients will be re-used for these types of patients until the event is over. No non-contaminated CS or CII patients are to be transferred in the previously contaminated vehicles.

C. Decontamination will be completed based on the advice of TFD command.

7. ESCORT OPERATIONS

In order to respond to patients in the troubled areas, LCEMS, Fire, and Law Enforcement will respond together in order to enhance the safety of the emergency responders. The staging area for Escort Operations will be at TFD station #4 on the training field unless otherwise directed by EMS command.

A. A "staging coordinator" will be assigned by LCEMS Command, and three EMS units will be assigned to the escort staging area.

B. Each LCEMS staging unit will carry all necessary protective gear to enhance the safety of the staff. (See OPCON 2)

C. Each EMS staging unit will communicate with staging command and EOC

EMS Command on radio channel #3.

D. Calls for service within the trouble areas will be dispatched by EOC EMS Command. The request will be relayed to Staging Command. Response coordination will occur between EMS, TFD, and Law Enforcement staging command on site at the staging area. All requests will be responded to non-emergency unless an EOC EMS Command override occurs. At the time of the dispatch, Law Enforcement will send a unit to investigate the need and safety of the situation. Escort units are to standby in a safe area until cleared to enter.

E. Once enroute, the escort EMS unit will advise EOC EMS Command of all response activity, i.e., enroute, arrived, etc.

F. All communications between the escort units that are responding on the request will be on EMS Channel 3.

G. Should any of the escort vehicles receive rocks, bottles, etc., escort communications should occur and the response should be terminated. The lead law enforcement unit may also terminate the response if information becomes available via law enforcement sources that would warrant such a change.

8. DECONTAMINATION

During crowd control situations, law enforcement may utilize one or all of the following lacrimating agents CS, CN, or Pepper gas. All patients contaminated with these agents require the use of protective equipment by the EMS staff. (See OPCON 2)

A. CS and CN (tear gas)

1) CS and CN are used as a multi-person crowd deterrent designed to disperse crowds in extreme situations. All patients transported that are contaminated with CS, CN, or pepper gas require E.D. notification of the situation prior to patient delivery.

2) Patients contaminated with CS or CII will require total body wash down prior to transport in most cases. During critical patient situation or incident critical situations, the Paramedic may choose to disrobe the patient quickly or wrap the patient in a blanket in order to expedite transport and prevent cross contamination. Decontamination could take place later in a safe location or at the hospital if necessary. If a patient is to be transported by EMS that has not been decontaminated of CS or CII, gloves, gas masks, and tyvek suits must be utilized to protect staff and prevent cross contamination.

3) LCEMS staff must be careful not to cross contaminate themselves by

touching their face or hair with contaminated gloves.

4) If the patient's medical condition is not life threatening, the Paramedic may opt to remove the patient and rescuers from danger and decontaminate in a safe area prior to completing the transport to the hospital.

B. Pepper Gas

1) Pepper gas is normally utilized in a one-on-one law enforcement suspect incident. It is a lacrimator that is sprayed directly into the face of someone by law enforcement in order to gain control of the situation.

2) Patients contaminated with pepper gas are safe to transport in an EMS unit without utilizing full body decontamination or patient isolation techniques.

3) The patient’s eyes will be burning and should be flushed with water continuously until the discomfort diminishes (usually about 45 minutes after contamination)

4) LCEMS staff must be careful not to contaminate themselves through contact with the patient.

5) If law enforcement is not on scene when EMS is presented with a pepper gas patient, contact should be made with EMS command in order to advise law enforcement of the situation.

6) Notify the destination Emergency Department staff of the patient contamination and condition well ahead of delivery.

IV. TRANSPORT PROCEDURES

A. During escort responses the patient is to be removed from the scene ASAP with minimal care and treatment. Further intensive care can be performed after the LCEMS unit is in a safe area.

B. Maintain radio contact with the escort leader and LCEMS command.

C. Provide patient status reports to the Emergency Departments as soon as is possible, particularly in contaminated patient situations. Make radio contact with both Emergency Departments in a normal manner.

EMERGENCY MEDICAL SERVICE FUNCTIONAL ANNEX

HURRICANES/TORNADOES/SEVERE WEATHER

ALSO, SEE COLD WEATHER/SNOW AND ICE ANNEX

1. Based on information received from;

- National Weather Service
- Florida State Disaster Preparedness
- News media (television and radio)
- Division of Emergency Management, 488-5921

EMS dispatch will notify the following personnel should a hurricane/tornadoes/severe weather event threaten Tallahassee/Leon County.

- On duty Shift Supervisor
- All on duty LCEMS personnel
- Department Chief
- Deputy Chiefs
- Majors
- Captains

The Hazard

Nature of the Hazard

The term "hurricane" describes a severe tropical cyclone and sustained winds of 74 miles per hour (mph) or greater that occurs along the Gulf or East Coasts, in the Caribbean, or in the Pacific along the west coasts of Mexico and California or near Hawaii. Tropical cyclones rotate counterclockwise in the Northern Hemisphere, and in other areas of the world will have different names (e.g., typhoon). Tropical cyclones are classified as follows:

_ **Tropical Depression**- An organized system of persistent clouds and thunderstorms with a closed low-level circulation and maximum sustained winds of 38 mph (33 knots) or less.

_ **Tropical Storm**- An organized system of strong thunderstorms with a well defined circulation and maximum sustained winds of 39 to 73 mph (34-63 knots).

_ **Hurricane**- An intense tropical weather system with a well defined circulation and sustained winds of 74 mph (64 knots) or higher. In the western North Pacific, hurricanes are called typhoons, and similar storms in the Indian Ocean are called cyclones. The hurricane season runs from the first of June until the end of November. Yet hurricanes have occurred in every month of the year.

Hazard Agents

The primary hazard agents associated with a hurricane are the high, sustained winds; flooding from storm surge or heavy rains; battering from heavy waves; and a variety of secondary hazards:

_ **High Winds**- The high winds impose significant loads on structures, both direct wind pressure and drag, and tend to propel loose objects at high velocity.
_ **Flooding**- The hurricane can cause many different types of flooding. Along the coast the flooding may occur from storm surge, wind-driven water in estuaries and rivers, or torrential rain. The flooding can be still water flooding or velocity flooding caused by wave action associated with wind-driven water along the coast. The rainfall associated with a hurricane is on the order of 6 to 12 inches, with higher levels common. The rain may precede landfall by hours and may persist for many hours after landfall, causing severe flooding.
_ **Heavy Waves**- The storm may generate waves up to 25 feet high. These can batter the coastline, causing devastating damage to the shoreline itself and to structures near the shore. The velocity of the water moving back and forth undermines the foundations of buildings and piers by removing the soil from around them. Debris driven inland by the waves can cause severe structural damage; persons exposed to the moving water and debris are likely to receive severe injuries.
_ **Secondary Hazards**- Hurricanes can also cause numerous secondary hazards. Tornadoes and electric power outages are common. Contamination of water supplies, flooding of sewage treatment facilities, and even levee failure may occur.

Force of Hurricanes
